1. Call to Order / Roll Call

Governor: Good morning ladies and gentlemen, I will call the Board of Examiners Meeting to order. Madam Secretary, can you hear us loud and clear in Las Vegas?

Secretary of State: Yes I can, Governor. Thank you.

Governor: Thank you.

2. Public Comment (No action may be taken upon a matter raised under public comment period unless the matter itself has been specifically included on an agenda as an action item)

Governor: We will proceed with agenda item number 2, Public Comment. Is there any member of the public present in Carson City that would like to provide public comment to the Board? I hear and see no one. Is there anyone present in Las Vegas that would like to provide public comment to the Board?

Secretary of State: No, Governor. There is nobody here that would like to provide public comment.

Governor: All right, thank you. Before we leave public comment, I have a public comment. It is a little bitter sweet but today is Jim Wells last day presiding over the Board of Examiners Meeting. Mr. Wells has served the State with great distinction for many, many years. If all of you would please bear with me, I have a copy of a proclamation that is going to be presented to Mr. Wells. I guess it is going to kind of spoil the surprise but July 13th is James Wells Day in the Great State of Nevada.

<http://gov.nv.gov/News-and-Media/Proclamations/2018NEW/A-Day-in-Honor-of-James-R-Wells/>

Governor: I have had the privilege of working with Jim for several years now and there is not any piece of the budget that he is not aware of. I know that all the advice that I get from him is spot on, with regard to the budget. Preparing a budget is a big challenge and Jim is ready — as some of you can probably appreciate, particularly those of you on the cabinet to let you know exactly where you stand. He always has Nevada's best interests in mind.

Jim, I am really going to miss you. The State is going to miss you and you should be incredibly proud of what you have done and what you have accomplished on behalf of the people of the State of Nevada. So, thank you.

Secretary of State: Governor thank you very much for what you have done, the proclamation and everything for Jim Wells. Just on behalf of the Secretary of State's Office,

we really want to thank Jim as well. He has been outstanding to work with. He has done a yeoman's job. I cannot imagine anybody working on the budget as hard and as efficient as he did. I would like to personally thank him and thank you Governor for what you read. We really are going to miss you Jim but we wish you the best and we are happy about July 13th being your day.

Attorney General: Jim, I just want to thank you as well on behalf of our office. We have worked on thousands of things together over the last few years. You have been a great partner. Congratulations and I hope you enjoy your retirement.

Clerk: Thank you, Governor and Members of the Board; this has truly been the honor of my career to serve you and the citizens of the State in this capacity. I certainly come to work every day with the citizen's best interests in mind and appreciate everything you have done in leading the State through what has been a very difficult economic time.

Governor: Thank you, Director Wells.

3. Approval of the June 19, 2018 Minutes (For possible action)

Governor: We will move on to agenda item number 3, which is approval of the June 19, 2018 meeting. Have the Members had an opportunity to review the minutes and are there any changes? If not, the Chair will accept a motion for approval.

Attorney General: Move to approve.

Governor: Attorney General has moved for approval, is there a second?

Secretary of State: I second.

Governor: Seconded by the Secretary of State. Any questions or discussion? I hear none. That motion passes 3-0.

4. Discussion and Possible Adoption of Proposed Regulation as Identified in LCB File No. R034 – 18 (For possible action)

Pursuant to NRS 223B.060, the Board will review the proposed regulation, which is identified in LCB File No. R034 – 18 and approved by the Legislative Counsel, before possibly adopting the proposed regulation. The proposed regulation defines and clarifies the sample procedures and post – audit techniques that the Board will utilize in determining the correctness of claims for payment from the State Treasury.

Governor: We will move to agenda item number 4, which is Discussion and Possible Adoption of Proposed Regulation as Identified in LCB File No. R034-18. Director Wells, did you want to lay down an introduction please?

Clerk: Thank you Governor. NRS 353.090, Subsection 1 was amended by Assembly Bill 216 in 2003 to require the Board of Examiners adopt regulations providing for the use of sampling procedures and post-audit techniques for the determination of the correctness of claims for payments from the State Treasury pursuant to either an appropriation or authorization by the Legislature. Prior to the implementation of that bill, the adoption of regulations was permissive but not required. We happened to run across the requirement when we were updating one of the chapters in the State Administrative Manual. So, we have been working to update them—to create the Reg and do the workshops.

Internal Audit Administrator Weinberger and Ms. Hoover will be available to answer any questions Board Members may have.

Governor: All right, thank you Mr. Wells. I will open the Hearing on this Matter. Mr. Weinberger, good morning.

Steve Weinberger: Good morning.

Governor: Please proceed.

Steve Weinberger: Thank you sir. The compliance review section of our Division is responsible for reviewing claims against the State or expenditures. The Section consists of two Auditor III's; Maria Moreno and Hilary Reynolds. They are supervised by Executive Branch Auditor III, Lori Hoover. Maria and Hilary perform compliance reviews of Executive Branch Agencies during which they review agency fiscal procedures for compliance with state and federal guidelines and proper internal controls.

They also review Agency expenditures pursuant to NRS 353.090, by reviewing expenditure entries in the state's accounting system. They select expenditures to review based on our experience, have the most potential for unallowable purchases, miscoding, services purchased without a contract, late fees and possible fraud. Also, if we know potential issues from prior reviews, our fraud hotline, other audits or our review of Agency procedures, we ensure we select expenditures that may be exceptions as a result of those issues. Selecting expenditures in this judgmental manner is more efficient than using a statistical sample, as the transactions, we select to have more potential for an exception.

With that, I am happy to answer any questions.

Governor: Thank you, Mr. Weinberger. I have no questions. Board Members, any questions on this matter?

Secretary of State: No, Governor.

Governor: All right. Pursuant to the Notice of Intent to Act Upon a Regulation, persons wishing to comment upon the proposed action of the Governor's Office, Finance Office, Internal Audits Division, may appear at the scheduled public hearing or may address their comments, state their view or arguments in written form to Steve Weinberger. Is there

anyone present that wish to comment on this matter in Carson City? I hear and see no one. Is there anyone present in Las Vegas that wishes to comment on this matter?

Secretary of State: No Governor, there is nobody here.

Governor: Thank you Madam Secretary. And, Mr. Weinberger, did you receive any comments?

Steve Weinberger: We held a workshop but there were no public comments.

Governor: Thank you. So, if there are no public comments, Mr. Weinberger, any other remarks that you wanted to make for the record?

Steve Weinberger: No sir.

Governor: All right. If there are no further questions or comments, the Chair will accept a motion to approve LCB File No. R034-18, which is an amendment to Chapter 353 of the NAC.

Attorney General: Move to approve.

Governor: Attorney General has moved for approval, is there a second?

Secretary of State: I will second it, Governor.

Governor: Thank you, Madam Secretary has seconded the motion. Any questions or discussion? I hear none. That motion passes 3-0. I will close the Hearing on this matter. Thank you.

Steve Weinberger: I also would like to thank Director Wells. He has shown great leadership and I can honestly say, working for him, I have learned so much more about the State and I had already been working for the State for 25 years before he took over as Director. So, again, I would like to thank Director Wells for everything he has done for our Division.

Governor: Thank you, Mr. Weinberger.

Governor: We will move on to agenda item number 7, Request for the Allocation and Disbursement of Funds for Salary Adjustments. Director Wells.

Clerk: Thank you Governor. Sections 4, 5, 6 and 7 of Assembly Bill 517 and Sections 2, 3, 4 and 5 of Senate Bill 368 from the 2017 Legislative Session appropriated Salary Adjustment funds to the Board of Examiners to cover vacancy salary savings which are built into agency budgets as well as the 3% cost of living adjustments which were effective on July 1, 2017 which were not included in agency salary budgets.

An agency whose actual salaries exceed their budgeted amount due to the vacancy savings or the cost of living adjustments are allowed to request salary adjustment dollars from the Board of Examiners. This item represents access to those funds by:

The Department of Conservation and Natural Resources to cover the cost of the Cost of Living Adjustment (COLA) in the amount of \$10,718 in General Funds;

Various institutions and accounts within the Department of Corrections to cover vacancy savings and the cost of the COLAs in the amount of \$4,290,757 in General Funds; and

Nevada State College and the University of Nevada, Reno (UNR) School of Medicine within the Nevada System of Higher Education to cover vacancy savings and the cost of the COLAs in the amount of \$687,997 in Higher Education General Funds.

There are representatives available to answer any questions.

Governor: Thank you, Director Wells. I have no questions. Board Members, any questions with regard to agenda item number 7? If there are none, the Chair will accept a motion for approval.

Attorney General: Move to approve.

Governor: The Attorney General has moved to approve the request for the allocation and disbursement of funds for salary adjustments as presented in agenda item number 7. Is there a second?

Secretary of State: I will second it, Governor.

Governor: The Secretary of State has seconded the motion, any questions or discussion? I hear none. That motion passes 3-0.

8. Request for Approval to Join or Use Other Government's Contract
(For possible action)

Governor's Office of Economic Development

Pursuant to NRS 332.195 the agency requests approval to enter into a Joinder Contract to utilize the City of Henderson's contract with the Abbi Agency to provide a marketing plan.

Governor: Director Wells, my understanding is that agenda item number 8 has been withdrawn?

Clerk: That is correct, Governor. Item 8 needs to be withdrawn.

Governor: All right. So, agenda item 8 is withdrawn.

9. Approval of Proposed State Administrative Manual Changes
(For possible action)

Additions, revision and deletions to the following chapters of the State Administrative Manual (SAM) are hereby submitted to the Board of Examiners for approval, pursuant to NRS 353.040:

3000 – Grant Requirements

Governor: We will move to agenda item number 9, Approval of Proposed State Administrative Manual Changes, Director Wells.

Clerk: Thank you Governor. Item 9 seeks approval to revise Chapter 3000 of the State Administrative Manual regarding Grants. This chapter has been revised to clean up and/or clarify certain language; to remove duplicative language already included in statute, regulation or other source documents, like the new grants manual; to remove language which is no longer applicable and to consolidate certain sections. The revised chapter attempts to address grants in three phases: the pre-award phase, a post-award phase and a grant closeout phase. Ms. Lucido from the Grants Office is available to answer any questions that the Board Members may have.

Governor: Thank you, Director Wells. Pretty straightforward in my mind. Any questions from Board Members? If there are none, the Chair will accept a motion to approve agenda item number 9.

Attorney General: Move to approve.

Governor: The Attorney General has moved for the approval of the proposed State Administrative Manual changes as presented in agenda item number 9. Is there a second?

Secretary of State: I will second it, Governor.

Governor: Seconded by the Secretary of State. Are there any questions or discussion on the motion? I hear none. That motion passes 3-0.

10. Approval of Proposed Leases (For possible action)

Governor: On to agenda item number 10, Approval of Proposed Leases. Director Wells.

Clerk: Thank you, Governor. There are six leases in agenda item 10 for approval by the Board this morning. Leases 3 and 4 are related. There is a transposition in the amount for lease number 4 which should read \$1,026,444, not \$1,206,444. There is also an amendment to this proposed lease which was received subsequent to the posting of the agenda to include an additional 259 square feet and a revised total cost of \$1,044,222. This lease has not yet been approved by the City of North Las Vegas and is contingent upon such approval. No additional information has been requested by any of the members.

Governor: Thank you, Director Wells. I have no questions. Board Members, any questions with regard to agenda item number 10? If there are none, the Chair will accept a motion to approve with the amendments described by Director Wells in lease number 4.

Attorney General: Governor, can we have the Department of Administration come up to discuss items 3 and 4? I just wanted to take the opportunity to get an update. Obviously, the Secretary of State's Office and our Office have had ongoing issues with the Grant Sawyer Building. I certainly plan on supporting the Secretary of State's plan to find temporary workspace and I would just like an update on where we are with our Office.

Leanne Lima: For the record, Leanne Lima, Public Works Division, Leasing Section. Under direction from the prior Interim Administrator, we were looking for between 10,000 to 50,000 square feet of the potential leased facility. I believe that the Department of Health and Human Services has provided 10,000 square feet for those that are going to be most affected by the construction.

Patrick Cates: For the record, Patrick Cates. We had a meeting with your staff, I think it was two weeks ago and found some space, temporarily, to house your staff with the Department of Health and Human Services. I believe that is progressing forward. I believe your staff is going to go back and look at costs associated with the move, being able to support the IT infrastructure. I have not followed up with Mr. Trutanich but I believe that it is progressing.

Attorney General: Well, I just want to take the opportunity to thank you guys. We have been talking about this for a few months and I appreciate you all making it a priority and

understanding how important it is for this section of our employees, to be able to have a safe work environment. I really appreciate finding a good accommodation to allow our employees to be able to work in a safe environment and something that won't cost a tremendous amount of money. Thank you very much for working with us. We look forward to sorting out the final details in the coming weeks ahead.

Patrick Cates: Very good, thank you.

Governor: Mr. Cates, I want to make sure it is clear on the record with regard to Lease 4, it is not a temporary lease, it is a three-year lease, is that correct, Director Cates?

Patrick Cates: For the record, Patrick Cates. That is correct. The situation for Secretary of State is different; it is a three-year lease to move all of their offices to the City of North Las Vegas.

Governor: What is going to happen with that space that the Secretary of State is vacating?

Patrick Cates: So, we are evaluating options for that currently. We do plan on coming forward at the August Interim Finance Committee to start a project to plan the next set of projects in that building. Depending on what the scope of that is, it may be prudent to leave that space vacant as we stage work in that building. Otherwise, we have multiple agencies interested in occupying that space. We are trying to evaluate that right now. We could fill it easily if we needed to but it would all depend. I would hate to move somebody in there and then turn around and start having to move people out because of work that we are going to do in the next biennium.

Governor: Understood, thank you.

Patrick Cates: Thank you.

Governor: Board Members, any other questions with regard to agenda item number 10? If there are none, the Chair will accept a motion for approval of leases 1-6.

Attorney General: Move to approve.

Governor: The Attorney General has moved for approval. Is there a second?

Secretary of State: I will second it, Governor.

Governor: Seconded by the Secretary of State. Any questions or discussions on the motion? I hear none. That motion passes 3-0.

11. [Approval of Proposed Contracts](#) (For possible action)

Governor: We will move on to agenda item number 11, Contracts. Director Wells.

Clerk: Thank you Governor. There are 19 contracts in agenda item 11 for approval by the Board this morning. Contract # 1 relates to agenda item 6B. Members requested additional information on the following: Contract #3 between the Department of Administration, State Public Works and Black Eagle Consulting. Contract #5 between the Department of Administration, State Public Works Division and Core Construction Services. Contract #8 between the Department of Administration, State Public Works Division and Punch, LLC.

Governor: All right. Thank you, Director Wells. If there is a representative with regard to Contracts 3 and 5, present? I am the one who asked to have these held because it's good news. I mean, this is the construction of the new Engineering Building at the University of Nevada, Reno. I wanted to get an update on the progress. Please proceed, good morning.

Bruce Nipp: Bruce Nipp, Interim Deputy Administrator for State Public Works, for the record.

Jeff Current: Jeff Current, Project Manager, State Public Works.

Governor: It seems like the progress is moving forward. It is an exciting development up at the University. Just want to make sure that we are on schedule.

Bruce Nipp: Yes, we are very much on schedule, thanks to some assistance in getting it on the agenda for today's meeting. The project is actually going to begin construction in about six days. The schedule was very aggressive in order to be able to get some of the site work completed during the summer session. The pricing is all in place and the project is ready to commence if it is approved today.

Governor: Do you have a general idea of what the construction window is?

Bruce Nipp: So, the construction will commence on July 16th based on your approval today and will be completed on June 25, 2020.

Governor: All right, that is good news. It seems like a long time.

Bruce Nipp: It is a very complicated site. Very condensed and difficult to access on the property. There was a lot of site work that needed to be handled to make it possible to build the building.

Governor: And, all in, will you remind what the cost of the building is?

Jeff Current: \$78,850,138.

Governor: It is actually less than I thought it was. I thought it was closer to \$100 million. So, this is the complete cost but does not include obviously furniture, fixtures and those types of items? The labs and all those things?

Jeff Current: That is the construction costs.

Governor: Okay. Well again, this is a really important development for the University. It essentially takes it to the next level with regard to what is happening economically and the types of companies that are going around. I toured the current Engineering Building and some of their professors were doing research in the basement with some pretty primitive labs. This really brings the University to the forefront with regard to engineering. The Engineering School is the fastest growing school at the UNR. This is a big day. I appreciate your work. I appreciate your willingness to expedite this and to get it on this agenda because the other thing that was happening was the construction costs were going to go up dramatically because of the increases in the prices of steel, etc. We needed to lock all those things in. So, again, thank you.

Bruce Nipp: To add to your very point, some of the spaces in the building incorporate some very high-end current thinking with regard to technology.

Governor: Fabulous. Board Members, any other questions with regard to Contracts 3 or 5?

Secretary of State: No, Governor.

Attorney General: Thank you.

Governor: Thank you gentlemen. We will move to agenda item number 8. So again, I asked for this agenda item to be held. Many of you may or may not be aware that this has been in the works for some time but there is going to be a new memorial on the Capitol Mall, which is going to memorialize our fallen heroes. The men and women who made the ultimate sacrifice from the State of Nevada. I do not know if you have any of the schematics with regard to it, but it is going to be absolutely beautiful. Just to give you a small glimpse of what it is. The names are all going to be etched in steel on top and when the sun comes through, you are going to be able to see those names on the ground. It is going to be lit spectacularly at night as well. Maybe you can help me with the marble piece that I think is really going to bring it home.

Jeff Current: Absolutely. It is something to behold and it is on schedule to be completed by Veterans Day. The Department of Veterans Services has a ceremony involved and scheduled for that time. The black granite piece that you mentioned, in front of the memorial, will help bring some reflectance, both visually and contemplatively.

Governor: Thank you. I do not think we will ever be done but it has always been my goal to be the most veteran and military friendly state in the country. This is something that the veteran's community has wanted for some time. It is going to be located right across the way from the Library and Archives building. I know they are moving dirt, as we speak. It is a very aggressive schedule because it indeed has to be done by Veterans Day this year. It is going to be something we will all be very proud of. It is going to be a place that our veterans and families of fallen soldiers can come and reflect and it really shows our respect and appreciation for the veteran's community and again, particularly for those gold star families and the individuals who made that ultimate sacrifice. So, again, I appreciate it and

I know I speak for the other Board Members, your attention to this and ensuring that it gets done on time. Thank you.

Board Members, are there any questions or comments with regard to Contract #8? All right, thank you gentlemen. We have exhausted all the contracts that were going to be held or not, so if there are not any more questions, the Chair will accept a motion to approve proposed contracts 1-19 as proposed in agenda item number 11.

Attorney General: Move to approve.

Governor: The Attorney General has moved for approval. Is there a second?

Secretary of State: Second, Governor.

Governor: Seconded by the Secretary of State. Are there any questions or discussion on the motion? I hear none. That motion passes 3-0.

12. [Approval of Work Plan \(For possible action\)](#)

Governor: We will move on to agenda item number 12, Approval of Work Plan. Director Wells.

Clerk: Thank you Governor. There is one work plan for approval by the Board this morning. No additional information was requested by any of the members.

Governor: I have no questions. Board Members any questions on agenda item number 12?

Secretary of State: No, thank you Governor.

Attorney General: Move to approve.

Governor: The Attorney General has moved for the approval of the Work Plan, presented in agenda item number 12, is there a second?

Secretary of State: I will second it, Governor.

Governor: Seconded by the Secretary of State. Are there any questions or discussion on the motion? I hear none. That motion passes 3-0.

13. [Approval of Proposed Master Service Agreements \(For possible action\)](#)

Governor: Agenda item number 13, Approval of Proposed Master Service Agreements. Director Wells.

Clerk: Thank you Governor. There are 125 master service agreements in agenda item 13 for approval by the Board this morning. All but one of these replace existing provider agreements that were explained at the last Board of Examiner's Meeting. MSA number 17 relates to agenda item 6C. We did not get any requests for additional information on these service agreements.

Governor: Thank you, Director Wells. This is the first agenda that contemplates the change in policy that we implemented in the past few months. I think it works extremely well. I have no questions. Board Members, any questions on agenda item number 13?

Secretary of State: No, Governor.

Governor: Is there a motion for approval?

Attorney General: Move to approve.

Governor: Attorney General has moved to approve the proposed Master Service Agreements presented in agenda item number 13. Is there a second?

Secretary of State: I will second it, Governor.

Governor: Seconded by the Secretary of State. Are there any questions or discussion? There are none. That motion passes 3-0. We will move to agenda item number 14 which is an information item, Clerk of the Board Contracts. Director Wells.

14. Information Item – Clerk of the Board Contracts

Per direction from the August 13, 2013 meeting of the Board of Examiners, the Board wished to receive an informational item listing all approvals applicable to the new threshold (\$10,000 - \$49,999). Attached is a list of all applicable approvals for contracts and amendments approved from May 22, 2018 through June 18, 2018.

Clerk: Thank you Governor, there were 46 contracts under the \$50,000 threshold approved by the Clerk between May 22, 2018 and June 18, 2018. This item is informational only, and no additional information has been requested by any of the members.

Governor: Thank you Director Wells. Any questions from Board Members on agenda item 14?

Secretary of State: No, Governor.

15. Public Comment (No action may be taken upon a matter raised under public comment period unless the matter itself has been specifically included on an agenda as an action item)

Governor: We will move to agenda item 15, Public Comment. Is there any public comment from Carson City? I hear and see none. Is there any public comment from Las Vegas?

Secretary of State: No, Governor.

Governor: Thank you, Madam Secretary.

16. Adjournment (For possible action)

Governor: Agenda item 16, is there a motion for adjournment?

Attorney General: Move to adjourn.

Governor: The Attorney General has moved to adjourn, is there a second?

- Replacing the requirement for the program to pay 75% of the billed

amount for ambulance, with payment at “usual and customary” rates.
(page 48)

- Clarification of relocation policy details. (pages 52, 53)
- Setting limits for discretionary, COBRA/Insurance Premium, and home health care payments. (pages 54, 55)

Section One. Introduction

1. Nevada Victims of Crime Program

A. The Nevada Legislature established the Victims of Crime Program “VOCP” in 1969 pursuant to NRS 217.010 to NRS 217.270 to provide compensation to victims of violent crime in Nevada. The VOCP operates under the auspices of the Nevada State Board of Examiners, established pursuant to NRS 353.010.

B. The policy of the State of Nevada is expressed in NRS 217.010. This section provides:

“It is the policy of this State to provide assistance to persons who are victims of violent crimes or the dependents of victims of violent crimes.”

C. VOCP Mission Statement

“It is the mission of the Nevada Victims of Crime Program to provide financial assistance to qualified victims of crime in a timely, cost efficient and compassionate manner.”

2. Scope of Nevada Victims of Crime Program

A. The Nevada VOCP assists victims who suffer injuries from violent crime. The VOCP does not assist with crimes involving property damage; or provide assistance for property loss or damage except as expressly provided for by these policies.

B. NRS 217.035 defines crimes covered by the VOCP as crimes “committed within this state”.

C. NRS 217.102 provides for assistance to Nevada residents injured by crimes outside Nevada. This section provides:

“A resident who is a victim of a crime that occurred in a state other than the State of Nevada may apply to the Board for compensation if:

- 1. The state in which the crime occurred does not have a program for compensating victims of crime for their injuries; or*
- 2. The resident is ineligible to receive compensation under the program of the other state.”*

D. The provisions of NRS 217.102 may be extended to Nevada residents injured while visiting other countries, where the country does not provide assistance to Nevada residents, comparable to the assistance offered by the VOCP for crimes committed in the State of Nevada. The VOCP may assist Nevada residents injured in other states where Nevada provides assistance not offered by the state where they were injured.

Section Two. VOCP Policies

1. General

- A. The Board of Examiners is the governing authority of the Nevada Victims of Crime Program. NRS 217.130 empowers the Board of Examiners to adopt rules and regulations while NRS 217.150 requires the Board of Examiners to formulate standards for the payment of compensation to victims of crime.
- B. When adopted by the Board of Examiners these policies are the rules and regulations of the Nevada Victims of Crime Program and constitute the standards for the determination of the payments of claims to or on behalf of victims of crime.
- C. These policies are intended to assist in interpreting and applying the provisions of NRS 217. They are intended to provide guidance to compensation officers in determining eligibility requirements and in paying the benefits approved by these policies.
- D. These policies are intended to provide guidance to hearings and appeals officers in deciding matters that are properly before them, and to the Board of Examiners in reviewing their decisions.
- E. These policies are intended to assist victims of crime understand the rules and regulations which guide the decisions of the Nevada VOCP and the policies which determine available benefits. They will assist the victim in insuring decisions are made pursuant to these policies.
- F. The VOCP goal is to assist eligible victims of crime and their families cope, and recover from the physical, emotional and financial impact of violent crime. These policies recognize the VOCP does this best by paying for medical and dental care, counseling, lost income, and other approved benefits as quickly as possible: when a victim needs financial support and reassurance the most. These policies encourage a responsible sense of “urgency” in making decisions and providing benefits to qualified victims, and they encourage cooperation and coordination with victim advocates, and others working to assist victims of crime throughout Nevada.

2. VOCP Coordinator

The VOCP Coordinator provides oversight and guidance to the Program Manager and is responsible for monitoring his or her adherence to these policies. The Program Manager provides oversight and guidance to the Compensation Officers, and is responsible for monitoring adherence to these policies.

3. Effective Date of Changes

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

- A. The benefits levels set forth in these policies for wage loss reimbursement, funeral expenses, mental health counseling, and all other benefits, are subject to change at any time by the Board of Examiners.
- B. Unless otherwise required by law, a substantive change to eligibility requirements will be effective for applications approved on or after the effective date of the change.
- C. Except as otherwise provided by the Board of Examiners or these policies, any increase or decrease in claim limits will be applied to all claims effective at the time the change is adopted.
- D. An effective date or date of limitation included in the express provisions of a section will apply if there is any conflict with this section.
- E. Individual exceptions to claim or benefit levels may be approved by the VOCP coordinator if necessary to avoid undue hardship to a victim or when the application of a change would violate a commitment of the VOCP to the victim, a service provider, or other person. Exceptions granted by the VOCP coordinator shall be documented in the claim.
- F. Authorizations for benefits or other payments given by the VOCP staff may be withdrawn if given by mistake; if based on misinformation provided by any person; or if given in violation of these policies.

4. Anti-Discrimination Policy

- A. The VOCP will not discriminate on the basis of race, color, religion (creed), gender, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its activities or operations. These activities include, but are not limited to, determining an individual's eligibility for VOCP benefits, hiring and firing of staff, selection of volunteers, selection or treatment of vendors, and provision of services to, and dealings with, the public.

5. Americans with Disabilities Statement

- A. VOCP will take all reasonable measures to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently due to the absence of auxiliary aids and services identified in the Americans with Disabilities Act.
- B. If special needs accommodations are necessary in order for any individual to obtain services from the VOCP, advance notice should be provided to the VOCP staff.

6. Language Interpreters and Hearing Interpreters

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

The VOCP recognizes that communication in the face of language barriers can be difficult and frustrating. The VOCP will provide access to a language interpretation service upon request to persons who may be in need of hearing or language interpretation services.

- A. The VOCP will make reasonable efforts to insure its application and other critical documents or forms are available in Spanish translation.

7. VOCP is the Payer of Last Resort

- A. The VOCP is the “payer of last resort.” This means that all existing resources a victim has must be utilized before the VOCP can pay any expenses. Existing resources include, but are not limited to, insurance, workers’ compensation, or civil suit settlements.
- B. These policies adopt, by reference, federal guidelines that require federal assistance programs such as Medicaid, Veterans Administration, Indian Health Services, or Social Security, pay before VOCP pays. If VOCP pays and such benefits become available, the VOCP is entitled to be reimbursed pursuant to its subrogation lien or other provisions of law or these policies.
- C. Since the VOCP may pay approved victim claims immediately after an application is approved, resources may become available that were not available when benefits were paid to, or on behalf of the victim. In cases where a third party is determined responsible for paying for applicants’ injuries, after the VOCP has paid applicant claims, then the VOCP is entitled to reimbursement pursuant to its subrogation lien. If the applicant recovers from civil suit settlements, lump sum retroactive payments from social security, or other recoveries, the VOCP must be reimbursed.

The VOCP may reimburse another agency, program or other service provider for expenses paid by their organization on behalf of an approved victim, provided the organization requests and obtains written preauthorization from the VOCP coordinator.

8. VOCP is Not an Entitlement Program

- A. VOCP benefits available under these policies are paid on behalf of approved applicants, subject to restrictions that may be imposed as the Board of Examiners may determine, or as available funding may require. No legal rights to payment are conferred on an applicant when their application is approved by the VOCP other than those provided by NRS 217 or these policies.
- B. An applicant who incurs medical or other expenses related to the crime is legally responsible for those financial obligations regardless of whether those debts were incurred before or after acceptance by the VOCP. Neither the VOCP, nor the State of Nevada, is ever legally responsible for any of the bills or expenses incurred by an applicant at any time. If the application is approved by the VOCP, the applicant is still legally responsible for those financial obligations unless, and until they are paid or the applicant is otherwise relieved of legal responsibility.

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

- C. Approval of an application confers no right to any payments by the VOCP. Claim approval or the approval of any benefit may be revoked or withdrawn by the VOCP at any time, where the VOCP determines that the approval was made in error or for other cause consistent with these policies. Any such revocation or withdrawal may be appealed.
- D. Decisions denying benefits are appealable for the purposes of ensuring the appealable decisions of the VOCP were correctly made pursuant to the provisions of NRS 217 and these policies, not to establish a right to, or property interest in any benefit offered by the VOCP.
- E. Previous approvals or other decisions of the VOCP do not establish precedent, or require consideration in other cases or matters. Decisions of the VOCP are appealable through the administrative appeals process and to the Board of Examiners, only when appeal rights are provided with the decision, or as otherwise required by these policies or law.
- F. The Board of Examiners is the final appeal in all VOCP matters. Decisions of the Board of Examiners are final and cannot be appealed to the District Court or State Supreme Court. This is provided for in NRS 217.117 (4) which states:

“The decision of the Board is final and not subject to judicial review.”

9. Payments to Victims Not Reportable as Taxable Income

- A. IRS Revenue Ruling 74-74 states awards made by the Crime Victims Compensation Board to victims of crime or to their surviving spouses or dependents are not includable in the gross income of the recipient. Therefore, the VOCP will not issue 1099-MISC forms on direct payments made to the victim, applicant or their dependents, such as lost wages and survivor benefits.
- B. If a victim receives reimbursement for medical expenses that they had deducted in a prior year, they should advise their tax preparer of the amount received, and report the amount received as required by Income Tax Regulations relating to reimbursements for expenses paid in prior years. No tax form will be issued by the VOCP regarding reimbursement payments made to the victim, applicant or their dependents.

10. Service of Documents at Last Known Address Sufficient

- A. It is the responsibility of the applicant to notify the VOCP of any change of address. Any notice or determination or other correspondence mailed to the applicant at the address on file with the VOCP is deemed received by the applicant no later than 3 days after the date mailed by the VOCP.
- B. If service of documents or receipt by the applicant of any VOCP document is an issue on appeal the applicant will have the burden of establishing lack of notice or delivery.

Adopted August 14, 2018

11. Conflicts

- A. Employees, contractors, and vendors of the VOCP will avoid all conflicts or appearances of conflicts in matters relating to VOCP business or its affairs.
- B. Employees, contractors, and vendors will not handle documents or files, make or influence decisions of family members, friends, or associates.
- C. Employees, contractors, and vendors will disclose to the VOCP coordinator any conflicts involving applicants or claims of family members, friends, or associates to the VOCP coordinator.

12. Confidentiality

- A. NRS 217.105 provides that all victim information maintained by the VOCP is confidential and will not be made public unless otherwise provided by law or court order.
- B. The VOCP necessarily releases or discloses certain information in the execution of its responsibilities in investigating and administering the claim. For example, the VOCP will provide certain information about the applicant to police agencies, medical providers, counselors, VOCP contractors or vendors, victim advocates or attorneys, in order to request reports or other information necessary to investigate, administer, or pay claims.
- C. The VOCP may release or disclose information to auditors or investigators or others with an official need for information related to their legal duties.
- D. The VOCP may release or disclose information to employees of the Director of the Department of Administration's office, Governor's Finance Office, treasurer's office, VOCP contractors or other agencies as necessary to pay claims or otherwise administer a claim.
- E. The VOCP may release or disclose information to the Hearing or Appeals Officers or the Board of Examiners when a matter is appealed.
- F. Confidential information may become public as a consequence of an appeal to the Board of Examiners, which conducts its meetings, and hearings open to the public.
- G. The VOCP may be required to provide or disclose information in response to a complaint by the applicant or in order to respond to an inquiry generated by the applicant.

Section Three. VOCP Standards for Determining Compensation

1. General

- A. NRS 217.150 requires the Board of Examiners to formulate standards for determining the amount “of any compensation payable” to an approved applicant. This section states:

“The Board shall, so far as practicable, formulate standards for the uniform application of NRS 217.010 to NRS 217.270, inclusive, by the compensation officers in the determination of the amount of any compensation payable pursuant to NRS 217.010 to NRS 217.270, inclusive. The standards must take into consideration rates and amounts of compensation payable for injuries and death under other laws of this state and of the United States.”

- B. These policies formulate the standards for the uniform application of NRS 217.010 to NRS 217.270 in the determination of compensation to be paid by the VOCP.
- C. “Compensation payable to an approved applicant” as required by NRS 217.150 will consist of only those claims approved for payment by the VOCP pursuant to these policies.
- D. A claim submitted for payment by the victim or provider is an “approved claim” when all of the following occurs:
- 1) Receipt of the claim by VOCP, with all required supporting documentation; and
 - 2) Verification that the claim is the responsibility of the applicant; and
 - 3) Verification that the claim is crime related; and
 - 4) Confirmation that the claim is for an approved benefit; and
 - 5) Review and application of appropriate fee schedule or other approved rate; and
 - 6) Approval by the compensation officer; and
 - 7) Approval by the Program Manager; and
 - 8) Approval by the Administrative Services Division of the Department of Administration.
- E. New incidents, or injuries suffered during a pending claim, with the same perpetrator, will be consolidated and included under any existing open or approved claim. The compensation officer may approve medical treatment for additional injuries under the existing claim.
- F. An applicant may not accumulate additional benefits by filing additional or duplicate applications, where there are multiple incidents or ongoing claims with the same perpetrator. The compensation officer may, however, consider additional costs as a result of further or additional injuries while an approved claim is open. This is not to be construed to say that any program or benefit limits will be exceeded.

Nevada Victims of Crime Program Policies

- G. Additional or subsequent claims will not be denied because the applicant filed prior claims, regardless if those claims were accepted or denied, when such filings are in good faith and not to obtain unwarranted benefits or payments.

2. Estimating Revenue and Expenses

- A. NRS 217.260 (1) requires the Board of Examiners to estimate its revenue and anticipated expenses on a quarterly basis, categorize claims, and pay claims in order of highest priority. This section states, in pertinent part:

*“(a) Claims be categorized as to their priority; and
(b) Claims categorized as the highest priority be paid, in whole or in part, before other claims.”*

- B. These policies establish priorities for the payment of claims so that approved expenses do not exceed available revenues in any fiscal year quarter. When claims are paid pursuant to these policies expenses will not exceed revenues budgeted for the payment of claims.
- C. The application of cost containment measures, including fee schedules and claim and benefit caps are intended to maintain claim costs

3. Claim Payment Priorities

- A. In order to effectuate the provisions of the applicable statutes, and the standards and criteria stated in these policies, the VOCP will pay approved claims according to the priorities established in this section. Claims will be categorized and paid by priority as follows:

B. Priority One Claims

- 1) Priority one claims will be paid before all other existing or known claims are paid and consist of bills for medical treatment or services provided to the applicant that were pre-approved by the compensation officer, after the claim has been approved by the VOCP. Such claims may include expenses such as: surgery to remove bullets, reparative cosmetic or dental care, prosthetic devices, or equipment such as wheelchairs.
- 2) Priority one claims will be paid upon receipt of appropriate billing documentation from the provider or vendor. Priority one claims will be paid at the rate pre-approved by the compensation officer or pursuant to VOCP fee schedules or these policies.

C. Priority Two Claims

- 1) Priority two claims will be paid after existing or known priority one claims, and consist of bills for services or for benefits provided to the applicant after the application has been approved by the VOCP. These claims consist of expenses such as mental health

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

counseling, lost wage reimbursement, prescription medication, relocation costs and medical expenses incurred after claim approval.

- 2) Priority two claims will be paid upon receipt of appropriate billing documentation by the provider. Priority two claims will be paid at the fee schedule rate or the rates set forth by these policies.

D. Priority Three Claims

- 1) Priority three claims will be paid after existing, known, or anticipated priority one and priority two claims and will consist of bills or claims incurred by the applicant prior to claim acceptance by the VOCP. Such claims include hospital emergency room bills, ambulance charges and other medical or service charges incurred prior to claim acceptance by the VOCP.
- 2) Priority three claims may be paid after funds are reserved, but not yet paid, for known or anticipated priority one or priority two claims.
- 3) Priority three claims will be paid at the end of each fiscal year quarter as follows:
 - a) When adequate funds are available pursuant to VOCP funding and budgeting priorities, priority three approved claims will be paid at 100% of the approved amount.
 - b) When budgeted and available funding for the fiscal year quarter is insufficient to pay approved priority three claims at 100% of the approved amount, then all approved priority three claims will be paid a pro-rata share of funds available for that fiscal year quarter.

- E. A claim may be paid at any time, as determined by the VOCP regardless of its priority status. Designation of a priority status lower than another does not mean it will be paid after a claim designated with a higher priority status.

4. Financial Analysis and Counseling

- A. In order to provide the maximum financial benefit within the limits set forth in these policies, the VOCP, or its contractor, will review and analyze all victims resources including insurance, public assistance or other available benefits, and crime related debts and obligations to determine what VOCP resources will provide the most effective assistance. An analysis of all existing crime related financial impact including anticipated future financial impact will be conducted to insure resources are utilized efficiently and in the interest of the victim's maximum recovery from the financial impacts of the crime.

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

- B. The VOCP contractor will analyze and restructure the crime related medical debts incurred by the victim by reviewing all medical bills and recommending payments that should be acceptable to medical providers based on workers' compensation standards, VOCP policies, known acceptable rates for service or usual and customary standards.

5. Fee Schedules

- A. These policies recognize that VOCP revenues will not always be sufficient to pay all approved claims at the approved amount, and that priorities for the payment of benefits are necessary to ensure the fair treatment of applicants and providers or vendors.
- B. These policies establish the principle that the VOCP will endeavor to provide assistance to victims in a manner that will assist them recover from injuries and trauma first; and then assist them with financial relief from crime related debt, incurred by the victim prior to claim acceptance by the VOCP.
- C. The VOCP will negotiate or compromise claims in a manner that will provide the greatest debt relief to a victim at the least cost to the VOCP.
- D. When determining the validity of medical or other provider claims, the VOCP will consider the fee schedules adopted by the State of Nevada for payment of workers compensation claims, or other insurance industry fee schedules accepted by the provider, whichever provides the greatest discount for the VOCP.
- E. The VOCP may utilize the fee schedule recommended payment or may pay a larger or smaller amount than the recommended fee schedule amount when circumstances of a particular claim may require,
- F. Where medical fee schedules are not available for a particular claim or service the VOCP will consider the usual and customary charges for such services.
- G. When pre-approving medical treatment or other services the VOCP may adjust such fees as approved by the VOCP coordinator.

Section Four. Responsibilities of Applicant

1. General

- A. When applying to the VOCP, the burden of proof for determining eligibility lies solely on the applicant. The applicant must provide clear evidence of eligibility for any and all benefits provided by the VOCP. It is not the responsibility of the VOCP to obtain documentation to substantiate claims and statements made by the applicant.

Nevada Victims of Crime Program Policies

- B. The applicant is responsible for obtaining and submitting all bills, receipts and other documents required by the VOCP to evidence eligibility for payment of expenses submitted for payment.
- C. If the applicant is unable to obtain reports, bills or other documents the applicant must advise the VOCP and provide information sufficient to identify the creditor, agency or provider so the VOCP can assist the applicant in obtaining the reports, bills or other documents or information.
- D. All notices, letters or other correspondence, and direct payments to applicants will be mailed to the applicant's current address on file with the VOCP. No payments may be picked up at the VOCP offices or its contractors, or vendor's offices without Program Manager approval.
- E. The applicant must inform the VOCP of any change of address. All notices and other correspondence directed to the applicant, that may require action by the applicant, will be mailed to the address on file with the VOCP. Failure to respond to a deadline stated in a determination or other correspondence will not be excused where the failure to respond is caused, in whole or in part, by applicants' failure to report address changes to the VOCP.

2. Continuing Obligations:

- A. An applicant shall have a continuing obligation to:
 - 1) provide the VOCP with current information relating to the claim;
 - 2) cooperate with the VOCP in the investigation of the claim including responding promptly to all requests for further information;
 - 3) notify the VOCP of any change in address;
 - 4) provide information to the VOCP about any civil action anticipated or filed in connection with the crime;
 - 5) exhaust all other sources of payment or reimbursement for compensable expenses, and promptly notify the VOCP of any order for payment or eligibility for payment from any other source.

3. Filing Timely Police Report

- A. To qualify for VOCP benefits an applicant must establish that a police report was filed within 5 days of the crime or within 5 days of the time when a report could reasonably have been made. NRS 217.210 (1) provides:

"Except as otherwise provided in subsection 2, an order for the payment of compensation must not be made unless the application is made within 1 year after the date of the personal injury or death on which the claim is based, unless waived by the Board of Examiners or a person designated by the Board for good cause shown, and the personal injury or death was the result of an incident or offense that was reported to the police within 5 days of its occurrence or, if the incident or offense could not reasonably

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

have been reported within that period, within 5 days of the time when a report could reasonably have been made."

- B. The VOCP coordinator is authorized, and designated by the Board of Examiners to approve a waiver of the late filed police report when requested by the applicant or the compensation officer. In determining reasonableness of delays in reporting the crime to law enforcement, the compensation officer may consider the following factors:
- 1) Mental or physical impairment of the victim, or
 - 2) Coma or memory loss, or
 - 3) Absence from the state following the crime for reasons of personal safety, or
 - 4) The victim failed to comprehend or realize they were a victim of a crime, or
 - 5) Justifiable fear for victims' safety, or the safety of family members, or
 - 6) Justifiable fear of violent retaliation, or
 - 7) Credible threat of family disruption or displacement.

4. Cooperation with Law Enforcement

- A. Victims are required to provide reasonable cooperation with law enforcement in the investigation of the crime or prosecution of the offender. Reasonable cooperation includes answering investigators questions truthfully and making reasonable efforts to assist in identifying the offender. NRS 217.220(1)(f) provides:

"Compensation must not be awarded if the victim:

(f) Fails to cooperate with law enforcement agencies. Such cooperation does not require prosecution of the offender."

- B. Reasonable cooperation also includes making reasonable efforts to assist in the prosecution of the offender; however prosecution or conviction of the offender is not required in order to qualify for VOCP assistance. NRS 217.180(3) provides:

"An order for compensation may be made whether or not a person is prosecuted or convicted of an offense arising from the act on which the claim for compensation is based."

- C. An application may be denied where the applicant or victim fails to provide reasonable cooperation as follows:

- 1) Committed perjury relating to the crime;
- 2) Did not completely and truthfully respond to a request for information, evidence or assistance in a timely manner, unless circumstances beyond the victim's control prevented the victim from complying.

Nevada Victims of Crime Program Policies

- D. VOCP policies recognize that circumstances may exist where the victim fears for their life or safety, or the life or safety of family members, if they cooperate with law enforcement. These factors will be considered in cases where failure to cooperate with law enforcement is raised.
- E. Initial failure to cooperate may be mitigated or waived where the victim establishes the following:
 - 1) Subsequent cooperation with law enforcement
 - 2) Justifiable fear for victims' safety, or the safety of family members
 - 3) Justifiable fear of violent retaliation
 - 4) Credible threat of family disruption or displacement

5. Cooperation with the VOCP

- A. The applicant must cooperate with the VOCP, its staff, and the staff of its contractors or vendors, in the verification of all information necessary to determine eligibility including verifying the information on the application and in all matters related to the claim.
- B. The following actions establish a lack of cooperation with the VOCP and constitute grounds for denial of the application or denial of further benefits and closure of an approved, open claim:
 - 1) The applicant fails to provide information needed to process the application or the claim, that is available to the applicant, or that the applicant may reasonably obtain, and the applicant fails to provide the information after being requested, in writing, to do so.
 - 2) The applicant intentionally submitted false or misleading information or intentionally incomplete or inaccurate information.
 - 3) The applicant intentionally submitted documents that were falsified, altered, or "doctored".
 - 4) The applicant intentionally submitted for payment bills, receipts, vouchers, or other documents that were not crime related.
 - 5) The applicant intentionally attempted to obtain benefits they knew they were not entitled to, such as lost wages during a period they were employed, or the payment of expenses not related to the crime.
 - 6) Threatening or harassing the Board of Examiners, the VOCP staff, or the staff of its contractors or vendors.
 - 7) Intentionally or knowingly disregarding the reasonable written requests or instructions from VOCP or Board of Examiners staff.
 - 8) The applicant fails to provide the VOCP with a current mailing address and mail is returned undeliverable.
- C. For the purposes of determining applicants' intent under these policies, the applicants' conduct is considered intentional where the applicant knew or reasonably should have known the document, assertion, or declaration was false, and submitted it anyways.

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

- D. The compensation officer may immediately deny, or close a previously accepted application, under these circumstances or in situations where the applicants' actions impede the VOCP staff, or the staff of its contractors or vendors in the completion or prosecution of their duties.
- E. The compensation officer may also submit the matter to the Attorney General or other officials for prosecution if the applicant knowingly submitted false claims under NRS 217.270, or violated any other provision of law.

6. Restitution, Civil Suits, and VOCP Subrogation Lien

- A. A judge may order restitution to the victim or to the VOCP directly. If the victim receives money from a restitution order directly, the VOCP may exercise its subrogation rights.
- B. If an applicant files a civil suit against a perpetrator or a third party, the law requires them to notify and repay the VOCP pursuant to NRS 217.240 and these policies.

Section Five. Application for VOCP Benefits

1. General

- A. To qualify for VOCP benefits a victim must submit a completed VOCP application to the VOCP.
- B. Applications for assistance will be deemed to be complete only if:
 - 1) The applicant provides all information as directed in the application.
 - 2) The applicant signs the application as provided.
 - 3) The applicant submits, or the VOCP obtains, a valid police report or verification of the filing of the police report.
- C. For purposes of determining when the application is complete in the VOC-NET database, the police report will be considered "submitted" when it is scanned into the VOC-NET file and available for review as a file document.
- D. In DUI cases the application is not complete until a BAC report or other evidence or verification of intoxication is submitted, if such information is not included in the original police or traffic report.

2. Incomplete Applications

- A. Incomplete applications may be returned to the applicant for completion, or may be denied.
- B. Before an application will be considered complete, each of the following sections must be completed where applicable:

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

- 1) Victim information
 - 2) Applicant information
 - 3) Residency status
 - 4) Crime information
 - 5) Crime expenses
 - 6) Prior disability information
 - 7) Prior VOCP claims
 - 8) Insurance information
 - 9) Signature of applicant
- C. Information concerning persons assisting the victim complete the application, and advocate or attorney information, is only required where applicable.
- D. The demographic and statistical sections of the application are not mandated, however, the information requested will help the VOCP identify victim demographics, and provide more complete data for reports for the Board of Examiners, Nevada Legislature, Nevada Attorney General, U.S. Department of Justice, National Association of Crime Victim Compensation Boards, law enforcement organizations, and community and local victim service organizations, who address the needs of the victims of violent crime at the local level throughout Nevada, and others. *Answers to these questions will not affect the applicants' eligibility in any way.* Victim advocates who assist victims complete the application, and individual applicants, are encouraged to provide the demographic and statistical information requested in the application.

3. Third - Party Applications

- A. Victims, their dependents or next-of-kin, may submit applications for VOCP assistance. A "victim" will not include an individual or company who merely provides medical or medically related services, funeral and/or burial services, estates, or corporations. All such expenses will only be paid based upon the submission of such expenses through the particular victim or their qualified representative.

4. Waiver of Late Application

- A. Subsection 1 of NRS 217.210 states in part:

"Except as otherwise provided in subsection 2, an order for the payment of compensation must not be made unless the application is made within one (1) year after the date of the personal injury or death due to a crime on which the claim is based, unless waived by the Board of Examiners or a person designated by the board for good cause shown..."

- B. Waiver of a late-filed application means that the claim can be evaluated and processed despite the late filing. Waiver of a late application does not mean the applicant is eligible. Waiver

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

allows the compensation officer to consider the application on its merits rather than simply deny it for being late.

- C. The following criteria will be considered ~~in mitigation~~ when evaluating a request for waiver based on good cause:
 - 1) Whether the victim was aware of VOCP
 - 2) Whether the victim was physically unable to apply
 - 3) Whether the victim was mentally unable to apply
 - 4) Length of the delay
- D. Authority to waive the one year deadline, when applications are submitted beyond one year after the date of crime, is vested in the Coordinator and will be considered after request from the applicant or Program Manager.

5. Application Signature Requirements

- A. When an applicant files an application with the VOCP, they are subject to certain conditions imposed by law or by these policies. Benefits are available to qualified applicants who complete the application, provide the requested information, and acknowledge and agree to the conditions imposed by law or these policies.

- D. The VOCP assists dependents of the victim who have suffered financial loss from a victim's death, such as payment of survivor benefits, crime scene cleanup, and mental health counseling.
- E. The VOCP assists minors who witness domestic violence crimes, and minors and family members of murder victims, with mental health counseling.
- F. The VOCP compensation officer will issue a written determination if the applicant qualifies for the VOCP, or does not qualify, pursuant to NRS 217.090. The determination notice will avoid reference to sensitive information or details concerning the application or crime.
- G. In order for an applicant to qualify for the VOCP, the applicant must meet eligibility criteria set forth in NRS 217 and these policies.
- H. Crimes covered by the VOCP are referred to throughout these policies with citations to Nevada law. Any such reference is not by way of limitation, unless so stated. These policies are intended to provide for victims of federal crimes similar to those described herein. Changes to, or errors in statutory citations, will not affect the application of these policies.

2. Physical Injury Claims

- A. A victim must suffer physical injury or death to qualify for certain benefits including payment of medical or dental bills, lost earnings or support, funeral expenses, crime scene clean up, prescription medication, and in most cases relocation expenses. NRS 217.070 (1).
- B. A physical injury or a death most likely will be documented in the Police Report. Crime related deaths are documented in the Coroner's Report. Medical Reports, particularly emergency room reports, will document the victim's injuries. These documents may help the compensation officer determine if a victim qualifies for benefits, as well as the scope of the claim. To avoid delays victims are encouraged to submit these reports and other supporting documents or bills with their applications or as soon as they become available after an application has been completed and submitted.
- C. Crimes that qualify for benefits associated with a physical injury claim in Nevada are:
 - 1) Murder, NRS 217.070 (1), NRS 217.160 (e), NRS 200.010
 - 2) Assault and Battery, NRS 217.070 (1), NRS 200.471, NRS 200.481

Nevada Victims of Crime Program Policies

- 7) Any other violent crime identified in these policies or the laws of the State of Nevada, where the victim suffers physical injury.

3. Catastrophic Injury Claims

- A. Catastrophic Injuries are those that create a total and permanent disability for the victim, such as the loss of multiple extremities, paraplegia or quadriplegia, or loss of sight in both eyes.

A Catastrophic Injury claim may be approved by the VOCP coordinator as permitted by NRS 217.200. Additional funds may be used to pay for items that directly assist the victim, such as medical care and surgeries, making a home or vehicle accessible, job training and vocational rehabilitation, or purchase of and/or training in the use of special appliances or prosthetic devices. Home accessibility renovations such as ramps, door widening, and auto renovations for handicap access may be considered by the compensation officer on catastrophic claims

- B. A claim involving life-threatening injuries, where additional surgical or emergency medical care is required to save the life or when failure to receive necessary treatment will result in significant and permanent loss of an important bodily function, and where the cost of such necessary medical care exceeds the \$35,000 limit set by these policies, may be approved for additional funding by the VOCP coordinator.

- D. Catastrophic Injury funds are not intended for long term nursing care or in-patient type services. These policies recognize that such claims will exhaust funds intended to provide lifesaving care or to assist in restoring mobility and access. Any requests for in-patient, nursing home, or other long-term care will not be approved by the VOCP. Child care assistance for catastrophically injured minors will be considered by the VOCP coordinator on a case by case basis.

4. Presumed or Emotional Injury Claims

- A. Certain crimes resulting in emotional or mental injuries only, may be eligible for mental health counseling, child care, relocation, home security repair, and emergency housing. The compensation officer does not need to find physical injury in the following crimes:

- 1) Sexual Assault, NRS 200.366
- 2) Domestic Violence, NRS 217.160 (d), NRS 217.220 (3), NRS 200.485

- 5) Incest, NRS 201.180
- 6) Elder Abuse, NRS 217.070 (6), NRS 200.5099
- 7) Pornography Involving a Minor, NRS 217.050 (2)
- 8) Human Trafficking, NRS 217.050 (3), NRS 200.467, NRS 200.468
- 9) Stalking, NRS 200.575,

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

10) Robbery, NRS 200.380

11) An Act of Terrorism, NRS 217.035 (2), NRS 217.070

12) Burglary NRS 205.067

- B. If an applicant is a victim of a crime that is ongoing such as: domestic violence and child abuse, an application does not need to be filed for each incident. A series of incidents is considered one crime for application purposes.

5. Threat of Injury Claims

- A. Certain crimes or threats resulting in emotional or mental injuries only may be eligible for mental health counseling benefits through the VOCP. NRS 217.050 defines personal injury as: “actual bodily harm or threat of bodily harm which results in a need for medical treatment”.
- B. A threat of physical injury includes, but is not limited to the following situations:
- 1) The victim was directly threatened with a weapon;
 - 2) The victim was within sight and range or proximity of a person brandishing a weapon and reasonably felt threatened for their own safety;
 - 3) The victim was directly threatened with serious bodily injury and there was a reasonable probability that:
 - 4) The threat would be carried out; and
 - 5) Physical injury would result if the threat were carried out.
- C. Crimes that may qualify under threat of injury include:
- 1) Robbery, NRS 200.380
 - 2) Kidnapping, NRS 200.320
 - 3) Involuntary servitude, NRS 200.463
 - 4) Trafficking in persons, NRS 200.467, NRS 200.468
 - 5) Stalking, NRS 200.575,

6. Children’s Claims in Domestic Violence Cases

- A. A minor is presumed to have sustained an injury as a result of a domestic violence crime if the child witnessed a domestic violence crime. This presumption qualifies the victim for mental health counseling benefits as provided by these policies.
- B. The children of parties involved in domestic violence and assault, that are exposed to domestic violence, are entitled to independent VOCP claims and benefits, whether or not their parents file claims or have claims approved or denied.
- C. A minor witnessed a domestic violence crime if the minor saw or heard an act constituting a domestic violence crime. NRS 217.160 provides:

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

“Persons who may be awarded compensation.

1. The compensation officer may order the payment of compensation:

(d) To a minor who is a member of the household or immediate family of a victim of a battery which constitutes domestic violence pursuant to NRS 33.018 who needs an assessment, a psychological evaluation or psychological counseling for emotional trauma suffered by the minor as a result of the battery.”

7. Vehicle-Related Crimes

A. Most vehicle-related crimes are not covered by the VOCP. Injuries from accidents caused by speeding, reckless or careless driving, and similar crimes are outside the scope of VOCP coverage. NRS 217.220 prohibits acceptance of motor vehicle accident injuries except in limited circumstances. NRS 217.220 provides:

“Award of compensation prohibited under certain circumstances; exceptions.

1. Except as otherwise provided in subsections 2 and 3, compensation must not be awarded if the victim:

(a) Was injured or killed as a result of the operation of a motor vehicle, boat or airplane unless the vehicle, boat or airplane was used as a weapon in a deliberate attempt to harm the victim or unless the driver of the vehicle injured a pedestrian, violated any of the provisions of NRS 484.379 or the use of the vehicle was punishable pursuant to NRS 484.3795 or NRS 484.37955”.

B. The Board of Examiners acknowledges the misplaced comma after the word pedestrian, in Section 1(a), may be read to allow claims where the driver injured a pedestrian even if the driver was not intoxicated or did not leave the scene, as required in NRS 217.070. The Board of Examiners rejects this interpretation and declares that until the Legislature acts to correct this grammatical error, the intent of this section is to assist victims of intoxicated drivers as otherwise provided in this section.

C. The following vehicle crimes qualify for the VOCP:

- 1) Injury or death intentionally inflicted through the use of: a motor vehicle, aircraft, or a water vehicle. NRS 217.220 (1) a)
- 2) Pedestrian injury or death caused by Hit and Run, NRS 217.070 (5). NRS 484.219
- 3) Injuries caused by someone driving under the influence (DUI). NRS 217.070 (4), NRS 484.379

8. DUI Crimes

A. The compensation officer, when evaluating an application for a case involving DUI, will consider any of the following as evidence in support of an application:

- 1) Blood alcohol content report,

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

- 2) Blood test for drugs,
- 3) Breath test report,
- 4) Evidence that driver failed roadside tests,
- 5) Acceptance of case for prosecution for DUI,
- 6) Other credible evidence including statements from officers investigating the crime that indicate the driver was driving under the influence of alcohol.

9. Ineligible Crimes

- A. A crime, which does not result in physical injury, threat of injury, presumed injury, or death to the victim.
- B. Crimes that involve only property loss or damage.
- C. A crime that occurs in the workplace and is covered by workers compensation.
- D. Traffic crimes.
- E. Other ineligible crimes include fraud, theft, Identity theft, computer and web related crimes, property damage, trespass and vandalism.

10. Prison or Jail Victims

- A. Individuals who are incarcerated at the time of their injury or death are not eligible for compensation by the VOCP pursuant to NRS 217.220 (1) (d).

11. Financial Eligibility Standards

- A. An application may be denied if the victim will not incur a serious financial hardship without VOCP assistance. In determining if a hardship exists the VOCP allows the victim to have up to one year's earnings in savings or investments, plus the equity in a home and automobile, and still be financially eligible. NRS 217.220 (4) provides:

"The compensation officer may deny an award if he determines that the applicant will not suffer serious financial hardship. In determining whether an applicant will suffer serious financial hardship, the compensation officer shall not consider:

- (a) The value of the victim's dwelling;*
- (b) The value of one motor vehicle owned by the victim; or*
- (c) The savings and investments of the victim up to an amount equal to the victim's annual salary."*

Section Nine. Limitations on Compensation

1. Contribution: General Considerations

- A. To the extent the victim's acts or conduct provoked or contributed to the victim's injuries, the VOCP may deny the award to the applicant. If during the course of a claim, an applicant is convicted as an offender in another crime enumerated in chapter 217 or our policies, VOCP shall close their claim and no further benefits will be authorized.
- B. To qualify for VOCP benefits, the applicant must not have participated in the crime that led to the victimization. A victim participated and is not eligible if they are a "coconspirator, codefendant, or accomplice" in the crime, or if they are an adult passenger of a DUI driver.

NRS 217.220 Award of compensation prohibited under certain circumstances;

1. Except as otherwise provided in subsections 2 and 3, compensation must not be awarded if the victim: ...

(c) Was a coconspirator, codefendant, accomplice or adult passenger of the offender whose crime caused the victim's injuries;

- C. Claims may be denied where the victim was engaged in illegal activities, or was committing a crime under Nevada law at the time of their injuries.

2. Contributory Conduct Considerations

- A. A victim who is involved in the events leading to the crime may not be eligible for VOCP benefits if the behavior of the victim contributed to the victim's injuries.

- B. Sec. 2. NRS 217.180 provides:

1. Except as otherwise provided in subsection 2, in determining whether to make an order for compensation, the compensation officer shall consider the provocation, consent or any other behavior of the victim that directly or indirectly contributed to his injury or death, the prior case or social history, if any, of the victim, the need of the victim or his dependents for financial aid and other relevant matters.

2. If the case involves a victim of domestic violence or sexual assault, the compensation officer shall not consider the provocation, consent or any other behavior of the victim that directly or indirectly contributed to his injury or death.

- C. Definition of contributory conduct:

Contributory conduct is intentional conduct, willingly and knowingly engaged in by the victim that is both a direct cause, and a proximate cause, of the victim's injuries.

- D. Applications will not be denied based on contributory conduct where:

Nevada Victims of Crime Program Policies

- 1) The victim is a victim of sexual assault;
 - 2) The victim is a victim of domestic violence;
 - 3) The victim acts in self-defense or defense of others;
 - 4) The victim acts are attributable to reasonable efforts by the victim to aid a crime victim, to prevent a crime from occurring in his presence, or to apprehend a person who has committed a crime in his presence.
- E. If an application is denied for issues related to contributory conduct and the applicant appeals the denial, the applicant will have the burden of establishing that their conduct meets the standards and criteria set forth in these policies. The VOCP will not be required to establish an applicant's behavior did not meet the standards established by these policies.
- F. To qualify for benefits associated with physical injury claims an applicant must not act in a way that caused or contributed to their injury. The contributory conduct must be the "proximate cause" of the injury to disqualify an applicant from acceptance by the VOCP. Such conduct may be determined by the victim's actions immediately before or during the crime.
- G. Applications for assistance may be denied in whole or in part if the victim suffered physical injury from:
- 1) crimes in which the victim deliberately provoked the offender by means of fighting words, "road rage", racial pejoratives or other taunting, or by threats coupled with overt actions indicating the victim's intent to carry out the threat;
 - 2) crimes in which the victim initiated or significantly escalated a physical altercation with the offender;
 - 3) crimes constituting acts of retaliation or retribution for a crime or crimes previously committed by the victim;
 - 4) crimes committed during the course of an illegal drug transaction in which the victim was a knowing and willing participant;
 - 5) crimes in which the victim's felony criminal record, coupled with the circumstances of the crime, lead to the reasonable inference that the crime for which the applicant seeks compensation was directly caused or provoked by the victim's criminal history.

3. Mitigating Factors

- A. Contributory conduct may be mitigated or excused in some circumstances. In cases where contributory conduct has been raised, the following mitigating factors may be considered:
- 1) The victim is a victim of presumed or threat of injury crimes.
 - 2) The victim suffered an injury that was significantly more serious than reasonably could have been expected from their involvement in the events leading to the crime. For example: victim agrees to a fistfight and is shot, or uses a racial pejorative and is stabbed.

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

- 3) Another person involved in the events leading to the crime escalated their conduct in a manner not reasonably foreseeable by the victim.
- 4) A third party interfered in a manner not reasonably foreseeable by the victim.

4. Drug and Alcohol Intoxication Issues

- A. Alcohol or drug Intoxication is not a basis for the denial of benefits under these policies.
- B. Alcohol or drug intoxication may affect a victim's memory and credibility concerning the events leading to and involving the crime.
- C. In some situations alcohol or drug intoxication may undermine apparent consent, such as in cases involving "date rape" drugs.
- D. These policies establish that drug or alcohol intoxication will not support a finding of consent and may be a mitigating factor in sexual assault and domestic violence cases.

5. Limited Claim Acceptance

- A. Where there are contributory conduct issues that suggest denial, and mitigating factors that may reduce applicants' culpability only partially, the compensation officer may approve the claim for limited benefits, such as paying medical bills, but not lost wages or prescription medication benefits.

6. Prior Case or Social History

- A. NRS 217.180(1) requires the compensation officer to consider whether the victim has prior VOCP applications or claims. A claim may be denied or benefits may be limited where the victim has filed previous or multiple claims or has a social history of crime or gang involvement. NRS 217.180(1) provides:

"In determining whether to make an order for compensation, the compensation officer shall consider the provocation, consent or any other behavior of the victim which directly or indirectly contributed to his injury or death, the prior case or social history, if any, of the victim, the need of the victim or his dependents for financial aid and other relevant matters."

- B. An applicant will not be denied compensation because of the applicant's or the victim's familial relationship with the offender or because of the sharing of a residence by the victim or applicant and the offender.
- C. The compensation officer may consider the victims social history, including their criminal history and criminal or gang affiliations.

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

- D. Claims may be denied where the circumstances of the crime are related to gang or criminal activity involving the victim, or where the victims' background is consistent with the criminal activity leading to victims' injuries.

Section Ten. Claim Limits and Payment Policies

1. General

- A. The VOCP pays or reimburses victims for a variety of crime related expenses including medical, counseling, funeral, lost earnings, prescription medication, relocation and other crime related costs pursuant to NRS 217.200. This section provides:

"Payment of compensation for expenses and losses; certificate for meritorious citizen's service; limitations.

- 1. The compensation officer may order the payment of compensation ... to a victim for:*
 - (a) Medical expenses, expenses for psychological counseling and nonmedical remedial care and treatment rendered in accordance with a religious method of healing, that are actually and reasonably incurred as a result of the personal injury or death of the victim;*
 - (b) Loss of earnings or support that is reasonably incurred as a result of the total or partial incapacity of the victim for not longer than 52 weeks;*
 - (c) Pecuniary loss to the dependents of a deceased victim;*
 - (d) Funeral expenses that are actually and reasonably incurred as a result of the death of the victim; and*
 - (e) Another loss which results from the personal injury or death of the victim and which the compensation officer determines to be reasonable.*
- 2. The compensation officer may order the payment of compensation for a person who pays the funeral expenses of a victim.*

- B. The VOCP may reimburse applicants for specified expenses incurred as a result of the crime, which are not reimbursed by other sources. Requests for reimbursement must be accompanied by verifiable receipts. Handwritten receipts for compensable expenses may be denied without corroborating evidence of payment.
- C. Medical expenses incurred by a deceased victim may be considered for reimbursement only in cases where the applicant has incurred a legal obligation for payment as a relative or dependent of the victim as defined in NRS 217.060 to include:
- 1) A spouse, parent, grandparent or stepparent;
 - 2) A natural born, step or adopted child;
 - 3) A grandchild, brother, sister, half-brother or half-sister; or
 - 4) A parent of a spouse.
- D. The VOCP does not reimburse expenses or pay for property loss or pain and suffering. There is no cash payment, award or settlement.

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

- E. The VOCP does not pay for the treatment of addiction.
- F. When expenses are submitted for payment, the VOCP will verify that the treatment or service was necessary as a result of the crime, and that it is payable under these policies.
- G. To detect and prevent possible billing errors or fraud, the applicant may be required to verify that treatments or services were received as billed, before payment to the provider is made. Payment may be denied where the VOCP is unable to verify service delivery.
- H. The VOCP does not pay foreign providers directly. The victim / applicant must pay the bill and submit the bill and receipt for consideration. Bills in foreign languages must be professionally translated at the victim's expense.

2. Claim and Benefit Limits

- A. The claim limit established by these policies is \$35,000 per approved claim, except in cases of catastrophic injuries, where limits may be extended upon approval of the VOCP coordinator.
- I. The amount of compensation that is payable per approved claim is determined by the Board of Examiners after consideration of factors which include an evaluation of resources available to the VOCP and demands for services offered by the VOCP in the state. The Board of Examiners also considers the type and amount of compensation payable in other states.
- J. The claim limit is the total amount the VOCP can pay per approved claim, regardless of applicants' expenses or the number, or type of benefits approved by the VOCP.

For example, an applicant may be approved for lost wage benefits up to \$18,000, prescription medication reimbursement up to \$6,000, counseling up to \$5,000 and payment of hospital bills up to \$35,000. If the VOCP pays \$9,000 in lost wage reimbursement, \$3,000 for prescription medication, and \$3,000 for counseling the remaining amount for the hospital is \$20,000. The applicant may have hospital bills totaling \$30,000, but since the claim limit is capped at \$35,000 and \$15,000 has been paid, or reserved for other benefit payments, the hospital would only receive up to \$20,000. If the hospital accepts the payment of the lesser amount, the entire bill is deemed paid in full by NRS 217.245, and the applicant is relieved of any further legal obligation for that debt.

- K. The VOCP pays a variety of "benefits" on approved claims. Most benefits are defined and limited by these policies. These limits are a cap on expenditures in a specific benefit category, not a guarantee or right to such a benefit payment. Any benefit levels provided for in these policies may be adjusted from time to time as the Board of Examiners determines.

Nevada Victims of Crime Program Policies

- L. A hearings or appeals officer may not order the compensation officer to pay any claim or benefit that exceeds the limits set by these policies.
- M. The VOCP coordinator is authorized to approve payments that exceed the approved medical fee schedules or claim benefit levels when such approval is necessary:
 - 1) In emergencies, or
 - 2) As necessary to address unforeseen circumstances, or
 - 3) As required to meet a commitment by the VOCP to a medical or other provider or vendor, or
 - 4) For good cause as determined by the VOCP coordinator.
- N. Such approvals must be documented in the VOCP file.
- O. The VOCP may reimburse applicants for specified expenses incurred as a result of the crime, which are not reimbursed by other sources. When expenses are submitted, staff will verify that the treatment or service was necessary as a result of the crime and that it is covered by the VOCP.

3. Medical Bill Review

- A. VOCP policies establish maximum rates and service limitations for all compensation benefits. Medical, hospital, dental and other bills are reviewed by VOCP's contracted bill review company, and reduced to established medical fee schedules, primarily Nevada workers compensation fee schedule. Other discounts may be applied, and usual and customary rates for specific treatments may be used.
- B. When adequate funding is available, bills are paid according to these fee schedule recommendations. When funding is less than the total of bills approved each fiscal quarter then the bills are paid at a reduced percentage of fee schedule amount, based on available funding.

4. Applicant or Provider Not Authorized to Obligate VOCP

- A. An applicant is never authorized to obtain medical or other services or products, including prescription drugs, with the expectation that such services will be paid for by the VOCP, without express, written authorization by the compensation officer or Program Manager.
- B. A medical or other provider or vendor is never authorized to provide a service or product to an applicant with the expectation that such services or product will be paid for by the VOCP, without express, written authorization by the compensation officer or Program Manager.

5. Pre-Approval Required to Assure Payment

- A. Written pre-approval is required before any medical treatment or other service,—will be assured approval and payment by the VOCP.
- B. Pre-approval for payment of any claim is valid for sixty days (60) from the date authorized, unless a different time is stated in the authorization. If a medical or other service is pre-approved, the compensation officer will document their authorization in the claim file.
- C. Failure of the applicant or the medical provider to obtain pre-approval from the compensation officer may result in the denial of payment of the claim, if funds are not available under the claim, or if claim funds have been pre-authorized or committed to other purposes.
- D. Requests for pre-approval of treatment must identify by CPT or ADA codes the specific treatment that is planned. Pre-approval will not be given for undefined treatment. The VOCP will not pre-approve Physical Therapy, Chiropractic or Counseling providers for a specific number of visits. Available benefits are limited by amount, so pre-approval by number of visits cannot be accommodated.
- E. Claims for services provided to the victim prior to application approval, such as hospital emergency room bills, are paid at the end of each fiscal year quarter, and may be discounted below fee schedule as otherwise provided in these policies. Any medical or other provider, or any other person who accepts payment from VOCP, even significantly discounted or reduced payments, accepts the reduced rate as “payment in full” for the treatment or services provided to the victim as provided by NRS 217.245. The medical or other service provider or any other person cannot collect unpaid balances from the victim or the VOCP.

6. Reimbursement to Applicants Limited to Fee Schedule

- A. Applicants may be reimbursed up to the fee schedule amount, or the amount determined by the VOCP to be “usual and customary, for any crime related medical or other bill approved for reimbursement by the VOCP.
- B. Approved applicants should not pay medical bills themselves in expectation of full reimbursement; since the VOCP may reimburse the applicant up to the fee schedule rate only. The fee schedule rate is usually significantly less than the billed amount paid by the applicant.

7. Pre-existing Conditions are not payable by the VOCP

- A. Requests for the payment of treatment for needs that existed prior to the crime will be denied by the compensation officer, and will not be accepted as a part of the victim’s claim. For example, requests for the VOCP to pay for prescriptions that the applicant had been receiving prior to the crime will be denied.

8. Second Opinions and Independent Medical Exams

- A. The VOCP retains the right to require an applicant to obtain a second opinion or IME from a medical provider chosen by the VOCP, before agreeing to pay any medical claim or medically prescribed treatment, prescriptions, medical device or other costs, or further medical benefits.
- B. If the applicant fails to cooperate with a request for a second opinion, the claim may be closed, and further benefits denied.
- C. All expenses associated with a VOCP required second opinion or IME will be paid from the victim's claim as a medical expense.

9. Co-Pays and Deductibles

- A. In cases where the victim is covered by insurance, and is liable for co-pays or deductibles, the compensation officer will determine whether the treatment was a direct result of the crime and authorize payments for co-pays or deductibles up to the maximum allowed pursuant to these policies.

Section Eleven. Available Benefits

1. Medical, Dental and Vision Care

- A. The VOCP can assist the victim pay medical and dental expenses that have been incurred as a direct result of the crime up to a maximum of \$35,000, upon receipt of an itemized statement from the provider for all medical or dental expenses incurred, including the business address, telephone number and federal taxpayer identification number.
 - 1. The VOCP will only pay for medical treatment or other goods or services that are related to, and necessitated by the crime for which the application was approved. If the applicant is receiving treatment for a preexisting injury or condition at the time of the crime, and the injury or condition is aggravated by the crime, the VOCP will pay only the portion of the treatment related to the aggravation. For instance if the treatment is 50% crime related and 50% necessitated by the preexisting condition, the VOCP will pay 50% of the cost of continued treatment.
 - 2. Except in cases of emergency or medical necessity, once an application has been approved by the VOCP, pre-approval may be required before any surgical treatment or other medical or dental care will be approved for payment by the VOCP. If approved, the compensation officer must document their authorization in the claim file. Failure of the applicant or the medical provider to obtain pre-approval from the compensation officer may result in the denial of payment of the claim.
- B. Dental implants will only be approved if deemed medically necessary. Cosmetic dental treatments, such as veneers, orthodontic treatment and teeth whitening, may not be covered.

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

- C. Only Dental treatment initiated within 6 months of the date of crime will be considered. Dental treatment that occurs more than 1 year after the crime may not be covered.
- D. Cosmetic medical treatments, such as breast implants and rhinoplasty, will only be approved if deemed medically necessary.
- E. The compensation officer may approve payment for Sexual Assault exams in rural counties where funding for such testing is unavailable.
- F. Glasses that are lost or damaged as a result of the crime or must be replaced within three months of application approval. Annual glasses or contact replacement will not be covered, except in cases of medical necessity.

2. Chiropractic Treatment and Physical Therapy

- A. Any chiropractic medical intervention, including physical therapy, prescribed on a claim is limited to a maximum of \$5,000. The applicant may be required to provide medical documentation that the prescription medication is crime related and medically necessary.
- B. These limits may be extended if the victim undergoes VOCP approved surgery or other major medical procedures, necessitated by complications from previous medical care, or medical care follow up, such as removal of bullets or reparative cosmetic or dental surgery. Requests

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

Adopted August 14, 2018

2. If the compensation officer does not deny the application pursuant to subsection 1, ... he shall conduct an investigation and, except as otherwise provided in subsection 4, render a decision within 60 days after his receipt of the application or order. If in conducting his investigation the compensation officer believes that:

- (a) Reports on the previous medical history of the victim;*
- (b) An examination of the victim and a report of that examination;*
- (c) A report on the cause of death of the victim by an impartial medical expert; or*
- (d) Investigative or police reports,*

4. When additional reports are requested pursuant to subsection 2, the compensation officer shall render a decision in the case, including an order directing the payment of compensation, if compensation is due, within 15 days after receipt of the reports."

- D. When a claim is denied the compensation officer will notify the applicant of the denial citing the statute or Board of Examiners Policy reason for the denial. The notice of denial will advise the applicant of appeal rights and the procedure for filing an appeal.
- E. Denial of an application should not be construed as a finding of wrong doing by the applicant. Denial of an application or any benefit provided by the VOCP is simply a determination by the VOCP that the applicant has not met the criteria for approval. Denial for "contributory conduct", "failure to cooperate", or for other reasons is not intended to imply guilt or liability on any applicant denied VOCP benefits.
- F. If an applicant disagrees with a denial, and believes the compensation officer made a mistake in closing a claim or denying the application or a particular benefit, or has additional information, they may request reconsideration, or appeal the denial, by following the instructions on the notice of denial.

- D. If the reconsideration is denied, the decision closing or denying the claim can then be appealed.

- A. It is illegal under Nevada law for a vendor or provider to bill or hold the applicant responsible for the difference between the billed amount and the amount paid by VOCP and accepted by the provider. NRS 217.245 provides that when a provider or vendor accepts payment from the VOCP the payment is considered payment in full. This section states:

"Acceptance of payment from Board for certain services provided to victim constitutes payment in full. Notwithstanding another provision of law, if a person who provides a service to a victim for which compensation is ordered pursuant to paragraph (a) of subsection 1 of NRS 217.200 accepts payment from the Board for such a service, the person shall be deemed to have agreed to the condition that:

1. Such payment by the Board constitutes payment in full for the service provided; and

2. The person may not collect or attempt to collect further payment from the victim or person on whose behalf the payment is made by the Board."

- B. If a bill collector, or anyone else, attempts to collect from the applicant after the bill has been paid by the VOCP, they should be told to cease all collection activities or risk criminal

charges under NRS 217.245. VOCP staff will assist the victim in stopping collection activity after approved claims have been paid.

Section Thirteen. VOCP Subrogation Rights

1. Subrogation Lien

- A. The VOCP is entitled to be reimbursed any funds expended on any claim in the event the applicant obtains any recovery, either by civil lawsuit, restitution, or any other crime related payment, settlement, or reimbursement. NRS 217.240 provides:

“Recovery by applicant: Subrogation; duty of notice and payment. An applicant who accepts an award does so under the following conditions:

1. The State of Nevada is immediately subrogated in the amount of the award to any right of action or recovery the applicant may have against any party, and that right of subrogation may be diminished for attorney’s fees and other costs of litigation in obtaining a recovery from another source; and

2. If recovery from any source is obtained for damages caused by the crime, the applicant shall promptly notify the Department of Administration of the source and amount of that recovery, and shall promptly pay to the Board the lesser of the amount of the award made pursuant to this chapter or the amount recovered less attorney’s fees and costs. The duty of notice and payment pursuant to this subsection continues until the amount of the award has been repaid to the State of Nevada.”

- B. If the applicant received money from another person or entity, including any collateral source, for any expense paid by the VOCP, the VOCP has the right to recover this money.
- C. The VOCP has the authority to seek restitution from the offender for any money paid by the VOCP, and is subrogated to any collateral source that is available to the victim.
- D. If it is discovered that an applicant was not actually eligible to receive an award of any payments or other benefits the VOCP may recover the payments made.

2. Civil Suit by VOCP

- A. The VOCP may pursue a legal action to receive reimbursement, repayment, or subrogation. The VOCP has a right of reimbursement, repayment and subrogation from:
- 1) The offender who was convicted of an offense, which resulted in an award. Multiple offenders are jointly and severally liable.
 - 2) A third party who has an expressed or implied contractual or legal relationship, which obligates them to pay any expenses.

Nevada Victims of Crime Program Policies

- 3) Ineligible applicants or applicants who have been overpaid, or paid benefits they were not entitled to.
- B. Where the VOCP, commences an action against the person or persons responsible for the victim's injuries to recover monies compensated to a claimant, the claimant shall cooperate fully with the VOCP in pursuit of its action including, but not limited to, joining as a party to said action.

3. Civil Suit by Applicant

- A. Applicants, who successfully pursue civil suits to recover damages, are entitled to a credit for their costs and attorney fees when determining the amount the applicant must pay to satisfy the VOCP subrogation lien.
- B. To receive credit for attorney fees and costs the applicant is required to provide the VOCP with information about the civil suit, including the amount recovered by judgment or settlement, and the amount of attorney fees and costs. The VOCP will not consider reducing its lien or sharing in the attorney fees and costs without this information. In such cases the applicant will be required to repay 100% of the VOCP lien without a credit for fees and costs.
- C. In calculating the value of attorney fees and costs the VOCP will apply the calculations set forth in the formula devised by the Nevada Supreme Court in Breen v. Caesar's Palace, 715 P.2d 1080 (Nev. 1986). The formula used to determine the amount due the VOCP is calculated as follows:

The maximum percentage of the VOCP share of attorney fees is determined by dividing the VOCP Lien Amount by the Amount of Settlement, less the Amount of attorney's fees. Next multiply the percentage obtained by the attorney's fees. This amount is deducted from the VOCP Lien Amount. For example, if the settlement was for \$100,000, and the attorney's fees were \$33,333.33 and the VOCP lien was for \$35,000.00, the VOCP's share of the attorney's fees would be 52.5% [$\$35,000/(\$100,000-\$33,333.33)$], or \$17,500.00 and the net due to the VOCP in subrogation would be \$17,500.00 [$\$35,000$ Lien less \$17,500 in attorney's fees].

- D. VOCP liens may be waived entirely when the applicant demonstrates that the recovery is insufficient to adequately cover the damages suffered by the applicant due to the crime, and the VOCP determines the recovery by the victim outweighs the VOCP interest in its subrogation recovery.
- E. The VOCP Coordinator is authorized to approve all compromises, settlements or waivers of subrogation liens. All subrogation lien compromises, settlements or waivers will be documented in the VOCP case file. The amount recovered from subrogation payments or other recoveries should be documented in the claim file.

Nevada Victims of Crime Program Policies

- F. The Program Manager should be notified that the claim status can be changed to Closed/Maxed when the compensation officer receives the subrogation settlement, and the victim should be notified that the claim has been closed.
- G. After a claim has been closed following acceptance of the subrogation settlement by VOCP, or if the case has settled before the victim applies to VOCP, the victim may request continued assistance subject to approval by the Coordinator. The victim is required to submit an itemized list showing that the victim has spent his or her portion of the settlement proceeds on crime related expenses. If a portion of the settlement has been paid to VOCP, that amount should be added to the approved claim limit.

Section Fourteen. Appeal Rights and Procedures

1. Appeal Rights

- A. When a claim or benefit is denied, and appeal rights are stated in the determination denying the claim or benefit, an applicant has sixty (60) days to appeal the denial by filing a request for hearing with the Hearings Division of the Department of Administration.
- B. NRS 217.110 (1) provides:

“Upon receipt of an application for compensation, the compensation officer shall review the application to determine whether the applicant qualifies for compensation. The compensation officer shall deny the claim within 5 days after receipt of the application if the applicant’s ineligibility is apparent from the facts stated in the application. The applicant may appeal the denial to a hearing officer within 60 days after the decision. If the hearing officer determines that the applicant may be entitled to compensation, the hearing officer shall order the compensation officer to complete an investigation and render a decision pursuant to subsection 2. If the hearing officer denies the appeal, the applicant may appeal to an appeals officer pursuant to NRS 217.117. “

- C. Determinations that are appealable under these Policies or the provisions of NRS 217.112, will include appeal rights substantially similar to the following:

2. Failure to Respond to Written Request

- A. The compensation officer will respond to the written requests concerning benefit or claim issues within 30 days of the receipt of the written request.
- B. 3. OVC VOCA Victim Compensation Grant

- A. Federal grant funds are available to state compensation programs and are derived from criminal penalties assessed at the federal level. The federal grant currently provides a 60% match of all state funds paid on victim claims during the prior federal fiscal year.

10) Each year the VOCP submits an application to the United States, Department of Justice, Office of Victims of Crime, for funding made available to the states pursuant to United States Code, Title 42, Chapter 112, §10602.

11) Federal guidelines on the use of OVC VOCA Victim Compensation Grant funds are set forth in the OVC VOCA Victim Compensation Grant Program Guidelines (dated May 10, 2001) which provide:

Section III.B: "Grant Period. Victim compensation grant funds are available for expenditure throughout the fiscal year (FY) of the award plus the next three fiscal years. The federal fiscal year (FFY) begins on October 1 and ends on September 30. State crime victim compensation programs may pay compensation claims retroactively to October 1, even though the VOCA grant may not be awarded until later in the fiscal year."

Section IV.B.4: Nonsupplantation. The state must certify that grants received under VOCA will not be used to supplant state funds otherwise available to provide crime victim compensation benefits or to administer the state crime victim compensation program. States may not decrease their financial commitment to crime victim compensation solely because they are receiving VOCA funds for the same purpose. Expenditure of VOCA funds received based on state certified payouts from previous years does not constitute supplantation."

12) The OJP Financial Guide addresses the "Minimum Cash on Hand" Policy that all OJP grantees must adhere to:

Part III, Chapter 1. Payments: Minimum Cash on Hand "Grant recipient organizations should request funds based upon immediate disbursement/reimbursement requirements. Funds will not be paid in a lump sum, but rather disbursed over time as project costs are incurred or anticipated (with the exception of block grant program such as Justice Assistance Grant (JAG), Juvenile Accountability Block Grants [JABG], and State Criminal Alien Assistance Program Grants [SCAAP] which are paid in a lump sum). Recipients should time their drawdown requests to ensure that Federal cash on hand is the minimum needed for disbursements/reimbursements to be made immediately or within 10 days."

13) Federal guidelines permit State Programs to set aside 5% of the total federal grant funds for VOCP administrative expenses. By utilizing federal funds for administrative purposes, state funding is freed up for payment of victim expenses thereby increasing the

Nevada Victims of Crime Program Policies

federal match of state funding. In order to maximize the federal matching funds the VOCP elects to exercise this option each fiscal year. Federal policy statements provide:

Administrative and Training Funds usage: State grantees choosing to use a portion of the award for administrative and training purposes must report the percentage/amount of the total grant that will be used for these purposes. The Department of Justice Reauthorization Act of 2005 (Pub. L. No. 109-162) amended the Victims of Crime Act by expanding the purposes of the 5 percent administrative set aside for State Victim Compensation and Victim Assistance programs. Under 42 U.S.C. 10602(a)(3) and 10603(b)(3) respectively, eligible State Victim Compensation and State Victim Assistance programs may set aside up to a total of 5 percent of the respective grant funds for administrative and training purposes.

- 14) Federal funding may be carried forward for a maximum of four (4) years. The VOCP generally draws the full grant award each year; however the VOCP may carry forward funds where such action may be beneficial to the VOCP.

(2) The other program shall make its payments without regard to the existence of the crime victim compensation program.

SUPPLEMENTARY INFORMATION: *The Victims of Crime Act (VOCA) authorizes federal financial assistance to states for the purposes of compensating and assisting crime victims, funding training and technical assistance, and serving victims of federal crimes.*

Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving", 74 Fed. Reg. 51225 (October 1, 2009), DOJ encourages recipients and subrecipients ("subgrantees") to adopt and enforce policies banning employees from text messaging while driving any vehicle during the course of performing work funded by this award, and to establish workplace safety policies and conduct education, awareness, and other outreach to decreased crashes by distracted drivers. These workplace safety policies are provided through the State of Nevada, Department of Administration, Human Resource Management.

2. *These Final Guidelines provide information specifically for the administration and implementation of the VOCA crime victim compensation grant program as authorized in section 1403 of VOCA, Public Law 98-473, as amended, codified at 42 U.S.C. 10602.*

These VOCA Final Guidelines are outlined as follows:

- I. Definitions*
- II. Background*
- III. Funding Allocations*
- IV. State Eligibility Criteria*
- V. State Certification*
- VI. Application Process and Performance Reporting*
- VII. Administrative Costs*
- VIII. Financial Requirements*
- IX. Monitoring*
- X. Suspension and Termination of Funding*

I. Definitions

For purposes of these Final Guidelines, the following terms are defined:

A. Driving While Intoxicated. This includes drunk driving and driving under the influence of alcohol and/or other drugs. Specific definitions may be provided by state statutes, written rules, or other established policies.

B. Federal Crime. A federal crime is any crime that is a violation of the United States Criminal Code or violation of the Code of Military Justice. In general, federal crimes are investigated by federal law enforcement agencies, including the Federal Bureau of Investigation (FBI), Drug Enforcement Administration (DEA), Bureau of Alcohol, Tobacco and Firearms (BATF), U.S. Postal Service (USPS), Department of Interior (DOI), U.S. Secret Service (USSS), U.S. Customs Service (USCS), and Immigration and Naturalization Service (INS). Federal crimes are prosecuted in Federal District Courts by U.S. Attorneys and the U.S. Department of Justice Criminal Division. Examples of Federal crimes include,

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

but are not limited to:

- 1. Crimes against Federal officials*
- 2. Crimes that take place on Federal property, including national parks and military bases, certain maritime and territorial jurisdictions, and buildings owned or leased by the Federal Government*
- 3. Bank robberies where the bank is insured or otherwise secured by the Federal Government*
- 4. Crimes affecting interstate activities, such as kidnapping, interstate domestic violence, and fraud via U.S. mail, telephone, or wire*
- 5. Crimes occurring in Indian Country or on reservations, where the Federal Government has criminal jurisdiction*
- 6. Trafficking of persons*

C. Federal Program, or a federally financed State or local program is a program that provides third party reimbursement for victim expenses and includes such funding sources as Medicaid, Medicare, and CHAMPUS or provides direct Federal appropriations for organizations that provide direct services such as Indian Health Service and the Veterans' Administration.

D. Mass Violence occurring within or outside the United States. The term mass violence is not defined in VOCA or in any statute amending VOCA nor is it defined in the U.S. Criminal Code. Thus, OVC has developed a working definition of this term. The term mass violence means an intentional violent criminal act, for which a formal investigation has been opened by the Federal Bureau of Investigation or other law enforcement agency, that results in physical, emotional or psychological injury to a sufficiently large number of people as to significantly increase the burden of victim assistance and compensation for the responding jurisdiction. If there is a discrepancy between the definition provided in these Final Guidelines and the Antiterrorism and Emergency Fund Guidelines for Terrorism and Mass Violence Crimes, the definition in the Antiterrorism and Emergency Fund Guidelines takes precedence.

E. Mental Health Counseling and Care. Mental health counseling and care mean the assessment, diagnosis, and treatment of an individual's mental and emotional functioning. Mental health counseling and care must be provided by a person who meets state standards to provide these services.

F. Property Damage and Loss. Property damage is damage to material goods. Property loss is destruction of material goods or loss of money, stocks, bonds, etc. Property damage does not include damage to prosthetic devices, eyeglasses, other corrective lenses, dental devices, or other medically related devices.

G. Restitution. Restitution is payment made by the offender to the victim who was injured in the crime, to the legal guardian of a vulnerable adult or child victim, or to beneficiaries of the victim of homicide. Restitution does not refer to the general collection of fines, fees, and

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

other penalties from offenders that provide basic revenue for a compensation program and are not attributable to reimbursement of payouts on a specific claim.

H. State. The term state includes the 50 states, the District of Columbia, the U.S. Virgin Islands, Guam, Puerto Rico and any other possession or territory of the United States.

I. Terrorism occurring within the United States. The term terrorism means an activity that... (1) involves a violent act or an act dangerous to human life that is a violation of the criminal laws of the United States or of any State, or that would be a criminal violation if committed within the jurisdiction of the United States or any State; and (2) appears to be intended ... (a) to intimidate or coerce a civilian population, (b) to influence the policy of a government by intimidation or coercion, or (c) to affect the conduct of a government by assassination or kidnapping (18 U.S.C. 3077).

J. Terrorism Occurring Outside the United States. The Antiterrorism and Emergency Reserve Fund Guidelines for Terrorism and Mass Violence Crimes.

In any fiscal year in which Fund deposits are greater than the amount deposited in fiscal year 1998, an amount equal to 50 percent of the increase in the amount from fiscal year 1998 shall be available for Child Abuse Prevention and Treatment Grants in addition to the base amount of \$10 million. The total amount allocated for Child Abuse Prevention and Treatment grants for any fiscal year refers to the term terrorism, when occurring outside the United States, as international terrorism to mean an activity that... (1) involves a violent act or an act dangerous to human life that is a violation of the criminal laws of the United States of any State, or that would be a criminal violation if committed within the jurisdiction of the United States or of any State; (2) appears to be intended ... (a) to intimidate or coerce a civilian population; (b) to influence the policy of a government by intimidation or coercion; or (c) to affect the conduct of a government by assassination or kidnapping; and (3) occur primarily outside the territorial jurisdiction of the United States, or transcend national boundaries in terms of the means by which they are accomplished, the persons they appear intended to intimidate or coerce, or the locale in which their perpetrators operate or seek asylum (18 U.S.C. 2331).

II. Background

In 1984, VOCA established the Crime Victims Fund (hereinafter referred to as the Fund) in the U.S. Treasury to receive deposits from fines, penalties, and bond forfeitures levied on criminals convicted of federal crimes. The Fund is administered by OVC to support the activities authorized by VOCA. OVC makes annual VOCA crime victim compensation grants from the Fund to eligible states and territories. The primary purpose of these grants is to supplement state efforts to provide financial assistance and reimbursement to crime victims throughout the Nation for costs associated with crime, and to encourage victim cooperation and participation in the criminal justice system. With the exception of most property damage and loss as explained in these Final Guidelines, state crime victim compensation programs may use VOCA compensation grant funds to pay for eligible expenses allowed by state compensation statute, rule, or other established

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

policy.

III. Funding Allocations

A. Distribution. By statute, deposits are to be allocated as follows:

1. Child Abuse Prevention and Treatment Grants. Up to \$20 million of the first amounts deposited in the Fund are allocated to Child Abuse Prevention and Treatment Grants. Of these funds, 85 percent are forwarded to the Department of Health and Human Services. The remaining 15 percent is retained by OVC to assist Native American Indian tribes in developing, establishing and operating child abuse programs.

2. Federal Criminal Justice System.

Specific amounts are earmarked by Congress annually for improving services for the benefit of crime victims in the Federal criminal justice system.

3. Remaining Fund Deposits. The remaining fund deposits are distributed as follows:

a. Victim Compensation Grants. Forty- eight and one half percent (48.5%) is available to eligible state programs for crime victim compensation.

b. Victim Assistance Grants. Forty- eight and one half percent (48.5%) is available to states for victim assistance grants. Unused funds from the victim compensation portion of the deposits are added to this amount.

c. Discretionary Grants. Three percent (3%) is available to OVC for demonstration projects, training and technical assistance grants, and financial support for services to victims of federal crime.

d. Antiterrorism and Emergency Fund. If monies in the Fund are sufficient to fully provide VOCA grants to the states, and deposits total 110 percent of the previous fiscal year, or if any funds are deobligated, the OVC director may retain up to \$100 million in an emergency fund. These funds are to be used (1) for Victims of terrorism within and outside the United States and for victims of other mass violence crimes; (2) for supplementing State Compensation and Assistance Programs' basic state compensation and assistance awards at the discretion of the OVC Director; and (3) to pay benefits under the newly authorized international compensation program.

B. Grant Period. Victim compensation grant funds are available for expenditure throughout the fiscal year (FY) of the award plus the next three fiscal years. The federal fiscal year (FFY) begins on October 1 and ends on September 30. State crime victim compensation programs may pay compensation claims retroactively to October 1, even though the VOCA grant may not be awarded until later in the fiscal year.

C. VOCA Victim Compensation Grant Formula. The Director of OVC is required to make an annual grant to eligible crime victim compensation programs that is equal to 40 percent of the amount awarded by the state program to victims of crime from state revenues during the fiscal year preceding the year of deposits in the Fund (two years prior to the grant year). If the amount in the Fund is insufficient to award each state 40 percent of its prior year's compensation payout from state revenues, all states will be awarded the same reduced percentage of their prior year payout from the available funds. To determine the amount available, each state must submit with its annual application a certification of the

Nevada Victims of Crime Program Policies

amount expended by the crime victim compensation program in the previous federal fiscal year. See Section V. for additional information.

IV. State Eligibility Criteria

A. Grantee. The grantee must be an operational state-administered crime victim compensation program. A new compensation program is entitled to a VOCA grant after it has awarded benefits that can be matched under VOCA. VOCA may not be used as start-up funds for a new state compensation program. In the event that a state chooses to administer its compensation program in a decentralized fashion, the state remains accountable to VOCA for expenditure of these funds.

B. Program Requirements. For a state to meet or maintain eligibility for a VOCA crime victim compensation grant, it must satisfy the following requirements:

1. Compensable Crimes.

(a) VOCA Mandated Crimes. At a minimum, VOCA specifically requires the grantee to offer compensation to crime victims and survivors of victims of criminal violence for certain identified expenses (see below) resulting from physical injury from a compensable crime as defined by the state. VOCA requires that states include as compensable crimes those crimes whose victims suffer death or physical injury as a result of terrorism, driving while intoxicated, and domestic violence. In addition, VOCA requires that states include as compensable crimes those crimes whose victims suffer death or personal injury as a result of the intentional or attempted defacement, damage, or destruction of any religious real property because of (1) its religious character or the obstruction, by force or threat of force, of any person's enjoyment of the free exercise of religious beliefs when the crime is covered by interstate or foreign commerce; (2) the race, color, or ethnic characteristics of any individual associated with the religious property. (b) Coverage of Other Crimes. VOCA places priority on violent crime, but it does not prohibit coverage of nonviolent crime. States may choose to broaden the range of compensable crimes to include those involving threats of injury or economic crime where victims are traumatized but not physically injured. In doing so, they may include payments to victims for compensable expenses for these crimes on the state's certification of funds expended for the compensation program.

2. Compensable Expenses.

(a) VOCA Mandated Expenses. At a minimum, VOCA requires states to award compensation for the following expenses when they are attributable to a physical injury resulting from a compensable crime:

- i. Medical Expenses. This may include eyeglasses and other corrective lenses, dental services, prosthetic or other devices, and other services rendered in accordance with a method of healing recognized by state law.*
- ii. Mental health counseling and care.*
- iii. Lost wages.*

Nevada Victims of Crime Program Policies

iv. Funeral expenses attributable to a death resulting from a compensable crime.
(b) Other Allowable Expenses. State grantees may offer compensation for other types of expenses as authorized by state statute, rule, or other established policy.

(i) Property Damage and Loss.

Amounts awarded for property damage and loss cannot be included in the amount certified as a basis for the award of VOCA compensation grants except as listed under Section IV.B.2 (b) (ii) 4&5 of these Final Guidelines.

(ii) In addition to VOCA mandated expenses, other allowable expenses may be included in the certified payout amount such as:

- 1. Travel and transport for survivors of homicide victims to secure bodies of deceased victims from another country or state.*
- 2. Temporary lodging.*
- 3. Necessary building modification and equipment to accommodate physical disabilities resulting from a compensable crime.*
- 4. Replacement costs for clothing and bedding held as evidence.*
- 5. Replacement or repair of windows and locks.*
- 6. Crime scene cleanup, as defined by state statute, rule or other established policy. Crime scene cleanup does not include replacement of lost or damaged property, except for locks and windows, and for clothing and bedding held as evidence.*
- 7. Attorneys' fees related to a victim's claim for compensation, for establishing guardianship, settling estates, and other activities related to the crime.*
- 8. Payments related to forensic sexual assault examinations (1) If such payments are made from funds administered by the compensation programs and are allowable under state statute, rule, or other established policy; and (2) to the extent that other funding sources such as state appropriations specifically earmarked for these exams are unavailable or insufficient.*
- 9. Dependent care to allow victims to participate in criminal justice activities or secure medical treatment and rehabilitation services.*
- 10. Financial counseling services for victims of economic crime, domestic violence, survivors of homicide victims, and other victims faced with financial difficulty as a result of a crime. Allowable activities provided to crime victims by financial counselors include but are not limited to: analysis of a victim's financial situation such as income producing capacity and crime related financial obligations; assistance with restructuring budget and debt; assistance in accessing insurance, public assistance and other benefits; assistance in completing financial impact statements for criminal courts; and assistance in settling estates and handling guardianship concerns. Financial counseling must be provided by a person who meets state standards for provision of this service.*
- 11. Pain and suffering.*
- 12. Annuities for loss of support for children of victims of homicide.*
- 13. Victim Cooperation With Law Enforcement. Crime victim compensation programs must promote victim cooperation with the reasonable requests of law enforcement authorities. State crime victim compensation programs*

Nevada Victims of Crime Program Policies

maintain the authority and discretion to establish their own standards for victim cooperation with the reasonable requests of law enforcement. VOCA's cooperation with the reasonable requests of law enforcement requirement may be fulfilled by using the following criteria or by any other criteria the state believes is necessary and acceptable to encourage and document victim cooperation with law enforcement. For example, a state may:

- a. Require a victim to report the crime to a law enforcement agency;*
- b. Require a victim to report the crime to an appropriate government agency, such as child and/or adult protective services, family court, or juvenile court;*
- c. In the case of a child or a vulnerable adult, accept a crime report to law enforcement or to a child or adult protective services agency from a mandated reporter or other person knowledgeable about the crime;*
- d. Accept proof of the completion of a medical evidentiary examination, such as medical reports, x-rays, medical photographs, and other clinical assessments as evidence of cooperation with law enforcement.*

14. Nonsupplantation. The state must certify that grants received under VOCA will not be used to supplant state funds otherwise available to provide crime victim compensation benefits or to administer the state crime victim compensation program. States may not decrease their financial commitment to crime victim compensation solely because they are receiving VOCA funds for the same purpose. Expenditure of VOCA funds received based on state certified payouts from previous years does not constitute supplantation.

15. Compensation for Residents Victimized Outside Their Own State. A state must provide compensation to state residents who are victims of crimes occurring outside the state if the crimes would be compensable crimes had they occurred inside that state and the crimes (1) occurred in a state without an eligible VOCA crime victim compensation program, or (2) in cases of terrorism, occurred outside the territorial jurisdiction of the United States. The state must make these awards according to the same criteria used to make awards to those who are victimized while in the state.

16. Compensation for Nonresidents of a State. The state, in making awards for compensable crimes occurring within the state, must make compensation awards to nonresidents of the state on the basis of the same criteria used to make awards to victims who are residents of the state.

17. Victims of Federal Crime. The state must provide compensation to victims of federal crimes occurring within the state on the same basis that the program provides compensation to victims of state crimes.

18. Unjust Enrichment. States cannot deny compensation to a victim based on the victim's familial relationship to the offender or because the victim shares a residence with the offender. States must adopt a rule or other written policy to avoid unjust enrichment of the offender, but it cannot have the effect of denying compensation to a substantial percentage of victims of violence perpetrated by family members or others with whom the victim shares a residence. In developing a rule, or other written policy, states are encouraged to consider

Nevada Victims of Crime Program Policies

the following:

- a. The legal responsibilities of the offender to the victim under the laws of the state and collateral resources available from the offenders to the victim. For example, legal responsibilities of the offender may include court-ordered restitution or family support under the domestic, marital property or child support laws of the state. Collateral resources may include insurance or pension benefits available to the offender to cover the costs incurred by the victim as a result of the crime. Victims of family violence must not be penalized when collateral sources of payment are not viable. Examples of such situations include when the offender refuses to, or cannot, pay restitution or other civil judgments within a reasonable period of time or when the offender impedes direct or third party (i.e., insurance) payments.*
- b. Payments to victims of family violence that only minimally or inconsequentially benefit offenders. These payments are not considered unjust enrichment. For example, denial of medical or dental expenses solely because the offender has legal responsibility for the charges, but is unwilling or unable to pay them, could result in the victim not receiving treatment. When indicated, the state has the option of seeking reimbursement from the offender.*
- c. Consultation with social services and other concerned government entities, and with private organizations that support and advocate on behalf of victims of violence perpetrated by family members.*
- d. The special needs of child witnesses to violence and child victims of criminal violence, especially when the perpetrator is a parent who may or may not live in the same residence.*

19. Discrimination Prohibited. No person shall on the grounds of race, color, religion, national origin, disability, or sex, be excluded from participation in, denied the benefits of, subjected to discrimination under, or denied employment in connection with, any undertaking funded in whole or in part with sums made available under VOCA. States must comply with these VOCA nondiscrimination requirements, the Federal civil rights statutes and regulations cited in the Assurances that accompany the grant award document, and all other applicable civil rights requirements. States with decentralized operations must assure that all operations comply with these requirements.

20. Additional Information Requested by the OVC Director. The state must provide other information and assurances as the Director of OVC may reasonably require.

VOCA Funds and Collateral Federal Programs

1. Means Testing. Federal, state, or local government programs that use federal funds are prohibited from including victim compensation benefits when determining income eligibility for an applicant, until the total amount of medical or other assistance that the applicant receives from all programs is sufficient to fully compensate the applicant for

Nevada Victims of Crime Program Policies

losses suffered as a result of the crime. VOCA requires this policy when an applicant needs medical or other assistance, in full or in part, because of the commission of a crime against the applicant. VOCA gives the OVC Director authority to determine whether such medical or other assistance is necessary to an applicant for victim compensation because of the commission of a crime against the applicant. Through these Final Guidelines, the Director's authority is delegated to state VOCA crime victim compensation administrators.

2. Payer of Last Resort. The compensation program is the payer of last resort with regard to federal or federally financed programs. When a victim is eligible to receive benefits from a federal program such as Veterans' benefits, Medicare, and Social Security Disability or federally financed state or local program, such as Medicaid the state compensation program shall not use VOCA funds to pay costs that another federal or federally financed program covers. The federal or federally financed program must make payments without regard to benefits awarded to a crime victim by a state crime victim compensation program. To facilitate victim access to other funding resources, OVC recommends that VOCA compensation administrators coordinate their activities and provide appropriate referrals to other programs that provide financial assistance and services to crime victims, whether funded by federal, state or local governments. Examples of such programs include worker's compensation, vocational rehabilitation, and VOCA victim assistance subgrantee programs. Outreach to other programs can result in mutual understanding of eligibility requirements, application processing, time lines, and other program specific requirements. As payer of last resort, it is in the compensation program's discretion to make exception for victim needs that are not adequately met by collateral sources. Additionally, this provision does not mandate that states require victims to apply for or use other federally funded programs prior to accessing the crime victim compensation program.

V. State Certifications State grantees must provide information about crime victim compensation claim payouts including all available funding sources, deductions, and recovery costs on a certification form provided by OVC. The Office of Budget and Management Services, Office of Justice Programs, uses this information to calculate allocations for VOCA eligible crime victim compensation programs. A. Program Revenue. States must report on the certification form all sources of revenue to the crime victims compensation programs during the federal fiscal year. In some instances, funds are made available to the crime victim compensation programs from other departments or agencies, from supplemental appropriations, donations, or unspent funds carried over from prior years. The amount of certified revenue, excluding VOCA funds, but including all other sources, including carried over funds, must meet or exceed the amount of certified payments to crime victims. B. Program Expenditures. The total amount to be certified by the state program must include only those amounts paid from state funding sources that are allowable under Section IV.B.1&2 to, or on behalf of, crime victims during the federal fiscal year (October 1 to September 30).

C. Amounts to be Excluded.

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

Compensation for property damage or loss except for items found in Section IV.B.2.(b)ii.4&5 of these Final Guidelines; audit costs; personnel costs; costs related to the collection of offender fines, fees, penalties, and other revenues that provide basic program funding; and, any other program administrative costs.

D. Deductions. Deductions are receipts or refunds that offset or reduce expense items that are allocable to a particular crime victim compensation claim. These include funds received through a state's subrogation interest in a claimant's civil law suit recovery, restitution, refunds, or other reimbursements. For purposes of applicable credits, the term restitution means payment made by the offender to the victim who was injured in the crime, to the legal guardian of a vulnerable adult or child, or to beneficiaries of the victim of homicide. Restitution does not refer to the costs of general collection of fines, fees and other penalties from offenders that provides the basic revenue for the compensation program and are not attributable to reimbursement of payouts on a specific claim. Refunds include amounts from overpayment, erroneous payments made to claimants, and uncashed checks. Additional guidance regarding applicable credits can be found in OMB Circular A-87, Cost Principles for State and Local Governments.

F. Recovery Costs. Salary and benefits costs for personnel directly involved in recovery efforts may be offset against the amount of income received from such reimbursement. Recovery efforts are those activities that are directly attributable to obtaining restitution, refunds, and other reimbursements for the expenses of specific crime victims who have received compensation from the state program. Expenses shall be limited to the percentage of those salaries and benefits incurred by the state for individual employees whose primary responsibilities (not less than 75 percent of each individual employee's work time) are directly and specifically related to recovering restitution and other reimbursements on behalf of compensated victims. Additional allowable recovery costs are garnishment fees, service of legal documents, costs of legal publication, and subpoena fees related to collecting reimbursements. Recovery costs cannot be claimed for employees whose salary and benefits are derived from federal administrative grant funds. Recovery costs do not include the collection of fines, fees, and other penalties that provide the basic revenue for the compensation program and are not identifiable to reimbursement of payouts on a specific victim claim.

G. Sources of Payments to Crime Victims. There is no financial requirement that state compensation programs identify the source of individual payments to crime victims as either federal or state dollars, nor are there any requirements that restitution recoveries or other refunds be tracked to federal or state dollars paid out to the victim.

H. Incorrect Certifications. If it is determined that a state has made an incorrect certification of payments of crime victims compensation from state funding sources and a VOCA crime victim compensation grant is awarded in error, one of the following two courses of action will be taken:

Nevada Victims of Crime Program Policies

1. Overcertification. In the event that an overcertification comes to the attention of OVC or the Office of the Comptroller, OJP, the necessary steps will be taken to recover funds that were awarded in error. OVC does not have the authority to permit states to keep amounts they were not entitled to as a result of overcertification. Generally, it is the policy of OVC to reduce the amount of the subsequent year VOCA victim compensation award by the amount of the overpayment.

2. Undercertification. If a state undercertifies amounts paid to crime victims, OVC and the Office of the Comptroller, OJP, will not supplement payments to the state to correct the state's error since this would require recalculating allocations to every state VOCA compensation and assistance program and cause disruption in administration of these programs.

VI. Application Process and Performance Reporting

A. Application for Federal Assistance.

Each year, OVC issues to each eligible state an application package that contains the necessary forms and detailed information required to apply for VOCA crime victim compensation grant funds. The amount for which each state may apply is included with the application package. States shall use the Standard Form 424, Application for Federal Assistance, and its attachments to apply for VOCA victim compensation grant funds. Applications for VOCA crime victim compensation grants may only be submitted by the state agency designated by the governor to administer the VOCA victim compensation program and grant. Completed applications must be submitted on or before the stated deadline, as determined by OVC. If an eligible state fails to apply for its crime victim compensation allocation by the prescribed deadline, OVC will redistribute federal VOCA crime victim compensation dollars to the VOCA victim assistance grant program, after all states have received the statutorily prescribed percentage of their prior years' payout.

B. Annual Performance Report.

States receiving VOCA crime victim compensation grant funds must submit an annual OVC Performance Report. The Performance Report is due January 15 of each year for the preceding federal fiscal year.

VII. Administrative Costs

A. Administrative Costs Allowance.

VOCA allows states to use up to 5 percent of crime victim compensation grant funds for administering the crime victim compensation grant program. Any portion of the allowable 5 percent that is not used for administrative purposes must be used for awards of compensation to crime victims. The intent of this provision is to support and advance program administration in all operational areas including claims processing, staff

Nevada Victims of Crime Program Policies

development and training, public outreach, and program funding by supporting activities that will improve program effectiveness and service to crime victims.

If a state elects to use up to 5 percent of the VOCA compensation grant for administrative purposes, only those costs directly associated with administering the program, enhancing overall program operations, and ensuring compliance with federal requirements can be expended with administrative grant funds. State grantees are not required to match the portion of the grant that is used for administrative purposes. The state administrative agency may charge a federally approved indirect cost rate to this grant, but this cost is capped by the limits of these 5 percent administrative funds.

States must certify that VOCA funds used for administrative purposes will not supplant state or local funds but increase the amount of funds available for administering the compensation program. For the purpose of establishing a baseline level of effort, states must maintain documentation on the overall administrative commitment of the state prior to their use of VOCA administrative grant funds. State grantees will not be in violation of the nonsupplantation clause if there is a decrease in the state's previous financial commitment toward the administration of the VOCA grant programs in the following situations:

(1) if serious loss of revenue occurs at the state level, resulting in across-the-board budget restrictions, and

(2) if there is a decrease in the number of state-supported staff positions used to meet the state's effort in administering the VOCA grant programs.

State grantees using administrative funds must notify OVC if there is a decrease in the amount of its previous state financial commitment to the cost of administering the VOCA program. Only staff activities directly related to compensation functions can be funded with VOCA administrative funds. Similarly, any equipment purchases or other expenditures charged to the VOCA administrative funds can be charged only in proportion to the percentage of time used by the compensation program.

B. Allowable Costs.

Allowable administrative costs include but are not limited to, the following:

1. Salaries and benefits for staff and consultant fees to administer and manage the financial and programmatic aspects of the crime victim compensation program. Staff supported by administrative funds under the VOCA crime victim compensation grant must work directly for the compensation program in the same proportion as their level of support from VOCA grant funds. If the staff performs other functions unrelated to the provision of compensation to crime victims, the proportion of time spent working on the compensation program must be documented using some reasonable method of valuation at regular measurable intervals, e.g., time and attendance records. The documentation must provide a clear audit trail for the expenditure of grant funds. Temporary or periodic personnel support, such as qualified peer

Nevada Victims of Crime Program Policies

reviewers for medical and mental health claims, and data processing support services are also allowable. These services may be obtained through means deemed acceptable by state administrative procedures.

2. Training and technical assistance includes attendance at training and technical assistance meetings and conferences that address issues relevant to state administration of victim compensation programs. Allowable costs may include travel, registration fees, and other such expenses.

3. Monitoring compliance with federal and state requirements.

4. Automation, including the study, design, and implementation of claims processing and other relevant systems; purchase and maintenance of equipment for the state grantee, including computers, software, FAX machines, copying machines, and TTYs; and services required to support the use of technology to enhance services to crime victims.

5. Training to victim services providers, criminal justice personnel, and health, mental health and social services providers about the crime victim compensation program.

6. Memberships in crime victim organizations and victim-related informational materials.

7. Prorated program audit costs for the crime victim compensation program.

8. Indirect costs at a federally approved rate that, when applied, does not exceed the 5 percent administrative cost allowance.

9. Participation in improving coordination efforts on behalf of crime victims with other federal, state, and local agencies and organizations. This includes development of protocols, policies, and procedures that promote coordination of victim compensation with other financial and victim service programs that improve responses to crime victims. Such participation includes the development and coordination of criminal crisis response teams.

10. Informational materials including development of applications, brochures, posters, training manuals and other relevant publications that describe the compensation application process, eligibility criteria, and the range of benefits available for crime victims. This includes related printing costs.

11. Development of strategic and financial plans, conduct of surveys, and needs assessments, survey of victim satisfaction with the program, and employment of geographic information systems (GIS) technology for planning.

12. Toll-free telephone numbers, Internet access to claim information, and other such program enhancements.

C. Requirements to Notify OVC of Use of Administrative Funds. State grantees that elect to use administrative funds under the VOCA compensation grant are required to include with

Nevada Victims of Crime Program Policies

their annual application, notification of their intent to use administrative funds, the percentage of funds, and the purposes for which they will be used. Grantees will be expected to include in their annual performance report, documentation of actual use of administrative funds.

*D. Confidentiality of Research Information. Except as otherwise provided by federal law, no officer or employee of the Federal Government or recipient of monies under VOCA shall use or reveal any research or statistical information gathered under this program by any person, and identifiable to any specific private person, for any purpose other than the purpose for which such information was obtained, in accordance with VOCA. Such information, and any copy of such information, shall be immune from legal process and shall not, without the consent of the person furnishing such information, be admitted as evidence or used for any purpose in any action, suit, or other judicial, legislative, or administrative proceeding. This provision is intended, among other things, to assure confidentiality of information provided by crime victims to employees of VOCA-funded victim compensation programs. However, there is nothing in VOCA or its legislative history to indicate that Congress intended to override or repeal, in effect, a state's existing law governing the disclosure of information, which is supportive of VOCA's fundamental goal of helping crime victims. For example, this provision would not act to override or repeal, in effect, a state's existing law pertaining to the mandatory reporting of a suspected child abuse. See *Pennhurst State School and Hospital vs. Halderman, et al.*, 451 U.S. 1 (1981).*

VIII. Financial Requirements

As a condition of receiving a grant, states must agree to ensure adherence to the general and specific requirements of the OJP Financial Guide (effective edition) and all applicable OMB Circulars and Common Rules. This includes the maintenance of books and records in accordance with generally accepted government accounting principles.

For copies of the OJP Financial Guide, call or write the OJP Office of the Comptroller, 810 7th Street NW., Washington, DC 20531, Customer Service Center 1/800-458-0786; or visit the website at: www.ojp.usdoj.gov/FinGuide/ IX. Monitoring A. Office of the Comptroller/General Accounting Office/Office of the Inspector General. The U.S. Department of Justice, Office of Justice Programs, Office of the Comptroller; the General Accounting Office; and the U.S. Department of Justice, Office of the Inspector General, conduct periodic reviews of the financial policies and procedures and records of VOCA state grantees. Therefore, upon request, states must provide authorized representatives with access to examine all records, books, papers, case files, or other documents related to the expenditure of funds received under this grant.

B. Office for Victims of Crime. OVC conducts onsite monitoring in accordance with its monitoring plan. While on the site, OVC personnel review various documents and files including (1) Program manuals; (2) procedures; (3) program reports; (4) claimant application, eligibility requirements, and determination and appeal process; (5) a random sampling of victim compensation claim files; and (6) other applicable state records and files. Grantees are notified in writing of their compliance with requirements of VOCA.

Adopted August 14, 2018

Nevada Victims of Crime Program Policies

X. Suspension and Termination of Funding

If, after reasonable notice to the grantee, OVC finds that a state has failed to comply substantially with the following: VOCA, the state's application for funding, the OJP Financial Guide Crime Victim Compensation Grant Program Guidelines, or any implementing regulation or federal requirements, the OVC Director may suspend or terminate funding to the state and/or take other appropriate action. Under the procedures of 28 CFR part 18, states may request a hearing on the record on the justification for the suspension and/or termination of VOCA funds.

Subject: BOARD OF EXAMINERS **ACTION** ITEM

The following describes an action item submitted for placement on the agenda of the next Board of Examiners' meeting.

DEPARTMENT OF PUBLIC SAFETY – DIVISION OF EMERGENCY MANAGEMENT

Agenda Item Write-up:

Pursuant to NRS 334.010 the Department of Public Safety – Division of Emergency Management requests approval to purchase a replacement vehicle in FY19 for a total amount not to exceed \$31,379.25.

Additional Information:

Funding for the FY19 purchase of a Ram Crew Cab truck was legislatively approved in the amount of \$29,453 (decision unit E711) for FY18. The purchase of the vehicle was approved at the April 2018 Board of Examiner's meeting and the order for the vehicle was initiated by the agency in FY18. However, due to delays in receiving federal funding, completion of the transaction to purchase the vehicle had to be deferred to FY19. The difference between the FY18 budget amount of \$29,453 and the current quoted amount of \$31,379.25 for this vehicle equals \$1,926.25. Funding for this vehicle is a combination of savings of \$15,025.75 realized with the approval of the agency's FY19 SUV replacement vehicle purchase, also being submitted for consideration on the August 2018 BOE agenda, and work program #C43643 to carry forward purchase authority in the amount of \$16,354 from FY18 to FY19.

This vehicle will replace an older field-response vehicle that meets the Purchasing

Division's age and/or mileage replacement criteria and will support the Division's ongoing emergency management and services activities.

RE: Access SecurePak Employment/BOE Approval

After an audit of the current Access SecurePak contract it was found that Nevada Department of Corrections (NDOC) Staffs who work on this contract are not in compliance with AR 355 Employment Secondary Employment, NRS 333.705, nor SAM 0323.

In order to bring the vendor and NDOC back into compliance a memo went out to all Access SecurePak Employees and Access SecurePak on March 9, 2018; advising both the employee and the vendor what steps were needed to bring everyone into compliance.

As of today, Monday, July 02, 2018; all conservation camps with the exception of Stewart Conservation Camp (SCC) and Three Lakes Valley Conservation Camp (TLVCC) have assumed the responsibilities to deliver package program orders to inmates via the commissary. There is seventeen (17) Access SecurePak staff that is still needed to fulfill delivery services for the package program at all the major institutions, SCC, TLVCC, NNTH, CGTH.

Moving forward additional positions are being pursued in the SFY 20-21 budget to combine this function within the commissaries. The earliest the commissaries would be able to assume this function is September 30, 2019.

Attached are twelve (12) requests for your approval to be submitted to the August 2018 Board of Examiners; authorizing staff to continue performing this employment with Access SecurePak while off duty from the NDOC till September 30, 2019.

Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

To: State of Nevada Board of Examiners
From: Rudy Malfabon, Director DocuSigned by: Rudy Malfabon
Subject: Authorization to Contract with a Former Employee – Paul Frost 20180612091415

SUMMARY

Pursuant to the Administrative Manual Section 0323, the Nevada Department of Transportation (NDOT) requests the authority to contract with retired state employee, Mr. Paul Frost. Mr. Frost, retired from state service on May 11, 2018. The CA Group has hired Mr. Frost to fill an engineering position and is requesting to use his expertise in performing a Quality Assurance (QA) review of the bidding documents, specifically a check of quantities for drainage and roads, on Agreement P118-18-015.

BACKGROUND

The Centennial Bowl (US-95 NW Phase 3) will accommodate projected traffic growth; decrease travel times, congestion, idling, and vehicle emissions; improve mobility and safety for the public; and maintain stakeholders' trust. The Centennial Bowl is a proposed system-to-system interchange between US-95 and Clark County 215 (CC-215) in Clark County. It will provide direct connect access between US-95 and CC-215 to enhance local and regional access and mobility, support planned land uses and economic development, and improve efficiency of freight movement.

The goal of this Agreement is to assist the DEPARTMENT in producing an accurate, high quality set of bidding documents prior to the advertisement of the contract.

Through a Request for Proposal (RFP) process, CA Group was selected to perform the required services for the Centennial Bowl in June 2018. The services require expertise of an engineer to perform a QA review of the bidding documents. Mr. Frost recently began his employment with the CA Group in June 2018. Upon his start, CA Group has requested to use Mr. Frost's expertise to assist in the QA review of the bidding documents. Mr. Frost spent over 20 years with the NDOT Road Design Division and brings tremendous value and expertise to this project.

At no time during Mr. Frost's State service was Mr. Frost involved in the RFP procurement and selection of CA Group for the required services for the Centennial Bowl.

RECOMMENDATION

We respectfully request your consideration for approval for NDOT to allow the addition of Mr. Frost to the CA Group team to complete the QA Review of bidding documents associated with the Centennial Bowl, Agreement P118-18-015.

DEPARTMENT OF CORRECTIONS

Agenda Item Write-up:

Pursuant to NRS 353.268, the Nevada Department of Corrections requests an allocation of \$158,000 in Fiscal Year 2019 from the Interim Finance Committee General Fund Contingency Account to fund the re-purposing of existing Department of Motor Vehicles (DMV) IT Equipment.

Additional Information:

Currently, the Disaster Recovery (D/R) sites for the Nevada Department of Corrections (NDOC) are located at the Stewart Complex in Carson City and the nearby Northern Nevada Correctional Center. NDOC is geographically dispersed with seven correctional facilities, nine conservation camps, two transitional housing units, and two administrative centers, one in the north and one in the south. Each NDOC location maintains a separate minimal data center to support autonomous operations in the event the location is isolated from the NDOC network. With the addition of network

bandwidth, these sites could be clustered, constantly in sync, so the recovery-time-from-failure could be measured in minutes, rather than hours or days. The department could move towards a regionalized deployment of its enterprise services from its current centralized topology.

Additional capacity at each location would also be achieved with the addition of the DMV equipment. Instead of using older stand-alone computer towers for the Body Camera project, we could create servers on the network, which would greatly enhance the operational efficiency, eliminate the single point of failure architecture, and provide the desired redundancy.

With the state's standard five year maintenance plan for new equipment, there would be no impact to the budget until the renewals come due in SFY 22/23; the state's equipment replacement standard wouldn't come into effect until the FY24/25 cycle. New expenditure would be incurred by NDOC as the pre-paid license, maintenance, and other services expire.

Subject: IFC Contingency Funds Request

The Department of Corrections is seeking a favorable recommendation from the Board of Examiners to request State Fiscal Year (SFY) 2019 funding in the amount of \$158,000 from the Interim Finance Committee Contingency Fund to fund the re-purposing of existing Department of Motor Vehicles (DMV) IT Equipment. The Department has prepared a single SFY 2019 Work Programs pursuant to this request.

The State of Nevada is being given the opportunity to re-purpose premier equipment for the safety and security of staff, inmates, and the public; paramount driving forces for the Nevada Department of Corrections (NDOC). The NDOC is geographically dispersed with seven (7) correctional facilities, nine (9) conservation camps (We also provide connectivity to NDF at the camps and also to NHP at the Jean Conservation Camp.), two (2) transitional housing units, and the northern and southern administrative centers. Each NDOC location maintains a separate minimal data center to support autonomous operations in the event the location is isolated from the greater NDOC network. This will allow operations to continue with inmate movements, inmate counts, security video and protocols, maintain telephone connectivity, and other responsibilities for safety and security.

The deployment of select DMV equipment will augment the capacity of the current localized data centers. This will enable NDOC to expand the current applications and add applications to the local equipment. This will also provide redundant failover capabilities to eliminate the current single points of failure.

Currently, the Disaster Recovery (D/R) sites for NDOC are located at the Stewart Complex in Carson City and the nearby Northern Nevada Correctional Center. With the equipment from DMV, a true north/south D/R infrastructure could be deployed with the Stewart Complex in the north and the IT office at the Southern Desert Correctional Center in the south. With the addition of network bandwidth, these sites could be clustered, constantly in sync, so the recovery-time-from-failure could be measured in minutes, rather than hours or days. The department could move towards a regionalized deployment of its enterprise services from its current centralized topology.

Additional capacity at each location would also be achieved with the addition of the DMV equipment. Instead of using older stand-alone computer towers for the Body Camera project, we could create servers on the network, which would greatly enhance the operational efficiency, eliminate the single point of failure architecture, and provide the desired redundancy. Future applications like Key Control, Wireless Monitoring and Control, and Shift Scheduling would likewise benefit from this new equipment localized for improved efficiency and autonomy.

With the state's standard five (5) year maintenance plan for new equipment, there would be no impact to the budget until the renewals come due in SFY 22/23; the state's equipment replacement standard wouldn't come into effect until the FY24/25 cycle. New expenditure would be incurred by NDOC as the pre-paid license, maintenance, and other services expire.

Given the substantial discount for IT equipment, the history of successful deployment within NDOC, and the greater good for the state, we hope to receive funding to provide for the transfer of equipment from DMV to NDOC.

Thank you

Subject: BOARD OF EXAMINERS **ACTION** ITEM

The following describes an action item submitted for placement on the agenda of the next Board of Examiners meeting.

DEPARTMENT OF PUBLIC SAFETY – NEVADA HIGHWAY PATROL

Agenda Item Write-up:

Pursuant to NRS 353.268, the Division requests an allocation of \$11,100 from the Interim Finance Committee Contingency Account to cover the cost of providing protective services as requested by the U.S. Secret Service to dignitaries visiting Nevada for the remainder of the fiscal year.

Additional Information:

The Nevada Highway Patrol has provided security/protective service for visiting dignitaries in SFY18 that exceed the Division's FY18 legislatively approved budget for these services. A late visit to Las Vegas in June by President Trump caused the Division to exceed its authorized budget. The table below provides a summary of the agency's expenditures to date, however, due to the late fiscal year visit by President Trump, there may be some outstanding expenditure claims that still need to be processed. The amount requested by the Division takes this in to account and should be sufficient to cover its costs for this service through the close of the fiscal year. The agency has submitted work program C43006, which is associated with this request and provides greater detailed of the resources expended for this service in FY18.

Subject: BOARD OF EXAMINERS **ACTION** ITEM

The following describes an action item submitted for placement on the agenda of the next Board of Examiners meeting.

**DEPARTMENT OF PUBLIC SAFETY – RECORDS, COMMUNICATIONS AND
COMPLIANCE DIVISION (RCCD)**

Agenda Item Write-up:

Pursuant to NRS 353.268 the Division of Records, Communications and Compliance (RCCD) requests an allocation of \$86,398 from the Interim Finance Contingency Account to support the addition of a Management Analyst III position responsible for the operations, development and implementation of the Sexual Assault Kit Initiative/Program (SAKI).

Additional Information:

AB 97 required the Nevada Attorney General to designate a department or division of the Executive Department of State Government to establish a statewide sexual assault forensic evidence kit tracking program. On May 21, 2018 and with the recommendation of the Sexual Assault Kit Working Group, the Attorney General designated the RCCD as the state agency responsible for establishing the program to track sexual assault forensic evidence kits.

To this point the Attorney General's (AG) Office has been overseeing the implementation of the SAKI tracking system. With this designation of the RCCD as the state agency responsible for the SAKI system implementation and operations, the AG Office is prepared to transfer the program to the RCCD.

The RCCD has evaluated the requirements of the task as outline in AB 97 and has indicated that it is willing to take over the management of the program but currently does not have the resources to take over

this task. In support of this request for an allocation from the Interim Finance Contingency Account the division has submitted work program C43367 detailing the estimated costs to support the program through fiscal year 2019. Continued funding for the program will be requested in the agency's 2019-21 biennial budget request.

Memorandum

DATE: June 15, 2018
TO: Nicholas Trutanich, Chief of Staff, Attorney General's Office
FROM: James M. Wright, Director
SUBJECT: "SAKI" Tracking Software

Thank you for the opportunity to discuss the hand-over of the SAKI tracking system to Public Safety, and specifically the Division of Records, Communication and Compliance (RCCD) as it relates to designation of the State Coordinator and AB 97.

As was discussed on Tuesday 6/12/18, RCCD does not have the staff available to immediately take over the RFP and the installation of the program on your behalf. However, RCCD is preparing a work program to request contingency general funds to cover the cost of a program manager. If this position is approved it is possible that it could be filled and take part in the RFP.

It was understood that the Grant received by the AG's office will continue to pay the MSA to coordinate the RFP, and stand up the initial software system. In addition the grant will pay for the software for a period of approximately one year. In addition, Debbie Tanaka would inquire of the granting agency whether or not it is permissible for RCCD to manage the system after it has been stood up and still use the grant funding available. DPS further requests that should any savings to the system are realized the AG's office would request a change order to use the savings to further support the program which may be additional MSA hours.

In the meantime RCCD will continue to work closely with the MSA, and will be represented on the RFP board with two staff members. DPS looks forward to this continued partnership over the next year.

Fiscal Year 2019**

Budget Account's Primary Purpose, Function and Statutory Authority

The Central Repository for Nevada Records of Criminal History is administered by the Department of Public Safety Records Bureau and administers the Nevada Criminal Justice Information System (NCJIS), which serves as the state's clearinghouse for criminal history record information and crime statistics. The system provides information and activities that support a wide variety of public safety interests and functions as the information portal through which law enforcement agencies statewide accesses criminal history record information from the Federal Bureau of Investigation (FBI) and other national and state criminal history databases. The bureau is a member of the Western Identification Network, a regional consortium of eight western states that share fingerprint images and criminal history record information and participates in the FBI's Interstate Identification Index and in the National Crime Prevention and Privacy Compact for the release of criminal history record information for non-criminal justice purposes. The bureau is further designated as the Chief Law Enforcement Official for the purposes of administering the Brady Handgun Violence Prevention Act of 1993.

The repository includes the Uniform Crime Reporting program; the Point-of-Contact firearms program (Brady); the Nevada Domestic Violence Protection Order Registry; the Nevada Sex Offender Registry; the Civil Name Check Program and the Program Development and Compliance Unit. Statutory Authority: NRS 179A and 179D.

Purpose of Work Program

This work program requests the addition of Contingency Fund Appropriation to support the development and implementation of the state's Sexual Assault Kit Initiative/Program pursuant to Assembly Bill 97, Section 1.7.1 of the 2017 Legislative Session. The Department of Public Safety has been designated by the Nevada Attorney General as the state agency responsible for establishing the statewide program to track sexual assault forensic evidence kits.

This work program is contingency upon approval of the division's Interim Finance Contingency request.

Justification

AB97 of the 2017 Legislative Session required the Attorney General to designate a department or division of the Executive Department of State Government to establish a statewide program to track Sexual Assault Forensic Evidence (SAFE) kits for the backlog of over 8,000 kits and future tracking of kits as they are received. The Attorney General, on May 21, 2018, has designated the Department of Public Safety (DPS) as the SAFE kit program administrator. DPS has designated the Records, Communications and Compliance Division (RCCD) as the division that will provide the programmatic requirements of AB97.

During the interim of RCCD taking over complete responsibility of the SAFE kit program, the Office of the Attorney General (OAG) is currently underway with the establishment of policies for collecting evidence and development of a Request for Proposal (RFP) to procure a system to track the status of all sexual assault kits for which a police report has been filed. This system must be established in the state by the year 2021 per mandates of AB97.

This work program requests General Fund Contingency for one full time employee. This employee will be a Management Analyst III position that will be responsible for the daily operations of the SAFE kit program and the system that is procured for tracking the statewide SAFE kits distributed. Additionally, this position will complete all the necessary reporting requirements per AB97, planning and establishing program changes and procedures that will be needed to meet the necessary requirements of AB97 and also for determining if any new personnel and/or associated resources will be required as this program is implemented per the requirements of the bill.

Expected Benefits to be Realized

With the RCCD's designation as the division to oversee this statewide tracking system the expected benefit will be to have staff's involvement at the front-end or establishment and procurement of the tracking system and program operations. Given that this program is moving forward at a considerable pace, currently in the midst of the RFP development process, it would be advantageous for RCCD to have staff on board as soon as possible to gain the knowledge and understanding of the initiative and purpose of the SAFE kit implementation considering their future responsibility and oversight of this program.

The OAG has established several working groups relating to the SAFE Kit Program. It is RCCD's intent to have the incumbent for the MAIII position, if approved, attend these working groups in order to have a complete understanding of all aspects and their future role for this program prior to the transition from OAG to DPS-RCCD.

During a Safe Kit Project meeting on June 12, 2018 the OAG has asked DPS-RCCD to take over the SAFE Kit Program immediately; however DPS-RCCD had to request a delay with assuming any immediate responsibility as RCCD does not have the resources available to dedicate the level of time required to take over complete responsibility and management of this project.

With the addition of the MAIII the division will have a dedicated staff member to build or expand upon the current framework such as program procedures, performance measures, policies already in place and to attend on-going meetings held by the various working groups established by the OAG for the implementation of the SAFE kit program. The division is currently covering these duties with staff who are assigned to other RCCD program areas which causes a hardship on the other division programs.

Explanation of Projections and Documentation

NEBS 2019 Legislative Approved 4709 budget summary report, state fiscal year (SFY) 2019 fund map, NPD 19 for additional position, 9015, proposed organizational chart, NEBS 210 report with associated position costs, NEBS 130 position report, NEBS 990 vendor schedules report, AB97 of the 2017 Legislative Session as passed, and letter of designation dated May 21, 2018 and letter to Board of Examiners requesting Contingency Account Funds dated June 20, 2018.

New Positions: Yes

Summary of Alternatives and Why Current Proposal is Preferred

The current proposal is preferred as it will allow the division to hire staff for the implementation and the transition of the management and oversight of the SAFE kit program as designated by the Attorney General per AB97 of the 2017 Legislative Session. The alternative would be to postpone this request and submit for approval during the 2019 Legislative Session however waiting for this timeframe to submit the work program would not allow the division the ability to have staff in place at the beginning and critical time of this new program during procurement of a software program that they will be managing.

REQUESTS FOR THE ALLOCATION AND DISBURSEMENT OF FUNDS FOR SALARY ADJUSTMENTS

The 2017 Legislature, through Assembly Bill 517 and Senate Bill 368, made appropriations from the General Fund and the Highway Fund to the Board of Examiners to meet salary deficiencies that may be created between the appropriated money of the State's respective departments, commissions, and agencies and the salary requirements for the personnel of those departments, commissions, and agencies. The Board of Examiners, upon recommendation of the Director of the Governor's Finance Office, may allocate and disburse amounts, from the appropriate fund, to the departments, commissions and agencies of the State for the purpose of paying personnel salary deficiencies.

The following department, commission and agency requests for allocations from the General Fund and/or Highway Fund salary adjustment accounts are recommended by the Director of Finance:

0210 Travel Status

Employees in travel status shall receive reimbursement that matches the rates established by the U.S. General Services Administration (GSA) for the employee's primary destination. Maximum per diem reimbursement rates for lodging, meals, and incidental expenses are established by city/county and vary by season. State employees are directed to the GSA's website <http://gsa.gov> and the link "Per Diem Rates" under the "Travel" drop-down menu to locate the most current rates. Employees may receive reimbursement for breakfasts even though continental breakfasts are provided. Employees shall not claim full meals furnished to them during a conference, meeting, or other work function on their reimbursement request. Employees may not claim full meals if a meal is offered as part of a conference, meeting, or other work function even if the employee does not consume the meal offered.

For out-of-state travel, employees are required to submit a Travel Request for approval prior to making any travel arrangements.

Upon approval of the department head, agencies may make exceptions to the rate of reimbursement for lodging when the following applies:

1. Lodging is procured at a prearranged place such as a hotel where a meeting, conference or training session is held; or
2. Costs have escalated because of special events; lodging within prescribed allowances cannot be obtained nearby; and costs to commute to/from the nearby location exceed the cost savings from occupying less expensive lodging.
3. If the condition(s) above exist, agencies may apply the following rules to the rate of reimbursement for:

In-State Travel

1. 150% of the standard Continental United States (CONUS) federal per diem rate for non-surveyed sites, or

Out-of-State Travel

1. 175% of the federal per diem rate for surveyed out-of-state sites; or
2. 300% of the standard CONUS federal per diem rate for non-surveyed out-of-state sites.

0236 Mileage Allowance for Moving

In addition to the allowances for moving household goods, an agency may pay one-way personal vehicle mileage from the old to the new place of residence for a maximum of two personal vehicles. The actual miles travelled are reimbursable at the rate established by GSA for relocation.

2	Provide a description of work/services to be performed or commodity/good to be purchased:
	<i>This is a new contract to conduct a rigorous industry research study and provide an updated baseline for crafting a state-wide economic growth agenda for Nevada. This study is intended to provide an authoritative, action-oriented analysis of the composition, performance, and prospects of Nevada's key and emerging industries. The contractor will provide a set of deliverables including: full report on performance of the past State Plan for Economic Development, forward-looking analysis and recommendations regarding industry cluster and economic foundations; comprehensive analytical report and recommendations related to target industry sectors; and final strategy for target industry sector development.</i>

3	What are the unique features/qualifications required for this service or good that are not available from any other vendor:
	<i>This vendor was contracted by the Secretary of State's Office in 2011 to conduct the baseline study for a state-wide economic growth agenda for Nevada. That study was utilized by GOED to develop their 5-year state plan. The vendor possesses the proven expertise, along with their knowledge of the state of Nevada at the local and state level, that will allow them to thoroughly review the state through the lens of the past study to determine how successful the state has been at tackling the key economic challenges previously identified. In addition, based on the vendor's quantitative and qualitative methodologies used in the first study, this vendor is uniquely situated to provide another forward-looking analysis of Nevada's economy and workforce and outline a new successful economic development agenda.</i>

4	Explain why this service or good cannot be competitively bid and why this purchase is economically only available from a single source:
	<i>It is imperative to have continuity between the baseline study and the new study. Contracting with the same vendor will help with the long-term view and will be more efficient as the new study becomes a 2.0 version of the original plan vs. starting from scratch. The agency anticipates receiving another quality study that will be used to move Nevada forward in diversifying and strengthening the state's economy.</i>

5	Were alternative services or commodities evaluated? Check One.	Yes:	<input checked="" type="checkbox"/>	No:	<input type="checkbox"/>
	a. <i>If yes, what were they and why were they unacceptable? Please be specific with regard to features, characteristics, requirements, capabilities and compatibility.</i>				
	<i>Other vendors were contacted and draft proposals were received ranging from \$750K to \$2M. However, the knowledge gained by the vendor who conducted the initial study will be most beneficial to the state in the form of cost effectiveness (the current request combined with the cost of the initial study is \$325K), fiscal responsibility and very importantly will provide the needed continuity and consistency across the studies by using like methodologies with research and analysis.</i>				
	b. <i>If not, why were alternatives not evaluated?</i>

SUBJECT: ConvergeONE Service Contract

DATE: June 19, 2018

This is a request for a retroactive start date of June 19, 2018 for the ConvergeONE Service Contract for network analysis at four (4) locations. 2	<p>Provide a description of work/services to be performed or commodity/good to be purchased: <i>To provide the Nevada Department of Education access to the statewide version of the Infinite Campus Student Information System. The State version of Campus synchronizes required data elements between the District Editions and the State Edition. The Campus system is the sole source of student data that is used by the Department for State and Federal accountability.</i></p>
---	---

3	<p>What are the unique features/qualifications required for this service or good that are not available from any other vendor: <i>Infinite Campus is a student information system that is used in every Public School and Charter School. The system has been mandated by the Superintendent of Public Instruction to be used for the purposes of collecting and reporting student information to the Department's Student Accountability Information Network (SAIN) as required in NRS 385A.810.</i></p> <p><i>There are other student information system vendors that offer similar products but the decision was made per NRS 385A.810 that Campus would be the system used in Nevada. Since the product had already been selected through the competitive bid process in both Washoe and Clark County school districts and was approved for purchase by the State Public Charter School Authority there was no other option.</i></p> <p><i>The fact the Infinite Campus product was previously approved by the Purchasing Division for purchase and did not require a Solicitation Waiver due to the provisions in NRS 385A.810 allowed the state to implement the statewide solution. This implementation allowed the Department to consolidate our data collection and reporting methods and improve the quality and accessibility of student data. Failure to uphold this decision will result in the Department soliciting the contract. Should another vendor be chosen, the statewide system will have to be dismantled as the Campus State Edition is the only product available that integrates with the Campus District Edition.</i></p>
---	---

4	<p>Explain why this service or good cannot be competitively bid and why this purchase is economically only available from a single source: <i>Per NRS 385A.810, the State Superintendent of Public Instruction has the authority to dictate the information system used to collect and report State required data fields for the Student Accountability Information Network (SAIN). The Superintendent selected the Infinite Campus product for the Nevada Student Data System (Effective July 1, 2014). This decision was reaffirmed by the selection through a competitive bid process performed by Washoe County, Clark County, and the State Public Charter Schools as the student information system that best meets their needs.</i></p> <p><i>This product cannot be competitively bid as there is no other product that interfaces directly with Infinite Campus District Edition and since all districts and charter schools use Infinite Campus and have individual contracts to continue the use of Infinite Campus, there is no other off the shelf solution that will allow the Department to continue the operation of a statewide information system.</i></p>

	<p>a. <i>There were three other products in use in Nevada by Washoe, Clark and the SPCSA. There is no other off the shelf State level student information system that interfaces with the District Editions of Infinite Campus, therefore the state has no better option than to utilize Infinite Campus State Edition for the collection and reporting of State and Federal information.</i></p>

7	What are the potential consequences to the State if the waiver request is denied and the service or good is competitively bid?	
	<p>Infinite Campus is a cloud based, proprietary software product only available through the vendor.</p> <ul style="list-style-type: none"> Should this solicitation waiver not be approved, all student, school, and district data will be disrupted at the state level. The Department will be unable to meet ANY of its State or Federal reporting requirements. There will be no Nevada Report Card, no Nevada School Performance Framework, no Growth Model and no data available for ad-hoc reporting or public information requests as all of these systems and processes are dependent on the data we receive through Infinite Campus State Edition. Without this product, the Department would not be able to meet State and Federal data collection and reporting requirements for any of our 480,000 students. Student data would no longer synchronize between district and state requiring additional development or new products to be purchased to collect and report student data. A competitive process resulting in the selection of another product would require the state to go through a full system conversion. The costs associated with implementing a new student information system would result in millions of dollars in implementation costs over and above the cost of the product itself. The initial implementation costs for the State Edition of Campus exceeded \$1 million dollars. Total implementation costs and related expenditures approached 10 Million. If the State was unable to maintain the State Edition of Campus, the state would no longer have a fully integrated statewide system. This would result in the need to develop custom data 	

	<p>collection routines for each of the public school districts and charter schools. This would be a giant step backwards for Nevada and result in additional costs associated with maintaining multiple custom data collection methods.</p> <ul style="list-style-type: none"> • The Department would be unable to calculate Average Daily Enrollment and would be unable to make DSA payments to districts and charters. • The Department would not be able to determine the number of students in special populations like Gifted and Talented, English Language Learners, Free and Reduced Lunch or Special Education and could no longer report on those populations. • Districts would be forced to enter into new contracts with Infinite Campus that were not protected by a statewide contract and would be subject to individual price increases. If the state's contract with Infinite Campus does not continue, the Superintendent's decision to utilize Infinite Campus as Nevada's student information system would be moot as the statewide system is dependent on the State Edition.
--	--

	<p>What efforts were made or conducted to substantiate there is no competition for the service or good and to ensure the price for this purchase is fair and reasonable?</p> <p><i>In 2009 Washoe County initiated a RFP process to replace their district's student information system. Through the competitive bid process, Washoe selected Infinite Campus. In 2014 Clark County initiated a RFP process to replace their student information system. Clark County, through the competitive bid process, selected Infinite Campus. The State Public Charter School Authority also decided to replace their student information system with Infinite Campus and used Washoe and Clark's RFP results as justification for selecting the Campus product. Washoe, Clark and the SPCSA make up 89% of the total student population in Nevada. Due to the fact Campus was the system of choice for almost 90% of our total student population, the decision was made by the Superintendent to make Infinite Campus the statewide system.</i></p> <p><i>The RFP process conducted by Washoe and Clark as well as the SPCSA decision to use Campus and the Superintendent's statewide mandate has solidified the fact that Campus is the product of choice and the State contract has ensured the state as well as all our schools are getting the product at a fair and reasonable price. Because of the statewide buying power, Nevada has been able to keep the cost of the product at the same level as when we initially purchased and has been successful in negotiating reduced pricing for new add-on products being offered by Campus.</i></p>

9	<p>a. <u>If yes, please provide details regarding future obligations or needs.</u></p> <p><i>There are no future obligations outside the scope of the current contract. MEMORANDUM

TO: James Wells
Clerk of the Board of Examiners
Governor's Finance Office – Budget Division

THROUGH: Susan Brown
Budget Analyst, Governor's Finance Office – Budget Division

FROM: Andrea Osborne 
Administrative Services Officer 3, Business and Support Services Division

SUBJECT: Request for Retroactive Contract with Infinite Campus, Inc.

This memorandum serves as a request for retroactive approval to July 1, 2018 on a contract with Infinite Campus, Inc. Due to contract negotiations taking longer than anticipated, the deadline for the June Board of Examiners meeting was missed. Upon submittal to and review by the Governor's Finance Office (GFO) the long term contract was disallowed and the Department of Education was advised by both the GFO and the Purchasing Division that a new shorter term contract instead be submitted. Because of this, the time it took to obtain a new approved Solicitation Waiver Justification and Request Form caused the July Board of Examiners meeting to be missed.

In the future the Assessment, Data, and Accountability Management office of the Nevada Department of Education will allow for more time for a negotiation period.

Failure to approve the retroactive contract would result in the Department of Education and the Districts not having access to the Nevada Students Information system provided for by Infinite Campus.

We appreciate your consideration in this matter.

To: Board of Examiners
From: Jeffrey Kintop
Date: June 27, 2018
Re: Retroactive start date, EBSCO comprehensive statewide databases for Nevada Libraries

The Nevada State Library, Archives and Public Records (NSLAPR) has provided high quality, trusted information to Nevada residents through statewide comprehensive databases for nearly 20 years. NSLAPR, working closely with State Purchasing, issued a new database RFP this spring. The evaluators were library professionals, selected from school, academic, and public libraries throughout the state (from UNLV to Washoe Schools to White Pine County). With such a large contract, it was vital that we get everything about this new RFP right and that we have this group of librarians actively participate in the evaluation process. They are on the frontlines of library service, they have a thorough understanding of the information needs of their communities, and they are our best resources to ensure that the database selected will be effective and useful. Unfortunately, coordination of this far ranging group of evaluators caused unforeseen delays in the evaluation process.

The current comprehensive statewide database contract expires June 30, 2018. NSLAPR is asking for a retroactive start date of July 1, 2018 for the new contract in order to ensure that there is not a six-week gap in service. Without a retroactive start date, libraries would have no resources to fill the information gap and the public wouldn't be able to access any of the research articles or trusted information sources that they've come to rely upon. It would be in the best interest of Nevada residents to ensure continuity and no gap in service.

MEMORANDUM

TO: James Wells, Director
Governor's Finance Office

THROUGH: Richard Whitley, MS, Director
Department of Health and Human Services

FROM: Dena Schmidt, Administrator 
Aging and Disability Services Division

SUBJECT: Request for Approval for Retroactive July 1, 2018, Start Date for Lyon County Revenue Contract

This memorandum requests the above referenced Aging and Disability Services Division (ADSD) revenue contract with Lyon County be approved for a retroactive start date effective July 1, 2018. This contract requires this retroactive start date for the State's obligation to continue to provide services and ensure continuity of care to children.

This revenue contract is for reimbursement to ADSD for the non-federal share of funding as payment for children's services per NRS 435.010. The critical nature of these services and NRS 435.020 obligate the State to continue to provide needed support services and service coordination for residents with intellectual and developmental disabilities.

ADSD has been collaborating with its State agencies and the counties to finalize contract language to meet the needs and contractual obligations for all parties.

Thank you for your consideration.

Dena Schmidt, Administrator
Aging and Disability Services Division

RE: Las Vegas Fire and Rescue

This memorandum requests that the above subject contract be approved for a retroactive start date effective October 1, 2015. The contract requires a retroactive start date to allow the State to pay the Fire Districts for services rendered. This contract was delayed due to the approval of the State Plan Amendment. The county required more time to submit cost reports to DHCFP's financial statement auditor so that they can be audited for accuracy and submitted to the agency for payment. The final payment is used by the agency to calculate the projected budget for the contract term. The retroactive start date reflects the lag time in cost reports submitted to the vendor and in turn submitted to the agency for payment and budget projections

SUBJECT: TIR Approval: **Laboratory Information System**

The TIR and supporting documentation for the *Laboratory Information System* project for the Division of Public and Behavioral Health (DPBH) have been reviewed and approved.

The *Laboratory Information System* project requests funding to procure a new system to support the recent implementation of onsite medical laboratory testing at Southern Nevada Adult Mental Health Services. Laboratory testing was previously done by a contracted testing provider.

EITS Impact: None (vendor hosted)

It is expected that this effort will follow the existing agency and State security policies. The Office of Information Security (OIS) (InfoSec@doit.nv.gov) will ensure maximum security through guidance related to system architecture and the establishment of proper security controls. Please work with OIS to assure that proper security provisions are included in RFPs and vendor contracts. They are available to review any controls and provide guidance on protecting critical and personally identifiable information.

If funded, please be sure to consider how the implementation of this system will affect the workflow of state data and the related records responsibilities of agency personnel. If you

have questions regarding this or wish to receive a sampling of the types of RDAs that will be affected by this implementation please contact the State Records Manager, Nevada Library and Archives at records@admin.nv.gov.

Also, please be aware that requirements for additional bandwidth may result in the agency being placed in a different cost tier for communications services. If you have any questions, or if EITS Planning can be of any further assistance, please feel free to contact the helpdesk at 684-4333.

2	<p>Provide a description of work/services to be performed or commodity/good to be purchased:</p> <p><i>Southern Nevada Adult Mental Health Services (SNAMHS) developed an onsite medical laboratory testing solution to improve patient care and reduce laboratory expenditures. The current process lacks seamless integration into the existing Division of Public and Behavioral Health's (DPBH) electronic health record (EHR), a proprietary suite of applications called myAVATAR.</i></p> <p><i>Netsmart Technologies will configure, implement and maintain an integrated Laboratory Information System (LIS) to automate and streamline patient reporting. This automation will reduce potential for errors in the manual processing that is used today.</i></p> <p><i>The following services and licensing are included in this request:</i></p> <ul style="list-style-type: none"> • <i>Project management</i> • <i>Licensing for the Laboratory Information System (LIS) application</i> • <i>Lab user licenses (4)</i> • <i>Implementation</i> • <i>Training and documentation</i> • <i>Bi-directional interfaces (HL7) to Netsmart's proprietary suite of applications including myAVATAR (EHR) and RxConnect (Pharmacy dispensing)</i> • <i>Annual support and hosting costs</i>
3	<p>What are the unique features/qualifications required for this service or good that are not available from any other vendor:</p> <p><i>Netsmart has a comprehensive suite of solutions and services that further extends the connectivity, interoperability and functionality designed and tailored specifically for behavioral health agencies. The suite of solutions is proprietary and, as such, a comprehensive, secure, cost-effective and seamless integration of the existing electronic health record (DPBH myAVATAR) and a laboratory information system from another company cannot be achieved.</i></p> <p><i>Netsmart has successfully implemented laboratory information systems with myAVATAR integration at other state hospitals including Oregon, North Dakota and Wyoming.</i></p>
4	<p>Explain why this service or good cannot be competitively bid and why this purchase is economically only available from a single source:</p> <p><i>Utilization of a vendor other than Netsmart would require the procurement of an entirely new and comprehensive EHR system. Selecting, coordinating and implementing a new EHR would first require legislative approval and, if approved, would be a massive undertaking involving tremendous budgetary funding, human resources, project management and user re-training. The magnitude of this investment would nullify any return on investment that SNAMHS has gained by implementing their onsite laboratory testing solution and would significantly increase the ongoing biennial budgetary requirements of DPBH.</i></p> <p><i>Using Netsmart to implement the LIS would result in a highly-reduced investment in project budget, familiarization, development, integration, implementation and training. Project risk would be greatly minimized because Netsmart would be performing the integration into their own proprietary products. This inherently reduces system errors and increases patient safety.</i></p>

5	Were alternative services or commodities evaluated? Check One.		Yes:		No:	X
	a. <u>If yes</u> , what were they and why were they unacceptable? Please be specific with regard to features, characteristics, requirements, capabilities and compatibility.					
	b. <u>If not</u> , why were alternatives not evaluated?					
<p>Netsmart created the existing DPBH electronic health record system, myAVATAR, and has previously implemented the integrated LIS solution with other institutions. As a result, Netsmart has proven that they have built, implemented and maintained a comprehensive, unified solution that can be integrated into SNAMHS' existing EHR. Netsmart's intimate knowledge of the software integration process will result in significant savings to the State regarding this project's investments relating to budget, development, implementation and maintenance. Having Netsmart integrate the LIS solution into the existing EHR will also result in a considerable reduction to project risk which, most importantly, increases patient safety and customer satisfaction.</p>

7	What are the potential consequences to the State if the waiver request is denied and the service or good is competitively bid?	
	<p>The Division of Public and Behavioral Health's <u>only</u> option in procuring a laboratory information system that integrates with the Division's existing electronic health record, Netsmart's myAVATAR, is to implement Netsmart's LIS solution. There are no other LIS solutions that integrate with Netsmart's myAVATAR and the existing SNAHMS system.</p> <p>If this waiver request were denied, the amount of time necessary to select a new electronic health record vendor, implement the new electronic health record, re-train staff and then create a new laboratory information system interface would significantly impact several areas of the solution. Most importantly, the project budget would increase significantly, the date of implementation would be pushed out for many years and the staff resources necessary to dedicate to the selection, implementation and re-training would increase tremendously. Additionally, any savings now realized from the implementation of the existing SNAMHS site-based laboratory testing solution would be lost. If SNAMHS were required to revert back to using an outsourced laboratory provider, expensive</p>	

	<i>laboratory services would have to be included in SNAMHS' annual operations budget, staff would experience greater latency in receiving critical lab results and there would be no integration of patient laboratory information with the corresponding myAVATAR patient electronic health record. All of these factors would impede provider care and subsequently negatively impact client care.</i>

	What efforts were made or conducted to substantiate there is no competition for the service or good and to ensure the price for this purchase is fair and reasonable?
8	<p><i>DPBH's existing EHR, myAVATAR, is proprietary to Netsmart. Because there are no other LIS solutions that integrate with Netsmart's myAVATAR, Netsmart would be performing the integration into their own proprietary products.</i></p> <p><i>Costs for Netsmart's professional services are comparable to the State of Nevada's MSA contractor negotiated rates.</i></p>

	Will this purchase obligate the State to this vendor for future purchases? <u>Before selecting your answer, please review information included on Page 2, Section 9 of the instructions.</u>	Yes:	X	No:	
9	<p>a. <i>If yes, please provide details regarding future obligations or needs.</i></p> <p><i>Future obligations include ongoing annual maintenance, support and application upgrade costs.</i></p>

 - b. Describe the impact to the program/services if this work is not started prior to the execution of the agreement:
 - i. BHWP will not be able to report required data as required by the 1992 SYNAR Amendment passed by Congress and the SAPT Block Grant.
 - ii. States not enforcing youth tobacco laws risk losing up to 40 percent of their SAPT funding.
 - c. Explain how the program/bureau will prevent future retroactive requests:
 - i. The Bureau Chief and Health Program Manager will create a tracking mechanism for all current and future contracts to avoid delays in contract preparation, initiation, and execution;
 - ii. The Bureau Chief and Health Program Manager will improve long range planning to include BHWP initiation of the contract well in advance of its due date; and
 - iii. The Bureau Chief and Health Program Manager will improve communication between management and staff regarding the initiation of the contract, and will be mindful of staff turnover.

Re: Retroactive approval of the Interlocal Agreement between the Division of Welfare and Supportive Services (DWSS) and the Eighth Judicial District Court.

The DWSS is requesting a retroactive approval of the above referenced Contract Amendment to July 1, 2018.

This interlocal agreement is to continue Hearing Master and Court Services to enforce child support obligations owed by non-custodial parents to their children as well as locate non-custodial parents, establish paternity, and adjust support orders. DWSS knows that interlocal agreements with the District Courts historically take longer to obtain vendor signatures than other contracts due to the multiple County Commissions and Judicial Judges that need to sign. To negate any delays, DWSS included multiple signature pages, broken out by county, and emailed the documents for signature two months in advance of the June Board of Examiners (BOE) deadline. However, due to the counties timing of commissioner meetings, DWSS did not receive the signed documents back prior to the June deadline.

To ensure the next contract is executed on time, DWSS will send the documents out at least four months in advance of the appropriate BOE deadline.

DWSS is requesting that the contract be approved retroactively to July 1, 2018 in order to ensure ongoing services.

Thank you for your assistance in this matter.

MEMORANDUM

DATE: June 4, 2018
TO: Jeffrey Haag, Administrator, Purchasing Division
FROM: Ross Armstrong, Administrator, Division of Child and Family Services *RA*
RE: DCFS Emergency Contract Request – Sankofa Providers of Nevada, Inc.

An emergency contract with Sankofa Providers of Nevada, Inc. is hereby requested for a period effective June 6, 2018 through June 30, 2019 at an estimated contract value of \$90,000 to provide 24/7 supervision for a youth placed in the specialized facility with the intentions of reducing services, if possible, and eventually transitioning the youth to the Department of Public and Behavior Health Northern Nevada Adult Mental Health Services agency. The 24/7 supervision will include all applicable medication, medication management, treatment and therapy required by the youth.

This youth was originally recommended for an RTC placement (Residential Treatment Center) but was denied several in-state and out-of-state placements. These denials are primarily based on the youths violent and aggressive behaviors. One RTC did accept out of state - Detroit Behavioral Institute, but Medicaid denied it and the denial was upheld in an appeal by citing that "He can be treated at a lower level of care such as in an appropriate correctional placement where he can receive medication and therapy." These denials have left the requested vendor as the only available vendor that is willing to accept the youth, thereby making them unique.

It is critical at this point that a placement be secured for this youth, otherwise the youth will become a permanent resident at our states juvenile justice facility. The youth has been in correctional care at the Nevada Youth Training Center (NYTC) for almost 13 months, 7 months longer than what he was staffed for. The agency has been trying to find a placement for the youth for over 7 months but has failed at every point until just recently finding Sankofa. It has been documented in studies that keeping a youth in a juvenile justice facility beyond 6 months is not beneficial to the youth in terms of avoiding recidivism (US Department of Justice Pathways Study). Furthermore, he has displayed assaultive behavior toward peers and staff at NYTC. While the agency has been moderately successful in assisting the youth to

control his aggressive and assaultive behavior, now that he is 18 years old (June 3rd), he is in danger of escalating to the adult system. Per NRS 63.790, a child may be discharged from a facility upon reaching 18 years of age and a child must be discharged from a facility upon reaching 20 years of age. Therefore, after the youth reached the age of 18, if the youth assaults staff he could be charged as an adult. And if the youth assaults a minor, the agency is required to report the incident as a child abuse case and again the youth could be charged as an adult. Furthermore, reducing length of stay has been a major focus nationwide with OJJDP, and it is especially relevant now with the passing of AB 472. The youth has most definitely reached the point of diminishing returns here; NYTC has provided every service possible to assist youth in transitioning to his life as an adult. Keeping the youth at NYTC any longer will not benefit him and may contribute to future legal difficulties.

In summary, the entire states Juvenile Justice team has agreed that Sankofa is the most appropriate placement for this youth and that the youth could greatly benefit from this programs treatment plan tailored to treat the youth's unique individual needs such as his cyclothymia. Failure to place the youth may result in the youth becoming stagnant in the Juvenile Justice system or the youth being elevated to the states adult system. It also inefficiently uses up resources such as Juvenile Justice facility bed space, which could be better utilized for other youth on the waiting list. Approval of this request will allow the state to place the youth at Sankofa on June 6, 2018, 3 days after the youth turns 18 years of age. A denial and/or requiring this contract to go through the standard RFP process will likely result in this youth not being placed for months. This puts the youth's future in jeopardy because it is likely that the youth will act out during that time and end up in the adult system after the youth turns 18 years old. This immediate placement may prevent that future for this youth. It may also help build a bridge between the states Juvenile Justice agencies and the states Adult Mental Health agencies.

This youth is anticipated to be placed with this vendor for a period of six months but, due to the unpredictable variables such as the youth's behavior, improvements or decline of treatment, it is impossible to predict how long this youth will be placed with this vendor. Although extremely rare, Youth Parole services can continue to the age of 24. This type of service is included as part of the Behavioral and Community Based Related Services in RFQ #2. This vendor will be encouraged to register in the NevadaEPro and respond to that RFQ.

FROM: John Borrowman, Deputy Director Support Services 

DATE: July 10, 2018

SUBJECT: Retroactive Contract CenturyLink Public Communications CETS# 15707

Nevada Department of Corrections respectfully requests approval for the retroactive contract between the Nevada Department of Corrections (NDOC) and CenturyLink Public Communications. NDOC is requesting a retroactive effective date of August 01, 2018, to prevent the interruption of inmate telephone services to the NDOC inmate population.

On December 20, 2017, State Purchasing notified NDOC that they would not approve a solicitation due to inmate telephone services being included in a NASPO Value Point multi-state RFP. NDOC was notified on May 30, 2018 that approved vendors had not been made public and that a Master Service Agreement would not be available yet. As of this date, NDOC does not have the authority to negotiate a new contract with any other vendor. NDOC agrees with the current commission revenue to prevent the potential loss of the vendor and prevent the interruption of a vital service.

The unforeseen delays with the NASPO Value Point multi-state RFP and no authority to do a solicitation left NDOC with insufficient time remaining to submit a completed contract prior to the agency deadline for the July 10, 2018 Board of Examiners meeting.

MEMORANDUM

TO: Bridgette Garrison, Executive Branch Budget Officer I,

FROM: Scott Ewart, Chief of Fiscal Services *Scott Ewart*

DATE: June 22, 2018

SUBJECT: Retroactive Interlocal Contract Board of Regents, NSHE

Nevada Department of Corrections respectfully requests approval for the retroactive contract between the Nevada Department of Corrections (NDOC) and Board of Regents, Nevada System of Higher Education (NSHE). NDOC is requesting a retroactive effective date of July 01, 2017.

Prior to the start of FY18 the NDOC attempted to initiate a contract renewal for ongoing video network infrastructure provided by NSHE within multiple NDOC facilities and institutions. Due to recent changes in NDOC's background check requirements mandated by the Prison Rape Elimination Act, mandatory background checks were requested of NSHE employees prior to entering an institution or facility.

At that time, NSHE was not agreeable to the contract's mandatory background check requirement of their employees. NSHE continued to provide services to the NDOC until it was determined that services would eventually be interrupted without an approved contract.

The Agencies came to a mutually acceptable resolution that met the contract's background check requirement and a contract was successfully facilitated.

The prolonged stalemate between the NDOC and NSHE prevented the timely submission of a completed contract for the prior fiscal year and resulted in missing the deadline for the June 12, 2018, Board of Examiners meeting.

Should you have any questions please contact me at (775) 887-3210 or by email at sewart@doc.nv.gov.

Thank you.

MEMORANDUM

DATE: 7/18/16

TO: Liz O'Brien, Deputy Director, NDOW

CC: Governor's Finance Office
Tom Wolf, Chief IT Manager, Computing, EITS, DOA
Ken Adams, Chief IT Manager, Communications, EITS, DOA
Brian Wilcox, Chief IT Manager, OIS, EITS, DOA
Shannon Rahming, Administrator, EITS, DOA

FROM: Robert Keith, TIR Administrator, EITS, DOA

SUBJECT: TIR Approval: **Licensing Simplification**

The TIR and supporting documentation for the *Licensing Simplification* project for the Department of Wildlife have been reviewed and approved.

The *Licensing Simplification* project requests funding to upgrade two vendor-supported, web-based systems for license sales and the submission of game tag applications, in order to simplify its license structure, thereby enabling more sportsmen and women to enjoy fishing and hunting activities.

EITS Impact: None.

It is expected that this effort will follow the existing agency and State security policies. The Office of Information Security (OIS) (InfoSec@doit.nv.gov) will ensure maximum security through guidance related to system architecture and the establishment of proper security controls. Please work with OIS to assure that proper security provisions are included in RFPs and vendor contracts. They are available to review any controls and provide guidance on protecting critical and personally identifiable information.

If funded, please be sure to consider how the implementation of this system will affect the workflow of state data and the related records responsibilities of agency personnel. If you have questions regarding this or wish to receive a sampling of the types of RDAs that will be affected by this implementation please contact the State Records Manager, Nevada Library and Archives at records@admin.nv.gov.

Also, please be aware that requirements for additional bandwidth may result in the agency being placed in a different cost tier for communications services. If you have any questions, or if EITS Planning can be of any further assistance, please feel free to contact the helpdesk at 684-4333.

	\$70,825.00

2	Provide a description of work/services to be performed or commodity/good to be purchased:
	<ol style="list-style-type: none"> 1. <i>Install inteliWEB proprietary access controls on four (4) exterior doors and include five (5) IP based cameras.</i> 2. <i>Install Radio Room door status monitoring system and Entry Way door annunciation device and incorporate both into the Delta Controls Building Management Control System.</i> 3. <i>Install one (1) network video recorder and two (2) wall-mounted inteliWEB access monitoring systems and connect to Delta Controls Building Management Control System.</i>

3	What are the unique features/qualifications required for this service or good that are not available from any other vendor:
	<i>Automated Temperature Controls, Inc. is the northern Nevada Delta Controls distributor and the regions sole source for inteliWEB building management software. Currently, this dispatch center's existing building control system is driven by Delta Controls inteliWEB enterprise software which was previously installed on the agency's servers and computers. The proposed contract will modify the existing building control system by adding features that will allow access and occupancy data to be collected and used to automatically adjust HVAC system functions as well as add federally mandated emergency dispatch center security features.</i>

4	Explain why this service or good cannot be competitively bid and why this purchase is economically only available from a single source:
	<i>This facilities existing building management system is driven by inteliWEB software which is proprietary to Delta Controls and distributed by Automated Temperature Controls, Inc. Currently NDF has the enterprise version of the inteliWEB software installed on the agency's servers and computers which allows staff to remotely access and control building functions as well as troubleshoot and diagnose problems. NDF currently has two facilities that are exclusively being controlled by inteliWEB software and the agency is requesting funding in the upcoming biennial budget to add this building automation to all its facilities. Additionally, adding additional vendors and equipment would increase costs associated with new equipment, hardware, software, and ongoing maintenance.</i>

5	Were alternative services or commodities evaluated? Check One.	Yes:	<input checked="" type="checkbox"/>	No:	<input type="checkbox"/>
	a. <i>If yes, what were they and why were they unacceptable? Please be specific with regard to features, characteristics, requirements, capabilities and compatibility.</i>				
	<i>Alternative services/commodities were evaluated and it was determined that using Automated Temperature Controls, Inc. would be more cost effective and at a savings of approximately 20%-30% on the overall contract price. Additionally, this contract would reduce the amount of equipment and hardware required to support these two additional building functions while saving space in the already crowded facility.</i>				
	b. <i>If not, why were alternatives not evaluated?</i>				

6	Has the agency purchased this service or commodity in the past? Check One. Note: If your previous purchase(s) was made via solicitation waiver(s), a copy or copies of <u>ALL</u> previous waivers <u>MUST</u> accompany this request.	Yes:	<input type="checkbox"/>	No:	<input checked="" type="checkbox"/>
	a. <i>If yes, starting with the most recent contract and working backward, for the entire relationship with this vendor, or any other vendor for this service or commodity, please provide the following information:</i>				

	Term Start and End Dates		Value	Short Description	Type of Procurement (RFP, RFQ, Waiver #)
			\$		
			\$		
			\$		
			\$		
			\$		

7	What are the potential consequences to the State if the waiver request is denied and the service or good is competitively bid?
	<i>The Division of Forestry will be forced to spend approximately 20%-30% more for adding the additional software and hardware, and be required to find additional space in the facility to house the new equipment.</i>

8	What efforts were made or conducted to substantiate there is no competition for the service or good and to ensure the price for this purchase is fair and reasonable?
	<i>The Division of Forestry, with the assistance of the State Public Works Division, has researched other similar building control systems. It was determined that adding these two new functions to the existing inteliWEB building control system would have less impact to this facility's offices and server room, while also being a substantial cost savings to the State for not duplicating software and hardware. Comparisons also showed competitor's systems were incomparable in both quality and functionality.</i>

9	Will this purchase obligate the State to this vendor for future purchases? Check One.	Yes:	X	No:	X
	a. If yes, please provide details regarding future obligations or needs.				
	<i>In the event the agency would require further services from this vendor in the future, a new approval request may be submitted.</i>

MEMORANDUM

Date: July 9, 2018
To: Andre Urruty, Executive Branch Budget Officer I, Governor's Finance Office
Through: J. Dale Hansen, ASO III, Department of Business and Industry
Through: Laurie Squartsoff, Chief Deputy Commissioner, Division of Insurance
From: Toni Bouas, MA II, Division of Insurance
Subject: Retroactive Contract Memo

This memo is to clarify a request for a retroactive start date on a contract with INS Regulatory Insurance Services, Inc.

On June 29, the Division of Insurance attempted to submit a contract amendment. The amendment would allow INS to continue to work on an examination which is already in progress. The amendment was rejected due to excessive time.

A new contract with this vendor is scheduled to be delivered to the Board of Examiners for an anticipated approval date of August 14, 2018. The vendor is currently working on a multi-state accreditation examination with approximately 15 other states. For Nevada to pull an examiner off of an exam due to a contract termination could have a negative impact on the outcome of the exam and would have significant additional costs if it were necessary to begin the exam again. Failure to continue this exam could also impact the Division's ability to maintain accreditation with the National Association of Insurance Commissioners.

I therefore respectfully request that this attached contract be accepted with a retroactive start date of July 1, 2018.

Thank you for your assistance with this contract. If you have any additional questions, please let me know.

1g	<p>Total Estimated Value of <u>this</u> Service Contract, Amendment or Purchase: \$900,000</p> <p>Up to \$300,000 per year for all 5 Pre-ETS modules and expanding service into additional high schools around the state.</p>
2	<p>Provide a description of work/services to be performed or commodity/good to be purchased:</p> <p><i>The Workforce Innovation and Opportunity Act of 2014 (WIOA) is the primary funding source and administrator of the public Vocational Rehabilitation and Blind Services programs in the United States. WIOA made major changes to Pre-Employment Transition Services (Pre-ETS), specifically Pre-ETS should be provided in an <u>educational setting</u> and can be provided to groups. Finally, under WIOA a minimum of 15% of all service dollars must be spent on Pre-ETS programs. The intent of Pre-Employment Transition Services (Pre-ETS) is to assist secondary education school students with disabilities to transition from school directly into employment, or into postsecondary education, or training that will lead to employment.</i></p> <p><i>The JAGNV program expands the traditional transition services provided to secondary education students with disabilities through the provision of the five key Pre-Employment Transition Services:</i></p> <ul style="list-style-type: none"> • <i>Instruction in Self-Advocacy</i> • <i>Workplace Readiness Training</i> • <i>Job Exploration Counseling</i> • <i>Counseling on Opportunities for Enrollment in Comprehensive Transition or Post-Secondary Educational Programs at Institutions for Higher Education</i> • <i>Work-Based Learning Experiences</i> <p><i>JAGNV is uniquely situated to provide a unified, coherent Pre-ETS program that is approved by the Bureaus of Vocational Rehabilitation and Bureaus of Services to the Blind and Visually Impaired, to all high schools across the state. JAGNV is unique amongst all service providers, in that it is a Nevada-specific nonprofit, whose board is selected directly by the Governor of the State of Nevada. This is extremely important since transition services require coordination of services with school districts and other entities such as regional centers in order to achieve success.</i></p>
3	<p>What are the unique features/qualifications required for this service or good that are not available from any other vendor:</p> <p><i>The mission of the JAGNV program is to help keep young people in high school thru graduation and to provide an array of counseling, skills development, career association, job development and job placement that will result in either a quality job leading to a post-graduation career, post-secondary education or jobs training program. JAGNV is unique, in that it is a Nevada-specific nonprofit, whose board is appointed directly by the Governor of the State of Nevada.</i></p>
4	<p>Explain why this service or good cannot be competitively bid and why this purchase is economically only available from a single source:</p> <p><i>In 2013 the JAGNV non-profit was created by the Governor of Nevada and the Nevada State Legislature with the intent to help keep young people in high school thru graduation and to provide an array of counseling, skills development, career association, job development and job placement that will result in either a quality job leading to a post-graduation career, post-secondary education or jobs training program. The specific Pre-ETS curriculum, which is mandated by WIOA, must be pre-approved by BVR/BSBVI and executed in person in classrooms in public high schools as part of the normal student course load, as part of a larger curriculum model and delivered across the state. All teachers/specialists must be pre-approved by the individual school districts/schools to work on campus and teach students this curriculum as part of a larger employment focused curriculum. Additionally, all teachers/specialists must pass rigorous background checks by the school districts to be present on campus. JAGNV, as governmentally created, quasi-public entity, is the only service provider who can meet these requirements across the state, on a uniform basis.</i></p>

5	Were alternative services or commodities evaluated? Check One.		Yes:		No:	XX
	a. <u>If yes</u> , what were they and why were they unacceptable? Please be specific with regard to features, characteristics, requirements, capabilities and compatibility.					
	b. <u>If not</u> , why were alternatives not evaluated?					
No other provider in the State of Nevada is permitted to provide this program on public school campus, during school hours.						

6	Has the agency purchased this service or commodity in the past? Check One. Note: If your previous purchase(s) was made via solicitation waiver(s), a copy or copies of <u>ALL</u> previous waivers <u>MUST</u> accompany this request.				Yes:	XX	No:	
	a. If yes, starting with the most recent contract and working backward, for the <i>entire</i> relationship with this vendor, or any other vendor for this service or commodity, please provide the following information:							
	Term Start and End Dates		Value	Short Description	Type of Procurement (RFP#, RFQ#, Waiver #)			
	1/17/17	6/30/18	No Limit	JAG Nevada	Provider Agreement			
	7/1/16	6/30/19	\$750,000	Jobs for America's Graduate Program	Waiver# 160602			
	7/1/14	6/30/15	\$750,000	Jobs for America's Graduate Program	Waiver# 140407			
	7/13/12	6/30/14	\$1,308,390	Jobs for America's Graduate Program services provided by Community Services Agency	Waiver (email)			
		\$						

7	What are the potential consequences to the State if the waiver request is denied and the service or good is competitively bid?
	The JAGNV program will not be able to deliver the Pre-ETS program to Nevada's schools or disabled students. Also, JAGNV will not be able to contribute towards high school retention and graduation rates as mandated by the Governor.

8	What efforts were made or conducted to substantiate there is no competition for the service or good and to ensure the price for this purchase is fair and reasonable?
	The efforts to identify complete service providers, for JAGNV purposes, would be futile as none exist that could provide the workforce development programs as prescribed and overseen for compliance of Jobs for America's Graduates (JAG) accreditation standards. As stated above, JAGNV is a Nevada specific non-profit corporation, with a board of directors that are appointed by Nevada's Governor. The premise of this Nevada specific program is to implement and deliver a unique research-based multi-intervention program to support retention, academic remediation and enhancement graduation, placement assistance, and follow-up services to you people who are most at risk by assisting them successfully transition to employment and/or post-

	<i>secondary education.</i>
--	-----------------------------

	Will this purchase obligate the State to this vendor for future purchases? <u>Before selecting your answer, please review information included on Page 2, Section 9 of the instructions.</u>	Yes:	XX	No:	
9	a. <i>If yes, please provide details regarding future obligations or needs.</i> <i>If federal funding is available in the future, a new contract will be considered, if performance and outcomes are satisfactory.</i>

II. JUSTIFICATION

7. What conditions require that this work be done?

The Silver State Health Insurance Exchange (SSHIE) currently operates as a State Based Marketplace using the Federal Exchange (SBM-FE). Eligibility and enrollment functions are provided by healthcare.gov, while marketing, outreach, plan certification, in-person assister training, and broker certification functions are carried out by the Exchange. However, changes to the Centers for Medicare and Medicaid Services' (CMS) user fee structure--which increased from 1.5% of pre-subsidized marketplace premiums in 2017 to 2% in 2018, and will grow to 3% in 2019--will adversely impact the Exchange's continued fiscal solvency. Therefore, SSHIE will work with GetInsured to transition to a State Based Marketplace (SBM) to ensure continued fiscal solvency while still fulfilling the statutory requirements under the Affordable Care Act.

8. Explain why State employees in your agency or other State agencies are not able to do this work:

State employees do not have the expertise necessary to transition SSHIE from an SBM-FE to an SBM.

FROM: Robert Keith, TIR Administrator, EITS, DOA

SUBJECT: TIR Approval: **Health Insurance Exchange Business Operations Solution**

The TIR and supporting documentation for the *Business Operations Solution* project for the Silver State Health Insurance Exchange have been reviewed and approved. This is a revised TIR that was originally submitted on 9/20/12.

The *Business Operations Solution* project is fee funded for FY18-19. The purpose is to procure a cloud-based Health Insurance Exchange system and a customer call center, as part of the federal Affordable Care Act of 2010.

EITS Impact: A probable increase in network usage.

It is expected that this effort will follow the existing agency and State security policies. The Office of Information Security (OIS) (InfoSec@doit.nv.gov) will ensure maximum security through guidance related to system architecture and the establishment of proper security controls. Please work with OIS to assure that proper security provisions are included in RFPs and vendor contracts. They are available to review any controls and provide guidance on protecting critical and personally identifiable information.

If funded, please be sure to consider how the implementation of this system will affect the workflow of state data and the related records responsibilities of agency personnel. If you have questions regarding this or wish to receive a sampling of the types of RDAs that will

be affected by this implementation please contact the State Records Manager, Nevada Library and Archives at records@admin.nv.gov.

Also, please be aware that requirements for additional bandwidth may result in the agency being placed in a different cost tier for communications services. If you have any questions, or if EITS Planning can be of any further assistance, please feel free to contact the helpdesk at 684-4333.

2	Provide a description of work/services to be performed or commodity/good to be purchased:
	Utilize Gartner's specialized expertise for the State of Nevada, including but not limited to the Chief Information Officer, Office of Procurement as well as the ERP Project per agreement. Numerous agencies in the state use Gartner's professional and niche IT research to make quality decisions for all IT projects and support as they are a third party that ranks vendors based on determined criteria.

3	What are the unique features/qualifications required for this service or good that are not available from any other vendor:
	Gartner's depth and breadth of experience in consulting services and large IT project oversight, as well as procurement and contracting processes, is a unique qualification. Gartner is able to offer a unique team of senior consultants with the required experience. Gartner can provide the IT staffing able to leverage the necessary tools and applications. There is a critical need for continuity of support and Gartner possesses the specifics relating to the current DoFA IT projects and initiatives necessary to provide the seamless support required. Gartner's IT advisory services cover the full range of IT issues from applying technology to state of Nevada's business of serving its constituents to following major trends in IT, to managing and measuring the states infrastructure. Gartner is the top IT research house for all things to do with IT staffing requirements, projects and contracting of these goods and services. Gartner has been dedicated to IT since it began in 1979, those 37+ years of experience doing IT research has made them the largest and most respected source of analysis in IT. Gartner hires very knowledgeable staff with an average experience level of 17 years in technology to do the research and to help guide their customers while making important decisions. Their information is invaluable when making decisions expending tax payer funds. They uniquely provide unbiased research to determine best practices and will use that information to guide us in these projects.

4	Explain why this service or good cannot be competitively bid and why this purchase is economically only available from a single source:
	It was determined to be unfeasible to conduct an RFP as other firms do not offer the same experience and expertise as Gartner when it comes to IT. They have the uniqueness of doing more IT research than any other firm. They then can utilize that knowledge from their research into best practices and work with us to instill those best practices into our IT projects, there is no other firm that can turn their research into guidance.

5	Were alternative services or commodities evaluated? Check One.	Yes:	<input checked="" type="checkbox"/>	No:	<input type="checkbox"/>
	a. <i>If yes, what were they and why were they unacceptable? Please be specific with regard to features, characteristics, requirements, capabilities and compatibility.</i>				
	Other research and consulting firms were explored however Gartner's unique skill set in IT and IT procurement sets them apart from other research and advisory firms.				
	b. <i>If not, why were alternatives not evaluated?</i>				
	Gartner is very specialized in what they provide the State of Nevada and no other companies can provide the same level of knowledge and expertise.				

6	Has the agency purchased this service or commodity in the past? Check One. Note: If your previous purchase(s) was made via solicitation waiver(s), a copy or copies of <u>ALL</u> previous waivers <u>MUST</u> accompany	Yes:	<input checked="" type="checkbox"/>	No:	<input type="checkbox"/>

7	What are the potential consequences to the State if the waiver request is denied and the service or good is competitively bid?
	Without this agreement the state would not have access to the appropriate expertise to help deliver current and future IT projects what support State business needs and citizen services. We would not have access to the best practice approach based on unbiased research, instead we will have a very biased approach based on the vendor. This will not allow us to develop the best practices for project management to utilize on various projects if we do not use this vendor for the contract.

8	What efforts were made or conducted to substantiate there is no competition for the service or good and to ensure the price for this purchase is fair and reasonable?
	Extensive research was done on Forester, IBIS World and other research and advisor firms and Gartner was determined to be the only firm offering the specific IT experience with the staffing that understands the best practices based on the successful implementation not on a specific vendor, this is what the state needs. Gartner has been in business since 1979 specializing in IT research and is the largest and most respected company doing this research. We need to implement best practices for all projects and implement a repeatable approach to projects, not a one off approach. The repeatable processes we will be creating will make other projects successful.

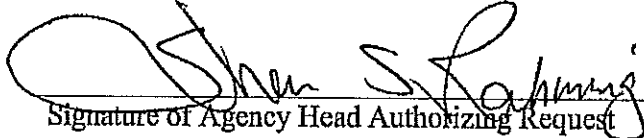

9	Will this purchase obligate the State to this vendor for future purchases? <u>Before selecting your answer, please review information included on Page 2, Section 9 of the instructions.</u>	Yes:		No:	X
	a. <i>If yes, please provide details regarding future obligations or needs.</i>				
	We are not obligated for future purchases however I would expect we will continue to need Gartner services until a time comes that there is suitable alternatives.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

Jeffrey Haag
Administrator State Purchasing

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

Division of Public and Behavioral Health

SUBJECT: Authorization to Contract with Current State Employee – Dr. Gregory P. Brown and Dr. Michelle G. Paul

In accordance with subsection 4 of NRS 333.705, the Division of Public and Behavioral Health (DPBH) is contracting with Dr. Gregory P. Brown and Dr. Michelle G. Paul for a period of less than four months. It has been determined an emergency exists which necessitates this contract. This information is being submitted for review by the Board of Examiners, as required.

The Division of Public and Behavioral Health (DPBH) has an increasing demand for forensic evaluations at Rawson-Neal Hospital RSU (Rapid Stabilization Unit) and Stein Hospital forensic units. Forensic psychiatry/psychology is in its infancy and requires specialized skills and experience. Experienced forensic practitioners are scarce making recruitment near impossible. The division is in need of two specialists to provide forensic evaluations to admit patients and expedite prompt restorative treatment.

Dr. Gregory P. Brown is a part time (50%) practicing forensic psychiatrist with the University of Nevada, School of Medicine (UNSON) in Reno. He specializes in competence and forensic evaluations. Dr. Michelle G. Paul is a part time (50%) practicing forensic psychologist with the University of Nevada, Las Vegas (UNLV). Dr. Paul specializes in the same evaluations as the aforementioned Dr. Brown. The universities have agreed that there will not be a conflict in scheduling to perform services for Rawson-Neal and Stein Hospitals.

Please recognize this as a formal emergency request for authorization to contract with current employees, Dr. Gregory P. Brown and Dr. Michelle G. Paul.

Thank you for your consideration in this matter.

There has been great difficulty finding candidates that meet our qualifications and will accept reimbursement paid by the State of Nevada. Recruitment for these positions has been occurring for over 6 months and to date, 1 person has been hired and 1 existing state Psychologist was re-assigned to assist with coverage. Dr. Paul is essential to our ability to complete evaluations in a timely manner to comply with court mandates
e. Document if the individual overseeing or establishing the contract is related to	N/A

the contractor -- if so; explain relationship and why this would not violate NAC 284.750.	
f. List contractor's hourly rate.	\$125 per hour
g. List the range of comparable State employee rates.	There are no licensed forensic psychologist/licensed neuropsychologist positions listed currently in the State. Licensed psychologist rates are: \$32.74 – \$51.81
h. Justify contract rate if it exceeds the maximum employee/employer rate paid for a comparable State position by more than 10 percent.	Her expertise, experience and ability to complete competency evaluations is vital to our ability to complete evaluations in a timely manner. Private practice licensed forensic psychologists/neuropsychologists in the community charge \$240-\$300 per hour. The requested contract rate for Dr. Paul is much less than she could charge privately to complete such evaluations.
i. Identify the date and time the contract work will be performed.	The contract work will be performed on an as needed basis and includes the flexibility to accomplish the duties outside her routine UNLV school hours.
j. Identify the State employee's work schedule.	The contract work will be performed on an as needed basis and includes the flexibility to accomplish the duties outside her routine UNLV school hours.
k. Document the controls that will be in place to ensure contract work will not occur during State work or sick time.	Dr. Paul will be required to utilize a coded key card to enter and exit the units in which she will perform her duties. The contract monitor will pull a random sample of key card records on a monthly basis and review for appropriate use of time
l. Document the justification for hiring contractor.	The State and Southern Nevada Adult Mental Health Services is under a consent decree with the courts to reduce the waitlist for inmates needing to be transferred for competency restoration. The waitlist must reach 0 by March 1 and then we are required to maintain timely transfer inmates, that is within 7 days of the court order. To accomplish these mandates, competency evaluation is an integral part of the system. Once an individual is placed in the custody of our hospital, multiple competency evaluations are required to determine their status and whether the patient will be recommitted or discharged back to the jail.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

Jeffrey Haag

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

To: Jim Wells, Director, Governor's Finance Office
From: Jeffrey Haag, Administrator State Purchasing
Date: June 11, 2018
Subject: Retroactive Memo

Pursuant to the Governor's Finance Office, Budget Division's all agency memo #2017-20, dated December 29, 2017, agencies must terminate any active, ongoing Provider Agreements no later than June 30, 2018, regardless of the expiration date of the contract.

Therefore, the Nevada Department of Administration's Purchasing Division, in partnership with the most affected Departments of Health and Human Services (DHHS) and Education, Training, and Rehabilitation (DETR), were charged with developing a new procurement process and executing approximately 400 new contracts representing hundreds of millions of dollars in state spending in six months.

DHHS, DETR and the Purchasing Division have gone to extreme efforts to get as many Provider's as possible to submit a Statement of Qualifications for evaluation and execute contracts by the July 10th, Board of Examiners meeting so that these services for the State of Nevada's most vulnerable citizens would continue without a lapse.

Because of the short deadline allowed to convert these provider agreements to contracts, develop a procedure where there previously was none, and because of the volume of agreements to be converted, we are requesting that these contracts be accepted with a retroactive start date of July 1, 2018.

MEMORANDUM

DATE: June 15, 2018

TO: Clerk of the Board
Board of Examiners (BOE)

FROM: Manny Lamarre, Executive Director
Governor's Office of Workforce Innovation (OWINN)

SUBJECT: RETROACTIVE CONTRACT REQUEST
Clark County School District
Career and Technical Education

RE: *2018-2019 Work-Based Learning (WBL) Grant for Industry Recognized Credentials Subsidization for Nevada High Schools*

The Governor's Office of Workforce Innovation ('OWINN') respectfully requests approval of the attached contract with the Clark County School District ('CCSD'), retroactive to May 15, 2018, in order to implement the *2018-2019 Work-Based Learning (WBL) Grant for Industry Recognized Credentials Subsidization for Nevada High Schools* for the FY 18/19 school year, commencing **August 13, 2018**.

Making the *2018-2019 Work-Based Learning (WBL) Grant for Industry Recognized Credentials Subsidization for Nevada High Schools* available to support the workforce development initiatives of the state is in alignment with the Workforce Innovation and Opportunity Act (WIOA) for are about to enter the workforce, particularly with certifications that aligns to the state's priority industry. The changing labor-market requires more individuals to attain industry-recognized credentials to be successful in the workforce. With this grant, OWINN is supporting Clark County School District's effort to scale the number of students pursuing industry-recognized credentials – particularly high school seniors without the financial ability to pay for credentials.

After CCSD informed OWINN of their application, OWINN needed to develop the budget to fund the program and develop the Scope of Work. During that time, CCSD purchased the credential testing vouchers before the budget and Scope of Work were completed so their students could proceed with testing preparation and scheduling during Summer

2018. To avoid any further delay in the implementation of this initiative, OWINN is requesting BOE approval effective May 15, 2018.

Thank you very much for your consideration of this request.

2	Provide a description of work/services to be performed or commodity/good to be purchased:
	Service for automated bot mitigation.

3	What are the unique features/qualifications required for this service or good that are not available from any other vendor:
	Distil Networks - Prevents Account Takeover, Web Scraping, Denial of Service, and Fraud. Distil Networks are the Global Industry leaders and pioneered bot detection. Distil Networks gives us complete visibility and control over human, good bot, and bad bot website traffic, enabling us to block 99.9% of malicious bots without impacting legitimate users. Distil Networks automatically filters out bot traffic in front of cloud applications without requiring software modifications to web sites or cloud interfaces. Distil Networks uses machine learning to predict when a connection is going to be malicious, and intercepts that traffic. Distil's unique more holistic approach provides a vigilant service, superior technology, and the industry expertise needed for full visibility and control over human, good bot, and bad bot traffic. Reports showing CAPTCHAs served, attempted, and failed. Easy to manage ACLs.

4	Explain why this service or good cannot be competitively bid and why this purchase is economically only available from a single source:
	Distil Networks is the only vendor that specializes in Bot protection for a Content Delivery Network. They have very granular controls, of which the Nevada Secretary of State requires for white-listing automate process by our Private Sector Business Partners.

	a. <i>If yes, what were they and why were they unacceptable? Please be specific with regard to features, characteristics, requirements, capabilities and compatibility.</i>				
	Akamai Technologies, Amazon CloudFront, and Azure CDN services were researched and none of these Content Delivery Networks specialize in bot protection, nor have the amount of control that Distil provides.				
	b. <i>If not, why were alternatives not evaluated?</i>				

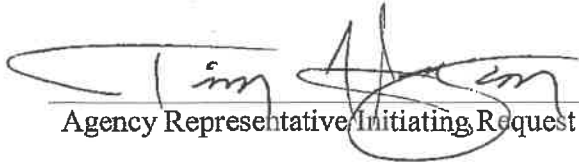

Has the agency purchased this service or commodity in the past? Check One. Note: If your previous purchase(s) was made via solicitation waiver(s), a copy or copies of <u>ALL</u> previous waivers <u>MUST</u> accompany this request.		Yes:		No:	X

7	What are the potential consequences to the State if the waiver request is denied and the service or good is competitively bid?
	Automated web scraping and other attacks on the SOS websites have been prevalent for some time. We have suffered service outages in the past due to systems being overloaded with automated traffic. This may happen during a critical time, such as an election, when our site activity is extra high. Bot protection will stop automated site hits, and allow humans to get through. This will greatly reduce our resource load. From our tests of this product, we saw a 2/3ds drop in traffic, and our servers much more responsive. Without bot protection we may incur more service outages for the public.

8	What efforts were made or conducted to substantiate there is no competition for the service or good and to ensure the price for this purchase is fair and reasonable?
	Research on features provided by other content delivery networks, implementation difficulties, price, and specific bot protection. While all Content delivery networks offer some small level of bot protection, they do not specialize in that service. Content delivery Networks are intended to speed up access to sites, so the specialty service from Distil is more in line with what this agency was looking for.

Will this purchase obligate the State to this vendor for future purchases? <u>Before selecting your answer, please review information included on Page 2, Section 9 of the instructions.</u>		Yes:	X	No:	
9	a. If yes, please provide details regarding future obligations or needs.				
	This is a subscription based service. Also, due to the unknowns of the future, or changes due to legislative session, it could be possible we would need to use this vendor in the future.

**OFFICE OF THE
SECRETARY OF STATE**

MEMORANDUM

To: Lynnette Aaron, Budget Officer
Governor's Finance Office, Budget Division

From: Craig Kozeniesky, Deputy Secretary for Operations

CC: Sheri Hudder, Administrative Services Officer III, Office of the Secretary of State

Date: July 9, 2018

Subject: Request for retroactive start date of contract – Distil Networks

The Secretary of State is the chief election officer of the State of Nevada and the Technology Division (SoSTek) has unique responsibilities to support all of the election IT functions, including cyber defense. Distil Networks is an enterprise-ready technology that has protected many of the world's largest websites and protects billions of dollars of revenue each month and websites with billions of dynamic page requests each month. Distil's Web Security solution has a proven record of Bot Protection services and this requirement has been a top priority for SoS.

SoSTek has been engaged in testing Bot Protection for our web sites due to high volumes of activity by both legitimate partners and those who are not our partners. The non-partner bots that hit our site tend to overload our resources at critical times, and some of these are potential bad-actor threats. After doing research into several Content Delivery Networks, we chose Distil for their focus on bot protection. We have been successful in implementing a proof of concept that has been running for several weeks, thanks to the EITS WAN and F5 team.

SoS and Distil Networks arrived at an 18 month, \$45,000 agreement to ensure advanced protection of SoS websites through this 2018 General Election cycle and into the next cycle. There was about 3 weeks of negotiation on the wording of an amendment of the State contract resulting in Deputy Attorney General (DAG) office approval and Distil Networks concurrence, but also a late submission in FY18.

Given current cyber defense threats and requirements for protection for election processes, Office of the Secretary of State considers this an essential function to provide Bot Defense for Web and Virtual Private Cloud Server. We therefore request that this contract be accepted with a retroactive start date of June 28, 2018.

Thank you for your consideration in this matter.

The contractor will continue to work closely with DHHS and grantees in FY15 to ensure that the plan and payment system are successfully integrated into program activities and that the plan objectives are rolled out as intended. 8	What is the justification to extend the contract term beyond the State's four (4) year re-solicitation policy (SAM 0338):
	The State of Nevada Problem Gambling program consists of several grants that fund Treatment, Prevention, Workforce Development, and Data Collection/Research. These grants are awarded through a competitive process (Request for Applications or RFA) and funds the programs for a two-year grant cycle. We are requesting a one-year extension to this current contract to align it with the current programs RFA and funding cycle. The last Solicitation for this contract resulted in only one response and that was Problem Gambling Solutions. We would then request that the next RFA be released in the Spring of 2019 and funding would be available for state fiscal years 20 and 21. We would then enter into a two-year contract with the selected vendor with an option for an additional two years. This would align contract length with grant funding authority.

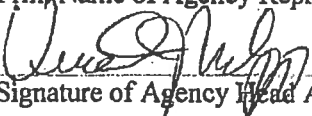

9	What are the potential consequences to the State if the contract extension request is denied?
	If this request is denied, we will request another Informal Solicitation awarding a one-year contract that would end June 30, 2019. This would be done to align the contract with the current grant cycle and then align future contracts with future grant cycle authority through the next RFA process.

By signing below, I know and understand the proposed contract extension exceeds the State's policy pursuant to SAM Section 0338 that contracts be solicited at least every four (4) years, and attest that all statements are true and correct.

MEMORANDUM

TO: Bridgette Garrison, Executive Branch Budget Officer I,
Governor's Finance Office – Budget Division

FROM: Scott Ewart, Chief of Fiscal Services 

DATE: July 23, 2018

SUBJECT: Retroactive Contract Washoe County Sheriff's Office CETS# 20095

Nevada Department of Corrections respectfully requests approval for the retroactive contract between the Nevada Department of Corrections (NDOC) and Washoe County on behalf of Washoe County Sheriff's Office. NDOC is requesting a retroactive effective date of July 01, 2018, to prevent the interruption of ongoing forensic science services to the NDOC Inspector General's Office.

The contract was submitted to Washoe County in May to be placed on the June Board of Commissioners meeting agenda, however, extenuating circumstances required the Board to reschedule their meeting to the last week of June. The rescheduling of the Board of Commissioners meeting delayed the timely submission of a completed contract prior to July 01, 2018.

Should you have any questions please contact me at (775) 887-3210 or by email at sewart@doc.nv.gov.

Thank you.

MEMORANDUM

FROM: Tony Howerton Facility Manager, Southern Region

RE: Emergency Well Contract

On February 18, 2018 the alarms sounded for the well system indicating that a fault was detected with the domestic water well at Valley of Fire. Do to the depth of the well we are unable to work on the pump and motor. Well companies were called with only one being able to respond in a timely matter. Budget drilling was selected and pulled the pump and motor to find that the pump, motor and cable were bad and needed to be replaced. The cable was upgraded to a heavier type of armor coated variety but had to be ordered. The motor and pump were assembled and ready to reinstall when the cable came in. The cable was arrived and everything was assembled and lowered back down the well with no problems. The well was then monitored for several weeks to insure that no problems would arise.

The funds are being asked from Valleys 4605 surcharge.

I was in the process of teaching a couple of coworkers the process of the funds request and memo but had failed to explain that you should always make sure to keep copies. Somewhere between southern region and division the originals have been misplaced and overlooked until now. I have brought this to everyone's attention so that this will not occur again.
