Pursuant to Senate Bill 433, Section 5.2 (a) of the 2009 Legislative Session, the State Board of Examiners has previously determined positions within the Executive Branch of State Government that cannot be subject to furlough leave. Request approval effective July 1, 2010 all prior Board of Examiners approved furlough exceptions be terminated.

**A. Office of the Military  
Department of Conservation and Natural Resources – Division of Forestry  
Department of Employment, Training and Rehabilitation**

**Clerk's Recommendation:** I recommend approval.

**Motion By:** Secretary of State

**Seconded By:** Governor

**Vote:** 2-0

---

**Comments:**

**Governor:** Move on now to agenda item number 5 which is furlough exceptions. Mr. Clerk this is for the Office of Military; Department of Conservation and Natural Resources, Division of Forestry; and the Department of Employment Training and Rehabilitation. I have a copy of the e-mail from Miles Celio to you, with regard to the Office of the Military positions on furlough exceptions; we will make that part of the record Mr. Clerk. Any comments?

**Clerk:** Governor, item 5A is a request that we have had on the last two agendas. The request before the Board today, is a request to terminate the previously approved furlough exceptions by the Board. This would affect the three agencies Governor that you spoke of. I do have the e-mail from the Office of the Military on their item. Within the packet under tab 5A there is also a letter from the Division of Forestry, as well as a letter from the Department of Employment, Training and Rehabilitation describing how they would implement the furloughs within these different divisions. We do have representatives from DETR here who can talk about their item. I believe we have representatives from the Military as well to talk about their item. Governor, I turn it back to you, if the Board has questions I can attempt to answer them or we could bring up the agencies.

**Governor:** Does any member have a question? Does anyone from the Military wish to make a comment for the record? General Burks.

**General Burks:** Sir, for the record General Burks from the Nevada Military Department. The e-mail from Miles Celio to Mr. Clinger spells out our position pretty much. The thing I would like to highlight is that these are for the life, health and safety functions that are currently being requested. With respect to the security forces that brings it up to 75% of the validated requirement. That still does mean that we are accepting risk, personally I think that it is an unacceptable amount of risk, but we can still do the job. With respect to the firefighter positions, these are all civilian positions, unlike the previous firefighters which are all military positions so they could actually be deployed; so when you combine the two, but you are still excepting some risk especially when you look at the mutual support rings that we have at the airport here in Reno. So with the new 9 positions there could be a chance where those other firefighters support the military.

**Governor:** General Burks, understanding that everything we do has some element of risk to it, are you able to complete your goals, obligations, and your duty with the Military with the removal of the furlough exceptions?

**General Burks:** Basically yes. One thing I would also like to say is that these positions which are 100% federally funded it makes no sense, because what we can't do is take that money because of the cooperative agreements they have fixed the number of positions that we can actually have. So if we force the people to take the furlough days we can't hire additional people with the monies that are saved federally. There are fixed by the cooperative agreements with the National Guard Bureau, so that money just reverts back to the national commerce, not saving Nevada's general fund; actually it takes money out of the general fund at about \$20,000 a year for all of the federally funded positions that we have.

**Governor:** Any other questions? Any other comments? Anybody from DETR wishing to add something to the record on their behalf?

**Cindy Jones:** Good morning Governor, members of the Board, my name is Cindy Jones and I serve as the Administrator of the Employment Security Division, and the Deputy Director for the Department of Employment, Training and Rehabilitation (DETR). Excuse my scratchy voice this morning. First, I want to thank the Board for granting the exemptions that they have for the past year, DETR was faced with a historic rise in its work load as a result of the high unemployment rate that Nevada has endured over the last year. At this point our claims loads aren't rising the same way that they had during the previous year so at this point we do believe that we can adequately serve our citizens with removing the furlough exceptions. There may be some minor service impacts however we will still serve our constituents to the best of our ability and do the best that we can to maximize all of our federal funding. We do have flexibility in our federal funding where if we do not spend those funds on payroll dollars we can invest those funds in areas that are best for our infrastructure or add to the positions in order to support our citizens in the work field.

**Governor:** Thank you. Any comments or questions? Hearing none, note for the record the presence of the Attorney General in Las Vegas. Any questions in Las Vegas? Hearing none, what is the pleasure of the Board?

**Secretary of State:** Move for approval.

**Governor:** Moved for approval by the Secretary of State, is there a second?

**Attorney General:** Governor, this is Catherine Masto, I am going to abstain from voting on this one - I wasn't here for the exchange in the background information.

**Governor:** Alright, the Governor will second. Are there any comments or questions with regard to the motion? Hearing none, those in favor signify by saying aye. Let the record reflect two yeas, one abstention, the motion passes.

**\*6. VICTIMS OF CRIME 2010 3RD QUARTER REPORT AND 2010 4TH QUARTER RECOMMENDATION**

NRS 217.260 requires the Board of Examiners to estimate available revenue and anticipated claim costs each quarter. If revenues are insufficient to pay anticipated claims, the statute directs that claim payments must be reduced proportionately. The Victims of Crime Program Coordinator recommends paying the Priority 1 & 2 claims at 100% and Priority 3 claims at 50% of the approved amount for the remainder of fiscal year 2010.

**Clerk's Recommendation: I recommend approval.**

**Motion By: Secretary of State                      Seconded By: Attorney General                      Vote: 3-0**

---

**Comments:**

**Governor:** We will move on to agenda item number 6 which is Victims of Crime 2010 3<sup>rd</sup> quarter report and 2010 4<sup>th</sup> quarter recommendation, Mr. Clerk.

**Clerk:** Thank you Governor. Under NRS 217.260 the Board is to estimate available revenue and anticipated claims costs each quarter in revenues that are insufficient. The anticipated claims statute directs that claim payments be reduced proportionately. The Victims of Crime Program Coordinator recommends paying the Priority 1 & 2 claims at 100% and Priority 3 claims at 50% of the approved amounts for the remainder of fiscal year 2010 based on those estimates. Under tab 6 in your packet you will see the third quarter report along with the Coordinator's recommendation.

**Governor:** Any comments or questions?

**Attorney General:** Governor, I have a question. I don't know if Mr. Nix is there or if Andrew is able to answer this question, on page three of the report when there is the discussion regarding the potential decrease in being able to pay the 3<sup>rd</sup> quarter pay down there is a statement that says the budget department believes that the funds are being paid into the wrong general ledger account, have we made that determination as to our revenue stream decreasing definitely or was there just some budgeting error that needs to be corrected?

**Clerk:** Madam Attorney General, I do know that the revenue projections have decreased and it is not a budget error. We are seeing decreased revenue coming into the program. I am not sure

what the error is I don't know if somebody down in Las Vegas from the Victims of Crime Program would like to comment?

**Rebecca Salazar:** Yes, Rebecca Salazar from Victims of Crime. As you stated Mr. Clinger I don't believe, as far as I know, that it is a budgeting error it is just a shortage of revenue primarily coming in from the court, from the filing fees.

**Attorney General:** So what we are seeing then is a decrease in filing fees from the courts on the court assessments is that correct?

**Rebecca Salazar:** That is correct.

**Clerk:** And, Madam Attorney General, court assessments are down not only for the Victims of Crime Program but also for the other programs and that's just as important as well. - along with Supreme Court...

**Attorney General:** Okay, thank you.

**Governor:** Are there any other questions or comments? Hearing none, what is the desire of the Board?

**Secretary of State:** Move for approval.

**Governor:** It has been moved by the Secretary of State for approval is there a second?

**Attorney General:** I will second the motion.

**Governor:** Seconded by the Attorney General. Any comments or questions with regard to the motion? Hearing none, those in favor signify by saying aye. Let the record reflect that agenda item number 6 has passed the Board.

## **\*7. VICTIMS OF CRIME PROGRAM (VOCP) APPEAL**

Pursuant to NRS 217.117 Section 3, the Board may review the case and either render a decision within 15 days of the Board meeting; or, if they would like to hear the case with the appellant present, they can schedule the case to be heard at their next meeting.

### **A. Sergio Rangel**

Mr. Rangel is appealing the denial of his application for VOCP assistance due to a late filed application.

**Recommendation: The report recommended denial of the appeal.**

**Motion By: Secretary of State                      Seconded By: Attorney General                      Vote: 3-0**

**Comments:**

**Governor:** Move on to agenda item number 7 Victims of Crime Program Appeal. 7A is Sergio Rangel and 7B is Deirdre Masten, Mr. Clerk.

**Clerk:** Thank you Governor. Item 7A, Mr. Rangel is appealing the denial of his application for Victims of Crime Program assistance due to a late filed application. Under tab 7A in your packet you will see the details of this information. Mr. Rangel submitted his application to the Victims of Crime Program on October 29, 2009 for injuries he received in August 2007. His application was denied because it was extended for two years after the date of the crime. NRS 217.210, provides that: "Except as otherwise provided in subsection 2, an order for the payment of compensation must not be made unless the application is made within 1 year after the date of the personal injury or death in which the claim is based, unless waived by the Board of Examiners or a person designated by the Board for good cause shown..." Additionally, according to Mr. Rangel's testimony at the February 4, 2010 hearing before the Appeals Officers, he had no knowledge of the VOCP until October of 2008. However, he did not apply for assistance until October of 2009. The Victims of Crime Program Coordinator recommends that Mr. Rangel's appeal be denied on this date.

**Governor:** Mr. Clerk I assume that there was a lack of good cause for waiving by the Board the statute of limitations, is that what you were saying in terms of...other than not knowing that there was an existing VOCP?

**Clerk:** That is correct. According to the victims testimony at the hearing he had no knowledge of the Victims of Crime Program until October of 2008, however he didn't file his application for another year after that day, October 2009.

**Governor:** Are there any other questions from any member of the Board?

**Secretary of State:** I do, I had a concern. Mr. Rangel was in a night club he was approached by the bathroom attendant to go and get security. The security officers arrived and escorted them out of the restroom and never asked why. Later he was jumped outside by the four men while hospitalized he immediately reported the offence. He is a veteran and so believed that his hospital bills would be paid by the Veterans Affairs. The hospital than contacted him and indicated that the bills were not being paid it was at that point that he learned about the VOCP. In his statement he disputes of when he actually learned of the VOCP he says he actually learned of the program late 2009. Even at the hearing the VOCP representative on page 32 of the packet indicates that if Mr. Rangel would have provided the paperwork from the VA that they essentially would have waived it. The Appeals Hearing Officer had indicated based upon those statements would continue the hearing in two weeks for him to submit the paperwork. After that the fact that there is no record of what took place just simply a letter of denial sent out to Mr. Rangel on November 3, 2009. I called Bryan Nix the program coordinator to try to establish a more complete record. He was unable to provide that to me yesterday and suggested that perhaps the Board would prefer to remand it for additional investigation as to whether or not Mr. Rangel could substantiate the paperwork from the VA and take a closer look. So it would be my motion that the packet be deferred and we remand this back to the Hearings Administrator to establish a more complete record as to whether or not Mr. Rangel did in fact receive compensation.

**Governor:** Any other questions or comments? Is there a second to the motion?

**Attorney General:** I will second the motion.

**Governor:** Motion is that the recommendation be returned to the program for reconsideration based on any additional information. Any other comments or questions? Hearing none, those in favor signify by saying aye.

**B. Deirdre Masten**

Ms. Masten is appealing the closure of her claims due the maximum benefit amount paid out and to non-cooperation and harassment under VOCP policies.

**Recommendation:** The report recommended denial of the appeal.

**Motion By:** Secretary of State                      **Seconded By:** Attorney General                      **Vote:** 3-0

**Comments:**

**Governor:** Move on to agenda item 7B which is Deirdre Masten, Mr. Clerk.

**Clerk:** Thank you Governor. In this case Ms. Masten is appealing closure of her claims. Her claims were closed due to the maximum benefit amount paid out and to non-cooperation and harassment under the Victim of Crime Program policies. To date, Ms. Masten has been paid \$59,594.16 for her claim.

**Governor:** Any questions? Hearing none, what is the desire of the Board?

**Secretary of State:** Deny the request of appeal.

**Governor:** Motion to deny made by the Secretary of State, is there a second?

**Attorney General:** I will second the motion.

**Governor:** Seconded by the Attorney General. Any comments or questions with regard to the motion? Hearing none, all those in favor signify by saying aye. Let the record reflect that the request for appeal has been denied.

**\*8. SALARY ADJUSTMENTS**

**A. Distribution of Salary Adjustments to Departments, Commissions and Agencies, pursuant to Chapter 391, Senate Bill 433, Sections 6, 7, 8 of the 2009 Legislative Session.**

The 2009 Legislative Session made appropriations from the General Fund and the Highway Fund to the Board of Examiners to meet certain salary deficiencies for fiscal year 2010 and 2011 that might be created between the appropriated money of the respective departments, commissions, and agencies and the actual cost of the personnel of those departments, commissions, and agencies that are necessary to pay for salaries. **Clerk:** Thank you Governor. Item 8A is a request to allocate salary adjustments to the Department of Taxation in the amount of \$204,300 of the amount that was allocated to the Board of Examiners to be distributed to agencies is the difference between the executive budget recommendation of 6% salary reductions and what the Legislature approved which was, 8 hours per month of furloughs which comes out to a 4.6% salary reduction. The Legislature placed a 1.4% difference in the salary adjustment account to be distributed by the Board of Examiners; this is the first of those allocations. The Board of Examiners will see future allocations on the next three agendas to distribute those funds for fiscal year 2010.
