Office of the Governor

January 15, 2015

Honorable Members of the Senate and Assembly:

Transmitted herewith is the 2015-2017 Executive Budget for the State of Nevada.

The State of Nevada is in the midst of steady economic and employment growth after suffering through the worst recession since the Great Depression. We are diversifying and expanding our economy, but we still have work to do. The budget I am submitting charts a path for Nevada's future by investing in education, providing for the health and safety of our citizens, protecting our environment and continuing to strengthen our economy and workforce.

This budget reflects the continued positive signs for our economy projected into the next biennium: continuation of sales tax growth; continued job growth and reduced unemployment, which now stands at half of the peak during the recession; increases in home and property values; and record visitor volume. The budget also reflects that Nevada is once again one of the fastest growing states in the nation in percent increase in population.

We have come a long way from the depths of the recession and Nevada has once again showed its resiliency to become a center for economic and population growth. However, the increased population also means increased needs for services; growth means increased enrollments in our schools and increased caseloads for health and human services and public safety agencies. The new Nevada economy requires additional highly skilled workers, which means more students in our halls of higher education. Filling those higher education classrooms requires increased investment, not just in our colleges and universities, but in the pre-K-12 education system to ensure every child in Nevada graduates from high school ready for college or ready for a career in our new economy.

Current job, economic and population growth has revealed a disconnect between our evolving economy and the current revenue structure for the State. Despite adding nearly 100,000 jobs to our workforce in the past four years, the State faces a budget shortfall in the current fiscal year due in large part to our growing population, and under-performing gaming and net proceeds on minerals revenue. For Nevada to succeed in the future and take her rightful place in the global economy, this must change. I am therefore proposing the first step in reforming our current revenue structure with the following revenue policy changes:

- Restructuring the Business License Fee to a tier-structure system;
- Introducing a new category in the Modified Business Tax for the Mining Industry;
- Revising the restricted slot tax based on number of machines and revenues, not physical locations; and
- Increasing the cigarette tax.

The budget continues the use of revenues scheduled to “sunset” on June 30, 2015. I am also including resources for the Department of Taxation to collect data necessary to evaluate the extension of sales tax to services. This must be done before this revenue option can be fully evaluated.

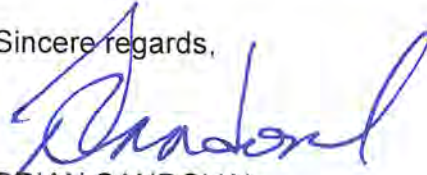

During the recession and first years of the recovery, state government and state employees have made sacrifices to ensure that vital services flowed to the areas of need for our citizens. State agencies weathered the storm, but now, to move forward, we need to strategically reinvest in education, and the health and safety of our citizens and our natural resources:

- In 2015, the state restored step increases for classified employees and, beginning in FY 2016, my budget eliminates furloughs for all state employees;
- Significant enhancements in education include full day kindergarten in all schools, funding for English Language Learners, Victory Schools, early learning and literacy, technology, professional development, increasing quality school choices, and greater access to social workers and mental health services;
- The past two years have seen the implementation of the Affordable Care Act and the results of Medicaid expansion. Consequently, the percent of Nevadans without health insurance has dropped from approximately 23% to 11%. Nevada’s uninsured child population has been calculated to have dropped from 15% to 2%. The increase in coverage is beginning to bring savings to behavioral health services, with an estimated 78% of behavioral health clients now having Medicaid coverage;
- The budget also includes continuation of the behavioral health initiatives implemented in 2015, expansion of the specialized foster care program piloted during the current biennium, increased funding for the treatment of autism, and recommendations from the Nevada Supreme Court Regional Facility Planning Subcommittee for juvenile justice programs;
- Higher education funding includes continuation of the new funding formula, with increases for growth as well as start-up funds for the new medical school and Hotel College at UNLV as well as funds for the UNLV Law school;
- The budget also includes capital investments for a new Veterans Home in Northern Nevada, planning monies for the restoration of the Stewart Indian School, replacement of a Department of Motor Vehicles building in Las Vegas, and bonding for Project NEON to improve safety and reduce congestion on Clark County highways; and

- Finally, the budget includes funding for management and conservation of the sagebrush ecosystem, including implementation of a credit system that balances conservation with energy and economic development.

This budget invests in the future of Nevada, provides educational and economic opportunities for our citizens and protects their health and safety. It also takes the first steps toward modernizing our revenue system to provide for our current and future fiscal needs. I look forward to working with the Legislature to enact a plan that builds a new Nevada for generations to come.

Sincere regards,

BRIAN SANDOVAL
Governor

GOVERNOR'S EXECUTIVE BUDGET OVERVIEW

The executive budget is presented in three formats: major budget initiative, priorities and performance and line-item. The priorities and performance format provides some distinct differences from the older line-item presentation and is an interim step as the state moves towards a full performance-based budget. Major budget initiatives are the next step in advancing the concept of performance-based budgeting. A major budget initiative is a significant and impactful budget request that links funding to performance-based outcomes.

The priorities and performance portion of the budget is structured at the department and division level. Services provided by departments and divisions are divided into separate activities. Work levels and achievements for each activity are assessed using performance and workload measures. Where appropriate, information on the specific populations served by, or generating the need for, the budgeted activity is provided.

The traditional line-item budget has a three-part format with revenue and expenditure detail for each component of Base, Maintenance and Enhancements. This portion of the budget is also structured at the department and division level, but this format uses the traditional budget accounts instead of activities.

1. Base expenditures are historical amounts, adjusted to reflect current costs of operations.
2. Maintenance expenditures are incremental costs of conducting state business to keep pace with increasing demands such as caseload changes or inflation.
3. Enhancements are new or expanded programs which seek to increase or improve service levels.

Comparable information for this portion of the budget is demonstrated for last year (fiscal year 2014), the work program for the current year (fiscal year 2015) and the Governor's recommendations for fiscal years 2016 and 2017.

The capabilities of the new Priorities and Performance Based Budget are significant and cannot be fully appreciated in this written document. Those interested in a more interactive experience, and more detail than these books can hold, are encouraged to visit the website at <http://open.nv.gov/>.

SANDOVAL ADMINISTRATION 2015-2017 PLANNING FRAMEWORK

"We are Battle Born. We must be bold. We must venture out, embrace the sense of going forward, resisting the temptation to stand still."

Governor's Strategic Priorities

Sustainable and Growing Economy

Our short-term goal must be to get Nevada working again, while striving over the long-term to restructure and diversify our economic model.

Safe and Livable Communities

Nevada is a great place to live, work and play, and State Government must provide public safety services while protecting our natural and cultural resources.

Educated and Healthy Citizenry

The Governor remains committed to education reform and to ensuring that the state provides a safety net for those most at-risk, protects the public health, and provides opportunities for all Nevadans to participate fully in all our state has to offer.

Efficient and Responsive State Government

Quite simply, we are changing the way Nevada does business through support for initiatives that hold government accountable, ensure efficient use of resources, provide transparency, and support excellent customer service.

ECONOMIC OVERVIEW

The U.S. Economy at a Glance

The national economy is in its sixth year of recovery from the worst economic downturn since the Great Depression. The near-term outlook for the domestic economy remains solid as many indicators point toward optimism.

- The U.S. economy has added 10 million jobs since the recession's low point. Over the past year, monthly job gains have averaged in excess of 200,000 jobs. The jobless rate has fallen to a six-year low at 5.6%. The pace of hiring remains strong.
- The economy has picked up strength in other areas as well. Real gross domestic product (GDP), an inflation-adjusted measure that reflects the value of the nation's goods and services, marked the strongest spring and summer reading since 2003 in the second and third quarter of 2014. In 2015, the recovery is expected to gain momentum. Overall, the U.S. economy has experienced about 2% growth per year since the end of the recession.
- Despite the strengthening economy, challenges remain. Wage growth has remained tepid and stagnant wages are a concern. In a healthy economy, growth in average weekly earnings should be approximately 4%, but growth has been only about half of that, barely above the rate of inflation. Nevertheless, wage growth tends to lag economic growth. As employment increases, slack in the labor market will start to diminish and wages will begin to rise.
- Consumer confidence is an important indicator of near-term economic growth because consumer spending accounts for about two-thirds of U.S. economic activity. Even though consumer confidence remains below pre-recession levels, consumer confidence in the economy has shown continuous improvement, trending upward for the past several years.

- After struggling through years of property value declines and foreclosures, recovery in the housing sector has gained traction. The collapse of the housing market brought a sharp drop in new residential construction. Improvement in single-family construction has been slow but steady. It has taken years to work off the excesses of the boom and clear the existing inventory. Home prices have started to rise in many regions, driven by affordability, investor demand and low supply. The Federal Housing Finance Agency reports that as of the third quarter of 2014, home prices have risen for eleven consecutive quarters, and are up 4.6% compared to the same period last year.

Overview of the Nevada Economy

After experiencing the deepest economic downturn of all states, Nevada is in its fourth year of recovery. An improving national economy is good news for Nevada because the Silver State's economy is very tourism-dependent and reliant on visitors' discretionary income. Many areas of the Nevada economy are on the mend, demonstrated by improving employment, wages, consumer spending, and construction activity.

- Visitation to Las Vegas has been on a steady upward trend since the end of the recession. In 2014, visitation to Las Vegas is projected to exceed 40 million people, breaking the record set in 2012.
- On the employment front, the state has seen consistent growth. Through November 2014, the Nevada economy has added 40,000 jobs year-to-date. For almost three years, the Silver State has seen consecutive declines in the unemployment rate on a year-over-year basis and the jobless rate is at 6.9%, its lowest level in six years.
- In 2014, the construction sector was one of the fastest growing industries, benefiting from new construction projects statewide. Unfortunately, the gains are coming off of historic lows. There were 146,000 construction jobs in mid-2006, according to the Bureau of Labor Statistics Quarterly Census of Employment and Wages data.

Construction jobs plummeted for almost six straight years, reaching a low of 48,000 jobs in the early part of 2012. In the second quarter of 2014, there were 62,000 construction jobs, a 29% increase from 2012.

- Nevada's economy continues to show improvement in personal income growth. In the third quarter of 2014, personal income was up 4% relative to a year earlier. Similarly, wage and salary disbursements are rising, up 4.2% in the third quarter of 2014 compared to the same time period in 2013.
- The Nevada housing market continues to show signs of recovery. Home prices have been rising for the past two years. The Federal Housing Finance Agency Home Price Index showed third quarter 2014 home prices were up 10.4% in Nevada compared to the same quarter in 2013, the largest increase in the nation.

For decades leading up to the latest recession, gaming and hospitality drove economic growth in the Silver State. Since Nevada's economy, built on tourism and gaming, is very consumption-oriented, Nevada felt the effects of the Great Recession the hardest. The job losses and wealth destruction that followed the recession had a staggering effect on the state's largest industries: tourism, retail trade and gaming. In addition, Nevada's construction sector had benefited from the booming casino growth and bustling housing sector, leaving it disproportionately affected by the recession. Half of the 200,000 jobs lost due to the recession were in construction.

Even though gaming, hospitality, and retail-related sectors will continue to support the state's growth going forward, there have been widespread efforts to move Nevada's economy beyond gaming and tourism, especially in the northern part of the state. One of the lessons learned from the recession was that the state's economy needs to be more diversified, providing some protection against future downturns. It has been widely recognized that relying on a few highly cyclical industries for growth will lead to continued economic

volatility. The state has addressed this problem through different economic development measures in an effort to diversify the state's industrial structure, utilizing key strengths related to Nevada's pro-growth policies and business-friendly environment. These efforts have generated growing success, attracting a diverse group of companies to locate to Nevada.

- In addition to Nevada's core strengths related to pro-business culture, the state's ideal proximity to western markets has enabled Nevada to become a major warehousing and distribution center in the West. Many large companies, such as Wal-Mart, Amazon, and Barnes & Noble have established logistic facilities in the Silver State.
- Nevada's low incidence of natural disasters and favorable meteorological climate make Nevada an excellent place for data centers, such as Switch in southern Nevada and Apple in northern Nevada.
- Tesla Motors' announcement to build the world's largest and most advanced battery factory in Nevada will not only grow the state's manufacturing base but create further opportunities in other industries.
- The state will also benefit from developments in the aviation industry, being chosen one of six states authorized by the Federal Aviation Administration for commercial testing of unmanned aerial vehicles (drones) in national airspace.

REVENUE SUMMARY

Sources of Funding

Nevada's General Fund is the major operating fund of the state. The state also has access to federal funds, the State Highway Fund, and various other resources to support services. However, most specialized funds, such as the Highway Fund, may be spent only on specified activities. By contrast, there are few restrictions on how money in the General Fund is spent.

General Fund resources represent 38% of total state revenues. Federal funds are increasing significantly in the 2015-2017 biennium and will comprise 35% of revenues. The primary driver of federal fund increases is related to changes and growth in the Medicaid program, as discussed in the Spending Summary Section that follows. State Highway Fund represents 5% of revenues and the balance comes from other funding sources.

General Fund sources include taxes; licenses; fees and fines; return of unspent funds, including use of money and property; and transfers from other funds. During the 2015-2017 biennium, sales and use, gaming, modified business, insurance, and mining taxes are projected to comprise over 72% of total General Fund revenues.

The Governor's Executive Budget must be balanced to revenue projections made by the Economic Forum, a group of private economic and financial experts appointed by the Legislature and the Governor. The Forum's General Fund revenue forecasts are binding on the Governor's Executive Budget and on the Legislature's approved budget. On December 3, 2014, the Economic Forum set the revenue projections that the Governor used to construct his recommended

2015-2017 biennial budget. The Economic Forum will reconvene on or before May 1, 2015 to prepare the forecast that must be used for the Legislature's approved budget.

The unprecedented downturn in General Fund revenues in the 2007-2009 and 2009-2011 biennia was addressed by a number of actions taken by the State of Nevada including reductions in state operating expenditures and state worker pay and benefits. Additionally, the state received federal funds provided through the American Recovery and

Reinvestment Act of 2009, used resources in the Rainy Day Fund, and engaged in various one-time funding mechanisms.

The revenue shortfall was further addressed through revenue enhancements and tax increases passed by the 2009 Legislature. Many of these revenue initiatives were intended to expire on June 30, 2011, but were extended through June 30, 2013 by the 2011 Legislature and through June 30, 2015 by the 2013 Legislature.

Without continuation of these revenues, the Economic Forum anticipates that General Fund resources in the upcoming 2015-2017 biennium would be slightly more than the amount for the 2005-2007 biennium. By contrast, between 2006 and 2014 Nevada's population increased almost 8%; K-12 enrollment increased more than 9%; and

the number of Nevadans in the Supplemental Nutrition Assistance Program and Medicaid population has more than tripled.

As a result of the continued social service and educational needs of Nevadans, and to support the Governor's goal of improving the state education system, many of the revenues expected to sunset on June 30, 2015 are extended in the Governor's Executive Budget. The Governor thus recommends the following treatment of previously enacted revenue enhancements:

Previously Enacted General Fund Revenue Rate Increases

- The Modified Business Tax for non-financial institutions should continue at the 1.17% rate and the exemption should be continued at \$85,000 per quarter.

Previously Enacted General Fund Revenue Prepayments and Diversions

- The net proceeds of minerals tax distributed to the General Fund should continue to be prepaid based on an estimate of the current year taxes due, which impacts the timing of the net proceeds of minerals tax payment but does not affect the amount due. This is proposed to be extended to June 30, 2016 only.
- Diversion to the General Fund of the Governmental Services Tax revenues resulting from a reduced depreciation allowance should continue.
- Diversion to the General Fund of the Governmental Services Tax revenues from commissions and penalties should continue.

Additionally, the following revenue initiatives, which directly fund the K-12 school system, are continued to ensure no reductions are made to education spending:

- The diversion to the Distributive School Account of the room tax revenues resulting from Initiative Petition 1 should continue; thereby, supporting K-12 education funding.
- The Local School Support Tax rate should remain at 2.60% and not revert back to 2.25%.
- The portion of the net proceeds of minerals tax that directly funds the Distributive School Account should be treated the same as the General Fund portion: it will continue to be prepaid based on an estimate of the current year taxes due through June 30, 2016.

Additional Revenue Reforms

- Restructure the Business License Fee to a tiered structure based on company size as determined by revenues.
- Create a new group within the Modified Business Tax specific to the mining industry.
- Modify the Restricted Slot Tax to be based on total machines or revenues on a slot route instead of on physical location.
- Increase the Cigarette Tax from \$.80 to 1.20 per pack.

The actual amounts of previously enacted revenue enhancements and the proposed revenue reforms are listed in the "Statement of Projected Unappropriated General Fund Balance."

SPENDING SUMMARY

Expenditures for the 2015-2017 biennium total \$20.7 billion. This is an increase of approximately \$2.9 billion, or 16.6%, over the current biennium.

When compared to the 2013-2015 Legislatively Approved budget, General Fund appropriations increase by \$718 million or 10.9%, while federal funds increase by \$1.77 billion or 29.56%.

The budget building process was approached with a focus on providing those services necessary to protect the health and safety of our citizens and our natural resources, while making necessary investments to improve education and strengthen our workforce for the new Nevada economy.

Caseload measures demand for a service driven by outside forces. For example, the Department of Corrections' caseload is the number of inmates it must house, while caseload for the Nevada Department of Health and Human Services is the number of Nevadans who need a helping hand.

The implementation of the Affordable Care Act and the expansion of Medicaid drove caseloads higher than anticipated during the 2013-2015 biennium; however, the Medicaid caseload has leveled-off in the latter months of calendar year 2014. It is anticipated that caseload will remain fairly flat during the coming biennium.

In addition to caseload growth, the budget funds increased retirement contribution rates with minor adjustments to employee health insurance costs.

Total Medicaid Caseload

Note: This chart represents the Total Medicaid caseload without estimated retroactive cases.

The Executive Budget restores salary reductions to state employees for furlough days, which have been in place for the past six years and continues the restoration of merit salary increases for classified employees.

In addition to all of those demands, the Governor focuses additional resources on education initiatives to expand full-day kindergarten; English Language Learners; low performing schools; early learning and literacy; increasing quality school choice; technology in the classroom; professional development; gifted and talented education; and providing greater access to social workers and mental health services in schools as recommended by the Behavioral Health and Wellness Council.

The budget continues and expands several health and human services initiatives in the areas of: increased forensic bed capacity and increased inpatient mental health services capacity (Stein Hospital); continuing the recommendations of the Behavioral Health and Wellness Council; implementing recommendations from the Nevada Supreme Court Regional Facility Planning Subcommittee for juvenile justice programs; and expanding the Specialized Foster Care pilot program. The Governor also continues his commitment to economic development by investing in the Knowledge Fund to encourage start-up enterprises in Nevada and the Catalyst Fund to recruit existing businesses to Nevada.

FUND BALANCES

The Governor's Executive Budget must have a General Fund reserve for each fiscal year of between 5% and 10% of proposed General Fund appropriations for the operation of state government. The General Fund balance at the end of FY14 is \$183.5 million. The ending balances for FY15, FY16 and FY17 are projected to be \$154.5 million, \$205.2 million and \$277.5 million, respectively. The amount for FY15 includes the proposed plan to bolster the fund balance through transferring the balance of the Rainy Day Fund back to the General Fund, rate holidays, and transferring funds from various reserve accounts. The FY15 fund balance represents approximately a 4.53% ending fund balance. The 5% minimum ending balance is calculated as a percent of that year's operating expenses. The Governor's Executive Budget exceeds this requirement for each of the budget years as detailed in the supporting schedules.

General Fund Ending Balance

The State of Nevada's "Rainy Day Fund" — formally known as the Account to Stabilize the Operation of State Government — is a financial reserve distinct from the General Fund reserve that exists to cover revenue shortfalls. Revenues are allocated to the Rainy Day Fund per NRS 353.288:

- When the ending General Fund balance is greater than 7% of General Fund operating appropriations, 40% of the amount in excess of 7% of General Fund operating appropriations is allocated to the Rainy Day Fund.
- The state must also make a 1% appropriation from the General Fund to the Rainy Day Fund at the beginning of each fiscal year, starting July 1, 2015. The amount must be based on the Economic Forum revenue projection made in May of odd-numbered years, as adjusted by any legislation enacted by the Legislature that affects General Fund revenue for that fiscal year.
- The maximum balance allowed in the Rainy Day Fund is 20% of the total of all General Fund appropriations made for the operation of the government, the funding of schools, and the regulation of gaming.

Based on the General Fund balance at the end of fiscal year 2013, \$28 million was transferred to the Rainy Day Fund in FY14. The significant shortfall in Net Proceeds of Minerals in both FY14 and FY15, combined with a projected shortfall in Gaming Taxes in FY15 and increased K-12 enrollment in FY14 and FY15 has resulted in a projected shortfall in the General Fund balance for FY15. As mentioned above, to assist with mitigating the projected shortfall, the \$28 million from the Rainy Day Fund is proposed to transfer back to the General Fund. The budget also proposes to defer the mandatory 1% transfer of appropriations until July 1, 2016.

Sec. __. Amounts appropriated pursuant to sections __ and __ of this act to finance specific programs as outlined in this section are available for both Fiscal Years 2015-2016 and 2016-2017 and may be transferred from one fiscal year to the other with the approval of the Interim Finance Committee upon the recommendation of the Governor as follows:

1. Of the amounts appropriated to the Department of Education, Assessments and Accountability, pursuant to section __ of this act:
 - (a) A total of \$5,244,976 in Fiscal Year 2015-2016 and \$4,638,575 in Fiscal Year 2016-2017 for the high school proficiency examination and the criterion-referenced examination.
 - (b) A total of \$475,905 in Fiscal Year 2015-2016 and \$348,772 in Fiscal Year 2016-2017 for the state writing proficiency examinations.

Sec. __. The sums appropriated to Nevada Medicaid and Health Care Financing and Policy Administration pursuant to section __ of this act may be transferred between each account for the purpose

of implementing a care management program with the approval of the Interim Finance Committee upon the recommendation of the Governor. The care management program must be designed for fee-for-service Medicaid recipients with high cost health care needs, including, without limitation, recipients who are aged, blind or disabled.

Sec. __ Of the amounts appropriated by sections __ to __, inclusive, of this act, the amounts appropriated in both Fiscal Year 2015-2016 and Fiscal Year 2016-2017 to finance deferred maintenance projects approved as maintenance decision units within agency budgets are available for both Fiscal Year 2015-2016 and 2016-2017 and may be transferred within the same budget account from one year to the other with the approval of the Interim Finance Committee upon the recommendation of the Governor. Any amount so transferred must be used to complete the deferred maintenance as approved by the Legislature.

Sec. __ Of the amounts appropriated by sections __ to __, inclusive, of this act, the amounts appropriated in both Fiscal Year 2015-2016 and Fiscal Year 2016-2017 to finance Technology Investment Request (TIR) projects approved as enhancement decision units within agency budgets are available for both Fiscal Year 2015-2016 and 2016-2017 and may be transferred within the same budget account from one year to the other with the approval of the Interim Finance Committee upon the recommendation of the Governor. Any amount so transferred must be used to complete the deferred maintenance as approved by the Legislature.

Sec. __. 1. The sums appropriated to the Legislative Fund by section __ of this act for the support of the Legislative Commission, the various divisions of the Legislative Counsel Bureau and Interim Legislative Operations are available for both Fiscal Years 2015-2016 and 2016-2017, and may be transferred among the Legislative Commission, the

various divisions of the Legislative Counsel Bureau and the Interim Legislative Operations and from one fiscal year to another with the approval of the Legislative Commission upon the recommendation of the Director of the Legislative Counsel Bureau.

2. The sums appropriated for the support of salaries and payroll costs must be applied pursuant to the budget approved by the Legislature notwithstanding the provisions of NRS 281.123.

Sec. ____. Except as otherwise provided in this section, the total amounts appropriated in section ____ of this act to each of the accounts of the Division of Health Care Financing and Policy and the Division of Welfare and Supportive Services of the Department of Health and Human Services enumerated in section ____ of this act, except for the amounts appropriated for the Health Care Financing and Policy Administration Account, the Assistance to the Aged and Blind Program, the Welfare Administration Account and the Welfare Field Services Account, are limits. The Divisions shall not request additional money for these programs, except for:

1. Increased state costs in Fiscal Year 2015-2016 in the event that federal financial participation rates are less than legislatively approved effective on October 1, 2016;
2. Costs related to additional services mandated by the Federal Government on or after October 1, 2015, and not specifically funded in the Nevada Medicaid account in Fiscal Years 2015-2016 and 2016-2017;
3. Costs related to an increase in the cost-per-eligible for the Temporary Assistance for Needy Families (TANF) population that is higher than the cost-per-eligible used to project Medicaid expenditures for this population in the legislatively approved budget for Fiscal Year 2015-2016 and Fiscal Year 2016-2017; and
4. Increased state costs in Fiscal Year 2015-2016 and Fiscal Year 2016-2017 in the event that the annual allocation of federal Temporary

Assistance for Needy Families (TANF) block grant funds is lower than the amounts approved by the Legislature for either fiscal year.

Sec. ____. The sums appropriated to Nevada Medicaid and the Nevada Check-Up Program by section ____ of this act may be transferred between each budget with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. ____. The sums appropriated to Nevada Medicaid within the Division of Health Care Finance and Policy of the Department of Health and Human Services, and Southern Nevada Adult Mental Health Services, Northern Nevada Adult Mental Health Services and Rural Clinics within the Division of Public and Behavioral Health of the Department by section ____ of this act may be transferred between each budget to ensure appropriate services are provided as a result of the implementation of the Patient Protection and Affordable Care Act, Public Law 111-148, with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. __. The sums appropriated to the Division of Child and Family Services of the Department of Health and Human Services for the Juvenile Correctional Facility, Caliente Youth Center and the Nevada Youth Training Center pursuant to section __ of this act may be transferred between each budget account with the approval of the Interim Finance Committee upon the recommendation of the Governor.

- Sec. __.** 1. The Department of Health and Human Services may, with the approval of the Interim Finance Committee upon the recommendation of the Governor, transfer from the various divisions of the Department to an account which is hereby created within the State General Fund any excess money available to the divisions as a result of savings from not providing health and related services, including, without limitation, savings recognized by using a different source of funding to pay the providers of services if the persons previously served by a division no longer require the provision of services from the division of the Department.
2. Any money transferred to the account created by subsection 1, to the extent approved by the Centers for Medicare and Medicaid Services and authorized by the State Plan for Medicaid, must:
- a. Be used to pay administrative and related costs and the State's share of the cost for the expansion of the upper payment limit program in this section.
 - b. After being used to satisfy the requirements of paragraph (a), be reserved for reversion to the State General Fund and must be reverted to that Fund at the end of each fiscal year of the 2015-2017 biennium.

Sec. __. The sums appropriated to the Department of Health and Human Services by section __ of this act may be transferred among the various budget accounts of the Department of Health and Human

Services in the same manner and within the same limits as allowed for revisions of work programs in NRS 353.220.

Sec. __. The sums appropriated from the State Highway Fund to the Department of Motor Vehicles by section __ of this act may be transferred among the various budget accounts of the Department of Motor Vehicles in the same manner and within the same limits as allowed for revisions of work programs in NRS 353.220.

- Sec. __.** 1. Except as otherwise provided in subsection 2, the sums appropriated to the Department of Corrections by section __ of this act may be transferred among the various budget accounts of the Department of Corrections in the same manner and within the same limits as allowed for revisions of work programs in NRS 353.220.
2. Appropriations for deferred maintenance pursuant to section __ of this act are excluded from the provisions of this section.

Sec. __. The sums appropriated to any division, agency or section of any department of State Government for the support of salaries and payroll costs may be transferred to any other division, bureau, agency or section of the same department for the support of salaries and payroll costs with the approval of the Interim Finance Committee upon the recommendation of the Governor. The amount transferred into a budget account is limited to the amount budgeted for vacancy savings. Such transfers are also limited only to those activities which are supported by State General Fund or State Highway Fund appropriations.

Sec. __. The sums appropriated to the Nevada System of Higher Education by section __ of this act may be transferred among the various budgets of the Nevada System of Higher Education with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. ____. The sums appropriated to the Western Interstate Commission for Higher Education by section ____ of this act may be transferred between each budget of the Western Interstate Commission for Higher Education with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. ____. In addition to the requirements of NRS 353.225, for Fiscal Years 2015-2016 and 2016-2017, the Board of Regents of the University of Nevada shall comply with any request by the Governor to set aside money from the appropriations made by this act in any specified amount.

Sec. ____. 1. Of the sums appropriated by section ____ of this act, any amounts used to match documented research grants in the Nevada System of Higher Education which are not committed for expenditure by June 30 of each fiscal year may be carried forward for a maximum of 2 fiscal years after which time any unexpended amounts revert to the State General Fund.

2. All money appropriated by section ____ of this act other than the sums designated in subsection 1 to match documented research grants is subject to the provisions of section ____ of this act.

Sec. ____. 1. Except as otherwise provided in sections ____, ____, and ____ of this act, any balances of the appropriations made in this act for the Fiscal Years 2015-2016 and 2016-2017 must not be committed for expenditure after June 30 of each fiscal year by the entity to which the appropriation is made or any entity to which money from the appropriation is granted or otherwise transferred in any manner, and any portion of the appropriated money remaining cannot be spent for any purpose after September 20, 2015, and September 18, 2016, for each fiscal year respectively, by either the entity to which the money was appropriated or the entity to which the money was subsequently granted or transferred and, except as otherwise provided in subsection

2, must revert to the fund from which appropriated on or before September 20, 2016, and September 18, 2017, of each fiscal year respectively.

2. Any balance of the appropriations made to the Legislative Fund by sections ____ and ____ of this act does not revert to the State General Fund but constitutes a balance carried forward.

Sec. ____. The State Controller shall provide for the payment of claims legally obligated in each fiscal year on behalf of state agencies until the last business day of August immediately following the end of each fiscal year. The State Controller shall process any transactions requested by the Director of the Department of Administration or his designee from the prior fiscal period until the third Friday in September immediately following the end of the fiscal year.

Sec. ____. The State Controller shall transfer among the appropriate accounts and funds the amounts necessary to carry out the budget approved by the Legislature, and the amounts so transferred shall be deemed appropriated.

Sec. ____. The State Controller shall pay the annual salaries of Supreme Court Justices, District Court Judges, the Governor, the Lieutenant Governor, the Secretary of State, the State Treasurer, the State Controller and the Attorney General in biweekly installments for each day worked up to and including the date of payment. The payment of a portion of the annual salaries of these officers at the end of a calendar year for the purpose of reconciling the amount of the salary paid during that calendar year with the amount of the salary set forth in statute for that office must not be made if it will result in the issuance of a separate check.

Sec. __. 1. If the Director of the State Department of Conservation and Natural Resources determines that, because of delays in the receipt of revenue for services billed to the Federal

Government, local governments and other state governments, the amount of current claims for expenses incurred in the suppression of fire or response to emergencies exceeds the amount of money available to pay such claims within 30 days, he may request from the Director of the Department of Administration a temporary advance from the State General Fund to pay authorized expenses.

2. The Director of the Department of Administration shall provide written notification to the State Controller and to the Senate and Assembly Fiscal Analysts of the Fiscal Analysis Division of the Legislative Counsel Bureau if he or she approves a request made pursuant to subsection 1. The State Controller shall draw his or her warrant upon receipt of such a notification.

3. An advance from the State General Fund:

(a) May be approved by the Director of the Department of Administration only for expenses incurred in the suppression of fires or response to emergencies charged to the budget account for forest fire suppression of the Division of Forestry of the State Department of Conservation and Natural Resources. Before approving the advance, the Director shall verify that billings for reimbursement have been sent to the agencies of the Federal Government, local governments or other state governments responsible for reimbursing the Division of Forestry for costs incurred in fire suppression or emergency response activities.

(b) Is limited to the total due from outstanding billings for reimbursable expenses incurred in the suppression of fires or response to emergencies as approved for payment to the State by agencies of the Federal Government, local governments and other state governments.

4. Any money which is temporarily advanced from the State General Fund to the budget account for forest fire suppression pursuant to this section must be repaid on or before the last business day in August immediately following the end of the fiscal year.

Sec. __. 1. If the Governor orders the Nevada National Guard into active duty as described in NRS 412.122 for an emergency as described in NRS 353.263 and the Adjutant General of the Nevada National Guard determines expenditures will be required, the Adjutant General may request from the Director of the Department of Administration a temporary advance from the State General Fund for the payment of authorized expenses.

2. The Director of the Department of Administration shall provide written notification to the State Controller and to the Senate and Assembly Fiscal Analysts of the Fiscal Analysis Division of the Legislative Counsel Bureau of the approval of a request made pursuant to subsection 1. The State Controller shall draw his or her warrant upon receipt of the approval by the Director of the Department of Administration.

3. An advance from the State General Fund:

(a) Must be approved by the Director of the Department of Administration for expenses incurred as a result of activation of the Nevada National Guard.

(b) Is limited to \$25,000 per activation as described in subsection 1.

4. Any money which is temporarily advanced from the State General Fund to an account pursuant to subsection 3 must be repaid as soon as possible, and must come from the Emergency Account established by NRS 353.263.

Sec. __. If the State of Nevada is required to make payment to the United States Treasury under the provisions of Public Law 101-453, the Cash Management Improvement Act of 1990, the State Controller, upon approval of the State Board of Examiners, may make such payments from the interest earnings of the State General Fund or interest earnings in other funds when interest on federal money has been deposited in those funds.

PRIORITIES AND PERFORMANCE BASED BUDGET (PPBB)

This section of the Governor's Executive Budget is designed to provide some background of the Budget Division's performance based budget as well as a guide of how this portion of the budget works. Please go to the Open Government website at <http://openbudget.nv.gov> for a web based version of the priorities and performance based budget.

Overview

Performance based budgeting was started during the preparation of the 2011-2013 biennial budget. It was initially presented to the 2011 Legislature in what was known as the Priorities of Government (POG). The concept of moving towards performance based budgeting was embraced by the public, Governor, and Legislature. This led to the passage of Assembly Bill 248 (AB 248) during the 2011 session, which required the Budget Division to move forward with performance based budgeting, beginning with the establishment of Core Functions of state government.

The Priorities and Performance Based Budget (PPBB) is a response to AB 248. In this process, we advanced the activity-based budgeting structure that was introduced during the 2011 session. The Governor has directed the Budget Division to move forward with PPBB in a manner that will provide increased accountability of state government. He has further directed that PPBB must accomplish the goal of improving transparency to decision makers and the public. Essentially, the state must improve the process of identifying what services it provides, demonstrate how agencies measure their effectiveness, and provide clear results for evaluation.

The Governor involved his entire cabinet in the design of the structure and the development of Core Functions and objectives of state government. Objectives formed by the cabinet directly advance one or more of the strategic priorities.

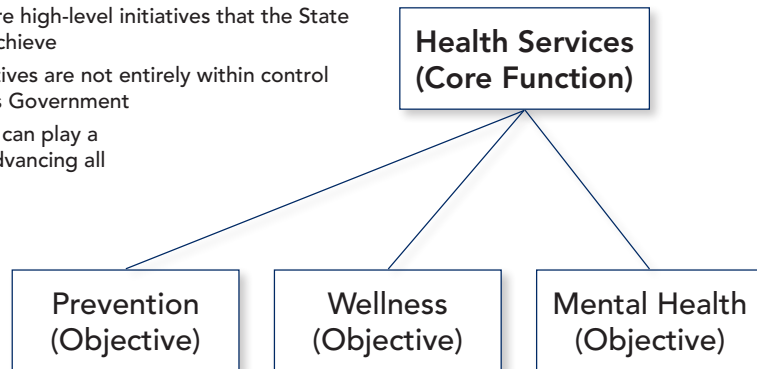

Core Functions and Objectives

The process started at the top by identifying the Core Functions of government. Once the Core Functions were established, objectives were identified for each. Objectives are high level goals the state seeks to achieve. The Core Functions identified are:

- Business Development and Services
- Education and Workforce Development
- Health Services
- Human Services
- Infrastructure and Communications
- Public Safety
- Resource Management
- State Support Services
- Legislative Branch
- Judicial Branch
- Public Employees Retirement System

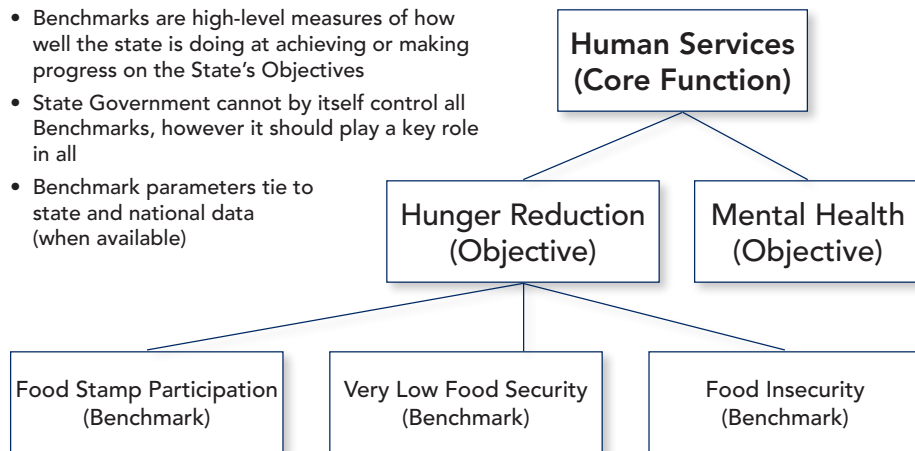

PPBB Objectives link to Core Functions

- Objectives are high-level initiatives that the State is trying to achieve
- Some Objectives are not entirely within control of the State's Government
- Government can play a key role in advancing all Objectives

Objectives are measured by Benchmarks

- Benchmarks are high-level measures of how well the state is doing at achieving or making progress on the State's Objectives
- State Government cannot by itself control all Benchmarks, however it should play a key role in all
- Benchmark parameters tie to state and national data (when available)

Benchmarks Used for High Level Measurements of Success

The Budget Division firmly believes that goals must be measurable. As a result, each objective has one or more benchmark measurement(s). Benchmarks are very high level measurements of how well the state is doing at reaching its objectives. It is important to note that benchmarks often measure how well the state as a whole is doing – not just state government. These benchmarks measure progress, on a state or national level, and are not entirely controllable by government. For example, while the overall crime rate is a benchmark for the Public Safety core function, the rate of criminal activity is only partially controlled by state government efforts to improve public safety.

Department/Division Activities

Departments and divisions identified “Activities” they perform. During the preparation of the 2015-2017 biennial budgets, agency activities were reviewed and updated to provide clarification.

The central purpose of defining activities is to identify what services state agencies provide and to organize them in a manner that is easy for decision makers and the public to understand. These services or “Activities” are the central building block of performance-based budgeting. The focus was to separate business functions into activities that can be distinctly measured and separated from other functions.

Activities Tie to Objectives

Linking activities to objectives of state government is key to the PPBB budgeting process. By grouping activities that connect to the same objective, the following will be accomplished:

First – Identify activities across state government that are seeking to accomplish the same or similar goal

Second – Generate coordination between activities that may exist in different departments

Third – Compare efficiency and effectiveness of activities towards advancing the objective

Fourth – Identify inconsistency in performance measures for similar activities or activities that are tied to a common objective

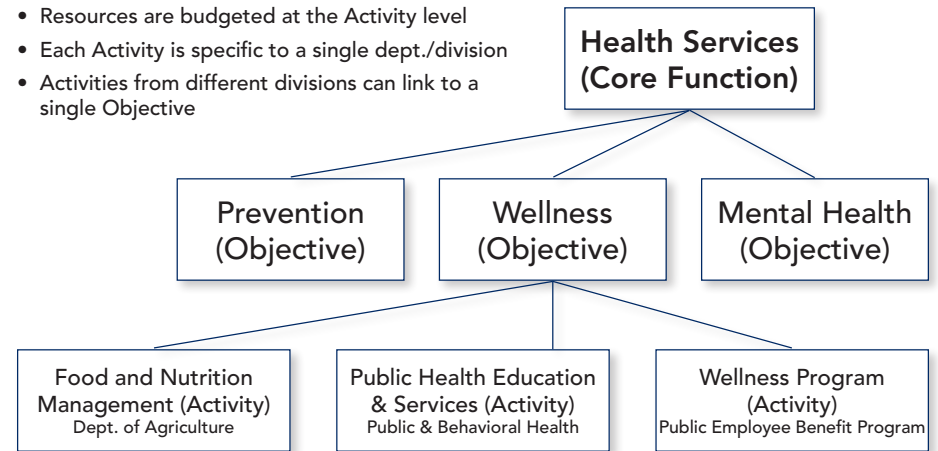

Performance Measures and Population/Workload Measures Used to Monitor Activities

Activities are measured using performance measures. Up to three performance measures and three population/workload measures are used for each activity to monitor its effectiveness at providing the service.

Activities are defined as services whose delivery can be discreetly measured and is directly within the control of state government. Performance measures will be a key means by which decision makers and the public can monitor whether resources applied are having the desired impact. Performance measures are the basis for determining/ understanding an agency's effectiveness.

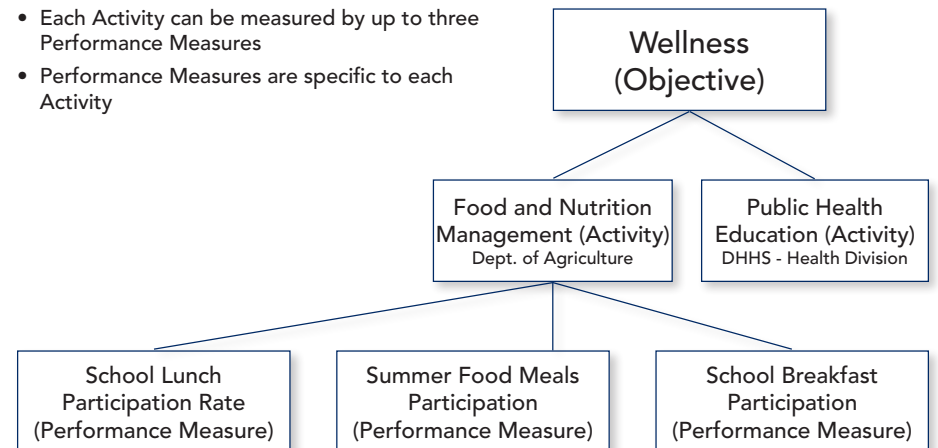

PPBB Activities link to Objectives

- Resources are budgeted at the Activity level
- Each Activity is specific to a single dept./division
- Activities from different divisions can link to a single Objective

Activities are measured by Performance Measures

- Each Activity can be measured by up to three Performance Measures
- Performance Measures are specific to each Activity

Description & Purpose: Effective management of Nevada's natural, cultural, and agricultural resources to ensure resource conservation and protection, economic vitality, and the overall quality of life, and to address the unique resource challenges in Nevada related to 85% federal land management

Objective	Protect Resources Protect and enhance resources to help ensure availability now and in the future	Environmental Health Provide regulatory processes and programs that protect public and environmental health	Water and Land Management Manage the allocation and authorization of Nevada's water and state-owned land in a proactive and objective manner	Recreation Provide for resident and visitor recreational use and enjoyment of Nevada's resources	Financing and Technical Support Provide technical support and/or financing of local projects to protect resources as well as public and environmental health and safety	Education and Funding Increase both educational outreach and innovative/sustainable funding to help ensure effective resource management
Benchmark	Air Quality Standards Percent of Nevada air basins meeting National Ambient Air Quality standards	Pollution Discharge Percent of facilities in compliance with the National Pollutant Discharge Elimination System	Land Use Authorization Authorizations to use state land completed as a percent of land use authorizations pending	Visitor Satisfaction Percent of those visiting Nevada State Parks reporting satisfaction or better	Drinking Water State Loan Assistance Fund Percent of available drinking water state revolving loan funds expended within established timeframes	Funding for Resource Management Percent of total resource management core function budget that is from sources other than a General Fund appropriation
Benchmark	Sage Grouse Habitat The population growth rates are derived from counts of male sage-grouse on a subset of leks (traditional display grounds during the mating season) that are identified as ""trend"" leks. There are about 210 of these identified out of a much larger set of known leks across the range of the species in Nevada. A value equaling 1.0 indicates a stable population (no change), a value greater than 1.0 indicates a positive growth rate and a value less than 1.0 indicates a decline in the population.	Drinking Water Standards Percent of Nevadans served by community water systems that meet all applicable health-based drinking water standards	State Records Online Number of public historical records and current documents available on the internet	Wildlife Population Management Percent change in number of hunting and fishing licenses issued	State Conservation Districts Satisfaction Percent of conservation districts receiving technical support reporting satisfaction or better	Education Programs Percent increase in education programs offered by all resource management core function agencies
Benchmark	Lake Tahoe Clarity Percent reduction in fine sediment load to Lake Tahoe compared to baseline year	Wildlife Health Percent of industrial ponds monitored quarterly for wildlife mortality	Water Resource Management Plans Percent of over-appropriated groundwater basins with water resource management plans	Local Economies Economic contribution to local communities that results from visitors and users of Nevada resources	Public Health Risk Abatement Savings per West Nile Virus case avoided due to Agriculture Veterinary Public Health Risk Abatement efforts	State Park Revenue Percent increase in funds received from Nevada State Parks' entrepreneurial efforts
Benchmark	Historic Cultural Preservation Number of cultural or historic items protected

MAJOR BUDGET INITIATIVES (MBI)

The concept of “Major Budget Initiatives” directly advances a performance based budgeting model and highlights significant and impactful funding requests. Major budget initiatives are tied to the Priority and Performance Based Budget framework which link funding requests to performance based outcomes.

By definition, major budget initiatives are those that are intended to move the business model forward and improve the level of services the agency performs. They may also involve the addition or shift in the number of positions or reorganization. The size and scope of a major budget initiative can vary based the individual agency or agencies involved. Major budget initiatives can involve multiple agencies within a department and even multiple departments. This concept moves away from funding silos to a larger picture of collaborative and coordinating initiatives.

The underlying structure of major budget initiatives seeks to accomplish the following:

- Clearly links request for new funding to expected results. Linking requests to expected results is a key component for each initiative.
- Provides for an improved method for the Governor and Legislature to evaluate competing demands for future funds
- Allows multiple agencies and departments to collaborate on a single initiative

Meetings with the Governor’s Office, cabinet members, and agency officials were held from December 2013 through February 2014. These meetings provided a first review of major budget initiatives across all funding sources and provided guidance to department directors as to whether individual agency initiatives fall in line with statewide goals and objectives.

Agencies continued development of major budget initiatives with the concurrence of the Governor. Ultimately, the Governor approved the major budget initiatives included in the Executive Budget.

The following list of major budget initiatives identifies the primary department and division and includes a detailed description, justification, funding requirements, positions, measurement specifics, and expected benefits to be realized.

INITIATIVE TITLE: STEWART INDIAN SCHOOL LIVING LEGACY
PRIMARY AGENCY: DEPARTMENT OF TOURISM AND CULTURAL AFFAIRS
DTCA - DIVISION OF TOURISM

Description

The goal of this initiative is to preserve the history of the Stewart Indian School Living Legacy, while developing a cultural heritage destination unlike any other across the country. During the 2013 Legislative Session, both the Governor and Legislature supported efforts to focus on preservation of the Stewart Indian School. This initiative will provide for planning, design, operation and staffing for the Stewart Indian School Living Legacy and a Welcome and Information Center at the State of Nevada Stewart Facility.

Justification

The state's involvement is required due to the deterioration of buildings, the real risk of property reversion to the federal government, and the aging alumni. The Stewart Indian School closed in 1980 and the land conveyed to the State of Nevada in 1982. The quitclaim deed, Provision 10, explicitly states, "The State of Nevada wishing to perpetuate the 90-year history of the Stewart Indian School will reserve Building 1 and Building 3 to house and display the crafts, artifacts, and the memorabilia relating to the Stewart Indian School Living Legacy."

INITIATIVE TITLE: EXPAND FULL-DAY KINDERGARTEN**PRIMARY AGENCY: DEPARTMENT OF EDUCATION****NDE - DEPARTMENT OF EDUCATION****Description**

This initiative will expand full-day kindergarten to all school district kindergartens at a class-size ratio of 21:1 and will provide charter schools with funds to implement full-day kindergarten. Funding for portable classrooms is provided to support full-day kindergarten.

Justification

To measure the efficacy of additional instruction at an early age. Comparative assessment scores will be available at the end of the school year. Data will be collected and available in fiscal year 2016.

INITIATIVE TITLE: EXPAND ZOOM SCHOOLS**PRIMARY AGENCY: DEPARTMENT OF EDUCATION****NDE - DEPARTMENT OF EDUCATION****Description**

Zoom Schools were implemented by the 2013 Legislative Session to provide additional resources to increase academic achievement in underperforming schools with a high percentage of English Language Learners. Zoom School expansion is anticipated to fund an additional twenty-four Clark and Washoe County Schools in the first year of the biennium. This is twice the number of schools currently funded. As kindergarten becomes fully funded through the Distributive School Account in the second year, Zoom funds will become available to expand to additional schools, including middle and high schools. The department will determine the cost per pupil across all schools.

Justification

This program is intended to improve reading scores (interim and summative), increase the percentage of third grade students who are on or above grade level in reading, as measured by end of year summative state assessments, close the achievement gap between English Language Learners and whole school performance in both English language arts and mathematics on state summative assessments for all grades/schools. Growth in academic language, as measured in Annual Measurable Objectives by WIDA (World-Class Instructional Design and Assessment), at Zoom Schools will exceed non-Zoom Schools. This program will be evaluated by an external evaluator, contracted by the Nevada Department of Education.

INITIATIVE TITLE: IMPLEMENT VICTORY SCHOOLS GRANT PROGRAM**PRIMARY AGENCY: DEPARTMENT OF EDUCATION****NDE - DEPARTMENT OF EDUCATION****Description**

This initiative creates a new Victory Schools pilot program to provide support for underperforming schools (lowest achievement levels) in the poorest zip codes in the state. Specific services will be required; Reading Skills Centers, Summer/Intersession school; Wrap Around, Professional Development; Family Engagement, etc. These funds must supplement, not supplant Title I or other funds. This program will be evaluated by an external evaluator, contracted by the Nevada Department of Education and per pupil costs across all schools will be determined.

Justification

This program will provide a broad array of courses, to shrink achievement gaps across subgroups in English language arts and mathematics in all grade levels.

INITIATIVE TITLE: **SAFE AND RESPECTFUL SCHOOLS OFFICE AND SOCIAL WORKER GRANT PROGRAM**

PRIMARY AGENCY: **DEPARTMENT OF EDUCATION**

NDE - DEPARTMENT OF EDUCATION

Description

This initiative funds the creation of a new Safe and Respectful Schools Office that will work directly on safe and respectful learning environment issues and will oversee the new social worker or other licensed mental health worker in schools grant program. This office will establish programs and training to prevent, identify and report incidents of bullying and cyber-bullying. This office will monitor compliance of school districts including reports of incidents of bullying and cyber-bullying.

Justification

This initiative creates a new grant program for schools to provide a social worker or other licensed mental health worker in schools with identified needs. This includes a mental health screening tool/survey, to be administered in the first year to target schools in need. The program will operate as a block grant to local districts based on identified needs.

INITIATIVE TITLE: NEVADA READY 21 TECHNOLOGY PLAN

PRIMARY AGENCY: DEPARTMENT OF EDUCATION

NDE - DEPARTMENT OF EDUCATION

Description

Implement Nevada Ready 21 Technology Grant Program. This program is a One-to-One Technology Program with professional development for educators. Currently, Maine is the only State Department of Education in the nation that administers such a program. This is a six-year program, whereby middle school will be the focus for the first three years and high school will follow.

Justification

Funding will be distributed via the Commission on Educational Technology in order to build whole-school capacity for instructional technology. The commission's Nevada Ready 21 plan calls for every student to have access to the two most important educational opportunities available:

1. Skilled educators who value connected, personalized, student-centered learning, and
2. Continuous access to a personal, portable device that is connected wirelessly to the Internet.

Thus, the plan is for both devices and professional development. Grants will be made to schools and the plan will roll-out over several biennia, funds permitting. This program will be evaluated by an external evaluator contracted by the Nevada Department of Education.

Increase in Students with Access to Portable Devices		
	Description	Provide continuous access to a portable device that is connected wirelessly to the internet for all students.
	Rationale	Performance: Mentorships and professional development will yield measurable results on educator evaluations. There will be an increase in course offerings through distance learning in areas identified through a review of achievement data, evaluation of course offerings, etc. Students will report higher levels of engagement and motivation as well as positive attitudes toward learning. There will be a decrease in discipline and behavior referrals.

INITIATIVE TITLE: GREAT TEACHING AND LEADING FUND**PRIMARY AGENCY: DEPARTMENT OF EDUCATION****NDE - DEPARTMENT OF EDUCATION****Description**

This initiative creates a new program for the department to incentivize professional development and improvements to the educator pipeline. In the first year, the focus of these funds include the Nevada Educator Performance Framework roll-out, new science standards, teacher “pipeline” recruitment and training, and leadership training. After the first year, the State Board of Education will establish annual criteria for the fund, to include an expansion from previous Regional Professional Development Programs (RPDPs). Entities which can receive the grants include the RPDPs, school districts, higher education, and nonprofit organizations. This program will be evaluated by an external evaluator contracted by the Nevada Department of Education. A Bill Draft Request has been submitted to support this request.

Justification

This program will increase the percentage of educators receiving high-quality professional development in key criteria areas. The key criteria areas will be determined annually by the State Board of Education. The effectiveness of the professional development programs will be measured by pre/post observable evaluations of demonstrated instructional changes among a statistical sample. There will be a decrease in the number of teacher vacancies and an increase in the equitable distribution of highly-qualified/highly-effective teachers, particularly in designated high-need schools and science, technology, engineering and math subject areas. An increase in the availability of principals for turnaround schools and other identified leadership posts is anticipated.

INITIATIVE TITLE: READ BY THREE**PRIMARY AGENCY: DEPARTMENT OF EDUCATION****NDE - DEPARTMENT OF EDUCATION****Description**

The Read by Three initiative will increase the percent of third grade students reading at or above grade level in schools not served by Zoom, Victory or Striving Readers programs. The Nevada Department of Education (NDE) will determine eligible schools based on those not served by Zoom, Victory, Striving Readers, etc. and those fitting the parameters of new policy/legislation. NDE will require a grant plan from first tier schools in fiscal year 2016 and expand the number of schools in fiscal year 2017. NDE will determine the cost per pupil across all schools and secure an external evaluator for the program.

Justification

The goal is to increase the percentage of third grade students who measure at or above grade level in reading, as measured by the end of year summative state assessment. An aligned interim assessment program will be utilized to demonstrate progress in reading proficiency in Pre-K (as available), Kindergarten and grades 1 and 2. Achievement gaps will shrink across subgroups in English language arts, as measured by the end of year summative state assessment.

	Description	Increase the percent of third grade students reading at or above grade level in schools not served by Zoom, Victory or Striving Readers programs.
	Rationale	Increase the percentage of third grade students who measure at or above grade level in reading as measured by the end of year summative state assessment. An aligned interim assessment program will be utilized to demonstrate progress in reading proficiency in Pre-K 9 (as available), Kindergarten and grades 1 and 1. Achievement gaps will shrink across subgroups in English Language Arts as measured by the end of year summative state assessment.

INITIATIVE TITLE: UNLV MEDICAL SCHOOL STARTUP
PRIMARY AGENCY: NEVADA SYSTEM OF HIGHER EDUCATION (NSHE)
NSHE - NEVADA SYSTEM OF HIGHER EDUCATION

Description

The vision is to expand medical education statewide by establishing a separately-accredited, full scale, four-year Medical Degree granting (allopathic) medical school at the University of Nevada, Las Vegas. This presents a critical opportunity to elevate the state economically and to significantly improve health care statewide. The educational mission is to train, lead, inspire, and facilitate new entrants into the health care workforce in Nevada.

The entering class size is anticipated to be 60 students starting in the 2017-2019 biennium.

Justification

Nevada needs more doctors. In 2012, Nevada ranked 46th out of 50 states in the number of physicians per 100,000 population and 48th in the number of primary care physicians per 100,000 population. (1)

Nevada's health care infrastructure lags far behind the population growth. Limited class-size capacity at the University of Nevada School of Medicine, growing physician shortages, projected population growth, complex state and federal health care reform, aging physician workforce, and physician work hours cumulatively present ongoing challenges to the Nevada physician workforce.

(1) Population estimates are from the U.S. Census Bureau (July 2014) and physician data are from the 2013 AAMC State Physicians Workforce Data Book.

INITIATIVE TITLE: **CHILDREN WITH AUTISM SPECTRUM DISORDER**

PRIMARY AGENCY: **DEPARTMENT OF HEALTH AND HUMAN SERVICES
DHHS - AGING AND DISABILITY SERVICES DIVISION**

Description

The Department of Health and Human Services has proposed a strategy designed to treat Autism Spectrum Disorder (ASD) through programs offered by the Aging and Disability Services Division (ADSD) and Division of Health Care Financing and Policy (DHCFP). ADSD administers the Autism Treatment Assistance Program (ATAP), which provides intensive behavioral treatment to children up to age nineteen. DHCFP will submit a state plan amendment that provides for Applied Behavioral Analysis (ABA) therapy for children under the Early Periodic Screening, Diagnosis, and Treatment Program. The budget includes funding for ADSD to serve an additional 264 children over the biennium, increasing the caseload to 836 children by the end of fiscal year 2017. DHCFP plans to provide coverage for ABA services to approximately 1,879 children over the biennium, beginning in January 2016.

Justification

Autism Spectrum Disorder impacts 1 in every 68 children. Over 6,000 children have a diagnosis of ASD in Nevada. The Centers for Medicare and Medicaid Services (CMS) released guidance on behavior intervention services as a mandate for children with ASD effective July 7, 2014. Although Nevada Medicaid meets the coverage requirements for physical, speech, occupational therapy, and habilitative services for this diagnostic population, behavior intervention services have not been covered to date. The addition of ABA services under the Medicaid State Plan is needed to meet the requirement recently released by CMS.

INITIATIVE TITLE: STEIN HOSPITAL**PRIMARY AGENCY: DEPARTMENT OF HEALTH AND HUMAN SERVICES
DHHS - PUBLIC AND BEHAVIORAL HEALTH****Description**

This initiative funds positions, contracted staff, and associated operating costs related to the expansion of state forensic mental health services. The 2013 Legislature approved funds to remodel the Stein Hospital and provide additional forensic mental health beds in Southern Nevada. The remodel is scheduled to be completed in September 2015. A federal lawsuit was settled with a consent decree that included expanding forensic bed capacity in Southern Nevada by forty-seven beds at the Stein Hospital. The lawsuit was precipitated by an increasing length of stay in jails by defendants awaiting evaluation or treatment for competency and was filed by the Clark County Public Defender's Office.

Justification

Because Stein Hospital was originally constructed as a civil hospital, it is necessary to provide extensive security upgrades to ensure that individuals in custody are appropriately maintained in that status. Additionally, it is clear the increase in demand in these services cannot be met without adding beds. These beds must be available in sufficient numbers in a location where clients can be transferred from the jails in the time frames prescribed by the courts.

Percent of Clients Restored to Competency		
	Description	Percent of clients restored to competency. In the case of Dusky vs. United States in 1960, precedent was set for competency to stand trial as the "test must be whether he has sufficient present ability to consult with his lawyer with a reasonable degree of rational understanding - and whether he has a rational as well as factual understanding of the proceedings against him." Restoration to competency so a fair trial can proceed is a main goal of the forensic inpatient program. This indicates the success the program is having with that goal.

INITIATIVE TITLE: SPECIALIZED FOSTER CARE (CHILD WELFARE)**PRIMARY AGENCY: DEPARTMENT OF HEALTH AND HUMAN SERVICES
DHHS - DIVISION OF CHILD AND FAMILY SERVICES****Description**

The Division of Child and Family Services implemented a pilot program in an effort to provide the most effective and appropriate services for children in foster care with severe behavioral and emotional problems, and to provide these services within their own communities. This pilot was driven by a recognition that children in specialized foster care not only stayed in foster care longer than their counterparts in traditional family foster care, but also did not improve their behavior and emotional well-being as services and costs increased substantially.

Justification

During a portion of last biennium and the entire current biennium, the Division of Child and Family Services implemented a Specialized Foster Care pilot program in the rural region, as well as the urban counties (a northern pilot and a southern pilot). The population for the program, currently and once fully implemented, is any child who is in foster care with a Severely Emotional Disturbance diagnosis, is struggling with maintaining regular foster care placements, is stepping down from a higher level of care, is anticipated to need a higher level of care and structure than a regular home normally affords or is displaying behaviors coupled with a lack of support services that is preventing successful reunification.

INITIATIVE TITLE: **BREAKFAST AFTER THE BELL**

PRIMARY AGENCY: **DEPARTMENT OF AGRICULTURE**

Description

This initiative increases breakfast participation by making available to school districts up to \$1 million per year in start-up grants to assist with the implementation of Breakfast After the Bell Programs. School districts eligible for these programs must have at least 70% of their pupils eligible for free and reduced priced meals as established by the US Department of Agriculture eligibility guidelines and also must be below the current national average for the school breakfast program participation. School districts who have already implemented Breakfast in the Classroom would not be eligible for start-up grants.

Justification

This initiative will address the problem of childhood hunger by ensuring that students who are in schools with a high percentage of free and reduced price eligible students have access to breakfast. Nevada has 233,493 (54.70%) children enrolled in public schools who qualify for free and reduced price meal benefits and is ranked 41st in the nation for participation in the School Breakfast Program with an average of 21.79% of children participating in the breakfast program. The national average for breakfast participation is 27.34%. If all students who were eligible for free or reduced price meals during the 2011-2012 school year had participated in the School Breakfast Program, Nevada would have received an additional \$45,769,505 in entitlement funds.

The impact this initiative will have is an increase in participation to above the national average of 27.34%. The department's expectation is that this will increase participation rates by 10% over the 2015-2017 biennium.

INITIATIVE TITLE: SAGEBRUSH ECOSYSTEM PROGRAM**PRIMARY AGENCY: DEPARTMENT OF CONSERVATION & NATURAL RESOURCES****DCNR - CONSERVATION & NATURAL RESOURCES****Description**

The Sagebrush Ecosystem Program is administered by the Department of Conservation and Natural Resources with the purpose of carrying out programs to conserve sagebrush ecosystems. This includes the coordination of an interagency team dedicated to the management of sagebrush ecosystems, the establishment and administration of a credit system to mitigate impacts to the ecosystem, and the staffing of a Sagebrush Ecosystem Council to provide direction and strategies for the conservation of the greater Sage-grouse and sagebrush ecosystems.

Justification

The anticipated benefit to be realized through these efforts is to mitigate the loss or increase the sagebrush ecosystem habitat.

INITIATIVE TITLE: BUSINESS AND INDUSTRY - BUSINESS CENTER

PRIMARY AGENCY: DEPARTMENT OF BUSINESS AND INDUSTRY
B&I - BUSINESS AND INDUSTRY

Description

In 2011, the Legislature approved the centralization of the fiscal functions of the Department of Business and Industry (B&I). The department is made up of thirteen divisions, the Director's Office, a limited Consumer Affairs Unit (approved through 6/30/2015), Ombudsman for Minority Affairs, two state-affiliated non-profits, and many boards and commissions. The department also conducts a wide variety of programs relating to small business programs and advocacy. The many divisions are physically located in multiple buildings around the Las Vegas and Henderson area. The business licensees, constituents, and customers interact with multiple divisions, and the divisions interact with each other. Leasing or building a new building to have a centralized location in the Las Vegas area will create a one-stop shop for businesses, constituents, customers, and centralize management of the department.

Justification

There are currently 396 B&I employees in Las Vegas housed in eleven buildings throughout the Las Vegas area. In addition, there are thirty-six employees in the two state-affiliated non-profits, which are located in separate locations. It is predicted that the department's employees in the Las Vegas area will grow to 490 in ten years. Some of the divisions in Las Vegas, including the Director's Office and the Real Estate Division, exceed capacity. From a technology standpoint, the various divisions have been able to maintain operations with limited technology resources and basic office improvements. There are also multiple servers located throughout these buildings, creating potential failures and shutdowns in information technology services. A new B&I building will maximize the funding that is already available to the divisions, improve technology and equipment, and provide a centralized location for businesses, constituents, and the public.

INITIATIVE TITLE: PROJECT NEON BONDING
PRIMARY AGENCY: DEPARTMENT OF TRANSPORTATION

Description

The quality of Nevada's transportation infrastructure impacts all Nevadans' daily lives. Recognizing that a strong transportation network is a key component in Nevada's continued economic recovery, authority is requested to accept and expend bond proceeds to fund project NEON in Clark County as a design-build project. Bond principal payments are planned to be reimbursed with federal funds at 95%, with a 5% state match. Project benefits include: improved safety, reductions in traffic congestion, improved connectivity and mobility for city redevelopment efforts, economic development, and revitalization of Southern Nevada's transportation system.

Justification

Chief among the benefits of Project NEON are:

- Safety - This congested stretch of roadway currently experiences 1,000 crashes per year;
- Improved connectivity and mobility for city redevelopment efforts;
- Reductions in Traffic Congestion - Improving freight mobility and economy;
- Economic Development - Creates 5,000 jobs in the hard-hit construction employment sector;
- Revitalization of Southern Nevada's transportation system; and
- Benefit/Cost Ratio of 5.8 - Every dollar spent on this project is estimated to result in \$5.80 in benefits to the public.

Initiative Measures

Project NEON Cost Range		
	Description	Because of the complexity inherent in the construction of Highway Projects, uncertainty and risk regarding project cost estimates exist. This measure will compare engineers' estimates with bid/actual project costs, with a goal of accuracy within the targeted range.
	Rationale	To measure the actual bid on the project versus the engineers' estimates of cost within a target range of 10% over or under the estimated cost.
Project NEON Schedule		
	Description	Because of the complexity inherent in the construction of Highway Projects, uncertainty and risk regarding project schedules exist. This measure will compare the estimated date to have a design-build contractor under contract versus the projected date, with a goal of accuracy within the targeted range.
	Rationale	To measure the date a design build contractor is under contract to begin project NEON within a target of January 2016 (15 months) and a 10% range (+/- 45 days).

INITIATIVE TITLE: **UPGRADE FUELING SYSTEM INITIATIVE**

PRIMARY AGENCY: **DEPARTMENT OF TRANSPORTATION**

Description

This initiative will upgrade the department's existing fueling system to maintain system reliability for over 5,000 system users throughout the state.

Justification

These fueling sites are currently utilized by state agencies, local governments, emergency responders, and law enforcement. During a state of emergency, it is crucial that Nevada state agencies are self-sufficient and do not need to rely on commercial fuel. This fueling system provides a multitude of benefits to users including: emergency preparedness, convenient locations, availability, economy, flexibility, and ease of use.

Initiative Measures

Fueling System Cost Range		
	Description	Because of the complexity inherent in the construction of complex projects, uncertainty and risk regarding project cost estimates exist. Project uncertainties include underground conditions which cannot be ascertained until underground fuel tanks are removed. This measure will compare engineers' estimates with bid/actual project costs, with a goal of accuracy within the targeted range.
	Rationale	To measure the actual bid on the project versus the engineers' estimates of cost within a target range of 10% over or under the estimated cost.
Fueling System Schedule		
	Description	Because of the complexity inherent in the construction of complex projects, uncertainty and risk regarding project schedules exist. This measure will compare the estimated date to have a design-build contractor under contract versus the projected date, with a goal of accuracy within the targeted range.
	Rationale	To measure the actual percent of the project completed over the biennium with the estimated percent completion targets.

INITIATIVE TITLE: SYSTEM MODERNIZATION
PRIMARY AGENCY: DEPARTMENT OF MOTOR VEHICLES

Description

The department is proposing to modernize the current system to provide for better customer service, reduce transaction processing time, increase speed-to-market of offered department products, and reduce system backlog.

Justification

The modernized application would allow for a reduced multi-channel and multi-device application deployment. In addition to the ability to provide better service to customers, the integrated system would be comprised of an integrated finance system, inventory control system, correspondence management system, customer relationship management system (with call routing, integrated help, fillable online forms, chat support), business analytics (including predictive analysis and forecasting, Key Performance Indicator [KPI] measurability, and Business Process Outsourcing [BPO]), and a case management system. A spreadsheet has been attached at the budget account level for System Modernization, budget account 4716, that outlines the anticipated positive impacts System Modernization will have on some of the department's existing performance measures. As this project will take approximately five years to implement, performance indicators cannot be reported for the 2015-2017 biennium.

Initiative Measures

Advance Existing Measures		
	Description	<p>Once implemented, System Modernization will advance several existing performance measures in the following ways:</p> <ul style="list-style-type: none"> • Improve efficiencies in revenue collection and distribution of funds to meet statutory and regulatory requirements; • Create an automated and seamless interface to other state agencies and consolidate disparate systems and manual processes; • Increase speed to market of products and services through automated financial recording, inventory tracking, research capability, data tracking, call management, and mobile access; and • Enhance customer experience with DMV interaction through reduced wait and transaction times, electronic submissions, and department wide single point of customer data information retrieval.
	Rationale	To advance and improve several existing measures associated with efficiencies and customer service.

E226 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds licensing intervention efforts for the restart of the Yucca Mountain licensing process. The Agency for Nuclear Projects and the office of the Attorney General jointly fund and manage the state's participation in the Yucca Mountain licensing process. Current funding levels for the 2015-2017 biennium will not be sufficient to allow for the level of effort needed to participate effectively in the now-restarted licensing proceeding. The increased funds being requested represent the amount required for the agency to carry out its portion of the overall state Yucca Mountain licensing intervention effort.

ATTORNEY GENERAL'S OFFICE - The Attorney General's Office seeks to earn a reputation as a law office that is an indispensable resource of Nevada and a trustworthy member of the law enforcement community.

Department Budget Highlights:

- 1. **Yucca Mountain Waste Repository Litigation Funding** - General Fund appropriations totaling \$4.9 million are recommended for projected litigation costs related to the Yucca Mountain Nuclear Waste Repository. In 2013, a court order required the federal Nuclear Regulatory Commission to restart licensing proceedings for the facility.
- 2. **Supreme Court's Foreclosure Mediation Program Fund** - A transfer totaling \$1.4 million in settlement funds is recommended to continue the Nevada Supreme Court's Foreclosure Mediation program, which is addressing the effects of the housing foreclosure crisis in Nevada.
- 3. **Project NEON Support** - Five positions are recommended to provide legal support in addressing eminent domain actions for the Nevada Department of Transportation's Project NEON in southern Nevada.

Activity: Administration

Administration oversees legal representation and advice for Nevada governments, litigation, consumer protection, criminal investigations, and prosecutions to ensure legal compliance and the consistent application of the law.

AG - EXTRADITION COORDINATOR

101-1002

PROGRAM DESCRIPTION

The federal Uniform Criminal Extradition Act requires governors of each state to return any person charged in another state with treason, a felony, or any other crime, and who has fled from justice and is subsequently apprehended and returned to the state in which the crime was committed. The Interstate Agreement on Detainers covers inmates who are imprisoned in another state penal institution and wanted by the demanding state to stand trial on criminal charges. The Extradition Coordinator, who also serves as Nevada's Agreement Administrator, is responsible for ensuring the ends of justice are promoted by effectuating the return and/or temporary transfer of fugitives who have taken asylum in this state to the requesting states; effectuating the return and/or temporary transfer to Nevada of fugitives who have taken asylum in other states within the statutorily prescribed methods, procedures and time limits; recovering the monetary costs to which the state is entitled by virtue of this undertaking; and providing high quality continuing legal education on all aspects of extradition and detainer laws. Statutory Authority: NRS Chapters 178 and 179.

BASE

This request continues funding for two positions and associated operating costs. One-time expenses have been eliminated and partial year costs have been annualized.

AG - ADMINISTRATIVE FUND**101-1030****PROGRAM DESCRIPTION**

Established by the Constitution of Nevada, the Office of the Attorney General is responsible for providing legal services to the Executive Branch of state government. The Attorney General's responsibility is also to the citizens of the state, and as an independent constitutional officer, the Attorney General must ensure the law is being administered fairly and correctly. As the state's chief law enforcement officer, the Attorney General represents the people of Nevada before trial and appellate courts of Nevada and the United States in criminal and civil matters; serves as legal counsel to state officers, most boards, commissions and departments; and assists the seventeen district attorneys of the state. Constitutional Authority: Article 5, Section 19 of the Nevada Constitution. Statutory Authority: NRS Chapter 228.

BASE

AG - SPECIAL FUND **101-1031**

PROGRAM DESCRIPTION

The Attorney General Special Litigation Fund was established to pay expenses directly related to investigation, preparation, prosecution, and defense of suits unknown at the time of budget preparation. Certain expenses are reimbursable by other state or county agencies. The Nuclear Waste Litigation Category covers any costs of litigation against the United States. The General Fund supports the General Litigation Category and the state portion of Nuclear Waste litigation. Statutory Authority: NRS Chapter 228.

The Litigation Division, directed by the Solicitor General, is responsible for managing all of the litigation in the Office of the Attorney General. The nature of litigation is such that the number, complexity, and cost of cases cannot be predicted. The Solicitor General monitors all litigation and discovery costs. This account pays for the depositions, independent medical examinations, expert testimony, and witness testimony required for a proper defense in many of these cases.

The Construction Law Counsel represents the Public Works Board. The Construction Law Counsel maintains a part-time office at the Public Works Board office and works closely with them to negotiate and administer contracts; develop regulations, policies and procedures; and coordinates with local government and state agencies. The Construction Law Counsel also works closely with staff to provide early intervention on potential disputes to promote early resolution where appropriate to avoid costly litigation.

AG - WORKERS' COMP FRAUD

101-1033

PROGRAM DESCRIPTION

The Workers' Compensation Fraud Unit (WCFU) is responsible for the investigation and prosecution of all workers' compensation fraud committed in the State of Nevada by employers, employees (claimants) or medical providers against companies providing insurance and any of Nevada's self-insured employers. The WCFU is also the sole government agency responsible for prosecuting any fraud committed in the administration of workers' compensation. Statutory Authority: NRS Chapters 228 and 616D.

The Insurance Fraud Unit (IFU) has the primary statutory responsibility to criminally prosecute those who make, or assist someone else in making, material misrepresentations on applications for insurance, and/or submit false claims for benefits with private insurance companies. Statutory Authority: NRS Chapters 228.412 and 686A.2815.

BASE

This request continues funding for thirty-seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - CRIME PREVENTION

101-1036

PROGRAM DESCRIPTION

The mission of the Crime Prevention/Missing Children Unit is to assist in locating missing children and to protect children from exploitation. The unit operates as a center for public education of state and federal laws pertaining to missing, exploited, and victimized children. This unit provides assistance in judiciary education to law enforcement agencies. Statutory authority: NRS 432.150-220. This budget is supported by the General Fund, fees generated by the sale of the missing children license plates, and civil penalties received pursuant to NRS 217.260 & NRS 228.280.

BASE

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - MEDICAID FRAUD

101-1037

PROGRAM DESCRIPTION

The Medicaid Fraud Control Unit (MFCU) is responsible for investigating and prosecuting the medical provider fraud in the Nevada Medicaid Program; neglect or abuse of patients in Medicaid-funded medical facilities; and misappropriation of patient trust funds at medical facilities receiving Medicaid funding. The MFCU jurisdiction was extended by act of Congress in 1999 to allow investigation of fraud in all federally-funded health care programs and to investigate resident abuse or neglect in non-Medicaid-funded board and care facilities. (42 U.S.C. 1396b(q)). In addition to criminal prosecutions, the MFCU may also seek civil monetary penalties as set forth in NRS 422.580. Statutory Authority: NRS Chapters 228 and 422.

BASE

This request continues funding for nineteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - VIOLENCE AGAINST WOMEN GRANTS

101-1040

PROGRAM DESCRIPTION

The Violence Against Women Grants account was created to simplify the accounting for violence against women grants. In state fiscal year 2008, the Office of the Attorney General received two grants originating out of the Office on Violence Against Women. The STOP Violence Against Women Formula Grant and the Sex Assault Services Program Grant is awarded to the state annually and is calculated on a population-based formula. The state's award is then passed down to governmental and non-profit agencies for projects that fall within the federal purpose areas and state priority areas. This award supports law enforcement and prosecution projects, victim services programs, and courts programs addressing domestic, sexual, or dating violence and/or stalking. The second award is a discretionary, competitive grant. The Grants to Encourage Arrest Policies Program was first awarded to the office in 1997. Since that time, the Office of the Attorney General has received four supplemental, continuation and new awards under that program. Qualifying projects are administered with the help of other agencies and contractors.

AG - COUNCIL FOR PROSECUTING ATTORNEYS

101-1041

PROGRAM DESCRIPTION

The mission of the Advisory Council for Prosecuting Attorneys is to develop and implement a training program for prosecutors in the state; to coordinate the development of policies for conducting criminal and civil prosecutions; and to coordinate proposed legislation for submission to the Legislature. Statutory Authority: NRS 241A.010 to NRS 241A.090. In 2001, the Legislature enacted Assembly Bill 548, which authorizes the Advisory Council for Prosecuting Attorneys to be funded with Administrative Assessments. See NRS 176.059. In addition, the Council is authorized to receive grant funding pursuant to NRS 241A.090.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - VICTIMS OF DOMESTIC VIOLENCE

101-1042

PROGRAM DESCRIPTION

The Victims of Domestic Violence budget encompasses programs relating to domestic violence, sexual assault, stalking, batterer treatment, and the Office of Ombudsman for Domestic Violence. The Domestic Violence Ombudsman, in conjunction with the Batterer's Certification Committee, is responsible for standardizing and overseeing the treatment of domestic violence offenders as well as assisting in the statewide coordination of domestic violence services and training.

The purpose of the Office of Ombudsman is to prepare reports relating to victims of domestic violence, provide necessary assistance to victims and provide education to the public related to domestic violence, including prevention assistance available to victims and treatment available for persons who commit domestic violence. The Ombudsman administers the account for district court assessments collected as a result of domestic violence convictions. The district court assessment monies can be utilized to assist in training law enforcement, prosecutors, the judiciary, and the general public in the area of domestic violence. District court assessments also support the Committee on Domestic Violence activities and have been partially used in previous years to support the Ombudsman position itself.

The purpose of the Batterer's Certification Committee is to adopt regulations to evaluate, certify, and monitor programs that treat persons who commit domestic violence; review and evaluate existing domestic violence training programs provided to peace officers; and make recommendations to the Commission on Peace Officers' Standard and Training. Statutory Authority: NRS 228.440 and 228.470.

AG - ATTORNEY GENERAL TORT CLAIM FUND
715-1348

PROGRAM DESCRIPTION

The Tort Claim Fund is established to pay claims against the state, including those pursuant to NRS 41.0349 and 41.037. Typical claims include automobile accidents, injuries on the state's premises or highways, and damages claimed for violation of the civil rights of convicts, state employees, or the general population. The potential vehicle and general liability for the Tort Claim Fund for the biennium is calculated by an independent actuary every two years. The Tort Claim Fund is an internal service fund financed by assessments on state agencies based on the number of participating vehicles and positions. Statutory Authority: NRS 331.187.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

SOS - HAVA ELECTION REFORM

101-1051

PROGRAM DESCRIPTION

NRS 293.442 created the Election Account, a special revenue fund administered by the Secretary of State to receive and disburse revenue collected under the Help America Vote Act (HAVA) of 2002, Public Law 107-252, and state appropriation of matching funds. All funds received pursuant to HAVA must be disbursed in accordance with applicable federal guidelines. This program provides for improving the administration of elections for federal office; educating voters concerning voting procedures, voting rights, and voting technology; improving, acquiring, leasing, modifying, or replacing voting systems and technology for casting and counting votes; establishing and maintaining the statewide voter registration list; provisional voting; and improving the accessibility and quantity of polling places, including providing physical access for individuals with disabilities, providing non-visual access for individuals with visual impairments, and providing assistance to Native American and individuals with limited proficiency in the English language.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

TREASURER - MUNICIPAL BOND BANK REVENUE

745-1086

PROGRAM DESCRIPTION

The Municipal Bond Bank, administered by the State Treasurer, was created by the 1981 Legislature for support of certain municipal projects through a bond bank. The Bond Bank allows the state to sell its general obligation bonds to provide funds to purchase local bonds. The state's higher bond rating saves local entities substantial amounts of interest payments. Statutory Authority: NRS 350A.140 Powers of State Treasurer as Administrator of Municipal Bond Bank. 1. The State Treasurer is the Administrator of the Municipal Bond Bank. NRS 350A.150 State securities issued to acquire municipal securities may be outstanding pursuant to this chapter in an aggregate principal amount of not more than \$1.8 billion.

BASE

This request continues funding for principal and interest payments for existing obligations for the Municipal Bond Bank. One-time expenditures have been eliminated and partial year costs have been annualized.

TREASURER - UNCLAIMED PROPERTY

101-3815

PROGRAM DESCRIPTION

The Unclaimed Property Program, administered by the State Treasurer, reunites property owners with their unclaimed property that has been turned over to the state. The program ensures that businesses and government entities report and remit unclaimed property in a timely manner. Statutory Authority: NRS 120A.025 and NRS 120A.620.

BASE

This request continues funding for twelve positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

COMMISSION ON ETHICS

101-1343

PROGRAM DESCRIPTION

The Nevada Commission on Ethics' mission is to enhance the faith and confidence of Nevadans in the integrity and impartiality of government, specifically state and local public officers and employees. The eight-member commission is tasked with numerous responsibilities, but its six-person staff focuses on four main functions: 1) interpreting and applying NRS Chapter 281A - the Ethics in Government Laws - and guiding public officers and employees on its provisions; 2) investigating and adjudicating public complaints alleging ethics violations by public officers and employees; 3) outreach and education to public officers and employees to enhance their awareness of ethics requirements and prohibitions under Nevada law; and 4) accepting and monitoring various filings required of certain public officers.

BASE

This request continues funding for six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

LEGISLATIVE COUNSEL BUREAU - The Legislative Counsel Bureau is the non-partisan, central staff for the Legislature. The bureau consists of the Legislative Commission, an Interim Finance Committee, a director, and five divisions (Administrative, Audit, Fiscal Analysis, Legal, and Research). The divisions are made up of professional staff who provide a variety of services to legislators and the public. The design of the bureau is intended to limit political pressure on its employees. Employees are required to maintain neutrality and to not participate in partisan activities or groups.

Department Budget Highlights:

- 1. **Legislative Counsel Bureau** - As submitted by the Legislative Commission, the Governor's Executive Budget includes funding for two new positions, position upgrades, increased travel, equipment replacement needs, and the restoration of funding for three vacant but currently unfunded positions.
- 2. **Legislative Counsel Bureau - Interpreters** - As submitted by the Legislative Commission, funding is included for the cost of interpreters for persons with hearing impairments requested for committee meetings and meetings with individual Legislators.
- 3. **Interim Nevada Legislature** - As submitted by the Legislative Commission, the Governor's Executive Budget includes funding for costs associated with the Chief Clerk of the Assembly's duties as President-elect of the American Society of Legislative Clerks and Secretaries.

LEG - PRINTING OFFICE

741-1330

PROGRAM DESCRIPTION

Nevada State Printing Office provides mission-critical and other offset and digital printing, copying, and related services to all three branches of state government and other government entities in a timely and cost-efficient manner. All work is done on a fee basis and these fees are intended to recover the State Printing Office's costs, and to allow replacement of equipment as needed. Examples of mission-critical material would be decisions of the Supreme Court; tax bills for the Department of Taxation; bills, histories, and journals for the Legislature; and sample ballots for the counties. The State Printing Office also produces all the forms, business cards, letterhead, envelopes, training material, and reports needed to make government function. Statutory Authority: NRS 334.

JUDICIAL BRANCH - The Judicial Branch of Nevada State Government is the third branch of the government, co-equal with the Executive and Legislative Branches. Article 6 of the Nevada Constitution provides that the Nevada Supreme Court shall administer the Nevada Judicial System; has exclusive jurisdiction to hear appeals for all civil and criminal cases from District Courts; has the power to issue Writs of Mandamus, Certiorari, Prohibition, Quo Warranto and Habeas Corpus; shall proscribe the rules and requirements for the licensure of lawyers and impose discipline as appropriate; and shall hear all appeals from the Judicial Discipline Commission for the discipline of judges. Core functions of the Judicial Branch are provided in the constitution and are augmented by statutorily imposed duties. The Judicial Branch activity budget at the department level includes funding for the state judiciary and the Foreclosure Mediation Program statutorily created by the 2009 Nevada Legislature.

Department Budget Highlights:

JUDICIAL BRANCH - This section of the Judicial Branch activity budget reports budgetary items for judicial programs not including the budgetary items associated with the Foreclosure Mediation Program.

PROGRAM DESCRIPTION

Article 6 of the Nevada Constitution provides that the Nevada Supreme Court shall administer the Nevada Judicial System; has exclusive jurisdiction to hear appeals for all civil and criminal cases from District Courts; has the power to issue Writs of Mandamus, Certiorari, Prohibition, Quo Warranto and Habeas Corpus; shall proscribe the rules and requirements for the licensure of lawyers and impose discipline as appropriate; and shall hear all appeals from the Judicial Discipline Commission for the discipline of judges. The Nevada Supreme Court is funded primarily through administrative assessments collected pursuant to NRS 176.059, and through a General Fund appropriation.

BASE

This request continues funding for 79.51 positions and associated operating costs, including the operating costs of seven justices. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

In November 2014, Nevada voters approved the creation of the Court of Appeals by allowing an amendment to Article 6 of the Nevada Constitution. Comprised of three judges, the Court of Appeals hears categories of cases assigned to it by Supreme Court Rule.

BASE

This request continues funding for eighteen positions and associated operating costs, including the operating costs of three judges. One-time expenditures have been eliminated and partial year costs have been annualized.

JUDICIAL SELECTION

101-1498

PROGRAM DESCRIPTION

Article 6, Section 20, of the Nevada Constitution created the Commission on Judicial Selection. The commission's role is to select three nominees for any Supreme Court justice, Court of Appeals judge, or district judge vacancy that might occur before the expiration of any term of office. The commission's workload depends on the number of mid-term vacancies that occur out of the ninety-two judicial elected officials seats and the number of applicants per vacancy. This budget funds the costs associated with the commission and the judicial selection process through a General Fund appropriation. See NRS 1.380 through 1.410.

BASE

This request funds the costs of two judicial selection processes in each year of the biennium.

SENIOR JUSTICE & SENIOR JUDGE PROGRAM

101-1496

PROGRAM DESCRIPTION

Article 6, Section 19, of the Nevada Constitution authorizes the Chief Justice to recall to active service any justice or judge who consents to such a recall and who has not been removed for cause or defeated for retention in office. Former judges are recalled to expedite judicial business, assist in districts with congested calendars, and act for those who are disqualified or unable to perform. This budget compensates the "senior justices and senior judges" that are recalled and assigned temporary duty. The assignment of former judges is a cost-effective method for state and county governments to avoid the costs of funding full-time judicial positions and from having to provide additional courtroom facilities and staff. This program is funded primarily through a General Fund appropriation and administrative assessment revenue collected pursuant to NRS 176.059.

BASE

This request continues funding primarily for coverage of district courts when judges are unavailable for a myriad of reasons, and continues funding for senior judges to participate in other matters such as settlements, and specialty courts.

LAW LIBRARY

101-2889

PROGRAM DESCRIPTION

The Supreme Court Law Library serves as a comprehensive, current, and archival legal research facility for the Supreme Court while also providing legal research services to the Office of the Attorney General, the Legislature, other state and local governmental agencies, the state bar and the public. It is the collection of last resort for legal materials in the state. Its web site provides pro se information and forms. The budget is funded primarily through a General Fund appropriation. Statutory authority: NRS 2.410 through NRS 2.490.

BASE

This request continues funding for six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

JUDICIAL PROGRAMS AND SERVICES DIVISION

101-1484

PROGRAM DESCRIPTION

The Judicial Programs and Services Division manages programs and projects to assist trial courts in providing access to justice throughout the Nevada judiciary. The primary functions of the division include: administering the Court Interpreters Program for certification of court interpreters (NRS 1.500-1.560, NRS 50.054); assisting rural courts with requests related to forms, grants, security assessments/risks, etc.; tracking and monitoring felony bond forfeitures submitted to the state (NRS 178.508, NRS 178.512, NRS 178.514); administering the Uniform System for Judicial Records, which includes collecting, analyzing, and reporting statewide court and judicial statistics [NRS 1.360 (4, 8, 10), NRS 38.255]; and administering Federal Court Improvement Program grants. The budget is funded primarily from a General Fund appropriation.

BASE

This request continues funding for ten positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

UNIFORM SYSTEM OF JUDICIAL RECORDS

101-1486

PROGRAM DESCRIPTION

The Uniform Systems of Judicial Records (USJR) standardizes, advances, and supports technology in all seventy-nine trial courts throughout the state. USJR staff work directly with local, state and federal criminal justice agencies and courts to provide technological solutions to manage judicial caseloads and records, and to improve and address statistical reporting requirements. Major projects include the Nevada Court System (a centralized case management system that distributes case information to multiple courts via secured wide area networks), and the Multi-County Integrated Justice Information System (a secured data exchange system interfacing various criminal justice agencies, such as law enforcement, prosecuting offices, Public Safety, and the courts). The budget is funded primarily from administrative assessments collected pursuant to NRS 176.059.

BASE

This request continues funding for eleven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

JUDICIAL EDUCATION

101-1487

PROGRAM DESCRIPTION

Judicial Education provides for the continuing education of district court judges, justices of the peace, and municipal court judges pursuant to NRS 3.027, 4.035, and 5.025, respectively, and Supreme Court Order. Judicial Education also may provide for the continuing education of quasi-judicial officers such as masters, and for trial court personnel if funding permits. The budget is funded from administrative assessments collected pursuant to NRS 176.059.

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

SPECIALTY COURT 101-1495

PROGRAM DESCRIPTION

Specialty Courts are judicial problem-solving processes designed to address the root causes that contribute to criminal involvement. Specialty Courts facilitate testing, treatment, and oversight of certain persons over whom the court has jurisdiction and whom the court determines suffers from a mental illness or abuses alcohol or drugs. This includes, without limitation, Specialty Courts established pursuant to NRS 176A.250, 176A.280, 484C.340 and 453.580. A Specialty Court Funding Committee comprised of justices and general and limited jurisdiction judges authorize distribution of funds to Specialty Courts. The budget is funded from administrative assessment revenue collected pursuant to NRS 176.0613, administrative assessment revenue collected pursuant to NRS 176.059, and ten percent of bail forfeitures collected pursuant to NRS 178.518.

BASE

This request continues funding for Specialty Court programs at reduced levels due to the continued decline in the various revenue sources that fund these programs.

JUDICIAL SUPPORT, GOVERNANCE AND SPECIAL EVENTS

101-1493

PROGRAM DESCRIPTION

The Judicial Support, Governance and Special Events budget funds the travel costs of district court judges in relation to their judicial duties and assignments; and other expenses associated with governing the judiciary deemed reasonable and necessary by the Supreme Court pursuant to Supreme Court Rule 48.1.

BASE

This request continues funding costs in support of the Nevada judiciary such as routine business travel of district judges, judicial committees and commissions, and trial court improvements in the form of grants. One-time expenditures have been eliminated and partial year costs have been annualized.

FORECLOSURE MEDIATION PROGRAM

101-1492

PROGRAM DESCRIPTION

The Foreclosure Mediation Program was created by the 2009 Legislature (Assembly Bill 149 which amended NRS chapter 107) to directly address the foreclosure crisis, to help keep families in their homes, and to provide an opportunity for homeowners and lenders to discuss alternatives to foreclosure. The costs of the program are funded from a share of the Notice of Default fees collected pursuant to subsection 11.(b). of NRS 107.080.

BASE

This request continues funding for six positions and associated operating costs through February 2016. One-time expenditures have been eliminated and partial year costs have been annualized.

JUDICIAL DISCIPLINE COMMISSION - The Judicial Discipline Commission enforces the Nevada Code of Judicial Conduct, protecting the integrity and ethical quality of the state judicial system and promoting public confidence in the courts; gives judges greater awareness of proper judicial behavior, improving and strengthening the judiciary; and ensures that all branches of state government honor the state's constitutional separation of powers.

Department Budget Highlights:

- 1. **Judicial Discipline** - The Governor's Executive Budget contains no significant changes for this agency.

Activity: Conduct Judicial Discipline Investigations and Adjudicatory Proceedings

Judicial Discipline proceedings investigate alleged violations of the Nevada Code of Judicial Conduct. Hearings protect the public by: ensuring unfit judges are not allowed to serve on the bench; imposing lesser forms of discipline where warranted; and determining whether a judge is too physically or mentally disabled to continue judicial service.

JUDICIAL DISCIPLINE

101-1497

PROGRAM DESCRIPTION

The Nevada Commission on Judicial Discipline was created by constitutional amendment on November 2, 1976, and charged with the responsibility of investigating allegations of misconduct, violations of the code of judicial conduct, or disability of judges. The seven-member Commission receives and investigates complaints against full-time and part-time judges. For a time, the Commission's proceedings were governed by administrative and procedural rules of the Nevada Supreme Court. However, on February 21, 2003, the Nevada Supreme Court repealed Part VII of its rules and the Commission has since adopted its own procedural rules to govern its proceedings. Statutory Authority: Nevada Constitution, Art. 6, Section 21.

The Standing Committee on Judicial Ethics was created in 1998 by Supreme Court Rule to resolve ethical disputes arising in the course of campaigns for judicial office. It also provides judges and aspirants to judicial office advisory opinions regarding ethical matters that may arise in the ordinary course of judicial service or in the elective or appointment process. In 2011, the Nevada Supreme Court repealed a section of the rule and eliminated the need for the Committee to resolve ethical disputes arising in the course of campaigns for judicial office. The Committee continues to consider opinion requests regarding ethical matters that may arise in the ordinary course of judicial service, or in the elective or appointment process. The Standing Committee also assists the Nevada Supreme Court by studying and recommending additions to, amendments to, or repeal of provisions of the Nevada Code of Judicial Conduct or other laws governing the conduct of judges and judicial candidates. Statutory Authority: NRS 1.425 to 1.4695, inclusive. Rule Authority: Nevada Supreme Court's Inherent Power to Make Rules.

BASE

This request continues funding for 3.51 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF ADMINISTRATION - The Department of Administration is committed to providing professional, efficient, cost-effective services to state agencies while ensuring compliance with applicable statutes, regulations, and policies.

Department Budget Highlights:

- 1. Risk Management Information System (RMIS)** - The implementation of a RMIS will provide Risk Management, Nevada Department of Transportation, Attorney General's Office, and the State Public Works Division a unified platform to track and manage risk exposures related to assets, state-owned or leased locations, and employees.
- 2. Technology Investment Request** - The Human Resources Division has a Technology Investment Request to implement the second phase of the Nevada Employee Action and Timekeeping System. The components to be developed are on-line employee service jackets, online reports, and payroll projections.
- 3. Buildings and Grounds Major Building Projects** - Provides approximately \$1.3 million, over the biennium, for major maintenance and building renovation projects for multiple state-owned facilities.
- 4. Department of Administration, Director's Office** - The budget includes the creation of a Director's Office budget account within the Department of Administration.
- 5. Microwave Equipment Replacement** - Network Transport Services receives funding to begin replacement of statewide microwave equipment that has reached end-of-life. The microwave equipment requires replacement to support technological advancements of users and to ensure reliability of the public safety communications infrastructure.

ADMINISTRATION - HRM - UNEMPLOYMENT COMPENSATION

101-1339

PROGRAM DESCRIPTION

The 1977 Session of the Nevada Legislature extended unemployment insurance protection to most public employees effective January 1, 1978. Payroll centers of those agencies within the payroll system of the Division of Human Resource Management participate along with elected and judicial officials. The Employment Security Division bills the account quarterly for actual benefits paid that are attributable to the eligible service time in participating agencies. Statutory Authority: NRS 612.

BASE

This request continues funding for the state's unemployment benefit obligations.

ADMIN - ENTERPRISE IT SERVICES - The Enterprise Information Technology Services (EITS) Division performs Information Technology services for state agencies in a timely, coordinated, orderly, and economical manner. (See NRS 242.071)

Division Budget Highlights:

- 1. **NCJIS Modernization and OTIS Support** - The Governor's Executive Budget includes funding to support Department of Public Safety's Technology Investment Request for the development of the Nevada Criminal Justice Information System modernization and Offender Tracking Information System.
- 2. **Research and Planning Transfer to Enterprise IT** - The Governor's Executive Budget includes the transfer of one full-time staff and one part-time staff from the Director's Office to Enterprise IT Services to assist with strategic Information Technology planning for the state.
- 3. **Cloud Based Services Pilot** - The Governor's Executive Budget includes funding to pilot delivery of specific enterprise services from a third-party Cloud-based system.
- 4. **SilverNet Capacity** - Data Communications and Network Engineering receives funding to increase the capacity of SilverNet to meet the growing demand for communications infrastructure from state agencies and provide for additional bandwidth and capacity to the North to South backbone.
- 5. **Microwave Equipment Replacement** - Network Transport Services receives funding to begin replacement of statewide microwave equipment that has reached end-of-life. The microwave equipment requires replacement to support technological advancements of users and to ensure reliability of the public safety communications infrastructure.

PROGRAM DESCRIPTION

The Enterprise Information Technology Division provides services to coordinate efficient, effective and secure use of information, ensuring the economical use of information systems and personnel. The division provides cost effective enterprise-wide Information Technology solutions and assists state agencies and governing bodies by providing technical information and guidance. The state's Chief Information Officer (CIO) is appointed by the Governor and reports to the Department of Administration Director. The Office of CIO oversees the Enterprise Information Technology Services Divisions' operational units. Statutory Authority: NRS 242.

BASE

This continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Data Communications and Network Engineering Unit is one of three budget accounts in the Communications Division. This unit is responsible for all tasks related to developing, operating, and maintaining statewide data communications infrastructure. Most of this effort is focused on the Wide Area Network (WAN) termed SilverNet. Also included is maintaining "connectivity with the outside world" such as internet access for the state and dedicated purpose circuits (e.g., federal program connections). Staff tasks include installing and troubleshooting data circuits; installing, operating and maintaining routers, wireless bridges, firewalls, event logging, and data switches that tie the circuits together; and engineering, analyzing, and troubleshooting the complex WAN itself. Staff supports over 8,500 network nodes representing personal computers, non-intelligent workstations, servers, and network devices (routers, firewalls and switches) in more than 150 locations throughout the state. Customers include all Executive Branch agencies, Constitutional Offices, the Judicial Branch, and to a limited extent the Legislative Branch. Statutory Authority: NRS 242.

BASE

This request continues funding for twelve positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - IT - TELECOMMUNICATIONS

721-1387

PROGRAM DESCRIPTION

The Telecommunications Unit is one of three budget accounts in the Communications Division. This unit is responsible for developing, administering, and maintaining telecommunication services, primarily voice transport, and telephone equipment. This includes a statewide telephone network that integrates state-owned PBX switches and commercial telephone service. Staff tasks include operation and maintenance of PBX switch systems; agency consultation, analysis, and design to meet their telecommunication needs; building wiring design; development, negotiation, and implementation of contract telecommunication services, long distance service, local exchange service, vendor services, and state telephone operator functions. Specific services provided include state phone lines; voice mail; long distance; 800-type toll free service; phone credit cards; work order administration; voice system administration; conference calls and PBX network access. Staff in this budget account support approximately 12,000 telephone users at approximately 275 physical locations in 33 communities. Staff also administer approximately 4,000 telephone credit cards and approximately 300 toll free "800" numbers. Statutory Authority: NRS 242.

BASE

This request continues funding for ten positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - IT - NETWORK TRANSPORT SERVICES

721-1388

PROGRAM DESCRIPTION

The Network Transport Services Unit is one of three budget accounts in the Communications Division. This unit, through a combination of microwave, fiber optics, and other wireless technologies, provides transport of communications circuits for federal, state, and local government public safety entities, many of which are responsible for public safety. Network Transport Services also provides large transport circuits for data communications and PBX services to other communications units within Enterprise IT Services, such as SilverNet and PBX Telecommunications, thereby indirectly supporting nearly every state agency. Staff tasks include design and development of backbone communication infrastructure; installation, operation and 24/7 maintenance of microwave and fiber optic communication equipment; troubleshooting complex transport system problems; and maintaining and developing remote communication sites and facilities. Staff is directly responsible for over 600 microwave circuits and transport equipment at over 130 sites that carry public safety traffic over approximately 1,515,000 circuit miles. Network Transport Services communication sites also host other agency communications equipment and antennas on its towers, providing commercial and emergency backup power for their equipment. Statutory Authority: NRS 242 & NRS 233F.

BASE

This request continues funding for thirteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Office of Information Security (OIS) provides leadership and oversight of a comprehensive state information security program consisting of state information security policies and standards, security assessments, security incident response, continuity of operations plans, physical access control solutions, and security awareness training to the Executive Branch of Nevada State Government. The OIS guides and assists state agencies by addressing security issues, planning security solutions, implementing sound security controls, and providing technical security guidance to protect critical state data, networks, and data processing environments. The Chief Information Security Officer (CISO) reports to the Chief Information Officer (CIO), chairs the State Information Security Committee and represents the CIO on the Attorney General's Technological Crime Advisory Board and the Public Safety Homeland Security Cyber Terrorism Committee. Statutory authority: NRS 242.

BASE

This request continues funding for eight positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The purpose of the Information Technology Consolidation Department of Public Safety account is to transfer to Enterprise Information Technology Services the funding needed to provide 24x7 technical support, application development, connectivity, and staffing resources for the Department of Public Safety (DPS) and its statewide criminal justice customers. Staff provide common services (telephony, Internet access, email, desktop hardware and software) for DPS employees who are widely distributed throughout the state. In addition, staff provide specialized services to both DPS personnel and 18,500 external customers in county and municipal law enforcement organizations, District Attorney offices, Nevada courts of first impression, parole and probation offices, and both public and private sector customers that initiate and rely on criminal background checks involving submission and comparison of finger print records. Those specialized services are provided through a common interface called Justice Link (JLink) and include access to the Nevada Criminal Justice Information System (NCJIS), a multi-functional database that allows its many distributed users to track offenders and offenses. NCJIS is the state component of the FBI-managed national Criminal Justice Information System. Access to, and management of, NCJIS must comply with FBI requirements, including, network design and operation as well as information and privacy security requirements.

BASE

This request continues funding forty-eight positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMIN - STATE PUBLIC WORKS DIVISION - The State Public Works Division (SPWD) efficiently and effectively plans and manages capital improvements, maintenance services for state-owned facilities, and provides leasing services for state agencies, including Boards and Commissions, residing in non-state-owned facilities. As the state's building official, the SPWD regulates all construction on state lands in order to safeguard public health, safety, and welfare. The division also provides reliable Marlette Lake water delivery.

Division Budget Highlights:

- 1. **Buildings and Grounds Major Building Projects** - Provides approximately \$1.3 million, over the biennium, for major maintenance and building renovation projects for multiple state-owned facilities.
- 2. **Buildings and Grounds Leasing Services** - Provides funding for one new Program Officer position to address increasing demand for leasing services from Buildings and Grounds.

PROGRAM DESCRIPTION

The administrator for the State Public Works Division (SPWD) oversees and manages the legislatively approved Capital Improvement Program (CIP), and four operational budget accounts: Facility and Condition Analysis, which is responsible for inspecting and evaluating the short and long-term facilities maintenance needs for all state-owned buildings; Engineering and Planning, which manages the implementation of the approved CIP and assumes the building code-related inspection functions for all state-owned buildings; Buildings and Grounds, which provides statewide services associated with physical building and grounds maintenance and housekeeping for most state-owned buildings in Carson City, Reno, and Las Vegas; and the Marlette Lake Water System, which provides a reliable water delivery system for Carson City and Storey Counties. Statutory Authority: NRS 338, 341, 393 and 444.

BASE

This request continues funding for six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - SPWD - FACILITY COND & ANALYSIS

101-1560

PROGRAM DESCRIPTION

The State Public Works Division's (SPWD) Facility and Condition Analysis Unit is responsible for inspecting and evaluating the short, and long-term, facilities maintenance needs for all state-owned buildings. This Unit performs physical inspections of all state buildings to identify and quantify the state potential fiscal obligation, and projected inventory of deferred maintenance. Staff attempts to inspect and evaluate every state building on a three year cycle, and also works with state agencies to identify, evaluate and document immediate facility condition issues and concerns. Staff generates Facilities and Condition reports, estimate cost of repairs, make recommendations as to the priority and urgency of the facilities' maintenance needs, and make that information available to state agency directors, the division Administrator, the Legislature, and the Budget Office. Statutory Authority: NRS 338, 341, 393 and 444.

BASE

This request continues funding for 2.46 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - SPWD - BUILDINGS & GROUNDS
710-1349

PROGRAM DESCRIPTION

The Buildings and Grounds section of the State Public Works Division (SPWD) provides physical building and grounds maintenance and housekeeping for most state-owned buildings in Carson City, Reno, and Las Vegas. Services are provided by agency staff and contracted vendors ranging from general janitorial and maintenance to minor remodeling. The agency also provides office space for agencies in state-owned buildings and when not available, locates and negotiates leases in privately owned buildings. Additionally, the agency provides administrative oversight of the Marlette Lake Water System. The division also funds the Capitol Police section of the Department of Public Safety which provides building security for the Capitol Complex in Carson City and the Grant Sawyer Building in Las Vegas. Statutory Authority: NRS 331.

BASE

This request continues funding for 60.25 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - SPWD - MARLETTE LAKE

712-1366

PROGRAM DESCRIPTION

The Marlette Lake Water System was authorized for purchase by the 1963 Legislature from the Curtiss-Wright Corporation at a cost of \$1,650,000. The State Public Works Division of the Department of Administration administers the system. The adjoining lands are administered and controlled by the Department of Conservation and Natural Resources. The major objectives of this system are to preserve and protect local water sources, provide adequate supplies of water to the areas served, maintain the system in a condition calculated to assure dependable supplies of water, and sell water under equitable and fiscally sound contractual arrangements. This system is funded from water sales to Carson City and Storey County. Statutory Authority: NRS 331.160.

BASE

This request continues funding for 1.75 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Purchasing Division is responsible for procuring services and obtaining supplies, materials, and equipment on behalf of state agencies and local governments in a timely and cost-effective manner. Nevada State Purchasing ensures the procurement process provides an equal opportunity for all vendors to do business with the state. Staff handles state property disposal and maintains an inventory of the state's fixed assets. Statutory Authority: NRS 333 and 334.

BASE

This request continues funding for twenty-four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMIN - RISK MANAGEMENT DIVISION - The mission of the Risk Management Division is to preserve and protect state property and personnel. This is achieved by integrating agency programs that systematically identify and analyze exposures to risk, selecting and implementing appropriate risk control strategies, financing anticipated or incurred losses, and regular monitoring for continual improvement and enhancement.

Division Budget Highlights:

- 1. **Risk Management Information System (RMIS)** - The implementation of a RMIS will provide Risk Management, Nevada Department of Transportation, Attorney General's Office, and the State Public Works Division a unified platform to track and manage risk exposures related to assets, state-owned or leased locations, and employees.

Centralized Services (State Support Services)	8,334,251	4,699,495

Activity: Short-term Assigned Vehicle Management

Fleet Services facilities in Carson City, Reno, and Las Vegas provide short-term assigned vehicles to state agencies as a cost-effective and efficient solution for short-term travel needs. Spreading the cost of the vehicle(s) over a large customer base reduces travel costs to the state as a whole as well as to agencies on an individual basis.

PROGRAM DESCRIPTION

The Fleet Services Division provides safe, dependable, and economical transportation solutions for state employees. The division operates a large, modern, and environmentally friendly fleet and focuses on customer service, efficiency, and professionalism. The division's fleet is dispersed throughout the state providing agencies short-term and long-term assigned vehicles, maintenance, vehicle acquisition and disposal, registration, fueling, accident management, and twenty-four hour roadside assistance. Statutory Authority: NRS 336.

BASE

This request continues funding for fifteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - FLEET SERVICES CAPITAL PURCHASE
711-1356

PROGRAM DESCRIPTION

The vehicle purchase account serves as a holding account for the accumulation of funds realized from vehicle sales, insurance recoveries from vehicles totaled in accidents, depreciation allowances for fleet replacement, and appropriations used to purchase additional vehicles for agencies' use. Funds for depreciation expense in the division's operating budget, which is budget account 1354, are then transferred to the Capital Purchase account, budget account 1356, as revenue. Statutory Authority: NRS 336.

BASE

This request continues funding of the current program. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - NSLA - NEVADA STATE LIBRARY

101-2891

PROGRAM DESCRIPTION

The State Library and Archives is the institutional memory of the state and is responsible for preserving and developing the state's most valuable assets: its heritage, the collective product of its people, resources, business endeavors, and government. The State Library provides governments, agencies, businesses, libraries, and citizens a full range of information services including: reference, research materials, and support services; library planning and development; and services designed for citizens with disabilities. The State Library and Archives houses the State Data Center, which offers census information statewide. The library functions as a depository of US government documents. The library operates the State Publications Distribution Center, which distributes official state government documents electronically statewide to ensure Nevada citizens have free access to state government publications. The State Library develops state information policies to ensure equal access to government information is available in all formats. Library development services provide leadership, grants, and other assistance to Nevada's libraries, archives, and literacy communities to improve services for all Nevadans including general consulting; administering funds for improvement of library services; collaborating with local, state and federal agencies to develop and implement programs; and facilitating statewide planning efforts. The Nevada Talking Book Services provides direct library services statewide to individuals who qualify due to visual and/or physical impairments. Statutory Authority: NRS 378.010 through 378.210.

PROGRAM DESCRIPTION

The State Archives and Records Management programs administer comprehensive, cost-effective programs for the creation, maintenance, retention, preservation, and disposition of records of the Executive Branch of state government. Archives and Records program staff offer technical support to the Nevada Supreme Court, Legislative Counsel Bureau, tribal and local governments, and the Nevada System of Higher Education. The State Archives preserves and makes accessible records that document the history, organization and functions of the Nevada state government; its influence and impact on the lives of its people; and protection of their civil rights. The Records Management program prepares records retention schedules, which enables all state agencies to reduce their records storage holdings and the related costs; and operates the State Records Center, providing high-capacity, low-cost, secure storage for over 48,000 cubic feet of inactive official state records. These records may be accessed on demand by state agencies as needed. In addition, the Imaging and Preservation Services (IPS), formerly Micrographics and Imaging program (MIP), provides high-quality digital imaging and microfilm capture of essential government documents at significant savings to client agencies of state and local governments. The program also provides on-site surveys, consultation on appropriate media storage, seamless uploading of digital images directly to client databases and the production of CDs, DVDs, microfiche, and roll film. The program ensures government documents are preserved in accordance with NRS 239.070, 378.255 and 378.280 and provides services for scanning, printing, and storage of large format maps and plans onto either microfiche or roll film. The program develops and duplicates film produced by larger state agencies with their own microfilming staff and assists these agencies in selecting equipment that may be needed for their operations. Statutory Authority: NRS 378.230 through 378.320.

ADMINISTRATION - NSLA - CLAN**101-2895****PROGRAM DESCRIPTION**

The Cooperative Libraries Automated Network (CLAN) is a consortium of all types of libraries and related agencies. The mission of this cooperative network is to develop and enhance library services, and implement and achieve regional library service. The consortium plans, develops, shares, operates, and maintains services for the management of automated library functions for the benefit of the public. The office of the cooperative provides advanced library and technological services to forty-four service locations throughout all seventeen Nevada counties. Statutory Authority: NRS 379.147-379.150 and NRS 277.080-277.180.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

287-4895

PROGRAM DESCRIPTION

The Victims of Crime Program (VOCP) provides financial assistance to qualified Nevada residents, U.S. citizens, or others entitled to reside in the U.S., who sustained injuries in a violent crime committed in Nevada. The VOCP pays hospital bills, medical and dental treatment, mental health counseling, lost wages, funeral costs, and other crime-related expenses. Program revenues are derived from fines and penalties imposed by the courts in criminal proceedings. Statutory Authority: NRS 217.010.

BASE

This request continues funding for seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF TAXATION

101-2361

PROGRAM DESCRIPTION

The Department of Taxation is responsible for providing fair, efficient, and effective administration of the tax programs of the State of Nevada in accordance with applicable statutes, regulations and policies, and serves the taxpayers, and state and local government entities. The department administers and collects taxes for distribution to the state General Fund, other state agencies, and to local government entities. The department collects and distributes all sales and use taxes, the modified business tax, the estate tax, the net proceeds of mines tax, and the property tax on interstate and inter-county companies. It also collects excise taxes and fees on liquor, cigarettes, other tobacco products, tire tax, short-term lessor fee, live entertainment tax, bank excise tax, lodging tax, the insurance premium tax, and distributes the real property transfer tax received from county recorder collections to the state general fund and local governments.

In addition, the department is responsible for appraising property of an interstate or inter-county nature as well as mining property. It also establishes guidelines for county assessors, recorders, and treasurers; monitors appraisal and assessment performance through ratio studies and performance appraisals of county officials; and ensures statewide compliance with assessment standards established by the Tax Commission. The department reviews local government budgets and audits, prepares the ad valorem tax rates for certification, and advises local governments on budget act compliance and financial management matters. Additionally, the department provides annual population estimates for the state, its counties and incorporated cities.

The department serves as staff to several State Boards and Commissions including the Nevada Tax Commission. The Nevada Tax Commission, as head of the department, adjudicates contested cases, adopts regulations and ensures the fair and equitable treatment of taxpayers across tax types. The department also serves as staff for the State Board of Equalization, which hears and determines property tax appeals and equalizes property tax values. In addition, the department serves as staff to the Committee on Local Government Finance, which provides financial accounting standards for local governments and oversight to financially troubled local government entities.

The department also serves as staff to the Mining Oversight and Accountability Commission, which ensures various state agencies maintain compliance over environmental, mine safety and training, and taxation issues related to the mining industry; and to the Appraiser Certification Board, which ensures all property tax appraisers in the state are certified and maintain continuing education requirements.

Statutory Authority: NRS 354, 360, 361, 361A, 361B, 362, 363A.120, 363A&B, 364.125, 364A, 368A, 369, 370, 370A, 372, 372A, 374, 374A, 375A&B, 376A, 377, 377A&B, 387.332, 444A.090, 482.313, 585.497, 680B.

BASE

The base budget continues funding for 336 positions, eight Nevada Tax Commissioners, five State Board of Equalization members and associated operating costs. One time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF EDUCATION - The mission of the Department of Education is to improve student achievement and educator effectiveness by ensuring opportunities, facilitating learning, and promoting excellence.

Department Budget Highlights:

- 1. **Adjust K-12 Funding** - The Distributive School Account includes the 2% roll-ups, PERS rate increases, enrollment growth of 1.25% in fiscal year 2016 and 1.25% in fiscal year 2017, and the extension of sunsets from the 2013 Legislative Session.
- 2. **Adjust Special Education** - Funding of \$25 million is added in fiscal year 2017 to start the transition toward a weighted formula funding as recommended by the SB500 Task Force.
- 3. **Expand English Language Learner Program** - Funding of \$25 million per year to expand the current number of Zoom Schools in Clark and Washoe counties to an additional twenty-four schools.
- 4. **Implement Victory Schools Program** - The budget includes funding of \$24.8 million in fiscal year 2016 and \$25 million in fiscal year 2017 to implement a new Victory Schools Program to provide additional services to underperforming schools in the poorest zip codes.
- 5. **Implement Nevada Ready 21 Technology Plan** - The budget includes \$24.3 million per fiscal year to implement the Nevada Ready 21 Technology Plan to provide personal, portable devices to every student.
- 6. **Implement Safe and Respectful Schools Office** - The focus of this office will be safe and respectful learning environment issues and the administration of a grant to provide a social worker or other licensed mental health worker in schools with identified needs.
- 7. **Jobs for America's Graduates** - The budget includes \$2.5 million in fiscal year 2016 and \$3.6 million in fiscal year 2017 to expand this program to forty-eight schools by the end of fiscal year 2017.
- 8. **Great Teaching and Leading Fund** - This funding is provided to incentivize professional development and improvements to the educator pipeline.

Department Budget Highlights (continued):

9. **Gifted and Talented Programs** - The budget includes \$10 million over the biennium to assist districts in educating students who qualify for Gifted and Talented programs.
10. **Read by Three** - The budget includes funding to augment reading proficiency programs in Kindergarten through third grade at schools that are not served by a Zoom or Victory Program reading center.
11. **Implement Underperforming Schools Turnaround** - The budget includes \$5 million per year to implement a program for turning around persistently underperforming schools.

NDE - DEPARTMENT OF EDUCATION - The mission of the Department of Education is to improve student achievement and educator effectiveness by ensuring opportunities, facilitating learning, and promoting excellence. The Department consists of the State Board of Education, the State Board for Career and Technical Education, and the Superintendent of Public Instruction.

NDE - DISTRIBUTIVE SCHOOL ACCOUNT

101-2610

PROGRAM DESCRIPTION

The Distributive School Account (DSA) provides direct state financial aid to school districts and charter schools for K-12 public education in Nevada. The funding formula, identified by NRS 387.121 as the "Nevada Plan," provides school districts a guaranteed dollar amount of basic state support per student plus additional funds for categorical programs such as special education, class-size reduction, and reimbursement of certain student transportation costs. School districts and charter schools receive either monthly or quarterly apportionments from the DSA on the basis of student enrollment. Each school district is guaranteed a specific amount per student, which is developed through a formula that considers the demographic, economic, and wealth characteristics of the district. Allotments of licensed employees and related costs are determined from tables that recognize the differences in costs between rural and urban school districts as well as small and large districts. Transportation costs are incorporated into the allocation process.

For purposes of calculating basic support, enrollment includes students enrolled in grades one through twelve, students in ungraded special education classes, and six-tenths of the count of students enrolled in kindergarten and in preschool programs for children with special needs. Special education is funded on an amount-per-unit basis as established by each session of the Legislature.

Pursuant to NRS 387.1233, school districts and charter schools are partially protected from decreases in enrollment through a one-year "hold harmless" statutory provision, which guarantees a payment based on the highest enrollment in the current or prior year unless the decrease is greater than 5%, in which case the payment guarantee is based on the higher of the prior two years' enrollment.

The DSA is funded by a General Fund appropriation, sales taxes on out-of-state sales, income from federal mineral land leases, interest from the Permanent School Fund, and a portion of the state taxes on slot machines. In addition to the state funds received by the school districts through the DSA, the school districts receive the 2.25% local school support sales tax that is part of the DSA guarantee; the abated \$0.75 per \$100 of assessed valuation property/mining tax, one-third of which is part of the DSA guarantee; governmental services taxes; franchise taxes; and various other local and federal revenues. Statutory Authority: NRS Chapter 387.

NDE - STATE SUPPLEMENTAL SCHOOL SUPPORT ACCOUNT

101-2617

PROGRAM DESCRIPTION

The 2009 Initiative Petition 1 (IP1) provided Room Tax revenue from the State Supplemental School Support Fund to the General Fund as a State funding source to be distributed to the school districts. The source of funds is the 3% tax on rental transient lodging specified in the legislation. The funds were temporarily diverted to the Distributive School Account beginning July 1, 2011 with a scheduled "sunset" date of June 30, 2015. Statutory Authority: NRS 387.191, Senate Bill 522 of the 77th (2013) Regular Session

BASE

The base budget reflects the anticipated receipts from IP1 from the 2009 Legislative Session for the coming biennium.

NDE - INCENTIVES FOR LICENSED EDUCATION PERSONNEL

101-2616

PROGRAM DESCRIPTION

NRS 391.166 creates the Grant Fund for Incentives for Licensed Educational Personnel to be administered by the department. The Board of Trustees of each school district in Nevada is required to establish a program of incentive pay for licensed teachers, school psychologists, school librarians, school counselors, and administrators employed at the school level which are designed to attract and retain those employees.

This budget contains the funding for remaining provisions of the 1/5th retirement credit purchase program (previously NRS 391.165). Personnel participating in the 1/5th purchase program in fiscal year 2007 could elect to continue until they had received five 1/5th credit purchases at which time they would be eligible to participate in the incentive program mentioned above.

BASE

This request continues funding for the purchase of retirement credit for licensed education personnel.

PROGRAM DESCRIPTION

This budget account is designed to fund staff and operating expenditures for the allocation of state and federal funds to the school districts, including those relating to the Distributive School Account, class-size reduction, full-day kindergarten, and special education. In addition, this budget account includes support for state and federal grant monitoring functions, as well as state auditing functions.

BASE

This request continues funding for twenty-five positions and associated operating cost. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - ASSESSMENTS AND ACCOUNTABILITY

101-2697

PROGRAM DESCRIPTION

The establishment and administration of state assessments is one of the principal functions of the department. Information from assessments is used to improve the instruction of pupils, but also to prepare federal and state accountability reports. The budget includes federal and state support of the assessment and accountability functions, including staff, vendors, and associated costs. Statutory Authority: NRS Chapter 389, NRS 395.3455 et seq.

BASE

This request continues funding for nine positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - EDUCATOR LICENSURE

101-2705

PROGRAM DESCRIPTION

The Educator Licensure budget includes the Commission on Professional Standards in Education, which consists of nine members appointed by the Governor. The Commission is charged with the adoption of regulations and standards which are implemented by the department. Licensure staff in Las Vegas and Carson City are responsible for determining eligibility, approving and issuing licenses for administrators, teachers and other educational personnel. Funding is included in this account for the maintenance and continual improvements of the Competency Testing Program for Educational Personnel. Statutory Authority: NRS 391 and NRS 385.

BASE

This request continues funding for thirteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

This budget account provides resources to support the certification of administrator and teacher preparation programs, professional development and high quality learning, development and support of a statewide evaluation system, and the Nevada Educator Performance Framework (NEPF). Federal dollars support high quality teachers and leaders as defined by the Elementary and Secondary Education Act, while state dollars ensure that educator preparation programs and the associated evaluation system meet the requirements of state law. The Teachers and Leaders Council and Statewide Coordinating Council for Regional Training Programs are included in this budget account. Authority: NRS 391.037 and 391.038, NRS 391.455, NRS 391.516, 20 USC 2701 et seq.

NDE - SCHOOL HEALTH EDUCATION - AIDS
101-2611

PROGRAM DESCRIPTION

The Coordinated School Health Education Program to Prevent the Spread of HIV/AIDS and other Sexually Transmitted Diseases (STDs) is a federally funded program designed to assist school districts to establish, strengthen, or expand HIV/AIDS and STD prevention education. The program is used to integrate HIV/AIDS prevention education into a coordinated school health education framework for Nevada's secondary middle school and high school students. The program ended in 2014.

BASE

This request continues funding for ongoing program costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - GEAR UP
101-2678

PROGRAM DESCRIPTION

The GEAR UP grant is a collaborative effort of the Nevada Office of the Governor, Nevada State Treasurer, Nevada System of Higher Education, Nevada Department of Education, Wells Fargo Bank, AT&T, ACT, and other stakeholders including parents, students, educators, business and agency representatives. Nevada's vision is to change the culture of low achieving students who are economically disadvantaged so they are prepared academically and have the resources to attend and succeed in college. GEAR UP program resources support the following goals: improve academic achievement and increase high school proficiency exam scores; decrease high school dropout rate; increase high school graduation rate; and increase enrollment in college preparation coursework.

BASE

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - OFFICE OF EARLY LEARNING AND DEVELOPMENT
101-2709

PROGRAM DESCRIPTION

This office manages and administers programs for at-risk children who are ready for kindergarten. In addition to these funds, this office now administers federal Head Start and certain Child Care Development Fund programs. This office distributes and monitors grants and related programs focused on the quality of and access to pre-school programs. Authority: 42 USC 9801 et seq. and 9858, et seq., Executive Order #2013-16

BASE

This request continues funding for four positions and associated costs. One-time costs have been eliminated and partial year costs have been annualized.

NDE - STUDENT AND SCHOOL SUPPORT

101-2712

PROGRAM DESCRIPTION

The federal Elementary and Secondary Education Act (ESEA) provides support for students and schools deemed at risk, students who live in poverty, migrants, to Native Americans and English Language Learners. The department distributes federal ESEA or "title" funds and monitors compliance with federal requirements. The state supplements efforts for school improvement and to ensure the provision of a safe and respectful school environment through staff, vendors, and programs assigned to this budget account. Authority: 20 USC 2701 et seq., NRS 388.132

BASE

This request continues funding for five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - CAREER AND TECHNICAL EDUCATION

101-2676

PROGRAM DESCRIPTION

The Department of Education administers occupational education programs that meet the requirements of the Nevada State Plan for Career and Technical Education (CTE). The plan is based on the needs of students within the state and serves as the application for the federal Carl D. Perkins Vocational and Technical Education Act funds. The primary mission of the federal program is to improve occupational education programs, focusing on the improvement and development of programs meeting the state criteria that defines high-wage, high-skill programs. Revenue received through the Carl D. Perkins Basic Grants to States has funding set-a-sides including 5% or \$250,000, whichever is greater, for state administration; 10% for statewide leadership; and 85% for basic grant aid to school districts and community colleges. Federal funds administration must be matched by state funds. In addition, the maintenance of effort provision requires the state to maintain funding at least at prior year levels. Authority: NRS 388.340(2a), 388.360(3) and the Carl D. Perkins Vocational and Technical Education Act of 1998, as amended.

BASE

This request continues funding of 12.51 positions and associated costs. One-time costs have been eliminated and partial year expenditures have been annualized.

NDE - CONTINUING EDUCATION

101-2680

PROGRAM DESCRIPTION

The Continuing Education account is funded through the federal Adult Education and Family Literacy Act. The purpose of the act is to provide adult basic education (ABE) and English as a Second Language (ESL) services in order to assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency; to assist adults in the completion of secondary school education; and to assist adults who are parents to obtain the educational skills necessary to become full partners in the education of their children. Funds are granted to eligible educational and community-based organizations on a competitive basis to carry out the purpose of the act. Students enrolled in the programs must be over 18 years of age, must not have a high school diploma or its equivalent, and must be withdrawn from high school and not required to be in a school. A federally required 25% match is partially met by state funding for instruction; the local instructional programs contribute the balance of the match. Authority: P.L. 105-220. Workforce Investment Act, Title II, Adult Education and Family Literacy Act; NRS 387.1233

NDE - INDIVIDUALS WITH DISABILITIES (IDEA)

101-2715

PROGRAM DESCRIPTION

The Individuals with Disabilities Education Act (IDEA) provides funding to states through the US Department of Education. Several federal grants are combined in this budget account, which are designed to improve student performance on statewide assessments including alternate assessments; transition from early intervention programs; behavioral success; graduation and drop-out rates; post-secondary outcomes; and recruitment and retention of highly qualified special education personnel. Nevada provides additional funding for students with disabilities through a special education program unit funding allocation model. Authority: PL106-448, NRS 388.440 et seq., and NRS 387.1221.

BASE

This request continues funding for thirteen positions and associated costs. One-time expenditures have been eliminated and partial year costs have been annualized.

COMMISSION ON POSTSECONDARY EDUCATION - The Commission on Postsecondary Education's mission is to ensure that quality educational opportunities are available to all Nevadans; to prevent the issuance and use of fraudulent degrees; to preserve essential academic records and to provide remedies to students.

Department Budget Highlights:

- 1. **Postsecondary Education** - The Governor's Executive Budget contains no significant changes for this division.

Activity: License and Regulate Private Postsecondary Educational Institutions

The commission regulates private postsecondary schools operating in Nevada to ensure that quality educational opportunities are available to all Nevadans and to ensure that students are afforded financial protections should a school close without notice.

COMMISSION ON POSTSECONDARY EDUCATION

101-2666

PROGRAM DESCRIPTION

The Commission on Postsecondary Education is responsible for licensing and inspecting privately owned postsecondary educational institutions and for resolving student complaints. The commission authorizes academic and non-academic programs leading to degrees or vocational objectives offered by the postsecondary educational institutions. Staff licenses agents representing in-state and out-of-state private schools in Nevada and approves public and private postsecondary institutions for training programs supported by the U.S. Department of Veterans Affairs. The commission approves training programs for alcohol awareness. Statutory Authority: NRS 394.

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PUBLIC CHARTER SCHOOL LOAN PROGRAM

101-2708

PROGRAM DESCRIPTION

The State Public Charter School Authority provides loans at or below market rate to charter schools for the costs incurred in preparing a charter school to commence its first year of operations, and to improve the operations of existing charter schools. The lack of low cost financing, or other capital, to support the operations of new and existing charter schools presents a significant hurdle to expanding and improving the quality of Nevada's charter schools. Statutory Authority: NRS 386.577.

BASE

This request continues funding for associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NEVADA SYSTEM OF HIGHER EDUCATION (NSHE) - The Nevada System of Higher Education (NSHE) provides higher education services to the citizens of the state at a high level of quality consistent with the state's resources. It accomplishes this mission by acquiring, transmitting, and preserving knowledge. The system endeavors to assist in providing an educated and technically skilled citizenry for public service and the general welfare, to contribute toward an educated and trained work force for industry and commerce, and to facilitate the individual quest for personal fulfillment.

Department Budget Highlights:

- 1. **Mitigation Funding Removal** - Remove one-time mitigation funding provided to Great Basin College and Western Nevada College.
- 2. **Creation of UNLV Medical School** - Funding for the development and establishment of a full allopathic medical school at the University of Nevada, Las Vegas.
- 3. **Medical Education Expansion** - Funding for telehealth linkage that connects University faculty with primary care providers in rural underserved areas and expand medical education programs for student and resident physicians at the University of Nevada School of Medicine.
- 4. **Boyd School of Law Support** - Funding to support the University of Nevada, Las Vegas, William S. Boyd School of Law, due to declining enrollments.
- 5. **Performance Funding Pool** - Continuation of the Performance Funding Pool, a General Fund appropriation set aside of 10% in fiscal year 2016 and 15% in fiscal year 2017 from each institution.
- 6. **Hotel College Construction Project** - Funding to assist in the construction of a 93,500 square foot Hotel College academic building at the University of Nevada, Las Vegas.

NSHE - SPECIAL PROJECTS

101-2977

PROGRAM DESCRIPTION

The Special Project appropriation contains programs not directly related to any of the other Nevada System of Higher Education appropriations. Currently, the only program in Special Projects is the Experimental Program to Stimulate Competitive Research (EPSCoR). It started in 1979 at the National Science Foundation (NSF) when five states received planning grants to develop strategies to build their research infrastructures. The goal of EPSCoR is to stimulate sustainable improvements in the quality of academic science and technology infrastructure of eligible states.

BASE

This request continues funding for 7.68 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NSHE - SCHOOL OF MEDICAL SCIENCES
101-2982

PROGRAM DESCRIPTION

The University of Nevada School of Medicine is currently the only public medical school in the State of Nevada. It is fully-accredited to provide a four-year instructional program in all biomedical and clinical sciences necessary for granting the Doctor of Medicine degree. The school is based in Reno for biomedical research, basic science instruction and early clinical skills training, with a majority of clinical teaching in the third and fourth years occurring in medical offices and hospitals in Las Vegas.

BASE

This request continues funding for 210.53 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NSHE - DENTAL SCHOOL - UNLV
101-3002

PROGRAM DESCRIPTION

The UNLV School of Dental Medicine (SDM) came into existence when key political, academic, and health leaders committed to addressing the state's shortage of dentists-particularly in rural areas-and the lack of oral health access for lower socioeconomic groups. The school was charged with preparing socially aware, clinically adept dentists to address oral health needs in Nevada.

BASE

This request continues funding for 140.12 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NSHE - DESERT RESEARCH INSTITUTE

101-3010

PROGRAM DESCRIPTION

In 1959, the Nevada State Legislature created the Desert Research Institute (DRI), as a division of the University of Nevada specifically devoted to conducting research. DRI became an autonomous division of the University and Community College System of Nevada in 1969. From its beginnings, DRI has functioned as a nonprofit research campus uniquely blending academia with entrepreneurship. Approximately 500 research faculty and support staff generate more than \$35 million in research revenue each year, with approximately 85% coming from the federal government or commercial entities. Research projects and programs are supported from the main campuses in Las Vegas and Reno, with additional specialized laboratories in Boulder City, Nevada and Steamboat Springs, Colorado. DRI's environmental research programs are directed from three core divisions (Atmospheric Sciences, Earth and Ecosystem Sciences, and Hydrologic Sciences), as well as interdisciplinary science centers. Grounded in fundamental research, DRI provides both sponsors and clients with innovative solutions to pressing environmental problems, balancing the need to develop resources while sustaining the environment.

NSHE - GREAT BASIN COLLEGE

101-2994

PROGRAM DESCRIPTION

Great Basin College (GBC) serves ten of Nevada's most rural counties with the main campus in Elko and branch campuses in Battle Mountain, Ely, Pahrump, and Winnemucca. In the fall of 1999, the college initiated a Bachelor of Arts in Elementary Education. The Bachelor of Applied Science was implemented in the fall of 2001 and the Bachelor of Integrative and Professional Studies was implemented in the spring of 2002. Currently, GBC offers seven different baccalaureate degrees and several other degree programs are under consideration. Two-year degrees offered are the Associate of Arts, Associate of Science, and Associate of General Studies. Two-year Associate of Applied Science degrees are available in business administration, computer office technology, criminal justice, diesel technology, early childhood education, electrical/instrumentation technology, industrial plant maintenance and welding technology. Distance education technology (i.e., two way interactive video and online modes) are utilized extensively to deliver programs throughout the service area. The college has residential housing for approximately 200 students.

BASE

This request continues funding for 206.34 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NSHE - NEVADA STATE COLLEGE AT HENDERSON
101-3005

PROGRAM DESCRIPTION

Nevada State College is a comprehensive baccalaureate institution of higher learning. A member college of the Nevada System of Higher Education, Nevada State College is dedicated to providing quality educational, social, cultural, economic, and civic advancement for the citizens of Nevada. Through student-centered learning, Nevada State College emphasizes and values: exceptional teaching, mentoring, advisement; scholarship; career and personal advancement; continuing education; and service to our community. The college helps address Nevada's need for increased access to higher education for students entering the higher education system and for students transferring from the state's community colleges. The college offers a wide range of baccalaureate programs and selected masters programs designed to meet the general needs of the State of Nevada and the specific needs of the southern region of the state. Special emphasis is placed on addressing the state's need for effective, highly educated and skilled teachers and nurses, and commitment is made to developing and promoting partnerships with Nevada's public school system, the state's health care providers, and Nevada's colleges and universities. The curriculum of Nevada State College will be based upon the community's needs, the needs of business and industry, and the desires and demands of the students.

BASE

This request continues funding for 168.35 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - AGRICULTURE REGISTRATION/ENFORCEMENT

101-4545

PROGRAM DESCRIPTION

The Agricultural Registration and Enforcement Account supports the registration, inspection, sampling and laboratory analysis of fertilizers and pesticides; inspection, certification, and licensing of: nursery stock dealers, organic producers and processors, export producers and processors, seed producers, pest control operators, restricted use pesticide applicators, and weed free forage producers. Under a US Environmental Protection Agency cooperative agreement the following are conducted: pesticide product inspection, monitoring pesticide application, ground water sampling, worker protection, and pesticide disposal. This budget also supports the rangeland health, noxious weed, and vertebrate pest control programs. Statutory Authority: NRS 561, 555, 556, 576, 586, 587, 588.

BASE

This request continues funding for twenty-four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - PLANT HEALTH & QUARANTINE SERVICES

101-4540

PROGRAM DESCRIPTION

The Plant Health and Quarantine Services budget supports the plant pathology, entomology, and quarantine programs which prevent the entry and establishment of economically damaging pests and plant diseases in Nevada. Monitoring, surveillance, early detection, and rapid response activities are conducted. The agriculture representative on the Sagebrush Ecosystem Technical Team is also supported. Statutory Authority: NRS 561, 552, 554, 555.

BASE

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - LIVESTOCK INSPECTION

101-4546

PROGRAM DESCRIPTION

The Division of Livestock Inspection is responsible by statute for protecting livestock owners from theft or loss of livestock, introduction of diseased animals, and unfair business practices. This is accomplished by enforcing the mandated statutes of inspection and registration of brands; returning estrays; and the licensing of livestock and agricultural dealers, agents, buyers, and public sale yards. The division also investigates livestock thefts and enforces all livestock laws with a road interdiction program to prevent the ingress/egress of livestock that have not met the mandated requirements of both animal health and livestock identification. Ultimately, the division protects major food sources within the State of Nevada. Additionally, the division provides certified peace officers whose function is to enforce all livestock laws and animal health requirements with the road interdiction program in the absence of permanent ports of entry at Nevada border crossings. The division cooperates with other states to help with the enforcement of their livestock laws. Statutory Authority: NRS 561, 564, 565, 575, 571, 554, and 587.

AGRI - PREDATORY ANIMAL & RODENT CONTROL

101-4600

PROGRAM DESCRIPTION

NRS 567.010-090 authorizes the State Predatory Animal and Rodent Committee (PARC) to cooperate with the US Department of Agriculture (USDA) for the control of predatory animals, crop-destroying birds, and rodents within the State of Nevada. PARC and the USDA collectively form the Nevada Wildlife Services Program (WS). The WS also works cooperatively with the Nevada Department of Wildlife to conduct predation damage management projects to protect Nevada's natural resources such as mule deer, sage grouse, and bighorn sheep and helps protect the public from large predators such as mountain lions, black bears, and coyotes.

The mission of the WS is to provide leadership in managing problems caused by wildlife. WS recognizes that wildlife is an important public resource greatly valued by the people of Nevada. By its very nature, however, wildlife is a highly dynamic and mobile resource that can damage agricultural and industrial resources, pose risks to human health and safety, and affect other natural resources. The program carries out the state and federal responsibility for helping to solve problems that occur when human activity and wildlife are in conflict with one another. Statutory Authority: The Animal Damage Control Act of March 2, 1931, as amended (46 Stat. 1486; 7 U.S.C. 426-426b) and the Rural Development, Agriculture and related agencies Appropriation Act, 1988 (P.L. 100-202) authorizes the USDA's Wildlife Services program to form cooperative programs with state agencies.

AGRI - CONSUMER EQUITABILITY

101-4551

PROGRAM DESCRIPTION

The powers and duties of the Consumer Equitability Program are mandated in NRS Chapters 581, 582, and 590. The state sealer of Consumer Equitability, the Department Director, is directed to license, test, and deem correct all commercially used weighing and measuring devices. The agency obtains samples of motor fuels and delivers them to the petroleum chemists for analysis. If any violations are noted in the device inspections, packaging, scanners, or motor fuel, the inspectors take regulatory action to obtain compliance. The agency also maintains the metrology lab which houses the state standards for mass, length, and volume. The meteorologist certifies the field standards used by Consumer Equitability inspectors and registered service agents. Public weigh masters certify weight information for a fee and require a license as specified by the agency. The agency inspects scales and audits weigh tickets for compliance per NRS Chapter 582. The inspection of the advertising and labeling of motor fuel dispensers, storage tanks, and quality of the fuels is covered in the petroleum act as cited in NRS Chapter 590. The responsibility of this agency also includes the inspection of packaged goods to determine whether the stated amounts, sizes, pricing, etc. are correct.

Additionally, state law mandates the adoption of standards relating to fuel used in internal combustion engines and to test fuel against acceptable standards to ensure clean burning, high quality motor fuel. In order to enforce these standards, fuel sampling is conducted throughout the state. Inspectors then investigate any possible violations. Statutory Authority: NRS 590.010 through NRS 590.150.

AGRI - NUTRITION EDUCATION PROGRAMS

101-2691

PROGRAM DESCRIPTION

The National School Lunch Act of 1946 and the Child Nutrition Act of 1966 allot federal funds to Nevada for the nutrition programs. The federal allotment for each program sponsor is based on a formula that may consider meal costs or budgets, the number of individuals served, and the income level of those individuals. Sponsors are reimbursed monthly at a unit cost for each meal/milk served. The state funding is used to meet the state maintenance of effort and match requirements. The required state match is included in the Distributive School Account, budget account 2610. This budget also provides the funding needed to administer these programs, including processing payments, monitoring services provided by the program sponsors, and providing technical assistance and professional development to the sponsors. Authority: P.L. 79-396; CFDA#'s: 10.553, School Breakfast Program; 10.555, National School Lunch Program; 10.556, Special Milk Program for Children; 10.558, Child and Adult Care Food Program; 10.559, Summer Food Service Program for Children; 10.560, State Administrative Expenses for Child Nutrition.

BASE

This request continues funding for sixteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E275 EDUCATED AND HEALTHY CITIZENRY

This requests funds to make available to school districts up to \$1 million per year in start-up grants to assist with the implementation of breakfast after the bell programs. School districts eligible for these programs must have at least 70% of their pupils eligible for free and reduced priced meals as established by the US Department of Agriculture eligibility guidelines and must also be below the current national average for school breakfast participation. School districts who have already implemented Breakfast in the Classroom Programs would not be eligible for start-up grants.

PROGRAM DESCRIPTION

The Food Distribution Program provides US Department of Agriculture (USDA) commodity foods to schools, senior centers, Indian Reservations, food banks, and other eligible agencies and individuals in Nevada. The program also provides food packages to women, infants, and children. Low income senior citizens may also obtain food packages and coupons to buy fresh fruits and vegetables from local farmers' markets. The food distribution program serves approximately 210 agencies and ten Indian Reservations throughout the state. Statutory Authority: NRS 333 and Federal Regulations 7CFR part 247, 249 and 250-253.

BASE

This request continues funding for thirteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

GAMING CONTROL BOARD - The State Gaming Control Board governs Nevada's gaming industry through strict regulation of all persons, locations, practices, associations, and related activities. The board protects the integrity and the stability of the industry and ensures the collection of gaming taxes and fees that are an essential source of state revenue.

Department Budget Highlights:

- 1. **Modernize Gaming Technology** - The State Gaming Control Board received funding last biennium to begin the migration from a Common Business Oriented Language based system to modern technology. Funding for phase two of this project will continue the development of a new set of applications to replace the current system.

Activity: Audit and Compliance

This activity audits and reviews casinos and other gaming licensees to determine whether they accurately reported and paid gaming and entertainment taxes. Additionally, the activity reviews these entities for compliance with regulations pertaining to gaming and live entertainment operations.

GCB - GAMING CONTROL BOARD INVESTIGATION FUND
244-4063

PROGRAM DESCRIPTION

The Gaming Control Board Investigative Fund was created as a special revenue fund for the purpose of paying all expenses incurred by the Board and the Commission to investigate a gaming application. Due to the unpredictable and fluctuating nature of the investigations and the subsequent funding to pay for them, it is difficult to predict the amount of money that will pass through this account and the type of expenditures which will occur. Statutory Authority: NRS 463.331.

BASE

This request continues funding for investigative personnel and associated costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PUC - PUBLIC UTILITIES COMMISSION

224-3920

PROGRAM DESCRIPTION

The Public Utilities Commission of Nevada (PUCN) regulates public companies engaged in: electric, natural gas, telephone, water, and sewer services; gas and electric master meter service at mobile home parks; and some propane systems. In addition, it monitors gas pipeline and railroad safety. Statutory Authority: NRS 703-705, 704A, 705B, 707-710.

BASE

This request continues funding for ninety-six employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF BUSINESS AND INDUSTRY - The department administers its programs and regulatory activities in a manner that provides prompt and efficient service to the public and regulated entities.

Department Budget Highlights:

1. **Department of Business & Industry Centralization** - The Department of Business & Industry will centralize divisions housed in Las Vegas in one location to create a one-stop shop for businesses, constituents, and customers.
2. **Athletic Commission Funding Source Change** - The Athletic Commission will transition to a 100% fee funded agency and create a 90-day reserve, eliminating the need for a General Fund appropriation.
3. **Real Estate Funding Source Change** - The Real Estate Division will transition to a fully fee funded agency and create a 90-day reserve, eliminating the need for a General Fund appropriation.
4. **Insurance Budget Consolidation** - In an effort to simplify and improve the accuracy of financial reporting for interested parties, the Division of Insurance will consolidate four budget accounts into one and eliminate two budget accounts.
5. **Replace Software System** - The Division of Industrial Relations will replace several outdated databases with a software system to handle claim indexing, licensing, and enforcement activities.
6. **Replace Software System** - The Manufactured Housing Division will replace the existing software system used to support the permit, inspection, and investigative functions.
7. **Replace Core Legacy Systems** - The Taxicab Authority will replace the core legacy systems used to support its operations with a system that will increase efficiencies and streamline processes.

B&I - NEW MARKETS PERFORMANCE GUARANTEE

101-4678

PROGRAM DESCRIPTION

Senate Bill 357, of the 2013 Legislative Session, provided the Department of Business and Industry the authority to adopt regulations, allowing certain business entities to receive tax credit against the premium tax imposed on insurance companies in exchange for investing in a qualified community development entity. A qualified community development entity that seeks to have an equity investment, or long-term debt security, designated as a qualified equity investment and eligible for tax credits under this chapter must pay a fee in the amount of .5% of the amount of the equity investment, or long-term debt security, requested to be designated as a qualified equity investment to the Department. The fee is deposited in the New Markets Performance Guarantee Account, and will either be returned to the applicant, or reverted to the General Fund, based on performance. SB357 requires the Department of Business and Industry to collect and maintain a .5% Qualified Equity Investment Performance Fee for all applicants, and that fee is calculated based on the amount of equity investment or long-term debt security.

B&I - INSURANCE DIVISION - The Insurance Division protects the rights of Nevada consumers in their experiences with the insurance industry and ensures the financial solvency of insurers. In order to fulfill its mission, the division will advance a sound regulatory environment that is responsive to the insurance needs of Nevada.

Division Budget Highlights:

- 1. **Insurance Budget Consolidation** - In an effort to simplify and improve the accuracy of financial reporting for interested parties, the Division of Insurance will consolidate four budget accounts into one and eliminate two budget accounts.

B&I - INSURANCE REGULATION

504-3813

PROGRAM DESCRIPTION

The Insurance Division is charged with protecting the rights of the consumer, the public's interest in dealings with the insurance industry, and is responsible under Title 57 of the NRS for regulation of the insurance industry. The division regulates and licenses insurance producers and other professionals; sets ethical and financial standards for insurance companies; and reviews rates. The division also reviews programs operated by self-insured employers for worker's compensation. Statutory Authority: NRS 232.805 - 232.840, 449, 452, 616A-616D, 617 and Title 57.

BASE

This request continues funding for seventy-four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - INSURANCE EXAMINERS

504-3817

PROGRAM DESCRIPTION

The Insurance Examination Fund was established pursuant to NRS 679B.300 to provide for the examination of the affairs, transaction accounts, records, and assets of each authorized insurer. Each authorized insurer is examined not less than every five years and each insurer applying for an initial certificate of authority is examined. Examinations are of financial or market conduct, and the examined company pays the cost of the examination plus an administrative fee designed to defray expenses incurred by the division. Statutory Authority: NRS 679B.230 - 679B.300.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - CAPTIVE INSURERS

504-3818

PROGRAM DESCRIPTION

A captive insurer is an insurance company established and owned by a parent firm in order to insure its loss exposures while reducing premium costs, providing easier access to a reinsurer, and perhaps easing tax burdens. A risk retention group and risk purchasing group are similar insurers, owned by their members or purchase insurance as a group, respectively by virtue of federal law. The captive insurer section's budget was established by the 1999 Legislative Session. All fees and assessments received by the division pursuant to NRS 694C must be credited to the account. In addition, 25 percent of the premium tax imposed under NRS 694C.450 must be deposited for the regulation and supervision of captive insurers. Of that 25 percent, 2 percent is paid to the Commission on Economic Development for promotional services. At the end of each fiscal year, that portion of the balance in the account that exceeds \$500,000 must be transferred to the state General Fund. Statutory Authority: NRS 694C and 695E.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.
