NDOC - PRISON INDUSTRY

525-3719

PROGRAM DESCRIPTION

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide offenders the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for offenders in the production of goods and services at little or no direct cost to the taxpayer. Operations include furniture and metal fabrication shops at Northern Nevada Correctional Center (NNCC), a printing/bindery shop and mattress factory at NNCC, a garment sewing factory and drapery sewing shop at Lovelock Correctional Center, and an automobile refurbishing/repair and motorcycle manufacturing/repair shop at Southern Desert Correctional Center (SDCC). Prison Industries also operates used playing card recycling operations at Warm Springs Correctional Center, High Desert State Prison, and SDCC. Private businesses utilize inmates as part of the Prison Industries program. Approximately 550 inmates work in Prison Industries' programs.

BASE

This request continues funding for nineteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDOC - PRISON RANCH

525-3727

PROGRAM DESCRIPTION

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide offenders the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for prison inmates, in the production of goods and services, at little or no direct cost to the taxpayer. One of Prison Industries' operations is the Prison Ranch. The Prison Ranch is self-supporting; operating from revenue derived from processed milk sold to the Department of Corrections and other state agencies, as well as from the sale of cream and surplus raw milk to private vendors. Additional income is generated from the sale of livestock, renting unused grazing land, and boarding of both estray horses (Department of Agriculture) and wild horses (Bureau of Land Management), until they have been adopted or sold to private individuals or moved to another holding facility. The Prison Ranch currently provides work for 44 offenders.

BASE

This request continues funding for five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF MOTOR VEHICLES - To modernize and reinvent Department of Motor Vehicles (DMV) services through technology, innovation, customer service, and training while guarding against fraud and protecting the driving public through licensing and intervention practices while ensuring privacy protection of DMV records.

Department Budget Highlights:

- 1. **New Internal Administrative Investigation Unit** - To provide the consistency and expertise required to conduct thorough fact-finding investigations.
- 2. **Add 75 Customer Service Positions** - To reduce wait times in the five metropolitan offices by providing full-time window coverage.
- 3. **System Modernization** - This request funds the modernization of the department's aging mainframe application. The modernized solution will provide for better customer service, reduce transaction processing time, increase speed-to-market of offered department products, and reduce system backlog.
- 4. **Reissuance of License Plates** - To reissue license plates every eight years. The average life expectancy of a license plate is five to ten years. As plates undergo general wear and tear, plate visibility becomes a public safety issue, significantly impacting the ability of law enforcement to identify license plates.
- 5. **Additional Public Education Funding** - One of the agency's key goals is to encourage all eligible customers to use online and kiosk transactions. In addition, the agency will continue to roll out new technologies and will require the ability to communicate with the public about these new services.

DMV - SYSTEM MODERNIZATION**201-4716****PROGRAM DESCRIPTION**

This technology investment request proposes funding to modernize the current system to provide for improved customer service, reduce transaction processing time, increase speed-to-market of offered department products, reduce system backlog, and meet the growing demands of a technology savvy public. This will replace the current mainframe and PowerBuilder system with an integrated application that runs on a consolidated platform.

ENHANCEMENT**E550 TECHNOLOGY INVESTMENT REQUEST**

This request funds the modernization of the department's aging mainframe application. The modernized solution will provide enhanced security, disaster recovery, functionality that is easy to configure and maintain, and deliver an enhanced customer service experience.

ENHANCEMENT

E226 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds additional Public Education. The department conducts roughly eight million transactions each year with Nevada's 1.7 million licensed drivers and vehicle owners. One of the agency's key goals is to encourage all eligible customers to use online and kiosk transactions. By educating the public about alternative services the agency can better keep up with growth and forestall the need for additional staff and facilities. In addition, the agency will continue to roll out new technologies and will require the ability to communicate with the public about these new services. Existing funding for a statewide public education campaign of this magnitude is insufficient.

DMV - REAL ID**201-4746****PROGRAM DESCRIPTION**

During the 2007 Legislative Session, the REAL ID budget account was established for tracking expenditures related to the implementation of the REAL ID Act. Since that time, several grants have been awarded for improving the security and integrity of data collected during the drivers license and identification card issuance process. Grant funds will be used to work towards meeting full compliance with Department of Homeland Security (DHS) regulations, to further enhance information technologies and processes, and improve the efficiencies of the drivers license and identification card issuance process. All grant funds awarded will assist Nevada in meeting state and federal laws, and DHS regulations.

BASE

This request eliminates funding as the last grant expired December 31, 2014.

DMV - HEARINGS

201-4732

PROGRAM DESCRIPTION

The Department of Motor Vehicles, Hearings Office provides due process hearings to any person aggrieved by a decision of the department. Generally, these hearings concern the suspension, revocation, or cancellation of a privilege license issued by the department, such as a driver's license or a license to conduct business involving motor vehicles. The decisions of the administrative law judges assigned to the office may impact the lives and property of thousands of Nevadans. For this reason, the office strives to conduct all hearings in a timely, fair, and impartial manner and in accordance with the provisions in the Nevada Administrative Procedures Act, Chapter 233B. The office is supported primarily from Highway Fund revenues. Statutory Authority for these hearings is found in NRS 366, 445B, 481, 482, 483, 484, 485, 487, and 706.

PROGRAM DESCRIPTION

The Administrative Services Division is charged with providing professional, timely, and accurate support services to the director, various divisions of the department, and other associated agencies. Support services include fiscal accounting, budgeting, travel arrangements, payroll, warehousing, inventory control, mail services, purchasing services, contract management, facilities management, revenue collection, revenue distribution, and bad debt service. Through its centralized functions, it provides services to all divisions within the department. With the centralized services, the department is able to ensure consistency, accuracy, and compliance with laws and regulations for all divisions in these service areas.

BASE

This request continues funding for forty-eight positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E228 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This decision unit requests funding for the Administrative Services Officer (Revenue Manager) to attend NACHA's "The Payment Institute" training for the electronic payment industry. It is important the agency have a subject matter expert in electronic payments as DMV expends approximately \$5 million annually in merchant services fees. This training will provide instruction on electronic payments, security, fraud detection and prevention, along with the way funds are transferred internationally.

DMV - COMPLIANCE ENFORCEMENT

201-4740

PROGRAM DESCRIPTION

The Compliance Enforcement Division (CED) is the regulatory arm of the Department of Motor Vehicles (DMV). Regulation of the auto industry provides consumer protection through the licensing and regulation of businesses related to the manufacture, transport, sale, and disposal of vehicles. The purpose of the fraud investigation section is to investigate and resolve fraudulent activity. The division also investigates all complex and criminal complaints filed against licensees. Staff conducts audits, monitors, inspects, and provides investigative services on the internal and external entities related to the DMV core programs. Statutory Authority: NRS 481.0473, 481.0475, 481.048, Chapters 108, 482, 483, 487, 490.

BASE

This request continues funding for fifty-seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DMV - MOTOR VEHICLE POLLUTION CONTROL

101-4722

PROGRAM DESCRIPTION

The purpose of the Emissions Control Program is to ensure that vehicles in Clark and Washoe counties comply with Nevada's laws and regulations regarding emission standards. The division carries out its role by licensing and regulating emissions stations and inspectors as well as provides training and certification of applicants seeking employment as Emission Inspectors. Staff conduct audits and inspections at licensed emission stations; investigates potential program evaders and applies appropriate sanctions against program violators. The division cooperates with the various planning agencies involved in the Air Quality Program to evaluate air quality standards. The division is also a core member of the Inspection and Maintenance Advisory Committee. Statutory Authority: NRS Chapter 445B, 481.0473, 481.0475, 481.0481, 482.461, and 482.465.

BASE

This request continues funding for thirty-seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E226 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds a rolling reissuance of license plates every eight years. "Rolling" means a continuous process whereby license plates reaching the age of eight years are reissued versus all license plates being reissued at one time. The average life expectancy of a license plate is five to ten years. As plates undergo general wear and tear, plate visibility becomes a public safety issue, significantly impacting the ability of law enforcement to identify license plates. This process requires a second shift at the factory including three new positions: one Program Officer, one Driver Warehouse Worker, and one Maintenance Repair Aid. A Bill Draft Request has been submitted to support this request.

DMV - VERIFICATION OF INSURANCE

201-4731

PROGRAM DESCRIPTION

The Insurance Verification Program, known as NVLIVE (Nevada Liability Insurance Validated Electronically), verifies that registered owners of motor vehicles registered in Nevada maintain liability insurance. Revenue is generated from reinstatement fees and fines after suspensions for no insurance. Statutory Authority: NRS 485, 482.480, and 482.4805.

BASE

This request continues funding for twenty-one positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DMV - MANAGEMENT SERVICES

201-4742

PROGRAM DESCRIPTION

The Management Services and Programs Division is a resource to help achieve the department's strategic plan goals and is responsible for developing regulations; drafting legislation; preparing fiscal notes, surveys, forms, and desk reference manuals; developing requests for proposals; and managing projects related to vehicle, driver, occupational, and business programs. This division develops policies and procedures for all Department of Motor Vehicles (DMV) divisions to ensure consistent and uniform program delivery. Division responsibilities also include support for the other divisions in the areas of strategic planning, research, coordination of regulation and statutory changes, and legislative interaction. Statutory Authority: NRS 481.019, 481.035, 481.0473, and 481.051.

BASE

This request continues funding for sixteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF PUBLIC SAFETY - In partnership with the people of Nevada, the Department of Public Safety (DPS) provides services in support of protecting our citizens and visitors by promoting safer communities through prevention, preparedness, response, recovery, education, and enforcement.

Department Budget Highlights:

- 1. **Modernize NV Criminal Justice Information System** - Ongoing funding is required to continue upgrading the Nevada Criminal Justice Information System, which originated in fiscal year 2014.
- 2. **Private Contract Security Services** - Capitol Police is eliminating four DPS Officer positions and utilizing contracted services at certain fixed post locations during non-working hours when peace officer powers are not required.
- 3. **Replacement of Fleet Vehicles** - Approximately \$7.7 million is required to replace existing Nevada Highway Patrol vehicles that have exceeded (or are expected to exceed) the mileage threshold of 125,000.
- 4. **Motorcycle Traffic Patrol Squad** - Approximately \$327,000 is required to replace seven Nevada Highway Patrol vehicles with motorcycles and associated equipment to add an additional motorcycle traffic patrol squad to the Southern Command to cover swing shift operations.
- 5. **Transfer Public Information Officer** - The Nevada Highway Patrol will transfer a Department of Public Safety Officer position to the Director's Office to allow for coordination and consistency department-wide.

DPS - OFFICE OF PROF RESPONSIBILITY

201-4707

PROGRAM DESCRIPTION

The Nevada Department of Public Safety (DPS) considers the professional conduct of its employees to be paramount. The Office of Professional Responsibility (OPR) conducts administrative investigations of department employees and provides investigative assistance to all DPS divisions. Additionally, OPR provides training on how to conduct administrative investigations, misconduct versus job performance, and misconduct prevention measures.

BASE

This request continues funding for five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - EVIDENCE VAULT

201-4701

PROGRAM DESCRIPTION

The Department of Public Safety (DPS) has three dedicated evidence vaults statewide to support all of its divisions. As a law enforcement operation, sworn officers regularly seize property, money, and contraband from individuals for evidentiary, safekeeping, or destruction purposes. This program secures and manages the evidence seized by DPS sworn staff. This budget is cost allocated to the participating divisions.

BASE

This request continues funding for six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Department of Public Safety, Highway Patrol Division receives several federal grants, which are administered through this budget account. The granting agency is the

US Department of Transportation, Federal Motor Carrier Safety Administration, whose focus is accident, fatality, and injury reduction of commercial motor vehicle (CMV) related crashes. These reductions are accomplished through consistent, uniform, and effective CMV safety programs. The federal grants include the Motor Carrier Safety Assistance Program (MCSAP) and the New Entrant Safety Assurance Program (New Entrant). The MCSAP grant is committed to a reduction in the frequency and severity of CMV related crashes. Federal funds are used for MCSAP eligible activities designed to promote safety on Nevada highways by supporting enforcement of CMV regulations, CMV inspections, and CMV/non-CMV traffic enforcement. This grant requires a 20% soft match which is comprised of trooper time spent on MCSAP eligible activities. The New Entrant program is a continuing program to conduct safety audits of new CMV operators based in Nevada. This grant funds 100% of these activities which are supported by two positions. Statutory Authority: NRS 480.300, 480.330, 480.340, and 480.360.

BASE

This request continues funding for ten positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS-PAROLE & PROBATION - The mission of the Division of Parole and Probation is to ensure public safety, offender accountability and victims' rights through effective community corrections. Statutory Authority: NRS Chapters 176, 176A, 209 and 213.

Division Budget Highlights:

- 1. **Offender Tracking Information System (OTIS)** - Replacing OTIS is mission critical to the division as well as the safety of the public and peace officers statewide. The failure of this system will impact the division's ability to track offenders and provide valuable information to law enforcement.
- 2. **Offender Caseload Adjustments** - Adjusts positions based on caseload estimates from JFA Associates. This results in an increase of forty-seven full-time equivalent positions over the 2015-2017 biennium.

PROGRAM DESCRIPTION

The Department of Public Safety, Investigation Division, is a law enforcement agency with statewide jurisdiction dedicated to public safety. The primary missions of the division are to provide comprehensive investigative services upon request to all criminal justice agencies; to support federal, state, local, and private sector partners through the collection, analysis, and dissemination of relevant and timely information on terrorism, criminal activity, and other public safety hazards; and to deter and disrupt the trafficking and availability of narcotics and dangerous drugs statewide through the supervision of, and participation in, multi-jurisdictional task forces within fourteen of Nevada's seventeen counties. Statutory Authority: NRS 480.140, 480.400 through 480.610, NRS 453.271, NRS 179; and primary enforcement of NRS Chapters 453 and 454.

BASE

This request continues funding for fifty-one positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

Under the authority of NRS 414, the Division of Emergency Management (DEM) coordinates the efforts of the state and its political subdivisions together in partnership with private and volunteer organizations and tribal nations in reducing the impact of emergencies. The DEM is given oversight and coordination responsibility for all statewide emergency preparedness, pre and post emergency mitigation efforts, and the development, review, approval, and integration of state emergency response planning. This includes the integration of volunteer organizations and the private sector in the state emergency management process as well as oversight of response exercises, training, and emergency operations planning. The DEM is responsible for assuring the state's readiness and ability to respond to and recover from natural and technological emergencies and disasters by assisting local governments with their emergency preparedness, response, and recovery efforts while providing a crucial link for accessing state and federal assistance and support. The division's operations also include those of the Nevada Office of Homeland Security.

BASE

This request continues funding for twenty-nine positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

Since 2006, this budget account has been a pass-through account for federal funds received to reduce the impact of emergencies within the State of Nevada. This budget account also provides operational support to the Division of Emergency Management, budget account 3673 and the Nevada Office of Homeland Security, budget account 3675.

BASE

This request continues funding for ongoing program services at current grant levels and maintains operational support to the Division of Emergency Management. One-time expenditures have been removed and partial year expenditures have been annualized.

DPS - HOMELAND SECURITY

101-3675

PROGRAM DESCRIPTION

The mission of the Nevada Office of Homeland Security is to collaborate, advise, assist, and engage with various federal, state, local, and tribal entities, private sector, non-governmental partners, and the general public to prevent, detect, and deter terrorism activities in order to minimize the impact on lives, property, and the economy. The Homeland Security Office was created by the 2003 Legislature, Assembly Bill 441. Statutory Authority: NRS 239C.

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS-GENERAL SERVICES - To support Nevada's criminal justice community and its citizens by providing complete, timely, and accurate information in a manner that balances the need for public safety and individuals' rights to privacy and ensures a positive customer service experience.

Division Budget Highlights:

- 1. **Sex Offender Registry** - Due to an increase in the number of individuals required to register as a sex offender over the past several years, caseloads continue to rise, which supports the need to add two Program Officer positions and one Administrative Assistant position.
- 2. **Add two Information Technology Positions** - The General Services Division provides access to the Federal Bureau of Investigation's (FBI) National Crime Information Center (NCIC) and is required to perform security audits on agencies connected to the NCIC every three years.

PROGRAM DESCRIPTION

Established by the 1985 Legislature, the Central Repository for Nevada Records of Criminal History is administered by the Department of Public Safety, Records and Technology Division, Records Bureau under the authority and provisions of NRS 179A and 179D. The Records Bureau administers the Nevada Criminal Justice Information System (NCJIS) and is the state's clearinghouse for criminal history record information, crime statistics, and information and activities which support a wide variety of public safety interests. In addition, it is the portal through which law enforcement statewide accesses criminal history record information of the Federal Bureau of Investigation (FBI) and other national and state criminal history databases. The bureau is a member of the Western Identification Network, a regional consortium of eight western states that share fingerprint images and criminal history record information, and is a participant in the FBI's Interstate Identification Index and in the National Crime Prevention and Privacy Compact for the release of criminal history record information for non-criminal justice purposes. The bureau is further designated as the Chief Law Enforcement Official for the purposes of administering the Brady Handgun Violence Prevention Act of 1993.

The repository includes the Uniform Crime Reporting program, the Point-of-Sale firearms program (Brady), the Nevada Domestic Violence Protection Order Registry, the Nevada Sex Offender Registry, the Civil Name Check Program, and the Program Development and Compliance Unit.

BASE

This request continues funding for 102 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - STATE EMERGENCY RESPONSE COMMISSION

201-4729

PROGRAM DESCRIPTION

The mission of the State Emergency Response Commission (SERC) is to protect the citizens of the State of Nevada against the negative effects of hazardous materials. The SERC is the executive agency for Nevada's compliance with the Federal Superfund Amendment Reauthorization Act, Title III, also known as the Emergency Planning and Community Right-to-Know Act. As mandated by this Act, the SERC is responsible for collecting information from fixed facilities regarding the use and storage of hazardous materials. The information is provided to the public and first responders for both planning and reference purposes through a combined database coordinated with the State Fire Marshal's Office. Pursuant to NRS, fees are collected on the reports submitted. Funds support the Local Emergency Planning Committees and state agencies with equipment, training, and planning activities needed to prevent and respond to hazardous material incidents. Statutory Authority: 42 U.S.C. 11001; NRS 459.735 through NRS 459.744.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - FIRE MARSHAL
101-3816

PROGRAM DESCRIPTION

The mission of the State Fire Marshal Division is to protect life, property, and the environment from fires and hazardous materials in the State of Nevada. This is accomplished through the development and application of fire code and standards, fire prevention education, fire service training, fire protection engineering, licensing and permitting, and investigative/enforcement services delivered directly, or in coordination with, the public safety community.

Statutory Authority: NRS 477.

BASE

This request continues funding for twenty-one positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Cigarette Fire Safety Standard and Firefighter Protection Fund is a special revenue fund for the purpose of supporting fire safety and fire prevention programs. This fund was created through Assembly Bill 229 of the 2009 Legislative Session. NRS 477.172 through 477.250 authorizes this budget and allows the State Fire Marshal Division to enforce regulations concerning the standards for fire-safe cigarettes and all such cigarettes sold in Nevada must be certified by the State Fire Marshal Division. The division may expend money in the fund to support fire safety and fire prevention programs.

BASE

This request continues funding for this program. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Department of Public Safety, Office of Traffic Safety obtains and administers funds from the US Department of Transportation and sub-grants to state and local government entities and non-profit agencies. The mission of the office is to influence the driving behavior of Nevada's citizens through educational programs and the enforcement of traffic laws. The funding is also used to purchase limited equipment for emergency medical response and conduct first responder training. Statutory Authority: NRS 223.200.

BASE

This request continues funding for ten positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - TRAFFIC SAFETY
101-4687

PROGRAM DESCRIPTION

The Governor was given the power to establish the Office of Traffic Safety in order to secure the full benefits available under the Federal Highway Safety Office programs. Funds are authorized by Congress at or near the beginning of each federal fiscal year. Funds are expended on a reimbursement basis to local and state agencies that were awarded grants based upon the merit of their proposals to mitigate traffic safety problems in their jurisdictions. Proposals selected promote public information and awareness, and education campaigns; and fund innovative traffic enforcement programs and other community based countermeasures to improve traffic safety. Statutory Authority: NRS 223.200

BASE

This request continues to award and administer grants to state agencies, local agencies, and non-profit organizations in Nevada. Grant awards are based on the annual Highway Safety Plan approved by the National Highway Transportation Safety Administration.

DPS - JUSTICE GRANT

101-4736

PROGRAM DESCRIPTION

The Department of Public Safety (DPS), Office of Criminal Justice Assistance (OCJA) obtains, administers, and sub-grants to state and local government agencies grant funds from the US Department of Justice for programs that address illegal drug use, trafficking, violent crime, and improvement of the functioning of the criminal justice system. The objective is to coordinate education, prevention, treatment, and law enforcement to achieve a comprehensive solution to the problems of drug abuse and violent crime. Funding for this budget comes primarily from federal grants with a partial match from General Fund appropriation. Created by the Anti-Drug Abuse Act of 1986, Section 1308 of the Act states that the chief executive of each state shall designate a State Administrative Agency (SAA). In 1987, the OCJA was designated by the Governor as the SAA for Nevada. In November of 2000, the OCJA was designated by the Governor as the state coordinator for the 1033 Department of Defense Excess Property Program and the state point of contact for the 1122 General Services Administration Purchasing Program. Statutory Authority: NRS 480.800.

BASE

This request continues funding for four full-time and one half-time positions. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Department of Public Safety, Justice Assistance Act budget is a pass-through account for several grants received from the US Department of Justice. Grant funds are distributed to state and local government agencies which contribute to the efforts of reducing and preventing crime, violence, and drug abuse, and improving the functioning of the criminal justice system while maintaining the integrity of the federal funds. Administrative funds are passed through to the Office of Criminal Justice Assistance (OCJA), budget account 4736. The OCJA was designated by the Governor as the State Administrative Agency (SAA) for Nevada in 1987. In November of 2000, the OCJA was designated by the Governor as the state point of contact for the 1033 Department of Defense Excess Property Program, and the State Coordinator for the 1122 General Services Administration Purchasing Program.

BASE

This request continues funding to pass-through federal funding to various state and local law enforcement agencies.

DPS-PAROLE BOARD - The mission of the Nevada Board of Parole Commissioners is to conduct prompt, fair, impartial hearings on parole applications and parole violation matters and take appropriate action.

Division Budget Highlights:

- 1. **Add Management Analyst** - Addition of one Management Analyst position to coordinate the Sex Offender Program due to growing caseload and the need for expertise when responding to public requests.
- 2. **NV Offender Tracking Information System (NOTIS)** - Upgrade the programming in NOTIS to allow the designated parole board user to manage the screen-specific reference domains and associated codes within their module versus submitting requests to the Nevada Department of Corrections for entry.

COLORADO RIVER COMMISSION - The Colorado River Commission (CRC) of Nevada serves communities of the state by responsibly managing and protecting our Colorado River water and power resources.

Department Budget Highlights:

- 1. **Add Deputy Director Position** - This request adds one Deputy Director position to support the deferred projects in water and electric resources.
- 2. **Add Natural Resource Specialist Positions** - This request adds four Natural Resource Specialist positions to support the implementation and ongoing administration of power and water resource projects.

Activity: Hydropower Activities

The hydropower activities include scheduling Nevada hydropower allocations from federal dams along the Colorado River and providing this important resource to Southern Nevada entities. Protecting the resource includes activities related to the generation and deliverability, and participation in all related federal and interstate forums.

CRC - COLORADO RIVER COMMISSION

296-4490

PROGRAM DESCRIPTION

The Colorado River Commission is empowered to acquire, manage, and protect all of Nevada's water and hydropower resources from the Colorado River. In addition, it is to provide electric power resources to certain customers from any available source for needs over and above the hydropower allocations. These resources are primarily centered in and benefit Southern Nevada. The Colorado River Commission Fund acts as the general fund for all Commission activities. All personnel costs for Commission staff and all of the basic activities and functions performed in fulfilling the Commission's legislative mandate are recorded in this account. The Commission is entirely funded by its customers and receives no state or federal funds in carrying out its activities. The Colorado River Basin states are in constant contact regarding the issues of the lower basin; the bulk of Commission travel occurs in California and Arizona. In addition, the Commission has extensive involvement with a number of agencies of the federal government, including the Department of Interior, Department of Energy, Bureau of Reclamation, Western Area Power Administration, US Fish and Wildlife Service, Environmental Protection Agency, Bureau of Land Management, National Park Service, and others. Statutory Authority: NRS 538.

BASE

This request continues funding for forty employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

CRC - RESEARCH AND DEVELOPMENT

296-4497

PROGRAM DESCRIPTION

The Research and Development Fund funds engineering studies, analyses, negotiations, and other efforts in protecting the interests of the state in the development of any of the resources under the control of the Colorado River Commission (Commission). This fund is now used exclusively for specific resource programs of the Commission. Expenditures are approved and funded on an individual basis through contractual agreements with Commission customers. In addition, some small projects may be funded from this account as approved by the director. Currently, the funds is only used as a pass-through account for the costs related to the Lower Colorado River Multi-Species Conservation Program (LCRMSCP). This is the only active program in this fund. Funding is provided to the Commission by its water and power contractors in accordance with the Multi-Species funding contracts.

The Commission has been involved with the LCRMSP since its inception and is now providing Nevada's share of the program funding and continues to monitor and provide input in the process. The implementation of the program is at the federal level with oversight from the non-federal funding entities. Statutory authority: NRS 538.

BASE

This request continues funding for the Lower Colorado River Multi-Species Conservation Program to ensure continuing compliance with the federal endangered species program.

CRC - POWER DELIVERY SYSTEM

502-4501

PROGRAM DESCRIPTION

This delivery system represents activity related to the Power Delivery Project. This project is a high voltage transmission, transformer, and distribution system designed and tied into the Southern Nevada Water Authority's (SNWA) water delivery system. This fund accounts for some of the power purchases for the water deliveries in Southern Nevada and for all of the operation and maintenance costs associated with the project. The funding for this activity is provided by the SNWA under a funding contract. The SNWA contracts for and funds this activity, approving detailed line item costs at the beginning of each year. In addition, this fund provides for activity related to the Silver State Energy Association (SSEA) of which the agency is a member. The SSEA provides electric power resources to its members and the agency provides some personnel resources to the SSEA under contract. Statutory Authority: NRS 538.

BASE

This request continues funding for the Power Delivery Project system and for power marketing activity to support the agency's water purveyor customers resource needs at the current level.

CRC - POWER MARKETING FUND

505-4502

PROGRAM DESCRIPTION

The Power Marketing fund is required by the bond resolution authorizing the financing of Nevada's share of the cost of upgrading the generating facilities at Hoover Dam. It is used to record purchases and sales of power, debt service related to the Hoover Upgrading Bonds, and operational costs of the Basic Substation project. This fund accounts for all power related activities except those dedicated to the Southern Nevada water system and its customers. All transactions related to all other customers of the Commission are recorded in this account. All hydropower allocations to the State of Nevada, administered by the Commission, are recorded in this account. Statutory Authority: NRS 538.

BASE

This request continues funding for the Power Marketing Fund at the current level to provide electric power resources to the agency's hydropower contractors for their residential and industrial customers' use in southern Nevada.

TAHOE REGIONAL PLANNING AGENCY - The Tahoe Regional Planning Agency cooperatively leads the effort to preserve, restore, and enhance the unique natural and human environment of the Lake Tahoe region now and in the future.

Department Budget Highlights:

- 1. **Aquatic Invasive Species and Monitoring Programs** - Provides continued funding support for the state's 1/3 cost share of the agency's Aquatic Invasive Species and Threshold Monitoring programs at Lake Tahoe.

Activity: Implementation

The Implementation Department coordinates the funding, prioritizing, and implementation of multi-agency environmental improvement projects to reverse environmental degradation in the region. Key areas of focus are on prevention and treatment of Aquatic Invasive Species, Implementation of Best Management Practices (BMPs) to manage stormwater runoff, Healthy Forest projects, and other Environmental Improvement Projects.

TAHOE REGIONAL PLANNING AGENCY

101-4204

PROGRAM DESCRIPTION

Jointly created by the States of Nevada and California and the US Congress, the Tahoe Regional Planning Agency's (TRPA) mission is to cooperatively lead the effort to preserve, restore, and enhance the unique natural and human environment of the Lake Tahoe region now and in the future. TRPA's vision is to have a lake and environment that is clean, healthy, and sustainable for the community and future generations. Under the compact, Nevada pays one-third of the State of California/Nevada costs to support TRPA's operation. As a planning agency, TRPA has the power to exercise effective environmental controls and perform other essential functions over the water, land, air, wildlife, and development of the Lake Tahoe region. Starting in 1997, with the Nevada and California Governors' Memorandum of Understanding and the Presidential forum, TRPA has led the cooperative efforts of funding the Environmental Improvement Program. Statutory Authority: NRS 277.190 - 277.220s.

BASE

This request continues funding for the program. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF CONSERVATION & NATURAL RESOURCES - The Director's Office provides leadership, direction and administrative support to the department's agencies in order to assist them in offering the best possible service to the public.

Department Budget Highlights:

1. **Sagebrush Ecosystem Program** - Provides funding and resources for the coordination of an interagency team dedicated to the management of sagebrush ecosystems, the establishment and administration of a credit system to mitigate impacts to the ecosystem, and the staffing of the Sagebrush Ecosystem Council.
2. **Deferred Maintenance of State Parks** - Provides funding to address a growing backlog of deferred maintenance projects. These projects will address the agency's most critical life and safety, and critical asset preservation issues statewide.
3. **Wildland Fire Protection Program** - Provides funding for a new full-time pilot and temporary/seasonal contracted drivers for the Wild Land Fire Protection Program aviation operation.
4. **New Division of Forestry Staff** - Provides funding for three new positions: Operations Chief, a Geospatial Information Services (GIS) position, and an Equipment Mechanic position in support of the agency's Wild Land Fire Protection Program, Conservation Camp Program, Aviation Program, and Natural Resource Program.
5. **Conservation Camp Staff** - Provides funding for the reclassification of the agency's Conservation Camp Crew Supervisors commensurate with duties of the position. This request is a primary component of the agency's Sagebrush Ecosystem Program plan.
6. **Division of Forestry - All-Risk Program** - The Division of Forestry phases out its All-Risk Firefight and Emergency Services Program at the completion of fiscal year 2015. The All-Risk Program is replaced with the division's Wild Land Fire Protection Program.
7. **State Park Maintenance Personnel** - Provides funding for the reclassification of the Maintenance Repair Specialists and Facility Supervisors to a new maintenance class. This change is in response to the increasing and changing demands for services faced by agency maintenance staff.
8. **Director's Office Staff** - Provides funding for a new Deputy Director, and an Executive Assistant, for the Director's Office in response to the increased demand for Director's Office resource, management, and support for state agencies, within the department, and from other state agencies outside the department.

9. **Division of Forestry Funding -** A General Fund appropriation of approximately \$404,000 in fiscal year 16 and \$679,000 in fiscal year 17 is provided to mitigate significant loss, or decrease, in federal and local government funding sources that support the operations and programs of the Division of Forestry.
10. **Park Shuttle Service along State Route 28 -** Provides \$85,000 matching funds to the Tahoe Transportation District (TTD) to continue transit service to Nevada State Park facilities along State Route 28, between Incline Village and Sand Harbor. Without this match, the TTD will not be able to continue this critical service.

DCNR - HISTORIC PRESERVATION - The mission of the State Historic Preservation Office is to encourage the preservation, documentation, and use of cultural resources through state and federal programs, and to educate the public about the importance of Nevada's cultural heritage.

Division Budget Highlights:

- 1. **Deferred Maintenance** - Provides funding for critically needed deferred maintenance projects for the Comstock History Center.

DCNR - STATE HISTORIC PRESERVATION OFFICE
101-4205

PROGRAM DESCRIPTION

The State Historic Preservation Office's mandate is to encourage preservation, documentation, and use of cultural resources through state and federal programs. Office programs support preservation of buildings and archaeological sites through grant distribution and management, project reviews for federal tax credits, the National and State Registers of Historic Places, review of federal undertakings in the state, planning of preservation projects, and public education. The office also manages three hundred historical markers to interpret sites throughout the state, which benefit both locals and out-of-state travelers. Through these activities, the State Historic Preservation Office encourages tourism, economic growth, and education. Statutory Authority: NRS 383.

BASE

This request continues funding for eleven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Comstock Historic District Commission's mandate is to encourage preservation of the Comstock Historic District, one of the nation's largest and most significant historic landmarks. It is also one of the most visited historic sites in the state, second to Hoover Dam. The commission issues construction permits, educates the public, and promotes special programs. The commission considers requests for Certificates of Appropriateness, which property owners are required by statute to obtain before initiating exterior changes to existing structures or constructing new ones. The commission gives guidance to federal agencies working within the district and provides public education focused on historic resources. Statutory Authority: NRS 384.

BASE

This request continues funding for one full-time and two part-time positions, and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E228 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds in-state and out-of-state travel for the proposed new Deputy Director requested in decision unit E900. This second Deputy Director is a member and state representative on the Tahoe Regional Planning Agency Governing Board as well as a member of the Southern Nevada Public Land Management (SNPLMA) Act working group. Both the Governing Board, and other related Tahoe policy involvement, necessitates multiple trips to Lake Tahoe. SNPLMA requires meetings in Las Vegas and various other policy matters related to federal resource partners require frequent trips to those agency's offices located in Reno.

PROGRAM DESCRIPTION

The Conservation Districts Program, and the State Conservation Commission regulate the activities of Nevada's twenty-eight locally elected conservation districts. Conservation districts work for the proper development and conservation of the state's renewable natural resources by using available technical, financial, and educational resources and coordinating these resources so that they meet the needs of landowners and the general public. The program works in cooperation with local jurisdictions, federal agencies, other state agencies, non-profit organizations, and the public for conservation of soil, water, and other natural resources. Statutory Authority: NRS 548, 232.090, and 232.125.

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - PARKS DIVISION - The Division of State Parks provides safe outdoor recreation opportunities for the use, enjoyment, and education of current and future generations, while providing economic benefit to the state and local communities. The division also preserves and protects scenic, historic and scientifically significant areas in Nevada.

Division Budget Highlights:

- 1. **Deferred Maintenance of State Parks** - Provides funding to address a growing backlog of deferred maintenance projects. These projects will address the agency's most critical life and safety, and critical asset preservation issues statewide.
- 2. **State Park Maintenance Personnel** - Provides funding for the reclassification of the Maintenance Repair Specialists and Facility Supervisors to a new maintenance class. This change is in response to the increasing and changing demands for services faced by agency maintenance staff.
- 3. **Park Shuttle Service along State Route 28** - Provides \$85,000 matching funds to the Tahoe Transportation District (TTD) to continue transit service to Nevada State Park facilities along State Route 28, between Incline Village and Sand Harbor. Without this match, the TTD will not be able to continue this critical service.
- 4. **State Park Operations** - Provides funding for maintenance, supplies and equipment, park seasonal staff, and visitor services to improve the park visitations, visitor security, and preserve critical park infrastructure.

DCNR - STATE PARKS**101-4162****PROGRAM DESCRIPTION**

The Division of State Parks' mission is to provide outdoor recreation and education opportunities in a safe, functional, environment, while providing economic benefits to state and local communities. The division preserves and protects areas of scenic, historic, and scientific importance to Nevada. Major programs include: planning, development, protection, operation, maintenance, resource management, administration, and interpretation of cultural and natural resources. The division includes 93 permanent and 138 seasonal staff headquartered in Carson City with regional offices in Fallon and Las Vegas. The division is comprised of twenty-three units located throughout the state. In addition, the division administers the federal Land and Water Conservation Fund, and the Recreation Trails Programs, which provide grants to urban and rural communities for the development of trails and outdoor recreation opportunities. The division operates under the philosophy of doing the right thing - for the visitor and the resource. To measure the effectiveness of its programs, the division distributes questionnaires to park visitors and carefully evaluates their responses on a monthly, quarterly, and annual basis.

ENHANCEMENT

E226 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds quarterly park inspections and supports the temporary reassignment of ranger staff for holiday weekends and special events as needed to ensure visitor safety. Current funding only allows for annual inspections to be completed. This request will allow the region manager and facility supervisor to conduct quarterly inspections. This funding will also support the Park's need to temporarily reassign ranger staff for holiday weekend and special events for visitor protection.

This request provides matching funds to the Tahoe Transportation District (TTD) to continue transit service to Nevada State Park facilities along State Route 28, between Incline Village and Sand Harbor. The majority of the operating funds are available through federal sources, but the TTD has no funding source for the required match, anticipated to be \$85,000 per year for fiscal years 2016 and 2017. Without this match, the TDD will not be able to continue this critical service.

DCNR - WATER RESOURCES

101-4171

PROGRAM DESCRIPTION

The mission of the Division of Water Resources is to conserve, protect, manage, and enhance the state's water resources for Nevada's citizens through the appropriation and reallocation of public waters. In addition, the division is responsible for quantifying existing rights; monitoring water use; distributing water in accordance with court decrees; reviewing water availability for new subdivisions and condominiums; reviewing the design, construction, and operation of dams; appropriating geothermal water; licensing and regulating well drillers and water right surveyors; reviewing flood control projects; collecting and monitoring water resource data and records; and providing technical assistance to the public and governmental agencies. The division also provides technical assistance and information to governmental agencies and the public concerning state, regional, and local water resource planning, and provides flood plain management, planning, and mitigation assistance to communities throughout the state. Statutory Authority: NRS Chapters 532, 533, 534, 534A, 535, 536, 538, 540 and 543.

BASE

This request continues funding for sixty positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - FORESTRY DIVISION - The Nevada Division of Forestry (NDF) provides professional natural resource and wildland fire management services to Nevada citizens and visitors to enhance, conserve, and protect forest, rangeland, and watershed values, endangered plants, and other native flora.

Division Budget Highlights:

- Wildland Fire Protection Program** - Provides funding for a new full-time pilot and temporary/seasonal contracted drivers for the Wild Land Fire Protection Program aviation operation.
- New Division of Forestry Staff** - Provides funding for three new positions: Operations Chief, a Geospatial Information Services (GIS) position, and an Equipment Mechanic position in support of the agency's Wild Land Fire Protection Program, Conservation Camp Program, Aviation Program, and Natural Resource Program.
- Conservation Camp Staff** - Provides funding for the reclassification of the agency's Conservation Camp Crew Supervisors commensurate with duties of the position. This request is a primary component of the agency's Sagebrush Ecosystem Program plan.
- Division of Forestry - All-Risk Program** - The Division of Forestry phases out its All-Risk Firefight and Emergency Services Program at the completion of fiscal year 2015. The All-Risk Program is replaced with the division's Wild Land Fire Protection Program.
- Division of Forestry Funding** - A General Fund appropriation of approximately \$404,000 in fiscal year 16 and \$679,000 in fiscal year 17 is provided to mitigate significant loss, or decrease, in federal and local government funding sources that support the operations and programs of the Division of Forestry.

DCNR - FORESTRY**101-4195****PROGRAM DESCRIPTION**

The core mission of the Nevada Division of Forestry (NDF) is to protect natural resources and property from wildfire. To accomplish this mission NDF manages and coordinates all forestry, nursery, endangered plant species, and watershed resource activities on qualified public, state, and private lands. NDF also cooperates with other state agencies to coordinate and respond to natural disasters such as floods and earthquakes . (NRS 40, 193, 205, 206, 232, 472, 473, 474, 475, 476, 527, and 528).

BASE

This request continues funding for sixty-five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

This request changes the funding source for the division's seasonal firefighters from federal funding to a General Fund appropriation. This change is necessary due to the elimination of the federal grant funding from the US Forest Service, which currently funds these positions. The grant funds will no longer be available beyond the 2013-2015 biennium.

E350 SAFE AND LIVABLE COMMUNITIES

This request funds a General Fund appropriation to backfill revenue lost from counties that are transitioning, or have already transitioned, out of the division's All-Risk Fire Protection Services Program. The General Fund appropriation will hold the division harmless, as the All-Risk Program phases out, and the fire districts return to services provided by their respective home counties. The counties include Clark, Elko, Storey, Eureka, and Carson City.

DCNR - FOREST FIRE SUPPRESSION

101-4196

PROGRAM DESCRIPTION

The Forest Fire Suppression Account funds costs necessary to protect life, property, and natural resources from fire, flood, and other natural or human caused emergencies. The program is funded with a combination of a General Fund appropriation, reimbursements paid to the Nevada Division of Forestry for firefighting efforts made on behalf of others, and Federal Emergency Management Agency - Fire Management Assistance grants and sub-grants. The agency has access to the Interim Finance Contingency Fund and the Disaster Relief Fund when the volume or severity of fire incidents results in insufficient funds to meet state obligations each respective year. Statutory Authority: NRS 472.

BASE

This request continues operating costs for the activities. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Nevada Division of Forestry, Conservation Camp Program coordinates, directs, and supervises the work performed by inmates of the Department of Corrections who reside in Forestry Conservation Camps located throughout the State of Nevada. The Conservation Camp Program provides the work force for labor-intensive forestry and conservation work projects, wildfire management, and other emergency activities. There are approximately seventy-nine inmate crews in nine conservation camps statewide.

BASE

This request continues funding for ninety-six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Nevada Division of Forestry (NDF) Intergovernmental All-Risk Fire Management Program operates a number of fully functioning fire stations that provide first responder services in various regions throughout the state. These facilities provide emergency responses to situations threatening public safety, property, or natural resources according to the terms of inter-governmental cooperative agreements with applicable federal, state, and local political subdivisions. NDF manages personnel, equipment, facilities, and overall operations to provide services to portions of Clark, Elko, and Eureka counties. Statutory Authority: NRS 472, 473 & 474.

BASE

This request eliminates funding for the Division of Forestry's Inter-Governmental Agreements account. This budget accounts contains the division's All-Risk Program, which is scheduled to sunset at the end of fiscal year 2015.

DCNR - FORESTRY - WILDLAND FIRE PROTECTION PRGM
101-4194

PROGRAM DESCRIPTION

The Division of Forestry (NDF) provides professional natural resource and wildland fire management services to Nevada citizens and visitors to enhance, conserve, and protect forest, rangeland, and watershed values, endangered plants, and other native flora. NDF manages the Wildland Fire Protection Program (WFPP), a cooperative arrangement established in the 2013-2015 biennium that provides wildland fire management services to participating entities. Counties voluntarily opt-in to the WFPP. Doing so allows local governments to focus limited resources on local needs, while NDF focuses on wildland fire protection. The WFPP educates and prepares landowners for fire, mitigates existing wildfire risk, and provides rapid response to fire events with a specially trained and equipped suppression force. The WFPP also participates in rehabilitation efforts to damaged lands after a fire. Statutory Authority: NRS 472.

BASE

This request continues funding for seventeen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

This budget account contains three distinct programs administered by the Nevada Division of Forestry (NDF). The Nursery, Seedbank, and Forest Products Utilization programs are rooted in the agency's overall mission and are an integral part of both the fire suppression and natural resources programs operated by the Division of Forestry.

The Nevada Nursery Program, under the oversight of the NDF Natural Resource Program, was first established in 1957 to provide technical assistance and conservation plant materials (tree seedlings, shrubs, forbs and seed) to meet the conservation needs of Nevada's private landowners and public land management agencies. The nurseries also offer custom growing services for conservation plants native to or adapted to the Mojave Desert, Great Basin Desert, and Sierra Nevada. They produce low-cost native or adapted plant species acclimated to Nevada's environmental conditions for conservation purposes, including windbreaks, green-strips, stream bank stabilization, wetland and riparian restoration, mine reclamation, reforestation, wildlife habitat enhancement, and rehabilitation of wildfire damaged lands or other disturbed sites. The Nevada Nursery Program is comprised of two nursery facilities, one in Washoe Valley and one in the Las Vegas Valley.

The Nevada Seedbank was established in 1995 and provides seed, equipment, and other materials to rehabilitate wildland fire and fire suppression related damages and assists private landowners and public agencies with conservation treatments on their lands to reduce soil erosion, increase plant diversity, improve wildlife habitat, and reduce the threat of wildland fire. The Nevada Seedbank facility is co-located with the nursery in Washoe Valley.

The Forest Products Utilization Program began in state fiscal year 2012. The program focuses on adding value to cut wood that occurs from the agency's normal fuel reduction and forest health enhancement projects. Prior to the initiation of the program, much of the wood that was cut was piled and burned in place as the most expedient method of disposal. The acquisition of harvesting and processing equipment is allowing NDF to extract the wood from the forest, process it into a useful end product, and transport it out of the forest. The value added products, typically wood chips, fuel wood, and saw logs are sold from the nursery/seed-bank facility in Washoe Valley.

All of the above are enterprise programs that receive operating funds based on the sale of conservation plant materials and forest products. (NRS 472, 527 & 528).

DCNR - NEVADA TAHOE REGIONAL PLANNING AGENCY
101-4166

PROGRAM DESCRIPTION

The Nevada Tahoe Regional Planning Agency (NTRPA) assures that all structures housing gaming in the Lake Tahoe basin are in compliance with the provisions of the Tahoe Compact. As such, the NTRPA reviews all proposals to modify or remodel structures housing gaming in the Tahoe basin to ensure compliance. Federal and state law requires that the NTRPA Board meet at least once annually to select the at-large members of the board.

BASE

This request continues funding to support board activities. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - NEVADA NATURAL HERITAGE

101-4101

PROGRAM DESCRIPTION

The mission of the Nevada Natural Heritage Program is to maintain comprehensive information on the locations, biology, and conservation status of all endangered, threatened, sensitive, and at-risk species in Nevada. The agency manages data on rare and at-risk species, including data input and quality control. This data is provided to other state agencies, federal agencies, non-governmental organizations, consultants, and private citizens in order to facilitate federally mandated planning and environmental impact statements as well as collaborative conservation planning to minimize future resource conflicts and to help prevent species from becoming threatened or endangered.

BASE

This request continues funding for eight positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - ENVIRONMENTAL PROTECTION - To preserve and enhance the environment of the state to protect public health, sustain healthy ecosystems and contribute to a vibrant economy.

Division Budget Highlights:

- 1. **Clean Air Act Training and Equipment** - Funding is provided to address training and equipment needs related to changes in the federal Clean Air Act (CCA). An Advanced New Source Review Workshop will provide staff with valuable insight into how the Environmental Protection Agency is interpreting the CCA New Source Review rules.
- 2. **Transition from Oracle to SQL Server** - The approved budget provides funding to assist the division in transitioning its database applications from an Oracle platform to an SQL Server platform. Resources include funding for additional training for information technology staff and contract programming services.
- 3. **Travel and Training** - Funding is provided for additional training and travel division-wide in response to changing federal Environmental Protection Agency rules and regulations.

Activity: Drinking Water Regulation and Lab Certification

This activity ensures public water systems comply with state and federal standards by sampling and monitoring drinking water, enforcing requirements for surface water treatment, and corrosion control. The program assesses water sources, conducts surveys, certifies public water system operators, and issues out of compliance public notifications.

Activity: Water Pollution Control and Groundwater Protection

This activity protects state waters sources from the discharge of pollutants through the bureau's permit and compliance program. Discharge permits define the maximum level of pollutants that can be discharged by regulated facilities. Compliance with the established standards is achieved through remote monitoring stations, and physical inspections.

DCNR - STATE ENVIRONMENTAL COMMISSION

101-4149

PROGRAM DESCRIPTION

The Nevada State Environmental Commission (SEC) serves as the primary rule-making, variance, and appeal body for environmental regulations in Nevada. The commission is an eleven member body that meets to establish regulations and resolve appeal actions for the Division of Environmental Protection. Expenses of the SEC are supported by fees. The SEC was originally established in the Air Pollution Control statutes (NRS 445B.200). Other statutes establish the jurisdiction of the SEC to adopt environmental regulations, set fees, and hear appeals. Statutory Authority: NRS 444.560, 444A.020, 445A.270, 445A.425, 445A.860, 459.3818, 459.485, 459.656, 459.826, and 519A.160.

BASE

This request continues funding for the operating costs of the commission. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP AIR QUALITY

101-3185

PROGRAM DESCRIPTION

The mission of the Bureaus of Air Pollution Control and Air Quality Planning is to achieve and maintain levels of air quality, which will protect human health and safety; prevent injury to plant and animal life; prevent damage to property; preserve visibility and scenic, esthetic, and historic values of the state; and implement provisions, at the facility level, to prevent accidental chemical releases in the state. To accomplish this mission, staff assigned to these bureaus plan, direct, coordinate and control air quality monitoring, permitting, and compliance assurance. This budget account is funded by federal grants and fees. Statutory Authority: NRS 445B.100 - 445B.845, 486A.010 - 486.200 and 459.001 - 459.930.

BASE

This request continues funding for sixty-two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP WATER POLLUTION CONTROL

101-3186

PROGRAM DESCRIPTION

The Bureau of Water Pollution Control ensures compliance with water pollution control laws by issuing permits to discharge to surface and/or ground water. Facilities are inspected to ensure compliance, and enforcement actions are taken if necessary. Staff reviews the design of waste-water treatment plants and infrastructure. Subdivisions are reviewed to ensure that adequate systems are in place to treat waste water. This budget account is funded by federal grants and fees. Statutory Authority: NRS 445A.300 to 730.

BASE

This request continues funding for thirty-one positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Bureau of Waste Management and Corrective Action funds the Bureau of Corrective Actions, the Bureau of Federal Facilities, and the Bureau of Waste Management. The Bureau of Corrective Actions is responsible for the analysis and remediation of contaminated sites; the certification of environmental consultants; the regulation of underground storage tanks; remediation of leaking underground storage tanks; and the administration of the Petroleum Claims Fund. The Bureau of Federal Facilities provides oversight of all operational activities and clean-ups on the Nevada National Security Site and several off-site locations to ensure compliance with environmental regulations. The Waste Management program is responsible for ensuring safe management of hazardous waste by regulating its handling, transportation, treatment, storage and disposal; ensuring safe collection and disposal of solid waste; and encouraging businesses, institutions, and individuals to reduce the amount of waste generated, participate in recycling programs, and conserve natural resources. This budget account is funded by federal grants and fees. Statutory Authority: NRS 444.440 - 444.645; 444A. 010 - 444A.110; 445A.060 - 445A.730; 459.400 -459.600; 459.800 - 459.856; and 590.700 - 590.920.

BASE

This request continues funding for sixty-seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP MINING REGULATION/RECLAMATION
101-3188

PROGRAM DESCRIPTION

This bureau is responsible for the mining regulatory program, which includes reclamation. The bureau established a system, which is responsive to both environmental and economic concerns associated with the development of Nevada's natural resources. The workload of the bureau, to some degree, is dependent upon rising and falling metal prices, which cause fluctuations in mining activity. A number of regulatory and procedural revisions were implemented in the past twelve years to address bankruptcies and abandonment of mining operations that occur when metal prices are low. Measures were taken to enhance the strength and security of the regulations, especially in the areas of mine closure and bonding. Nevada's mining regulatory programs address the design, construction, operation, closure, and reclamation of mining and exploration operations. Principle objectives include protection of human health, ground and surface water resources, and completion of reclamation activities, which provide for productive post-mining land use. Major program elements consist of permitting, inspection, compliance monitoring, enforcement, and plan and report review. This budget account is funded by fees. Statutory Authority: NRS 445A.300 through 445A.730 and NRS 519A.010 through 519A.280.

BASE

This request continues funding for twenty positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP WATER QUALITY PLANNING

101-3193

PROGRAM DESCRIPTION

The Bureau of Water Quality Planning (BWQP) is responsible for implementing programs to meet requirements of the Clean Water Act and Nevada water quality statutes and regulations that protect and/or improve the chemical, physical, and biological integrity of the waters of Nevada. Bureau staff conduct water quality testing; bio assessment and physical habitat monitoring; develop and/or revise water quality standards for adoption by the State Environmental Commission, develop the impaired waters list, develop Total Maximum Daily Loads (TMDLs), TMDL and/or watershed implementation plans to address water quality impairments; issue certifications to ensure that proposed discharges meet applicable effluent limitations and water quality standards; assist in the development and review of area-wide waste management plans; mitigate the adverse effects from nonpoint source pollution through implementation of water quality improvement and public education projects; promote intra and inter-agency program coordination; and provide technical assistance. This budget account is funded solely by federal grants. Fees collected through the Bureau of Water Pollution Control National Pollutant Discharge Elimination System permit programs are used as the state match to the Federal Clean Water Act, Section 106 grant. Statutory Authority: NRS 445A.300 through 445A.730.

BASE

This request continues funding for fifteen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP SAFE DRINKING WATER REGULATORY PROGRAM

101-3197

PROGRAM DESCRIPTION

The Bureau of Safe Drinking Water (BSDW) implements the Public Water System Supervision Program (PWSSP), and the Laboratory Certification Program (LCP). The PWSSP is authorized under the Federal Safe Drinking Water Act (SDWA), and maintains primacy for the State of Nevada. State implementation of the PWSSP ensures Nevada's public water systems comply with state and federal drinking water standards by enforcing the sampling and monitoring requirements for water quality and enforcing requirements for surface water treatment and corrosion control. The program assesses water sources (including identification of potential contaminant sources), conducts annual sanitary surveys; certifies the qualifications of public water system operators; and requires public notification when systems are out of compliance. The bureau also reviews engineering plans for public water systems and the subdivision of land. Additionally, PWSSP provides training, information transfer, and regulatory update presentations at meetings of water industry associations. This program is funded by federal grants and fees. The LCP produces data used in regulatory decision-making by division programs in Safe Drinking Water, Water Pollution Control, Mining Regulation and Reclamation, Waste Management, and Corrective Actions. Pursuant to NRS 445A.428, 445A.863 and NRS 459.501, laboratories that perform analyses to meet requirements of the Clean Water Act, SDWA, and the Resource, Conservation and Recovery Act must be certified by the State of Nevada. The LCP program ensures that analyses are conducted according to Environmental Protection Agency (EPA) and state approved methods with accurate and reproducible results. Statutory Authority: NRS 445A.800 through 445A.955, 445A.300 through 445A.730, and 459.400 through 459.600.

DEPARTMENT OF WILDLIFE - To protect, preserve, manage and restore wildlife and its habitat for the aesthetic, scientific, educational, recreational, and economic benefit of the citizens of Nevada and the United States; and to promote the safety of persons using vessels on the waters of Nevada.

Department Budget Highlights:

- 1. **Urban Wildlife Management** - Funding includes \$450,000 over the biennium for public outreach and education. This will fund two proactive education and outreach campaigns, one focused on bears, and the other on coyotes; and additional resources to specifically handle urban wildlife calls during peak seasons.
- 2. **Mobile and Web Customer Services** - Funding is requested to convert the department's website, consumer site, and application hunt systems to mobile friendly interfaces to make existing online resources more mobile friendly.
- 3. **Spanish Translation and Outreach** - Funding is requested for Spanish translation services and outreach through media channels and signage throughout the state.
- 4. **Videography Program** - Funding is requested for public education and outreach methods to target younger, tech savvy, and busier individuals.
- 5. **Scientific Database** - Funding is requested for the development of a unified database structure to allow better access to science based data stored in a variety of forms from paper to spreadsheets to stand alone databases.
- 6. **Transfer of Flight Operations** - This request transfers the Flight Operations from Operations to Game Management. This is deemed to be a more streamlined management oversight structure, as the majority of the flights are in support of the Game Division.
- 7. **Headquarters Move** - Funding is requested for a move of all headquarters personnel to a common location in leased office space in order to generate efficiencies and enhanced coordination and cooperation within the department, and allow adequate room for both headquarters and western region personnel.

Activity: Director's Office

This activity provides policy development and implementation; ensures compliance with law; fulfills public record requests; acts as legislative liaison; provides fiscal, business management and human resource support; provides support to the Wildlife Commission, county advisory boards, and division administrators.

WILDLIFE - OPERATIONS

101-4461

PROGRAM DESCRIPTION

The Operations Division oversees hunting, fishing, and trapping license sales statewide and via the internet; the license agent program; special licenses and permits; boat registration and titling; application hunts for game species (tagged); engineering and facility maintenance; information technology; and air operations.

BASE

This request continues funding for thirty-five full-time, and part-time positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E226 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds a move of all headquarters personnel to a common location in leased office space. The growth of headquarters personnel within the department has filled the existing facilities at Valley Road in Reno to capacity. This would generate efficiencies and enhanced coordination and cooperation within the department, and allow adequate room for both headquarters and western region personnel, who would continue to occupy Valley Road. This request also includes one-time moving costs as well as certain renovations to Valley Road to enhance its utility as a NDOW regional office for the department.

ENHANCEMENT

E350 SAFE AND LIVABLE COMMUNITIES

This request funds Urban Wildlife Management and provides for public outreach and education. This will fund two proactive education and outreach campaigns, one focused on bears and the other on coyotes; and additional resources to specifically handle urban wildlife calls during peak seasons. This request is a companion to E350 in Conservation Education, budget account 4462, Game Management, budget account 4464, and Diversity, budget account 4466.

WILDLIFE - GAME MANAGEMENT

101-4464

PROGRAM DESCRIPTION

The Game Management Division is responsible for management, protection, research and monitoring of wildlife classified ad game mammals, upland and migratory game birds, and furbearing mammals. The division oversees the avian and terrestrial game species management; landowner programs for game species incentive tags, depredation control, and compensation; predator management; and wildlife health and disease monitoring.

BASE

This request continues funding for thirty-one positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

WILDLIFE - FISHERIES MANAGEMENT

101-4465

PROGRAM DESCRIPTION

The mission of the Fisheries Division is to manage, protect, and enhance Nevada's native aquatic species; to promote fishing in Nevada through a system of strategically located hatcheries and by managing Nevada's waters to their highest end use for anglers; to provide anglers with information essential to their sport; and to prevent the introduction of additional aquatic invasive species to Nevada and minimize the impacts to fisheries and aquatic habitats from those already established.

BASE

This request continues funding for forty-one positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

WILDLIFE - DIVERSITY

101-4466

PROGRAM DESCRIPTION

The Wildlife Diversity Division is dedicated to the protection, preservation, management and restoration of Nevada's diverse wildlife heritage. Through sound science, data management and synergistic partnerships, the division will maintain healthy wildlife populations and habitats; thereby, fulfilling Nevada's responsibility to maintain local, regional, and global species diversity. Through the division's efforts, the scientific, educational, recreational, and economic values of Nevada's wildlife will be enhanced and preserved for future generations.

The Wildlife Diversity Division is responsible for sensitive species management and surveying, Endangered Species Act consultation and recovery work, habitat restoration, wildlife action plan implementation, Landowner Incentive Program, Question 1 Bond Program, Department of Wildlife's portion of the Tahoe Environmental Improvement Program, and the Geographic Information System section.

BASE

This request continues funding for seventeen positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Habitat Division provides consultation and reviews of land use plans; and oversees the state's Wildlife Management Areas, natural and artificial water developments, habitat rehabilitation and restoration, wetlands acquisition and restoration, the mining assessment and reclamation program, and bond funded habitat enhancement projects.

BASE

This request continues funding for thirty-five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF TRANSPORTATION - The Nevada Department of Transportation (NDOT) provides a better transportation system for Nevada through unified and dedicated efforts.

Department Budget Highlights:

- 1. **Upgrade Fueling System** - To maintain system reliability for over 5,000 users throughout the state. The fueling system provides a multitude of benefits to users including: emergency preparedness, convenient locations, availability, economy, flexibility, and ease of use.
- 2. **Project NEON in Clark County** - To continue funds for Project NEON as a design-build project. Project benefits include: improved safety, reductions in traffic congestion, improved connectivity and mobility for city redevelopment efforts, economic development and revitalization of Southern Nevada's transportation system.

ENHANCEMENT

E225 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds the upgrade of the existing fueling system to maintain system reliability for over 5,000 users throughout the state. These fueling sites are currently utilized by state agencies, local governments, emergency responders, and law enforcement. During a state of emergency, it is crucial that Nevada state agencies are self-sufficient and do not need to rely on commercial fuel. This fueling system provides a multitude of benefits to users including: emergency preparedness, convenient locations, availability, economy, flexibility, and ease of use.

PERS - PUBLIC EMPLOYEES' RETIREMENT SYSTEM

101-4821

PROGRAM DESCRIPTION

The purpose of the Public Employees' Retirement System of Nevada is to provide public workers and their dependents with a retirement program that provides a reasonable base income for retirement or for periods where a disability has removed a worker's earning capacity. Additionally, it is to encourage those workers to enter into and remain in government service for such periods of time to give public employers and the people of the State of Nevada the full benefit of their training and experience. Established by NRS 286.110.

BASE

This request continues funding for sixty-eight position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ENHANCEMENT

E225 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds a General Counsel position to be added to the executive staff. This position is needed due to the specialized nature of pension law, the complex nature of litigation involving the system, and the increase in documents requiring legal review. A Bill Draft Request has been submitted to support this request.

PUBLIC EMPLOYEES' BENEFITS PROGRAM - The Board's mission is to promote wellness, transparency, ease of use, communications and integration of PEBP programs centered around the people it serves.

Department Budget Highlights:

- 1. **Eligibility Waiting Period** - The waiting period for certain new employees to enroll in health insurance coverage is being adjusted to comply with the federal Patient Protection and Affordable Care Act and federal provisions prohibiting discrimination in favor of highly compensated employees.
- 2. **Tricare Exception** - Allow participants eligible for Tricare an exception to continue eligibility for monthly Health Reimbursement Arrangement contribution and their basic life insurance benefit without having to enroll in an individual Medicare medical plan sponsored by the Public Employees' Benefits Program.
- 3. **Health Information Exchange** - Allows physicians, with consent of their patients, to access a patient's health information from all participating data sources to include health records, prescription information, and test results to improve the quality and timeliness of healthcare to their patients.

Activity: Care Management Program

PROGRAM DESCRIPTION

The Nevada Public Employees Deferred Compensation Program, a voluntary tax-deferred supplemental state retirement plan (IRC 457(b)), provides participants and their beneficiaries with a reasonable supplement to their Nevada Public Employees Retirement System Pension, Social Security and any other retirement savings. The program operates solely in the interest of plan participants and beneficiaries. The Committee, Nevada Public Employees Deferred Compensation Program (NDC) appointed by the Governor pursuant to NRS 287.325, oversees the program and strives to provide quality investment options at minimal costs while maintaining high standards of customer service. The Nevada Deferred Compensation Program and its Program Coordinator monitor the program providers/record-keepers; communicate and educate qualified employees on the importance of supplemental savings through seminars, newsletters and other educational efforts; and administer the Program in accordance with state and federal guidelines. All Program expenses are paid from reimbursement (withheld earnings) by its contracted private sector providers/record-keepers.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADJUTANT GENERAL - The Nevada National Guard provides ready organizations and individuals to perform state and federal missions, globally and domestically. The mission of the Office of the Military is to enlist, organize, arm, equip, and train the state's militia and National Guard units to defend the Constitution and protect the lives and property of the public in times of emergency, disorder, or disaster. The federal mission of the department is to provide soldiers and airmen to respond to federal mobilization as directed by the President or Congress. The Adjutant General provides administrative oversight for the department, which consists of the Army National Guard and the Air National Guard.

Department Budget Highlights:

1. **Address Federal Mandates** - This provides funding contingencies to address the possible federal determinations for shift differential, military leave, and overtime.
2. **Maintain Facilities** - This funds building and site maintenance and improvements for various facilities throughout the state.
3. **Eliminates the SGLI Reimbursement** - The Governor's Executive Budget eliminates the reimbursement for the Servicemembers Group Life Insurance premium.

The mission of the Office of the Military is to enlist, organize, arm, equip, and train the state's military and National Guard units to defend the Constitution and protect the lives and property of the public in times of emergency, disorder, or disaster. The federal mission of the department is to provide soldiers and airmen to respond to federal mobilization as directed by the President or Congress. The Adjutant General provides administrative oversight for the department, which consists of the Army National Guard and the Air National Guard. Statutory Authority: NRS 412.

BASE

This request continues funding for 129.51 positions and associated operating costs. One-time expenditures have been eliminated and partial year expenses have been annualized.

MILITARY EMERG OPERATIONS CENTER
101-3655

PROGRAM DESCRIPTION

This budget account provides revenue and expense authorizations to provide for custodial, maintenance and utility support for the Emergency Operations Center (EOC) building within the Office of the Military complex in Carson City. The Office of the Military performs these functions much like Buildings and Grounds does for other state buildings. Statutory Authority: NRS 412.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF VETERANS SERVICES - The mission of the Department of Veterans Services is to provide vital and efficient service to and advocacy on behalf of veterans, their dependents, and survivors; and provide our community and partners the opportunity to contribute in these endeavors. The department assists veterans in the preparation and submitting of claims for benefits; provides skilled nursing care; provides burial support at the state veterans' cemeteries; and helps veterans successfully integrate into Nevada communities.

Department Budget Highlights:

- 1. **Add an Unclassified Deputy Director Position** - Funding is provided for the addition of an unclassified Deputy Director position located in northern Nevada. This position is responsible for veterans and health care-related issues, including assisting with the development of the proposed Northern Nevada Veterans Home.
- 2. **Complete Fernley Cemetery Water Project** - To reduce the cost of water, which is currently provided by the City of Fernley, a project is requested to purchase water rights and construct the infrastructure needed to provide water for the Fernley cemetery's needs.
- 3. **Support Veteran Home Facility and Cemeteries** - Work continues at maintaining and expanding facilities to provide the highest quality of services for Nevada veterans by leveraging state funds to provide in excess of \$2.9 million in equipment and maintenance for the Southern Nevada Veteran's Home and the two veterans memorial cemeteries.

PROGRAM DESCRIPTION

The Nevada State Veterans Home (the Home) is a 180 bed state-skilled nursing care facility. The Home, dedicated on June 28, 2002, admitted its first residents on August 12, 2002. The Home provides 24-hour skilled nursing care to eligible veterans, spouses of veterans, and Gold Star Parents who had a child who died while in military service. A minimum of 75% of the Home's residents must be veterans. The 180 bed facility consists of three 60 bed wings and is located on fifty acres in Boulder City. One of the Home's three wings houses a secured care unit intended for residents with severe dementia. The Home is certified by Medicaid, Medicare, and the US Department of Veterans Affairs. The Home provides a full range of services including: physicians; laboratory; pharmacy; physical, occupational, respiratory and speech therapy; dental; social and spiritual services; medical records; activities; transportation; maintenance; dietary; barber; laundry; housekeeping; and financial services. The Home's primary mission is "Caring for America's Heroes." Statutory Authority: NRS Chapter 417.

BASE

This request continues funding for 182.51 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEFINITION OF TERMS

Activity

A service provided or function performed for a specific purpose and/or population to accomplish a defined goal or objective consistent with the agency's mission and strategic plan.

- Primary Activity - Activities clearly related to the agency's mission.
- Support Activity - Internal activities necessary to enable the agency to perform the primary activities.

Adjusted Base Budget

The budget after adjustments have been made to the base budget to eliminate one-time expenditures or to increase (annualize) revenues and expenditures for ongoing programs that were not operational for the entire base year.

Agency Specific Inflationary Adjustments

Adjustments for the price increase of goods and services unique to a particular agency.

Appropriation

A legislative allocation from the state General Fund or Highway Fund for a specific purpose or to support the operation of an agency.

Authorization

The authority granted by the Legislature that allows state agencies to collect and expend funds from sources other than the General Fund or Highway Fund, such as federal funds, county funds, gifts, grants, donations, fees, sales, etc.

Base Budget

The budget to continue services at the same level as was provided in the Base Year of the current biennium. The sum total of revenue and expenditures for a budget account in the even numbered year preceding the legislative session.

Base Year

The first year of a biennium, that is, the even-numbered year in a biennium.

Biennium

A two year period, which, as it applies to Nevada budgeting, is the two consecutive fiscal years following a regular legislative session. The current biennium is denoted 2013-2015 and is comprised of fiscal year 2014 (the Base Year) and fiscal year 2015 (the Work Program Year). The upcoming biennium is denoted 2015-2017 and is comprised of fiscal year 2016 (Year 1) and fiscal year 2017 (Year 2).

Bill Draft Request (BDR)

A written request submitted to the Legislative Counsel Bureau by a legislator, an executive agency, a member of the judiciary, or a local government proposing a new or modified law for enactment.

Capital Improvement Project (CIP)

The construction of a new building and the furniture, fixtures and equipment (FF&E) for that building; a modification to structures for existing state buildings; remodeling, repairs, and maintenance work for projects of a non-structural nature over \$100,000; and advanced planning for future construction.

Caseload

The number of cases handled in a given period by an agency.

Classified Employee

An employee, other than non-classified, unclassified or an elected official, who is selected and governed by the state's merit system as found in the NAC and NRS.

Core Functions

A collection of related, structured activities or tasks that produce a specific service or product (to service a particular goal) for a particular customer. This function ties the state's strategic goals and priorities to its activities by defining state government's primary purposes/functions.

Decision Unit(s)

A stand-alone, balanced budget request that displays the revenues and expenditures associated with a new program or changes to existing programs.

Economic Forum

A five-member committee from the private sector directed to provide a forecast of future state General Fund revenues by December 1 of even-numbered years and May 1 of odd-numbered years. The forecasts are based on the existing revenue structure and are used by agencies, the Governor, and the Legislature in recommending and approving a new budget. (See [NRS 353.226 - 353.229](#).)

Enhancement Decision Unit

A stand-alone, balanced budget request that displays the revenues and expenditures associated with a new program or for new services or initiatives, or revisions or deletions that aren't currently reflected in the agency's base budget and the change is meant to improve or streamline existing services.

Federal Mandates

Orders issued by the federal government. As it applies to budgeting, those mandates that directly impact the level of programs or services provided by an agency.

Fringe Benefits

Expenditures paid by the state that are associated with employee compensation other than salary, such as group insurance, retirement group insurance, worker's compensation, unemployment compensation, Medicare and PERS contribution and payroll and personnel assessments.

FTE

A full-time equivalent position as defined in [NAC 284.065](#).

General Fund

The major operating fund of the state that receives its income from unrestricted revenue such as Sales Tax, Gaming Taxes, Insurance Premium Tax, Casino Entertainment Tax, the Proceeds of Mines Tax, the Business License Fee, other minor taxes and miscellaneous sources such as interest income, licenses, and fees and fines.

Governor's Strategic Priorities

A list of enhancement decision units that express the Governor's goals for the state in the upcoming biennium.

Highway Fund

A fund that derives its income from state fuel taxes, fees on the use and operation of motor vehicles, and federal highway funds and is restricted for use for the construction, maintenance and repair of public highways and related administrative costs.

Internal Service Fund

A fund used to account for the financing of goods or services furnished by a designated department or agency to governmental units within its own organization or to other departments or agencies on the basis of reimbursement for costs.

Non-Classified Employee

An employee in the Office of the Governor or the Governor's Office of Economic Development, or an employee in the Judicial or Legislative Branches of State Government.

One-Shot Appropriation

A one-shot appropriation is a unique General Fund or Highway Fund appropriation for a particular purpose that is not anticipated to continue.

Performance Measures

A method of systematically and objectively tracking and quantifying the agency's progress toward achieving its mission and goals.

Priorities and Performance Based Budget

A budget building approach that identifies and prioritizes an agency's activity and defines the resources allocated toward that activity.

Reserve

Funds available at the end of a fiscal period to be carried forward into the next fiscal period for future obligations or reverted at the end of the current period.

Reversion(s)

The balance of an appropriation or authorization that is remaining after the close of a specific time period that are returned to the original source of the appropriation or authorization.

Statewide Strategic Priorities

Statewide goals issued by the Governor and used by agencies to identify and justify the purpose of a decision unit built into their Agency Request Budget.

Statewide Inflationary Adjustments

The amount added to projected expenditures that represent the state's estimate of future cost increases for those items or services authorized by the Governor.

Statutory Authority

Authority granted or implied by the NRS for a particular activity or function or the establishment of a position, agency, or other entity.

Transfer In/Out Decision Unit

A decision unit to move program revenue and expenditures from one budget account to another.

Unclassified Employee

An official, officer, or employee of the Executive Branch of state government whose position is filled by the responsible appointing authority or board without regard to the state's merit system (not all unclassified positions are listed in the NRS, but all will be included in the pay bill).

Vacancy Savings

Savings calculated by the Budget Division based on historic vacancy percentages by budget account and applied against salary and fringe benefits costs (not applied against overtime, standby, travel differential, longevity, etc.), projected to occur in each year of the biennium in the personnel services category due to vacancies.

PERFORMANCE MEASURES - NEW, REVISED AND ELIMINATED

With the implementation of the Priorities and Performance Based Budget, performance and population/workload measures are organized by Activity within a Department and Division. The Budget Office worked with agencies to review and provide clarification to their Activities and Performance Measures as reported previously in the 2013-2015 Governor's Recommends Biennial Budget. As a result of these efforts numerous changes were made, where measures were created, revised or eliminated to provide clarification on the efforts of

the activity, demonstrate the work the activity performs or eliminate measures where data is not attainable.

In this section, a listing of performance and population/workload measures are identified as new, revised or eliminated with rationale to describe the purpose of the change. Please visit Nevada's website for a detailed list of activities, measures and the resources associated at <http://openbudget.nv.gov/OpenGov/ViewPPBBSummary.aep>.
