	This request provides funding to eliminate the service waitlist of over 90 days for Supported Living and Jobs and Day Training programs. If funded, this request would reduce waiting lists for services pursuant to the U.S. Supreme Court Olmstead Decision, Olmstead v. L.C., 527 U.S. 581 (1999). The Olmstead decision specifies that States must have an effective comprehensive plan for serving qualified persons with disabilities in less restrictive settings. In addition, the ADA and the Olmstead decision extends to persons at serious risk of institutionalization or segregation and are not limited to individuals currently in institutional or other segregated settings. Compliance with the ADA and Olmstead is integral to Nevada's Strategic Plan for Individuals with Intellectual Disabilities. Demand for Developmental Services continues to grow and this decision unit requests funding to address the service waitlist for community based programs that help individuals live as independently as possible in their community. - Supported Living (SLA) - Requesting funding for an additional 180 individuals. - Jobs & Day Training (JDT) - Requesting funding for an additional 142 individuals. The SLA and JDT programs are supported by Federal Medicaid funds which are matched by state general funds. This request is a companion to decision unit M510 in Rural Regional Center, Budget Account 3167, Sierra Regional Center, Budget Account 3280, and decision unit M510 in HHS-HCF&P Administration, Budget Account 3158, and Nevada Medicaid, Budget Account 3243. Budget Account: 3281 HHS-DCFS - NORTHERN NV CHILD & ADOLESCENT SERVICES

Northern Nevada Child and Adolescent Services (NNCAS) provides assessment, care coordination and a comprehensive continuum of mental and behavioral health care services for Severely Emotionally Disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Children served are uninsured, under-insured, or Medicaid recipients. NNCAS services are both office and home-based and include: early childhood mental health services; early childhood day treatment; outpatient mental health services providing individual, group and family therapies; psychiatric evaluation and treatment; intensive targeted case management services through the Wrap-Around in Nevada Program evidence-based model; and mobile crisis response services that are provided in northern Nevada. Residential services are provided at the Psychiatric Residential Treatment Facility (PRTF) North and the PRTF Enterprise. NNCAS is involved with the state-wide efforts to transform the current Children's Mental Health System of Care to more comprehensively accomplish this goal. Statutory Authority: NRS Chapters 433, 433A and 433B.

	This line item records expenditures related to telephone or data wiring. Program staff are frequently being moved from one location to the next and phone lines are transferred with staff to ensure that clients (new and old) continue to have a link with their clinician. In addition to telephone lines, a recurring issue is data wiring for camera systems at the Family Learning Homes and the Adolescent Treatment Center. Lastly, another common expenditure is the need to move or install a data drop for agency equipment. Additionally, this line item is critical to the agency for two significant reasons: licensing requires that the agency maintain an operable video monitoring system of the clients in the program's residential care. Unfortunately, these programs have clients with destructive behavior and routinely the cameras and wiring for these systems are destroyed and need to be either routine maintenance work or a complete replacement. The second reason is due to age of the state campus, this funding helps ensure that the infrastructure of the data and telephone lines remain in working condition for the continued service of the clients and families of the community.

9038	TRANS TO HUMAN RES DIR OFFICE This line item represents the 100 percent state-dollar expenditures for the mental health placements of uninsured, non-Medicaid, and parental custody children. This funding is necessary due to the increasing number of youth we serve who are uninsured in Northern Nevada. In addition, due to the backup of children in emergency rooms who need acute hospitalization and have no insurance/payment resources, contracts will be developed with private hospitals to provide acute care for these youth. With the effort to keep youth in their homes, school, and community, staff will look to secure wraparound services for families who are not Medicaid-eligible through the use of Category 16 funds. This will decrease the time youth spend in hospitals or waiting for services. The agency transfers funding to the DHHS Director's Office who then reimburses Westhills who is the primary provider.	180,100	153,000	180,100	180,100

	This request adds one new maintenance position. This position is needed related to a transfer of building maintenance responsibility from Budget Account 3162 Division of Public and Behavioral Health, Northern Nevada Adult Mental Health (NNAMHS) to Budget Account 3281 Division of Child and Family Services, Northern Nevada Child and Adolescent Services (NNCAS) requested in Decision Unit E-903. Northern Nevada Child and Adolescent Services occupies all of 480 Galletti Way building 8A and half of building 8. Currently, maintenance requests, deferred maintenance requests, and capital improvement requests are sent from NNCAS to NNAMHS. This results in inefficiencies and delays in completing repairs often to the detriment of youth and staff in the affected buildings. This new maintenance position is needed as part of the transfer of maintenance responsibility. [See Attachment]

Budget Account: 3645 HHS-DPBH - FACILITY FOR THE MENTAL OFFENDER

Lake's Crossing Center provides statewide forensic mental health inpatient services in a secure setting and outpatient individuals referred by the court who are in the community on their own recognizance or in a local detention center. The services are provided to those individuals for whom there is a question of their competency to stand trial and are in need of evaluation and/or restoration of competency to stand trial. Lake's Crossing also treats individuals whose behavior is dangerous and difficult to manage in other state facilities until they may be returned to a less restrictive setting. The facility also treats clients acquitted not guilty by reason of insanity and dangerous unrecoverable clients committed under NRS 178.461. Statutory Authority: NRS 175, 176, 178 and 433.

M101	AGENCY SPECIFIC INFLATION				
	This request funds medication inflation of 3.82 percent in fiscal year 2022 and 3.77 percent in fiscal year 2023.				
	Medications remain a cost-effective method of treatment that can lead to savings in other areas. However, despite continuous and ongoing efforts to contain expenditures, the cost of prescription medications continues to increase steadily. Our budget must mirror this increase in order to maintain our ability to provide the most appropriate agents to our clients.

M102	AGENCY SPECIFIC INFLATION				
	This request funds food inflation of 2.34 percent in fiscal year 2021 and 2.34 percent in fiscal year 2023.				
	This request is based on Moody's Economy.com March 2020 projections, the inflation rates attached. In particular, the stay-at-home order has shifted food demand to grocery stores. The Consumer Prices Index for food has increased since due to the fact the food supply chain is currently unable to deliver when and where food is needed due to the shortage of labor, particularly at farm level.

Budget Account: 3646 HHS-DCFS - SOUTHERN NV CHILD & ADOLESCENT SERVICES

Southern Nevada Child and Adolescent Services (SNCAS) provides assessment, care coordination and a comprehensive continuum of mental and behavioral health care services for Severely Emotionally Disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Children served are uninsured, under-insured, or Medicaid recipients. SNCAS services are both office and home-based and include: early childhood mental health services; early childhood day treatment; outpatient mental health services providing individual, group and family therapies; psychiatric evaluation and treatment; intensive targeted case management services through the Wrap-Around in Nevada Program evidence-based model; and mobile crisis response services that operate 24/7 throughout Clark County and provides live, 24/7 telephone hotline coverage for the entire state. Residential services are provided at the West Charleston campus and include the Psychiatric Residential Treatment Facility Oasis and Desert Willow Treatment Center (DWTC), which provides inpatient acute psychiatric and residential treatment center services. DCFS residential services are monitored by the Commission on Behavioral Health and licensed by the county and state. DWTC is certified by the Joint Commission on Accreditation of Healthcare Organizations. SNCAS is involved with the state-wide efforts to transform the current Children's Mental Health System of Care to more comprehensively accomplish this goal. Statutory Authority: NRS Chapters 433, 433A and 433B.

7299	TELEPHONE & DATA WIRING This line item records expenditures related to telephone or data wiring. Program staff are frequently being moved from one location to the next. In order to ensure that clients (new and old) continue to have a link with their clinician, phone lines are transferred with the personnel. In addition to telephone lines, a recurring issue is data wiring for camera systems at Oasis and the Desert Willow Treatment Center. Lastly, another common expenditure is the need to move or install a data drop for agency equipment. Additionally, this line item is critical to the agency for two significant reasons: licensing and Joint Commission requires that the agency maintain an operable video monitoring system of the clients in the program's residential care. Unfortunately, these programs have clients with destructive behavior and routinely the cameras and wiring for these systems are destroyed and need to be either routine maintenance work or a complete replacement. The second reason is due to age of the state campus, this funding helps ensure that the infrastructure of the data and telephone lines remain in working condition for the continued service of the clients and families of the community.	10,765	1,708	10,765	10,765

	This line item is used to account for miscellaneous services, including programmatic contracts for individual treatment plans like dance instruction for clients and moving services. Specific to moving services, program staff are frequently moving between buildings and sites. Additionally, various maintenance projects like plumbing or electrical work require that portions of a building be unoccupied, which would require certain movements of staff. As a means to relieve the workload on the maintenance staff, these services are utilized on a routine basis.				
7750	NON EMPLOYEE IN-STATE TRAVEL This line item is used to record airline expenditures for non employee in state travel. This expenditure can occur when a Desert Willow Treatment Center or Oasis client is from Northern Nevada. The agency would pay airline costs for their client's family visitation.	690	1,346	690	690

15	SYSTEM OF CARE GRANT				
	This category was created to track the expenditures of the original System of Care (SOC) grant, which was awarded from the Substance Abuse and Mental Health Services Administration on July 7th, 2015. The federal revenue for this grant is recorded under the revenue general ledger code 3401. This grant project period ended on September 30, 2019.				
	The purpose of the grant funding is to expand Nevada's SOC for youth with serious emotional disorders (SED). This endeavor emphasizes expansion and adoption of the SOC approach through dissemination of training and knowledge that focuses on capacity building and implementation of programs to ensure SED youth and their families are engaged in effective services and have greater access to innovative and evidence based, trauma informed practices. In keeping with SOC principles, goals, and objectives the program will focus on community-based services that are delivered at a local level; are family driven and youth guided; culturally and linguistically competent; individualized and strength based; with measures and metrics that ensure the SOC is data driven and accountable. This plan incorporates workforce development, governance and accountability for underinsured or undocumented youth and families. The plan relies heavily on technical assistance, collaboration with stakeholders, consumers and community partners and rigorous evaluation and quality assurance.

16 MENTAL HEALTH PLACEMENTS

This category records state-dollar expenditures for the mental health placements of uninsured, non-Medicaid, and parental custody children.

7075	MED/HEALTH CARE CONTRACTS This line item represents the 100 percent state-dollar expenditures for the mental health placements of uninsured, non-Medicaid, and parental custody children.	147,645	156,464	147,645	147,645
------	--	---------	---------	---------	---------

This funding is necessary due to the increasing number of uninsured youth in Southern Nevada that need mental health placements. In addition, due to the backup of children in emergency rooms who need acute hospitalization and have no insurance/payment resources, contracts will be developed with private hospitals to provide acute care for these youth.

With the effort to keep youth in their homes, school, and community, staff will look to secure wraparound services for families who are not Medicaid-eligible through the use of Category 16 funds. This will decrease the time youth spend in hospitals or waiting for services.

18	SOC FOR SED YOUTH				
	This category was created to track the expenditures of the new System of Care (SOC) grant, which was awarded from the Substance Abuse and Mental Health Services Administration on September 10th, 2019. The federal revenue for this four-year grant is recorded under revenue general ledger code 3402.				
	The purpose of the grant funding is to expand Nevada's SOC for youth with serious emotional disorders (SED). This endeavor emphasizes expansion and adoption of the SOC approach through dissemination of training and knowledge that focuses on capacity building and implementation of programs to ensure SED youth and their families are engaged in effective services and have greater access to innovative and evidence based, trauma informed practices. In keeping with SOC principles, goals, and objectives the program will focus on community-based services that are delivered at a local level; are family driven and youth guided; culturally and linguistically competent; individualized and strength based; with measures and metrics that ensure the SOC is data driven and accountable. This plan incorporates workforce development, governance and accountability for underinsured or undocumented youth and families. The plan relies heavily on technical assistance, collaboration with stakeholders, consumers and community partners and rigorous evaluation and quality assurance.

M101	AGENCY SPECIFIC INFLATION				
	This request funds agency-specific inflation for the following expenditures: medical services, medical supplies, pharmacy, and food. Medical services have an inflation rate of 4% in fiscal year 2022 and an additional 3.94% in fiscal year 2023. Prescription drugs and medical supply expenditures have an inflation rate of 3.82% in fiscal year 2022 and an additional 3.77% in fiscal year 2023. Food has an inflation rate of 2.34% in fiscal year 2022 and an additional 2.34% in fiscal year 2023.				
	Without the adjustments for inflation, the agency would not have sufficient budget authority to operate its programs at a comparable level. The agency would need to reduce its operations to account for the higher expenditure costs due to inflation.

7060	CONTRACTS The contract expenditures for the Public Consulting Group is being moved to Cat 26 GL 7073 because the services being provided are related to information services. Transferring the budget authority for this contract has resulted in this M150 adjustment.	0	0	-14,565	-14,565
7061	CONTRACTS - A This is an agency contract for transportation services for children in the Early Childhood Mental Health Services day treatment program. Due to COVID-19, the program was temporarily suspended and the contract was not fully utilized. To calculate the adjusted base year amount, an average of the first nine months of service was calculated. This average was then multiplied by 12 months of service. These calculations can be found under the vendor schedule.	0	0	64,614	64,614
7062	CONTRACTS - B This is a statewide contract for linen services for the Desert Willow Treatment Center program. To ensure adequate budget authority, the biennial budget request is based on the capacity for the program. For more detail on the calculations, please see the spreadsheet that is attached to the corresponding line item on the vendor schedule.	0	0	17,008	17,008
7064	CONTRACTS - D This is a statewide contract for medical transcription services. A five year average of expenditures were used as the basis for the biennium request.	0	0	4,048	4,048
7065	CONTRACTS - E This is an agency contract to provide for fingerprinting services. For client safety, the Division of Child and Family Services periodically requires that existing staff members get fingerprinted for a new background check. This adjustment is being requested because several employees were reimbursed for fingerprinting services. Moving forward, employees will be directed to utilize the services through the agency's purchasing procedures.	0	0	106	106
7067	CONTRACTS - G This line item adjustment is related to a family support services contract expenditure. This adjustment is being requested to realign budget authority with the contracted authority.	0	0	549	549
7068	CONTRACTS - H This line item accounts for expenditures related to an Department of Public and Behavioral Health contract for food services provided to the Desert Willow Treatment Center. To save funding through the economies of scale, this contract is shared between three government entities: the Department of Public and Behavioral Health, Southern Nevada Child and Adolescent Services and the Desert Regional Center. The biennial budget request was calculated to ensure sufficient budget authority to operate the facility. For more detail on the calculations, please see the spreadsheet that is attached to the corresponding line item on the vendor schedule.	0	0	121,101	130,468
7075	MED/HEALTH CARE CONTRACTS This adjustment is related to a statewide contract for laboratory services. The agency uses these services for client medical testing, which includes urine and blood analysis. These tests may be conducted prior to prescribing medication for clients. The agency also uses these services to test clients for drugs and alcohol. A five-year average of expenditures was used as the basis for the biennium request. For more detail on the calculations, please see the spreadsheet that is attached to the corresponding line item on the vendor schedule.	0	0	8,051	8,051
7110	NON-STATE OWNED OFFICE RENT The main contributing factor to this budget authority being reduced is the reduction in space being leased at the 4180 S. Pecos site. The agency was a master lease holder and was previously subleasing space to Clark County. After Clark County vacated the space at the site, the agency reduced the amount of space being leased at this location.	0	0	-110,019	-108,115
7186	MED/DENT SUPP - NON-CONTRACT-A Due to the pandemic, the pharmacy expenditures were lower than historical average. As an adjustment, a five-year average of expenditures were used. [See Attachment]	0	0	63,794	63,794
7200	FOOD This line item records the food purchases of the Oasis program. Due to the pandemic, the program was not able to purchase food at grocery stores. As a result, the program temporarily utilized the agency's food services contract that is typically only used by the Desert Willow Treatment Center. Due to social distancing guidelines, the program needed to keep the occupancy rates lower than typical, which has impacted the base year expenditures. To calculate the adjustment for the food expenditures, a five-year average from the preceding five fiscal years was used. [See Attachment]	0	0	40,914	40,914

	This line item records expenditures for two different HVAC contracts. The first contract is an agency contract for the maintenance and inspection services on HVAC systems, two chillers, and a water-cooling tower. The biennial budget request is based on the contingency authority of the HVAC contract. It is important to have contingency authority for the agency to have the ability to quickly resolve HVAC issues at the children's psychiatric hospital or the neighborhood family service center. The second contract is an agency contract to provide energy and control systems management for two chillers located at 6171 W. Charleston Blvd., buildings 7 and 17. The controls and software management program on these two chillers operate under the Alerton product line and Climatec is the only authorized provider in the Las Vegas area that can maintain this proprietary equipment. The adjustment is mainly related to the Climatec contract because it was discovered that the equipment operated under proprietary equipment in the base year and this is a new agency contract.				
7064	CONTRACTS - D The agency has reduced its projected need for painting services down to the annualized contracted authority for painting services.	0	0	-6,416	-6,416
7066	CONTRACTS - F This is an agency contract for landscaping services on the West Charleston campus. Aside from the fixed monthly contractual payments, this contract is used in conjunction with the electrical services or plumbing contract. Rather than get charged higher rates from the other trade contracts, it is more cost effective to utilize the landscaping contract for any trenching that is needed. The biennium request is derived from the fixed rate for monthly services plus the five-year average for repairs. For more detail on the calculations, please see the spreadsheet that is attached to the corresponding line item on the vendor schedule.	0	0	12,348	12,348
7067	CONTRACTS - G This is an agency contract for preventative maintenance and emergency repairs for the Desert Willow Treatment Center generator. The budget request is based on the contract's total authority divided by the total number of years (\$10,380 divided by 4 years = \$2,595). It is important to have contingency funding budgeted in the event the generator needs an emergency repair. An operational generator is essential to ensuring the children's psychiatric hospital can continue to function in the event of an electrical power disruption.	0	0	1,187	1,187
7068	CONTRACTS - H This is an agency contract for electrical services. The biennium request is based on a five-year average of expenditures. This contingency authority is essential to responding to routine maintenance and emergency projects on the West Charleston campus. There are thirteen (13) state-owned buildings on this campus, some of which were constructed back in 1974. Due to licensing concerns, it is critical that the agency has the means to immediately address program requirements for the health and safety of staff and clients. For more detail on the calculations, please see the spreadsheet that is attached to the corresponding line item on the vendor schedule.	0	0	8,463	8,463
7069	CONTRACTS - I This is an agency contract for a service that cleans and sanitizes evaporator coils, condenser coils, blower fans, ductwork vents, and the registers of the HVAC systems. Due to the pandemic, it is anticipated that this contract authority will be used each fiscal year. The biennium request is based on the contract authority of \$3,879 per year.	0	0	3,879	3,879
7070	CONTRACTS - J This adjustment eliminates one-time expenditures for fire safety projects.	0	0	-125,663	-125,663

14	CMHS GRANT The Community Mental Health Services (CMHS) grant is used to reimburse the agency for mental health services that are being provided to underinsured or uninsured clients. The grant revenue being generated by the agency is being recorded under the revenue general ledger code 4669. The only expenditure item under the grant is the University of Nevada Las Vegas (UNLV) fellowship program. This fellowship program provides interns from UNLV to learn under the Desert Willow Treatment Center. While at the Desert Willow Treatment Center, these interns are providing mental health services to the clients of the inpatient hospital.				
7060	CONTRACTS This line item records contractual agreements related to the Community Mental Health Services block grant. 	The purpose of the grant funding is to expand Nevada's SOC for youth with serious emotional disorders (SED). This endeavor emphasizes expansion and adoption of the SOC approach through dissemination of training and knowledge that focuses on capacity building and implementation of programs to ensure SED youth and their families are engaged in effective services and have greater access to innovative and evidence based, trauma informed practices. In keeping with SOC principles, goals, and objectives the program will focus on community-based services that are delivered at a local level; are family driven and youth guided; culturally and linguistically competent; individualized and strength based; with measures and metrics that ensure the SOC is data driven and accountable. This plan incorporates workforce development, governance and accountability for underinsured or undocumented youth and families. The plan relies heavily on technical assistance, collaboration with stakeholders, consumers and community partners and rigorous evaluation and quality assurance.

18 SOC FOR SED YOUTH

This category was created to track the expenditures of the new System of Care (SOC) grant, which was awarded from the Substance Abuse and Mental Health Services Administration on September 10th, 2019. The federal revenue for this four-year grant is recorded under revenue general ledger code 3402.

The purpose of the grant funding is to expand Nevada's SOC for youth with serious emotional disorders (SED). This endeavor emphasizes expansion and adoption of the SOC approach through dissemination of training and knowledge that focuses on capacity building and implementation of programs to ensure SED youth and their families are engaged in effective services and have greater access to innovative and evidence based, trauma informed practices. In keeping with SOC principles, goals, and objectives the program will focus on community-based services that are delivered at a local level; are family driven and youth guided; culturally and linguistically competent; individualized and strength based; with measures and metrics that ensure the SOC is data driven and accountable. This plan incorporates workforce development, governance and accountability for underinsured or undocumented youth and families. The plan relies heavily on technical assistance, collaboration with stakeholders, consumers and community partners and rigorous evaluation and quality assurance.

	Rural Clinics currently has a licensed psychologist position, PCN 0603, under the budget account. It is proposed that this Licensed Psychologist be moved under Behavioral Health Prevention and Treatment (BA 3170).				
	This position would be better aligned under Behavioral Health Prevention and Treatment as this position holder is assigned duties specifically designed to provide technical assistance to county officials and health care providers in the communities across Nevada. (The position holder works closely with Substance Abuse Prevention program officials as well.) The technical assistance information is obtained through mentoring and training offered through the Behavioral Health Epidemiologist and SAPTA staff and resources. Rural Clinics has worked collaboratively with the psychologist but renders no supervisory guidelines or training to the position. The transition will allow for better planning, budgeting and workflow management thus increasing efficiency. The employee is already physically stationed with the SAPTA unit.

This decision unit requests funds for a new Administrative Services Officer I position in the State Administration office. The Master Cooperative Agreement is continuously expanding and new programs have been created. The new programs will include approximately 60 new employees. The Nevada National Guard Youth ChalleNge program will be starting July 2021 with an additional \$5 million to manage. This position would assist the Administrative Services Officer (ASO) III with managing programs, budget, and personnel. It would also act as backup to the ASO III at meetings, presentations, and legislature. The addition of this position will assist with timeliness and efficiency of the agency. In addition, it will assist in managing all programs and operations to ensure oversight and compliance of federal and state regulations. [See Attachment]

E350	PROMOTING HEALTHY, VIBRANT COMMUNITIES				
	This decision unit requests funds for a new unclassified position for Director of Psychological Health (DPH) which would report directly to The Adjutant General (TAG). This position would provide guidance to leadership on psychological health issues, psychological health initiatives, and population-health monitoring of military personnel and their families. It would serve as community liaison with military and non-military agencies to promote timely information exchange, coordinate collaborative prevention efforts, and establish and maintain a range of resources, associations, and community partnerships. This position is essential in maintaining the health and safety of military personnel, their families, and the community. [See Attachment]

Budget Account: 3673 DPS - DIVISION OF EMERGENCY MANAGEMENT

The Division of Emergency Management (DEM) coordinates the efforts of the state and its political subdivisions together in partnership with private and volunteer organizations and tribal nations in reducing the impact of emergencies. The DEM is given oversight and coordination responsibilities for all statewide emergency preparedness, emergency mitigation efforts, and the development, review, approval and integration of state emergency response planning. This includes the integration of volunteer organizations and the private sector in the state emergency management process as well as oversight of response exercises, training, and emergency operations planning. The DEM is responsible for assuring the state's readiness, ability to respond to, and recover from natural and technological emergencies and disasters by assisting local governments with their emergency preparedness, response, and recovery efforts, while providing a crucial link for accessing state and federal assistance and support. The division's operations also include those of the Nevada Office of Homeland Security. Authority: NRS 414

44	SEARCH & RESCUE PROGRAM (LICENSE PLATE FEES)				
<p>This category supports search and rescue preparedness activities. NRS 414.170 creates the Nevada Board of Search and Rescue. The Board is required to meet at least twice per year. The Board consists of 10 members. The duties of the Board are to formulate policies regarding Search and Rescue and provide direction for the Chief of DEM.</p> <p>NRS 414.200 establishes the position of Search and Rescue Coordinator within DEM. This position is required to identify, inventory, and coordinate resources for Search and Rescue, maintain statistics, coordinate intrastate searches and rescues, provide assistance upon request to local jurisdictions, prepare a Search and Rescue Plan, and coordinate the above Search and Rescue board.</p> <p>Since these duties are required by statute, the division cannot use federal grant funding for their administration. The division is limited to state general funds or the funds from the license plate fees. The License Plate Fee plays an important role in our ability to fund this statutory requirement. If fee revenue decreases, the division will have to supplement the program with State General Fund, or reduce the program's scope.</p>

E373 PROMOTING HEALTHY, VIBRANT COMMUNITIES

This request which was approved at the August 20, 2020 IFC meeting, work program C51065.

This request funds six positions and associated costs to help manage the COVID-19 disaster grants under the FEMA Public Assistance program. The requested positions will be 100% federally funded under Presidential National Emergency dated 3/13/20, back-dated from 1/20/20 and COVID-19 Federally-declared Major Disaster FEMA-4523-DR declared 4/4/20.

Prior to the COVID-19 response, the division's recovery staff was already working above capacity due to the on-going recovery efforts related to the 2017 flooding disasters 4303/4307. Disaster recovery can take 3-5 years, depending on the size and type of emergency. COVID-19 is the largest disaster in Nevada's history. The benefit will be the ability to recuperate funds and assist communities get back to the new normal.

2520	FEDERAL FUNDS FROM PREVIOUS YEAR The actual amount balanced forward from state fiscal year 2017 to 2018 was a mix of old federal disaster funds and existing grants balance forwards. These amounts were reconciled during state fiscal year 2018 and the division does not project any further balance forward needs in this budget account.	0	0	0	0
3501	HS GP - URBAN AREA SECURITY INITIATIVE Urban Area Security Initiative (UASI) - The UASI Program funds address the unique planning, equipment, training, and exercise needs of high-threat, high-density urban areas, and assist them in building an enhanced and sustainable capability to prevent, protect against, respond to, and recover from acts of terrorism. This program is 100 percent federally funded. CFDA #97.067 (category 17). [See Attachment]	3,421,311	5,000,000	3,480,514	3,480,514
3524	FEMA EARTHQUAKE HAZARD REDUCTION Transfer in from pass through budget account 3674: Hazard Mitigation Grant Program (HMGP) Post Fire. CFDA # 97.082. The National Earthquake Hazards Reduction Program (NEHRP) work encompasses research, development and implementation activities. Program research helps to advance our understanding of why and how earthquakes occur and impact the natural and built environments. The program develops strategies, tools, techniques and other measures that can reduce the adverse effects of earthquakes and facilitates and promotes implementation of these measures, thereby strengthening earthquake resilience among at-risk communities. This funding expired July 30, 2020.	0	34,365	0	0
3534	URBAN AREA SECURITY INITIATIVE NON-PROFIT GRANT UASI Non-Profit Grant - Provides funding to strengthen the security of nonprofit organizations that are deemed at high risk of a potential terrorist attack and are located within one of the specific UASI-eligible urban areas. While this funding is provided specifically to high-risk nonprofit organizations, the program seeks to integrate nonprofit preparedness activities with broader state and local preparedness efforts. This program is 100 percent federally funded. CFDA #97.008 (category 20). [See Attachment]	3,915	100,000	3,915	3,915
3542	FEMA 4202 MOAPA DISASTER Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA) Public Assistance Program (PA). Under the PA program, FEMA provides supplemental aid to states, local governments, tribal nations and certain private nonprofit organizations to help recover from emergencies and disasters as quickly as possible. The PA program provides assistance for debris removal, implementation of emergency protective measures, and permanent restoration of infrastructure. Funding is made available only through a Presidential Declaration. The PA program requires a 25 percent match by eligible recipients. The President declared a Federal disaster in November 2014, designated as FEMA 4202-DR-NV CFDA #97.036 (category 42), for the widespread flooding that occurred in September 2014, impacting the Moapa Band of Paiutes at the Reservation located in Clark County. [See Attachment]	476	420,787	476	476
3557	FEMA Post Fire Mitigation (FMAG) Transfer in from pass through budget account 3674: Hazard Mitigation Grant Program (HMGP) Post Fire. CFDA # 97.039. FEMA Hazard Mitigation Grant Program (HMGP) Post Fire - The goal of the Post Fire program is to assist state, regional, tribal, and local jurisdictions with wildfire recovery for Fire Management Assistance declarations. These Hazard Mitigation Grant Program (HMGP) funds are awarded for the mitigation of wildfires, flooding or erosion; however HMGP funding may be used for the reduction of risk for any hazard statewide. There is no match requirement on management costs. The 25% match requirement on pass through funds will be met by the receiving jurisdictions . CFDA # 97.039 [See Attachment]	0	3,566,325	0	0
3579	STATE AND LOCAL IMPLEMENTATION GRANT PROGRAM Department of Commerce, National Telecommunications and Information Administration, State and Local Implementation Grant Program (SLIGP). The SLIGP is designed as a formula-based, matching grant program to assist states, in collaboration with regional, tribal and local jurisdictions, to perform activities related to planning for the establishment of the nationwide public safety broadband network. The SLIGP program requires a 20 percent match. CFDA # 11.549 (category 12). The performance period for the first award the division received was from August 1, 2013 through July 31, 2016. The award was amended extending the expiration to February 28, 2018. The division received a second award continuing the program with a performance period of March 1, 2018 through February 29, 2020 which was extended through March 31, 2021. The division does not anticipate any additional extensions of this funding. [See Attachment]	95,056	159,311	95,056	95,056

CFDA # 11.549 Department of Homeland Security (DHS)/State and Local Implementation Grant Program (SLIGP) - The goal of the SLIGP is to assist state, regional, tribal, and local jurisdictions with identifying, planning, and implementing the most efficient and effective means to use and integrate the infrastructure, equipment, and other architecture associated with the nationwide public safety broadband network, to satisfy the wireless broadband and data services needs of their jurisdictions. The SLIGP program requires a 20 percent match by recipients. This funding expired 3/31/2021 and was not renewed.	16,660	16,375	0	0
4683	TRANSFER FROM DEM - EMPG Transfer in from pass through budget account 3674: Emergency Management Performance Grant (EMPG). CFDA # 97.042 DHS/Emergency Management Performance Grant (EMPG) - The purpose of the EMPG is to support comprehensive emergency management at the state, local and tribal levels, to improve mitigation, preparedness, response, and recovery capabilities for all hazards. The EMPG supports planning, training, exercises, and emergency management personnel at the state, local and tribal levels. Funding helps to strengthen all-hazards catastrophic incident preparedness and operational support for the division. The EMPG program requires a 5 percent match (both cash and/or in-kind) from those who receive the funds.	142,088	199,494	145,234	147,028

Budget Account: 3706 NDOC - PRISON MEDICAL CARE

The mission of the Medical Division of the Nevada Department of Corrections (NDOC) is to provide quality, constitutionally mandated health care using an efficient system of managed care that is professional, humane, and appropriate. Inmate health care is comprised of medical, dental, and clinical mental health care. To fulfill its mission, the Medical Division operates infirmaries or clinics at all NDOC institutions. The major medical facility for the department is the Regional Medical Facility (RMF) integrated into the operation and perimeter of the Northern Nevada Correctional Center. The RMF provides inpatient medical care for serious medical conditions, surgical aftercare, inpatient mental health care, structured living unit for mental health patients after discharge from inpatient services, and long term care for fragile, aging, and disabled inmates. Mental health extended care is also provided at High Desert State Prison. The camps and transitional housing centers obtain medical services from institutions specifically assigned to support them. In fiscal year 2003, the Medical Division resumed the provision of health care services for Ely State Prison and in fiscal year 2005, resumed the provision of health care services for Florence McClure Women's Correctional Facility from two different private health care contractors. In fiscal year 2004, inmate programming moved from the Medical Division and organized into a separate Programs Division, budget account 3711, which was funded by the Legislature. The Medical Division is not National Commission on Correctional Health Care (NCCHC) accredited; however, NCCHC standards are used as a guideline for policy and procedure development.

M101	AGENCY SPECIFIC INFLATION				
	This request funds inflationary changes specific to the agency. This decision unit includes medical, pharmacy and medical supply trend changes. Year over year health insurance trend tends to be approximately 8%-12% - well above medical Consumer Price Index (CPI) which tends to be approximately 3%-5% per year. In health care, this difference between the total program trend and medical CPI is called "utilization." Medical CPI only measures the increases in costs in medical care for the same services year over year and does not take into account utilization increases caused by changes to technology and community standards of care and steadily increasing morbidity of the population due to chronic obesity and other related conditions. This decision unit adjusts funding attributed to both inflation and utilization. [See Attachment]

E720 NEW EQUIPMENT

This request is to fund the purchases of several pieces of equipment for Ely State Prison, Florence McClure Women's Correctional Center, High Desert State Prison, and Northern Nevada Correctional Center. The pieces of equipment to be purchased with these funds are a defibrillator with Lifepak cable, bladder scanner, colposcope, two intravenous pumps, digital camera and a portable electrocardiogram/vital signs monitor.

Northern Nevada Correctional Center (NNCC) serves as the Nevada Department of Corrections' regional medical facility. As such, it provides medical care to inmates with serious medical conditions, as well as long term care for fragile, aging and disabled inmates. NNCC also provides hospice care for those with terminal illnesses. Due to the severe medical status of many of its inmates, there are numerous emergency situations. Each institution is required to have specific emergency medical equipment on hand, including an automated external defibrillator (AED). The Lifepak 20 Defibrillator is more effective than a standard AED in that it can also monitor heart function and immediately captures patient information for patient medical records. Purchase of this equipment will allow for providing life saving measures to inmates in acute and emergency medical situations. A bladder scanner measures ultrasonic reflections within a patient's body to differentiate the urinary bladder from the surrounding tissue. It is a noninvasive portable tool for diagnosing, managing and treating urinary dysfunctions. It is equipped to check residual urine in patients. Without a bladder scanner at NNCC, NNCC inmate patients either need to have a urinary catheter placed, which causes discomfort to the patient or they are sent out to local hospitals to be scanned, which causes additional medical dollars to be spent. The purchase of this piece of equipment saves patient discomfort and/or additional medical costs. A colposcope is an in-office diagnostic instrument that a physician uses to examine female reproductive organs for concerns such as cell changes, growths and inflammations. It can also be used to find cancerous or abnormal cells that can become cancerous in the cervix, vagina or vulva. With a colposcope available at Florence McClure Women's Correctional Center (FMWCC), providers will be able to perform examinations in-house and not have to transport the inmate to an outside obstetrician-gynecologist (OB-GYN). The purchase of this equipment will allow for examinations to be conducted in a timely manner, and will also save the transportation and physician cost of having the patient seen outside of FMWCC. An intravenous (IV) pump is a medical device that delivers fluids, such as nutrients and medications, into a patient's body in controlled amounts. The stand securely provides a secure place to hang bags of medicine or fluid to ensure an uninterrupted administration of medication. FMWCC currently does not have any IV pump machines for use in the infirmary. FMWCC medical staff need to have the capacity to reliably infuse intravenous fluids and medications to ill patients. Failure to do so can be detrimental to the patient's health and life. Currently Ely State Prison (ESP) does not have a full-time medical provider on-site. Due to the lack of having one, ESP nursing staff must call a provider for medical orders. Verbal descriptions of a medical issue does not allow for the provider to get a clear picture and understanding of what is occurring. It is critical that ESP nursing staff have the ability to take and send pictures of the medical condition (rashes, bruises, cuts, other injuries) to the provider so that a proper diagnosis can be made and proper treatment provided to the patient. An electrocardiogram (ECG) records the electrical signal from your heart to check for different heart conditions. High Desert State Prison (HDSP) has a population of over 3,000 inmates, many of whom have serious medical conditions. Nursing and medical staff frequently have to respond to medical emergencies, some of which are life threatening. If an inmate requires an ambulance for transport to a hospital for medical care, it takes approximately one hour for the paramedics to arrive. Monitoring the inmate's vital signs, including ecg, blood pressure, heart rate and respiration rate is critical not only to maintain the inmate's life while waiting for the ambulance to arrive, but also to provide the paramedics with information so that they can provide life saving measures until the patient arrives at the hospital. Currently HDSP medical staff do not have a means to continually monitor ECG and other vital signs while waiting for the paramedics to arrive. Purchase of this equipment will allow medical staff to make informed medical decisions to maintain and save inmate lives while waiting for ambulance transport to the hospital.

E877	SUPPLEMENTAL APPROPRIATIONS				
	This request funds a projected shortfall in the Inmate Drivens category and the Professional Services category. During the 2019 Legislative Session, the Prison Medical Care budget was closed with a known shortfall of approximately \$1.9 million in the Inmate Drivens category and the agency was directed to approach the Interim Finance Committee for the additional funding. The NDOC Medical Division continuously pursues efforts to control or save medical costs. Through the first three quarters of fiscal year 2020, Medical has experienced higher than anticipated expenses in Inmate Driven due to an increase in the utilization of outside medical care for inmate patients, an increase in the number of patients requiring dialysis, and COVID-19 mitigation efforts. NDOC practitioners are not specialists, and the inmate population often requires services not offered within the scope of work NDOC practitioners can perform. Complex treatment regimens for diseases such as cancer require specialized treatment not available within the walls of NDOC. Outside providers are encouraged to come into the facility to perform their specialty to maximize the doctor patient time, but the lack of specialized equipment or other obstacles have made this the exception rather than the rule. Dialysis expenditures continue to exceed budgeted amounts as the inmate population requiring dialysis continues to increase. While the cost-per-treatment has not changed under this contract, the quantity of inmates being treated has increased. In January 2020, two additional male treatment stations were contracted and placed at Southern Nevada Correctional Center to be used when the six stations currently used for the male population at Northern Nevada Correctional Center are beyond capacity. The Coronavirus Aid, Relief and Economic Security (CARES) Act, Coronavirus Relief Funds (CRF) will expire on December 30, 2020. If the response to the COVID-19 public health emergency must continue beyond December 30, 2021 and federal funding is not provided, the Medical Division will need to continue providing the same level of anticipated care, at minimum, from January-June 2021 as the division is projecting it will be providing from July-December 2020. Budget Account: 3708 NDOC - OFFENDERS' STORE FUND

The Offenders' Store Fund (OSF) is a special revenue fund generated by proceeds from the Inmate Commissary locations at most facilities, inmate package program, vending machines in visitation, and inmate telephone system. The account funds its own personnel, operating, inventory, equipment, data processing, and travel costs. Profits from the operations may be transferred to the Inmate Welfare Account, budget account 3763, for the welfare and benefit of all inmates as well as costs on behalf of indigent inmates. Statutory Authority: NRS 209.221.

3806	CHARGES FOR SERVICES - J This revenue general ledger is used to record an energy surcharge payment collected from inmates when they purchase equipment that uses electricity (TV's, radios, etc). The intent of this surcharge is to offset the utility costs borne by the department. Expenditure offset is category 72 - Transfer to individual institution's budget accounts.	138,126	149,947	138,126	138,126
4015	STORE SALES Store Sales account for revenues received from the inmate commissary and staff purchases. Ely Conservation Camp (ECC) is serviced through Ely State Prison (ESP), Northern Nevada Transitional Housing (NNTH) is serviced by the Warm Springs Correctional Center (WSCC) and Casa Grande Transitional Housing (CGTH) is serviced through Florence McClure Women's Correctional Center (FMWCC). Sales are deducted from the inmates trust accounts. Sales are transferred once a month from budget account 6090, Prisoner's Personal Property, Object Code 9381, with Payment to OSF (Store Sales) credited to Store Sales. Commission, received quarterly, from downloaded MP3 songs is also received into this RGL from Access Securepak operated by Keefe contract expires 7/31/22. The cost of goods sold is recorded in category 78 - Inventory Purchase for Resale. [See Attachment]	14,401,204	14,432,424	14,401,204	14,401,204
4021	CATALOG COMMISSIONS This revenue is comprised of commission earned on the Inmate Package Program. This program allows inmates/family/friends to purchase food and/or clothing items from a special catalog for delivery to an inmate. The program is provided on a quarterly basis. Note: Access Securepak is operated by Keefe. This service is now included in the Kiosk contract (RFP #1901 - Multi-State through NASPO) extends this service through July 31, 2022. These funds are used to offset Store Sales revenue in Personnel Services and the Transfer to Inmate Welfare Account (IWA) categories with any remaining funds held in Retained Earnings. [See Attachment]	634,084	463,409	634,084	634,084
4025	HOBBY CRAFT SALES This revenue is generated from the sale of hobby craft work performed by the inmates; the Offenders' Store Fund (OSF) receives fifteen percent of sales. These funds are used to offset Store Sales revenue in the Inventory for Resale category.	1,090	1,282	1,090	1,090
4032	VENDING MACHINE SALES This revenue is from vending machine commissions. The commissions are generated from vending machines located in the institutions; including staff break rooms and inmate visiting areas. The Vending Machine Sales revenue generated from the machines in the break rooms is returned in the Payment to Employment Fund category. However, Vending Machine Commissions revenue generated from machines in visiting areas is used to offset Store Sales revenue in the Inventory for Resale category. Any remaining funds are held in Retained Earnings. Revenue contracts are in place for Accent Food Services to provide vending machines, service, stock and maintain them in the northern facilities. First Class Vending, Inc. is contracted in the south and Wild West Vending handles several rural locations. First Class Vending 7/1/16 - 12/31/20 Accent Food Service 7/1/16 - 12/31/20 Wild West Vending 7/10/17 - 6/30/21 [See Attachment]	232,012	282,869	232,012	232,012
4041	TELEPHONE COMMISSIONS This revenue consists of Commissions received from a contracted vendor that provides Inmate Telephone Services for inmates to make local, intrastate, interstate or international calls through pre-paid collect, debit, and or collect payment methods. The contracted vendor is Securus Technologies, Inc. (MSA#99SWC-S26). These funds are used to offset Store Sales in the Personnel category and Transfer to IWF category with any remaining funds being held in the Retained Earnings category. The MSA expires January 7, 2022 and estimates for 2022/23 were provided by the Chief of Purchasing and Inmate Services. An RFP is currently being drafted for release later this year for a new contract. [See Attachment]	4,799,967	3,482,082	4,000,000	4,000,000

	This revenue is interest income on the Offender's Store fund, distributed quarterly by the Nevada State Treasurer (NRS 209.225). 16.61% of the interest earned or \$25,000 is transferred to the Director's Office, budget account 3710, each year of the biennium through the Interest Distribution category. Due to economic conditions resulting in dramatically lower interest rates, the period from state fiscal years 2006 to 2009 were selected as the most representative period of normal economic conditions to determine what an appropriate rate should be.

	This request funds a decrease in projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.004% decrease over 2020) and 12,349 in fiscal year 2023 (.004% decrease over 2020). The Department of Administration contracts with JFA Associated, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (I.E Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

E225	EFFICIENCY & INNOVATION				
	This decision unit funds one new Management Analyst 2 in the Inmate Services Banking Section.				
	In calendar year 2016, the Management Analyst III in budget account 3708 was removed from the Inmate Services Banking Section (ISBS), and placed in Inmate Services Administration. Some of the duties transferred with the position, but the majority of the duties remained the responsibility of ISBS:				
	* Provided responses to all inmate Second Level Grievances.				
	* Worked with the Nevada Attorney General's Office to provide information, documentation, and some declarations for inmate lawsuits.				
	* Processed all court settlements in the banking system.				
	* Maintain records for inmate legal copy work extensions				
	* Project management to the ISBS.				
	* Desktop implementation and revisions.				
	* Provided projections to the Administrative Services Officer II.				
	* Functioned as the backup position to the Accountant II.				
	* Functioned as the backup position to the Administrative Services Officer II.				
	* Functioned as the backup to expenditure staff (one Accounting Assistant III, two Accounting Assistant IIs, one Accounting Assistant I) on extended leave or during times of heavy workload.				
	With the reassignment, the duties fell to the current Administrative Services Officer II. This workload is hindering the performance of this position with respect to section administration, budget management, and special projects. In order to facilitate this additional workload, it has been necessary to work overtime (approximately 516 hours, \$32,558 Gross from February 2017 through February 2020). Even working overtime to perform the functions of both positions, the workload continues to fall behind.				
	The proposed main duties of the requested position are:				
	* Provide review and response to second level inmate grievances, assuring accuracy and timely responses to respective inmate(s).				
	* Work with the Nevada Attorney General's Office to provide information, documentation, and for inmate law suits, providing a timely response to requests.				
	* Process all court settlements in the banking system which is inclusive of monitoring deposits as necessary, write down of department debt, providing confirmation to the appropriate Deputy Attorney General, which will assure timely processing pursuant to court orders.				
	* Maintain records for inmate legal copy work extensions.				
	* Assist with project management to the ISBS, predominately enhancements to the inmate banking system.				
	* Desktop implementation and revisions.				
	If this position is not approved:				
	* The ISBS will be unable to maintain this workload to standards and it will continue to open the department to liability, particularly with inmate grievances and court settlements.				
	* Currently the Administrative Services Officer II is providing project management, rather than oversight of a project, for the section. This becomes problematic when there are competing priorities and duties. Neither the project(s) nor the administration of the unit produce a viable product to support not only ISBS staff, but the various stakeholders, including inmates.				
	* The implementation and revision of desktops is critical as these documents are at times presented in court for the defense of the department, are used for the training of new staff, and documentation of procedures for existing staff, and internal controls.

E226	EFFICIENCY & INNOVATION				
	This decision unit funds one new Accounting Assistant 4 for the Inmate Services Banking Section.				
	The Inmate Services Banking Section (ISBS) is responsible for the maintenance and financial transaction processing for incarcerated and released inmates. In SFY 2019 the ISBS processed approximately 242,000 banking system transactions, and in SFY 2020 processed approximately 297,000 banking system transactions. Of the 297,000 transactions, approximately 194,338 transactions were processed by six Accounting Assistant staff members, equating to an average of 32,390 transactions each.				
	Posting errors to inmate trust accounts will cause inmates to submit accounting inquiries, grievances and possible lawsuits. In addition, the ISBS struggles with vacancies and staffing levels, which causes the unit to be reactive instead of proactive. These challenges will ultimately cause the loss of ISBS credibility to stakeholders and inmates alike.				
	An unacceptable increase in errors has negatively impact the unit's performance measures which reflect a .10% error ratio for SFY 2019. Although there was only a .02% decrease in errors for SFY 2020, a .03% error ratio is projected for SFY 2021-2023. In order to attain this goal, ISBS must provide robust transaction review and approval, stronger onboarding for new employees, assistance with remedial training, and must have a safety net for vacancies and extended leave usage so the workload is manageable and does not create unnecessary backlogs.				
	The requested Accounting Assistant IV position will function as the Lead Accounting Assistant for the unit, interacting with higher level accounting staff/supervisors, as well as provide remedial training, supervisor support, and coverage for the Accounting Assistant staff members during vacancies or prolonged employee leave. The position will assist with addressing the ISBS error ratio by editing all transactions processed in the banking system by two Accounting Assistant I's, backup edit duties for the Accounting Assistant III's, and provide much needed vacancy and leave coverage. Previously, the supervisors performed these functions without assistance which impacted the ability to provide effective supervision and onboarding of new employees, which is critical to reducing the number of errors and provides the ability for subordinate staff to remain current with assigned workload. In addition, if this position request is approved there will be a career path in the Inmate Services Division for promotional opportunity, anticipated to lower the unit's vacancy rate.				
	Currently the Accounting Assistant staff are supervised by two Accountant Technician II's who also perform upper level accounting functions in support of the Accountant II. The Accountant Technicians will continue to supervise the Accounting Assistants, but will have more time to focus on their subordinates, providing quality onboarding and training opportunities, assuring that Work Performance Standards, Essential Functions, developmental plans and evaluations are current at all times. In addition, the supervisors will have time for planning and shifting workload as necessary. The supervisors are expected to spot check the edits of the Accounting Assistant IV and ascertain information regarding specific problematic errors that must be addressed by additional training provided by the supervisor or modification of cumbersome processes. This position will be a direct report to one of the Accountant II positions, assisting with reconciliations as well as the duties previously identified.				
	Without the approval of this position, the unit will continue to struggle with error ratios, inmate complaints and credibility challenges. The supervisors will not have ample resources to allow for robust staff onboarding, training, coaching, mentoring and adequately supervise their staff, let alone backup positions that are vacant or on extended leave.

	This decision unit funds the replacement of one two-door freezer located in the Ely State Prison (ESP) Commissary. The existing two-door freezer is currently ten years old. By SFY22-23, it will have exceeded the industry standard life expectancy of ten years. While staff have performed regular preventative maintenance to the freezer, it would be harmful to the commissary operations if this equipment failed. To prevent such a problematic failure which could include costly vendor repairs, we are requesting funds to replace the freezer with a new, more energy efficient model. The current two-door freezer is used to store frozen items that are purchased by inmates on a weekly basis. Due to vendor delivery restrictions in the region, ESP commissary orders and supplies frozen items for resale for Pioche (PCC) and Wells (WCC) Conservation Camp inmates as well. The freezer is also used to store bags of ice sold to inmates to keep refrigerated items at the appropriate temperatures in the inmates' housing units. If this equipment is not replaced and fails, it would result in higher operational cost as a result of expensive repair costs as well as significant product loss. Not having an operational freezer would limit the amount of products sold to the inmates at ESP, PCC and WCC resulting in reduced commissary sales, thereby negatively impacting the revenue to the Offenders' Store Fund and Inmate Welfare Account. Commissary product limitations would also negatively impact the facilities' operations because of inmate complaints expected about not having access to commissary items available for purchase at other NDOC locations. By SFY22-23, it will have exceeded the industry standard life expectancy of ten years. While staff have performed regular preventative maintenance to the refrigerator, it would be harmful to the commissary operations if this equipment failed. To prevent such a problematic failure which could include costly vendor repairs, we are requesting funds to replace the refrigerator with a new, more energy efficient model. The current two-door refrigerator is used to store perishable items that are purchased by inmates on a weekly basis. Due to vendor delivery restrictions in the region, ESP commissary orders and supplies perishable items for resale for Ely (ECC), Pioche (PCC) and Wells (WCC) Conservation Camp inmates as well. The refrigerator is also used to store more delicate items during the warmer months (e.g., chocolate candy bars) to prevent the product damage/loss because of the drastic temperature change. If this equipment is not replaced and fails, it would result in higher operational cost as well as significant product loss. Not having an operational freezer would limit the amount of products sold to the inmates at ESP, ECC, PCC and WCC resulting in reduced commissary sales, thereby negatively impacting the revenue to the Offenders' Store Fund and Inmate Welfare Account. 	This decision unit funds the replacement of one chest freezer located in the Northern Nevada Correctional Center Commissary.				
	The existing chest freezer is currently ten years old. By SFY22-23, it will have exceeded the industry standard life expectancy of ten years. While staff have performed regular preventative maintenance to the chest freezer, it would be harmful to the commissary operations if this equipment failed. To prevent such a problematic failure which could include costly vendor repairs, we are requesting funds to replace the chest freezer with a new, more energy efficient model.				
	The current chest freezer is used to store frozen items that are purchased by inmates on a weekly basis. The freezer is also used to store bags of ice sold to inmates to keep refrigerated items at the appropriate temperatures in the inmates' housing units. Currently, the chest freezer is used to create efficiency at commissary service window as staff distribute inmates their purchased items because retail storekeepers are able to more quickly issue frozen food purchases stored close to the window.				
	If this equipment is not replaced and fails, it would result in higher operational cost as a result of expensive repair costs as well as significant product loss. Not having an operational freezer would limit the amount of products sold to the inmates at NNCC resulting in reduced commissary sales, thereby negatively impacting the revenue to the Offenders' Store Fund and Inmate Welfare Account. It would also increase the time needed for each unit to pick up their purchased items at the commissary service window causing NNCC to adjust operations to allow units to come to the commissary during an unscheduled time. Commissary product limitations would also negatively impact the facilities' operations because of inmate complaints expected about not having access to commissary items available for purchase at other NDOC locations.

	This decision unit funds the replacement of one replacement fireproof safe in the Inmate Services Banking Section.				
	The Inmate Services Banking Section (ISBS) is requesting a replacement fireproof floor safe. This safe will replace two fireproof floor safes that are both past their useful life of seven years having been purchased in the late 1990s. One of the existing safes is currently out of operation due to pin shearing and cannot be used. Since both safes are relatively the same age and type, ISBS has been informed the remaining safe in use will likely experience the same failure.				
	The safe is utilized for securing vendor debit cards that are loaded with releasing inmate funds that remain on their Prisoner Personal Property Fund (PPF) trust account(s) and savings account if applicable. These debit cards must be located in a secure area that cannot be accessed by non-ISBS staff and incarcerated inmates.				
	In addition, the ISBS receives cash, cashier's checks and money orders, corporate checks, retirement disbursements, US Treasury warrants, etc. that must be secured. ISBS is remote depositing instruments whose internal controls mandate that original deposited instruments are retained for three months in a secure area prior to destruction.				
	ISBS needs one safe to replace two safes due to a business process change. ISBS no longer retains debit card stock for all institutions, as the inventory is now directly shipped to the Institutions/Facilities upon order receipt.

The Inmate Services Banking Section's Administrative Services Officer 2 requests a replacement local laser jet mono printer. Currently, this position is utilizing a Hewlett Packard mono LaserJet 1022n printer which has been in use for an undeterminable amount of time, but at a minimum of five years for the current position. The printer is obsolete and past its useful life of five years. The replacement printer will produce documents faster, use less toner, and is more environmentally friendly offering substantial power savings and better energy saving tools. The cost of toner is not anticipated to increase, instead costs should decrease due to the improved efficiency. The exact amount of savings has yet to be determined. The budget has not been reduced for any cost savings on toner at this time. This printer is utilized for day-to-day printing of reports, letters, internal documents, and confidential documents that are not appropriate to be printed on a network copier. [See Attachment]

E716 EQUIPMENT REPLACEMENT

This decision unit funds the replacement of one two-door freezer located in the Florence McClure Women's Correctional Center (FMWCC) Commissary.

The existing two-door freezer is currently ten years old. By SFY22-23, it will have exceeded the industry standard life expectancy of ten years. While staff have performed regular preventative maintenance to the freezer, it would be harmful to the commissary operations if this equipment failed. To prevent such a problematic failure which could include costly vendor repairs, we are requesting funds to replace the freezer with a new, more energy efficient model.

The current two-door freezer is used to store frozen items that are purchased by inmates on a weekly basis. The freezer is also used to store bags of ice sold to inmates to keep refrigerated items at the appropriate temperatures in the inmates' housing units as well as bags of ice sold during inmate fundraiser events for the benefit of non-profit organizations.

If this equipment is not replaced and fails, it would result in higher operational cost as a result of expensive repair costs as well as significant product loss. Not having an operational freezer would limit the amount of products sold to the inmates at FWMCC resulting in reduced commissary sales, thereby negatively impacting the revenue to the Offenders' Store Fund and Inmate Welfare Account. Commissary product limitations would also negatively impact the facilities' operations because of inmate complaints expected about not having access to commissary items available for purchase at other NDOC locations.

E717 EQUIPMENT REPLACEMENT

This decision unit funds the replacement of one two-door refrigerator located in the Lovelock Correctional Center (LCC) Commissary.

The existing two-door refrigerator is currently ten years old. By SFY22-23, it will have exceeded the industry standard life expectancy of ten years. While staff have performed regular preventative maintenance to the refrigerator, it would be harmful to the commissary operations if this equipment failed. To prevent such a problematic failure which could include costly vendor repairs, we are requesting funds to replace the refrigerator with a new, more energy efficient model.

The current two-door refrigerator is used to store perishable items that are purchased by inmates on a weekly basis. Due to vendor delivery restrictions in the region, LCC commissary orders and supplies perishable items for resale for Carlin (CCC) and Humboldt (HCC) Conservation Camp inmates as well. The refrigerator is also used to store more delicate items during the warmer months (e.g., chocolate candy bars) to prevent the product damage/loss because of the drastic temperature change.

If this equipment is not replaced and fails, it would result in higher operational cost as a result of expensive repair costs as well as significant product loss. Not having an operational refrigerator would limit the amount of products sold to the inmates at CCC, HCC and LCC resulting in reduced commissary sales, thereby negatively impacting the revenue to the Offenders' Store Fund and Inmate Welfare Account. Commissary product limitations would also negatively impact the facilities' operations because of inmate complaints expected about not having access to commissary items available for purchase at other NDOC locations.

By SFY22-23, it will have exceeded the industry standard life expectancy of ten years. While staff have performed regular preventative maintenance to the ice machine/bin, it would be harmful to the commissary operations if this equipment failed. To prevent such a problematic failure which could include costly vendor repairs, we are requesting funds to replace the ice machine/bin with a new, more energy efficient model. The current ice machine/bin is used to produce ice for resale purchased by inmates on a weekly basis; bags of ice are sold to inmates to keep refrigerated items at the appropriate temperatures in the inmates' housing units using commissary sold ice chests as well as bags of ice sold during inmate fundraiser events for the benefit of non-profit organizations. The ice machine is also used as a back-up freezer during power outages to prevent the loss of products. If this equipment is not replaced and fails, it would result in higher operational cost as a result of expensive repair costs as well as significant product loss. Budget Account: 3710 NDOC - DIRECTOR'S OFFICE

The Nevada Department of Corrections' (NDOC) mission is to improve public safety by ensuring a safe and humane environment that incorporates proven rehabilitation initiatives that prepare individuals for successful reintegration into our communities. The NDOC philosophy is to pursue this mission with integrity, act in a professional and ethical manner, be responsible for its actions, and raise the department to the highest standards. The NDOC provides professional staff to protect the community and provides opportunities for offenders to successfully re-enter the community through education, training, treatment, work, spiritual development, and being sensitive to the rights and needs of victims. Major tasks of the Director's Office include long-range planning, classification of inmates, inmate records, transportation of inmates, investigations, information services, food services, plant operations, safety and health assurance, accounting, fiscal and personnel services, training, contract services, and procurement. Statutory Authority: NRS 209 and the Nevada Constitution Article V, Section 21.

3583	SCAAP State Criminal Alien Assistance Program (SCAAP) is a federal grant to help fund the cost of incarcerating certain alien criminals housed in the Nevada prison system. Annually the sum of the requests for all SCAAP applicants nationwide is divided into the available appropriation to determine a payment amount for each applicant. These funds are used to offset General Fund appropriations in the Personnel Services category. The current assumption is that NDOC will receive the FFY17 award in SFY19 but, at this time the NDOC is not sure if this grant award will be received in the next biennium or if other opportunities will be offered to recoup the cost of incarcerating Nevada's illegal alien population.	4,086,561	0	0	0
3853	RETURNED CHECK CHARGE Per NRS 353C.115 a fee of \$25 shall be charged to a person for each check or other method of payment that is returned to the agency or otherwise dishonored. Any fees collected pursuant to this statute are deposited using this revenue general ledger and are used to offset expenses in the Operating category.	0	0	25	25

4355	<p>REIMBURSEMENT OF EXPENSES</p> <p>The NDOC and the Federal Bureau of Investigation (FBI) entered into agreement through a Memorandum of Understanding (MOU) signed April 14, 2014. The purpose of this MOU is to delineate the responsibilities of the Las Vegas Safe Streets Gang Task Force (LVSSGTF) personnel, training, public and media relations; and maximize inter-agency cooperation.</p> <p>Subject to funding availability and legislative authorization, the FBI will reimburse to Law Enforcement Agencies (LEA) the cost of overtime worked by non-federal SSGTF personnel assigned full-time to SSGTF, provided overtime expenses were incurred as a result of SSGTF-related duties and subject to the provisions and limitations set forth in a separate Cost Reimbursement Agreement to be executed in conjunction with this MOU. Otherwise, overtime shall be compensated in accordance with applicable LEA overtime provisions and shall be subject to the prior approval of appropriate personnel.</p> <p>The NDOC receives revenue for FBI overtime reimbursement on a monthly, when applicable, in RGL 4355 - Reimbursement for Expenses and is an offset to Personnel Services Category 01.</p> <p>The 3-year average for RGL4355 is \$5,076: State Fiscal Year 2018: \$4,428 State Fiscal Year 2019: \$4,337 State Fiscal Year 2020: \$6,462 [See Attachment]</p>	5,820	0	5,076	5,076
4562	<p>DUCAT SALES</p> <p>Ducats are used as a substitute to cash in the institution, where cash is not allowed for transactions. Ducat liability in the Director's budget is the result of the sales of coupon books to NDOC staff and retirees at the price of \$10.50 for each book. Revenue general ledger (RGL) 4562 is used to record the sales. When the ducats are redeemed to purchase an item or service by NDOC staff or retirees, the purchase goes through the Offenders' Store Fund with a credit to budget account 3708, Category 00, RGL 4015 Store Sales and a debit to the Director's budget 3710, Category 71, Object Code 9380 - Ducat Redemption. The Director's budget serves as a pass-through account and maintains the liability. 34	SAKI GRANT This category is funded 100 percent by RGL 4622 Transfer from Attorney General and requires no Match or MOE. The Sexual Assault Kit Initiative (SAKI) grant provides funding through a competitive grant program to support the jurisdictional reform of approaches to sexual assault cases resulting from evidence found in sexual assault kits (SAKs) that have never been submitted to a crime laboratory. SAKI is administered by the Bureau of Justice Assistance (BJA) and aims to create a coordinated community response that ensures just resolution to sexual assault cases through (1) a comprehensive and victim centered approach, (2) jurisdictional capacity building to prevent high numbers of unsubmitted SAKs in the future, and (3) supporting the investigation and prosecution of cases for which SAKs were previously un-submitted. The Nevada Department of Corrections has received a sub-grant from the Nevada Office of the Attorney general to collaborate with the NDOC on this Nevada Inmate Sexual Assault Kit Initiative project which would enable the appropriate authorities to plan and coordinate DNA collections of lawfully owed DNA samples, testing of these samples, and CODIS (Combined DNA Index System) uploads of DNA profiles for the purpose of resolving cold sexual assault cases associated with previously unsubmitted sexual assault kits.

36	INMATE TRANSPORTATION The NDOC has an established Central Transportation Division to transport inmates as needed. There are three institutions with intake centers, one in the north and two in the south. Once an inmate goes through the intake center it is determined where they will be housed, and if necessary, they will then be transported to a specified facility. Inmates are transported within facilities for various reasons such as disruptive behavior, inmate protection, inmate reclassification, and medical reasons. When ordered by the court, inmates must be transported to various court houses. Central Transportation is responsible for all in-state and out-of-state transportation for extraditions and all costs associated with inmate transportation are recorded in this category and paid for with General Fund appropriations.

	Category 53 in the Director's Office budget account is funded with RGL 2501 General Fund appropriations with some expenditure offsets from budget account 6090 Prisoner's Property and budget account 3763 Inmate Welfare Account when inmates damage their mattresses and property boxes. This category provides for mattress replacement department-wide and the Nevada Department of Corrections has an established replacement rate of twenty percent based on the legislatively approved inmate population. This category also includes replacement of spring type beds with pan beds and inmate property boxes from savings on mattress purchases or when expenditure offsets allow. This is an inmate driven expense and the department was approved to move this expense to medical, institutions and camps in the 2018/2019 biennium in decision units E914 and E915.

34	SAKI GRANT This category is funded 100 percent by RGL 4622 Transfer from Attorney General and requires no Match or MOE. The Sexual Assault Kit Initiative (SAKI) grant provides funding through a competitive grant program to support the jurisdictional reform of approaches to sexual assault cases resulting from evidence found in sexual assault kits (SAKs) that have never been submitted to a crime laboratory. SAKI is administered by the Bureau of Justice Assistance (BJA) and aims to create a coordinated community response that ensures just resolution to sexual assault cases through (1) a comprehensive and victim centered approach, (2) jurisdictional capacity building to prevent high numbers of unsubmitted SAKs in the future, and (3) supporting the investigation and prosecution of cases for which SAKs were previously un-submitted. The Nevada Department of Corrections has received a sub-grant from the Nevada Office of the Attorney general to collaborate with the NDOC on this Nevada Inmate Sexual Assault Kit Initiative project which would enable the appropriate authorities to plan and coordinate DNA collections of lawfully owed DNA samples, testing of these samples, and CODIS (Combined DNA Index System) uploads of DNA profiles for the purpose of resolving cold sexual assault cases associated with previously unsubmitted sexual assault kits.

	The Nevada Department of Corrections has established Administrative Regulation 314 to ensure pre-hires and employees designated as peace officers receive a medical physical examination. The Medical Director is responsible to ensure positions working inside an institution complete a tuberculosis test in accordance with this administrative regulation. Following a conditional offer of employment, pre-hire candidates eligible for the heart/lung benefits are required, as a condition of employment, to submit to a baseline physical examination to determine the candidate's ability to perform the essential functions of the position with the Department. Following an offer of employment, pre-hire candidates assigned to work within an institution (and are not eligible for the heart/lung benefits) shall submit to a tuberculosis test. Employees eligible for the heart/lung benefits shall attend the required medical physical and follow-up as documented by the designated health care provider at the expense of the department. Employees working inside an institution, to include custody and non-custody, shall submit to an annual tuberculosis test. Employees designated as peace officers shall be offered contagious disease screening at the time of termination. Employee Physical costs are paid for primarily with General Fund appropriations which are offset by revenue received in RGL 4335 Employee Physical Reimbursements received for no show fees from employees who failed to attend or properly cancel their scheduled appointment.

Funds resulting from redemption of ducats (coupons) purchased by employees are transferred to the appropriate institutional budget accounts via this category. Employees pay a fifty-cent administration charge for each \$10 book of coupons, which pays for the printing costs. Revenue is deposited to this budget account via RGL 4562 - Ducat Sales and unexpended revenue is balanced forward to the next fiscal year.				
9380	DUCAT REDEMPTIONS Ducats are used by staff or retired staff to purchase services performed by inmates, for example laundry and dry cleaning services. In the past year as the agency was converting to this holster system, it was discovered that 5-11 had made the decision to stop manufacturing the left handed holster. Additionally, NDOC received reports that the 5-11 holster was already failing in various ways. One of the requirements that were set for a replacement was it had level 2 retention. After researching different manufacturers, speaking with NDOC firearms instructors NDOC selected the Safariland 6390 Mid-Ride Level 1 Retention Duty Holster. These Peace Officers are unique in that they are exposed to situations in the community (not just the institutions), where they are partnered with other Law Enforcement Agencies that perform duties that expose them to an industry where their safety is at risk whether it be the weather conditions that exist for surveillance to searching vehicles, offenders or assisting in an arrest. There are safety concerns that normal latex gloves simply cannot protect against. The addition of Tactical Gloves to the IG's uniform package will help to address these safety concerns as these gloves have a Kevlar slash-resistant palm liner to protect against sharp objects. E550 TECHNOLOGY INVESTMENT REQUEST

This request provides funding to replace an existing technology solution, software product, and/or equipment solution currently in place and in use by the agency. Office365 is the application to be implemented in this funding request. This request includes one new IT Professional V recommended by EITS to manage the Office365 application.

To align with the governor's office directive that Enterprise IT Services manages all agency email, and to better represent the needs of Nevada Department of Corrections and to enhance the productivity of Corrections staff; it is in the best interest for the department to migrate the current Novell GroupWise email system onto the state's Office 365 solution. The directive to consolidate all agencies email onto the EITS email system was a mandated by the governor's office, and is still a standing mandate. Nevada Department of Corrections is in violation of this mandate if it fails to propose a solution to align itself with this mandate.

The security risk of not migrating off the current on-premise solution grows higher by the day. The GroupWise email server is internet facing and needs constant patching and maintenance to keep on top of exploits. A zero day attack on the GroupWise email server could potentially expose all of NDOC's email to hackers. Office 365 in the cloud provides its customers with a much higher level of security. For example Office 365 is patched and managed by Microsoft and is the first to receive security patches before they are released to the public.

In addition, the Novell software stack which includes GroupWise, has been bought and sold multiple times through the years, and is at risk of becoming a dead product. If this potential outcome were to happen, it would leave NDOC in a desperate situation, and this would require NDOC to seek emergency funds. This would be an embarrassing situation for the agency where it would need to explain why it has not already migrated to Office 365, per the governor's mandate. By implementing Office 365 this will better position NDOC for the future, and provide a path forward. Office 365 will also allow for a more modern system of collaboration and document management, which would allow employees to remotely work more efficiently, better supporting the agency during pandemics such as COVID-19.

GroupWise Mobile Mail used by executive staff on their phones has been a mediocre solution at best for NDOC employees, and would be eliminated and replaced with a much more robust solution provided with the Office 365 solution.

Office 365 includes Outlook and would replace GroupWise desktop client; Outlook being a more modern client used by almost everyone employed by the state of Nevada. It is better supported on Windows 10, and is much more user friendly. The R&D invested into Outlook far exceeds that of GroupWise, and shows in its stability and modern interface providing a higher level of productivity.

Smart21 will require all NDOC staff to have directory accounts with EITS, some of this cost will roll into O365.

E551 TECHNOLOGY INVESTMENT REQUEST

This request provides funding to enhance and or upgrade an existing technology solution, software product, and/or equipment solution currently in place and in use by the agency for the current offender management system. The Nevada Department of Corrections (NDOC) is requesting to upgrade its current offender management system.

The current system uses hardware and software that will soon be unsupported, which could pose a security risk and put our production systems out of compliance. If we choose to stay on unsupported versions of Oracle, we will be required to pay additional extended support.

NDOC is a key element of the overall criminal justice system of the state, the current Nevada Offender Tracking Information System (NOTIS) is utilized by numerous law enforcement and court agencies within Nevada, as well as the Department of Public Safety, Office of the Attorney General, Parole Board, National Crime Information Center and the Federal Bureau of Investigations.

Our existing application has limitations on its functionality based on the technology and various 3rd party programs utilized by NOTIS are reaching end-of-life (EOL) and will no longer be supported. In FY 18-19, NDOC received TIN money to upgrade our production databases and application servers to Oracle 12, as we were way behind on upgrades and our version was going out of support.

The move to the next generation of NOTIS, safeguards against technological obsolescence, allowing the agency to utilize the most current, up-to-date technology available. The move to NextGen also serves to protect the state from increased support and operating costs associated with software product end-of-life. NextGen introduces features that optimize the capture of offender information and provide mechanisms that greatly enhance the ability of system users to locate and view critical offender detail, immediately.

NDOC will continue to evaluate and invest in NOTIS, which is a continuously evolving product that on occasion, we're forced to upgrade. Similar to Windows upgrades, there will be security risks due to the inability to upgrade the Oracle database. The Parole Board, Parole & Probation and approximately 20 interfaces will be vulnerable as well. Upgrading to Syscon's NextGen product will also allow us to depreciate our current "NOTIS Web" reporting module, which is based on outdated HTML page generation using PL/SQL technology (this is currently de-supported in its own shape and form. To overcome this, we had to tweak the database objects so that it's supported while taking a performance hit). Support of NOTIS Web is labor intensive and duplicative for the purpose of allowing department staff to output data into Excel and performing some data entry outside of the NOTIS. Our Systems Administrator has informed us that future upgrades to our Oracle database and applications servers may render NOTIS Web inoperable.

E552 TECHNOLOGY INVESTMENT REQUEST

This request provides funding to replace an existing technology solution, software product, and/or equipment solution currently in place and in use by the agency. Nevada Department of Corrections (NDOC) is requesting to re-integrate Offender Sentence Management (OSM) back into NOTIS.

OSM is our department's mission critical application that uses a sentence calculation feature that automates, to a limited extent, the calculation and adjustment of important dates associated with an offender's sentence(s). OSM was built in-house utilizing advanced Java technology, which no current NDOC employee has skills to support and NDOC will be unable to manage offender sentences as mandated by the State of Nevada. NDOC has no meaningful capacity to manually calculate offender sentences. OSM has many limitations and has proven to require the utilization of both internal and external resources in order to continue to function with the critical sentence calculation process. The current sentence calculation is run once every month and is now getting out of control and with very limited or no visibility (the most important being the unavailability of the system during this calculation, which is averaging 20 hours per run). When NDOC originally purchased an Offender Management System (OMS) in 2005, it paid the license for and implemented a module of that software program that provided sentence calculation and accounting functionality.

Implementing the sentence calculation and accounting feature within NOTIS ensures consistency in the administration of ALL offender sentences within the state. The real-time calculation of offender sentences and accounting associated with these sentences permits effective and timely analysis of offender populations within the state and supports early/proactive identification of offenders eligible for parole or suitable for community transition activities, such as transfers to less secure facilities and community based housing.

	Integrating our currently unsupported OSM back into NOTIS will provide us with the critical vendor programming support 24x7 needed to ensure that our department can continue to calculate offender sentences as per state law and the ability to make time-sensitive changes to the sentence calculation algorithm based on new legislation and changes to NDOC policies and procedures, and generate and update sentences calculations in real-time. Furthermore, with OSM tightly embedded within NOTIS, our system can be proactive in driving sentence-dependent business processes. For example, when an offender's sentence length/status changes, a trigger can be developed that automatically sends a message to our Classification personnel identifying that a re-classification is required. Additionally, when an offender is involved in an incident that involves the loss of good time credits, these credits can be removed, and the sentence recalculated automatically. Each of these common examples serve to illustrate the elimination of manual processes and the prevention of possible transcription errors. It will also allow us to depreciate secondary databases, application servers and several data interfaces, reducing labor intensive maintenance and extraneous processes currently used to synchronize OSM to NOTIS. E806	CLASSIFIED POSITION CHANGES				
	This decision unit requests the reclassification of a vacant Personnel Officer 2, PCN 0316, to an Administrative Services Officer (ASO) 2. Due to a departmental realignment, Fiscal Services Division lost an ASO 2 position. This loss has the potential to adversely impact the Division's ability to ensure a continuity of fiscal related programs, projects and obligations are met in a timely manner without disruptions. In order to effectively mitigate these circumstances, the subject position shall abandon Personnel Officer 2 functions and assume duties and responsibilities expressed in the classification specification and concepts for Administrative Services Officer 2, Grade 39. Under general direction of the Chief of Fiscal Services, (Administrative Services Officer 4, PCN 0315), the incumbent shall perform a myriad of fiscal, purchasing and reporting related duties to include; but aren't limited to development and maintenance of policies and procedures; oversee department Accounting unit and provide technical guidance to existing department Accountant II position (PCN 0008, B/A 3710), manage and provide guidance to the department Purchasing Unit and supervise five Purchasing positions, lead and manage the department fiscal and administrative reporting obligations that are distributed frequently to the Executive Branch, Legislative Branch and other Governmental entities, fiscal and budgetary administration and data oversight for the department; detailed cost analysis, budget expenditure projections, purchasing, contracts negotiation and administration; and the establishment of internal control procedures; and policy and administrative decision making in response to changing regulatory requirements. E878	SUPPLEMENTAL APPROPRIATIONS				
	This funding provides in-state and out-of-state travel in inmate transportation for the return of 100 inmates from Eloy, Arizona to NDOC. This request includes per diem, fuel, and vehicle maintenance for three round trips in December 2020 from Eloy, Arizona to High Desert State Prison, Indian Springs, Nevada. With the approval of AB3 of the 31st Special Session, Sec. 46. Section 39 of chapter 544, Statutes of Nevada 2019, NDOC identified \$1,450,000 to fund the contract costs to provide housing for inmates out of state, are available for both Fiscal Year 2019--2020 and Fiscal Year 2020-2021. This budget reduction is a result from the return of 100 out of state inmates during the month of December 2020. The 2019 Legislature provided contract funding in 3710-62 for the incarceration of NDOC inmates in an out of state facility through the 20/21 Biennium, with no intent of returning the inmate population in SFY21. As a result, SFY21 has \$0 budgeted for transportation funding to return the 100 out of state inmates during SFY21 in either the Directors Office or SDCC budgets. This request provides out of state travel of three round trips from High Desert State Prison (HDSP) to Saguaro Correctional Center, Eloy, AZ. Each trip will require one Correctional Sergeant and five Correctional Officers who will drive to Eloy, AZ stay overnight and return to HDSP the next day with approximately 33 inmates each trip.				
	In-State travel costs are included in the funding request due to these inmates are higher classification inmates that are more violent and associated with strategic threat groups (STG). With the restrictions of each institution and the increasing number of STGs, these inmates will be relocated to the appropriate institutions once back at NDOC. [See Attachment]

	The NDOC has an established Central Transportation Division to transport inmates as needed. There are three institutions with intake centers, one in the north and two in the south. Once an inmate goes through the intake center it is determined where they will be housed, and if necessary, they will then be transported to a specified facility. Inmates are transported within facilities for various reasons such as disruptive behavior, inmate protection, inmate reclassification, and medical reasons. When ordered by the court, inmates must be transported to various court houses. Central Transportation is responsible for all in-state and out-of-state transportation for extraditions and all costs associated with inmate transportation are recorded in this category and paid for with General Fund appropriations.

Budget Account: 3711 NDOC - CORRECTIONAL PROGRAMS

The Nevada Department of Correction's (NDOC) Programs Division incorporates nationally recognized risk-needs assessments during the intake and classification process to provide evidence-based psycho-educational programming, substance abuse treatment, re-entry, and transitional services. In addition, the division provides religious services, vocational training, counseling and therapy for inpatient/outpatient mental health issues, educational liaison services with local school districts, and special needs programs (for youth, aging, etc.); the Programs Division has also formed a partnership with local community colleges to offer post-secondary education opportunities. Programs Division professional staff includes mental health counselors, psychologists, social workers, substance abuse counselors, caseworkers, program officers, chaplains, and support staff. In addition to the services provided by our staff, there are approved volunteers who provide religious, 12-step, and other voluntary programming appropriate for inmate participation and growth. The division's inmate programs are funded in part by grants obtained by the NDOC or by partnerships with community organizations that obtain the grants and bring services to Nevada's inmates that will assist in their preparation for successful reintegration into our communities. Statutory Authority: NRS 209.4887.

12 SUBSTANCE ABUSE PROGRAMS

This category is funded by RGL 2501 General Fund (75%) with an offset from RGL 4751 Transfer from the Inmate Welfare Account (IWA) (25%). These costs are associated with Substance Abuse Treatment programs. The program began as two Residential Substance Abuse Treatment (RSAT) units at Southern Desert Correctional Center (SDCC) with a grant. RSAT funding was reduced and the program was combined into one unit (200 inmates). When RSAT funding continued to decline, the 2007 Legislature approved it's continuation in Decision Unit E375. The northern program began as a RSAT unit operating the 172 bed unit at Warm Springs Correctional Center (WSCC) with a grant. The 2007 Legislature approved it's continuation in Decision Unit E377.

In the 2020-21 biennium both Substance Abuse south and north (category 13) were combined together and Substance Abuse Program expenditures are now tracked in one category.

12	SUBSTANCE ABUSE PROGRAMS				
	This category is funded by RGL 2501 General Fund (75%) with an offset from RGL 4751 Transfer from the Inmate Welfare Account (IWA) (25%). These costs are associated with Substance Abuse Treatment programs. The program began as two Residential Substance Abuse Treatment (RSAT) units at Southern Desert Correctional Center (SDCC) with a grant. RSAT funding was reduced and the program was combined into one unit (200 inmates). When RSAT funding continued to decline, the 2007 Legislature approved it's continuation in Decision Unit E375. The northern program began as a RSAT unit operating the 172 bed unit at Warm Springs Correctional Center (WSCC) with a grant. The 2007 Legislature approved it's continuation in Decision Unit E377.				
	In the 2020-21 biennium both Substance Abuse south and north (category 13) were combined together and Substance Abuse Program expenditures are now tracked in one category.

E350	PROMOTING HEALTHY, VIBRANT COMMUNITIES This decision unit funds one new Substance Abuse Counselor 2 to start July 1, 2022 to coincide with the Residential Substance Abuse Treatment (RSAT) 2019 grant budget. It is reported that sixty-five percent of the Nevada Department of Corrections (NDOC) inmates have substance use disorder issues and in order to expand Substance Abuse Programming within NDOC, Residential Substance Abuse Treatment (RSAT) grant funds will be utilized to fund one new Substance Abuse Counselor II clinical position which is necessary in order for NDOC to maintain evidence-based ratio requirements by having the proper correctional client to counselor ratios. This nationally recognized requirement in addition to our current expansion of programs makes this position a critical necessity in support of these efforts. Substance Abuse Counselors' Work Performance Standards (WPS) state that an average of fifty percent of their working day is to be engaged in direct clinical work that targets criminogenic needs through use of approved evidence-based program practices in order to reduce recidivism. NDOC Substance Abuse Program staff currently operate at a higher clinical staff to inmate participant ratio as compared to our counterparts (1:24 -vs- 1:18) and therefore most staff engage in at least sixty-five percent direct clinical work per day, exceeding the WPS and creating delays with completing ancillary tasks (i.e. clinical documentation, checking email, updating various tracking forms, etc). Being a key component to our overall programming efforts, this position is critical to the NDOC and in particular the population targeted by the RSAT grant. Without this position, the NDOC will not be able to meet nationally recognized counselor/client ratio standards and would be faced with the possibility of reducing treatment beds in order to meet these requirements and maintain compliance with evidence-based practices in support of NRS 209. Budget Account: 3715 NDOC - SOUTHERN NEVADA CORRECTIONAL CENTER

The Southern Nevada Correctional Center (SNCC) is a medium security facility located approximately 30 miles south of Las Vegas in Jean. The institution opened in January 1978 and closed in September 2000 when the High Desert State Prison opened in Indian Springs. SNCC was reopened in August 2006 as a Youthful Offender Correctional Center and was closed again in June 2008, with all inmates and staff (except one maintenance worker) being transferred to other facilities in Southern Nevada. This facility is currently being maintained in "Mothball Status". Statutory Authority: NRS 209.

Section A1: Line Item Detail by GL

Budget Account: 3716 NDOC - WARM SPRINGS CORRECTIONAL CENTER

The Warm Springs Correctional Center (WSCC) was constructed in 1961. It has undergone several changes and additions and is now a men's medium custody institution that has an emphasis on programming. The Carson City School District offers adult basic education, high school equivalences, high school diplomas and vocational programs in Culinary Arts and Computer Science. In addition, Western Nevada College offers college level classes at the inmates' expense. WSCC offers programs for inmates such as the Phoenix program (drug and alcohol treatment); Re-Entry program (employment skills); Veterans Integration Program (VIP); and Pups on Parole with the Carson City Humane Society. Through programs like Getting It Right and Moral Reconciliation Therapy, social skills such as moral development, emotional regulation, relapse prevention, planning techniques are taught which have an emphasis on values such as discipline, respect, motivation and leadership. Mental health, classification, recreation specialist, chaplain staff facilitate programs such as, Commitment to Change, Anger Management II: Continuing to Cage Your Rage, Anxiety, Feelings, Criminal Thinking/Criminal Behavior, Victim Awareness (Empathy), Starting Over, and Life Skill Series. WSCC offers work opportunities within the facility including programs through Prison Industries which provide offenders with an opportunity to work and receive a minimum wage salary. The mission of WSCC is to provide safe and secure confinement, supervision and reintegration of offenders, and to provide opportunities for offenders to make positive change through work, education and programming to become productive members of society upon release. Statutory Authority: NRS 209.

The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

Line Item Detail & Summary
2021-2023 Biennium (FY22-23)

Item No	Description	Actual 2019-2020	Work Program 2020-2021	A00 Year 1 2021-2022	A00 Year 2 2022-2023
	This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietitian, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. [See Attachment]

	This request provides funding changes to clothing items in the uniform allowance for all custody staff, Category 01. This Decision Unit eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this Decision Unit will roll into 44035/44036. 	This category is funded by RGL 2501 General Fund. The 1985 Legislature created NRS 281.121(1) to ensure state employees who require uniforms for their employment can purchase these with a uniform allowance. Category 29 includes Uniform Allowance (non-personal items) for Agency Issued items and Protective Gear only. This is a result of NDOC's policy change effective July 1, 2008 to implement cash payments to employees via the payroll system for their personal uniform needs on a quarterly basis through Category 01, Personnel Services. Budget Account: 3717 NDOC - NORTHERN NEVADA CORRECTIONAL CENTER

The Northern Nevada Correctional Center (NNCC) opened in 1964 as a medium custody facility with three housing units. From 1964 until 2008, six additional housing units were added. NNCC provides intake for the northern region and houses the Regional Medical Facility (RMF) for the Department of Corrections. The RMF provides inpatient medical and mental health services. In addition, there is a Medical Intermediate Care Unit and Structured Care Unit for inmates for which medical and mental health situations are stable but require additional staff monitoring. NNCC also houses the Regional Warehouse, which is the distribution center for the facilities located in Carson City and Reno. Educational services are conducted by the Carson City School District staff and include high school diploma, General Education Diploma, literacy programs, and English as a Second Language. A wide range of self-help and treatment programs are available and administered by medical, mental health, and program staff. Programs include the Senior Structured Living Program for inmates 60 years of age and older and a re-entry program to prepare inmates for reintegration into society. Current vocational programs include auto mechanics/auto shop and computer science. Silver State Industries manufactures a variety of products for governmental agencies and private entities through programs including a wood shop, a metal shop, a paint shop, mattresses, and an upholstery shop. Authority: NRS 209.

	This request accounts for a decrease in projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.40% decrease over 2020) and 12,349 in state fiscal year 2023 (.37% increase over 2020). The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly.

M600	INMATE NUTRITION COURT MANDATE				
	This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation.				
	Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies.

Budget Account: 3718 NDOC - NEVADA STATE PRISON

The Nevada State Prison was established in 1862 when the Nevada Legislature purchased the Warm Springs Hotel and 20 acres of land for \$80,000. NSP was one of the oldest operating prisons in the US until the facility was officially decommissioned May 18, 2012. Nevada State Prison is owned by the State and the Department of Corrections. It is now one of the States Historical Treasures managed by the Nevada State Prison Preservation Society. This facility will now be used to showcase Nevada's rich history through commercial and tourist related activities such as guided tours. Statutory Authority: NRS 209.

Budget Account: 3719 NDOC - PRISON INDUSTRY

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide offenders the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for offenders in the production of goods and services at little or no direct cost to the taxpayer. Operations include furniture and metal fabrication shops at Northern Nevada Correctional Center (NNCC), a printing/bindery shop and mattress factory at NNCC, a garment sewing factory and drapery sewing shop at Lovelock Correctional Center, and an automobile refurbishing/repair and motorcycle repair shop at Southern Desert Correctional Center (SDCC). Prison Industries operates used playing card recycling operations at High Desert State Prison and SDCC. Additionally, clothes hangers are recycled at HDSP. These private businesses utilize offenders as part of the Prison Industries program. Approximately 600 offenders work in Prison Industries' programs. Statutory

REVENUE					
00	REVENUE Prison Industries' (PI) revenue consists of License Plate Charge, RGL 3893; Miscellaneous Sales, RGL 4021; Reimbursement, RGL 4201; Rebate, RGL 4218; Rental Income, RGL 4301; Treasurer's Interest Distribution, RGL 4326; and Trans from Other B/A Same Fund, RGL 4669. PI does not receive any general fund appropriations. PI receives \$.50 from DMV for each license plate issued. The Department of Motor Vehicles (DMV) operates a tag plant outside of Northern Nevada Correctional Center, using Stewart Conservation Camp inmates to manufacture the plates. Miscellaneous Sales are composed of revenue from all of Prison Industries shops from items PI manufactures and sells. This includes the Mattress Factory, Print/Bindery Shop, Metal Shop, Furniture Shop, Auto Shop, Garment Factory, and Card Sorting. Reimbursement includes items used by private partners and billed to PI. PI passes the costs onto the private partners. Items include utilities, correctional officers' salaries, and supplies. Rebate is from using a commercial card to make purchases. The bank rebates a small portion of that amount. Rental Income is charged by PI to private partners. PI currently has three partners being charged rent under B/A 3719. Treasurer's Interest Distribution is received quarterly. The office of the State Treasurer distributes interest based on average daily cash balances and the cash basis of accounting. Trans From Other B/A Same Fund is a reimbursement from PI's Ranch. It covers a portion of the costs paid out of B/A 3719 for B/A 3727.

REVENUE

00 REVENUE

Prison Industries' (PI) revenue consists of License Plate Charge, RGL 3893; Miscellaneous Sales, RGL 4021; Reimbursement, RGL 4201; Rebate, RGL 4218; Rental Income, RGL 4301; Treasurer's Interest Distribution, RGL 4326; and Trans from Other B/A Same Fund, RGL 4669. PI does not receive any general fund appropriations.

PI receives \$.50 from DMV for each license plate issued. The Department of Motor Vehicles (DMV) operates a tag plant outside of Northern Nevada Correctional Center, using Stewart Conservation Camp inmates to manufacture the plates.

Miscellaneous Sales are composed of revenue from all of Prison Industries shops from items PI manufactures and sells. This includes the Mattress Factory, Print/Bindery Shop, Metal Shop, Furniture Shop, Auto Shop, Garment Factory, and Card Sorting.

Reimbursement includes items used by private partners and billed to PI. PI passes the costs onto the private partners. Items include utilities, correctional officers' salaries, and supplies.

Rebate is from using a commercial card to make purchases. The bank rebates a small portion of that amount.

Rental Income is charged by PI to private partners. PI currently has three partners being charged rent under B/A 3719.

Treasurer's Interest Distribution is received quarterly. The office of the State Treasurer distributes interest based on average daily cash balances and the cash basis of accounting.

Trans From Other B/A Same Fund is a reimbursement from PI's Ranch. It covers a portion of the costs paid out of B/A 3719 for B/A 3727.

Budget Account: 3722 NDOC - STEWART CONSERVATION CAMP

The Stewart Conservation Camp (SCC) is adjacent to the Northern Nevada Correctional Center and originally opened in 1978. In 1995, SCC was rebuilt and more than doubled the size of the original camp. SCC houses minimum custody and community trustee inmates in five dormitory type units. Inmates at SCC can earn their General Education Diploma. The largest employer of the inmates at SCC is the Nevada Division of Forestry. The inmates are assigned to twelve-man crews to work on conservation projects and fire suppression activities. Inmates also work for Prison Industries, which runs the ranch, dairy, and the Wild Horse Training program. Under the supervision of Prison Industries, the ranch employs in their operations: a commercial dairy, alfalfa production, and care for horses in coordination with the Department of Agriculture and the Bureau of Land Management. The Wild Horse Training program involves inmates training horses for adoption by the public. Additionally, some of the inmates are classified as community trustees who provide support services for several state agencies in Carson City. Statutory Authority: NRS 209.

The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. M600 INMATE NUTRITION COURT MANDATE

This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation.

Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies.

E300 SAFETY, SECURITY AND JUSTICE

This enhancement decision unit supports changes in the custody uniform package.

This DU eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this DU will roll into 44035/44036.

Budget Account: 3723 NDOC - PIOCHE CONSERVATION CAMP

The Pioche Conservation Camp (PCC) located approximately three miles northeast of Pioche, was opened in May of 1980 and then rebuilt in 1995. PCC houses an all male minimum custody population in an open facility. Inmates can obtain credit by attending General Education Diploma or high school classes. Self-help programs are also available. The inmate crews support the Nevada Division of Forestry program by working on conservation projects and fire suppression activities with 12 man crews. Statutory Authority: NRS 209.

	This request accounts for a decrease in projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.40% decrease over 2020) and 12,349 in state fiscal year 2023 (.37% increase over 2020).				
	The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly.

M600 INMATE NUTRITION COURT MANDATE

This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies.

E300 SAFETY, SECURITY AND JUSTICE

This enhancement supports changes in the custody uniform package. This DU eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this DU will roll into 44035/44036.

Budget Account: 3724 NDOC - NORTHERN NEVADA TRANSITIONAL HOUSING

Northern Nevada Transitional Housing (NNTH) opened in October 2015. It is located in Reno and functions as a community assignment facility, housing inmates who are employed in the community. From earned income, inmates make restitution payments to victims and to criminal justice agencies, and may accumulate funds above restitution payments to facilitate their release in the community. NNTH provides opportunities for vocational training through the local community; educational opportunities include the pursuit of a high school equivalency, high school diploma, college certificates of achievement, and associate, baccalaureate and master's degrees; and treatment services through the local community such as substance abuse counseling and Alcoholics Anonymous and Narcotics Anonymous. The mission of NNTH is to provide for public safety by providing a transitional housing facility where offenders are given the opportunity for positive change and integration back to the community through work, education and programming to become productive members of society upon release. Statutory Authority: NRS 209.

3829	ROOM, BOARD, TRANSP CHARGE This revenue is an offset to 2501 General Fund to help fund Category 01 Personnel Services and Category 50 Inmate Driven. Per NRS 209.463(e) the Director, with the approval of the Board, may have deductions made from the wages earned by an offender during incarceration to offset the cost of maintaining the offender in the institution referred to as Room and Board. In accordance with NRS 209.4831 Transportation charges are also deducted from inmate wages at both the Northern Nevada Restitution Center and Casa Grande Transitional Housing Center to help cover the cost for bus passes. Due to the COVID-19 restrictions on inmates working, these collected revenues low in the last 6 months of SFY20. The per-inmate rate is therefore calculated as the modified average of three years: \$429,411.59 x 53 inmates SFY20 (first 6 months) \$910,439.79 x 103 inmates SFY19 \$888,107.77 x 103 inmates SFY18 \$426,071.37 x 53 inmates SFY17 (last 6 months) \$2,654,030.52/312 inmates = \$8,507 per inmate per year. M600 INMATE NUTRITIONAL COURT MANDATE

This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. [See Attachment]

	This request provides funding changes to clothing items in the uniform allowance for all custody staff, Category 01.				
	This Decision Unit eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this Decision Unit will roll into 44035/44036.

The 1985 Legislature created NRS 281.121(1) to ensure state employees who require uniforms for their employment can purchase these with a uniform allowance. Category 29 includes Uniform Allowance (non-personal items) for agency issued items and protective gear only. This is a result of NDOC's policy change effective July 1, 2008 to implement cash payments to employees via the payroll system for their personal uniform needs on a quarterly basis through Category 01, Personnel Services. Budget Account: 3725 NDOC - THREE LAKES VALLEY CONSERVATION CAMP

The Three Lakes Valley Conservation Camp (TLVCC) is a minimum custody facility, adjacent to the Southern Desert Correctional Center (SDCC) at Indian Springs. This institution initially opened in 1982 as Indian Springs Conservation Camp with the opening of SDCC. At that time, the facility housed a male inmate population in an open bay facility. The institution opened with a 108 bed capacity, but was expanded to 150 beds in 1990. In 1994, the camp layout was restructured for better security and the capacity was increased to 248 inmates. In 2008, the facility was renamed Three Lakes Valley Conservation Camp (TLVCC), and in 2010 TLVCC was expanded further to incorporate a new facility that increased its total capacity to 384 inmates. The inmates at TLVCC support the Nevada Division of Forestry (NDF) program for conservation and fire suppression with 12 man crews.

	This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. [See Attachment]

	This request provides funding changes to clothing items in the uniform allowance for all custody staff.				
	This DU eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this DU will roll into 44035/44036. [See Attachment]

	This request provides funding changes to agency issue items on the uniform allowance schedule for all custody staff.				
	This decision unit adds the ASP Baton, Scabbard and OC spray to the agency issue uniform package. The NDOC began providing Custody staff with ASP Baton, Scabbard and OC spray in the spring of 2016. Previously these items were purchased as protective gear. This change reflects the current policy which is all Custody staff are to be provided with these items as outlined in AR-405 Use of Force. If approved this DU will roll into 44037/44038. [See Attachment]

E877	SUPPLEMENTAL APPROPRIATIONS General Fund appropriations needed to fund the increase in inmate food costs as a result of the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. Current projections indicate insufficient authority for purchase of inmate driven items required for daily operations through SFY21. Budget Account: 3727 NDOC - PRISON RANCH

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide offenders the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for prison offenders, in the production of goods and services, at little or no direct cost to the taxpayer. One of Prison Industries' operations is the Prison Ranch. The Prison Ranch is self-supporting; operating from revenue derived from processed milk sold to the Department of Corrections and other state agencies, as well as from the sale of cream and surplus raw milk to a cooperative. Additional income is generated from the sale of livestock, renting unused grazing land, and boarding of both stray horses (Department of Agriculture) and wild horses (Bureau of Land Management), until they have been adopted or sold to private individuals or moved to another holding facility. A private business operates a composting operation on the Ranch. The Prison Ranch currently provides work for 64 offenders. Statutory Authority: NRS 209.189

Budget Account: 3738 NDOC - SOUTHERN DESERT CORRECTIONAL CENTER

The Southern Desert Correctional Center (SDCC) is a male medium security institution located approximately 40 miles north of Las Vegas. The institution opened in 1982 with six housing units and a capacity of 600 inmates. Subsequently, additional housing units were constructed in 1984, 1988, and 2007, bringing the total at this facility to 10 housing units with a capacity of 2,217. SDCC houses general population, medium-custody adult male offenders. SDCC provides educational and vocational programs through Clark County School District, which include Braille, Culinary Arts, Janitorial Services and Computer Programming. SDCC is also known for its strong emphasis on programs and rehabilitative services to include Substance Abuse, Re-Entry and Psycho Education classes which are the largest programs in the State. Prison Industry programs that include auto maintenance, auto restoration, and other various industries, and an inmate vocational card-sorting program. All of these programs are designed to provide education and programming opportunities that will enable participants to improve their lives within the system and upon release. Statutory Authority: NRS 209.

	This category is funded by RGL 2501 General Fund. The 1985 Legislature created NRS 281.121(1) to ensure state employees who require uniforms for their employment can purchase these with a uniform allowance. Category 29 includes Uniform Allowance (non-personal items) for Agency Issued items and Protective Gear only. This is a result of NDOC's policy change effective July 1, 2008 to implement cash payments to employees via the payroll system for their personal uniform needs on a quarterly basis through Category 01, Personnel Services.

36	INMATE TRANSPORTATION				
	The NDOC has an established Central Transportation Division to transport inmates as needed. There are two institutions with intake centers, one in the north and one in the south. Once an inmate goes through the intake center it is determined where they will be housed, and if necessary, they will then be transported to a specified facility. Inmates are transported within facilities for various reasons such as disruptive behavior, inmate protection, inmate reclassification, and medical reasons. When ordered by the court, inmates must be transported to various court houses. Central Transportation is responsible for all in-state and out-of-state transportation for extraditions and all costs associated with inmate transportation are recorded in this category and paid for with General Fund appropriations.

	The NDOC has an established Central Transportation Division to transport inmates as needed. There are two institutions with intake centers, one in the north and one in the south. Once an inmate goes through the intake center it is determined where they will be housed, and if necessary, they will then be transported to a specified facility. Inmates are transported within facilities for various reasons such as disruptive behavior, inmate protection, inmate reclassification, and medical reasons. When ordered by the court, inmates must be transported to various court houses. Central Transportation is responsible for all in-state and out-of-state transportation for extraditions and all costs associated with inmate transportation are recorded in this category and paid for with General Fund appropriations.

	The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

	This request provides funding changes to clothing items in the uniform allowance for all custody staff. This DU eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this DU will roll into 44035/44036. [See Attachment]

Budget Account: 3739 NDOC - WELLS CONSERVATION CAMP

The Wells Conservation Camp (WCC), located approximately 14 miles east of Wells, was opened in October 1985 and houses an all male minimum custody population in an open facility. Inmates can obtain credit by attending General Education Diploma or high school classes. Self-help programs are also available. The inmate crews support the Nevada Division of Forestry program by working on conservation projects and fire suppression activities with 12 man crews. Statutory Authority: NRS 209.

M200	DEMOGRAPHICS/CASELOAD CHANGES This request accounts for a decrease in projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.40% decrease over 2020) and 12,349 in state fiscal year 2023 (.37% increase over 2020). The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. [See Attachment]

	This enhancement supports changes to the custody uniform package.				
	This DU eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this DU will roll into 44035/44036. [See Attachment]

	This category is funded by RGL 2501 General Fund. The 1985 Legislature created NRS 281.121(1) to ensure state employees who require uniforms for their employment can purchase these with a uniform allowance. Category 29 includes Uniform Allowance (non-personal items) for Agency Issued items and Protective Gear only. This is a result of NDOC's policy change effective July 1, 2008 to implement cash payments to employees via the payroll system for their personal uniform needs on a quarterly basis through Category 01, Personnel Services.

	General Fund appropriations needed to fund the increase in inmate food costs as a result of the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders.				
	Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. Current projections indicate insufficient authority for purchase of inmate driven items required for daily operations through SFY21. 	During state fiscal year 2021, Safer Street operations were canceled due to the COVID-19 pandemic. However, mileage costs for officer contacts increased as division offices were closed to the public and officers met with offenders during home contacts. As a result, OCJA awarded the division funds to reimburse these increased costs. Mileage costs are being eliminated in the M150 but the division anticipates Safer Street activities to resume during the 2021-2023 biennium. E225	EFFICIENCY & INNOVATION				
	This decision unit requests the authority to start a supervision model, or pod, for low-risk offenders by using Parole and Probation Specialist IIIs for daily administrative supervision and Officers for enforcement and compliance issues. If approved, this decision unit will modify existing caseload ratios for low-risk offenders.				
	Low-risk offenders are currently supervised by Parole and Probation Officers at a ratio of 1:150. Best practices in community supervision shows that over supervision of these offenders can negatively impact community reintegration and increase the likelihood that the low-risk offender population may recidivate. In accordance with this practice, the division's contact guidelines for low-risk offenders requires less frequent field contact between the officer and the offender.				
	This decision unit requests a change to the current low-risk offender supervision ratio to 1 officer for every 500 offenders (1:500). Two Parole and Probation Specialist IIIs will be assigned to each officer, and Sergeants will oversee the program on a supervisory ratio of 1:6 for the entire pod. This decision unit results in savings to the state and allows the division to examine more efficient and productive methods to supervise this population of offender.

E351 PROMOTING HEALTHY, VIBRANT COMMUNITIES

This decision unit requests the retention of positions approved in Assembly Bill 236 of the 2019 Legislative Session. Assembly Bill 236 of the 2019 Legislative Session authorized the Division of Parole and Probation to hire three Training Officer I's, one Administrative Assistant II, one Management Analyst IV, and one Management Analyst I in order to meet the statutory requirements in the bill. With the exception of the MA I, the positions were approved by the Division of Human Resource Management during state fiscal year 2020; however, the positions could not be filled when a hiring freeze and budget reductions were implemented due to the COVID pandemic. In addition, the positions were approved only for the 2019-2021 biennium. Although Training Officers for the Department of Public Safety are generally assigned to the Training Division, the training required in AB 236 is unique to NPP. It will involve training all officers, existing employees and new hires, on the use of the Nevada Risk Assessment System (NRAS) and the Effective Practices in Community Supervision (EPIC). In addition to training staff on the use of these systems, the positions will evaluate and provide feedback to users to ensure quality of data. This decision unit requests funding for these position as the training and quality control of data requirements mandated within Assembly Bill 236 do not expire.

E356 PROMOTING HEALTHY, VIBRANT COMMUNITIES

This decision unit requests funding for the division's Going Home Prepared program for state fiscal years 2022 and 2023. Due to the COVID19 pandemic, funding for this program was eliminated in state fiscal year 2021.

NPP's Re-Entry Unit's primary responsibility is to assist inmates with residence planning - specifically for those whose initial plan (the one initially submitted to the Parole Board) proved to be nonviable. To assist with this endeavor, NPP was provided funding for 2019-2021 biennium through the Indigent Funds Housing Assistance (IFHA) program to assist those inmates absent of family, sponsors, other support or resources to bridge their release into the community. The need for this at-risk segment of our paroling inmate population has proven to be significant.

In the spring of 2019, NPP has increased its individual ceiling of support from \$500.00 to \$1,000.00. This served to address two major hurdles: first, it allowed the parolee a much more reasonable time to stabilize after release; secondly, it encouraged more partners to participate in housing what is often viewed as less than desirable clientele. The improvements to quality, efficiency, and volume has improved NPP's ability to better and more quickly assist those languishing in prison beyond their parole eligibility date (PED). Unfortunately due to the COVID-19 pandemic, the IFHA program was eliminated.

This decision unit requests funding to re-establish the program.

This decision unit requests funding to continue cell phones and air cards for sworn employees. Costs are partially offset by reductions in state phone lines.

During state fiscal year 2021, the division received grant funding from the Office for Criminal Justice Assistance to purchase cell phones and air cards for all sworn employees to increase mobile reporting and practice social distancing. The grant expires December 31, 2021. This decision unit requests funding to cover the monthly charges through the 2021-2023 biennium. Costs are partially offset by reductions in state phone lines.

	This decision unit requests revised caseloads for Parole and Probation Supervisors, Parole and Probation Specialist IVs, and Parole and Probation Specialist IIIs. If approved, this decision unit would replace the M201 maintenance unit.				
	The 2019 Legislature approved a Parole and Probation Specialist IV workload study to determine if the current ratios used by JFA should be adjusted. The agency entered into a contract with the National Center for State Courts, but before the study could begin, the coronavirus pandemic hit the state.				
	This decision unit requests that caseloads be adjusted to current division practices, in which Parole and Probation Specialist IIIs write all the Pre-Sentence Investigation (PSI) reports, and the Specialist IVs are removed from the PSI ratio of writing 8 reports per month. The ratio for Specialist IIIs would remain at 12 PSI reports per month. Rather than writing a specific number of PSI reports, the Specialist IVs would be responsible for reading PSI reports and mentoring and training new Specialist IIIs. The Specialist IVs would also write any complex PSI reports, if needed. The ratio would be 1:6, where one Specialist IV would read reports prepared by six Specialist IIIs. Finally, the Supervisor would be responsible for supervising each sub-unit of specialists as it pertains to workflow, personnel matters, planning, and court liaison activities. The ratio for Supervisors would stay the same at the eight to one for both Specialist IVs and Specialist IIIs.				
	If approved, this decision unit would replace the M201 maintenance unit in its entirety. The revised caseload indicates a total reduction of seven positions as shown on the attachment.

Budget Account: 3741 NDOC - HUMBOLDT CONSERVATION CAMP

The Humboldt Conservation Camp (HCC) is located approximately 10 miles west of Winnemucca. In 1986, HCC opened and now houses an all-male minimum custody population in an open facility. Inmates can obtain credit by attending General Education Diploma or high school classes. Self-help programs such as anger management and substance abuse are also available. The inmate crews support the Nevada Division of Forestry program by working on conservation projects in addition to fire suppression activities with 12 man crews. Statutory Authority: NRS 209.

M200	DEMOGRAPHICS/CASELOAD CHANGES This request funds an increase in the projected department-wide inmate population. This request funds an increase in the projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.41% decrease over 2020) and 12,349 in fiscal year 2023 (.37% decrease over 2020). The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

M600 INMATE NUTRITION COURT MANDATE

This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietitian, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies.

This request provides funding changes to clothing items in the uniform allowance for all custody staff, Category 01. This Decision Unit eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this Decision Unit will roll into 44035/44036.

7341	INSPECTIONS & CERTIFICATIONS-A Confidential buy funds are a necessary tool for Investigation Division sworn staff. These funds are utilized by investigators to complete their assignments and meet the objectives of their job descriptions. The funds are drawn and placed into an outside bank account that is carefully monitored by internal written controls, policies and procedures. Funds are drawn from the outside bank account and utilized to purchase narcotics, information, evidence, or pay for an undercover investigative expense. The utilization of buy fund monies are an ordinary, and necessary, expense of an agency with narcotics enforcement. Statutory Authority (NRS 480.520).	29,267	29,267	29,267	29,267

52	SAFE-TO-TELL PROGRAM The Safe-To-Tell Program started in December, 2018, with a PIRE grant. The funding from this grant is set to expire in December, 2020, however it is anticipated that the grant will be extended, therefore expenditures will remain in this category. If an extension to the grant is not granted, expenditures in this category will be funded by a transfer from the DHHS for the SafeVoice Expansion project.

	The Safe-To-Tell Program started in December, 2018, with a PIRE grant. The funding from this grant is set to expire in December, 2020, however it is anticipated that the grant will be extended, therefore expenditures will remain in this category. If an extension to the grant is not granted, expenditures in this category will be funded by a transfer from the DHHS for the SafeVoice Expansion project.

Budget Account: 3747 NDOC - ELY CONSERVATION CAMP

The Ely Conservation Camp (ECC), located approximately 18 miles south of Ely, was opened in October 1984 and houses an all-male minimum custody population in an open facility. Inmates can obtain credit by attending General Education Diploma or high school classes. Self-help programs are also available. The inmate crews support the Nevada Division of Forestry program by working on conservation projects and fire suppression activities with 12 man crews. Statutory Authority: NRS 209.

M600 INMATE NUTRITION COURT MANDATE

This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. [See Attachment]

This enhancement supports changes to the custody uniform package. This DU eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this DU will roll into 44035/44036. [See Attachment]

	Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. Current projections indicate insufficient authority for purchase of inmate driven items required for daily operations through SFY21.

Budget Account: 3748 NDOC - JEAN CONSERVATION CAMP

The Jean Conservation Camp (JCC) houses female minimum custody inmates. Its parent institution is the Florence McClure Women's Correctional Center, which is 45 miles away. The camp opened in August 1988. New construction, completed in the spring of 1999, replaced existing housing units and increased capacity from 112 to 240 inmates. JCC became an all-female facility when the High Desert State Prison opened in September 2000. JCC has several various religious programs available to all inmates, General Education Diploma and high school diploma courses, and a variety of correspondence college level classes. In addition, JCC offers a wide variety of self-help programs provided by a Mental Health Counselor. The inmates housed at this facility support the Nevada Division of Forestry program for conservation and fire suppression with 12 man crews. Statutory Authority: NRS 209.

	This request funds an increase in the projected department-wide inmate population. This request funds an increase in projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.41% decrease over 2020) and 12,349 in fiscal year 2023 (.37% decrease over 2020). The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

M600	INMATE NUTRITION COURT MANDATE This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. [See Attachment]

	This Decision Unit eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this Decision Unit will roll into 44035/44036. M200 DEMOGRAPHICS/CASELOAD CHANGES

This request accounts for a decrease in projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.40% decrease over 2020) and 12,349 in state fiscal year 2023 (.37% increase over 2020).

The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly.

M600 INMATE NUTRITION COURT MANDATE

This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation.

Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies.

	General Fund appropriations needed to fund the increase in inmate food costs as a result of the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. Current projections indicate insufficient authority for purchase of inmate driven items required for daily operations through SFY21.

Budget Account: 3752 NDOC - CARLIN CONSERVATION CAMP

The Carlin Conservation Camp (CCC) is located approximately one mile east of Carlin. In July of 1988, CCC opened and houses an all-male minimum custody population in an open facility. Inmates can obtain credit by attending HiSet (High School equivalency) with a recognized diploma. Self-help programs such as an outside sponsored Alcoholics Anonymous and peer sponsored substance abuse (Narcotics Anonymous) are also available. The inmate crews support the Nevada Division of Forestry program by working on conservation projects in addition to fire suppression activities with 12 man crews. Statutory authority: NRS 209.

M200	DEMOGRAPHICS/CASELOAD CHANGES This request funds an increase in the projected department-wide inmate population. This request funds an increase in the projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.41% decrease over 2020) and 12,349 in fiscal year 2023 (.37% decrease over 2020). The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

M600	COURT ORDERS				
	This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietitian, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation.				
	Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies.

	This request provides funding changes to clothing items in the uniform allowance for all custody staff, Category 01.				
	This Decision Unit eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this Decision Unit will roll into 44035/44036.

Budget Account: 3754 NDOC - TONOPAH CONSERVATION CAMP

The Tonopah Conservation Camp (TCC) is located approximately 12 miles northeast of Tonopah. In February 1991, TCC opened as a minimum custody camp with a capacity to house 72 male inmates, which later expanded to 152 inmates. Inmates can obtain credit by attending General Education Diploma or high school classes. Medical is provided monthly at HDSP. The inmate crews support the Nevada Division of Forestry program by working on conservation, fire suppression activities with 12 man crews, and public service projects within the immediate geographical area. Statutory Authority: NRS 209.

M200 DEMOGRAPHICS/CASELOAD CHANGES

This request accounts for the adjustment in projected department-wide inmate population from SFY 2019-2021 to SFY 2021 - 2023. The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly.

In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. [See Attachment]

	This request provides funding changes to clothing items in the uniform allowance for all custody staff. This DU eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this DU will roll into 44035/44036. [See Attachment]

Budget Account: 3759 NDOC - LOVELOCK CORRECTIONAL CENTER

The Lovelock Correctional Center (LCC) is primarily a medium security institution, but has a large population of close custody protective segregation inmates requiring special handling and security. LCC also houses inmates under the age of 18 that have been adjudicated as adults. The 1989 Legislature approved operation of the facility with Phase I becoming operational in October 1995 and Phase II in November 1997. LCC has an active, broad based religious program available to all inmates. Coal Canyon High School, sponsored by the Pershing County School District, runs literacy programs, general education diploma courses, high school diploma courses, a variety of college level classes to include AA and BS degrees and several vocational programs. Vocational programs include auto shop, small engine repairs, computers, advanced computers, SERV safe, plant science/horticulture, RESPECT (a re-entry program) and Janitorial/OSHA training. In addition, LCC has several programs run by the mental health department that include: SOTP - Sex Offender Treatment, Relapse Prevention - sex offender, MRT - Moral Recognition Therapy, Anger Management, Getting it Right, Inside out Dad, Straight ahead, victim impact listen and learn and Thinking for a Change. LCC also offers a Structured Living Program for General Population inmates. Prison Industries at LCC has two programs, one manufactures prison clothing for all NDOC institutions and the other manufactures draperies for the general public. Statutory Authority: NRS 209.

This request funds an increase in projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.41% decrease over 2020) and 12,349 in fiscal year 2023 (.37% decrease over 2020). The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

M600 INMATE NUTRITION COURT MANDATE

This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies.

E300 SAFETY, SECURITY AND JUSTICE

This request provides funding changes to clothing items in the uniform allowance for all custody staff, Category 01. This Decision Unit eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this Decision Unit will roll into 44035/44036.

	This request provides funding changes to agency issue items on the uniform allowance schedule for all custody staff, Category 29.				
	This Decision unit adds the ASP Baton, Scabbard and OC spray to the agency issue uniform package. The NDOC began providing Custody staff with ASP Baton, Scabbard and OC spray in the spring of 2016. Previously these items were purchased as protective gear. This change reflects the current policy which is all Custody staff are to be provided with these items as outlined in AR-405 Use of Force. If approved this Decision Unit will roll into 44037/44038.

	This category is funded by RGL 2501 General Fund. The 1985 Legislature created NRS 281.121(1) to ensure state employees who require uniforms for their employment can purchase these with a uniform allowance. Category 29 includes Uniform Allowance (non-personal items) for Agency Issued items and Protective Gear only. This is a result of NDOC's policy change effective July 1, 2008 to implement cash payments to employees via the payroll system for their personal uniform needs on a quarterly basis through Category 01, Personnel Services.

E711	EQUIPMENT REPLACEMENT				
	Pots and pans sink with three compartments.				
	The current sink is about 14 years old. However, the quality of the stainless steel is not up to the use and abuse of a prison setting. It has been repaired on multiple occasions, however, there are weak spots that are so thin that repair is no longer an option. The longer the current version is in place, the higher risk for safety violations and sanitary issues to develop. Losing a sink in this area would prevent us from washing pots and pans properly. The Health Department requires a three-sink wash, rinse and sanitizing system. It is important we get this replaced before we are cited for Health Department issues for not being able to properly clean cooking utensils. This is for the sink only - faucets are not required at this time.

Budget Account: 3760 NDOC - CASA GRANDE TRANSITIONAL HOUSING

Casa Grande Transitional Housing (CGTH) opened in December 2005. The dormitory-style facility was built to house non-violent, low-risk male and female inmates within 18 months of their probable release. Casa Grande's mission is to allow these residents the opportunity to seek work, education, re-entry services and secure permanent housing prior to reintegrating into society. Wages earned by the residents are collected to offset the cost of their incarceration, pay any court ordered restitution, and funds upon release. Since its inception, Casa Grande has expanded its programs and has partnered with the Department of Public Safety, Division of Parole and Probation to include programs for parolees and probation violators. In addition, CGTH houses the Program of Regimental Discipline (PRD) "Bootcamp". This is an 11 month program that allows the successful trainee to no longer have a felony noted on their criminal record. Statutory Authority: NRS 209.

3829	ROOM, BOARD, TRANSP CHARGE The revenue is an offset to General Fund to help fund Category 50, Inmate Driven expenditures. Per NRS 209.463(e) the Director, with the approval of the Board, may have deductions made from the wages earned by an offender during incarceration to offset the cost of maintaining the offender in the institution referred to as Room and Board. In accordance with NRS 209.4831 Transportation charges are deducted from inmate wages at both the Northern Nevada Transitional Housing (NNTH) and Casa Grande Transitional Housing (CGTH) to help cover the cost for bus passes. Due to the COVID-19 restrictions on inmates working, these collected revenues were low in the last 6 months of SFY20. The per-inmate rate is therefore calculated as the modified average of three years: The last 6 months of SFY17 \$515,045.35 (166 inmates) + all of SFY18 \$1,373,118.65 (334 inmates) + all of SFY19 \$1,261,971.98 (325 inmates) + the first 6 months of SFY20 \$411,323.25 (166 inmates) = \$3,561,459.23/991 inmates = \$3,594 per inmate per year. M200	DEMOGRAPHICS/CASELOAD CHANGES This request funds an increase in the projected department-wide inmate population. This request funds an increase in the projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.41% decrease over 2020) and 12,349 in fiscal year 2023 (.37% decrease over 2020). The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

M600	INMATE NUTRITION COURT MANDATE This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. [See Attachment]

E300	SAFETY, SECURITY AND JUSTICE	This request provides funding changes to clothing items in the uniform allowance for all custody staff, Category 01. This Decision Unit eliminates three short sleeve shirts and one long sleeve shirt approved in 44035/44036 and adds one Class A shirt and three Duty Uniform shirts plus one pair of Class A trousers. A set of 4 additional patch sets are needed for each of the approved shirts and jacket for a total of 5 sets as there is only one set of patches approved in the initial allowance. This provides all staff with the necessary shirts and pants to conform with NDOC AR - 350 Department Grooming and Dress Standards. If approved this Decision Unit will roll into 44035/44036. Budget Account: 3761 NDOC - FLORENCE MCCLURE WOMENS CORRECTIONAL CENTER

The Florence McClure Women's Correctional Center (FMWCC) is located in Las Vegas. In 1996, this facility became operational to house women incarcerated in the department. The Corrections Corporation of America (CCA) owned and operated the facility until purchased by the State of Nevada in October 2001. Effective October 1, 2004, the Nevada Department of Corrections took possession of the facility, eliminating the need to contract with the CCA. Formerly known as the Southern Nevada Women's Correctional Center, the facility was renamed in 2007 in honor of Florence McClure and her contributions to improving conditions for incarcerated women. FMWCC houses all custody levels of female inmates in Nevada. The facility's capacity increased in 2008 with the addition of a 240-bed dorm and in 2009 with a 300-bed addition to the main facility. FMWCC has several various religious programs available to all inmates. Clark County School District offers High School Diplomas as well as Hi Set certificates. FMWCC has a substance abuse therapeutic community that offers long term substance abuse treatment. It also offers mental health treatment programs, re-entry program that prepares inmates for the reintegration into society, and the Pups on Parole Program that trains inmates to be certified dog handlers. In addition, FMWCC offers the New Path Cosmetology program that is designed to master the art and sciences of the cosmetology industry resulting in their Cosmetology license. FMWCC has one Prison Industry program which can employ over 70 inmates and is geared towards salvaging and re-packaging overstock products/merchandise. Statutory Authority: NRS 209.

	This request funds an increase in the projected department-wide inmate population. This request funds an increase in the projected department-wide inmate population from 12,395 in state fiscal year 2020 to 12,345 in state fiscal year 2022 (.41% decrease over 2020) and 12,349 in fiscal year 2023 (.37% decrease over 2020). The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

	This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietician, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. [See Attachment]

Budget Account: 3762 NDOC - HIGH DESERT STATE PRISON

High Desert State Prison (HDSP) is a male medium institution that is part of a correctional complex located in Indian Springs approximately 40 miles north of Las Vegas. HDSP was opened in 2000. HDSP houses medium custody inmates and provides segregation housing and protective segregation housing. HDSP also serves as the Southern Nevada intake center for male inmates. The maximum capacity is 4,070 inmates. HDSP provides educational and vocational programs through Clark County School District and Prison Industries. Educational opportunities include High School Diploma or General Education Diploma. The vocational program is auto maintenance. Prison Industries also performs card sorting operations on decks previously used in Nevada casinos. HDSP has Mental Health staff that provides therapeutic classes such as anger management, victim empathy, and Commitment to Change I, II and III. HDSP also has a re-entry program to assist paroling or discharging inmates. These programs are available to provide education and program opportunities that will allow participants to improve their lives while incarcerated and upon release into the communities. Statutory Authority: NRS 209.

	This request accounts for the adjustment in projected department-wide inmate population from SFY 2019-2021 to SFY 2021 - 2023. The Department of Administration contracts with JFA Associates, LLC to provide a Ten Year Prison Population Projection with which the Nevada Department of Corrections uses to construct the Biennium Plan used to budget the inmate caseload in the various facilities based on projected inmate classification level. The distribution of the projected population is based on the Capacity Analysis Report. The Capacity Analysis Report simply depicts, on a specific day, how each bed in a given facility is being used. (i.e. Administrative segregation, medical, protective custody, etc.) Inmate caseload is adjusted accordingly. [See Attachment]

M600	INMATE NUTRITIONAL COURT MANDATE				
	This decision unit requests funding for the unanticipated costs associated with implementing new food menu items and nutritional requirements for NDOC's inmate population in order to comply with Supreme Court of the State of Nevada Order No. 73498 dated July 31, 2018. In order to comply with the Order, the NDOC worked with our contracted dietitian, NDOC Operations staff, NDOC Culinary Supervisors, State contracted food suppliers, medical staff, Chief Medical Officer Dr. Azzam and DHHS, as well as our legal AG Office representation. Department of Corrections (NDOC) is required to implement a new menu to meet the Chief Medical Officer's (CMO) adopted nutritional standards in compliance with the Nevada Supreme Court Order No. 73498 and subsequent rulings and orders. NRS 209.382 requires the CMO report the nutritional adequacy of the diet to the Board of Prison Commissioners (BoPC). The same statute requires the BoPC to take action to remedy any deficiencies. NDOC is compelled to provide a menu without deficiencies. [See Attachment]
