# HHS-DCFS - VICTIMS OF DOMESTIC VIOLENCE

## 101-3181

**PROGRAM DESCRIPTION**

The Victims of Domestic Violence program awards grants to non-profit entities statewide to provide direct services to victims of domestic violence and sexual assault. Services include shelter, crisis phone access, emergency assistance, advocacy, hospital accompaniment, and counseling. Viable programs are sustained in all 17 Nevada counties with trained staff and volunteers. The Division of Child and Family Services has responsibility for monitoring domestic violence programs to ensure compliance with NRS 217.400 through 217.460 for granting funds from the domestic violence account, maintaining financial records, and evaluating services provided. Funding for this program comes from marriage license fees. The Victims of Domestic Violence account was established for the purpose of managing these funds.

Statutory Authority: NRS Chapter 217.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

## HHS-DCFS - INFORMATION SERVICES

### 101-3143

**PROGRAM DESCRIPTION**

Information Services (IS), formerly UNITY/SACWIS, is the unit within the Division of Child and Family Services (DCFS) that supports the technology needs of the division and the county child welfare agencies. IS maintains three major computer applications: Unified Nevada Information Technology for Youth (UNITY), CaseloadPro and Avatar. UNITY is a federally mandated Comprehensive Child Welfare Information System that is required by child welfare agencies nationwide in order to submit adoption and foster care information electronically to the Administration for Children and Families. UNITY became fully operational statewide in September 2003 and has been modified extensively to help meet the changing business requirements of the organization. Implemented in 2018, CaseloadPro is the case management system for the Youth Parole Bureau. Operational since 2005, Avatar is the Health Insurance Portability and Accountability Act compliant case management and billing system that supports children's mental health. Additionally, IS provides helpdesk support and application training to the three Nevada child welfare agencies (Division of Child and Family Services, Clark County Department of Family Services, and Washoe County Human Services Agency) as well as division-wide network and desktop computer support.

## HHS-DCFS - WASHOE COUNTY CHILD WELFARE

### 101-3141

**PROGRAM DESCRIPTION**

In the 2011 Legislative session, the Division's funding for Washoe County Human Services Agency (WCHSA) changed. Currently, WCHSA receives an annual capped block grant to support child welfare services. This funding de-categorized the General Funds appropriated for the purpose of child welfare integration and allows the agency to redirect child welfare funding to services not restricted by traditional definitions and funding limitations but driven by the needs of children and families in their community. WCHSA can retain locally all of the savings generated if the services provided by the county cost less than the amount budgeted. This funding is contingent upon the county meeting a minimum Maintenance of Effort. Specifically, the county must maintain the amount of local funds spent for child welfare and child protective services at a level equal to or greater than the amount appropriated for fiscal year 2011. In addition, within this current funding mechanism is a process to support a fiscal incentive program designed to stimulate and support improvement in key areas identified in the agency improvement plan. A second allocation is included that will estimate each biennium the cost attributed to the projected caseload growth for the adoption assistance program to ensure adoptions are continuously reinforced and each Legislative session the funding can be determined based on historical adoption growth. Lastly, the agency that provides child welfare services must submit annually an agency improvement plan and data demonstrating the progress they have made toward meeting the specific performance targets set forth in the plan. The agency's improvement plan is an integral part of the Quality Unit's oversight role.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

# HHS-DCFS - CHILD WELFARE TRUST

## 645-3242

The Child Welfare Trust Fund account was established to receive benefits for survivors or other awards payable to children receiving child welfare services in a county whose population is less than 100,000. These benefits and other awards, including Social Security and Supplemental Income, must be deposited in the State Treasury for credit to this fund. The Division of Child and Family Services maintains a separate account for each child who receives money and deducts from the account any dollar amounts that were paid with public money for services provided to the child. Surplus balances are distributed in accordance with the guidance provided by the entity that issued the funds. The Treasurer's Office credits accrued interest to each child's separate account which is maintained in the Trust Fund for Child Welfare at the end of each interest period. Statutory Authority: NRS 432.037

# HHS-DCFS - YOUTH ALTERNATIVE PLACEMENT

## 101-3147

**PROGRAM DESCRIPTION**

The Youth Alternative Placement budget account was established to provide financial support to each regional facility for the detention of children who have been adjudicated as delinquent by Nevada courts. There are three regional facilities: two are located in Douglas County (China Spring Youth Camp and Aurora Pines Youth Camp), and one is located in Clark County (Spring Mountain Youth Camp).

The China Spring Youth Camp/Aurora Pines Youth Camp is dedicated to helping approximately 40 male and 16 female mid-level offenders between the ages of 12 and 18 develop skills, knowledge, and the experience necessary to promote health and resiliency, stop the progression of problems caused by delinquent behavior, and interpret and avoid high-risk behavior patterns in an emotionally safe, comforting, challenging, and nurturing environment. The facility provides structure and programs to assist juvenile offenders to overcome their delinquent behavior as well as opportunities to correct thinking errors, practice positive new social skills, and facilitate reintegration into the family and community.

The Spring Mountain Youth Camp and its community-based program provide residential treatment for approximately 112 youth between the ages of 12 and 18. The programs at Spring Mountain Youth Camp provide for therapeutic, educational, social, medical, and recreational needs. Counseling and therapy are provided to the youth as needed through Clark County's psychological services. Aftercare services are provided by a team, which includes probation officers and a mental health therapist who work with youth prior to placement and through completion of probation. This program operates in cooperation with, and is supported by, local law enforcement agencies, the Clark County School District, and various state agencies.

## HHS-DCFS - SUMMIT VIEW YOUTH CENTER

### 101-3148

**PROGRAM DESCRIPTION**

Summit View Youth Center (SVYC) is a maximum-security youth correctional facility with a maximum capacity of 96 beds that provides programming and services to male juvenile offenders located near the Las Vegas urban center. During the 2010 Special Legislative Session, this facility was closed due to budget reductions. During the 2013 Legislative Session, funding was appropriated for the re-opening of the Summit View Youth Center under private contract. In the 2015 Legislative Session, the facility was approved for 48 state correctional beds for male youth between the ages of 12 and 20. SVYC is authorized and governed by NRS Chapter 63, State Facilities for Detention of Children, and those applicable statutes contained within NRS Chapter 62A, Juvenile Justice General Provisions. The physically secure nature of SVYC in comparison to the other two DCFS Juvenile Justice facilities allows DCFS to house the state's highest-risk youth in a secure environment. The programming at SVYC addresses delinquent youth who also may have been victims of abuse, abandonment, and neglect, working closely with both public and private agencies in accomplishing goals. Programs include educational services from Clark County School District, mental health services including individual and group counseling, and transition planning. Staff from SVYC coordinate with the Nevada Youth Parole Bureau and the Interstate Compact on Juveniles to ensure youth receive the best possible aftercare services once they are released from SVYC's jurisdiction. Youth who apply themselves to reach their goals in the shortest time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63.

There are seven housing units situated on 35 acres with a maximum capacity of 140 youth. CYC serves male and female clients between 12 to 20 years of age. CYC is authorized and governed by NRS Chapter 63, State Facilities for Detention of Children, and those applicable statutes contained within NRS Chapter 62A, Juvenile Justice General Provisions. The programming at CYC addresses delinquent youth who also may have been victims of abuse, abandonment, and neglect, working closely with both public and private agencies in accomplishing goals. Staff from CYC coordinate with the Nevada Youth Parole Bureau and the Interstate Compact on Juveniles to ensure the youth receive the best possible aftercare services once they are released from CYC's jurisdiction. Youth who apply themselves to reach their goals in the shortest time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63

# HHS-DCFS - NEVADA YOUTH TRAINING CENTER

## 101-3259

**PROGRAM DESCRIPTION**

The Nevada Youth Training Center (NYTC) is a residential juvenile correctional facility serving male youth between the ages of 12 and 20 who are committed by the state's district courts for correctional care. Bed space of the facility was reduced from 110 to 60 beds during the 2013 Legislative Session. The facility is located in Elko, Nevada, and operates a junior/senior high school program offering required and elective academic subjects, remedial programs (reading, math, and language), special education, and vocational education. Following the 2015 Legislative Session, youth are also able to participate in interscholastic sports including football, basketball, and track and field. Some youth are eligible to participate in college-level courses upon completion of their high school education. Youth also receive counseling conducted individually or in small and large groups, monthly treatment team meetings, and substance abuse counseling. Youth who apply themselves to reach their goals in the shortest amount of time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63.

# HHS-DCFS - YOUTH PAROLE SERVICES

## 101-3263

**PROGRAM DESCRIPTION**

Youth Parole Services provides supervision and case management services to delinquent youth committed to the Division of Child and Family Services (DCFS) following adjudication of a delinquent act. Caseloads consist of delinquent youth committed to DCFS custody for placement at a correctional institution; youth on parole from such institutions; youth referred to Nevada for parole supervision from other states through the Interstate Compact on Juveniles (NRS 62I); youth committed to DCFS who require both correctional and mental health residential treatment; and youth under the age of 12 who are committed to DCFS for correctional care but who cannot by law be placed in an institutional setting.

Parole aftercare services are provided to youth through a continuum of services starting with client and family assessment, institutional visitation, and pre-release parole planning with youth while the they are in the state youth correctional facilities. Based on these contacts, youth are provided with a reputable placement and appropriate parole programming. Youth who are unable to return to parents or guardians are provided residential care through division contracts for foster care, group care, and residential treatment programs. While on parole, each youth is supervised to ensure compliance with conditions of parole and state and local laws. Counseling and guidance services are provided to facilitate the youth's successful participation in an educational and/or vocational program. Through day treatment classes and individual and group counseling, Youth Parole Services' counselors assist parolees in the development of competencies in their personal lives. Issues of anger control, substance abuse, gender-specific issues, gang membership, impulse control, social skills and decision-making are addressed on an individual basis. Youth Parole Services operates the Interstate Compact on Juveniles which regulates the transfer of juvenile probation and parole supervision across state boundaries and is charged with arranging the return of delinquent runaways on demand. Statutory Authority: NRS Chapters 62, 62I, and 63.

## HHS-DCFS - NORTHERN NV CHILD & ADOLESCENT SERVICES

### 101-3281

**PROGRAM DESCRIPTION**

Northern Nevada Child and Adolescent Services (NNCAS) provides assessment, care coordination and a comprehensive continuum of mental and behavioral health care services for Severely Emotionally Disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Children served are uninsured, under-insured, or Medicaid recipients. NNCAS services are both office and home-based and include: early childhood mental health services; early childhood day treatment; outpatient mental health services providing individual, group and family therapies; psychiatric evaluation and treatment; intensive targeted case management services through the Wrap-Around in Nevada Program evidence-based model; and mobile crisis response services that are provided in northern Nevada.

Residential services are provided at the Adolescent Treatment Center and the Family Learning Homes. Services are provided in strength-based, individualized processes that respect and value the family's decision-making and culture by using the Child and Family Team process. DCFS residential programs have also engaged in the Substance Abuse and Mental Health Services Administration Building Bridges Initiative. The mission of the Building Bridges Initiative is to identify and promote practice and policy initiatives that will create strong and closely coordinated partnerships and collaborations between families, youth and community to ensure that comprehensive services and supports are family-driven, youth-guided, strength-based, culturally and linguistically competent, individualized, evidence and practice-informed, and consistent with the research on sustained positive outcomes. DCFS residential services are monitored by the Commission on Behavioral Health and licensed by the county and state. The goal for every child is to provide services within the least restrictive environment and support remaining in or returning to family care with the support of community-based services. NNCAS is involved with the state-wide efforts to transform the current Children's Mental Health System of Care to more comprehensively accomplish this goal.

Statutory Authority: NRS Chapters 433, 433A and 433B.

# HHS-DCFS - SOUTHERN NV CHILD & ADOLESCENT SERVICES

## 101-3646

**PROGRAM DESCRIPTION**

Southern Nevada Child and Adolescent Services (SNCAS) provides assessment, care coordination and a comprehensive continuum of mental and behavioral health care services for Severely Emotionally Disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Children served are uninsured, under-insured, or Medicaid recipients. Non-emergent services are provided in five Neighborhood Family Service Centers in different regions of the Las Vegas community. SNCAS services are both office and home-based and include: early childhood mental health services; early childhood day treatment; outpatient mental health services providing individual, group and family therapies; psychiatric evaluation and treatment; intensive targeted case management services through the Wrap-Around in Nevada Program evidence-based model; and mobile crisis response services that operate 24/7 throughout Clark County.

Residential services are provided at the West Charleston campus and include the Oasis On-Campus Treatment Homes and Desert Willow Treatment Center (DWTC), which provides inpatient acute psychiatric and residential treatment center services. Services are provided in strength-based, individualized processes that respect and value the family's decision-making and culture by using the Child and Family Team process. DCFS residential programs have also engaged in the Substance Abuse and Mental Health Services Administration Building Bridges Initiative. The mission of the Building Bridges Initiative is to identify and promote practice and policy initiatives that will create strong and closely coordinated partnerships and collaborations between families, youth and community to ensure that comprehensive services and supports are family-driven, youth-guided, strength-based, culturally and linguistically competent, individualized, evidence and practice-informed, and consistent with the research on sustained positive outcomes. DCFS residential services are monitored by the Commission on Behavioral Health and licensed by the county and state. DWTC is certified by the Joint Commission on Accreditation of Healthcare Organizations. The goal for every child is to provide services within the least restrictive environment and support remaining in or returning to family care with the support of community-based services. SNCAS is involved with the state-wide efforts to transform the current Children's Mental Health System of Care to more comprehensively accomplish this goal. Statutory Authority: NRS Chapters 433, 433A and 433B

# DETR - VOCATIONAL REHABILITATION

## 101-3265

**PROGRAM DESCRIPTION**

The mission of the Bureau of Vocational Rehabilitation (BVR) is to bring Nevadans together to promote barrier-free communities in which individuals with disabilities have access to opportunities for quality work and self-sufficiency. The program serves individuals who have physical or mental impairments that present barriers to employment, and assists them in preparing for obtaining and retaining meaningful competitive employment. Services are delivered through 14 offices throughout the state, including six rural offices. The program is funded with 78.7 percent federal funds and 21.3 percent General Fund Appropriations. BVR also administers the Supported Employment Program (Title VI of the Rehabilitation Act) which expands employment options for individuals with the most significant disabilities who may be able to engage in competitive work through the provision of intensive training, supervision, and other services, which is 100 percent federally funded.

**BASE**

This request continues funding for 110 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## DETR - SERVICES TO BLIND OR VISUALLY IMPAIRED

**PROGRAM DESCRIPTION**

The mission of the Bureau of Services to the Blind and Visually Impaired (BSBVI) is to bring Nevadans together to promote barrier-free communities in which individuals with disabilities have access to opportunities for quality employment and self-sufficiency. The bureau provides a full range of services to persons who are blind, deaf and blind, or severely visually impaired, including: vocational rehabilitation; mobility and living skills training; assistive technology training and purchase of equipment; and low vision programs. The services available under this program are tailored to meet the individual interests, skills, abilities, and informed choice of participants and may include: vocational training; secondary and post-secondary education; counseling and guidance; job development, placement, and follow-up services; transportation; and medical treatment and intervention. Services are delivered through 14 offices throughout the state, including six rural offices. The program is funded with 78.7 percent federal funds and 21.3 percent General Fund Appropriations. The bureau also administers the Older Individuals who are Blind (OIB) grant (Title VII of the Rehabilitation Act), which provides services to individuals over age 55 who are blind or visually impaired and is funded with 90 percent federal funds and 10 percent state General Fund Appropriations. OIB services are geared towards assisting participants in gaining skills to live independently, travel safely around the community, and avoid institutionalization.

## DETR - EMPLOYMENT SECURITY - SPECIAL FUND

### 235-4771

**PROGRAM DESCRIPTION**

The Employment Security Special Fund is created as a special revenue fund to cover expenditures for which federal funds have been requested, but not yet received, and covers costs to administer employment security laws that may not be charged against federal grants. The revenue sources for this fund are interest and forfeitures collected from employers for non or late payment of unemployment taxes. All monies in the fund are continuously available to the Division Administrator and do not lapse at any time. The division uses the fund to support and maintain agency-owned buildings and pay for technological enhancements to programs for which federal funds are not available. Statutory Authority: NRS 612.615

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year expenditures have been annualized.

# PEACE OFFICER STANDARDS & TRAINING COMMISSION

## 101-3774

**PROGRAM DESCRIPTION**

The Commission on Peace Officer Standards and Training (POST) establishes and regulates the minimum qualifications, training, and standards for all peace officers in the State of Nevada. POST oversees and tracks the employment, behavior, basic and professional certification, course certification, and training for Nevada's officers. Regularly scheduled public meetings are held around the state to discuss and revise laws and regulations, hear issues regarding the law enforcement community, and render judgment regarding officer behavior, which may result in denial, suspension or revocation of POST certification. In addition, POST is responsible for establishing the standardized performance objectives for all basic training academies. POST also develops and delivers exemplary training (both classroom and online), conducts its own basic training academy, and provides professional courses for the officers throughout the state. POST performs statewide audits of all 139 agencies and 35 academies, providing guidance and oversight while monitoring their compliance with the standards set forth in the NRS and NAC. Statutory Authority: NRS 289.

# NDOC - PRISON MEDICAL CARE

## 101-3706

**PROGRAM DESCRIPTION**

The mission of the Medical Division of the Nevada Department of Corrections (NDOC) is to provide quality, constitutionally mandated health care using an efficient system of managed care that is professional, humane, and appropriate. Inmate health care is comprised of medical, dental, and clinical mental health care. To fulfill its mission, the Medical Division operates infirmaries or clinics at all NDOC institutions. The major medical facility for the department is the Regional Medical Facility (RMF) integrated into the operation and perimeter of the Northern Nevada Correctional Center. The RMF provides inpatient medical care for serious medical conditions, surgical aftercare, inpatient mental health care, structured living unit for mental health patients after discharge from inpatient services, and long term care for fragile, aging, and disabled inmates. Mental health extended care is also provided at High Desert State Prison. The camps and transitional housing centers obtain medical services from institutions specifically assigned to support them. In fiscal year 2003, the Medical Division resumed the provision of health care services for Ely State Prison and in fiscal year 2005, resumed the provision of health care services for Florence McClure Women's Correctional Facility from two different private health care contractors. In fiscal year 2004, inmate programming moved from the Medical Division and organized into a separate Programs Division, budget account 3711, which was funded by the Legislature. The Medical Division is not National Commission on Correctional Health Care (NCCHC) accredited; however, NCCHC standards are used as a guideline for policy and procedure development.

**BASE**

# NDOC - CORRECTIONAL PROGRAMS

## 101-3711

**PROGRAM DESCRIPTION**

The Nevada Department of Correction's (NDOC) Programs Division incorporates nationally recognized risk-needs assessments during the intake and classification process to provide evidence-based psycho-educational programming, substance abuse treatment, re-entry, and transitional services. In addition, the division provides religious services, vocational training, counseling and therapy for inpatient/outpatient mental health issues, educational liaison services with local school districts, and special needs programs (for youth, aging, etc.). Programs Division professional staff includes mental health counselors, psychologists, social workers, substance abuse counselors, caseworkers, program officers, chaplains, and support staff. In addition to the services provided by our staff, there are approved volunteers who provide religious, 12-step, and other voluntary programming appropriate for inmate participation and growth. The division's inmate programs are funded in part by grants obtained by the NDOC or by partnerships with community organizations that obtain the grants and bring services to Nevada's inmates that will assist in their preparation for successful reintegration into our communities. Statutory Authority: NRS 209.4887.

## NDOC - FLORENCE MCCLURE WOMENS CORRECTIONAL CENTER

### 101-3761

**PROGRAM DESCRIPTION**

The Florence McClure Women's Correctional Center (FMWCC) is located in Las Vegas. In 1996, this facility became operational to house women incarcerated in the department. The Corrections Corporation of America (CCA) owned and operated the facility until purchased by the State of Nevada in October 2001. Effective October 1, 2004, the Nevada Department of Corrections took possession of the facility, eliminating the need to contract with the CCA. Formerly known as the Southern Nevada Women's Correctional Center, the facility was renamed in 2007 in honor of Florence McClure and her contributions to improving conditions for incarcerated women. FMWCC houses all custody levels of female inmates in Nevada. The facility's capacity increased in 2008 with the addition of a 240-bed dorm and in 2009 with a 300-bed addition to the main facility. FMWCC has several various religious programs available to all inmates. Clark County School District offers High School Diplomas as well as Hi Set certificates. FMWCC has a substance abuse therapeutic community that offers long term substance abuse treatment. It also offers mental health treatment programs, re-entry program that prepares inmates for the reintegration into society, and the Pups on Parole Program that trains inmates to be certified dog handlers. In addition, FMWCC offers the New Path Cosmetology program that is designed to master the art and sciences of the cosmetology industry resulting in their Cosmetology license. FMWCC has one Prison Industry program which can employ over 70 inmates and is geared towards salvaging and re-packaging overstock products/merchandise. Statutory Authority: NRS 209.

## NDOC - CASA GRANDE TRANSITIONAL HOUSING

### 101-3760

**PROGRAM DESCRIPTION**

Casa Grande Transitional Housing (CGTH) opened in December 2005. The dormitory-style facility was built to house non-violent, low-risk male and female inmates within 18 months of their probable release. Casa Grande's mission is to allow these residents the opportunity to seek work, education, re-entry services and secure permanent housing prior to reintegrating into society. Wages earned by the residents are collected to offset the cost of their incarceration, pay any court ordered restitution, and funds upon release. Since its inception, Casa Grande has expanded its programs and has partnered with the Department of Public Safety, Division of Parole and Probation to include programs for parolees and probation violators. In addition, CGTH houses the Program of Regimental Discipline (PRD) "Bootcamp". This is an 11 month program that allows the successful trainee to no longer have a felony noted on their criminal record. Statutory Authority: NRS 209.

## NDOC - STEWART CONSERVATION CAMP

### 101-3722

**PROGRAM DESCRIPTION**

The Stewart Conservation Camp (SCC) is adjacent to the Northern Nevada Correctional Center and originally opened in 1978. In 1995, SCC was rebuilt and more than doubled the size of the original camp. SCC houses minimum custody and community trustee inmates in five dormitory type units. Inmates at SCC can earn their General Education Diploma. The largest employer of the inmates at SCC is the Nevada Division of Forestry. The inmates are assigned to twelve-man crews to work on conservation projects and fire suppression activities. Inmates also work for Prison Industries, which runs the ranch, dairy, and the Wild Horse Training program. ## NDOC - THREE LAKES VALLEY CONSERVATION CAMP
### 101-3725

**PROGRAM DESCRIPTION**

The Three Lakes Valley Conservation Camp (TLVCC) is a minimum custody facility, adjacent to the Southern Desert Correctional Center (SDCC) at Indian Springs. This institution initially opened in 1982 as Indian Springs Conservation Camp with the opening of SDCC. At that time, the facility housed a male inmate population in an open bay facility. The institution opened with a 108 bed capacity, but was expanded to 150 beds in 1990. In 1994, the camp layout was restructured for better security and the capacity was increased to 248 inmates. In 2008, the facility was renamed Three Lakes Valley Conservation Camp (TLVCC), and in 2010 TLVCC was expanded further to incorporate a new facility that increased its total capacity to 384 inmates. The inmates at TLVCC support the Nevada Division of Forestry (NDF) program for conservation and fire suppression with 12 man crews.

## NDOC - JEAN CONSERVATION CAMP
## 101-3748

**PROGRAM DESCRIPTION**

The Jean Conservation Camp (JCC) houses female minimum custody inmates. Its parent institution is the Florence McClure Women's Correctional Center, which is 45 miles away. The camp opened in August 1988. New construction, completed in the spring of 1999, replaced existing housing units and increased capacity from 112 to 240 inmates. JCC became an all-female facility when the High Desert State Prison opened in September 2000. JCC has several various religious programs available to all inmates, General Education Diploma and high school diploma courses, and a variety of correspondence college level classes. In addition, JCC offers a wide variety of self-help programs provided by a Mental Health Counselor. The inmates housed at this facility support the Nevada Division of Forestry program for conservation and fire suppression with 12 man crews. Statutory Authority: NRS 209.

# NDOC - PRISON INDUSTRY

## 525-3719

**PROGRAM DESCRIPTION**

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide offenders the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for offenders in the production of goods and services at little or no direct cost to the taxpayer. Operations include furniture and metal fabrication shops at Northern Nevada Correctional Center (NNCC), a printing/bindery shop and mattress factory at NNCC, a garment sewing factory and drapery sewing shop at Lovelock Correctional Center, and an automobile refurbishing/repair and motorcycle manufacturing/repair shop at Southern Desert Correctional Center (SDCC). Prison Industries also operates used playing card recycling operations at Warm Springs Correctional Center, High Desert State Prison, and SDCC. Private businesses utilize inmates as part of the Prison Industries program. Approximately 500 inmates work in Prison Industries' programs. Statutory Authority: NRS 209.

**BASE**

# NDOC - PRISON RANCH

## 525-3727

**PROGRAM DESCRIPTION**

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide offenders the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for prison inmates, in the production of goods and services, at little or no direct cost to the taxpayer. One of Prison Industries' operations is the Prison Ranch. The Prison Ranch is self-supporting; operating from revenue derived from processed milk sold to the Department of Corrections and other state agencies, as well as from the sale of cream and surplus raw milk to private vendors. Additional income is generated from the sale of livestock, renting unused grazing land, and boarding of both estray horses (Department of Agriculture) and wild horses (Bureau of Land Management), until they have been adopted or sold to private individuals or moved to another holding facility. The Prison Ranch currently provides work for 44 offenders. Statutory Authority: NRS 209.

**BASE**

This request continues funding for six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# DMV - HEARINGS

## 201-4732

**PROGRAM DESCRIPTION**

The Department of Motor Vehicles, Hearings Office provides due process hearings to any person aggrieved by a decision of the department. Generally, these hearings concern the suspension, revocation, or cancellation of a privilege license issued by the department, such as a driver's license or a license to conduct business involving motor vehicles. The decisions of the administrative law judges assigned to the office may impact the lives and property of thousands of Nevadans. For this reason, the office strives to conduct all hearings in a timely, fair and impartial manner, and in accordance with the provisions in the Nevada Administrative Procedures Act, Chapter 233B. The office is supported primarily from Highway Fund revenues. Statutory Authority for these hearings is found in NRS 366, 445B, 481, 482, 483, 484, 485, 487, and 706.

**BASE**

This request continues funding for 11 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# DPS - HIGHWAY SAFETY GRANTS ACCOUNT

## 201-4721

**PROGRAM DESCRIPTION**

The Department of Public Safety, Highway Patrol Division receives federal grants administered through this budget account. The granting agency is the U.S. Department of Transportation, Federal Motor Carrier Safety Administration (FMCSA), whose focus is accident, fatality, and injury reduction of commercial motor vehicle (CMV) related crashes. These reductions are accomplished through consistent, uniform, and effective CMV safety programs. The federal grants include the Motor Carrier Safety Assistance Program (MCSAP) and the High Priority (HP) grant programs.

The MCSAP grant is a formula distribution made available to state and local entities that conduct traffic safety programs and activities. These federal funds are used for qualifying programs designed to support the enforcement of CMV regulations, CMV inspections, and CMV/non-CMV traffic enforcement. The management and oversight of the MSCAP grant is supported by 15 positions and requires a 15 percent soft match, which is provided by Highway Patrol trooper time spent on MCSAP eligible activities.

The High Priority is a discretionary grant program that provides support for a number of different initiatives including information technology deployment, safety data improvements, and CMV safety enforcement. State match is based on the type of activity proposed. For example, media activities are 100 percent federal funds eligible. Statutory Authority: NRS 480.300, 480.330, 480.340, and 480.360.

**BASE**

This request continues funding for 15 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

The Central Repository for Nevada Records of Criminal History is administered by the Department of Public Safety Records Bureau and administers the Nevada Criminal Justice Information System (NCJIS), which serves as the state's clearinghouse for criminal history record information and crime statistics. The bureau is a member of the Western Identification Network, a regional consortium of eight western states that share fingerprint images and criminal history record information and participates in the FBI's Interstate Identification Index and in the National Crime Prevention and Privacy Compact for the release of criminal history record information for non-criminal justice purposes. The bureau is further designated as the Chief Law Enforcement Official for the purposes of administering the Brady Handgun Violence Prevention Act of 1993.

The repository includes the Uniform Crime Reporting program; the Point-of-Contact firearms program (Brady); the Nevada Domestic Violence Protection Order Registry; the Nevada Sex Offender Registry; the Civil Name Check Program and the Program Development and Compliance Unit. ## 101-4687

**PROGRAM DESCRIPTION**

The Office of Traffic Safety was established to secure the full benefits available through the Federal Highway Safety Office programs. Funds are authorized by Congress at or near the beginning of each federal fiscal year. Proposals that are chosen for a grant award are plans that promote public information and awareness through the use of effective education campaigns, fund innovative traffic enforcement programs and other community-based countermeasures to improve traffic safety. Statutory Authority: NRS 223.200

**BASE**

This request continues funding for operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# DPS - JUSTICE ASSISTANCE ACT

## 101-4708

**PROGRAM DESCRIPTION**

The Department of Public Safety - Justice Assistance Act budget is a pass-through account for several grants received from the U.S. Department of Justice. Grant funds are distributed to state and local government agencies which contribute to the efforts of reducing and preventing crime, violence, and drug abuse, and improving the functioning of the criminal justice system while maintaining the integrity of the federal funds. Administrative funds are passed through to the Office of Criminal Justice Assistance (OCJA), budget account 4736. The OCJA was designated by the Governor as the State Administrative Agency (SAA) for Nevada in 1987. In November 2000, the OCJA was designated by the Governor as the state point of contact for the 1033 Department of Defense Excess Property Program, and the State Coordinator for the 1122 General Services Administration Purchasing Program.

# CRC - COLORADO RIVER COMMISSION

## 296-4490

**PROGRAM DESCRIPTION**

The Colorado River Commission is empowered to acquire, manage, and protect all of Nevada's allocation of water and hydropower resources from the Colorado River (allocated to Nevada from the federal government) for the residents of Nevada. In addition, it is to provide electric power resources to certain customers from any available source for needs over and above the hydropower allocations. These resources are primarily centered in and benefit Southern Nevada. The Colorado River Commission Fund acts as the general fund for all commission activities. All personnel costs for commission staff and all of the basic activities and functions performed in fulfilling the commission's legislative mandate are recorded in this account. The commission is entirely funded by its customers and receives no state or federal funds in carrying out its activities. The Colorado River Basin states are in constant contact regarding the issues of the lower basin; the bulk of commission travel occurs in California and Arizona. In addition, the commission has extensive involvement with a number of agencies of the federal government, including the Department of Interior, Department of Energy, Bureau of Reclamation, Western Area Power Administration, U.S. Fish and Wildlife Service, Environmental Protection Agency, Bureau of Land Management, National Park Service, and others. Statutory Authority: NRS 538.

**BASE**

This request continues funding for 41 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# CRC - RESEARCH AND DEVELOPMENT ACCOUNT

## 296-4497

**PROGRAM DESCRIPTION**

The Research and Development Fund provides for engineering studies, analyses, negotiations, and other efforts in protecting the interests of the state in the development of any of the resources under the control of the Colorado River Commission. This fund is now used exclusively for specific resource programs of the Commission. Expenditures are approved and funded on an individual basis through contractual agreements with commission customers. In addition, some small projects may be funded from this account as approved by the director. The fund is currently utilized as a pass-through account for the Lower Colorado River Multi-Species Conservation Program (LCRMSCP, aka MCSP) costs. The program is a 50-year program to address the biological needs of mammals, birds, fish, amphibians, reptiles, invertebrates, and plants to comply with the Endangered Species Act. Funding is provided to the commission by its water and power contractors in accordance with the multi-species funding contracts. The commission has been involved with the LCRMSCP since its inception and is now providing Nevada's share of the program funding and continues to monitor and provide input in the process. The implementation of the program is at the federal level with oversight from the non-federal funding entities. The program assures continuation of river operations including allowing Nevada's diversions of Colorado River water from Lake Mead and continued generation of power at the federal hydropower generating facilities. Statutory authority: NRS 538.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

## CRC - POWER DELIVERY PROJECT

### 502-4501

**PROGRAM DESCRIPTION**

The Power Delivery Project budget accounts for all of the costs associated with the Colorado River Commission's high voltage transmission, transformer, and distribution system designed and tied into the Southern Nevada Water Authority's (SNWA) water delivery system. The system provides for a power transmission system from the Lake Mead substation at Hoover Dam to the SNWA water treatment facility. This fund accounts for power market related power purchases for the water deliveries in southern Nevada and for all of the operation and maintenance costs associated with the project. The funding for this activity is provided by the SNWA under a funding contract. The SNWA contracts for and funds this activity, approving detailed line item costs at the beginning of each year. In addition, this fund provides for activity related to the Silver State Energy Association (SSEA) of which the agency is a member. The SSEA provides market electric power resources to its members and, through the commission, to certain of its customers. The agency provides most of the required personnel resources to the SSEA under contract. Statutory Authority: NRS 538.

# ENVIRONMENTAL QUALITY IMPROVEMENT
## 101-4160

**PROGRAM DESCRIPTION**

This budget account is established as an environmental quality improvement account with funds collected through the Supplemental Environmental Projects (SEP) program as defined by the United States Environmental Protection Agency (US EPA) as "environmental beneficial projects which a defendant/respondent agrees to undertake in a settlement of an enforcement action, but which the defendant/respondent is not otherwise legally required to perform." The Nevada Division of Environmental Protection's approach to SEPs is modeled after US EPA's program.

Funds related to the SEP program, and other enforcement actions that result in penalties with specific uses of the funds outlined in the enforcement action for use through the EQIA, will be held in this account and transferred to another Department of Conservation and Natural Resources budget account for expenditure upon identification of an appropriate related project.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

## ACCOUNT FOR OFF-HIGHWAY VEHICLES (OHV)

### 101-4285

**PROGRAM DESCRIPTION**

The Nevada Commission on Off-Highway Vehicles was established on July 1, 2011, to promote the responsible use of recreational off-highway vehicles pursuant to NRS 490. The Commission has granting authority for OHV registration fee proceeds with grants awarded in accordance with approved regulations. Grants are provided for law enforcement, education/public awareness, and OHV trail management and development. The Nevada Commission on Off-Highway Vehicles was placed within the Nevada Department of Conservation and Natural Resources (DCNR) in May 2016. This was done in part through an Interim Finance Committee action that created an initial Executive Budget for the OHV Commission within the Department of Conservation and Natural Resources fiscal structure as Agency 703. AB29 of the 2017 Legislature officially created the Off-Highway Vehicles Program within the Department of Conservation and Natural Resources.

# DCNR - STATE PARKS
## 101-4162

**PROGRAM DESCRIPTION**

The Division of State Parks' mission is to provide outdoor recreation and education opportunities in a safe, functional environment, while providing economic benefits to state and local communities. The division preserves and protects areas of scenic, historic, and scientific importance to Nevada. Major programs include: planning, development, protection, operations, maintenance, resource management, administration, and interpretation of cultural and natural resources. The division includes 123 permanent and 145 seasonal staff headquartered in Carson City with regional offices in Fallon, Panaca, and Las Vegas. The division is comprised of 25 units located throughout the state. In addition, the division administers the federal Land and Water Conservation Fund and the Recreational Trails Programs, which provide grants to urban and rural communities for the development of trails and outdoor recreation opportunities. The division operates under the philosophy of doing the right thing for the visitor and the resource. To measure the effectiveness of its programs, the division distributes questionnaires to park visitors and carefully evaluates their responses on a monthly, quarterly, and annual basis.

# DCNR - FORESTRY - FIRE SUPPRESSION

## 101-4196

**PROGRAM DESCRIPTION**

The Forest Fire Suppression Account funds protection of life, property, and natural resources from fire, flood, and other natural or human caused emergencies. The program is funded with a combination of: General Fund appropriations; reimbursements paid to the Nevada Division of Forestry for firefighting efforts made on behalf of others; and Federal Emergency Management Agency - Fire Management Assistance grants and sub-grants. The agency has access to the Interim Finance Contingency Fund, the Reserve for Statutory Contingency Account, and the Disaster Relief Account when the volume or severity of fire incidents result in insufficient funds to meet state obligations. Statutory Authority: NRS 472.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

## DCNR - FORESTRY - WILDLAND FIRE PROTECTION PRGM

### 101-4194

**PROGRAM DESCRIPTION**

The division manages the Wildland Fire Protection Program (WFPP), a cooperative arrangement established in the 2014-2015 biennium to provide wildland fire management services to participating entities. Counties and/or individual cooperators voluntarily opt-in to the WFPP. Doing so allows local governments to focus limited resources on local needs, while the division focuses on wildland fire protection. The WFPP educates and prepares landowners for fire, mitigates existing wildfire risk, and provides rapid response to fire events with a specially trained and equipped suppression force. The WFPP also participates in rehabilitation efforts to damaged lands after a fire. Statutory Authority: NRS 472.

**BASE**

This request continues funding for 15 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# DCNR - FORESTRY - NURSERIES

## 257-4235

**PROGRAM DESCRIPTION**

This enterprise account contains three distinct programs administered by the Nevada Division of Forestry (NDF). The Nursery, Seedbank, and Forest Products Utilization programs are rooted in the agency's overall mission and are an integral part of both the natural resources and fire suppression programs operated by the agency.

The Nursery Program, under the oversight of the NDF Natural Resource Program, was established in 1957 to provide technical assistance and conservation plant materials (tree seedlings, shrubs, forbs, and seeds) to meet the conservation needs of Nevada's private landowners and public land management agencies. The nurseries also offer custom growing services for conservation plants native to, or adapted to, the Mojave Desert, Great Basin Desert, and Sierra Nevada. They produce low-cost native or adapted plant species acclimated to Nevada's environmental conditions for conservation purposes, including windbreaks, green-strips, stream bank stabilization, wetland and riparian restoration, mine reclamation, reforestation, wildlife habitat enhancement, and rehabilitation of wildfire damaged lands or other disturbed sites. The Nursery Program is comprised of two facilities, one in Washoe Valley and one in the Las Vegas Valley.

The Seedbank was established in 1995 to provide seed, equipment, and other materials to rehabilitate wildland fire and fire suppression related damages. The seedbank and assists private landowners and public agencies with conservation treatments on their lands to reduce soil erosion, increase plant diversity, improve wildlife habitat, and reduce the threat of wildland fire. The Seedbank facility is co-located with the nursery in Washoe Valley.

The Forest Products Utilization Program was established in 2012 to focus on adding value to cut wood that occurs from the agency's normal fuel reduction and forest health enhancement projects. Prior to the initiation of the program, much of the wood that was cut was piled and burned in place as the most expedient method of disposal. The acquisition of harvesting and processing equipment is allows the agency to extract the wood from the forest, process it into a useful end product, and transport it out of the forest. The value added products, typically wood chips, fuel wood, and saw logs are sold from the nursery/seedbank facility in Washoe Valley.

All of these enterprise programs receive operating funds based on the sale of conservation plant materials and forest products. Statutory Authority: NRS 472, 527, & 528.

## DCNR - DEP MINING REGULATION/RECLAMATION

### 101-3188

**PROGRAM DESCRIPTION**

It is the mission of the bureau to ensure that Nevada's surface and groundwaters are not degraded by mining operations and that the lands disturbed by mining operations are reclaimed to safe and stable conditions to ensure a productive post-mining land use. Facilities utilizing chemicals for processing ores are generally required to meet a zero discharge performance standard. The bureau works collaboratively with the mining industry and the public to achieve its mission. This budget account is fully funded by permitting fees. There are three technical branches: regulation, closure, and reclamation, which all perform plan review, permitting, inspection, compliance monitoring, and enforcement activities. The programs address the design, construction, operation, closure, and reclamation of mining and exploration operations. Operators must file a surety with the division or federal land manager to ensure that reclamation will be completed should an operator default on the project.

The regulation and closure branches regulate mining in Nevada under the authority of the Nevada Revised Statutes (NRS) 445A.300-NRS 445A.730 and the Nevada Administrative Code (NAC) 445A.350-NAC 445A.447. The reclamation branch regulates mining in Nevada under the authority of the Nevada Revised Statutes (NRS) 519A.010 - NRS 519A.280 and the Nevada Administrative Code (NAC) 519A.010 - NAC 519A.415.

**BASE**

**PROGRAM DESCRIPTION**

The Bureau of Water Quality Planning (BWQP) is responsible for implementing programs to meet requirements of the Clean Water Act and Nevada water quality statutes and regulations that protect and/or improve the chemical, physical, and biological integrity of the waters of Nevada. Bureau staff conduct water quality testing; bio-assessment and physical habitat monitoring; develop and/or revise water quality standards for adoption by the State Environmental Commission; develop the impaired waters list; develop Total Maximum Daily Loads (TMDLs) and/or watershed implementation plans to address water quality impairments; issue certifications to ensure that proposed discharges meet applicable effluent limitations and water quality standards; assist in the development and review of area-wide waste management plans; mitigate the adverse effects from nonpoint source pollution through implementation of water quality improvement and public education projects; promote intra and inter-agency program coordination; and provide technical assistance. This budget account is funded solely by federal grants. Fees collected through the Bureau of Water Pollution Control National Pollutant Discharge Elimination System permit programs are used as the state match to the Federal Clean Water Act, Section 106 grant. # DCNR - DEP SAFE DRINKING WATER PROGRAM

## 101-3197

**PROGRAM DESCRIPTION**

The Bureau of Safe Drinking Water (BSDW) implements the Public Water System Supervision Program (PWSSP) and the Laboratory Certification Program (LCP). The PWSSP is authorized under the federal Safe Drinking Water Act (SDWA) and maintains primacy for the State of Nevada. State implementation of the PWSSP ensures Nevada's public water systems comply with state and federal drinking water standards by enforcing the sampling and monitoring requirements for water quality and enforcing requirements for surface water treatment and corrosion control. The program assesses water sources (including identification of potential contaminant sources); assists communities and water systems in developing and implementing source water protection strategies; conducts annual sanitary surveys; certifies the qualifications of public water system operators; and requires public notification when systems are out of compliance. The bureau also reviews engineering plans for public water systems and the subdivision of land. Additionally, PWSSP provides training, information transfer, and regulatory update presentations at meetings of water industry associations. This program is funded by federal grants and fees. The LCP produces data used in regulatory decision-making by division programs in Safe Drinking Water, Water Pollution Control, Mining Regulation and Reclamation, Waste Management, and Corrective Actions. Pursuant to NRS 445A.428, 445A.863, and NRS 459.501, laboratories that perform analyses to meet requirements of the Clean Water Act, SDWA, and the Resource, Conservation and Recovery Act must be certified by the State of Nevada. The LCP program ensures that analyses are conducted according to Environmental Protection Agency (EPA) and state approved methods with accurate and reproducible results. Statutory Authority: NRS 445A.800 through 445A.955, 445A.300 through 445A.730, and 459.400 through 459.600.

**BASE**

This request continues funding for 32 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# DCNR - HISTORIC PRES - COMSTOCK HISTORIC DISTRICT

## 101-5030

**PROGRAM DESCRIPTION**

The Comstock Historic District Commission's mandate is to encourage preservation of the Comstock Historic District, one of the nation's largest and most significant historic landmarks. It is also one of the most visited historic sites in the state, second to Hoover Dam. The commission issues construction permits, educates the public, and promotes special programs. The commission considers requests for Certificates of Appropriateness, which property owners are required by statute to obtain before initiating exterior changes to existing structures or constructing new ones. The commission gives guidance to federal agencies working within the district and provides public education focused on historic resources. Statutory Authority: NRS 384.

**BASE**

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# TAHOE REGIONAL PLANNING AGENCY

## 101-4204

**PROGRAM DESCRIPTION**

The Tahoe Regional Planning Agency (TRPA) was jointly created by the states of Nevada and California and the United States Congress. The TRPA leads the cooperative effort to preserve, restore, and enhance the unique natural and human environment of the Lake Tahoe region. TRPA's vision is to have a lake environment that is sustainable, healthy, and safe for the community and future generations. Under the Tahoe Regional Planning Compact, requests for state funds by the TRPA must be apportioned two-thirds from California and one-third from Nevada. As a planning agency, TRPA has the power to exercise effective environmental controls and perform other essential functions over the water, land, air, wildlife, and development of the Lake Tahoe region. Starting in 1997, with the Nevada and California Governors' Memorandum of Understanding and the Presidential forum, TRPA has led the cooperative efforts of funding the Environmental Improvement Program. Statutory Authority: NRS 277.190-277.220.
