It is remarkable how often the first interpretations of new evidence have confirmed the preconceptions of its discoverer.

- [1] Gaming Percentage Fees are reported in the month following the month of actual gaming activity.
- [2] Amounts are reported quarterly.
- [3] The rate of the Modified Business Tax for non-financial institutions was changed in FY 2010, FY 2012 and again in FY 2014, which accounts for most of the year-over-year change in revenues in those years. In FY 2010 and FY 2011, the rate was 0.5% on taxable wages up to \$62,500 per quarter and 1.17% on taxable wages above \$62,500. In FY 2012 and FY 2013, taxable wages up to \$62,500 per quarter were not taxed, while those above \$62,500 were taxed at 1.17%. In FY 2014 and FY 2015, taxable wages up to \$85,000 per quarter were not taxed, while those above \$85,000 were taxed at 1.17%. In FY 2016, the rate is scheduled to revert to the FY 2009 rate of 0.63% on all taxable wages with no exempted amounts.
- [4] Governmental Services Tax proceeds from commissions and penalties are transferred to the General Fund in FY 2012, FY 2103 and FY 2015; they are scheduled to be retained by the Department of Motor Vehicles in FY 2014 and in FY 2016 and beyond.
- [5] Business License Fees for initial application and annual renewal were increased to \$200 from \$100 beginning in FY 2010. The Business License Fee is scheduled revert to \$100 in FY 2016.
- [6] The rate of the Local School Support Tax was increased in FY 2010 to 2.60% from 2.25% previously. The rate is scheduled to revert to 2.25% in FY 2016.
- [7] In FY 2012 and FY 2013, the General Fund retained half of the quarterly fee per slot machine that that had been previously dedicated to the Account to Support Programs for the Prevention and Treatment of Problem Gaming.
- [8] FY 2010 and FY 2011 included several large diversions to the General Fund (most notably, a portion of property tax revenues collected by Clark and Washoe counties). These diversions were not continued in the 2011-2013 biennium. Their exclusion accounts for most of the decline between FY 2011 and FY 2012.
- [9] Prior to FY 2010, the Net Proceeds of Minerals Tax was collected on net proceeds from the calendar year ending in December of the given fiscal year. From FY 2010 through FY 2013, these taxes were collected based on an estimate of the net proceeds for the calendar year beginning in January of the given fiscal year and ending six months after the close of the given fiscal year, with a "true-up" to account for actual net proceeds due in the following fiscal year. In addition, in FY 2012 and FY 2013, the deduction for health and industrial insurance expenses was eliminated. Both the prepayment and deduction provisions are scheduled to revert to FY 2009 methodology in FY 2016 and beyond.
- [10] The period after which property is presumed to have been abandoned was reduced to 2 years from 3 years under certain conditions, producing a large in increase unclaimed property revenue in FY 2011 and FY 2012 compared with previous years.
- [11] Lodging tax revenues were deposited into the General Fund in FY 2010 and FY 2011; they are deposited into the Distributive School Account beginning in FY 2012 and are scheduled to be deposited into the Supplemental School Account in FY 2016 and thereafter.
