**PROGRAM DESCRIPTION**

The Nevada Occupational Safety and Health Administration (NVOSHA) is the OSHA-approved State Plan to ensure safe and healthful working conditions for workers by setting and enforcing standards and by providing training, outreach, education and assistance. A State Plan must be at least as effective in protecting workers and preventing work-related injuries, illnesses, and deaths as stated in the federal Occupational Safety and Health (OSH) Act of 1970.

Within NVOSHA, the Nevada Bureau of Labor Statistics (NVBLS) unit collects and publishes statistics on Nevada workplace injuries, illnesses, and fatalities. NVBLS works closely with the federal Bureau of Labor Statistics (BLS) regional office.

The Mechanical Compliance Section (MCS) provides oversight and direction, as well as adherence to policies and procedures and compliance with regulations and codes governing all elevators, escalators, moving walks, boilers, and pressure vessels. Safety of the public and the employees of all who use these pieces of equipment is the primary goal, through education, enforcement, permitting, and emergency response.

Statutory Authority: NRS 618.175, NRS 618.185, NAC 618, NRS 455C and NAC 455C.

**B&I - WEATHERIZATION  
101-4865**

**PROGRAM DESCRIPTION**

The Weatherization Program works in combination with the Federal Department of Energy's Weatherization Grant Program, the state's Universal Energy Charge (tax), other state agencies and the private sector to help low-income families improve energy efficiency for their homes, minimizing utility costs. Most funds are expended through sub-grantees who are carefully trained and monitored in their efforts to test for weather-related air and water leakages in homes and multi-family projects of low-income families. Once a dwelling unit is determined to need specific assistance, insulation, windows, doors, heaters, or water heaters are procured and installed by licensed contractors. The staff conduct quality control audits, training programs and assist in outreach efforts. Statutory authority: NRS 702.250.

**BASE**

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

In addition, there are 11 State bargaining units, 7 of which are currently represented by labor organizations, and which total over 18,000 employees. Statutory Authority: NRS 288.

**GOED - RURAL COMMUNITY DEVELOPMENT  
101-1528**

**PROGRAM DESCRIPTION**

The Rural Community Development budget houses the state's Community Development Block Grant (CDBG) Program on behalf of small cities and rural counties in Nevada. The goal of the CDBG Program is to build rural Nevada communities where current and future generations can choose to live healthy, productive, and prosperous lives. Through collaboration with various government agencies, businesses and non-profit groups, the CDBG Program assists rural communities to remain economically viable by improving living conditions and providing economic opportunities through the administration of Nevada's share of the federal Community Development Block Grant, as well as providing training and technical assistance. The CDBG Program helps provide communities with adequate infrastructure, suitable housing and living environments, and encourages sustainable community and economic development. Activities are focused primarily for the benefit of low-to-moderate income persons. Statutory/Regulatory Authority: NRS Chapter 231, 24 CFR Part 570, 24 CFR Part 91.

**GOED - PROCUREMENT OUTREACH PROGRAM  
101-4867**

**PROGRAM DESCRIPTION**

The Procurement Outreach Program budget houses the Nevada Procurement Technical Assistance Center (PTAC), which provides assistance to Nevada businesses to enable them to identify potential contractual opportunities with federal and/or state and local governments and government prime contractors and to obtain or perform under contracts with these entities. Specialized assistance from the PTAC may include: locating marketing opportunities for Nevada businesses; educating clients about electronic commerce with government entities; assisting with various registrations and certification requirements; conferring on matters regarding bid/proposal preparation for eventual offer submission by the client to government and government-related entities; and helping clients navigate through post-contract award issues. The result is creating jobs for Nevadans through businesses successfully contracting with the government. This will bring federal funding to the state and keep local tax dollars in Nevada. Statutory Authority: NRS Chapter 231 and Title 10 USC Chapter 142.

**BASE**

This request continues funding for seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**GOED - NEVADA SSBCI PROGRAM  
101-1521**

**PROGRAM DESCRIPTION**

The Small Business Jobs Act of 2010 (the Act) was created to help increase credit availability for small businesses. The Act created the State Small Business Credit Initiative (SSBCI) and appropriated \$1.5 billion to be used by the U.S. Department of the Treasury to provide direct support to states for use in programs designed to increase access to credit for small businesses. Nevada's allocation was \$13.8 million. Participating states use federal funds for programs that leverage lending to help finance small businesses and manufacturers that are creditworthy, but have not been able to access loans they need to expand operations and create jobs. In 2017, the U.S. Treasury transferred the program to state ownership. The program currently consists of two initiatives:

1. Collateral Support Program - allows cash collateral up to 35% of a loan to a qualified business to be placed on account at the lending institution. This collateral may be drawn upon on a proportional risk basis in the event of default.
2. Battle Born Venture Capital Program - provides equity and equity-like funding to start-up and growing companies. Companies must have sales to qualify.

**TOURISM - NEVADA HUMANITIES**

**101-2894**

**PROGRAM DESCRIPTION**

Nevada Humanities is a non-profit, nationally-recognized program that works in partnership with local communities to develop and fund humanity activities and educational programs. Established under provisions contained in the federal legislation creating the National Endowment for the Humanities, Nevada Humanities creates an environment conducive to economic development, heritage tourism, and quality education by fostering humanities activities such as lectures, exhibits, publications, book festivals, historic performances, teacher institutes, documentary films, interpreted art presentations, and a humanities grants program. After four consecutive biennia of legislative provisions of one-shot funding to support a southern Nevada office, the 2005 Legislature converted the one-shot funding request to an ongoing General Fund appropriation.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**TOURISM - MUSEUMS & HIST - LOST CITY MUSEUM**  
**101-1350**

**PROGRAM DESCRIPTION**

The Lost City Museum in Overton, Nevada, located near the Moapa Paiute Indian Reservation, serves the public by studying, preserving, and protecting ancient Puebloan sites and artifacts found in the Moapa Valley area and interpreting these collections through exhibits, public programs, and publications. The Lost City Museum facility is itself an artifact, a Civilian Conservation Corps reproduction of an adobe pueblo dwelling complex, which has been preserved for future generations. An active archaeological program sponsors pottery workshops and other educational programs as well as occasional archeological digs. Interior and exterior exhibits on the grounds attract numerous tourists interested in topics relating to the Anasazi Pueblo complex, other early Native American cultures of southern Nevada, and the later history of the Moapa Valley, including Mormon settlement, mining, and railroads. The museum serves regional audiences of Native Americans, youth, students, families, adults, and a wide-reaching network of scholars and researchers interested in Native American cultures. Statutory Authority: NRS 381.

**101-2940**

**PROGRAM DESCRIPTION**

The Nevada State Museum, located in the state capital of Carson City, is the state's largest museum. Housed in the historic 1869 Carson City Mint building and listed on the National Register of Historic Places, the museum is an icon and historical artifact. The museum serves the public through extensive collections, education, and exhibition programs related to Nevada's rich heritage of prehistory, history and natural history. The museum preserves collections at several locations, including the Marjorie Russell Clothing and Textile Research Center and the Indian Hills Curatorial Center. The museum also provides technical assistance for Nevada's non-state museums' public history support for a variety of reference and public program requests, and fosters occasional archaeological and natural history fieldwork. America's largest exhibited Imperial Mammoth; Dat So La Lee Baskets; "U.S.S. Nevada" silver service; a replica walkthrough mine and ghost town; and Coin Press No. 1 are all on exhibit. Statutory Authority: NRS 381.

**HHS-DO - GRANTS MANAGEMENT UNIT  
101-3195**

**PROGRAM DESCRIPTION**

The Office of Community Programs and Grants consolidates the function and management of grant programs that pass funds through to community level and state sub-recipients. This unit was created to ensure the standardization of procedures, simplification of accounting and co-location of staff. The efficiencies realized allow the department to use fewer funds for administrative purposes and to pass more funds to grantees providing direct services. Grantees have also benefited from the standardized procedures used to request funding.

**BASE**

This request continues funding for seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**HHS-DO - INDIGENT HOSPITAL CARE**  
**628-3244**

**PROGRAM DESCRIPTION**

The Fund for Hospital Care to Indigent Persons was created pursuant to NRS 428.175 and is administered by a Board of Trustees consisting of four county commissioners and one director of a county social services agency appointed by the Governor. To account for Fund activity, the Indigent Hospital Care budget account was established. The Board may enter into an agreement with the Division of Health Care Financing and Policy and to provide the state share of certain Medicaid expenditures relating to hospital care. Funds in the account may also be used to reimburse providers of care (through county applications) for unpaid services provided to an indigent person in excess of \$25,000. Additionally, counties may be reimbursed for their share of nonfederal long-term care expenditures for indigent persons. Statutory Authority: NRS 428.115 - 428.255.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

Senate Bill 274 of the 77th Session amended NRS 433.354, 433B.220, 422A, 427A and 439 that allowed for the creation of the Private Hospital Collaborative Upper Payment Limit (UPL) program. This UPL program allows various divisions within the Department of Health and Human Services to transfer savings associated with certain health care and social services related contract expenditures to this budget account. Savings are realized when budgeted contracted services are funded by an alternative funding source. When requested, funds are transferred to the Division of Health Care Financing and Policy to support the state share of the Private Hospital Collaborative Upper Payment Limit (UPL) supplemental payment program. Excess funding is reverted to the General Fund or Healthy Nevada Fund.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

# Aging and Disability Services

**DEPARTMENT OF HEALTH AND HUMAN SERVICES** - The Department of Health and Human Services promotes the health and well-being of Nevadans through the delivery of essential services to ensure families are strengthened, public health is protected, and individuals achieve their highest level of self-sufficiency. The department consists of the following divisions: Aging and Disability Services; Child and Family Services; Health Care Financing and Policy; Public and Behavioral Health; Welfare and Supportive Services. Statutory Authority: NRS 232.290-465.

**Department Budget Highlights:**

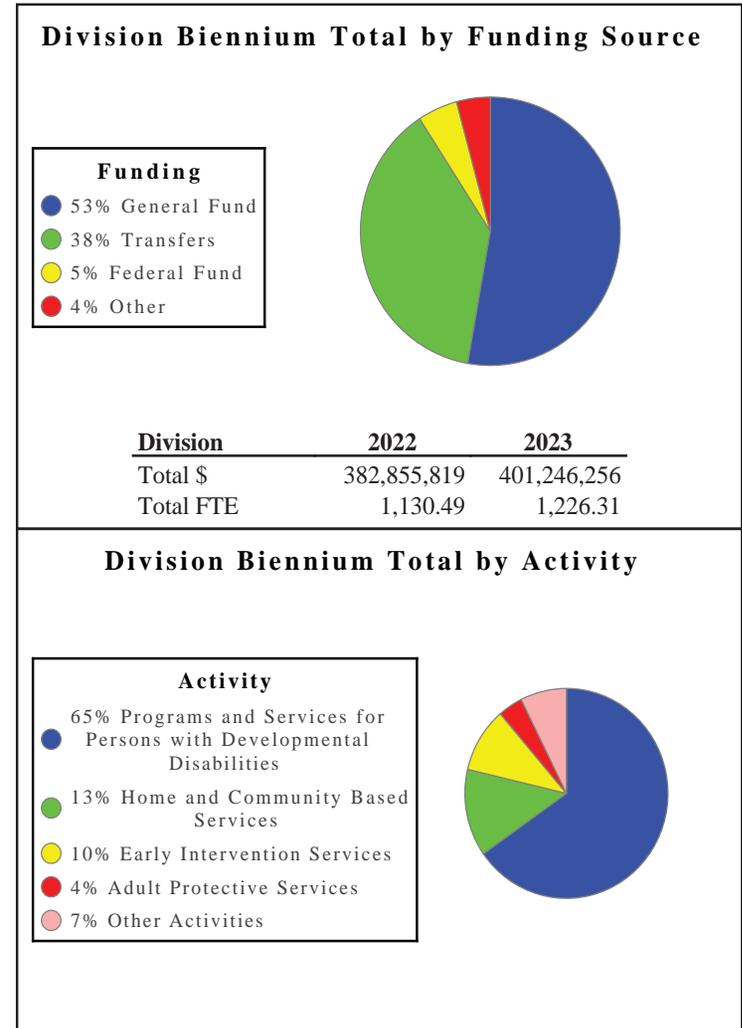

- 1. Department-wide Standardization** - Data Analytics was created to support department-wide standardization, collaboration and capacity building in relation to analytics. This will allow the department to move to an analytic culture of proactive analytics to drive policy and decision making.
- 2. Leveraging and Maximizing Resources** - Office of Consumer Health Assistance and 2-1-1 Program are transferred to the Division of Aging and Disability Services to collaborate with Adult Protective Services and improve consumer access, data collection and inform policy change.

**DHHS - AGING AND DISABILITY SERVICES DIVISION** - The mission of the Aging and Disability Services Division is to ensure the provision of effective support and services to meet the needs of individuals and families, helping them lead independent, meaningful and dignified lives.

**Division Budget Highlights:**

1. **Homemaker Program** - The budget includes funding for homemaker services transferring to the Planning Advocacy and Community unit to be granted to community agencies providing this service. This enhances community capacity and reduces duplication of service coordination between the state and local agencies.
2. **Independent Living Grants** - The budget includes increased funding to support independent living programs, reduce waitlist and ensure supports to enable older persons and individuals with disabilities to remain at home and avoid institutional placement.
3. **Waiver Waitlist Reductions** - The budget includes waiver waitlist reductions for the home and community-based waivers operated by the division with the intent to serve all consumers waiting longer than 90 days for services in compliance with the Olmstead decision and the requirement to serve consumers timely.
4. **Caseload Growth** - The budget includes caseload growth for programs that serve children with disabilities, individuals with intellectual disabilities, adults with physical disabilities, seniors, and for the Long-Term Care Ombudsmen program that assists consumers in long-term care facilities.

**Activity: Autism Treatment and Assistance Programs**

## HHS-ADSD - EARLY INTERVENTION SERVICES

101-3208

### PROGRAM DESCRIPTION

Early Intervention Services are provided to children from birth to three years of age who have known or suspected developmental delays in the areas of cognition, communication, physical development (including vision and hearing), social and emotional development, and/or adaptive skills as required by Part C of the Individuals with Disabilities Education Act. Services may include, but are not limited to service coordination; occupational, physical and speech therapy; vision and hearing services; specialized instruction; parent support; assistive technology; pediatric diagnostic evaluations; nutritional services; and family training and counseling. Services are primarily provided in the home, childcare and preschool settings, and/or Early Head Start programs. In collaboration with local hospitals, early intervention state programs provide follow-up developmental and pediatric services for hospital neonatal intensive care nurseries and follow-up hearing evaluations for the newborn hearing screening program. Early intervention personnel provide administrative and physician support for specialty clinics for children in the areas of genetic disorders, metabolic disorders and craniofacial anomalies. Nevada Early Intervention Programs provide early intervention services in all of Nevada's 16 counties. Regional offices are located in Reno, Carson City, Winnemucca, Elko, Ely, and Las Vegas.

### BASE

**HHS - ADSD- AUTISM TREATMENT ASSISTANCE PROGRAM  
101-3209**

**PROGRAM DESCRIPTION**

Autism Treatment Assistance Program (ATAP) assists parents and caregivers with the cost of providing Autism-specific treatments to their child with Autism Spectrum Disorder. ATAP provides a monthly allotment to pay for on going treatment development, supervision and a limited amount of weekly intervention hours based upon a child's individual treatment plan, age and income. Within ATAP policy guidelines, the monthly allotment is intended to help parents pay for treatment. ATAP only funds treatments that have been proven by research to be evidence-based, including Applied Behavioral Analysis, Verbal Behavioral and Pivotal Response programs. Covered services include parent training; program development and supervision; daily intervention hours; and essential tools and equipment. ATAP may also fund speech, occupational and physical therapy when other resources do not provide coverage. ATAP also provides targeted case management to assist the family with the coordination of community-based services. Statutory Authority: NRS 427A.871 through 427A-8803.

**HHS-ADSD - FAMILY PRESERVATION PROGRAM  
101-3166**

**PROGRAM DESCRIPTION**

The Family Preservation Program provides financial assistance on a monthly basis to low-income families residing in Nevada who are providing care in their home for family members with a profound or severe intellectual disability. Also covered are children under six years of age who have developmental delays that require support equivalent to that required by a person with profound or severe intellectual or developmental disabilities. The purpose of this assistance is to help offset expenses necessary to meet the special needs of the person with intellectual disabilities and to help strengthen and support families, thereby keeping families intact and reducing the need for out-of-home placement. Families use assistance payments to obtain specialized supplies or equipment (wheelchairs, clothing, diapers, therapy services, special diets, transportation services) and general income supplementation. Statutory Authority: NRS 435.365.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

Rural Regional Center (RRC) has offices in nine sites that provide support services for people with intellectual and/or developmental disabilities and their families. RRC serves all Nevada counties except Washoe County and the Las Vegas area in Clark County. RRC provides services to residents of all ages. Most services are funded by Medicaid through the Home and Community Based Waiver and Targeted Case Management. Each individual eligible for services is assigned a Service Coordinator that supports the individual with monitoring, assessing, referral and linkage to requested services through the person-centered planning process, with the goal of self-sufficiency, community inclusion and meaningful life. Additional services provided through RRC include respite; various levels of residential supported living arrangements to include 24 hour and intermittent; job training, day programming, and supported employment; psychological and behavioral assessments and intervention; nursing assessments and consultations; and quality assurance oversight. Statutory Authority: NRS 433 and 435.

**BASE**

This request continues funding for 51.79 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## PRESCRIPTION DRUG REBATE

101-3245

### PROGRAM DESCRIPTION

The Prescription Drug Rebate account was created to provide transparency of drug rebates pursuant to the Letter of Intent from the 2019 Legislative Session. Funds are transferred to the Nevada Medicaid, Title XIX, budget account 3243 to support Medicaid expenditures.

The Medicaid Drug Rebate Program (MDRP) is a program that includes Centers for Medicare & Medicaid Services (CMS), state Medicaid agencies and participating drug manufacturers that helps to offset the federal and state costs of most outpatient prescription drugs dispensed to Medicaid patients. Approximately 600 drug manufacturers currently participate in this program. Drug manufacturers who wish to participate must first sign a rebate agreement with CMS. State Medicaid programs will only reimburse for drugs if the manufacturer is participating in the CMS Drug Rebate Program. The drug manufacturers pay a rebate (monies) to Nevada Medicaid for the drugs covered by Nevada Medicaid. This program was enacted out of concern for the costs Medicaid programs were paying for outpatient drugs.

Section 1927 of the Social Security Act authorized all fifty states and the District of Columbia cover prescription drugs under the MDRP. The Deficit Reduction Act of 2005 requires State Medicaid programs to collect rebates for physician/outpatient-facility administered drugs and drugs sold through pharmacies. The Affordable Care Act expanded the rebate requirement to include drugs that all managed care organizations cover.

**HHS-HCF&P - INTERGOVERNMENTAL TRANSFER PROGRAM**  
**101-3157**

**PROGRAM DESCRIPTION**

The Intergovernmental Transfer (IGT) budget account collects payments from counties and other public entities to be used as non-federal share of Medicaid supplemental payments, thus reducing the need for General Fund appropriations. The IGT budget account collects payments from Clark and Washoe counties in support of supplemental Disproportionate Share Hospital (DSH) payments to hospitals. DSH payments support facilities that serve a disproportionate share of Medicaid, indigent or other low-income patients. This reduces the burden of uncompensated costs for these facilities. The IGT budget account collects payments from counties, county hospital districts and other public entities to support supplemental Upper Payment Limit (UPL) payments to providers for inpatient and outpatient hospital services and Graduate Medical Education. The UPL program allows supplemental payments to certain providers to fill the gap in payments from what Medicaid reimburses compared to the upper payment limit of what the Medicare program would reimburse for the same services. In addition, the IGT collect payments from school districts and emergency para-transit transportation services to facilitate Medicaid payments for services to Medicaid recipients. All payments are deposited to this account and transferred as needed to Nevada Medicaid, Title XIX, budget account 3243, for medical payments; to Health Care Financing and Policy Administration, budget account 3158, for related administrative costs; and Nevada Check Up (NCU), budget account 3178, for medical payments. The remainder, if any, is balanced forward to reserve. Statutory Authority: NRS 422.380 through 422.390 and the Nevada State Plan under Title XIX of the Social Security Act.

**BASE**

**HHS-HCF&P - INCREASED QUALITY OF NURSING CARE**  
**101-3160**

**PROGRAM DESCRIPTION**

The Increased Quality of Nursing Care budget account was established when the 2003 Legislature instituted a long-term care provider tax on freestanding long-term care facilities to increase the quality of long-term nursing care in Nevada. The tax rate is based on 6% of net patient revenues (42 CFR 433.68). The proceeds of the tax are deposited to this account and used as the non-federal share of a supplemental payment to free standing nursing facilities in Nevada. The funds collected are transferred as needed to Nevada Medicaid, Title XIX, budget account 3243, to make supplemental payments to skilled nursing facilities caring for Medicaid recipients and to Health Care Financing and Policy Administration, budget account 3158, for related administrative costs. The remainder, if any, is balanced forward to reserve. Statutory Authority: NRS 422.3755 through 422.379.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**HHS-HCF&P - NEVADA CHECK UP PROGRAM  
101-3178**

**PROGRAM DESCRIPTION**

The Nevada Check Up Program was established when Nevada initiated a Children's Health Insurance Program (CHIP) in 1998. Under Title XXI of the Social Security Act, CHIP provides options for states to cover health care costs for low-income, uninsured children not eligible for Medicaid, whose family income is at or below 200% of the federal poverty level. The Nevada Check Up Program is a stand-alone program. It is not an entitlement program nor is it part of the Medicaid Program. Families are assessed quarterly premiums based on family size and income. The Division of Welfare and Supportive Services and the Department of Health and Human Services, Office of Analytics provide recipient caseload forecasts. Cost-per-eligible recipient data is produced from the Medicaid Management Information System and is based on paid medical claims history. This data is factored with the caseload projections to produce budgeted medical expenditures. Statutory Authority: NRS 432A.300, NRS 422, Federal Title XXI of the Social Security Act, and Section 42 of the Code of Federal Regulations.

**PROGRAM DESCRIPTION**

This budget account represents Medicaid medical costs for the Division of Health Care Financing and Policy as authorized by Federal Title XIX of the Social Security Act. The division's mission is to purchase and provide quality health care services to low-income Nevadans in the most efficient manner; promote equal access to health care at an affordable cost to the taxpayers of Nevada; restrain the growth of health care costs; and review Medicaid and other State health care programs to maximize potential federal revenue. Federal regulations define mandatory recipient groups to be covered. The Division of Welfare and Supportive Services and the Department of Health and Human Services, Office of Analytics provide recipient caseload forecasts. Cost-per-eligible recipient data is produced from the Medicaid Management Information System and is based on paid medical claims history. This data is factored with the caseload projections to produce budgeted medical expenditures. Statutory Authority: NRS 422, NRS 439B, Federal Title XIX of the Social Security Act, Section 42 Code of Federal Regulations, and the Nevada State Plan.

**M802 COST ALLOCATION**

This request funds changes to cost allocation charges based on the Public and Behavioral Health (DPBH) Administration's cost allocation schedule.

The share of cost allocation among the behavioral health (BH) accounts has increased for the upcoming biennium. In prior biennia, cost allocation was only partially allocated to the BH budgets. This resulted in BH budgets providing little to no cost allocation fees to the administrative budgets. DPBH proposes to allocate administrative costs utilizing the FTE-based methodology, in order for the BH accounts to appropriately share in funding the administrative accounts.

**E802 COST ALLOCATION**

This request funds changes to cost allocation charges based on the Public and Behavioral Health (DPBH) Administration's cost allocation schedule.

The share of cost allocation among the behavioral health (BH) accounts has increased for the upcoming biennium. In prior biennia, cost allocation was only partially allocated to the BH budgets. This resulted in BH budgets providing little to no cost allocation fees to the administrative budgets. DPBH proposes to allocate administrative costs utilizing the FTE-based methodology, in order for the BH accounts to appropriately share in funding the administrative accounts.

**PROGRAM DESCRIPTION**

The Temporary Assistance for Needy Families (TANF) program provides cash assistance to low income families with children as the parents work toward becoming self-sufficient. The program's goal is to reduce the number of families living in poverty, through employment and community resources. TANF is a needs-based program for families with children under age 18 (or under age 19 if the child is in high school) who need financial support because of: death of a parent; parent is absent from the home; physical or mental incapacity; or unemployment of parent.

The four purposes of TANF are 1) provide assistance to needy families so children may be cared for in their homes or in the homes of relatives; 2) end the dependence of needy parents on government benefits by promoting job preparation, work, and marriage; 3) prevent and reduce the incidence of out-of-wedlock pregnancies; 4) encourage the formation and maintenance of two-parent families.

TANF is federally funded through a block grant from the federal Department of Health and Human Services. Under the Maintenance of Effort (MOE) provision in the federal regulations, states are required to contribute money equal to 80% of the amount spent on Aid to Families with Dependent Children (AFDC) and AFDC-related programs during fiscal year 1994. The 80% MOE can be reduced to 75% for each year the work participation rates are met. For Nevada, the total TANF MOE is \$27,188,122 of which \$24,607,702 is in the TANF budget account. The remaining \$2,580,420 is spent in the Child Care budget account 3267, which is counted as MOE for both TANF and Child Care. If TANF contingency funds are received, a 100% MOE match is required. The TANF program mandates the state to participate in the Child Support Enforcement Program. Statutory Authority: NRS Chapter 422A.

**BASE**

This request continues funding for the TANF program. One-time expenditures have been eliminated and partial year cost have been annualized.

**PROGRAM DESCRIPTION**

The State Supplemental Assistance Program provides an additional payment to low income aged and blind individuals receiving Supplemental Security Income (SSI) and provides adult group care facilities with a greater supplement to assist recipients in avoiding or delaying institutionalization. The federal government started the SSI program on January 1, 1974. The program is administered by the Social Security Administration (SSA) and states were given the option to make payments in addition to the amount paid by the federal government. Nevada has paid a state supplement to the aged and blind since the start of the program. The prevention or delay of institutionalization results in cost savings for the Medicaid program.

The Division of Welfare and Supportive Services contracts with the SSA to determine eligibility for and issue the state supplement. States pay a per check charge for each SSI payment made. The state supplement and federal payment are paid monthly to the recipient and combined in one check from the SSA. Statutory Authority: NRS Chapter 422A.

## HHS-WELFARE - WELFARE FIELD SERVICES

101-3233

### PROGRAM DESCRIPTION

The Welfare Field Services budget provides staff salaries and operating expenses for the various programs administered by Division of Welfare and Supportive Services. This budget account primarily consists of Family Services Specialists who determine eligibility for the major program areas which include: Temporary Assistance for Needy Families; Supplemental Nutrition Assistance Program; various Medicaid programs; and Children's Health Insurance Program. Family Services Specialists and Social Workers provide employment and support services to assist the needy in overcoming barriers to self-sufficiency.

The federal government mandates specific quality and performance measures for eligibility, client support, and periodic reviews of client circumstances. The state is subject to penalties in the form of grant reductions for non-compliance with the performance measures. If penalized, the state is required to replace the grant reductions with General Fund appropriations restoring the available program funding to the pre-penalty level. Additionally, program integrity and fraud protection is an integral part of Welfare Field Services responsibility.

Welfare Field Services is required to provide service and appropriate eligibility to anyone seeking access to DWSS administered programs. All requests are provided a consistent level of quality service. Statutory authority: NRS Chapter 422A.

**HHS-WELFARE - CHILD SUPPORT ENFORCEMENT PROGRAM**  
**101-3238**

**PROGRAM DESCRIPTION**

The Child Support program is a family-first program to ensure families can achieve safe, stable, and healthy lives by making child support a more reliable source of income. Services are available to either parent when the other parent is living outside the home. Services are offered automatically to families receiving Temporary Assistance for Needy Families.

The program works to ensure children have the financial and medical support of both parents, to foster responsible behavior towards children, and to emphasize that children need both parents involved in their lives. In Nevada, this program is administered by the Division of Welfare and Supportive Services and jointly operated with participating District Attorneys' offices. Statutory Authority: NRS Chapters 31A and 425.

**BASE**

This request continues funding for 117 employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

The Child Support Federal Reimbursement budget account is used to pass through federal payments to participating district attorneys' offices for the federal share of costs associated with their local child support programs. Currently, nine of Nevada's 17 district attorneys participate to do program intakes, locate non-custodial parents, establish paternity, and establish financial and medical support orders. This budget account was created in 1999 to separate the state's administrative costs in Child Support Enforcement Program, budget account 3238 from the pass-through of federal funds to the district attorneys. Statutory Authority: NRS Chapters 31A and 425.

**BASE**

This request continues funding for ongoing Child Support Federal Reimbursement program operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**HHS-WELFARE - CHILD ASSISTANCE AND DEVELOPMENT**  
**101-3267**

**PROGRAM DESCRIPTION**

The Child Care and Development Program, administers the Child Care and Development Fund (CCDF). The funding assists low-income families, families receiving temporary public assistance, and those transitioning from public assistance. The program helps families find and pay for child care to help all family members achieve their potential. CCDP also funds activities to improve the quality of and access to child care. The division partners with the Children's Cabinet in Northern Nevada and Las Vegas Urban League in Southern Nevada to determine eligibility for assistance and provide child care resource and referral.

General Fund appropriations pay for the state Maintenance of Effort required to receive federal funding. The CCDF is authorized under the Child Care and Development Block Grant Act (CCDBG) which was enacted under the Omnibus Budget Reconciliation Act of 1990. The CCDBG Act was amended and reauthorized by the Personal Responsibility and Work Opportunity Act of 1996, and again by the CCDBG Act of 2014. Statutory Authority: NRS Chapter 422A.

**BASE**

**HHS-WELFARE - ENERGY ASSISTANCE PROGRAM**  
**101-4862**

**PROGRAM DESCRIPTION**

The mission of the Energy Assistance Program (EAP) is to assist eligible Nevada citizens in meeting their heating and cooling needs. The EAP provides payments for eligible households, which can be applied to either their heating or cooling providers, or split between the two. In addition, the EAP program provides arrearage assistance to eligible households affording them the opportunity to use their annual EAP benefit allotment as a subsidy to meet monthly heating/cooling costs. EAP payment funding is provided by the Low Income Home Energy Assistance block grant and through the Fund for Energy Assistance and Conservation, budget account 6031, which was created as a result of legislation approved during the 2001 Legislative Session to collect a Universal Energy Charge from certain electric/gas utilities. Statutory Authority: NRS Chapters 422A and NRS 702.

**BASE**

This request continues funding for 21 employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## HHS-DCFS - INFORMATION SERVICES

101-3143

### PROGRAM DESCRIPTION

Information Services (IS), formerly UNITY/SACWIS, is the unit within the Division of Child and Family Services (DCFS) that supports the technology needs of the division and the county child welfare agencies. IS maintains three major computer applications: Unified Nevada Information Technology for Youth (UNITY), CaseloadPro and Avatar. UNITY is a federally mandated Comprehensive Child Welfare Information System that is required by child welfare agencies nationwide to submit adoption and foster care information electronically to the Administration for Children and Families. UNITY became fully operational statewide in September 2003 and has been modified extensively to help meet the changing business requirements of the organization. Implemented in 2018, CaseloadPro is the case management system for the Youth Parole Bureau. Operational since 2005, Avatar is the Health Insurance Portability and Accountability Act compliant case management and billing system that supports children's mental health. Additionally, IS provides helpdesk support and application training to the three Nevada child welfare agencies (Division of Child and Family Services, Clark County Department of Family Services and Washoe County Human Services Agency) as well as division-wide network and desktop computer support.

## HHS-DCFS - WASHOE COUNTY CHILD WELFARE

**101-3141**

**PROGRAM DESCRIPTION**

This budget account provides funding for the Washoe County Human Services Agency (WCHSA) to operate child welfare programs. These programs include Adoption Assistance, Foster Care Assistance and Kinship Guardianship Assistance. Federal Title IV-E, Federal Title IV-B subpart 1, Child Support enforcement receipts and General Fund appropriations pass through this budget account to WCHSA.

The current block grant funding formula has been in place since it was passed by the 2011 Legislative session. The block grant has three major components; 1) a categorical grant for Adoption Assistance which is adjusted biennially for caseload growth; 2) a block grant for Foster Care maintenance payments and administrative expenditures; 3) an incentive payment tied to WCHSA's completion of specific performance targets set forth in the annual agency improvement plan. The amount of the Foster Care block grant also includes allotments for Specialized Foster Care and Respite Care. The block grant is not restricted by traditional definitions and funding limitations but is driven by the needs of children and families in their community. WCHSA can retain locally all the savings generated if the services provided by the county are less than the budgeted amount of the block grant. In addition, WCHSA must maintain a minimum Maintenance of Effort which is tied to the amount of local funds spent for child welfare and child protective services at a level equal to or greater than the amount appropriated for fiscal year 2011. Statutory authority: NRS 432B.2185 and 432B.219.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**HHS-DCFS - CLARK COUNTY CHILD WELFARE**

**101-3142**

**PROGRAM DESCRIPTION**

This budget account provides funding for the Clark County Department of Family Services (CCDFS) to operate child welfare programs. These programs include Adoption Assistance, Foster Care Assistance and Kinship Guardianship Assistance. Federal Title IV-E, Federal Title IV-B subpart 1, Child Support receipts and General Fund appropriations pass through this budget account to CCDFS.

The current block grant funding formula has been in place since it was passed by the 2011 Legislative session. The block grant has three major components; 1) a categorical grant for Adoption Assistance which is adjusted biennially for caseload growth; 2) a block grant for Foster Care maintenance payments and administrative expenditures; 3) an incentive payment tied to CCDFS' completion of specific performance targets set forth in the annual agency improvement plan. The amount of the Foster Care block grant also includes allotments for Specialized Foster Care and Respite care. The block grant is not restricted by traditional definitions and funding limitations but is driven by the needs of children and families in their community. CCDFS can retain locally all the savings generated if the services provided by the county are less than the budgeted amount of the block grant. In addition, CCDFS must maintain a minimum Maintenance of Effort which is tied to the amount of local funds spent for child welfare and child protective services at a level equal to or greater than the amount appropriated for fiscal year 2011. Statutory authority: NRS 432B.2185 and 432B.219.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

Surplus balances are distributed in accordance with the guidance provided by the entity that issued the funds. The Treasurer's Office credits accrued interest to each child's separate account which is maintained in the Trust Fund for Child Welfare at the end of each interest period. ## HHS-DCFS - YOUTH ALTERNATIVE PLACEMENT

101-3147

### PROGRAM DESCRIPTION

The Youth Alternative Placement budget account was established to provide financial support to each regional facility for the detention of children who have been adjudicated as delinquent by Nevada courts. There are three regional facilities. Two of the camps are in Douglas County (China Spring Youth Camp and Aurora Pines Youth Camp) and one is in Clark County (Spring Mountain Youth Camp).

The China Spring Youth Camp and Aurora Pines Youth Camp are dedicated to helping approximately 40 male and 16 female mid-level offenders between the ages of 12 and 18 develop skills, knowledge and the experience necessary to promote health and resiliency, stop the progression of problems caused by delinquent behavior and interpret and avoid high-risk behavior patterns in an emotionally safe, comforting, challenging and nurturing environment. The facility provides structure and programs to assist juvenile offenders to overcome their delinquent behavior as well as opportunities to correct thinking errors, practice positive new social skills and facilitate reintegration into the family and community.

The Spring Mountain Youth Camp and its community-based program provide residential treatment for approximately 112 youth between the ages of 12 and 18. The programs at Spring Mountain Youth Camp provide for therapeutic, educational, social, medical, and recreational needs. Counseling and therapy are provided to the youth as needed through Clark County's psychological services. Aftercare services are provided by a team, which includes probation officers and a mental health therapist who work with youth prior to placement and through completion of probation. This program operates in cooperation with, and is supported by, local law enforcement agencies, the Clark County School District and various state agencies. Statutory Authority: NRS 62B.150

## HHS-DCFS - SUMMIT VIEW YOUTH CENTER

101-3148

### PROGRAM DESCRIPTION

Summit View Youth Center (SVYC) is a maximum-security youth correctional facility with a maximum capacity of 96 beds that provides programming and services to male juvenile offenders located near the Las Vegas urban center. During the 2010 Special Legislative Session, this facility was closed due to budget reductions. During the 2013 Legislative Session, funding was appropriated for the re-opening of the Summit View Youth Center under private contract. In the 2015 Legislative Session, the facility was approved for 48 state correctional beds for male youth between the ages of 12 and 20. SVYC is authorized and governed by NRS Chapter 63, State Facilities for Detention of Children, and those applicable statutes contained within NRS Chapter 62A, Juvenile Justice General Provisions. The physically secure nature of SVYC in comparison to the other two DCFS Juvenile Justice facilities allows DCFS to house the state's highest-risk youth in a secure environment. The programming at SVYC addresses delinquent youth who also may have been victims of abuse, abandonment and neglect, working closely with both public and private agencies in accomplishing goals. Programs include educational services from Clark County School District, mental health services including individual and group counseling and transition planning. Staff from SVYC coordinate with the Nevada Youth Parole Bureau and the Interstate Compact on Juveniles to ensure youth receive the best possible aftercare services once they are released from SVYC's jurisdiction. Youth who apply themselves to reach their goals in the shortest time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63.

**PROGRAM DESCRIPTION**

The Caliente Youth Center (CYC) is a secure juvenile residential facility located 150 miles north of Las Vegas in Caliente. There are seven housing units situated on 35 acres with a maximum capacity of 64 youth. CYC serves male and female youth between the ages of 12 and 19. CYC is authorized and governed by NRS Chapter 63, State Facilities for Detention of Children, and those applicable statutes contained within NRS Chapter 62A, Juvenile Justice General Provisions. The programming at CYC addresses delinquent youth who also may have been victims of abuse, abandonment and neglect, working closely with both public and private agencies in accomplishing goals. Staff from CYC coordinate with the Nevada Youth Parole Bureau and the Interstate Compact on Juveniles to ensure the youth receive the best possible aftercare services once they are released from CYC's jurisdiction. Youth who apply themselves to reach their goals in the shortest time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63.

## HHS-DCFS - NEVADA YOUTH TRAINING CENTER

101-3259

### PROGRAM DESCRIPTION

The Nevada Youth Training Center (NYTC) is a residential juvenile correctional facility serving male youth between the ages of 12 and 20 who are committed by the state's district courts for correctional care. Bed space of the facility was reduced from 110 to 60 beds during the 2013 Legislative Session. The facility is in Elko, Nevada, and operates a junior/senior high school program offering required and elective academic subjects, remedial programs (reading, math, and language), special education, and vocational education. Following the 2015 Legislative Session, youth are also able to participate in interscholastic sports including football, basketball and track and field. Some youth are eligible to participate in college-level courses upon completion of their high school education. Youth also receive counseling conducted individually or in small and large groups, monthly treatment team meetings and substance abuse counseling. Youth who apply themselves to reach their goals in the shortest amount of time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63.

**HHS-DCFS - YOUTH PAROLE SERVICES**

**101-3263**

**PROGRAM DESCRIPTION**

Youth Parole Services provides supervision and case management services to delinquent youth committed to the Division of Child and Family Services (DCFS) following adjudication of a delinquent act. Caseloads consist of delinquent youth committed to DCFS custody for placement at a correctional institution; youth on parole from such institutions; youth referred to Nevada for parole supervision from other states through the Interstate Compact on Juveniles (NRS 62I); youth committed to DCFS who require both correctional and mental health residential treatment; and youth under the age of 12 who are committed to DCFS for correctional care but who cannot by law be placed in an institutional setting.

Parole aftercare services are provided to youth through a continuum of services starting with client and family assessment, institutional visitation, and pre-release parole planning with youth while they are in the state youth correctional facilities. Based on these contacts, youth are provided with a reputable placement and appropriate parole programming. Youth who are unable to return to parents or guardians are provided residential care through division contracts for foster care, group care and residential treatment programs. While on parole, each youth is supervised to ensure compliance with conditions of parole and state and local laws. Counseling and guidance services are provided to facilitate the youth's successful participation in an educational and/or vocational program. Through day treatment classes and individual and group counseling, Youth Parole Services' counselors assist parolees in the development of competencies in their personal lives. Issues of anger control, substance abuse, gender-specific issues, gang membership, impulse control, social skills, and decision-making are addressed on an individual basis. Youth Parole Services operates the Interstate Compact on Juveniles which regulates the transfer of juvenile probation and parole supervision across state boundaries and is charged with arranging the return of delinquent runaways on demand. Statutory Authority: NRS Chapters 62, 62I, and 63.

**DETR - NEVADA P20 WORKFORCE REPORTING**  
**101-3270**

**PROGRAM DESCRIPTION**

The Nevada P20 Workforce Reporting system links the various data systems, automating the exchange of data and facilitating the assignment of unique identifiers that will de-identify the data and enable the participating agencies and stakeholders (e.g. Executive Office, Nevada Legislature, Nevada policy makers) to augment their access, research, and reporting capabilities. Legislation enacted during the 2011 Legislative Session of the Nevada State Legislature requires linking data for workplace purposes (Senate Bill 449, NRS 397). NRS 612.265 defines the circumstances under which the Administrator of Department of Employment, Training and Rehabilitation-Employment Security Division may share employment information. Statutory Authority: NRS 386.650

POST also develops and delivers exemplary training (both classroom and online), conducts its own basic training academy and provides professional courses for the officers throughout the state. POST performs statewide audits of all 139 agencies and 35 academies, providing guidance and oversight while monitoring their compliance with the standards set forth in the NRS and NAC. Statutory Authority: NRS 289.

## NDOC - PRISON MEDICAL CARE

101-3706

### PROGRAM DESCRIPTION

The mission of the Medical Division of the Nevada Department of Corrections (NDOC) is to provide quality, constitutionally mandated health care using an efficient system of managed care that is professional, humane and appropriate. Inmate health care is comprised of medical, dental and clinical mental health care. To fulfill its mission, the Medical Division operates infirmaries or clinics at all NDOC institutions. The major medical facility for the department is the Regional Medical Facility (RMF) integrated into the operation and perimeter of the Northern Nevada Correctional Center. The RMF provides inpatient medical care for serious medical conditions, surgical aftercare, inpatient mental health care, structured living unit for mental health patients after discharge from inpatient services, and long term care for fragile, aging and disabled inmates. Mental health extended care is also provided at High Desert State Prison. The camps and transitional housing centers obtain medical services from institutions specifically assigned to support them. In fiscal year 2003, the Medical Division resumed the provision of health care services for Ely State Prison and in fiscal year 2005, resumed the provision of health care services for Florence McClure Women's Correctional Facility from two different private health care contractors. In fiscal year 2004, inmate programming moved from the Medical Division and organized into a separate Programs Division, budget account 3711, which was funded by the Legislature. The Medical Division is not National Commission on Correctional Health Care (NCCHC) accredited; however, NCCHC standards are used as a guideline for policy and procedure development.

## NDOC - CORRECTIONAL PROGRAMS

101-3711

### PROGRAM DESCRIPTION

The Nevada Department of Correction's (NDOC) Programs Division incorporates nationally recognized risk-needs assessments during the intake and classification process to provide evidence-based psycho-educational programming, substance abuse treatment, re-entry, and transitional services. In addition, the division provides religious services, vocational training, counseling and therapy for inpatient/outpatient mental health issues, educational liaison services with local school districts, and special needs programs (for youth, aging, etc.); the Programs Division has also formed a partnership with local community colleges to offer post-secondary education opportunities. Programs Division professional staff includes mental health counselors, psychologists, social workers, substance abuse counselors, caseworkers, program officers, chaplains, and support staff. In addition to the services provided by our staff, there are approved volunteers who provide religious, 12-step, and other voluntary programming appropriate for inmate participation and growth. The division's inmate programs are funded in part by grants obtained by the NDOC or by partnerships with community organizations that obtain the grants and bring services to Nevada's inmates that will assist in their preparation for successful reintegration into our communities. Statutory Authority: NRS 209.4887.

**PROGRAM DESCRIPTION**

The Northern Nevada Correctional Center (NNCC) opened in 1964 as a medium custody facility with three housing units. From 1964 until 2008, six additional housing units were added. NNCC provides intake for the northern region and houses the Regional Medical Facility (RMF) for the Department of Corrections. The RMF provides inpatient medical and mental health services. In addition, there is a Medical Intermediate Care Unit and Structured Care Unit for inmates for which medical and mental health situations are stable but require additional staff monitoring. NNCC also houses the Regional Warehouse, which is the distribution center for the facilities located in Carson City and Reno. Educational services are conducted by the Carson City School District staff and include high school diploma, General Education Diploma, literacy programs, and English as a Second Language. A wide range of self-help and treatment programs are available and administered by medical, mental health, and program staff. Programs include the Senior Structured Living Program for inmates 60 years of age and older and a re-entry program to prepare inmates for reintegration into society. Current vocational programs include auto mechanics/auto shop and computer science. Silver State Industries manufactures a variety of products for governmental agencies and private entities through programs including a wood shop, a metal shop, a paint shop, mattresses, and an upholstery shop. Authority: NRS 209.

**PROGRAM DESCRIPTION**

The Florence McClure Women's Correctional Center (FMWCC) is located in Las Vegas. In 1996, this facility became operational to house women incarcerated in the department. The Corrections Corporation of America (CCA) owned and operated the facility until purchased by the State of Nevada in October 2001. Effective October 1, 2004, the Nevada Department of Corrections took possession of the facility, eliminating the need to contract with the CCA. Formerly known as the Southern Nevada Women's Correctional Center, the facility was renamed in 2007 in honor of Florence McClure and her contributions to improving conditions for incarcerated women. FMWCC houses all custody levels of female inmates in Nevada. The facility's capacity increased in 2008 with the addition of a 240-bed dorm and in 2009 with a 300-bed addition to the main facility. FMWCC has several various religious programs available to all inmates. Clark County School District offers High School Diplomas as well as Hi Set certificates. FMWCC has a substance abuse therapeutic community that offers long term substance abuse treatment. It also offers mental health treatment programs, re-entry program that prepares inmates for the reintegration into society, and the Pups on Parole Program that trains inmates to be certified dog handlers. In addition, FMWCC offers the New Path Cosmetology program that is designed to master the art and sciences of the cosmetology industry resulting in their Cosmetology license. FMWCC has one Prison Industry program which can employ over 70 inmates and is geared towards salvaging and re-packaging overstock products/merchandise. Statutory Authority: NRS 209.

**NDOC - CASA GRANDE TRANSITIONAL HOUSING  
101-3760**

**PROGRAM DESCRIPTION**

Casa Grande Transitional Housing (CGTH) opened in December 2005. The dormitory-style facility was built to house non-violent, low-risk male and female inmates within 18 months of their probable release. Casa Grande's mission is to allow these residents the opportunity to seek work, education, re-entry services and secure permanent housing prior to reintegrating into society. Wages earned by the residents are collected to offset the cost of their incarceration, pay any court ordered restitution, and funds upon release. Since its inception, Casa Grande has expanded its programs and has partnered with the Department of Public Safety, Division of Parole and Probation to include programs for parolees and probation violators. In addition, CGTH houses the Program of Regimental Discipline (PRD) "Bootcamp". This is an 11 month program that allows the successful trainee to no longer have a felony noted on their criminal record. Statutory Authority: NRS 209.

**101-3724**

**PROGRAM DESCRIPTION**

Northern Nevada Transitional Housing (NNTH) opened in October 2015. It is located in Reno and functions as a community assignment facility, housing inmates who are employed in the community. From earned income, inmates make restitution payments to victims and to criminal justice agencies, and may accumulate funds above restitution payments to facilitate their release in the community. NNTH provides opportunities for vocational training through the local community; educational opportunities include the pursuit of a high school equivalency, high school diploma, college certificates of achievement, and associate, baccalaureate and master's degrees; and treatment services through the local community such as substance abuse counseling and Alcoholics Anonymous and Narcotics Anonymous. The mission of NNTH is to provide for public safety by providing a transitional housing facility where offenders are given the opportunity for positive change and integration back to the community through work, education and programming to become productive members of society upon release. Statutory Authority: NRS 209.

## NDOC - STEWART CONSERVATION CAMP

101-3722

### PROGRAM DESCRIPTION

The Stewart Conservation Camp (SCC) is adjacent to the Northern Nevada Correctional Center and originally opened in 1978. In 1995, SCC was rebuilt and more than doubled the size of the original camp. SCC houses minimum custody and community trustee inmates in five dormitory type units. Inmates at SCC can earn their General Education Diploma. The largest employer of the inmates at SCC is the Nevada Division of Forestry. The inmates are assigned to twelve-man crews to work on conservation projects and fire suppression activities. Inmates also work for Prison Industries, which runs the ranch, dairy, and the Wild Horse Training program. Under the supervision of Prison Industries, the ranch employs in their operations: a commercial dairy, alfalfa production, and care for horses in coordination with the Department of Agriculture and the Bureau of Land Management. The Wild Horse Training program involves inmates training horses for adoption by the public. Additionally, some of the inmates are classified as community trustees who provide support services for several state agencies in Carson City. Statutory Authority: NRS 209.

**NDOC - THREE LAKES VALLEY CONSERVATION CAMP  
101-3725**

**PROGRAM DESCRIPTION**

The Three Lakes Valley Conservation Camp (TLVCC) is a minimum custody facility, adjacent to the Southern Desert Correctional Center (SDCC) at Indian Springs. This institution initially opened in 1982 as Indian Springs Conservation Camp with the opening of SDCC. At that time, the facility housed a male inmate population in an open bay facility. The institution opened with a 108 bed capacity, but was expanded to 150 beds in 1990. In 1994, the camp layout was restructured for better security and the capacity was increased to 248 inmates. In 2008, the facility was renamed Three Lakes Valley Conservation Camp, and in 2010 TLVCC was expanded further to incorporate a new facility that increased its total capacity to 384 inmates. The inmates at TLVCC support the Nevada Division of Forestry program for conservation and fire suppression with 12 man crews.

**PROGRAM DESCRIPTION**

The Jean Conservation Camp (JCC) houses female minimum custody inmates. Its parent institution is the Florence McClure Women's Correctional Center, which is 45 miles away. The camp opened in August 1988. New construction, completed in the spring of 1999, replaced existing housing units and increased capacity from 112 to 240 inmates. JCC became an all-female facility when the High Desert State Prison opened in September 2000. JCC has several various religious programs available to all inmates, General Education Diploma and high school diploma courses, and a variety of correspondence college level classes. In addition, JCC offers a wide variety of self-help programs provided by a Mental Health Counselor. The inmates housed at this facility support the Nevada Division of Forestry program for conservation and fire suppression with 12 man crews. Statutory Authority: NRS 209.
