2021 - 2023  
Executive Budget  
Governor Steve Sisolak

## Office of Governor Steve Sisolak

January 18, 2021

### **Honorable Members of the Senate and the Assembly:**

Transmitted herewith is the 2021-2023 Executive Budget for the State of Nevada.

The COVID-19 pandemic forced the State of Nevada, and the world, into a state of emergency unlike anything ever experienced in our collective history. Building a budget for the State for the next two years is a challenge in the best of times. Building a two-year budget during a global pandemic with a severely disrupted economic landscape is formidable. The Governor's Executive Budget highlights the pain wrought by the pandemic while also setting forth a clear plan to revitalize, innovate, and grow Nevada's economy.

During the 31<sup>st</sup> Special Session in July of 2020, the Nevada State Legislature had to make difficult cuts to the approved Fiscal Year (FY) 2021 budget based on summer revenue projections. However, December 2020 revised revenue projections were greater than predicted. Ultimately, state revenues – while still severely impacted by the economic crisis – never dropped as low as our worst expectations and this budget reflects that inconsistent, if not positive, ending point.

With the recent improvement in revenue projections, the Governor's Executive Budget calls on the Legislature to restore critical Medicaid and Neonatal Intensive Care Unit hospital service rates, and to immediately inject additional funds into small business grant programs to provide relief and assist Nevadans as quickly as possible.

Under the direction of Governor Sisolak and amidst the uncertainty over the timing and extent of federal relief at the end of calendar year 2020, the Governor's Finance Office worked closely with state agencies to make difficult decisions for the upcoming biennial budget. Agencies were tasked with carving out as much savings as possible in the form of difficult cuts while also balancing and prioritizing the heightened demands for public health, public safety, and economic preservation.

While these budget cuts are not as severe as expected following the 31<sup>st</sup> Special Session due to greater than expected December 2020 revenue projections, the Governor's Executive Budget required creativity as early targeted agency budget reductions were restored in this budget because of eleventh-hour additional relief and flexibility from the Federal government in the Omnibus COVID Relief Deal, signed on December 27, 2020.

With better-than-projected revenues, the State was able to restore some expenditures in FY 2022 and FY 2023, but not all of them. The revenues that support the Governor's Executive

Budget are still \$500 million less than the prior biennium, while the need for expanded, essential services continue to increase. This alone demonstrates a strong need for additional federal support to protect Nevada's public health while also reviving its economy.

Highlights of my Executive Budget include the following:

- Supplemental appropriations which are necessary to complete the current fiscal year. The largest of which is K-12 Education at **\$331 million** over the biennium to fund state and local revenue shortfalls experienced as a result of COVID-19's impact on the economy;
- **\$50 million** to supplement a program for targeted assistance to eligible small businesses, non-profits and other entities impacted by COVID-19;
- The Executive Budget recommends the phased implementation of Senate Bill 543 from the 2019 Session. This phased approach includes implementing the Pupil-Centered Funding Plan during the 2021-2023 biennium using only state revenues currently distributed through the Nevada Department of Education. This includes funding distributed through the Nevada Plan and state funded categorical grants. This is the first step in implementing a pupil-based funding formula that is equitable and transparent;
- Restoration of the **6% rate reduction** for Medicaid and NV Check Up providers and restoration of the rate increase for Neonatal Intensive Care Units;
- **\$25 million** investment in the Medical School at the University of Nevada Las Vegas;
- Includes funding for an Engineering and Academic Research building at the University of Nevada Las Vegas - **\$36.8 million** in General Obligation Bonds;
- Economic development and diversifying the economy is critical to Nevada's recovery and the Executive Budget includes an investment of **\$75 million** for infrastructure and economic development projects to go into the State Infrastructure Bank;
- Increased General Funds of **\$3.14 million** in funding for Autism Treatment and Assistance programs to address the projected waitlist;
- Medicaid enrollment is approximately **18.7%** higher than projected for the current biennium with additional growth of **2.2%** projected through the 2021-2023 biennium. The Executive Budget projects that approximately **778,000** individuals will be enrolled in Medicaid by the end of the 2021-2023 biennium;
- Preservation of Department of Health and Human Services caseloads for Aging and Disability Services;
- Restoration of the Going Home Prepared program to assist inmates with supports for successful transition back into their communities;

- Investment of **\$176 million** in Capital Improvement Projects (CIP) for maintenance projects statewide, including upgrading systems to improve efficiency;
- **\$5 million** to the Knowledge Fund to encourage creation and support for new business, business innovation, and to leverage federal funds; and
- Restoration of pay for state employees. Furloughs implemented effective January 1, 2021 will not be continued in FY 22-23.

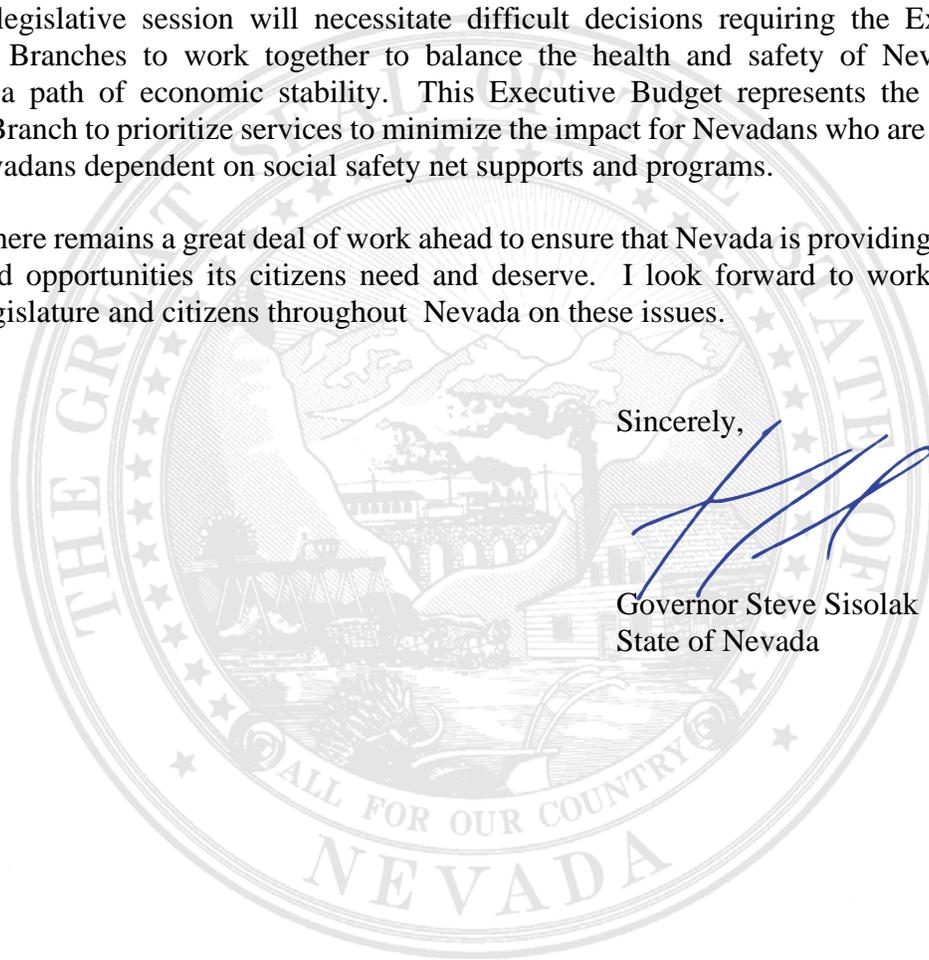

The 2021 legislative session will necessitate difficult decisions requiring the Executive and Legislative Branches to work together to balance the health and safety of Nevadans while navigating a path of economic stability. This Executive Budget represents the work of the Executive Branch to prioritize services to minimize the impact for Nevadans who are most in need – those Nevadans dependent on social safety net supports and programs.

However, there remains a great deal of work ahead to ensure that Nevada is providing the essential services and opportunities its citizens need and deserve. I look forward to working with the Nevada Legislature and citizens throughout Nevada on these issues.

Sincerely,

Governor Steve Sisolak  
State of Nevada

# TAX ABATEMENTS PROGRAMS FISCAL YEARS 2019 AND 2020

## NEVADA GOVERNOR'S OFFICE OF ECONOMIC DEVELOPMENT

### Summary of Programs:

#### *Abatement of Taxes on Business:*

The Nevada Governor's Office of Economic Development (GOED) was created during the 2011 Session of the Nevada Legislature through a collaboration of the Nevada Governor's Office and the Leadership of the Nevada State Senate and State Assembly. GOED promotes a robust, diversified, and prosperous economy in Nevada, attracting new business and facilitating community development, stimulating business expansion and retention and encouraging entrepreneurial enterprise. In an effort to incentivize business development in Nevada, GOED administers multiple tax abatement programs.

The programs outlined below reflect the requirements and the abatements offered to eligible businesses. GOED reviews the abatement applications, conducts public hearings to determine eligibility and reviews annual compliance reports after abatements have been granted.

The Executive Director and the GOED Board have approved 48 tax abatement applications in the last two fiscal years. Approved companies represent multiple sectors and reflect the goals of the office as set forth in the State Plan for Economic Development. Those companies testify before the GOED Board that the incentive programs are an important factor in the company's decision to locate or expand their business in the state.

### Summary of Each Incentive:

#### *Local Sales and Use Tax Abatement (NRS 374.357, NRS 360.750):*

A partial abatement of sales and use taxes is available to qualified companies that locate or expand their business in Nevada. The tax abatement is on the gross receipts from the sale, as well as the storage, use or other consumption of eligible capital equipment. The sales and use tax rates vary by county within Nevada. The abatement reduces the sales and use tax rate to 2% for new companies and 4.6% for expanding companies. The approved business is eligible for tax abatements for a two-year period beginning the date the abatement becomes effective.

#### *Modified Business Tax Abatement (NRS 363B.120, NRS 360.750):*

A partial abatement of the modified business tax is available to qualified companies that locate or expand their business in Nevada. The current tax imposed on each employer is at the rate of 1.475% on taxable wages over \$50,000 in a quarter. A business may qualify for a partial abatement of up to 50% of the amount of the business tax due during the first four years of operations.

For a new company, the abatement of the modified business tax applies to the number of new employees stated in its application. For an expanding business, the abatement does not apply to existing employees of the business but does apply to the number of new employees directly related to the expansion.

***Personal Property Tax Abatement (NRS 361.0687, NRS 360.750):***

A partial abatement from personal property tax is available to qualified companies that locate or expand their business in Nevada. This tax abatement can be up to 50% of the tax due for 10 years beginning from when the abatement becomes effective. The applicant must apply for abatement not more than one year before the business begins to develop for expansion or operation in Nevada.

A partial abatement of personal property taxes applies only to the same list of machinery and equipment eligible for the sales and use tax abatement allowed under NRS 374.357. Property tax rates vary by taxing district within Nevada.

***Real Property Tax Abatement for Recycling (NRS 701A.210, NRS 360.750):***

A partial abatement of real property (land and buildings) tax is available for businesses and facilities using recycled material that have as a primary purpose the conservation of energy or the substitution of fossil sources for other sources of energy. To qualify, the business must be in the primary trade of recycling at least 50% of raw material or an intermediate product onsite; or converting the energy derived from recycled material (specifically, industrial, domestic, agricultural or municipal waste) into electricity. Qualifying businesses can receive a partial abatement of up to 50% of the tax due on real property for not more than 10 years beginning from when the abatement becomes effective.

***Aviation Tax Abatement (NRS 360.753):***

Partial abatements from personal property and sales and use taxes are available to aviation-related companies that locate or expand their business in Nevada. The personal property tax abatement can be up to 50% for 10 years on the taxes due on tangible personal property. The

sales and use tax abatement can reduce the applicable tax rate to \*2% for a similar 10-year period, a near 75% reduction in most jurisdictions.

Note: The Sales & Use tax abatement excludes aircraft purchases.

Eligible Goods: for sales and use tax imposed on the purchase of tangible personal property used to operate, manufacture, service, maintain, test, repair, overhaul or assemble an aircraft or any component of an aircraft. For personal property tax imposed on an aircraft and the personal property used to own, operate, manufacture service, maintain, test, repair, overhaul or assemble an aircraft or any component of an aircraft.

*\*A sales and use tax reduction to 2% requires the Governor's Office of Economic Development Board to approve a reduction to 2% by a two-thirds vote.*

***Data Center Tax Abatement (NRS 360.754):***

A partial abatement from personal property tax and sales and use tax are available to data center companies that locate or expand their business in Nevada. The personal property tax abatement can be up to 75% of the taxes due for 10- or 20-year abatement periods. Abatements for sales and use tax are for taxes imposed on the purchase of eligible machinery or equipment. The abatement reduces the applicable tax rate to \*2% for a period of 10 or 20 years, a near 75% reductions in most jurisdictions. Abatements apply to co-located businesses of the data center.

Note: for fiscal year 2015-2016 any partial abatement must not include an abatement of the local school support tax imposed by chapter 374 of NRS.

Eligible Goods: personal property located at the center. From the tax imposed in the gross receipts from the sale, and the storage, use or other consumption, of eligible machinery or equipment for use at a data center. Machinery or equipment necessary to and specifically related to

the business of the data center or collocated business. The term does not include vehicles, buildings or the structural component of buildings.

*\*A sales and use tax reduction to 2% requires the Governor's Office of Economic Development Board to approve a reduction to 2% by a two-thirds vote.*

***Tax Abatements for a Capital Investment of at Least \$1 Billion (NRS 360.893):***

A partial abatement from personal property tax, modified business tax, real property tax, and a full abatement from sales and use tax are available to companies that locate or expand their business in Nevada and have a minimum capital investment of \$1 billion within 10 years. The personal property, modified business tax, and real property tax abatement can be up to 75% of the taxes due for a 10-year abatement period. Full abatements for sales and use tax are for taxes imposed on the purchase of eligible personal property and construction materials for a 15-year period.

As a condition of approving a partial abatement of taxes pursuant to NRS 360.880 to 360.896, inclusive, the Executive Director of the Office of Economic Development, if he or she determines it to be in the best interests of the State of Nevada, may require the lead participant to pay at such time or times as deemed appropriate, an amount of money equal to all or a portion of the abated taxes into a trust fund in the State Treasury to be held until all or a portion of the requirements for the partial abatement have been met. Interest and income earned on money in the trust fund must be credited to the trust fund. Any money remaining in the trust fund at the end of a fiscal year does not revert to the State General Fund, and the balance in the trust fund must be carried forward to the next fiscal year.

***Tax Abatements for a Capital Investment of at Least \$3.5 Billion (NRS 360.965):***

A full abatement from personal property tax, modified business tax, real property tax, and sales and use tax are available to companies that locate or expand their business in Nevada and have a minimum capital investment of \$3.5 billion within 10 years. The personal property, modified business tax, and real property tax abatement can be up to 100% of the taxes due for a 10-year abatement period. Full abatements for sales and use tax are for taxes imposed on the purchase of eligible personal property and construction materials for a 20-year period.

***Catalyst Fund (NRS 231.1573) and Catalyst Transferable Tax Credits (NRS 231.1555):***

Nevada's Catalyst Programs incentivize the expansion or relocation of businesses that will quickly result in the creation of high-quality, primary jobs in Nevada. These programs offer a tool to Regional Development Authorities to assist their efforts to close deals with viable companies that will enhance the state's economic sectors and offer stable jobs with good pay and benefits.

Catalyst Transferable Tax Credits to companies are approved pursuant to NRS 231.1555 and can be applied to:

- a) Any tax imposed by chapter 363A or 363B of NRS;
- b) The gaming license fee imposed by the provisions of NRS 463.370;
- c) Any tax imposed by chapter 680B of NRS; or
- d) Any combination of the fees and taxes described in (a), (b) and (c)

*Transferable Tax Credits for Film and Other Productions*  
(NRS 360.758 - 360.7598):

A transferable tax credit is available to production companies producing a film, television series, commercial, music video or other qualified production in Nevada. A production may qualify for a transferable tax credit of up to 25% of the qualified direct production expenditures incurred in Nevada if at least 60% of the total qualified expenditures are incurred in Nevada. The applicant must spend at least \$500,000 in Nevada and apply for the transferable tax credit not more than 90 days before the commencement of principal photography.

*Workforce Innovations for a New Nevada (WINN)*  
(NRS 231.141 – 231.152):

The Workforce Innovations for a New Nevada (WINN) Account was established as a result of the approval of Assembly Bill 1 of the 29th Special Session of the Nevada Legislature. The legislation requires GOED to develop and implement programs to provide customized workforce development services (defined in the bill as workforce recruitment, assessment and training) to companies that create and expand businesses in the state and relocate businesses to the state. The legislation was inspired by the need for customized workforce training in advanced manufacturing and related skills to serve the needs of emerging industries in the state.

# TAX ABATEMENTS PROGRAMS FISCAL YEARS 2019 AND 2020

## NEVADA GOVERNOR'S OFFICE OF ENERGY

The mission of the Governor's Office of Energy (GOE) is to ensure the wise development of Nevada's energy resources in harmony with local economic needs and to position Nevada to lead the nation in renewable energy production, energy conservation and the exportation of energy.

### Summary of Programs:

#### *Renewable Energy Tax Abatements (RETA):*

The GOE administers Nevada's Renewable Energy Tax Abatements (RETA) program in an effort to incentivize the development of renewable energy in Nevada. Renewable energy development is a way to utilize Nevada's domestic energy resources, create jobs, and bring large investments into the State. The renewable energy projects in the program must make a capital investment of at least \$3 million or \$10 million, dependent on the location of the project, and employ a minimum of 50 Nevadans during project construction.

The RETA program awards partial sales and use tax and partial real and person property tax abatements to eligible renewable energy

facilities. The partial abatement of real and personal property taxes is for a duration of the 20 fiscal years immediately following the date of approval of the application equal to 55% of the taxes on real and personal property payable by the facility each year. The partial abatement of local sales and use taxes is for a duration of three fiscal years immediately following the date of approval of the application at the rate of 2.6%. The partial abatement taxes must not apply during any period in which the facility is receiving another abatement or exemption from taxes.

The GOE reviews the partial tax abatement applications, conducts public hearings to determine eligibility, and reviews annual compliance reports after tax abatements have been granted. It has approved a total of 54 tax abatement applications since 2011, for large-scale solar photovoltaic, solar thermal, biomass, geothermal and wind projects throughout the state, including five in fiscal year 2019 and six in fiscal year 2020. To date, the total benefit to the State of Nevada including capital investment, payroll and taxes paid is \$9 billion. The total amount abated in property taxes and sales and use taxes is \$1 billion. This represents approximately a nine-to-one return on investment for the State of Nevada.

# TAX ABATEMENTS PROGRAMS FISCAL YEARS 2019 AND 2020

## NEVADA GOVERNOR'S OFFICE OF ENERGY

### Summary of Programs:

#### *Green Building Tax Abatements*

The Governor's Office of Energy (GOE) administers the Green Building Tax Abatement (GBTA) program based on criteria set forth in the Leadership in Energy and Environmental Design (LEED) or Green Globes rating systems from the U.S. Green Building Council (USGBC) or the Green Building Initiative (GBI). The LEED and Green Globes rating systems are based on a set of standards for the environmentally sustainable design, construction and operation of buildings.

The program began in 2007 as an incentive for business owners to improve the energy efficiency of new and existing buildings. In 2013, the state established new standards for how the program is administered and partial abatements are awarded.

To qualify for the partial tax abatement, applicants must earn a minimum number of points for energy conservation, which is determined by the Energy Star score or equivalent score, to meet the Silver Level or higher through the LEED rating system or two globes or higher through the Green Globes rating system.

The partial tax abatements range from 25% to 35% for a period of five to 10 years (depending on the certification level) on the portion of the taxes imposed, pursuant to NRS 361 (other than taxes for public education). The percentage and term of the partial tax abatements can be found in NAC 701A.280.

There are 163 buildings in Nevada that are currently receiving a partial tax abatement from the GBTA program. The buildings range from existing, new construction and core and shell. These structures include a wide range of building types: hotel casino resorts, retail shopping centers, manufacturing and distribution centers, health care facilities and restaurants.

# **BUDGET OVERVIEW**

# EXECUTIVE BUDGET OVERVIEW

The executive budget is presented in two formats: activities and line-item. The activities format provides some distinct differences from the older line-item presentation and shows an alternative format based on the strategic priorities set by the Governor.

The activities portion of the budget is structured at the core function of the government level. Services provided by departments and divisions are aligned to objectives that tie into broader level goals which are tied directly to the eight-core functions of government. Work levels and achievements for each activity are assessed using performance measures. Where appropriate, information on the specific populations served by or generating the need for, the budgeted activity is provided.

The traditional line-item budget has a three-part format with revenue and expenditure detail for each component of Base, Maintenance and Enhancements. This portion of the budget is structured at the department and division level, and this format uses the traditional budget accounts instead of activities.

- Base expenditures are historical amounts, adjusted to reflect current costs of operations.
- Maintenance expenditures are incremental costs of conducting state business to keep pace with increasing demands such as caseload changes or inflation.
- Enhancements are new or expanded programs that seek to increase or improve service levels.

Comparable information for this portion of the budget is demonstrated for last year (Fiscal Year 2019-2020), the work program for the current year (Fiscal Year 2020-2021) and the Governor's recommendations for Fiscal Years 2021-2022 and 2021-2023.

# ECONOMIC OVERVIEW<sup>1</sup>

## The U.S. Economy at a Glance

- The U.S. economy was in its longest expansion on record before ending abruptly last spring when the economy plunged into a recession that was triggered by the COVID-19 pandemic. Restrictions aimed at containing the pandemic, including government-directed stay-at-home orders, caused a severe drop in output in the second quarter of 2020. So far, the U.S. economy has recovered about two-thirds of the lost ground. It is expected that the economy will continue to improve in the near-term, though at slower pace than the third quarter.
- Prior to the pandemic, the national unemployment was at its lowest rate in five decades. The efforts to slow the spread of COVID-19 forced millions of people out of work, which pushed the unemployment rate up to almost 15%. Initial job losses were massive, wiping out a decade of job gains. Since the initial economic shock, about half of the jobs lost have returned and the unemployment rate has declined to a still elevated level of 6.7%, almost twice as high as the rate prior to the pandemic.
- It has been almost a year since the pandemic started and it is still not over. Thus, we do not yet know the true extent of economic scarring that the shock from the pandemic has caused. Therefore, the economic outlook is uncertain, but the COVID-19 vaccine offers hope of a turnaround in 2021. Once the vaccine is widely rolled out, the economic growth will pick up and the labor market will gradually recover as the economy reopens and the restrictions are lifted.
- The economic losses have not been as severe as feared because of fiscal stimulus. The federal government responded to the pandemic with a massive stimulus package earlier in the spring, mitigating some economic losses. While the stimulus funds that have circulated through our economy have cushioned some of the negative impacts from the pandemic, more fiscal support is needed. Another federal relief package was passed at the year-end totaling \$900 billion, bringing total federal stimulus to \$3.5 trillion to date authorized by various measures.
- The Federal Reserve has kept the financial system liquid and the credit market operating and has pledged to keep the monetary policy supportive of growth until the economy has weathered the storm caused by the pandemic. Low borrowing cost for households and businesses to spur spending and investment are going to play a crucial role in the post-pandemic economic recovery.
- The housing market has performed better than the broader economy despite the pandemic. The housing sector has benefited from high-wage remote workers, favorable demographics, and record low mortgage rates. Low supply of housing coupled with higher demand has led to continued home price appreciation in many markets.
- Consumer confidence has declined to a multi-year low as the pandemic weighs on the economy. Consumer confidence is an important indicator of near-term economic growth because consumer spending accounts for about two-thirds of U.S. economic activity. The financial impact from the pandemic has been felt unevenly as different parts of the labor markets have had different outcomes. So far, the middle

and high wage industries have fared better than the lower wage industries that are generally associated with customer-facing services.

- While the coming months are going to be challenging with increased COVID-19 cases forcing more restrictions in many states, there is optimism that after the vaccine roll-out, the pent-up consumer demand for services will provide much needed support to the battered economy, although, many unknowns remain related to the short-term and long-term impacts of the pandemic on consumer behavior.

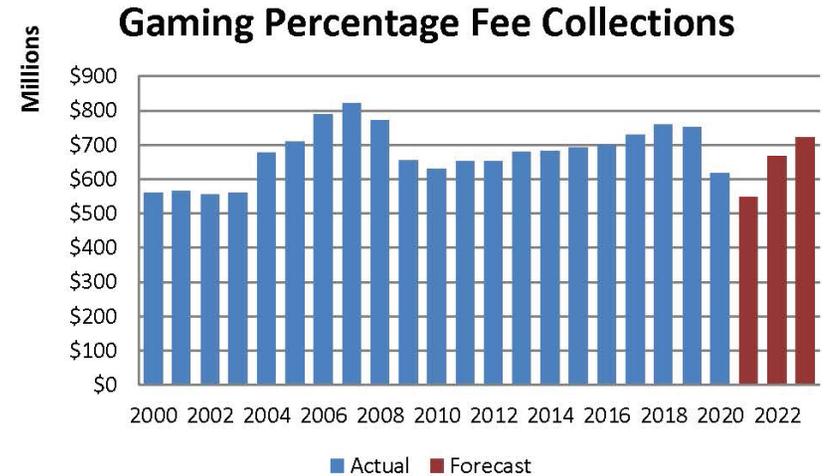

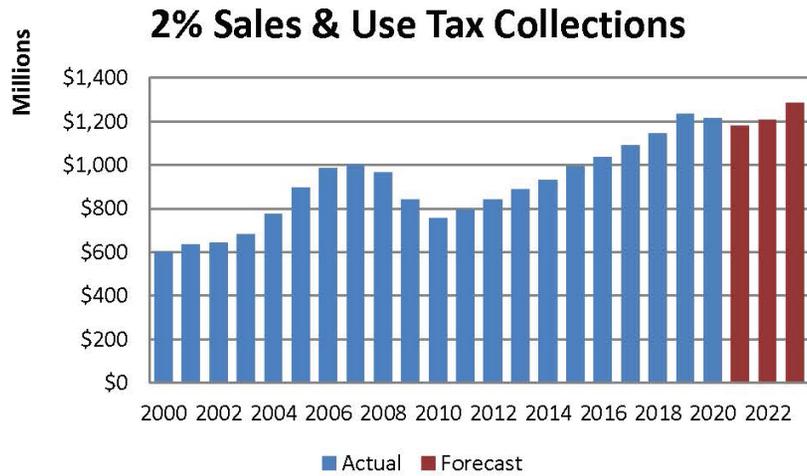

## Overview of the Nevada Economy

- One year ago, Nevada's economy was on a strong footing, but that abruptly changed when the novel coronavirus, COVID-19, caused a global health crisis and shut down much of the economy. Since the health crisis started, the state's finances have taken a big hit amid economic slowdown that has resulted from the public health measures put in place to reduce the spread of the virus. Nevada is one of the hardest hit states by the pandemic largely due to the sizable role tourism and hospitality industries play in our economy.
- During the early impacts from the COVID-19 crisis, the state was forced to implement various budget reduction strategies using all of its rainy-day fund to mitigate the plummeting tax revenues in FY 2020 and a special session of the Legislature was called to enact budget cuts to the FY 2021 budget. The latest Economic Forum forecast for total General Fund revenues for the upcoming biennium is \$8.5 billion, only \$418 million more or 5.2% higher than the actual collections for FY 2020 and the latest revised estimate for FY 2021 for the current biennium.
- Last spring, Nevada received approximately \$20.8 billion in federal aid from several federal legislative bills. The money was aimed at immediate response and was appropriated between state and local governments. The earlier federal relief package spurred spending and provided much needed short-term economic relief. Revenue losses have not been as severe as initially thought, but more aid is needed to address long-term challenges. Congress reached an agreement for another aid package at the year-end. At this time, Nevada's total share from the latest stimulus package is not fully known. To date, none of the federal stimulus funds have been allowed to be used for revenue replacement.
- Taxable retail sales have fared better than expected thanks to the federal stimulus and how COVID-19 has influenced consumer spending patterns. During the pandemic, people have spent more money on goods than services. Prior to the outbreak, this consumer dynamic was the exact opposite with consumers preferring experiences over products, a notable trend nationwide and not specific to Nevada. Additionally, the pandemic has accelerated a greater use of the digital economy. Many have embraced digital commerce and virtual workplaces. Several of these changes in consumer behavior will likely continue in the post-pandemic era, such as remote working, while some patterns may transition back to the pre-COVID trend, for example, the favoring of the experience economy.
- The gaming industry is one of the hardest hit sectors of the COVID-19 outbreak. Gaming win has decreased significantly since the start of the pandemic. Local casinos are faring better than those on the Las Vegas Strip where they are more reliant on domestic and international travel and convention business compared to their local counterparts. Visitation to Las Vegas is down to about half of its normal level. Many hotel towers are closed during the midweek amid the absence of convention and trade show business and some properties have announced total closures during the midweek at least through the slowest winter months.
- The economic effects of the pandemic have been more pronounced in tourism-dependent southern Nevada compared to the more economically diversified northern part of the state. Before the pandemic hit, almost 30% of jobs in the Las Vegas area were in the leisure and hospitality sectors. The unemployment rate in Clark county is double that of Washoe county's, a reflection of how big of a dent the pandemic has put on the Las Vegas economy.

- Nevada's labor market was on a stable footing before the pandemic hit. Several years of employment gains had pushed the statewide unemployment rate to record lows. Since our state is a major tourism destination, it is no surprise that the COVID-19 pandemic has had a negative impact on the Nevada economy because of its sizable dependency on the leisure and hospitality industry. The initial economic fallout from the pandemic caused an immediate spike in unemployment, a record 30.1%, when casinos and non-essential businesses were closed amid the government's initial COVID-19 mitigation efforts through stay-at-home orders. Since late spring when many restrictions were either lifted or loosened, the jobless rate has fallen sharply but remains highly elevated at 10.1% in November. The labor market continues to recover, but the pace is dependent upon public health conditions.
- Nevada's economy is recovering from the economic fallout caused by the pandemic. According to the latest Commerce Department report, the value of goods and services produced, or GDP in current dollars, rose to \$175.5 billion in the third quarter of 2020, up from \$156.4 billion in the second quarter, but down from \$179.7 billion for the same period last year. The fourth quarter GDP data is likely to be weak as the state has been forced to reduce capacity at bars, restaurants, and casinos in response to rising infections in the state.
- Nevadans have seen an increase in their personal income, mostly due to federal stimulus money and other government transfer payments that have offset loss of income brought on by layoffs and other business disruptions. In the third quarter of 2020, personal income was up 7.0% relative to a year earlier, on par with the nation. However, the cost of the pandemic-induced recession has been disproportionately borne by lower income households as they have experienced a bigger share of job and wage losses than those in higher income brackets. Lower

wage workers who are in the customer facing industries make up the bulk of the unemployed in Nevada. Based on the latest report, wage and salary disbursements are down 6.8% relative to a year ago, one of the deepest declines in the country.

- For the past several years, Nevada has experienced one of the most favorable population trends in the nation. The latest estimates for 2020 show population growth at 1.5%, the third fastest rate in the nation according to the Census Bureau. By the end of next biennium, the state demographer projects that Nevada's population will reach 3.3 million.
- The housing market has set new records for median home price for existing homes, defying the logic of the economic crisis, but it comes down to tight housing supply and low mortgage rates. Residential permits have been steady, but not increasing at a pace fast enough to increase the housing supply significantly and low interest rates have given buyers more buying power. Tight supply and low cost of borrowing will keep an upward pressure on home prices. Many homeowners have increased equity in their homes, providing stability for the housing market, a stark contrast with the previous recession in which the housing market was the hardest hit sector.
- The economic impacts of COVID-19 are still unfolding and there are many uncertainties with what the new year will bring. However, the COVID-19 vaccine is here and it creates optimism that the pandemic may start to subside midyear and assist in the transition to a new post-pandemic life.

# REVENUE SUMMARY

## Sources of Funding

Nevada's General Fund is the major operating fund of the state. The state also has access to federal funds, the State Highway Fund, and various other resources to support services. However, most specialized funds, such as the Highway Fund, may be spent only on specified activities. By contrast, there are few restrictions on how money in the General Fund is spent.

The Governor's Executive Budget must balance to revenue projections made by the Economic Forum, a group of private economic and financial experts appointed by the Legislature and the Governor. The Forum's General Fund revenue forecasts are binding on the Governor's Executive Budget and on the Legislatures approved budget. On December 3, 2020, the Economic Forum set the revenue projections that the Governor used to construct his recommended 2021-2023 biennial budget. The Economic Forum will reconvene on or before May 1, 2021 to prepare the forecast that must be used for the Legislature's approved budget.

Since the COVID-19 health crisis started, state finances have been negatively impacted amid an economic slowdown that has resulted from the public health measures put in place to reduce the spread of the virus. After accounting for the impact of the estimated tax credits that may be taken against certain General Fund revenues, General Fund revenue declined 4.9% in FY 2020 from previous year. FY 2021 year-to-date net revenue is down 7.5% compared to year-to-date collections a year ago.

Nevada is one of the states hardest hit by the pandemic largely due to the sizable role tourism and hospitality industries play in our economy. During the early impacts from the COVID-19 crisis, the state was forced

to implement various budget reduction strategies using all of its rainy-day fund to mitigate the plummeting tax revenues in FY 2020 and a special session of the Legislature was called to enact budget cuts to the FY 2021 budget. The latest Economic Forum forecast for total General Fund revenues for the upcoming biennium is \$8.5 billion, only \$418 million more or 5.2% higher than the actual collections for FY 2020 and the latest revised estimate for FY 2021 for the current biennium.

The gaming industry is one of the hardest hit sectors of the COVID-19 outbreak. Gaming win has decreased significantly since the start of the pandemic. Total gaming tax collections (before tax credits) fell 19.5% in FY 2020. Total gaming tax collections (before tax credits) are forecast to decline another 10.9% in FY 2021 before resuming year-over-year increase in FY 2022. In FY 2020, total sales and use taxes declined by 1.6% and are forecast to decline 2.9% in FY 2021 before returning to a modest year-over-year increase of 2.4% in FY 2022.

In the 2021-2023 biennium, General Fund resources represent 32% of total state revenues. Federal funds will comprise 40% of revenues, the primary driver of federal fund increases remains related to changes and growth in the Medicaid program. State Highway Fund represents 4% of revenues and the balance comes from other funding sources.

General Fund sources include taxes; licenses; fees and fines; return of unspent funds, including use of money and property; and transfers from other funds. During the 2021-2023 biennium, sales and use, gaming, modified business, insurance, and mining taxes are projected to comprise about three quarters of total General Fund revenues.

## Revenue Reform

Restructure the sales and use tax permit (i.e., seller’s permit) is required for every person or business desiring to engage in or conduct business as a seller in Nevada, from a one-time permit to an annual permit of \$15 per year.

The proposed revenue reform is listed in the “Statement of Projected Unappropriated General Fund Balance”.

# SPENDING SUMMARY

Expenditures for the 2021-2023 biennium total \$27.0 billion. This is an increase of approximately \$1.3 billion, or 5.1 percent, over the current biennium.

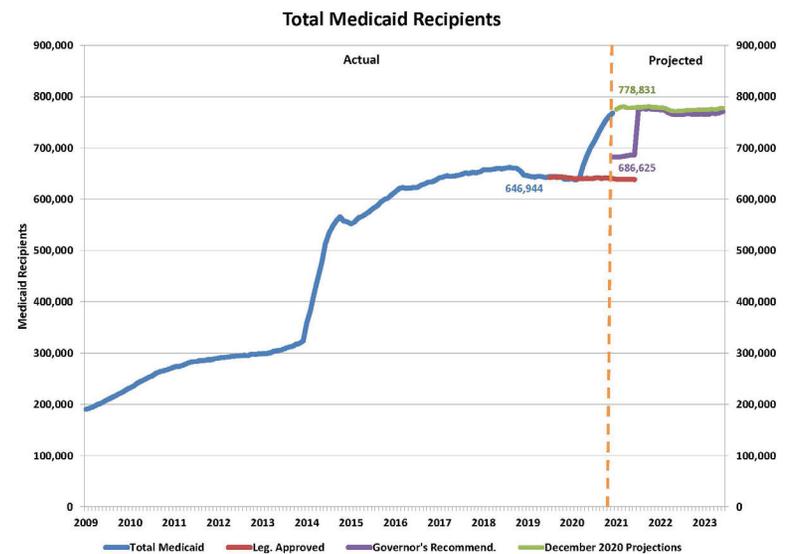

When compared to the 2019-2021 Legislatively Approved budget, General Fund appropriations decrease by \$187 million or 2.1 percent, while federal funds increase by \$846 million or 8.5 percent.

The budget building process was approached with caution considering the impacts related to the COVID-19 health crisis. Efforts were focused on restoring some of the significant spending cuts that were approved by the Legislature. This includes restoration of services necessary to protect and enhance the health and safety of our citizens. A continued focus was given on strengthening education, investing in our workforce for a post pandemic economy and improving infrastructure with a focus on economic development.

Caseload measures the change in demand for services based on population. For example, the Department of Education caseload is the number of students enrolled in school districts, charter schools and university schools, while caseload for the Nevada Department of Health and Human Services is the number of Nevadans participating in one or more social service programs.

The Executive Budget commits substantial resources to fund caseload needs across the state. Medicaid caseloads have been significantly higher than anticipated during the 2019-2021 biennium largely driven by the public health emergency. As of November 2020, over 761,000 Nevadans are covered by Medicaid compared to the 641,000 projected when the Legislature approved the

current budget in 2019 which is an increase of 18.7 percent. The Executive Budget projects that more than 778,000 individuals will be enrolled in Medicaid by the end of the 2021-2023 biennium, an increase of approximately 2.2 percent over the current caseload.

To promote the health and well-being of Nevadans, the Executive Budget provides restored funding for health and human services programs that were reduced by the 31<sup>st</sup> Special Session. The budget includes restoration of 6% rate reductions for Medicaid and Nevada Check Up providers and a 25% rate reduction for Neonatal Intensive Care Unit hospital service rates.

The Executive Budget continues the Governor’s commitment to economic development by investing in the Knowledge Fund to encourage start-up enterprises in Nevada, and the Workforce Innovations for the New Nevada account to develop and implement customized workforce development services for companies that expand in or relocate to Nevada with a focus on expanding/diversifying the economy.

The Executive Budget recommends the phased implementation of Senate Bill 543 from the 2019 Session. This phased approach includes implementing the Pupil Centered Funding Plan during the 2021-2023 biennium using state revenues currently distributed through the Nevada Department of Education. This includes state funding distributed through the Nevada Plan and state funded categorical grants. This is the first step in implementing a pupil-based funding formula that is equitable and transparent.

Other notable aspects of this budget include:

- Funding for the Nevada Climate Initiative to develop a method to estimate carbon emissions and sequestration in Nevada natural lands.
- Continuing reforms to the state’s parole system - the Executive Budget re-establishes the Going Home Prepared program which provides resources for at-risk parolees to reintegrate back into society.
- Funding for testing and treatment of hepatitis C for the prison population.

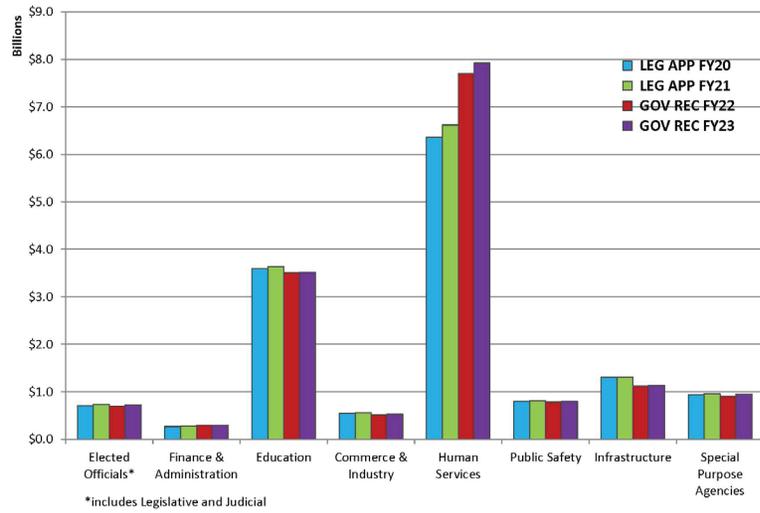

The Executive Budget includes continued funding to establish the operation of the National Guard Youth Challenge program for high school dropouts to gain life skills, education and self-discipline necessary to succeed.

The Executive Budget also contains significant investments in capital improvements throughout the state, with a focus on infrastructure improvements, as well as the replacement of outdated and unsupported technology systems and upgrades to the technology security infrastructure.

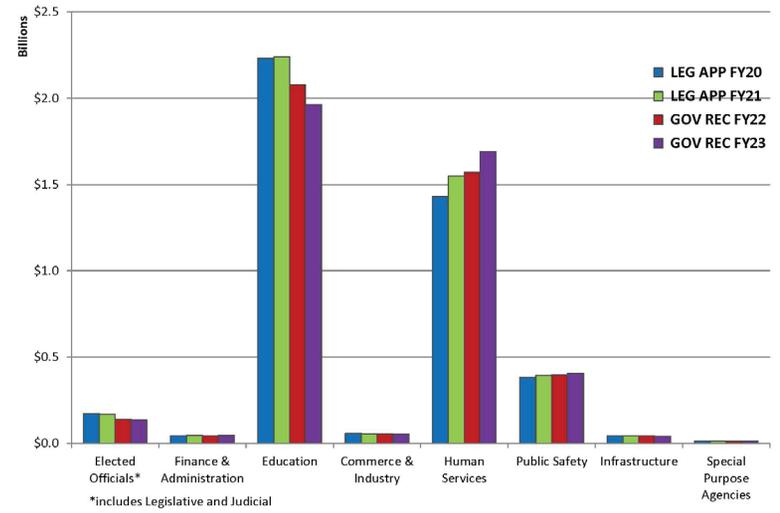

Furloughs were implemented January 1, 2021 as part of cost saving efforts due to the significant impact on revenues related to COVID-19 emergency measures. Based on economic projections the proposed budget eliminates these furloughs effective July 1, 2021. In addition, the budget funds a new low deductible health care plan designed to provide more coverage options, introduction of a new statewide network with expanded hospital and provider coverage and an increase in retirement contribution rates.

# FUND BALANCES

## General Fund

The Governor’s Executive Budget must have a General Fund reserve for each fiscal year of between 5% and 10% of proposed General Fund appropriations for the operation of state government. The General Fund balance at the end of Fiscal Year 2019-2020 was \$574.3 million. The ending balances for Fiscal Years 2020-2021, 2021-2022 and 2022-2023 are projected to be \$339.4 million, \$220.4 million and \$247.7 million, respectively. The Fiscal Year 2020-21 fund balance represents an approximate ending fund balance of 7.5%. The 5% minimum ending balance is calculated as a percent of that year’s operating expenses. The Governor’s Executive Budget exceeds this requirement for each of the budget years as detailed in the supporting schedules.

**General Fund Ending Balance**

## Rainy Day Fund

The State of Nevada’s “Rainy Day Fund” — formally known as the Account to Stabilize the Operation of State Government — is a financial reserve distinct from the General Fund reserve that exists to cover revenue shortfalls. Revenues are allocated to the Rainy Day Fund per NRS 353.288:

When the ending General Fund balance is greater than 7% of General Fund operating appropriations, 40% of the amount in excess of 7% of General Fund operating appropriations is allocated to the Rainy Day Fund.

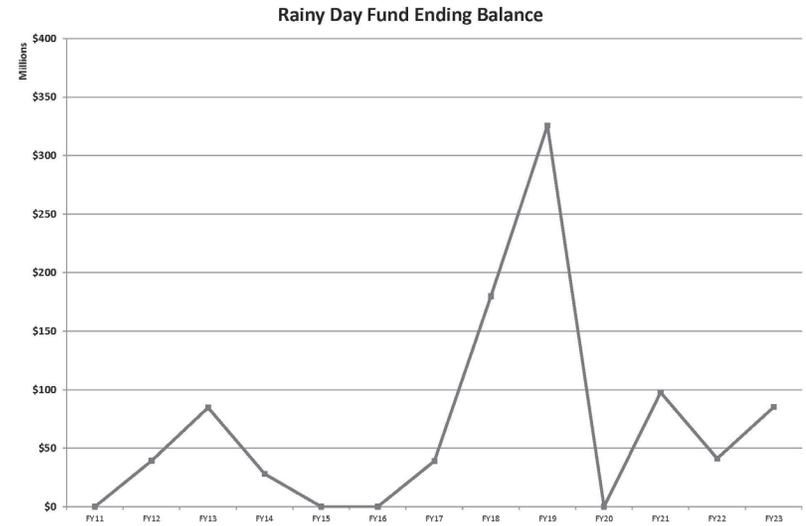

Beginning July 1, 2017, one percent of the revenue projected for each fiscal year of the biennium by the Economic Forum at their May meeting in each odd-numbered year, as adjusted by any legislation enacted by the Legislature that affects state revenue for that fiscal year, shall be appropriated from the General Fund to the Rainy Day Fund at the beginning of each fiscal year.

The maximum balance allowed in the Rainy Day Fund is 20% of the total of all General Fund appropriations made for the operation of the government, the funding of schools, and the regulation of gaming.

After using the Rainy Day Fund to cover the General Fund shortfall in Fiscal Year 2019-2020 resulting from the significant shortfall in General Fund revenues and guaranteed local revenues to school districts during the 2019-2021 biennium, the balance in the Rainy Day Fund was zero entering Fiscal Year 2020-2021. Based on the General Fund ending fund balance for Fiscal Year 2019-2020 of \$574.3 million, a transfer of \$97.5 million was made in Fiscal Year 2020-2021. These funds are proposed to be transferred to the General Fund to cover operating expenditures in Fiscal Year 2022.

Pursuant to NRS 353.213, the Executive Budget shall include a transfer to the Rainy Day Fund of one percent of the revenue projected for each fiscal year of the biennium by the Economic Forum at their December meeting from the previous even-numbered year, adjusted for any changes or adjustments to state revenue recommended in the proposed budget. The Executive Budget includes transfers to the Rainy Day Fund in the amount of \$41.2 and \$43.9 for Fiscal Years 2021-2022 and 2022-2023 respectively.

Based on the projected transfers, the Rainy Day Fund balance at the end of the 2021-2023 biennium will be \$85.1 million.

# EXPENDITURE LIMITATION

The limit on total proposed expenditures provided by NRS 353.213 was added to the budgeting process in 1979. It caps General Fund spending per Nevadan at the 1975-1977 biennium level adjusted for inflation and population growth. The budget submitted by the Governor cannot exceed the amount appropriated for the 1975-1977 biennial budget multiplied by the percent change in population from July 1974 and the percent change in the Consumer Price Index (CPI) from the same month. Construction expenditures are exempt from this limit, as are deposits to the Rainy Day Fund and payments to reduce the unfunded liability for retirees' health insurance.

Since 1974, the state's population has grown approximately 430 percent and the CPI has increased more than 425 percent. Starting with the base 1975-1977 biennium budget of slightly less than \$390 million, calculating the increase for population and CPI places the spending cap for the 2021-2023 biennium at \$10.805 billion which is \$2.298 billion more than the revenue projected by the Economic Forum for the 2021-2023 biennium at its December 3, 2020 meeting. The Executive Budget does not meet or exceed the spending cap.

The corresponding table shows the calculation of the expenditure limit and the chart shows the Legislatively Approved Operating Appropriations compared to the spending cap from the 1981-1983 biennium to current. In compliance with NRS 353.213, the Executive Budget appropriation amount in the chart includes all proposed expenditures for the 2021-2023 biennium except those for construction or for transfer to the Rainy Day Fund.

Any amount so transferred must be used for the operation of the Nevada National Guard Youth Challenge program as approved by the Legislature.

**Sec. \_\_.** Any remaining balance of the \$1,000,000 State General Fund appropriation approved by the 2015 Legislature for sagebrush habitat improvement projects does not revert to the State General Fund.

**Sec. \_\_.** Any money remaining in the Catalyst Account created by NRS 231.1573 and the Knowledge Account created by NRS 231.1592 at the end of Fiscal Year 2020-2021 and any remaining portion of any appropriations made to the Catalyst Account or the Knowledge Account for the 2019-2021 biennium do not revert to the State General Fund. The balance in those Accounts and any portion of appropriations remaining at the end of Fiscal Year 2020-2021 must be carried forward to Fiscal Year 2021-2022. Any balance in those Accounts and any portion

of appropriations made to those Accounts remaining at the end of Fiscal Year 2021-2022 and Fiscal Year 2022-2023 respectively, must be carried forward.

**Sec. \_\_.** Any remaining balance of the appropriation made to the Nevada System of Higher Education for the Education for Dependent Children budget account by section \_\_ of this act does not revert to the State General Fund pursuant to NRS 396.545.

**Sec. \_\_.** The sums appropriated to any division, agency or section of any department of State Government for the support of salaries and payroll costs may be transferred to any other division, bureau, agency or section of the same department for the support of salaries and payroll costs with the approval of the Interim Finance Committee upon the recommendation of the Governor. The amount transferred into a budget account is limited to the amount budgeted for vacancy savings. Such transfers are also limited only to those activities which are supported by appropriations from the State General Fund or the State Highway Fund.

**Sec. \_\_.** 1. The sums appropriated to the Legislative Fund by section \_\_ of this act for the support of the Legislative Commission, the divisions of the Legislative Counsel Bureau and Interim Legislative Operations are available for both Fiscal Year 2021-2022 and Fiscal Year 2022-2023, and may be transferred among the Legislative Commission, the divisions of the Legislative Counsel Bureau and Interim Legislative Operations and from one fiscal year to the other with the approval of the Legislative Commission upon the recommendation of the Director of the Legislative Counsel Bureau.

2. The sums appropriated for the support of salaries and payroll costs must be applied pursuant to the budget approved by the Legislature notwithstanding the provisions of NRS 281.123.

**Sec. \_\_.** The sums appropriated to the Division of Welfare and Supportive Services of the Department of Health and Human Services by section \_\_ of this act may be transferred among the various budget accounts of the Division of Welfare and Supportive Services with the approval of the Interim Finance Committee upon the recommendation of the Governor.

**Sec. \_\_.** The sums appropriated to the Division of Health Care Financing and Policy of the Department of Health and Human Services for the Nevada Medicaid and the Nevada Check-Up Program budget accounts by section \_\_ of this act may be transferred between those budget accounts with the approval of the Interim Finance Committee upon the recommendation of the Governor.

**Sec. \_\_.** The sums appropriated to the Division of Child and Family Services of the Department of Health and Human Services for the Summit View Youth Center, Caliente Youth Center and the Nevada Youth Training Center budget accounts by section \_\_ of this act may be transferred between those budget accounts with the approval of the Interim Finance Committee upon the recommendation of the Governor.

**Sec. \_\_.** The sums appropriated to the Division of Child and Family Services of the Department of Health and Human Services for the Northern Nevada Child and Adolescent Services and Southern Nevada Child and Adolescent Services budget accounts by section \_\_ of this act may be transferred between those budget accounts with the approval of the Interim Finance Committee upon the recommendation of the Governor.

**Sec. \_\_.** Of the amounts appropriated to the Division of Public and Behavioral Health of the Department of Health and Human Services for Southern Nevada Adult Mental Health Services, Northern Nevada Adult Mental Health Services and the Facility for the Mental

Offender pursuant to section \_\_ of this act may be transferred among the budget accounts with the approval of the Interim Finance Committee upon the recommendation of the Governor.

**Sec. \_\_.** 1. The Department of Health and Human Services may, with the approval of the Interim Finance Committee upon the recommendation of the Governor, transfer from the various divisions of the Department to an account which is hereby created within the State General Fund any excess money available to the divisions as a result of savings from not providing health and related services, including, without limitation, savings recognized by using a different source of funding to pay the providers of services if the persons previously served by a Division no longer require the provision of services from the division of the Department.

2. Any money transferred to the account created by subsection 1, to the extent approved by the Centers for Medicare and Medicaid Services of the United States Department of Health and Human Services and authorized by the State Plan for Medicaid, must:

(a) Be used to pay administrative and related costs and the State's share of the cost for the expansion of the upper payment limit program.

(b) After being used to satisfy the requirements of paragraph (a), be, as appropriate:

(1) Reserved for reversion to the State General Fund and must be reverted to the State General Fund at the end of each fiscal year of the 2021-2023 biennium; or

(2) Transferred to the Fund for a Healthy Nevada established pursuant to NRS 439.620 at the end of each fiscal year of the 2021-2023 biennium.

**Sec. \_\_.** The sums appropriated to the Aging and Disability Services Division of the Department of Health and Human Services for the Desert Regional Center, Sierra Regional Center and Rural Regional Center budget accounts by section \_\_ of this act may be transferred between those budget accounts for Residential Support, Family Support/Respite and Jobs and Day Training services with the approval of the Interim Finance Committee upon the recommendation of the Governor.

**Sec. \_\_.** 1. Except as otherwise provided in subsection 2, the sums appropriated to the Department of Corrections by section \_\_ of this act may be transferred among the various budget accounts of the Department of Corrections in the same manner and within the same limits as allowed for revisions of work programs in NRS 353.220.

2. The provisions of subsection 1 do not apply to appropriations to the Department for deferred maintenance and extraordinary maintenance projects pursuant to section \_\_ of this act.

**Sec. \_\_.** The sums appropriated to the Western Interstate Commission for Higher Education by section \_\_ of this act may be transferred between the budget accounts of the Western Interstate Commission for Higher Education with the approval of the Interim Finance Committee upon the recommendation of the Governor.

**Sec. \_\_.** The sums appropriated to the Nevada System of Higher Education by section \_\_ of this act may be transferred among the various budget accounts of the Nevada System of Higher Education with the approval of the Interim Finance Committee upon the recommendation of the Governor.

**Sec. \_\_.** Except as otherwise provided in this section, the sums appropriated to the Division of Child and Family Services of the Department of Health and Human Services for the Clark County

Child Welfare and Washoe County Child Welfare budget accounts by section \_\_ of this act for the purpose of providing block grant allocations to agencies which provide child welfare services in a county whose population is 100,000 or more, are limits. The Division shall not request additional sums for these programs, except that the Division may request additional sums for the adoption assistance programs established in NRS 432B.219.

**Sec. \_\_.** Except as otherwise provided in this section, the total sums appropriated by section \_\_ of this act to each of the budget accounts of the Division of Health Care Financing and Policy and the Division of Welfare and Supportive Services of the Department of Health and Human Services enumerated in section \_\_ of this act, except for the sums appropriated for the Health Care Financing and Policy Administration, Assistance to Aged and Blind, Welfare Administration and the Welfare Field Services budget accounts, are limits. The Division of Health Care Financing and Policy or Division of Welfare and Supportive Services shall not request additional money for these programs, except for:

1. Increased State costs in Fiscal Year 2022-2023 in the event that federal financial participation rates are less than the legislatively approved amounts effective on October 1, 2021;
2. Costs related to additional services mandated by the Federal Government on or after October 1, 2021, and which are not specifically funded in the Nevada Medicaid budget account in Fiscal Year 2021-2022 and Fiscal Year 2022-2023;
3. Costs related to the Medicaid county match and waiver populations that exceed the eight-cent county reimbursement cap established pursuant to NRS 428.285;

4. Increased State costs in Fiscal Year 2021-2022 and Fiscal Year 2022-2023, in the event that the annual allocation of federal Temporary Assistance for Needy Families (TANF) block grant funds is lower than the amounts approved by the Legislature for either fiscal year; and

5. Increased State costs in Fiscal Year 2021-2022 and Fiscal Year 2022-2023 due to federal changes in the payment structure of Nevada Medicaid or the Nevada Check-Up Program.

**Sec. \_\_.** It is the intent of the Legislature that the amounts appropriated in sections \_\_, of this act for the Nevada System of Higher Education shall not be allocated by the Nevada System of Higher Education to support expenditures related to professional merit salary increases.

**Sec. \_\_.** In addition to the requirements of NRS 353.225, for Fiscal Year 2021-2022 and Fiscal Year 2022-2023, the Board of Regents of the University of Nevada shall comply with any request by the Governor to set aside money from the appropriations made by this act in any specified amount.

**Sec. \_\_.** 1. Of the sums appropriated by section \_\_ of this act, any amounts used to match documented research grants in the Nevada System of Higher Education which are not committed for expenditure by June 30 of each fiscal year of the 2021-2023 biennium may be carried forward for a maximum of two fiscal years after which time any unexpended amounts revert to the State General Fund.

2. All money appropriated by section \_\_ of this act, other than the sums designated in subsection 1 to match documented research grants, is subject to the provisions of section \_\_ of this act.

**Sec. \_\_.** 1. The sum appropriated to the Performance Funding Pool budget account by section \_\_ of this act for Fiscal Year 2020-2021 may be transferred to the respective formula-funded budget accounts of

the Nevada System of Higher Education in Fiscal Year 2020-2021 with the approval of the Interim Finance Committee upon the recommendation of the Governor.

2. Any balance of money appropriated for Fiscal Year 2020-2021 but not transferred from the Performance Funding Pool budget account in Fiscal Year 2020-2021 pursuant to subsection 1 may be carried forward to Fiscal Year 2021-2022 for transfer to the respective formula-funded budget accounts in Fiscal Year 2021- 2022 with the approval of the Interim Finance Committee upon the recommendation of the Governor.

3. Any remaining balance of money appropriated for Fiscal Year 2020-2021 but not transferred from the Performance Funding Pool budget account in Fiscal Year 2020-2021 or Fiscal Year 2021- 2022 may be carried forward to Fiscal Year 2022-2023 for transfer to the Nevada System of Higher Education in Fiscal Year 2022- 2023 to be used for system-wide, need-based student financial aid with the approval of the Interim Finance Committee upon the recommendation of the Governor.

4. Any remaining balance of money appropriated for Fiscal Year 2020-2021 but not transferred from the Performance Funding Pool budget account in Fiscal Year 2020-2021 or Fiscal Year 2021- 2022 may be carried forward to Fiscal Year 2022-2023 for transfer to the Nevada System of Higher Education in Fiscal Year 2022- 2023 to be used for system-wide, need-based student financial aid with the approval of the Interim Finance Committee upon the recommendation of the Governor.

**Sec. \_\_.** 1. If the Director of the State Department of Conservation and Natural Resources determines that, because of delays in the receipt of revenue for services billed to the Federal Government, local governments and other state governments, the amount of current claims for expenses incurred in the suppression of fire or response to emergencies exceeds the amount of money available to pay such

claims within 30 days, he or she may request from the Director of the Office of Finance in the Office of the Governor a temporary advance from the State General Fund to pay authorized expenses.

2. The Director of the Office of Finance in the Office of the Governor shall provide written notification to the State Controller and to the Senate and Assembly Fiscal Analysts of the Fiscal Analysis Division of the Legislative Counsel Bureau if he or she approves a request made pursuant to subsection 1. The State Controller shall draw his or her warrant upon receipt of such a notification.

3. An advance from the State General Fund:

(a) May be approved by the Director of the Office of Finance in the Office of the Governor only for expenses incurred in the suppression of fires or response to emergencies charged to the Forest Fire Suppression budget account of the Division of Forestry of the State Department of Conservation and Natural Resources. Before approving the advance, the Director shall verify that billings for reimbursement have been sent to the agencies of the Federal Government, local governments or other state governments responsible for reimbursing the Division of Forestry for costs incurred in fire suppression or emergency response activities.

(b) Is limited to the total due from outstanding billings for reimbursable expenses incurred in the suppression of fires or response to emergencies as approved for payment to the State by agencies of the Federal Government, local governments and other state governments.

4. Any money which is temporarily advanced from the State General Fund to the Forest Fire Suppression budget account pursuant to this section must be repaid on or before the last business day in August immediately following the end of the fiscal year in which the temporary advance was approved.

**Sec. \_\_.** 1. If the Governor orders the Nevada National Guard into active duty as described in NRS 412.122 for an emergency as defined in subsection 1 of NRS 353.263 and the Adjutant General of the Nevada National Guard determines expenditures will be required, the Adjutant General may request from the Director of the Office of Finance in the Office of the Governor a temporary advance from the State General Fund for the payment of authorized expenses.

2. The Director of the Office of Finance in the Office of the Governor shall provide written notification to the State Controller and to the Senate and Assembly Fiscal Analysts of the Fiscal Analysis Division of the Legislative Counsel Bureau of the approval of a request made pursuant to subsection 1. The State Controller shall draw his or her warrant upon receipt of the approval by the Director of the Office of Finance in the Office of the Governor.

3. An advance from the State General Fund:

(a) Must be approved by the Director of the Office of Finance in the Office of the Governor for expenses incurred as a result of activation of the Nevada National Guard.

(b) Is limited to \$25,000 per activation as described in subsection 1.

4. Any money which is temporarily advanced from the State General Fund to a budget account pursuant to subsection 3 must be repaid as soon as possible and must come from the Emergency Account established by NRS 353.263.

**Sec. \_\_.** The sums appropriated to the Division of Health Care Financing and Policy of the Department of Health and Human Services for the Nevada Medicaid and Nevada Check-Up Program budget accounts by section 17 of this act may be transferred to the Health Care Financing and Policy Administration budget account with the approval of the

Interim Finance Committee upon recommendation of the Governor. Money may only be transferred to the Administration budget account for personnel and administrative costs necessary to carry out the provisions of NRS 422.4025 to 422.4056, inclusive, in Fiscal Years 2021-2022 and 2022-2023 upon submittal of analysis demonstrating savings in the Nevada Medicaid and Nevada Check-Up Program budget accounts.

**Sec. \_\_.** 1. Except as otherwise provided in this section and sections \_\_, \_\_, \_\_, \_\_, and \_\_ of this act, any balances of the appropriations made in this act for Fiscal Year 2021-2022 and Fiscal Year 2022-2023 must not be committed for expenditure after June 30 of each fiscal year, respectively, by the entity to which the appropriation is made or any entity to which money from the appropriation is granted or otherwise transferred in any manner, and any portion of the appropriated money remaining must not be spent for any purpose after September 16, 2022, and September 15, 2023, respectively, by either the entity to which the money was appropriated or the entity to which the money was subsequently granted or transferred and, except as otherwise provided in subsection 2, must revert to the fund from which appropriated on or before September 16, 2022, and September 15, 2023, of each fiscal year, respectively.

2. Any balance of the appropriations made to the Legislative Fund by sections \_\_ and \_\_ of this act does not revert to the State General Fund but constitutes a balance carried forward.

**Sec. \_\_.** The State Controller shall provide for the payment of claims legally obligated in each fiscal year of the 2021-2023 biennium on behalf of state agencies until the last business day of the August immediately following the end of each fiscal year. The State Controller shall process any transactions requested by the Director of the Office of Finance in the Office of the Governor from the previous fiscal period until the third Friday in September immediately following the end of the fiscal year.

**Sec. \_\_.** The State Controller shall transfer among the appropriate accounts and funds the amounts necessary to carry out the budget approved by the Legislature, and the amounts so transferred shall be deemed appropriated.

**Sec. \_\_.** The State Controller shall pay the annual salaries of Supreme Court Justices, Court of Appeals Judges, District Court Judges, the Governor, the Lieutenant Governor, the Secretary of State, the State Treasurer, the State Controller and the Attorney General in biweekly installments for each day worked up to and including the date of payment. The payment of a portion of the annual salaries of these officers at the end of a calendar year for the purpose of reconciling the amount of the salary paid during that calendar year with the amount of the salary set forth in statute for that office must not be made if it will result in the issuance of a separate check.

**Sec. \_\_.** 1. If projections of the ending balance of the State General Fund fall below the amount estimated by the 80th Session of the Nevada Legislature for Fiscal Year 2021-2022 or Fiscal Year 2022-2023, the Director of the Office of Finance in the Office of the Governor shall report this information to the State Board of Examiners.

2. If the State Board of Examiners determines that the ending balance of the State General Fund is projected to be less than \$120,000,000 for Fiscal Year 2021-2022 or Fiscal Year 2022-2023, the Governor, pursuant to NRS 353.225, may direct the Director of the Office of Finance in the Office of the Governor to require the State Controller or the head of each department, institution or agency to set aside a reserve of not more than 15 percent of the total amount of operating expenses or other appropriations and money otherwise available to the department, institution or agency.

3. A reserve must not be set aside pursuant to this section unless:

(a) The Governor, on behalf of the State Board of Examiners, submits a report to the Legislature or, if the Legislature is not in session, to the Interim Finance Committee, stating the reasons why a reserve is needed and indicating each department, institution or agency that will be required to set aside a reserve; and

(b) The Legislature or Interim Finance Committee approves the setting aside of the reserve.

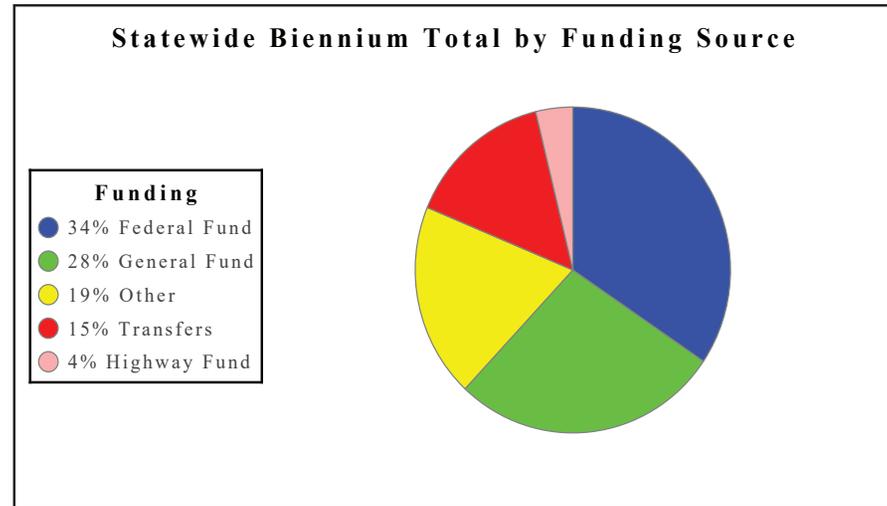

**Sec. \_\_.** If the State of Nevada is required to make payment to the United States Treasury under the provisions of Public Law 101- 453, the Cash Management Improvement Act of 1990, the State Controller, upon approval of the State Board of Examiners, may make such payments from the interest earnings of the State General Fund or interest earnings in other funds when interest on federal money has been deposited in those funds.

# ACTIVITY BUDGET SUMMARY

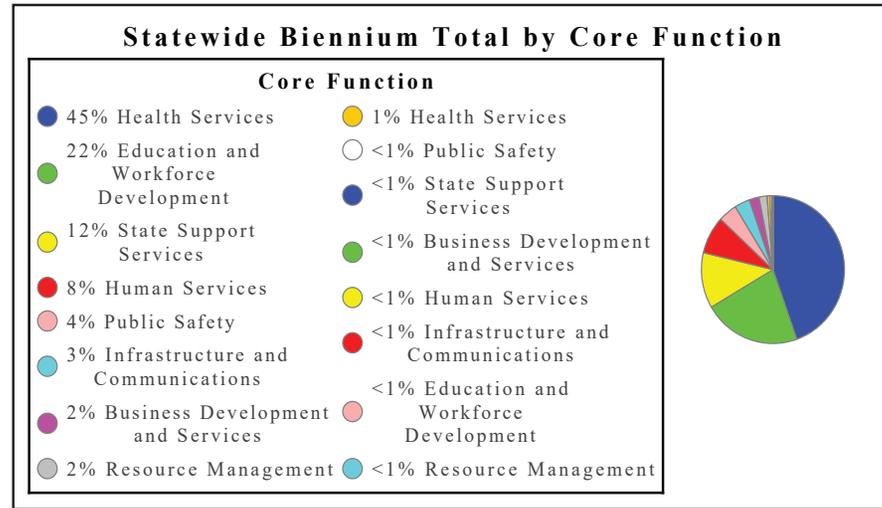

The activities portion of the budget is structured at the core function of government and services provided by departments and divisions. Activities are predefined and tie to goals which are tied directly to the eight core functions of government. The amounts reported in the

Activity Budget include interagency transfers but do not include fund restorations, restricted transfers, Rainy Day Fund transfers, Disaster Relief Fund transfers, and Capital Improvement Projects funded with cash.

**ATHLETIC COMMISSION**  
**101-3952**

**PROGRAM DESCRIPTION**

The Nevada State Athletic Commission (Commission) regulates all contests or exhibitions of unarmed combat, including the licensure and supervision of promoters, boxers, mixed martial artists, kick boxers, seconds, ring officials, managers and matchmakers. The Nevada Athletic Commission was established by an act of the Nevada Legislature in 1941. Since that time, the Commission has regulated professional unarmed combat (e.g., boxing, kick boxing and mixed martial arts) in Nevada. The conduct and regulation of unarmed combat in Nevada are governed by NRS Chapter 467 and Chapter 467 of the Nevada Administrative Code. The Commission administers the state laws and regulations governing unarmed combat for the protection of the public and to ensure the health and safety of the contestants.

**STATE ENERGY OFFICE** - The mission of the Governor's Office of Energy is to ensure the wise development of the state's energy resources in harmony with local economic needs and to position Nevada to lead the nation in renewable energy production, energy efficiency and the exportation of energy. The office implements the laws of the state as defined in NRS 701 and 701A; manages energy-related programs; facilitates cooperation between key stakeholders; advises the Governor on energy policy; and collaborates with our local, regional and federal partners to ensure a reliable and sustainable clean energy system.

**Division Budget Highlights:**

1. **State Energy Office** - The Governor's Executive Budget contains no significant changes.

**Activity: Promote Energy Efficiency, Conservation, and Clean Energy Development**

This activity works closely with state and local partners and industry stakeholders to administer programs, plans and incentives to improve the state's energy economy, reduce energy consumption, promote clean energy-related development and ensure a reliable and sustainable clean energy system.

**GOE - RENEWABLE ENERGY ACCOUNT**  
**101-4869**

**PROGRAM DESCRIPTION**

The Renewable Energy Fund was established in 2009 to receive from Nevada counties 45 percent of property taxes paid where an abatement had been granted to qualified renewable energy projects. In 2013, the transfer from the counties of the 45 percent of the property taxes paid was eliminated. This funding source will continue to be available until the 13 remaining projects associated with approved abatements. This account is interest-bearing and the interest and income earned on the money must be credited to the fund. Statutory Authority: NRS 701A.300 through 701A.450.

**BASE**

This request continues funding and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**OFFICE OF SCIENCE, INNOVATION AND TECHNOLOGY** - The mission of the Office of Science, Innovation and Technology (OSIT) is to coordinate and align efforts by K-12 and higher education, workforce development and employers to improve Science, Technology, Engineering, and Mathematics (STEM) education and STEM workforce development so that Nevada's workforce can meet the demands of its growing and diversifying economy. Additionally, OSIT seeks to coordinate and align state efforts to facilitate and promote broadband services and expand information technology infrastructure to Nevada's schools, health care institutions and rural public safety departments. OSIT also supports the Advisory Council on STEM, applies for federal grants and administers STEM workforce challenge grants.

**Division Budget Highlights:**

- Office of Science, Innovation and Technology** - The Governor's Executive Budget contains no significant changes.

**Activity: Broadband Planning and Implementation**

This activity enhances access to broadband services and digitally delivered information by increasing the percent of cities, libraries and schools connected with broadband speeds that meet national benchmarks.

**Performance Measures**

**101-1003**

**PROGRAM DESCRIPTION**

This program is created to staff and support Science, Technology, Engineering, and Math education and workforce programs that will be administered through the Governor's Office of Science, Innovation and Technology. The program will also administer grants obtained for such initiatives and coordinate the planning, mapping and procurement of broadband in the state. Statutory Authority: NRS 223.600

**BASE**

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**GOVERNOR'S OFC OF FINANCE- DIV OF INTERNAL AUDITS**  
**101-1342**

**PROGRAM DESCRIPTION**

The Division of Internal Audits conducts performance audits to help agencies identify ways to enhance their operational efficiencies and effectiveness. These audits are presented to the Executive Branch Audit Committee, which is chaired by the Governor and includes the Lieutenant Governor, Secretary of State, State Treasurer, State Controller, Attorney General, and a representative of the public. The division also performs reviews of agencies' transactions and procedures to determine compliance with state and federal guidelines and assists agencies in maintaining and developing internal controls and financial practices that prevent and detect fraud and safeguards assets. Statutory Authority: NRS 353A and 353.090.

**BASE**

This request continues funding for 13 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**LIEUTENANT GOVERNOR**  
**101-1020**

**PROGRAM DESCRIPTION**

The Lieutenant Governor is elected for a four-year term. The Lieutenant Governor is the highest officer in the state after the Governor and serves as Acting Governor when the governor is out of state or temporarily incapacitated.

The Lieutenant Governor's executive duties include serving as Chair of the Commission on Tourism, Vice-Chair of the State Board of Transportation, a member of the Board of the Governor's Office of Economic Development, and a member of the Executive Branch Audit Committee. Additionally, the Lieutenant Governor serves as Chair of the Advisory Board on Outdoor Recreation and as an appointed member to the Governor's Commission on Homeland Security. In fiscal year 2020 and 2021, the Lieutenant Governor also served as the Chair of the Nevada Complete Count Committee for the 2020 Census.

The Lieutenant Governor is the only elected official with specific duties and powers in two branches of state government, the executive and legislative branches. When the State Legislature convenes for its biennial sessions, the Lieutenant Governor serves as the President of the Senate. Although the Lieutenant Governor is the Senate's presiding officer, they are not a member and cannot vote on any question or legislative measure except to break a tie. The Lieutenant Governor can pursue up to three legislative initiatives during regular sessions. Constitutional Authority: Article 5, Section 17 and 18; Statutory Authority: NRS 224.

## AG - EXTRADITION COORDINATOR

101-1002

### PROGRAM DESCRIPTION

The Federal Uniform Criminal Extradition Act requires governors of each state to return any person charged in another state with treason, a felony, or any other crime, who has fled from justice, and is subsequently apprehended in a state in which the crime was not committed. The Interstate Agreement on detainers covers inmates who are imprisoned in another state penal institution and wanted by the demanding state to stand trial on criminal charges. The Extradition Coordinator, who also serves as Nevada's Agreement Administrator, is responsible for ensuring the ends of justice are promoted by effectuating the return and/or temporary transfer of fugitives who have taken asylum in this state to the requesting states; effectuating the return and/or temporary transfer to Nevada of fugitives who have taken asylum in other states within the statutorily prescribed methods, procedures and time limits; recovering the monetary costs to which the state is entitled by virtue of this undertaking; and providing high quality continuing legal education on all aspects of extradition and detainer laws. Statutory Authority: NRS Chapters 178 and 179.

### BASE

**PROGRAM DESCRIPTION**

Established by the Constitution of Nevada, the Office of the Attorney General is responsible for providing legal services to the Executive Branch of state government. The Attorney General's responsibility is also to the citizens of the state, and as an independent constitutional officer, the Attorney General must ensure the law is being administered fairly and correctly. As the state's chief law enforcement officer, the Attorney General represents the people of Nevada before trial and appellate courts of Nevada and the United States in criminal and civil matters; serves as legal counsel to state officers, most boards, commissions and departments; and assists the 17 district attorneys of the state. Constitutional Authority: Article 5, Section 19 of the Nevada Constitution. Statutory Authority: NRS Chapter 228.

**BASE**

This request continues funding for 245 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**AG - WORKERS' COMP FRAUD  
101-1033**

**PROGRAM DESCRIPTION**

The Workers' Compensation Fraud Unit (WCFU) is responsible for the investigation and prosecution of all workers' compensation fraud committed in the State of Nevada by employers, employees (claimants) or medical providers against companies providing insurance and any of Nevada's self-insured employers. The WCFU is also the sole government agency responsible for prosecuting any fraud committed in the administration of workers' compensation. Statutory Authority NRS Chapters 228 and 616D.

The Insurance Fraud Unit has the primary statutory responsibility to criminally prosecute those who make, or assist someone else in making, material misrepresentations on applications for insurance and/or submit false claims for benefits with private insurance companies. Statutory Authority NRS Chapters 228.412 and 686A.2815.

**BASE**

This request continues funding for 36 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**AG - CRIME PREVENTION**  
**101-1036**

**PROGRAM DESCRIPTION**

The mission of the Crime Prevention/Missing Children Unit is to assist in locating missing children and to protect children from exploitation. The unit operates as a center for public education of state and federal laws pertaining to missing, exploited and victimized children. This unit provides assistance in judiciary education to law enforcement agencies. Statutory authority: NRS 432.150-220. This budget is supported by the General Fund appropriations and fees generated by the sale of the missing children license plates and civil penalties received pursuant to NRS 217.260 & NRS 228.280.

**BASE**

This request continues funding for five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**AG - MEDICAID FRAUD  
101-1037**

**PROGRAM DESCRIPTION**

The Medicaid Fraud Control Unit (MFCU) is responsible for investigating and prosecuting medical provider fraud in the Nevada Medicaid Program; neglect or abuse of patients in Medicaid-funded medical facilities; and misappropriation of patient trust funds at medical facilities receiving Medicaid funding. The MFCU jurisdiction was extended by act of Congress in 1999 to allow investigation of fraud in all federally-funded health care programs and to investigate resident abuse or neglect in non-Medicaid-funded care facilities. (42 U.S.C. 1396b(q)). In addition to criminal prosecutions, the MFCU may also seek civil monetary penalties as set forth in NRS 422.580. Statutory Authority: NRS Chapters 228 and 422.

**BASE**

This request continues funding for 19 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

This budget account was renamed in the state fiscal year 2017 - 2019 biennial budget from the Violence Against Women Grants to the Grants Unit. This budget account was created in state fiscal year 2006 for recording domestic violence grants. This account primarily contains Violence Against Women Grants, however, the name change recognizes this budget account now records various grants received by the Office of the Attorney General. Two Violence Against Women formula grants are received annually; the STOP Violence Against Women Formula Grant and the Sex Assault Services Program Grant. In addition to these grants the office seeks supplemental awards to fund various projects for the Attorney General's office.

**BASE**

This request continues funding for five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**101-1041**

**PROGRAM DESCRIPTION**

The mission of the Advisory Council for Prosecuting Attorneys is to develop and implement a training program for prosecutors in the state; to coordinate the development of policies for conducting criminal and civil prosecutions; and to coordinate proposed legislation for submission to the Legislature. Statutory Authority: NRS 241A.010 to NRS 241A.090. In 2001, the Legislature enacted Assembly Bill 548, which authorizes the Advisory Council for Prosecuting Attorneys to be funded with administrative assessments. See NRS 176.059. In addition, the council is authorized to receive grant funding pursuant to NRS 241A.090.

**BASE**

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## AG - VICTIMS OF DOMESTIC VIOLENCE

101-1042

### PROGRAM DESCRIPTION

The Victims of Domestic Violence budget encompasses programs relating to domestic violence, sexual assault, stalking, and the Office of Ombudsman for Domestic Violence. The Domestic Violence Ombudsman is responsible for standardizing and overseeing the treatment of domestic violence offenders, as well as, assisting in the statewide coordination of domestic violence services and training.

The purpose of the Office of Ombudsman is to prepare reports relating to victims of domestic violence, provide necessary assistance to victims, and provide education to the public related to domestic violence, including prevention assistance available to victims and treatment available for persons who commit domestic violence. The Ombudsman administers the account for district court assessments collected as a result of domestic violence convictions. The District Court assessment monies can be utilized to assist in training law enforcement, prosecutors, the judiciary, and the general public in the area of domestic violence. District Court assessments also support the Committee on Domestic Violence activities and have been used in previous years to support the Ombudsman position itself.

The purpose of the Committee on Domestic Violence is to adopt regulations to evaluate, certify and monitor programs that treat persons who commit domestic violence; review and evaluate existing domestic violence training programs provided to peace officers; and make recommendations to the Commission on Peace Officers' Standard and Training. Statutory Authority: NRS 228.440 and 228.470.

### BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**AG - FORFEITURE  
101-1043**

**PROGRAM DESCRIPTION**

The Attorney General Forfeiture budget account was created in state fiscal year 2016 to receive funding from the Department of Treasury Equitable Sharing Program. The funds are for any federal, state, or local law enforcement agency that directly participates in an investigation or prosecution that results in federal forfeitures. The participating agency may request an equitable share of the forfeiture net proceeds.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**715-1348**

**PROGRAM DESCRIPTION**

The Tort Claim Fund is established to pay claims against the state, including those pursuant to NRS 41.0349 and 41.037. Typical claims include automobile accidents, injuries on the state's premises or highways, and damages claimed for violation of the civil rights of inmates incarcerated within the Department of Corrections, state employees, or the general population. The potential vehicle and general liability for the Tort Claim Fund for the biennium is calculated by an independent actuary every two years. The Tort Claim Fund is an internal service fund financed by assessments on state agencies based on the number of participating vehicles and positions. Statutory Authority: NRS 331.187.

**BASE**

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## AG - STATE SETTLEMENTS

101-1047

### PROGRAM DESCRIPTION

This budget account was established during the 2017 79th legislative session to administer favorable statewide settlements received by the Office of the Attorney General. Since that time the State has been awarded a number of settlements from various sources such as, Volkswagon, Wells Fargo, Johnson & Johnson, Uber, Lenova, and Western Union. These funds have been placed in the Attorney General's Office non-executive settlement budget to be used in accordance with the terms of the specific settlement, and as approved by the legislature.

### BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**SOS - HELP AMERICA VOTE ACT (HAVA) ELECTION REFORM  
101-1051**

**PROGRAM DESCRIPTION**

The Help America Vote Act of 2002 (HAVA) was enacted by Congress and signed into law by President Bush on October 29, 2002. HAVA was a response to the irregularities in voting systems and processes unveiled during the 2000 Presidential Election. This program provides for improving the administration of elections for federal office; replacing voting equipment that only records a voter's intent electronically with equipment that utilizes a voter-verified paper record; implementing a post-election audit system that provides a high-level of confidence in the accuracy of the final vote tally; upgrading election-related computer systems to address cyber vulnerabilities identified through Department of Homeland Security or similar scans or assessments of existing election systems; facilitating cybersecurity training; implementing established cybersecurity best practices for election systems; and funding other activities that will improve the security of elections for federal office. Statutory Authority: NRS 293.442

**BASE**

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**TREASURER'S OFFICE** - The State Treasurer's Office ensures the state's investments and debt obligations are managed prudently and in the best interest of the people of Nevada; administers the Governor Guinn Millennium Scholarship Program, Nevada Prepaid Tuition Program, the state's 529 College Savings Plan programs; and safeguards Nevada's Unclaimed Property.

**Department Budget Highlights:**

1. **College Kick Start Program** - The budget includes implementing an actuarial model to fund the College Kick Start Program.

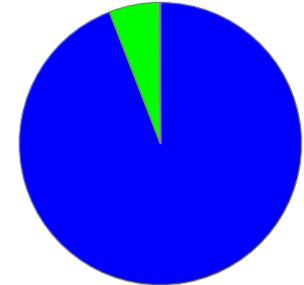

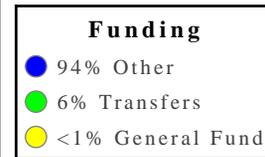

**TREASURER - TREASURER'S OFFICE** - The State Treasurer's Office is divided into five functional areas: Cash Management, Debt Management, Investments, Education Programs, and Unclaimed Property. The Education Programs and Unclaimed Property are administered under separate divisions. The Cash Management Division manages the state's banking and merchant services relationships and agency activity, reconciles bank transactions with state accounting records, and issues state checks. The Debt Management Division is responsible for the issuance of any debt obligation authorized on behalf of, and in the name of, the state, with certain exceptions (e.g. Housing bonds, Industrial Development bonds, and Colorado River Commission bonds). The Investment Division is responsible for the investment of state money, securities and market research and analysis, trading, portfolio accounting, fund accounting, and reporting.

**Division Budget Highlights:**

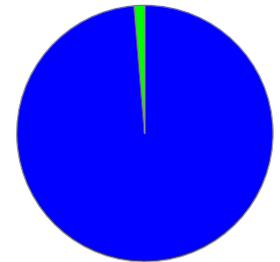

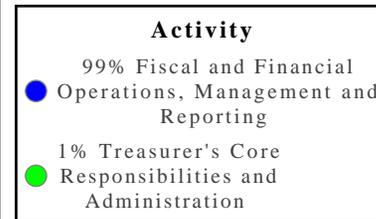

- 1. Treasurer's Office Administration** - The Governor's Executive Budget contains no significant changes.

**TREASURER - MUNICIPAL BOND BANK REVENUE**

**745-1086**

**PROGRAM DESCRIPTION**

The Municipal Bond Bank, administered by the State Treasurer, was created by the 1981 Legislature for support of certain municipal projects through a bond bank. The Bond Bank allows the state to sell its general obligation bonds to provide funds to purchase local bonds. The state's higher bond rating saves local entities substantial amounts of interest payments. Statutory Authority: NRS 350A.140.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**TREASURER - COLLEGE SAVINGS TRUST** - The 529 College Savings Division administers two types of qualified 529 plans: the Nevada Prepaid Tuition program and the Nevada 529 College Savings Plans program, as authorized by 26 U.S.C. Section 529. The programs are designed to assist parents and students to take advantage of the Internal Revenue Code Section 529 College Savings Plans, which offer savings and tax advantages to account holders.

**Division Budget Highlights:**

1. **College Kick Start Program** - The budget includes implementing an actuarial model to fund the College Kick Start Program.

**Activity: Research, Research Management and Public Outreach**

This activity, in conjunction with the College Savings Board, is responsible for creating an awareness campaign for the Nevada College Savings Plans to Nevada families, as well as nationally. The goal is to provide Nevada families with greater information about the various opportunities to save for college.

**LEG - LEGISLATIVE COUNSEL BUREAU** - The Legislative Counsel Bureau is the non-partisan, central staff for the Legislature. The bureau consists of the Legislative Commission, an Interim Finance Committee, a director, and five divisions (Administrative, Audit, Fiscal Analysis, Legal and Research). The divisions are made up of professional staff who provide a variety of services to legislators and the public. The design of the bureau is intended to limit political pressure on its employees. The Interim Nevada Legislature consists of the Secretary of the Senate and the Chief Clerk of the Assembly and their permanent staffs. The Secretary of the Senate and the Chief Clerk of the Assembly are elected as officers by the members of the houses they serve.

**Division Budget Highlights:**

1. **Furlough** - As submitted by the Director of the Legislative Counsel Bureau (LCB), the Governor's Executive Budget includes a budget reserve resulting from a mandatory 24-day furlough for all employees of the LCB for the 2021-2023 biennium, which reduces funding from the previous biennium.
2. **Travel and Training** - As submitted by the Director of the Legislative Counsel Bureau (LCB), the Governor's Executive Budget includes a budget reserve resulting from significantly reduced funding for the travel and training of the LCB and Interim Nevada Legislature staff.
3. **Position Status Reductions** - As submitted by the Director of the Legislative Counsel Bureau (LCB), the Governor's Executive Budget includes a budget reserve resulting from the reduction from full-time to part-time for five positions in the LCB, which reduces funding from the previous biennium.

### PROGRAM DESCRIPTION

Nevada State Printing Office provides mission-critical and other offset and digital printing, copying, and related services to all three branches of state government and other government entities in a timely and cost-efficient manner. All work is done on a fee basis and these fees are intended to recover the State Printing Office's costs, and to allow replacement of equipment as needed. Examples of mission-critical material would be decisions of the Supreme Court; tax bills for the Department of Taxation; bills, histories, and journals for the Legislature; and sample ballots for the counties. The State Printing Office also produces all the forms, business cards, letterhead, envelopes, training material, and reports needed to make government function. Statutory Authority: NRS 344.021.

# Judicial Branch

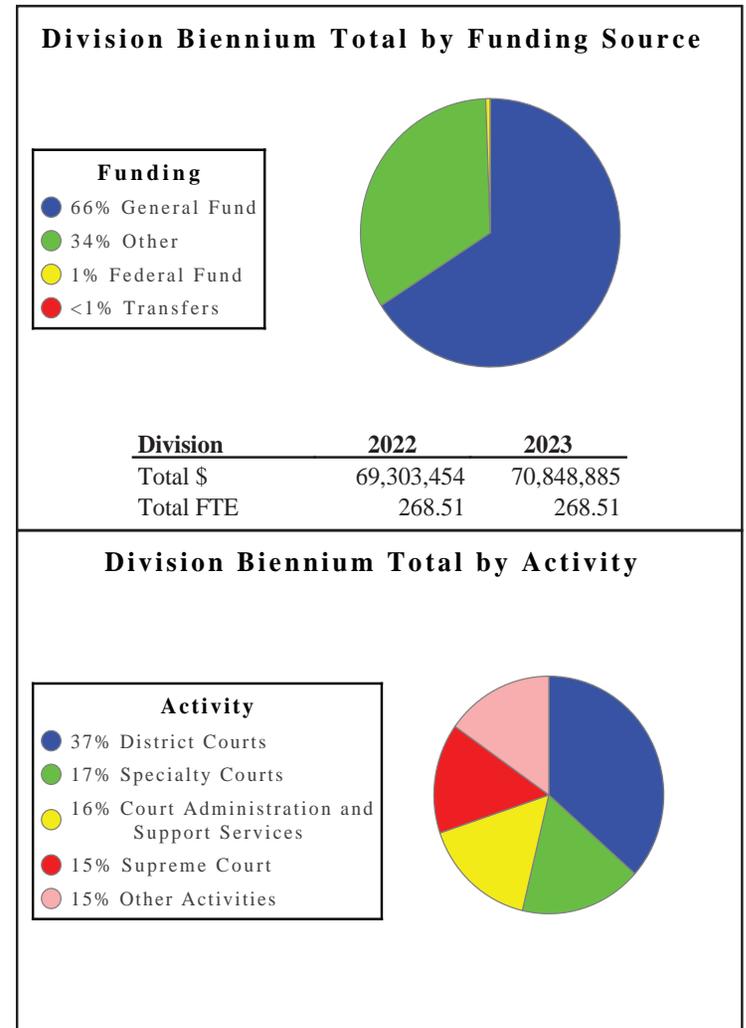

**JUDICIAL BRANCH** - The Judicial Branch of Nevada State Government is the third branch of the government, co-equal with the Executive and Legislative Branches. Article 6 of the Nevada Constitution provides that the Nevada Supreme Court shall administer the Nevada Judicial System; has exclusive jurisdiction to hear appeals for all civil and criminal cases from District Courts; has the power to issue Writs of Mandamus, Certiorari, Prohibition, Quo Warranto and Habeas Corpus; shall proscribe the rules and requirements for the licensure of lawyers and impose discipline as appropriate; and shall hear all appeals from the Judicial Discipline Commission for the discipline of judges. Core functions of the Judicial Branch are provided in the constitution and are augmented by statutorily imposed duties.

**Department Budget Highlights:**

**JUDICIAL BRANCH** - This section of the Judicial Branch activity budget reports budgetary items for judicial programs.

**Division Budget Highlights:**

**Activity: Supreme Court**

The Supreme Court administers the Judicial System; has jurisdiction for appeals of all civil and criminal cases from District Courts; issues Writs of Mandamus, Certiorari, Prohibition, Quo Warranto and Habeas Corpus; rules on licensure and discipline of lawyers as appropriate; and hears appeals in the judicial discipline of judges.

## COURT OF APPEALS

101-1489

### PROGRAM DESCRIPTION

Article 6 of the Nevada Constitution, as amended in November 2014, created the Court of Appeals. The Court of Appeals hears categories of cases assigned to it by Supreme Court as authorized by Court Rule. Case types assigned include appeals of administrative agency decisions, foreclosure mediation, venue challenges, and injunctive relief, among others, as outlined in NRAP 17. The budget is funded from a General Fund appropriation.

### BASE

This request continues funding for the operation of the Court of Appeals based on revenues and expenditures in fiscal year 2018, including continuing support of this budget's 22 existing positions.

**SENIOR JUSTICE & SENIOR JUDGE PROGRAM**  
**101-1496**

**PROGRAM DESCRIPTION**

Article 6, Section 19, of the Nevada Constitution authorizes the Chief Justice to recall to active service any justice or judge who consents to such a recall and who has not been removed for cause or defeated for retention in office. Former judges are recalled to expedite judicial business, assist in districts with congested calendars, and act for those who are disqualified or unable to perform. This budget compensates the "senior justices and senior judges" that are recalled and assigned temporary duty. The assignment of former judges is a cost-effective method for state and county governments to avoid the costs of funding full-time judicial positions and from having to provide additional courtroom facilities and staff. This program is funded primarily through a General Fund appropriation and administrative assessment revenue collected pursuant to NRS 176.059.

**BASE**

This request continues funding primarily for coverage of district courts when judges are unavailable for a myriad of reasons, and continues funding for senior judges to participate in other matters such as settlements and specialty courts.

**LAW LIBRARY**  
**101-2889**

**PROGRAM DESCRIPTION**

The Supreme Court's Law Library serves as a comprehensive, current, and archival legal research facility for the Supreme Court while also providing legal research services to the Office of the Attorney General, the Legislature, other state and local governmental agencies, the state bar and the public. It is the collection of last resort for legal materials in the state. Its website provides pro se information and forms. The budget is funded primarily through a General Fund appropriation. Statutory authority: NRS 2.410 through NRS 2.490.

**BASE**

This request continues funding for the operation of the Law Library based on revenues and expenditures in fiscal year 2020, including continuing support of five positions.

**ADMINISTRATIVE OFFICE OF THE COURTS**  
**101-1483**

**PROGRAM DESCRIPTION**

The Administrative Office of the Courts (AOC) serves as the Office of the Court Administrator pursuant to NRS 1.320 and is responsible for carrying out the duties prescribed in this statute under the direction of the Supreme Court. The AOC provides administrative support to the Supreme Court and judicial programs in the form of budget development, financial oversight, accounting, audits, personnel, payroll and information technology. The budget is funded by administrative assessments collected pursuant to NRS 176.059.

**BASE**

This request continues funding for the operation of the Administrative Office of the Courts based on revenues and expenditures in fiscal year 2020, including continuing support of 33 positions.

## JUDICIAL PROGRAMS AND SERVICES DIVISION

101-1484

### PROGRAM DESCRIPTION

The Judicial Programs and Services Division manages programs and projects to assist trial courts in providing access to justice throughout the Nevada judiciary. The primary functions of the division include: administering the Court Interpreters Program for certification of court interpreters (NRS 1.500-1.560, NRS 50.054); assisting rural courts with requests related to forms, grants, security assessments/risks, etc.; assisting the Supreme Court in studying and making improvements to policies, processes, and procedures in the Court System; administering the Uniform System for Judicial Records, which includes collecting, analyzing, and reporting statewide court and judicial statistics [NRS 1.360 (4, 8, 10), NRS 38.255]; administering the Juvenile Dependency Mediation Program; and administering Federal Court Improvement Program grants. The budget is funded primarily from a General Fund appropriation.

### BASE

This request continues funding for the operation of the Administrative Office of the Courts based on revenues and expenditures in fiscal year 2018, including continuing support of this budget's ten positions.

## UNIFORM SYSTEM OF JUDICIAL RECORDS

101-1486

### PROGRAM DESCRIPTION

The Uniform Systems of Judicial Records (USJR) standardizes, advances and supports technology in all 74 trial courts throughout the state. USJR staff work directly with local, state and federal criminal justice agencies and courts to provide technological solutions to manage judicial caseloads and records and to improve and address statistical reporting requirements. Major projects include the Nevada Court System (a centralized case management system that distributes case information to multiple courts via secured wide area networks), and the Multi-County Integrated Justice Information System (a secured data exchange system interfacing various criminal justice agencies, such as law enforcement, prosecuting offices, Public Safety and the courts). The budget is funded primarily from administrative assessments collected pursuant to NRS 176.059.

### BASE

This request continues funding for the operation of the Uniform System of Judicial Records based on revenues and expenditures in fiscal year 2018, including continuing support of this budget's ten positions.

## JUDICIAL EDUCATION

101-1487

### PROGRAM DESCRIPTION

Judicial Education provides for the continuing education of district court judges, justices of the peace, and municipal court judges pursuant to NRS 3.027, 4.035, and 5.025, respectively, and Supreme Court Order. Judicial Education also may provide for the continuing education of quasi-judicial officers such as masters, and for trial court personnel if funding permits. The budget is funded from administrative assessments collected pursuant to NRS 176.059.

### BASE

This request continues funding for the operation of Judicial Education based on revenues and expenditures in fiscal year 2018, including continuing support of 4 positions.

## SPECIALTY COURT

101-1495

### PROGRAM DESCRIPTION

Specialty Courts are judicial problem-solving processes designed to address the root causes that contribute to criminal behavior. Specialty Courts facilitate testing, treatment and oversight of certain persons over whom the court has jurisdiction and whom the court determines suffers from a mental illness or abuses alcohol or drugs. This includes, without limitation, Specialty Courts established pursuant to NRS 176A.250, 176A.280, 484C.340 and 453.580. The Specialty Court Funding & Policy Committee, comprised of justices and general and limited jurisdiction judges, authorizes distribution of funds to Specialty Courts and other program expenditures.

### BASE

This request continues funding for ongoing programs. Additionally, contains personnel and other costs related to a new Specialty Court Program Manager position that was unanimously approved by the Specialty Court Funding & Policy Committee on April 3, 2020.

## JUDICIAL DISCIPLINE

101-1497

### PROGRAM DESCRIPTION

The Nevada Commission on Judicial Discipline (Commission) was created by constitutional amendment on November 2, 1976 and charged with the responsibility of investigating allegations of misconduct, violations of the code of judicial conduct, or disability of judges. The seven-member Commission receives and investigates complaints against full-time and part-time judges, judicial officers and aspirants to judicial office. For a time, the Commission's proceedings were governed by administrative and procedural rules of the Nevada Supreme Court. However, on February 21, 2003, the Nevada Supreme Court repealed Part VII of its rules and the Commission has since adopted its own procedural rules to govern its proceedings. Constitutional Authority: Nevada Constitution, Art. 6, Section 21.

The Standing Committee on Judicial Ethics (Standing Committee) was created in 1998 by Supreme Court Rule to resolve ethical disputes arising in the course of campaigns for judicial office. It also provides judges and aspirants to judicial office advisory opinions regarding ethical matters that may arise in the ordinary course of judicial service or in the elective or appointment process. In 2011, the Nevada Supreme Court repealed a section of the rule and eliminated the need for the Standing Committee to resolve ethical disputes arising in the course of campaigns for judicial office. The Standing Committee continues to consider opinion requests regarding ethical matters that may arise in the ordinary course of judicial service or in the elective or appointment process. The Standing Committee also assists the Nevada Supreme Court by studying and recommending additions to, amendments to, or repeal of provisions of the Revised Nevada Code of Judicial Conduct or other laws governing the conduct of judges and judicial candidates. Statutory Authority: NRS 1.425 to 1.4695, inclusive. Rule Authority: Nevada Supreme Court's Inherent Power to Make Rules.

### BASE

This request continues funding for five employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

### PROGRAM DESCRIPTION

The Nevada Public Employees' Deferred Compensation Program (NDC), a division of the Department of Administration, is a voluntary tax-deferred supplemental state retirement plan (IRC 457(b)), which provides participants and their beneficiaries with a valuable supplement to their Nevada Public Employees Retirement System pension, Social Security and any other retirement savings. The program operates solely in the interest of plan participants and beneficiaries. The NDC, appointed by the Governor pursuant to NRS 287.325, provides governance and oversight of the investment management and plan design of the program, and strives to provide quality investment options at minimal costs while maintaining high standards of customer service to participating employees. The NDC's Executive Officer is appointed by and serves at the pleasure of the Director of the Department of Administration. The NDC Executive Officer and administrative staff serve as the primary support to the NDC Committee and manage the program contractors, communicate and educate qualified employees on the importance of supplemental savings through seminars, newsletters and other educational efforts, and are responsible for administering the program in accordance with established state and federal guidelines. All program expenses are paid from revenue generated by an established fully transparent fee structure adopted and directed by the NDC Committee and implemented through the program's contracted record keeper.

**ADMINISTRATION - EITS - DATA COMM & NETWORK ENGR  
721-1386**

**PROGRAM DESCRIPTION**

Data Communications and Network Engineering is one of three budget accounts in the Communications unit within the Enterprise IT Services Division. This unit is responsible for all tasks related to developing, operating, and maintaining statewide data; voice over internet protocol (VOIP); and video-communications infrastructure. Most of this effort is focused on the Wide Area Network (WAN), termed SilverNet, and maintaining "connectivity with the outside world" such as internet access for the state and dedicated purpose circuits including federal program connections. Staff tasks include installing and troubleshooting data circuits; installing, operating and maintaining routers, firewalls, event logging, and data switches that tie the circuits together; and engineering, analyzing, and troubleshooting the complex WAN itself. Staff supports over 8,500 network connections representing servers, and network devices (routers, firewalls and switches) in more than 150 locations throughout the state. Customers include all Executive Branch agencies, Constitutional Offices, the Judicial Branch, and to a limited extent, the Legislative Branch. Statutory Authority: NRS 242.

**BASE**

This request continues funding for 17 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

The Telecommunications Unit is one of three budget accounts in the Communications Division. This unit is responsible for developing, administering, and maintaining telecommunication services, primarily voice transport, and telephone equipment. This includes a statewide telephone network that integrates voice over internet protocol switches into the state SilverNet system as well as commercial telephone service. Staff tasks include operation and maintenance of key systems; agency consultation, analysis, and basic design to meet their telecommunication needs; including call centers, building wiring design; development, negotiation, and implementation of contract telecommunication services, long distance service, local exchange service, and vendor services. Specific services provided include state phone lines and voice mail; long distance; 800-type toll free service; voice system administration; conference calls and private branch exchange network access. Statutory Authority: NRS 242.

**BASE**

This request continues funding for seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**ADMINISTRATION - EITS - NETWORK TRANSPORT SERVICES  
721-1388**

**PROGRAM DESCRIPTION**

Network Transport Services (NTS) is the third of three budget accounts in the Communications unit within the Enterprise IT Services Division. This unit, through a combination of microwave, fiber optics, and other wireless technologies, provides transport of communications circuits for federal, state, and local government entities, with many responsible for public safety. NTS also provides large transport circuits for data communications and private branch exchange (PBX)/voice over internet protocol (VOIP) services to other communications units within EITS, such as SilverNet and PBX/VOIP telecommunications, thereby indirectly supporting nearly every state agency. Staff tasks include design and development of backbone microwave communication infrastructure; installation, operation and 24/7 maintenance of microwave and fiber optic communication equipment; troubleshooting complex transport system problems; and maintaining and developing remote communication sites and facilities. Staff is directly responsible for microwave circuits and transport equipment at state sites that carry public safety traffic. NTS communication sites also host other agency communications equipment and antennas on its towers, and provides commercial and emergency backup power for their equipment. Statutory Authority: NRS 242 & NRS 233F

### PROGRAM DESCRIPTION

The Office of Information Security (OIS) is independent from network and information technology operations and is managed by the Chief Information Security Officer (CISO), who reports directly to the CIO. OIS establishes and maintains the enterprise vision, strategy, and program to ensure information assets and technology are adequately protected. As part of the ongoing service delivery, OIS provides leadership and oversight of a comprehensive state information security program which includes continuous monitoring, vulnerability scanning, focused assessments, security incident response coordination, physical security access services, and other operational security services for the Executive Branch. The OIS staff identifies, develops, implements and maintains enterprise security processes to reduce information technology risk. The CISO directs response to incidents, establishes appropriate standards and controls, manages security technologies, and directs the establishment and implementation of policies and procedures. The CISO chairs the State Information Security Committee and is on the Nevada Commission on Homeland Security's Cyber Security Committee. Statutory Authority: NRS 242

### BASE

This request continues funding for nine positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## ADMINISTRATION - FLEET SERVICES

711-1354

### PROGRAM DESCRIPTION

The division provides safe, dependable and economical transportation solutions for state employees. Fleet Services operates a large, modern and environmentally friendly fleet and focuses on customer service, efficiency and professionalism. The division's fleet is dispersed throughout the state, providing agencies short-term and long-term assigned vehicles, a statewide managed maintenance and repair program, vehicle acquisition, disposal services, registration, fuel, alternative fueled vehicles, fueling resources, accident management, cleaning and 24 hour roadside assistance. The division operates facilities in Carson City, Reno and Las Vegas with each facility providing full administrative and operational support for both short-term and long-term assigned vehicles. The Operations Division manages an extensive statewide maintenance program to support the fleet. The maintenance program is available for use by all state agencies and provides agencies that own their vehicles a cost effective solution for satisfying their vehicle maintenance needs. Statutory Authority: NRS 336.

### BASE

## ADMINISTRATION - FLEET SERVICES CAPITAL PURCHASE

711-1356

### PROGRAM DESCRIPTION

The vehicle purchase account serves as a holding account for the accumulation of funds realized from vehicle sales, insurance recoveries from vehicles totaled in accidents, depreciation allowances for fleet replacement, and appropriations used to purchase additional vehicles for agencies' use. Funds for depreciation expense in the division's operating budget, which is budget account 1354, are then transferred to the Capital Purchase account, budget account 1356, as revenue. Statutory Authority: NRS 336.

**PROGRAM DESCRIPTION**

The Nevada State Library, Archives, and Public Records is the institutional memory of the state, and is responsible for preserving and developing the state's most valuable assets: its heritage, the collective product of its people, resources, business endeavors, and government. The State Library provides governments, agencies, businesses, libraries, and citizens a full range of information services, including: reference, research materials, and support services; library planning and development; and services designed for citizens with disabilities. The State Library houses the State Data Center, which offers census information statewide. The library functions as a depository of U.S. government documents and operates the State Publications Distribution Center, which distributes official state government documents electronically statewide to ensure Nevada citizens have free access to state government publications. The State Library also develops state information policies to ensure equal access to government information is available in all formats. Library development services provides: leadership; grants and other assistance to Nevada's libraries; archives and literacy to communities to improve services for all Nevadans; general consulting; administration of funds for improvement of library services; collaboration with local, state and federal agencies to develop and implement programs; and facilitation of statewide planning efforts. The Nevada Talking Book Services provides direct library services statewide to individuals who qualify due to visual and/or physical impairments. Statutory Authority: NRS 378.010 through 378.210.

**BASE**

This request continues funding for 21 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

The State Archives and Records Management administers comprehensive, cost-effective programs for the creation, maintenance, retention, preservation, and disposition of state government executive branch records. Archives and Records program staff offer technical support to the Nevada Supreme Court, Legislative Counsel Bureau, Tribal and local governments, and the Nevada System of Higher Education. The State Archives preserves and makes accessible records that document the history, organization and functions of Nevada state government, its influence and impact on the lives of its people, and protection of their civil rights. The Records Management program prepares records retention schedules, enabling all state agencies to reduce their record storage holdings and related costs. This division also operates the State Records Center, providing high-capacity, low-cost, secure storage for over 53,000 cubic feet of inactive official state records. These records may be accessed on demand by state agencies as needed. In addition, Imaging and Preservation Services provides high-quality digital imaging and microfilm capture of essential government documents at significant savings to client agencies of state and local governments. The program ensures government documents are preserved in accordance with NRS 239.070, 378.255, and 378.280. The program provides services for scanning, printing and storage of large format maps and plans onto either microfiche or roll film. The program develops and duplicates film for state and local government agencies and District Courts. Statutory Authority: NRS 378.230 through 378.320.

**ADMIN - RISK MANAGEMENT DIVISION** - The mission of the Risk Management Division is to preserve and protect state property and personnel. This is achieved by integrating agency programs that systematically identify and analyze exposures to risk, selecting and implementing appropriate risk control strategies, financing anticipated or incurred losses and regular monitoring for continual improvement and enhancement.

**Division Budget Highlights:**

1. **Risk Management Division** - The Governor's Executive Budget contains no significant changes.

**Activity: Regulation, Regulatory Compliance and Regulatory Supervision**

This activity monitors the property/casualty program which reduces the financial impact as a result of property, automobile and liability losses to state agencies. The workers' compensation program provides benefits to all state employees and volunteers. The division provides safety training with the goal to reduce on-the-job injuries.

**ADMIN - STATE PUBLIC WORKS DIVISION** - The State Public Works Division (SPWD) efficiently and effectively plans and manages capital improvements, maintenance services for state-owned facilities, and provides leasing services for state agencies, including Boards and Commissions residing in non-state-owned facilities. As the state's building official, the SPWD regulates all construction on state lands in order to safeguard public health, safety, and welfare. The division also provides a reliable Marlette Lake water delivery system and maintains all associated infrastructure.

**Division Budget Highlights:**

1. **Increased Maintenance of State-Owned Buildings** - The budget includes \$8 million in funding for major maintenance and building preservation projects for state-owned facilities state-wide.
2. **State Public Works Engineering and Planning** - The budget includes resources and staffing to the SPWD sufficient to effectively execute the Governor's Recommended 2021-2023 Capital Improvement Plan.

**Activity: Capital Improvement Program**

This activity effectively responds to state agencies' infrastructure needs by developing project scopes and cost estimates for the Capital Improvement Program (CIP) projects.

**ADMINISTRATION - SPWD - FACILITY COND & ANALYSIS**  
**101-1560**

**PROGRAM DESCRIPTION**

The State Public Works Division's (SPWD) Facility and Condition Analysis Unit is responsible for inspecting and evaluating the short and long-term facilities maintenance needs for all state-owned buildings. The Unit performs physical inspections of all state buildings to identify and quantify the potential short and long-term fiscal obligation and projected inventories of deferred maintenance. Staff attempts to inspect and evaluate every state building on a three-year cycle and works with state agencies to identify, evaluate, and document immediate facility condition issues and/or concerns. Staff generates Facilities Condition Analysis reports, estimates cost of repairs, makes recommendations as to the priority and urgency of the facilities' maintenance needs and makes that information available to state agency directors, the division administrator, the Legislature, and the Budget Office. Statutory Authority: NRS 338, 341, 393 and 444.

**BASE**

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**ADMINISTRATION - SPWD - BUILDINGS & GROUNDS**

**710-1349**

**PROGRAM DESCRIPTION**

The Buildings and Grounds section of the State Public Works Division provides physical buildings and grounds maintenance and housekeeping for most state-owned buildings in Carson City, Reno and Las Vegas. Services are provided by agency staff and contracted vendors ranging from general janitorial and maintenance to minor remodeling. The agency also provides office space for agencies in state-owned buildings, and when not available, locates, and negotiates leases in privately owned buildings. Additionally, the agency provides administrative oversight of the Marlette Lake Water System. The division also funds the Capitol Police section of the Department of Public Safety, which provides building security for the Capitol Complex in Carson City and the Grant Sawyer Building in Las Vegas. Statutory Authority: NRS 331.

**BASE**

This request continues funding for 61 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**ADMINISTRATION - SPWD - MARLETTE LAKE**  
**712-1366**

**PROGRAM DESCRIPTION**

The Marlette Lake Water System was authorized for purchase by the 1963 Legislature from the Curtiss-Wright Corporation at a cost of \$1,650,000. The State Public Works Division of the Department of Administration administers the system. The adjoining lands are administered and controlled by the Department of Conservation and Natural Resources. The major objectives of this system are to preserve and protect local water sources, provide adequate supplies of water to the areas served, maintain the system in a condition sufficient to ensure dependable supplies of water to water customers, and sell water under equitable and fiscally sound contractual arrangements. This system is funded from water sales to Carson City and Storey County. Statutory Authority: NRS 331.160.

**BASE**

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## DEPARTMENT OF TAXATION

101-2361

### PROGRAM DESCRIPTION

The Department is responsible for providing fair, efficient and effective administration of tax programs in accordance with applicable statutes, regulations and policies that serve the taxpayers, state and local governments. The Department collects approximately \$7.3 billion a year in taxes and distributes those revenues to the state General Fund, distributive school account, other state agencies and local government entities. Taxes administered by the Department include all sales and use taxes, modified business tax, insurance premium tax, commerce tax and a variety of excise taxes. In addition, the Department is responsible for appraising property of an inter-state or inter-county nature as well as mining property. It establishes guidelines for county assessors, recorders and treasurers; monitors appraisal and assessment performance; and ensures statewide compliance with assessment standards established by the Nevada Tax Commission (NTC). The Department reviews local government budgets and audits, prepares ad valorem tax rates for certification and advises local governments on Budget Act compliance and financial management matters. Additionally, the Department provides certified annual population estimates for the state, counties and incorporated cities.

The Department serves as staff to five boards and commissions. The Nevada Tax Commission adjudicates contested cases, adopts regulations and ensures fair and equitable treatment of taxpayers across tax types. The State Board of Equalization hears and determines property tax appeals and equalizes property tax values. The Committee on Local Government Finance provides financial accounting standards for local governments and oversight to financially troubled local government entities. The Mining Oversight and Accountability Commission ensures various state agencies maintain compliance over environmental, safety and training and taxation issues related to the mining industry. The Appraiser Certification Board ensures all property tax appraisers in the state are certified and maintain continuing education requirements. Statutory Authority: NRS 354, 360, 360B, 361, 361A, 362, 363A&B, 363C, 364.125, 368A, 369, 370, 370A, 371, 372, 372A, 372B 374, 374A, 375, 375A&B, 376A, 377, 377A&B, 387.332, 444A.090, 453A, 453D, 482.313, 585.497, 680B.

### BASE

This request continues funding for 404 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# Cannabis Compliance Board

**CANNABIS COMPLIANCE BOARD** - The Nevada Cannabis Compliance Board governs Nevada's cannabis industry through strict regulation of all areas of its licensing and operations, protecting the public health and safety of our citizens and visitors while holding cannabis licensees to the highest ethical standards.

**Department Budget Highlights:**

- Additional Positions** - The budget includes funding for ten positions to ensure strict enforcement and regulation of the marijuana industry. Included are three Auditors, one Management Analyst, one Administrative Law Judge, one Legal Secretary, three Marijuana Program Inspectors and one Compliance/Audit Investigator.

**Activity: Business Certification, Licensing, Permitting**

The CCB accepts and processes agent registration card applications for applicants to register with the Board and be issued an Agent Registration Card to industry employees, volunteers, contractors, owners, officers and board members who wish to participate in the industry. Beginning July, 2020, cards are valid for two years and cost \$150.00.

**Activity: Regulation, Regulatory Compliance, and Regulatory Supervision**

Inspections and audits are done separately and always done in teams of two Inspectors and two Auditors. Inspectors go into the field with another Inspector and Auditors go into the field with another Auditor. This team approach is used to create efficiencies, provide a witness if needed and for security purposes.

**PROGRAM DESCRIPTION**

The Cannabis Compliance Board (CCB) administers Nevada's legal medical and adult-use cannabis programs, ensuring the protection of public health and safety through a strict and rigorous regulatory system. The CCB's responsibilities include licensing and regulation of Nevada cannabis establishments. The CCB was assigned responsibility of the adult-use cannabis program with the voter-passed Regulation and Taxation of Cannabis Act in November 2016, which legalized adult-use cannabis in Nevada. The Nevada Legislature transferred responsibility of the state's medical cannabis program from Health and Human Services to the Department of Taxation on July 1, 2017. The 2019 Nevada Legislature passed AB 533, creating the Cannabis Compliance Board and transferred the authority to license and regulate persons and establishments relating to cannabis from the Department of Taxation to the Board. The CCB became effective July 1, 2020.

The CCB administers nine cannabis license types and is responsible for establishing licensing qualifications; determining the need to license additional establishments in the state; reviewing applications for licensure; issuing initial and annual renewal of licenses; tracking licenses; reviewing and making determinations on transfers of ownership; and suspending, revoking and reinstating licenses. The CCB establishes standards and procedures for the cultivation, production, testing, distribution and sale of cannabis in Nevada. As a critical part of its regulatory oversight, the CCB inspects cannabis establishments to ensure compliance with state laws and regulations around issues such as security, testing, inventory tracking, labeling and packaging. Additionally, the CCB reviews all proposed cannabis establishment advertising and design.

There are two tax types specific to cannabis that the Department of Taxation is responsible for administering and collecting: wholesale cannabis tax and retail cannabis tax. Revenues from the wholesale cannabis tax, as well as revenues from fees, penalties, and assessments, will first pay the CCB's administrative and enforcement costs. \$5 million per year is then distributed to counties, cities, and towns, and the remainder is distributed to the state Distributive School Account. Every six months, the Department of Taxation reviews and sets the fair market value at wholesale rates for multiple categories of cannabis product, upon which the wholesale cannabis tax is calculated. The Department of Taxation distributes revenues from the retail cannabis tax to the Account to Stabilize the Operation of State Government. Statutory Authority: NRS 372A.

**BASE**

This request continues funding for 60 positions and five board members and associated operating costs. One-time expenditures have been eliminated and partial-year costs have been annualized.

**NDE - STATE EDUCATION FUNDING ACCOUNT  
101-2609**

**PROGRAM DESCRIPTION**

The Legislature declares that the proper objective of state financial aid to public education is to ensure each Nevada child a reasonably equal educational opportunity. Recognizing wide local variations in wealth and costs per pupil, this State should supplement local financial ability to whatever extent necessary in each school district to provide programs of instruction in both compulsory and elective subjects that offer full opportunity for every Nevada child to receive the benefit of the purposes for which public schools are maintained. Therefore, the quintessence of the State's financial obligation for such programs can be expressed in a formula that provides a certain basic level of support to each pupil in this State, adjusted to account for variation in the local costs to provide a reasonably equal educational opportunity to pupils and for the costs of providing a reasonably equal educational opportunity to pupils with certain additional educational needs. This formula is designated the Pupil Centered Funding Plan.

**PROGRAM DESCRIPTION**

The Legislature declares that the proper objective of state financial aid to public education is to ensure each Nevada child a reasonably equal educational opportunity. Recognizing wide local variations in wealth and costs per pupil, this State should supplement local financial ability to whatever extent necessary in each school district to provide programs of instruction in both compulsory and elective subjects that offer full opportunity for every Nevada child to receive the benefit of the purposes for which public schools are maintained. Therefore, the quintessence of the state's financial obligation for such programs can be expressed in a formula partially on a per pupil basis and partially on a per program basis as: state financial aid to school districts equals the difference between school district basic support guarantee and local available funds produced by mandatory taxes minus all the local funds attributable to pupils who reside in the county but attend a charter school or a university school for profoundly gifted pupils. This formula is designated the Nevada Plan.

It is the intent of the Legislature, commencing with Fiscal Year 2019-2020, to promote transparency and accountability in state funding for public education by accounting for all state financial aid to public schools and projected local financial aid to public schools, both on a per pupil basis and on a per program basis, and expressing the total per pupil amount of all such support.

**BASE**

**PROGRAM DESCRIPTION**

The Teach Nevada Scholarship Program was created in the 2015 Legislative Session through Senate Bill 511 and slightly modified in 2017 through Senate Bill 544, continued funding with Senate Bill 555 (2019). The purpose of the program is to provide grants to universities, colleges and providers of alternative licensure programs to award scholarships to students entering teaching programs. Scholarships may be awarded to a recipient in an amount not to exceed \$3,000 per semester or \$24,000 in the aggregate. Programs will be awarded 75% of each scholarship granted by the State Board and will disburse funds in the amount of student tuition costs at the beginning of each semester. The State Board shall hold the remaining 25% in an account for distribution to the recipient upon program completion and after teaching in a Nevada public school for five consecutive years.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

NRS 391.A creates the Grant Fund for Incentives for Licensed Educational Personnel to be administered by the department. The Board of Trustees of each school district in Nevada is required to establish a program of incentive pay for licensed teachers, school psychologists, school librarians, school counselors, and administrators employed at the school level, which are designed to attract and retain those employees.

This budget contains the funding for remaining provisions of the 1/5th retirement credit purchase program (previously NRS 391.165). Personnel participating in the 1/5th purchase program in fiscal year 2007 could elect to continue until they had received five 1/5th credit purchases at which time they would be eligible to participate in the incentive program mentioned above.

**PROGRAM DESCRIPTION**

This budget account is designed to fund staff and operating expenditures for the allocation of state and federal funds to the school districts, including those relating to the Distributive School Account, class-size reduction, full-day kindergarten, and special education. In addition, this budget account includes support for state and federal grant monitoring functions, as well as state auditing functions.

**BASE**

This request continues funding for 21 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

Authority NRS Chapter 387, NRS Chapter 390; 2001 17th Special Session Senate Bill 2 and Senate Bill 13.

This budget account funds several testing programs, each described below, mandated by the Legislature and administered by the Department of Education. The budget account is primarily funded by the State General Fund.

The 2001 Legislature provided funds to support a contract with a nationally recognized testing company for the development, printing, scoring, and reporting of the Criterion-Referenced Tests (CRTs) in grades 3-8 (NRS 390.105). Using the CRT program for purposes of school accountability is required for Federal Title I compliance and by NRS 385.

As per NRS 390.105 and US PL 114-95, examinations measuring proficiency and achievement in reading, writing, and mathematics are to be administered in grades 3-8. These same laws require administration of examinations measuring proficiency and achievement in science in grades 5, 8, and high school prior to grade 11.

As per NRS 390.610 a College and Career Readiness assessment is required. This assessment also fulfills the requirement of US PL 114-95 to measure proficiency and achievement in reading, writing, and mathematics in high school.

Established in the 2015 Legislative session and updated in 2019, NRS 388.157 requires the assessment of all kindergarten through third grade students reading ability via a valid and reliable assessment selected by the State Board of Education. This assessment is to be developed, scored, and reported by a nationally recognized testing company according to NRS 390.105.

Academic Standards Council provides funding to support operational costs in support of the Council to Establish Academic Standards for Public Schools. The Academic Standards Council has been designated through NRS 390.115 as the sole entity within the state responsible for the establishment, periodic review, and prioritization of content and performance standards in the subject areas of English, mathematics, science, social studies, the arts, computer and technology education, health, and physical education.

Funding for the Student Accountability Information in Nevada data system and the public facing Report Card required by NRS 385 are part of this budget account. This state reporting system captures students via unique identifications and tracks their progress through the education system, including their test results on the above mentioned tests.

## NDE - EDUCATOR LICENSURE

101-2705

### PROGRAM DESCRIPTION

This fully fee-funded budget provides for all activities of the Offices of Educator Licensure and also includes the budget for the Commission on Professional Standards in Education (COPS). This account also funds the fingerprint clearance and background check processes, investigation of public and employer complaints of misconduct, and the statutorily mandated tracking, facilitation, and reporting of the licensure discipline process by the State Board of Education. Additionally, the Online Portal for Applications and Licensure (OPAL) is supported by this budget. OPAL will also allow for adherence to mandated data collection and reporting regarding the inequitable distribution of fully-certified, experienced, and effective educators serving all students in accordance with the federal Every Student Succeeds Act. Authority: NRS 391.031 - NRS 391.051; NRS 391.053 - NRS 391.059; NRS 391.320 - NRS 391.161; Assembly Bills 7, 77, and 362 (2017) and Senate Bill 287 (2017) NRS 385.175; NRS 385A.430 - NRS 385A.440.

### BASE

This request continues funding for 16 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

This budget account provides resources for the Department of Education, local school districts, and charter schools to attract, prepare, train, recruit, develop, and retain teachers, principals, and other school leaders to ensure that all students have access to effective, high-quality, and experienced educators at all levels. Federal dollars support allowable activities as defined by the Elementary and Secondary Education Act, and state dollars are used for review and evaluation of traditional and alternative route to licensure preparation programs as well as development, implementation, and monitoring of the statewide performance evaluation system known as the Nevada Educator Performance Framework in accordance with state law. The Teachers and Leaders Council is also included in this budget account. Authority: NRS 391.038 and 391.039, NRS 391.450 - 391.485, 20 USC 2101 - 2103 et seq. NRS 391.490-391.496 Teacher Recruitment and Retention Advisory Task Force.

**BASE**

This request continues funding for seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**NDE - GEAR UP  
101-2678**

**PROGRAM DESCRIPTION**

The Nevada State Gaining Early Awareness and Readiness Undergraduate Program (GEAR UP) (NVGU) application is a collaborative effort among the Nevada Department of Education (NDE), Office of the Governor, Office of the State Treasurer and diverse stakeholders, including parents/families, students, agency representatives, businesses and non-profit organizations. As lead agency and fiscal agent, the NDE will direct the project implementation with its partners, including the Nevada System of Higher Education, Nevada School Districts and the National Council for Community and Education Partnerships.

NVGU programming is based on the need for students to do well academically in middle and high school, enroll in rigorous and relevant classes, graduate high school and enter college as a natural extension of their education. Activities for students include mentoring; tutoring; Science, Math, Engineering, Technology activities and enrichment; educational field trips; financial literacy/financial aid workshops; and parent/family involvement. NVGU will develop a framework and strategies in GEAR UP middle and high schools for the implementation of Every Student Succeeds Act based best practices and Nevada College Readiness Standards.

In alignment with the U.S. Department of Education, NVGU's goals and objectives are as follows:

Goal 1: Increase the number of Nevada GEAR UP students who are prepared to enter and succeed in postsecondary education.

Objectives: 1.1 - Increase graduation rates of NVGU students from high school; 1.2 - Increase enrollment rates of NVGU students in postsecondary education

Goal 2: Increase Nevada GEAR UP students' and families' knowledge of postsecondary education options, preparation, and financing.

Objective: 2.1 - Increase student academic performance in mathematics; 2.2 - Increase enrollment rates of GEAR UP students in postsecondary education

Goal 3: Increase the rate of high school graduation and enrollment in postsecondary for Nevada GEAR UP students.

Objective: 3.1 - Increase student expectation and knowledge of postsecondary preparation and financial aid options and procedures; 3.2 - Increase parent and family expectations and knowledge of postsecondary preparation and financial aid options and procedures.

During the 2020-2026 grant period, NVGU will serve approximately 4,631 students per year and will operate statewide in 11 middle schools and nine high schools located in northern and southern Nevada school districts and in academic outreach programs located at Nevada's two Universities. The program will serve students beginning in the sixth grade through their first year in college. The project schools are located in four of the 17 Nevada school districts. Nevada request of \$24,500,000 in Federal funds over the seven year grant period will be matched by non-Federal funds of \$6,665,291 from NDE and \$17,838,502 from partners, for a non-Federal funds match total of \$24,503,793 to be dedicated for use to increase academic achievement; preparation for; and persistence in postsecondary education.

**NDE - OFFICE OF EARLY LEARNING AND DEVELOPMENT  
101-2709**

**PROGRAM DESCRIPTION**

The focus of the Office of Early Learning and Development is to coordinate birth-3rd (B-3) grade state level work to improve the access and quality of early childhood programs across a variety of settings. The office coordinates state level B-3 reform efforts which are part of a national initiative to transform how children ages 0 to 8 learn. The initiative focuses on building strong connections between learning experiences across these critical years. This approach necessitates that educational standards, curricula, assessment, instruction, and professional development are strongly aligned across programs starting in infancy through 3rd grade.

Authority: 42 USC 9801 et seq. and 9858, et seq., Executive Order #2013-16

**NDE - STUDENT AND SCHOOL SUPPORT**  
**101-2712**

**PROGRAM DESCRIPTION**

Indian Education is under the Office of Inclusive Education, yet because the federal Elementary and Secondary Education Act (ESEA) provides support to students and schools deemed at risk, and to those students who live in poverty, as well as Native American Indians, it is intended to be continued and supported and monitored under ESEA under the direction of Indian Education.

"Title I-C, Migrant Education Program (MEP): The MEP is a State-administered program authorized by Part C of Title I of the Elementary and Secondary Education Act (ESEA) of 1965. It is a federal formula grant funded to the State Education Agency (SEA). A migratory child is defined as the child who has a parent, spouse or guardian working as a migratory agricultural worker or a migratory fisher, is not older than 21 years old, entitled to a free public education or below the age of compulsory school attendance, moved within 36 months in seek, obtain, accompany or join the migratory agricultural worker, migratory fisher or other move(s) identified as a qualified move."

**BASE**

This request continues funding for 23 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**NDE - CAREER AND TECHNICAL EDUCATION  
101-2676**

**PROGRAM DESCRIPTION**

The Department of Education administers career and technical education programs that meet the requirements of the Nevada State Plan for Career and Technical Education (CTE). The plan is based on the needs of students within the state and serves as the application for the federal funds authorized by the Strengthening Career and Technical Education for the 21st Century Act (Perkins V). The primary mission of the federal program is to develop and improve CTE programs, focusing on high quality programs aligned to economic and workforce development priorities of the state.

Revenue received through the Perkins V Grants to States has funding set asides including 5% or \$250,000, whichever is greater, for state administration; 10% for statewide leadership; and 85% for basic grant aid to school districts, public charter schools, and community colleges. Federal funds administration must be matched by state funds. In addition, the maintenance of effort provision requires the state to maintain funding at least at prior year levels. Authority: NRS 388.340(2a), 388.360(3) and the Strengthening Career and Technical Education for the 21st Century Act (Perkins V).

**BASE**

This request continues funding for 13 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## NDE - CONTINUING EDUCATION

**101-2680**

### PROGRAM DESCRIPTION

The Continuing Education account is funded through the federal Adult Education and Family Literacy Act. The purpose of the act is to provide adult basic education (ABE) and English as a Second Language (ESL) services in order to assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency; to assist adults in the completion of secondary school education; and to assist adults who are parents to obtain the educational skills necessary to become full partners in the education of their children. Funds are granted to eligible educational and community-based organizations on a competitive basis to carry out the purpose of the act. Students enrolled in the programs must be over 18 years of age, must not have a high school diploma or its equivalent, and must be withdrawn from high school and not required to be in a school. A federally required 25% match is partially met by state funding for instruction; the local instructional programs contribute the balance of the match. Authority: P.L. 105-220. Workforce Investment Act, Title II, Adult Education and Family Literacy Act; NRS 387.1233.

### BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**NDE - INDIVIDUALS WITH DISABILITIES EDUCATION ACT  
101-2715**

**PROGRAM DESCRIPTION**

The Individuals with Disabilities Education Act (IDEA) provides funding to states through the United States Department of Education. Several federal grants are combined in this budget account. These grants are designed to assist states to provide FAPE and special education and related services, in the least restrictive environment. The services are provided to improve: inclusive practices, use of technology, student performance on statewide assessments including alternate assessments; transition from early intervention programs; behavioral success; graduation and drop-out rates; post-secondary outcomes; recruitment, retention, and professional development of special education personnel.

Authority: 20 USC 1400 et seq.

**BASE**

This request continues funding for 11 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

The Account for Alternative Schools is funded by a federal Charter School grant from the United States Department of Education for a new charter school program to increase the number of new high-quality charter school operations within Nevada. This program provides sub-grants to charter schools for projects related to: the best practice dissemination; post-charter planning and implementation grants for charter schools with an express mission to serve students most at risk of not meeting the state's academic standards; and dissemination grants for charter schools that meet the definition of high-quality and have a demonstrable record of high performance with students at greatest risk for not meeting academic standards.

**BASE**

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# State Public Charter School Authority

**STATE PUBLIC CHARTER SCHOOL AUTHORITY** - The SPCSA sponsors, supports, and oversees dynamic and responsive public charter schools that prepare all students for academic, social and economic success.

**Department Budget Highlights:**

- Local Education Agency Plan** - The budget includes funding for four new positions to support the increased responsibility for growing caseload of schools and to ensure that the agency can meet its obligations as a Local Education Agency (LEA) and charter school sponsor.

**Activity: Quality Charter School Authorization**

The SPCSA is a statewide charter school sponsor that must hold schools accountable for academic, financial and organizational performance. The SPCSA must ensure sponsored schools serve populations of students that are representative of State demographics and that sponsored schools prepare all students for academic, social and economic success.

**Performance Measures**

1. Increase the Percentage of High-Quality Schools

**PUBLIC CHARTER SCHOOL LOAN PROGRAM**  
**101-2708**

**PROGRAM DESCRIPTION**

The State Public Charter School Authority provides loans at or below market rate to charter schools for the costs incurred in preparing a charter school to commence its first year of operations and to improve the operations of existing charter schools. The lack of low-cost financing or other capital to support the operations of new and existing charter schools presents a significant hurdle to expanding and improving the quality of Nevada's charter schools. Statutory Authority: NRS 386.577.

**BASE**

This request continues funding associated operating costs for the Public Charter School Loan Program. One-time expenditures have been eliminated.

**NSHE**

**NEVADA SYSTEM OF HIGHER EDUCATION (NSHE)** - The Nevada System of Higher Education provides higher education services to the citizens of the state at a high level of quality consistent with the state's resources. It accomplishes this mission by acquiring, transmitting and preserving knowledge. The system endeavors to assist in providing an educated and technically skilled citizenry for public service and the general welfare, contribute toward an educated and trained workforce for industry and commerce and facilitate the individual quest for personal fulfillment.

**Department Budget Highlights:**

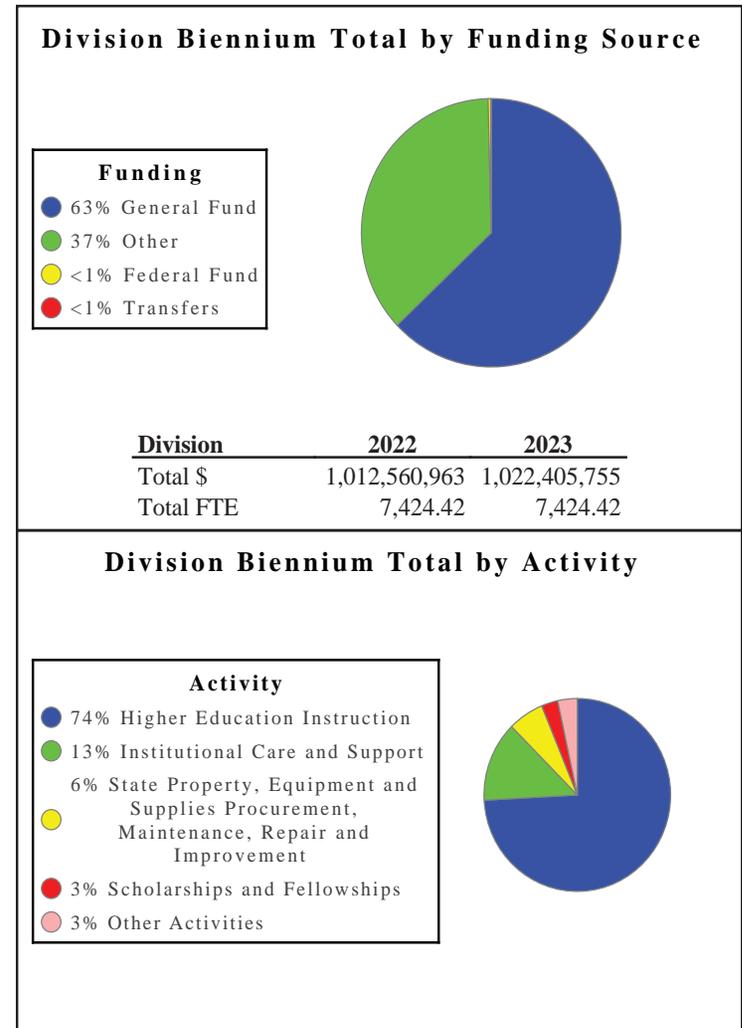

1. **Workforce Development** - The budget includes \$11.3 million per fiscal year for the expansion of the following program/discipline areas: advanced manufacturing, healthcare, teacher education and advanced science, technology, engineering, and mathematics (STEM).
2. **Transfer to Nevada System of Higher Education** - The budget includes the transfer of the Western Interstate Commission for Higher Education program into the Nevada System of Higher Education's System Administration office.
3. **Implement NevadaTeach Program** - The budget includes funding of \$150,000 per fiscal year to allow University students to earn dual degrees in secondary education and one of many STEM majors.

**NSHE - SPECIAL PROJECTS**

**101-2977**

**PROGRAM DESCRIPTION**

The Special Projects account contains programs not directly related to any of the other Nevada System of Higher Education appropriations. These funds are used as required cost share on research and public service grants with a science, technology, engineering and math component and to support administration of those grants. The major projects include the Established Program to Stimulate Competitive Research (EPSCoR) funded by the National Science Foundation and National Aeronautics and Space Administration. There is future potential for Department of Energy and Department of Defense projects. The goal of EPSCoR is to stimulate sustainable improvements in the quality of academic science, research workforce, economic development and technology infrastructure of eligible states.

**BASE**

This request continues funding for 6.50 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**NSHE - EDUCATION FOR DEPENDENT CHILDREN**  
**101-2978**

**PROGRAM DESCRIPTION**

The 1995 Legislative Session created the Trust Account for the Education of Dependent Children of Public Safety Officers who were killed in the line of duty. The fund shall pay all registration fees, laboratory fees and expenses for required textbooks and course material assessed against or incurred by the dependent child under the age of 23. A Public Safety Officer is a person serving a public agency in an official capacity with or without compensation as a peace officer, a firefighter or a member of a rescue or emergency medical services crew. The Board of Regents administers the account. Statutory Authority: NRS 396.545.

**NSHE - UNLV DENTAL SCHOOL**  
**101-3002**

**PROGRAM DESCRIPTION**

The UNLV School of Dental Medicine (SDM) came into existence when key political, academic and health leaders committed to addressing the state's shortage of dentists particularly in rural areas and the lack of oral health access for lower socioeconomic groups. The school was charged with preparing socially aware and clinically skilled dentists to address oral health needs in Nevada. The vision for the SDM is to provide world-class oral health education while providing for the dental needs of Nevada residents. The SDM has continually sought to provide excellence in patient-centered clinical care, patient education and statewide community outreach programs.

**BASE**

This request continues funding for 131.88 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**NSHE - DESERT RESEARCH INSTITUTE**  
**101-3010**

**PROGRAM DESCRIPTION**

In 1959, the Nevada State Legislature created the Desert Research Institute (DRI) as a Division of the University of Nevada specifically devoted to conducting research. DRI became an autonomous Division of the University and Community College System of Nevada in 1969. From its beginnings, DRI has functioned as a nonprofit research campus uniquely blending academia with entrepreneurship. Approximately 500 research faculty and support staff generate more than \$35 million in research revenue each year with approximately 85 percent coming from the federal government or commercial entities. Research projects and programs are supported from the main campuses in Las Vegas and Reno, with additional specialized laboratories in Boulder City, Nevada and Steamboat Springs, Colorado. DRI's environmental research programs are directed from three core divisions (Atmospheric Sciences, Earth and Ecosystem Sciences and Hydrologic Sciences) as well as interdisciplinary science centers. Grounded in fundamental research, DRI provides both sponsors and clients with innovative solutions to pressing environmental problems, balancing the need to develop resources while sustaining the environment.

**NSHE - GREAT BASIN COLLEGE**

**101-2994**

**PROGRAM DESCRIPTION**

Great Basin College (GBC) serves ten of Nevada's most rural counties with the main campus in Elko and branch campuses in Battle Mountain, Ely, Pahrump, and Winnemucca. In the fall of 1999, the college initiated a Bachelor of Arts in Elementary Education. The Bachelor of Applied Science was implemented in the fall of 2001 and the Bachelor of Integrative and Professional Studies was implemented in the spring of 2002. Currently, GBC offers over 10 different baccalaureate degrees and several other degree programs are under consideration. Two-year degrees offered are the Associate of Arts, Associate of Science and Associate of General Studies. Two-year Associate of Applied Science degrees are available in business administration, computer office technology, criminal justice, diesel technology, early childhood education, electrical/instrumentation technology, industrial plant maintenance and welding technology. Distance education technology (i.e. two way interactive video and online modes) are utilized extensively to deliver programs throughout the service area. Students can complete over 15 degrees 100 percent through online education. The college has residential housing at the Elko campus for approximately 200 students.

**NSHE - COLLEGE OF SOUTHERN NEVADA**  
**101-3011**

**PROGRAM DESCRIPTION**

Founded in 1971, the College of Southern Nevada (CSN) primarily serves Clark County by providing educational and supporting services to address the social and economic needs of the community. Traditional and online programs leading to bachelor's degrees, associate degrees, certificates of achievement and selected skills certificates are offered in liberal arts as well as career and technical areas. Transfer agreements with the universities and the state college provide students with advanced learning opportunities. Additionally, the college works with the region's businesses and industry sectors to develop and facilitate training programs to meet the needs of southern Nevada's workforce.

**BASE**

This request continues funding for 1,171.14 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**NSHE - NEVADA STATE COLLEGE  
101-3005**

**PROGRAM DESCRIPTION**

Nevada State College (NSC) is a comprehensive baccalaureate institution of higher learning. A member college of the Nevada System of Higher Education, NSC is dedicated to providing quality educational, social, cultural, economic and civic advancement for the citizens of Nevada. Through student-centered learning, NSC emphasizes and values: exceptional teaching, mentoring, and advisement; scholarship; career and personal advancement; continuing education; and service to our community. The college helps address Nevada's need for increased access for students entering the higher education system and for students transferring from the state's community colleges. The college offers a wide range of baccalaureate programs and selected masters programs designed to meet the general needs of the State and the specific needs in the southern region. Special emphasis is placed on addressing the state's need for effective, highly educated and skilled teachers and nurses. Commitment is made to developing and promoting partnerships with Nevada's public school system, the state's health care providers, and Nevada's colleges and universities. The curriculum of NSC is based upon the community's needs, the needs of business and industry, and the desires and demands of the students.

**NSHE - PERFORMANCE FUNDING POOL  
101-3013**

**PROGRAM DESCRIPTION**

The performance funding for instructional budgets was implemented during the 2013 Legislative Session. The Performance Pool funding is a General Fund appropriation carve out of existing funding that started in fiscal year 2015. The General Fund appropriation carve out was set at 5 percent in the first year then incrementally increases by 5 percent each year for four fiscal years, until it was capped at 20 percent in fiscal year 2018.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**AGRI - AGRICULTURE REGISTRATION/ENFORCEMENT**  
**101-4545**

**PROGRAM DESCRIPTION**

The Agricultural Registration and Enforcement supports the registration, inspection, sampling, and laboratory analysis of fertilizers and pesticides. They provide services for: inspection certification and licensing of nursery stock dealers; hemp production and limited handling; producers and vendors; export producers and processors; seed producers; pest control operators; restricted use pesticide applicators; and weed-free forage producers. Noxious weeds education and compliance services are also provided. Under a U.S. Environmental Protection Agency cooperative agreement, the following duties are conducted: pesticide product inspection, monitoring pesticide application, ground water sampling, worker protection, and pesticide disposal. Statutory Authority: NRS 561, 555, 556, 576, 586, 587, 588.

**BASE**

This request continues funding for 33 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**AGRI - PLANT HEALTH & QUARANTINE SERVICES**  
**101-4540**

**PROGRAM DESCRIPTION**

The Plant Health and Quarantine Services budget supports plant pathology, entomology, the agriculture representative on the Sagebrush Ecosystem Technical Team, and the drought program staff. Plant pathology and entomology staff support the statewide quarantine programs that prevent the entry and establishment of economically damaging pests and plant diseases. Survey, identification and quarantine work protects agriculture commodities and other important ecosystems. Plant Health and Quarantine Services is responsible for the identification, monitoring, surveillance, early detection and rapid response activities. Drought Program staff identify and report state drought conditions and coordinate with agricultural producers in identifying projects and/ or strategies in response or anticipation of drought conditions. Statutory Authority: NRS 561, 552, 554, 555.

**BASE**

This request continues funding for 4.51 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**AGRI - PEST, PLANT DISEASE NOXIOUS WEED CONTROL**  
**101-4552**

**PROGRAM DESCRIPTION**

This program provides for the survey and control of species that cause detrimental economic, environmental and public health effects. This budget houses multiple federal grants that provide funds for plant pest surveillance, detection, biocontrol, farm food safety, produce production enhancement and noxious weed control. Federal and state cooperative agreements provide support for pest surveys that allows for early detection of pest species, mostly those not yet found in the state. Many of these pests, if allowed to establish, would cost Nevada millions of dollars in eradication efforts, environmental damage and control costs in crops, livestock and to homeowners. Another serious impact of these pests would be the loss of revenues due to the restriction of trade by other states and countries quarantining Nevada commodities. The Specialty Crop Block Grant Program is a pass-through grant that awards projects that increase education, research and production of specialty crops in Nevada. Through an FDA cooperative agreement, a produce safety education and enforce program is coordinated by Nevada Department of Agriculture to facilitate compliance with the Food Safety Modernization Act, Produce Safety Rule.

**BASE**

This request continues funding for 3.51 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## AGRI - COMMERCIAL FEED

101-4541

### PROGRAM DESCRIPTION

The Commercial Feed Program regulates products fed to animals that are produced for human consumption and is part of a nation-wide effort to help ensure the safety of meat, milk and eggs. The program also provides consumer protection for users of livestock and pet foods. Program activities and oversight are in place to protect consumers and animals which includes registration, label review, and sampling of commercial feeds. These activities, including cooperation with the Association of American Feed Control Officials and the U.S. Food and Drug Administration, ensure that commercial feed that is manufactured or sold in Nevada is wholesome and truth in labeling as outlined on the labels and guarantees for commercial feed. Per NRS 587.865, it is unlawful for a person to manufacture, distribute or act as a guarantor of commercial feed in this state unless the person has been issued by the State Department of Agriculture a license pursuant to NRS 587.

## AGRI - LIVESTOCK INSPECTION

101-4546

### PROGRAM DESCRIPTION

The Livestock Inspection Program is responsible for protecting livestock producers and owners from theft or loss of livestock and unfair business practices through the recording of brands and inspection of livestock presented for sale, shipment out of the state or across Nevada's brand district boundaries, or prior to slaughter and the licensing and monitoring of livestock and agricultural dealers, buyers and public livestock auctions. Official animal identification, transportation documentation and transfer of ownership certificates are essential to ensuring animal disease traceability and preventing introduction of diseased animals into the state, which helps to ensure a safe food supply. Livestock Inspection also provides certified peace officers whose function is to deter and investigate agricultural crimes, livestock thefts and enforce all livestock and plant laws with a road interdiction program to prevent the ingress/egress of livestock or plants that have not met entry requirements of both plant and animal health and livestock identification. Additionally, the division cooperates with other government agencies and states to help protect and promote agricultural commerce and food safety through enforcement. Statutory Authority: NRS 561, 564, 565, 575, 571, 554, and 587.

## AGRI - PREDATORY ANIMAL & RODENT CONTROL

101-4600

### PROGRAM DESCRIPTION

NRS 567.010-090 authorizes the State Predatory Animal and Rodent Committee (PARC) to cooperate with the U.S. Department of Agriculture (USDA) for the control of predatory animals and crop-destroying birds and rodents within the State of Nevada. PARC and the USDA collectively form the Nevada Wildlife Services Program (WS). The WS also works cooperatively with the Nevada Department of Wildlife to conduct predation damage management projects to protect Nevada's natural resources, such as, mule deer, sage grouse and bighorn sheep. These projects also help protect the public from large predators such as mountain lions, black bears and coyotes.

The mission of the WS is to provide leadership in managing problems caused by wildlife. WS recognizes that wildlife is an important public resource highly valued by the people of Nevada. Wildlife is a highly dynamic and mobile resource that can damage agricultural and industrial resources, pose risks to human health and safety and affect other natural resources. The program carries out state and federal responsibility for helping to solve problems that occur when human activity and wildlife are in conflict with one another. Statutory Authority: The Animal Damage Control Act of March 2, 1931, as amended (46 Stat. 1486; 7 U.S.C. 426-426b) and the Rural Development, Agriculture and related agencies Appropriation Act, 1988 (P.L. 100-202).

### BASE

This request continues funding for seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**AGRI - CONSUMER EQUITABILITY**  
**101-4551**

**PROGRAM DESCRIPTION**

The powers and duties of Consumer Equitability are established in NRS Chapters 581, 582, and 590. The State Sealer of Consumer Equitability is directed to license, test, and deem correct all commercially used weighing and measuring equipment. The responsibilities of the division include the inspection of packaged goods to determine whether the stated amounts, sizes and pricing are correct and verification of advertised pricing at the point of sale. If violations are noted during the inspection of devices, packaged goods or pricing, action is taken to obtain compliance. Persons who install, adjust or repair weighing or measuring devices for a fee are required to register with the division. Licensed public weighmasters certify weight information for a fee. The division audits certificates of weight issued by public weighmasters for compliance with the provisions of NRS Chapter 582. The division operates the Nevada Metrology laboratory, which houses and maintains the state's physical standards for mass, length, and volume. Metrologists certify field reference standards used in the installation, adjustment, repairs and certification of weighing and measuring devices. Program inspectors obtain samples of motor fuels sold at retail throughout the state and deliver the samples to the division's petroleum laboratories for analysis. This analysis determines if the fuels meet standards adopted by the State Board of Agriculture to ensure clean burning, high quality motor fuel. If the fuels are found to be out of compliance with standards, the division takes action to require the violation(s) be remedied. Retail motor fuel stations are inspected by division personnel to confirm compliance with the requirements of NRS Chapter 590 pertaining to the advertising of petroleum products and proper labeling of motor fuel dispensers and storage tanks.

**AGRI - NUTRITION EDUCATION PROGRAMS**  
**101-2691**

**PROGRAM DESCRIPTION**

The U.S. Department of Agriculture (USDA) allots federal funds to Nevada for nutrition programs. The federal allotment for each program and/or program sponsor is based on a variety of factors including meal costs or budgets, the number of individuals served and the income level/eligibility of those individuals/households. This budget also provides the funding needed to administer these programs including processing reimbursements, monitoring services to ensure compliance and program integrity, meal pattern compliance, providing technical assistance, statewide education and professional development to the sponsors and operators. Authority: P.L. 79-396; CFDA#'s: 10.553, School Breakfast Program; 10.555, National School Lunch Program; 10.556, Special Milk Program for Children; 10.558, Child and Adult Care Food Program; 10.559, Summer Food Service Program for Children; 10.560, State Administrative Expenses for Child Nutrition.

**BASE**

This request continues funding for 20 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**AGRI - COMMODITY FOODS DISTRIBUTION PROGRAM**  
**101-1362**

**PROGRAM DESCRIPTION**

The Food Distribution Programs provide Foods U.S. Department of Agriculture (USDA) (formerly commodity foods) to schools, senior centers, childcare centers, Tribal communities, food banks and other eligible agencies and individuals in Nevada. Low income senior citizens may also obtain food packages and coupons to buy fresh fruits and vegetables from local farmers' markets. The purpose of these programs is to supplement recipients' nutritional needs with nutritious USDA Foods. The food distribution program serves approximately 182 agencies/sponsors and 11 Tribal communities throughout the state. Statutory Authority: NRS 333 and Federal Regulations 7CFR part 247, 249 and 250-253.

**BASE**

This request continues funding for 14 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## AGRI - DAIRY FUND

233-4470

### PROGRAM DESCRIPTION

The Animal Industry Dairy Program is dedicated to providing effective public health control throughout the production, handling, pasteurization and distribution of milk and milk products assuring the availability of wholesome and nutritious dairy products to consumers. The Dairy Program also monitors and evaluates milk product sales to ensure and promote a business climate that is economically viable for those who produce, process and market dairy products in the State of Nevada.

### BASE

This request continues funding for nine positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## AGRI - LIVESTOCK ENFORCEMENT

101-4557

### PROGRAM DESCRIPTION

Livestock Enforcement is comprised of Nevada Police Officers Standards and Training certified sworn peace officers that serve the Nevada Department of Agriculture (NDA), as well as the citizens and visitors of the state. The Agricultural Enforcement Officers serve as police officers of the NDA with expertise in agricultural laws and crimes. The division's peace officers' primary focus is the protection of public health and safety, protection of livestock owners from theft or loss of livestock through roadway patrol and detailed investigation and enforcement of all agricultural laws with a road interdiction program to prevent the ingress and egress of agricultural products that have not met the mandated requirements of plant or animal health and livestock identification. The NDA Agricultural Enforcement Officers also assist the department's other divisions when law enforcement or regulatory compliance is required, including the divisions of Animal Industry, Plant Industry, Consumer Equitability, and Food and Nutrition. Livestock Enforcement works in cooperation with local, state and federal law enforcement and regulatory agencies statewide and across the U.S. to ensure the protection of public health and safety and the agricultural industry. Statutory Authority: NRS 289, 554, 561, 564, 565, 569, 571, 573, 575, 576, and 587.

### BASE

This request continues funding for five positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# Minerals

**COMMISSION ON MINERAL RESOURCES** - To encourage and assist in the responsible exploration for and the production of minerals, oil, gas and geothermal energy, which are economically beneficial to the State. The division continues ongoing efforts to provide for public safety by identifying, ranking and securing dangerous conditions at mines that are no longer operating. It also collects and disseminate information on exploration, production and related topics.

**Department Budget Highlights:**

1. **Division of Minerals** - The Governor's Executive Budget contains no significant changes.

**Activity: Well Drilling**

This activity permits and regulates the drilling and operations of oil, gas and geothermal wells, and permits wells and boreholes for dissolved mineral resource exploration.

## DIVISION OF MINERALS

101-4219

### PROGRAM DESCRIPTION

The Division of Minerals encourages and assists in the responsible exploration for and the production of minerals, oil, gas, and geothermal energy which are economically beneficial to the state. Statutory Authority: NRS 513, Commission on Mineral Resources, Division of Minerals; NRS 517, Mining Claims, Mill Sites and Tunnel Rights; NRS 519.290, Reclamation of Land Subject to Mining Operations or Exploration Projects; NRS 522, Oil and Gas; NRS 534A, Geothermal Resources; and NRS 534B, Dissolved Mineral Resource Exploration.

### BASE

This request continues funding for 11 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

# Gaming

**GAMING CONTROL BOARD** - The State Gaming Control Board governs Nevada's gaming industry through strict regulation of all persons, locations, practices, associations and related activities. The board protects the integrity and the stability of the industry and ensures the collection of gaming taxes and fees that are an essential source of state revenue.

**Department Budget Highlights:**

1. **Continue Alpha Migration Project** - The budget includes continuing the Alpha Migration Project (AMP). AMP involves moving all applications and data from a Common Business Oriented Language-based system to a modern technology system.
2. **Remove Vacant Positions** - The budget includes removal of 15 vacant positions consisting of eight Administrative Assistants, two Audit Division Agents, two Enforcement Division Agents, one Tax and License Division Agent, and two Electronics Technicians.

**Activity: Gaming Regulation, Compliance, and Oversight**

This activity audits casinos and other licensees to determine whether they accurately reported and paid gaming and entertainment taxes. This activity also reviews these entities for compliance with regulations pertaining to gaming and live entertainment operations. Finally, a small section collects and distributes gaming taxes and fees.

## GCB - GAMING CONTROL BOARD INVESTIGATION FUND

244-4063

### PROGRAM DESCRIPTION

The Nevada Gaming Control Board Investigative Fund was created as a special revenue fund for the purpose of paying all expenses incurred by the Board and the Commission to investigate a gaming application. Due to the unpredictable and fluctuating nature of the investigations and the subsequent funding to pay for them, it is difficult to predict the amount of money that will pass through this account and the type of expenditures which will occur. Statutory Authority: NRS 463.331.

### BASE

This request continues funding for investigative personnel and associated costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**B&I - NEW MARKETS PERFORMANCE GUARANTEE**  
**101-4678**

**PROGRAM DESCRIPTION**

Pursuant to NRS 231A the Nevada New Markets Job Act (NMJA), relating to economic development, through the oversight of the Department of Business and Industry allow certain business entities to receive tax credit against the premium tax imposed on insurance companies in exchange for investing in a qualified community development entity. A qualified community development entity that seeks to have an equity investment or long-term debt security designated as a qualified equity investment and eligible for tax credits under this chapter must pay a fee in the amount of 0.5 percent of the amount of the equity investment or long-term debt security requested to be designated as a qualified equity investment to the Department. The fee that is deposited in the New Markets Performance Guarantee Account will either be returned to the applicant or reverted to the General Fund based on performance.
