**EUREKA COUNTY GENERAL FUND**  
**BUDGET MESSAGE AND**  
**ENDING FUND BALANCE EXPLANATION**

The projected ending fund balance of the General Fund for the year ending June 30, 2021 is \$25,240,583. The projected revenue for the General Fund is \$12,695,079. The projected expenditure for the General Fund is \$17,984,385. The County has allocated \$.6475 of the current tax rate to the General Fund.

The General Fund's ending fund balance will insure that the local government has enough funds to meet expenditures in the first quarter of the new fiscal year, help finance future capital improvements, and to stabilize the county's ability to survive capitulating gold prices. These funds will give the county an opportunity to financially survive the financial roller coaster created by fluctuating gold prices.

Over ninety percent of Eureka County's assessed valuation is tied to two mining companies and sixty one percent of the County's assessed valuation is Net Proceeds of Mines. The volatility of Net Proceeds of Mines revenues continues.

The ending fund balance for the Road Fund is \$4,156,606. These funds provide the future means to maintain, repair, and pave the estimated 1,891 miles of road in Eureka County. The County also allocated \$.05 of the current tax rate to the Road Fund.

The ending fund balance for the Regional Transportation Commission Fund is \$2,997,084. The County also allocated \$.090 of the current tax rate to the Regional Transportation Fund.

The ending fund balance for the Capital Improvement Fund is projected to be \$2,12,198. There is a line item reflecting a grant of \$16,000 from the Capital Improvement Fund, \$7,000 goes to the Town of Crescent Valley and \$9,000 goes to the Eureka Town. These grants to the two town funds are mandated by NRS 354.59815.

The Future Reserve Fund is a mitigation fund as provided by NRS 362.171. The projected ending fund balance for the Future Reserve Fund is \$11,341,533. The Future Reserve Fund will aid the County and its taxpayers in the effort to provide a "grace period" to absorb the financial impact of any negative financial condition associated with the gold market. These funds will also help keep Eureka County's tax rate at the lowest level in the State of Nevada. This low tax rate has benefited the State of Nevada for over 25 years since over 60% of all net proceeds of mines tax goes to the State of Nevada general fund and not Eureka County.

The Retiree Health Insurance Premium Fund was added to Eureka County FY 2014 Final Budget. Its ending fund balance will be used for the long term GASF 45 liability.

The ending fund balance projection for the Agricultural Extension Fund is \$591,480. The tax rate allocated for the Agricultural Extension Fund is \$.01. The ending fund balance will help meet expenditures in the first quarter of the new fiscal year and help finance future Agricultural Extension activities.

The ending fund balance projection for the Agricultural District #15 is \$350,740. This fund did not receive any tax allocation for a few years and the County will not allocate any tax rate for this fiscal year.

The Building Reserve Fund ending fund balance will provide for the long-term maintenance, repair, remodeling, and construction of county owned structures. The ending fund balance is projected to be \$3,978,326.

The Recreation Fund and the Tourism Fund provide for the long-term needs of both funds. The Recreation Board allocated the funds received by room taxes to cover expenditures.

There is one Nuclear Waste-Yucca Mountain Fund. This fund tracks Federal money granted to Eureka County for the purpose of dealing with the purposed Yucca Mountain repository. Any ending fund balances in this fund are strictly used for the continuation of these programs. The General Fund will transfer \$50,000 to this fund in order to keep it sustainable this fiscal year due to a low ending fund balance.

The Water Mitigation Fund was allocated \$.025 of the current tax rate. This ad valorem revenue will fund the long term water planning issues in Eureka County. The Natural Resource Multiple Use Fund was allocated \$.010 to aid with Natural Resource issues faced by Eureka County.

The ending fund balances for the Eureka County Indigent Fund and Eureka County Hospital Indigent Fund are to help fund the majority of the indigent requirements of Eureka County. The requirements of budgetary increases for Indigent expenses are included in these budgeted expenditures.

The Landfill Fund will provide for the long term expansion, repairs and operation of the County Landfill. The county has allocated \$.05 of the current tax rate to this fund. The General Fund will also transfer \$1,000,000 to this fund in order to keep the landfill operating at full capacity and to help purchase a piece of heavy duty equipment. The ending fund balance is projected to be \$898,483.

Since the creation of Eureka County in 1873, it has had a repetitive history of boom and bust cycles. The basic intent of all ending fund balances for Eureka County entities is for the long-term benefit of the Eureka County citizens and businesses. The long term financial management of Eureka County also significantly benefits the State of Nevada funds since Eureka County exports 60% of Net Proceeds of Mines revenues, Eureka County exports over 5,000 mining related jobs, and Eureka County is an exporter of sales tax to the State of Nevada.
