Nevada Department of Taxation
1550 East College Parkway, Suite 115
Carson City, Nevada 89706

The City of Las Vegas, Nevada, herewith submits the Final Budget for the Fiscal Year Ending June 30, 2021.

This budget contains two funds requiring property tax revenues totaling \$121,580,000.

The property tax rates computed herein are based on preliminary data. If the final state computed revenue limitation permits, the tax rate could be increased by an amount not to exceed legally authorized limit. If the final computation requires, the tax rate will be lowered.

The budget contains 27 governmental funds with estimated expenditures of \$1,163,776,445 and 14 proprietary funds with estimated expenses of \$282,792,566.

Copies of this budget have been filed for public record and inspection in the offices enumerated in NRS 354.596 (Local Government Budget Act).

CERTIFICATION

I Scott D. Adams
City Manager

certify that all applicable funds and financial operations of this Local Government are listed herein.

June 1, 2020

Honorable Carolyn G. Goodman, Mayor
Honorable City Council
City of Las Vegas, Nevada

To the Mayor, Council, Residents, and Stakeholders of Las Vegas:

I am pleased to present the City of Las Vegas' Final Budget for fiscal year 2021. This document represents the city's proposed spending plan and is prepared in conformance with Chapter 354 of the Nevada Revised Statutes.

The City of Las Vegas fiscal year 2021 budget process began in December 2019 with a review of past revenue trends and what would drive them in the future. Estimating our revenue is the first important step in determining the expense structure for the next fiscal year's budget as it determines what can be spent on City services and development. In January of 2020, City management met with a Financial Advisory Committee comprised of business leaders and economists in the Las Vegas community to confirm revenue expectations for the current fiscal year of 2020 and the future expectation in fiscal year 2021. Both the Financial Advisory Committee and City were in agreement at this January meeting that fiscal year 2020 revenue was on track to be \$17.6 million higher than budgeted and \$23.2 million higher than fiscal year 2019 audited revenue numbers. Furthermore, fiscal year 2021 revenues would continue to increase by approximately another 2.4% over the fiscal year 2020 projections. In summary, the view of revenues for the current fiscal year and the budget fiscal year, in January, projected steady growth and looked to be sufficient to fund current City services and contribute to funding new initiatives.

During the period from February 20 – 24, departments within the City presented their budget requests for fiscal year 2021 to the City Manager Team for consideration. On March 5, the first COVID-19 case was confirmed in Nevada as City Management assembled to discuss the department budget presentations and how they fit with revenue projections. The meetings the week of March 5 turned from being one of department budget reviews to a focus of response and fiscal impact from this new threat facing the United States, Nevada and the City of Las Vegas. On March 12, Nevada Governor Steve Sisolak issued a State of Emergency for Nevada in response to the COVID-19 threat. Furthermore, on March 17, the Governor issued a declaration closing all non-essential businesses on March 18 at noon which included the gaming and hospitality industry in Nevada. This shutdown, originally issued for 30 days, would extend into May and June for most businesses deemed non-essential.

The gravity of the impact in relation to the COVID-19 pandemic became very clear as businesses closed and a revenue loss assessment was performed by the City. On March 26, departments were issued a directive to prepare plans to cut their budgets. The directive was a 10% reduction for Public Safety departments and 20% reduction for non-public safety departments. Along with this directive, departments were instructed to focus on major priorities related to the COVID-19 response including:

- Health and safety of the City's residents, businesses and other stakeholders.
- Health and safety of City employees.
- Maintain essential operations.

In addition to the request for department expenditure decrements, there were several other steps taken by the City to address the COVID-19 pandemic both from a financial perspective as well as looking at support for the community as the city endured the impact of the virus. Some of the major actions taken included:

Community Support

- Formed an internal COVID-19 response team.
- Opened the City's Emergency Operations Center for logistical support.
- Enhanced sanitation protocols were introduced at all City facilities.
- A daycare option for front line workers was introduced.
- Worked with Clark County to open an isolation and quarantine center (ISO-Q) at Cashman Field.
- Identified available Federal and State grants to assist with funding the City's response to the virus.
- Set up a customer service and payment center to assist in answering the community's questions relating to the virus as well as giving customers a one-stop center to make payments to the City.
- Deferred payments and waived penalties for residents and businesses.
- Developed plans to assist businesses with re-opening.

Financial Actions

- Identified essential and non-essential employees.
- Furloughed non-essential employees.
- Implemented an immediate hiring freeze.
- Began concession bargaining with the City's represented employees.
- An immediate halt to non-essential spending on expenses such as travel, consulting, and employee education was directed for the remainder of fiscal year 2020.
- Reviewed contracts to determine those that could be renegotiated or terminated.
- Identified available Federal and State grant funding opportunities.

On April 15, the City was required to file a tentative fiscal year 2021 budget with the State of Nevada as required by State law. Given the magnitude and evolving nature of the response to the COVID-19 impacts, the City was still assessing community needs, revenue impacts and necessary cost cutting measures at the time of the tentative filing. The tentative budget reflected our assessment at the time of filing on April 15, but there was knowledge that it would evolve into a much different final budget as all evaluations were completed and revenue losses became clearer.

The Federal government enacted the over \$2 trillion Coronavirus Aid, Relief and Economic Security Act (CARES Act) on March 27, 2020 which provided fast and direct economic assistance for American workers, families and small businesses. Also included in the CARES Act was a provision for a \$150 billion direct allocation to state and local governments for dealing with the public health and economic impacts of COVID-19. The State of Nevada was allocated \$1.25 billion from the state and local government allocation under the CARES Act. The CARES Act made 45% of the per capita amount available as a direct allocation to cities and local government entities with a population of 500,000 or more. The City of Las Vegas filed a certification requesting direct allocation on April 13 and received an allocation of \$118.9 million on April 22. Clark County also received an allocation of \$295.0 million which was 45% of the per capita amount based on population of Clark County less the population of the City of Las Vegas. The remaining \$836.1 million went to the State government of Nevada.

The allocations to state and local governments under the CARES Act are not allowed to be used for revenue replacement. The funds received are to be used for dealing with the public health and economic impacts of COVID-19 as defined by the Federal government. The departments in the City provided by May 2 revised budgets including proposed decrements. An evaluation of allowable uses of CARES Act funds awarded to the City was taken into consideration and department budgets were revised to include consideration of reimbursements.

On May 9, these revised department budgets were finalized for a May 12 workshop with City Council. The budget workshop was to present the effects and reaction to the COVID-19 pandemic, but also confirm with City Council that their priorities were being met.

The City Council met on February 26, 2020 to identify and develop new strategic priorities for the City, revising current priorities to be adopted in its Citywide Comprehensive Strategic Plan. This Plan guides the budget process and prioritizes where City dollars are spent. Council determined that the following themes would comprise the Citywide Comprehensive Strategic Plan over the next three to five years:

1. Public Safety

- a. Implement crime preventive strategies through the development of public trust and community policing programs.
- b. Increase level of safety and satisfaction with law enforcement, fire and medical, and judicial services by improving quality of life for our residents, businesses, and visitors through crime reduction.
- c. Address nuisance impacts to businesses and neighborhoods through increased homelessness mitigation efforts.
- d. Develop multi-disciplinary human services to support the public safety system.

2. Healthcare

- a. Expand health care services, mental health, and substance abuse services for at-risk populations, including the homeless.
- b. Develop a stronger public health system through public/private partnerships that support the health and wellbeing of the community.
- c. Accelerate development of the Medical District to provide reliable access to medical services consistently throughout the community.
- d. Support efforts to improve technical and higher education in the healthcare field.
- e. Foster the environment for employment opportunities for healthcare professionals in the community (UNLV Medical School).

3. Diversify Economy

- a. Incentivize private investment to increase business development and housing options.
- b. Support education from Pre-K through workforce development to prepare for the increasing needs in the high-demand labor markets.
- c. Evaluate zoning and licensing restrictions to allow for new types of business development.
- d. Continue to push for development of major areas in the undeveloped portion of the City to accommodate large scale business development.

After the budget workshop with City Council, the budget was finalized for approval at a final budget hearing held on May 20. The City filed the City Council approved final budget on June 1 with the State of Nevada as required by State law.

Final Budget Highlights

The city is submitting a \$1.5 billion fiscal year 2021 budget across all funds. The budget responds to impacts of COVID-19, Council priorities, our citizen survey, and use of the Federal CARES Act funding. The budget represents the application of city policies, especially its fiscal and budget policies. The policies provide guidance in sustaining the fiscal integrity and viability of the city. As a management tool, the budget outlines operating programs and related activities, equipment, and facilities necessary to conduct those programs. The budget represents our financial plan, so the citizens of the community can be informed of the city's fiscal condition and its focus for the coming year.

General Fund

The revenue base for the City, like other local governments and the State of Nevada, significantly relies on tourism and gaming. With substantial reduction in economic activity, we are seeing an unprecedented decline in Consolidated Tax (or C-Tax), the major revenue source for the General Fund, as well as the other revenue sources related to an “open for business” and fully operating City. There is uncertainty in how long this pandemic may last and how quickly C-Tax and other economically sensitive revenue sources will return to pre-pandemic levels. The difference in revenue expectations between January 2020 and the final budget submitted (not including transfers) was an unprecedented decline of approximately \$180 million. The fiscal year 2021 budget focuses on delivering the service levels expected by our citizens within the City’s extreme budgetary constraints due to COVID-19.

In response to the projected reduction in revenue, departments were directed to reduce operating costs from fiscal year 2020 levels by 10% for public safety departments and 20% for non-public safety departments in an effort to balance the budget. The result was a \$56.0 million cut in general fund expenditures for fiscal year 2021 budgets. In anticipation of an economic slowdown, 86 positions were held vacant in fiscal year 2019. These positions along with an additional 168 vacant positions in fiscal year 2020 were either eliminated or unfunded as part of the fiscal year 2021 budget, for a total reduction of 254 funded positions. The reductions included:

- Wage and benefit savings from frozen positions totaling \$12.9 million.
- Reduced overtime and hourly budgets in the amount of \$13.1 million.
- Positions transferred to other funds and funded with alternative revenue sources totaled \$6.0 million.
- Service and supply budgets were reduced by \$9.0 million.
- The City’s portion of cost related to the Las Vegas Metropolitan Police Department was reduced by \$15.0 million through a cooperative effort realizing the impact COVID-19 would have on revenues.

The City was in labor negotiations with its collective bargaining units representing a majority of the workforces during the budget process. One year collective bargaining agreements with the Las Vegas City Employee’s Association and the International Association of Fire Fighters provide for one-time payments in fiscal year 2021 in place of ongoing cost of living increases. While savings will not be realized from this settlement in fiscal year 2021, the City does expect in future years to realize savings with cost of living increases calculated on a lower base and labor cost not compounding as quickly. Agreements with the City’s Police Protective Association and Las Vegas Police Officers Association are at an impasse.

There were some departments in the General Fund that did require budget expansion due to contractual agreements or unavoidable conditions. These approved budget expansions amounted to \$3.8 million with \$1.2 million being related to contractual obligations and \$1.9 million appropriated for the continued development and management of the City’s Homeless Courtyard. In addition, legal expenses related to the Badlands golf course litigation continue to mount and \$500 thousand was appropriated for the City’s defense in fiscal year 2021. There were small amounts approved related to the participation required in the 2021 legislative session and administrative management of the Mayor’s Fund.

As a result of the expense reductions and additions, the final approved expenditure budget for the General Fund (exclusive of transfers) is \$550.6 million. This compares to fiscal year 2020 budget \$586.0 million and projected expenditures against this budget of \$574.1 million. Expenditures lower than budgeted for fiscal year 2020 are a direct result of immediate cost saving measures put in place. Actual expenditures were \$543.0 million in fiscal year 2019 not including fund transfers.

Special Revenue Funds

The special revenue fund budgets including transfers to other funds total \$156.9 million. Two new funds, the CARES Act Special Revenue Fund and the Fiscal Stabilization Special Revenue Fund, were set up directly as a result of COVID-19 and the need to manage funds appropriated to the City and to be financially flexible as the virus’s effects are felt.

In addition, the Special Revenue Funds are used to manage grant funding which has increased since the pandemic with additional funds being received under the CARES Act for funding housing and personal protective equipment.

CARES Act Special Revenue Fund

The Federal government enacted the over \$2 trillion Coronavirus Aid, Relief and Economic Security Act (CARES Act) on March 27, 2020 which provided fast and direct economic assistance for American workers, families and small businesses. Also included in the CARES Act was a provision for a \$150 billion direct allocation to state and local governments for dealing with the public health and economic impacts of COVID-19. The City of Las Vegas received a direct allocation of \$118.9 million on April 22. The CARES Act Special Revenue Fund was created to manage the receipt and expending of the allocated funds in accordance with Federal directives on allowable uses. Under the CARES Act, distributed funds cannot be used to replace the approximately \$180.0 million in lost revenue expected in fiscal years 2020 and 2021. During the budgeting process, it was projected that all of the received \$118.9 million would be used prior the end of fiscal year 2020 with \$107.0 million being transferred to the General Fund and \$2.0 million to Emergency Management in the Special Revenue Funds as reimbursement for allowable expenditures. The City's spending schedule for the \$118.9 million allocation received included:

- | | |
|------------------------------------------------------------------------------------|---------|
| ○ Public safety payroll | \$97.2M |
| ○ Non-public safety payroll deployed on COVID-19 mitigation and management efforts | \$ 9.8M |
| ○ Facility improvements related to COVID-19 | \$ 3.0M |
| ○ Personal protective equipment | \$ 0.5M |
| ○ Virus testing | \$ 1.0M |
| ○ Cashman Isolation and Quarantine Facility | \$ 2.0M |
| ○ Other allowable COVID-19 expenditures including business support | \$ 5.4M |

Fiscal Stabilization Special Revenue Fund

There is uncertainty in how long the COVID-19 pandemic may last and how quickly C-Tax and other economically sensitive revenue sources will return to pre-pandemic levels. In response to COVID-19, we deferred capital projects not under contract and reviewed all fund balances based on five-year projections and transferred funds into the new Fiscal Stabilization Special Revenue Fund. This fund was established in fiscal year 2020 with excess fund balances (cash) from Capital Funds (\$5.0 million) and Internal Service Funds (\$16.0 million). With expenditure cuts and grant revenue, we were able to maintain the 20% fund balance policy for the General Fund, therefore we are projecting an additional \$66.0 million in General Fund excess ending fund balance to be transferred into this fund. The new fund is to provide for the stabilization of operations during periods of economic downturn or for the mitigation of the effects of disasters. This fund will help cover revenue shortfalls and fund operations in fiscal year 2021 and fiscal year 2022. In fiscal year 2021, the General Fund is projected to need \$32.5 million in Fiscal Stabilization Fund transfers to maintain essential services and provide for a balanced budget. The city will dedicate 0.1% of its property tax revenue to the Fiscal Stabilization Fund as part of its commitment to sound financial planning.

Other Special Revenue Funds

The Special Revenue Funds are set up to manage revenue received for specific purposes. The receipts of special revenues will need to be monitored for economic impact as fiscal year 2021 progresses. Many of these funds have contractual obligations and some have debt service requirements. There may be a need to provide support from the Fiscal Stabilization Fund or General Fund should severe economic impact on revenues materialize.

Special Revenue Funds are set up to manage the expending of grant funds given to the City. This insures funds are spent only for the purposes the grants were given. As a result of the CARES Act, the City did

receive some enhanced awards that will allow for continued relief efforts in the community resulting from the effects of the virus. These enhanced awards include:

- Department of Justice Coronavirus Emergency Supplemental Funding Program \$1,485,666
- Community Development Block Grant Emergency Funding \$3,082,302
- Emergency Solutions Grant Emergency Funding \$1,537,579
- Housing Opportunities for Persons With Aids Emergency Funding \$ 280,792

Capital Projects Funds

The capital projects funds have a budget of \$484.4 million including fund transfers. Approximately 60%, or \$295 million, of the capital budget relates to traffic improvements; road construction/maintenance and flood control. Major projects include improvements along Las Vegas Boulevard between Stewart and Sahara, the new courthouse and Special Improvement Districts.

Enterprise Funds

The enterprise funds budgets total \$140.2 million. Enterprise funds operate very much like a business relying on revenues to fund the expense structure and fund any capital needs. In addition, three funds have debt associated with their operations and include the Sanitation, Parking and Golf Course Enterprise Funds. With the exception of the Parking Enterprise Fund, all Enterprise Funds currently look prepared to meet operating expenses and all obligations with projected revenues taking into account COVID-19 impacts.

Parking Enterprise Fund

Revenues in the Parking Enterprise Fund are being heavily impacted by a decrease in tourism and workers downtown using garages, parking meters and parking lots. Special event parking revenue and parking ticket revenues are also severely affected. The Parking Enterprise Fund will be monitored for an efficient cost structure to closely match the revenue stream and the fund will also be supported by contributions from the General Fund or Fiscal Stabilization Fund if necessary while the effects of the pandemic persist.

Sanitation Enterprise Fund

The city is beginning a sanitation rate study in fiscal year 2020 to evaluate the current rate structure for sanitation services. The study is looking at the cost of running the operations as well as reaffirming the rate structure includes the needed capital investment over time to insure the sustainability of the City's sanitation system.

The city has capital outlay plans with a cost of \$65.0 million continuing into fiscal year 2021 in the Sanitation Enterprise Fund. The two largest projects planned include \$30.5 million for repair and replacement of sewer lines and \$12.5 million to replace and upgrade equipment at the city's Water Pollution Control Facility, such as rehabilitation of anaerobic sludge digesters and improvements to our biological nutrient removal and de-chlorination processes.

Building and Safety Enterprise Fund

Focus of the staff is to continue to provide permitting and inspection services to our construction partners and the citizens of the City of Las Vegas. With the fully integrated electronic plans review system, permit applications and permit issuance is available to customers 24/7/365. In addition, the video inspection program is being utilized to assist customers during COVID-19 with in-dwelling inspections with a lower risk to both out field inspection team and our citizens.

Guiding Principles and Fiscal and Budget Policies

The needs generated from ongoing programs, and those expanded through the strategic planning process are developed subject to the Council's approval and the City's adopted fiscal and budget policies. Fiscal policies are strategies employed to provide the city with long-term guidance in the wise and prudent management of its resources. These policies tend to focus on common precepts and practices that are synonymous with good fiscal management. Budget policies are usually more immediate in nature and are considered "in addition to" fiscal policies. They typically provide guidance more specific to the current economic condition of the city.

Some of the more significant budget policies include the following:

- **Budgets**
 - Budgets will be developed based on historical trending adjusted for specific needs.
 - Appropriations for ongoing expenditures will not exceed ongoing revenues.
 - Budgets will be reflected at full expected cost of personnel costs.
 - Budget evaluations will consider current and subsequent year impact.
 - New programs will be funded (1) from fees, (2) from efficiencies and (3) from general revenues.
 - Opportunities will be sought to improve performance through technology.
- **Positions and personnel**
 - Vacant positions shall be evaluated and re-justified.
 - All positions will be funded at a discount taking into consideration any vacancy trends.
 - Savings from vacancies will be used to fund one-time costs or replenish fund balance.
- **Capital**
 - Interest earnings from selected funds shall be dedicated to one-time capital needs.
 - Bonds will only be considered for capital needs where (a) there is a valid 5-year capital improvement plan (CIP) and (b) it is determined that the city can absorb the operating costs of the new facility in its operating budget.
 - Major capital acquisitions will be identified and listed in the CIP for the next five years and will project annual operating costs to be funded from the General Fund in future years.
- **Revenues**
 - Barring extraordinary events, the city shall self-impose a property tax limit based on the fiscal year 1999 variance between the actual tax levied and the maximum allowed levy; that is, the city will not raise taxes beyond a self-imposed limit that is 11.2 cents per \$100 below the allowable State imposed limit.
 - One-time revenues will only be used for one-time expenses.
 - Fees and charges will be increased, where appropriate, to reflect increased cost in operations, including inflation and increased mandates.
 - Public/public or public/private partnerships will be sought to enhance funding.
- **Fund balance and reserves**
 - The General Fund ending fund balance should equal **at least** 20% of operating expenditures.
 - Ending cash balances for internal service funds (ISFs) should not exceed 10% of prior year's expenditures for operations, and 25% for capital acquisitions with the exception of the following:
 - Reimbursable Expense ISF which requires one month of expense.
 - Automotive Operations ISF requires 10% of prior year's operating expenditures plus two years of projected capital.
 - Employee Benefits ISF requires 10% of prior year's expenditures plus two times the average workers' compensation payouts over the last five years.

- Liability & Property Damage ISF requires 10% of prior year's expenditures plus two times the average of the last five years' claims paid.
- Excess revenues over expenditures may be programmed only after considering:
 - Adequacy of General Fund reserve levels.
 - Unfunded long-term liabilities.
 - Capital priorities that lack sufficient dedicated funding sources.
 - Operational expenditures such as employee compensation, benefits, infrastructure maintenance and new programs may only be considered if excess revenue is sustainable.

I want to express my appreciation to the City Council, the city manager's team, all city departments and to the Director and staff of the Finance Department for their efforts in preparing this budget.

The city's management team, "Team Las Vegas," continues to be committed to improving customer service, improving the efficiency of city operations and improving the quality of city services. We will continue to be financially conservative in the execution of this budget as we strive to meet the City Council's priorities. We will also stay in-tune with the economy and our citizens to ensure we are meeting community needs. I believe this budget advocates this philosophy along with the strategic direction from the City Council and creates a sound expenditure plan for the upcoming year.

Sincerely,

Scott D. Adams
City Manager
